COULD NOT BEAT THE CHAMPS

TORONTO DROPS A SECOND GAME TO DETROIT.

London Gives the Bisons a Sound Thrashing—Hamilton Wins a Pretty Game from Saginaw—Toledo Wins a Game—A Score of Baseball Matches—Toronto Cup Entries—Declarations for May Events.

Toronto	2	Buffalo	4	Hamilton	6
Detroit	7	London	17	S-Bay City	1

Five hundred persons sat through an interesting game yesterday between Toronto and Detroit. Like the opening day, the sun shone brightly but the air was chilly. Another coincidence was Toronto's temporary lead. Yesterday it was short but sweet—only a half inning.

Maddock's men filled the bases in the first, after two men retired, but Coleman's high fly was taken by Wells when a home-run would have made four tallies. A two-bagger and a sacrifice sent Wheelock to third with but one man out in the visitors' half of the first, but Serad's quick fielding of Banning's hot grounder retired Dusty Bob at the plate. Campau flew out to Bottenus and no runs were made. It was in the third that Bottenus corking double, Wood's base on balls, Connor's safe hit and McLaughlin's hit by pitcher forced in a run. Wheelock opened Detroit's part of the same inning with a safe hit. Higgins' grounder to short gave Ike a splendid chance to start a double play but he preferred to fumble. A base on balls, hits by Campau and Hulin and Virtue's sacrifice gave the champions three runs and an insurmountable lead. Toronto's run in the fifth came from Wheelock's fumble and hits by Connors and Coleman. The visitors made sure of victory in the seventh by getting one earned and three unearned runs.

Shortstop Ike made two fumbles yesterday owing to over anxiety to field quickly. Now The World believes that this infielder will be a valuable man when he comes to himself. One thing is certain he understands much more of the game than the youths in the grand stand who persisted in hissing his unfortunate errors. The visitors won because they hit a little harder—just a little—and also fielded somewhat more sharply. The score:

Cricket Slips.

Several members of the Toronto club will put in a good practice on the Bloor-street grounds this afternoon.

The Torontos first match takes place May 10, their opponents being the Rosedale eleven. Their second game is with Osgoode Hall May 17.

Toronto will have three teams in the field May 24, opposing Ottawa at Ottawa, Trinity University at Trinity and Brampton at the beautiful Bloor-street grounds.

Mr. Saunders' English team want to play matches in Hamilton, Montreal, Ottawa, Toronto, Peterboro and London during the latter half of the month of August.

The first match played by the Rosedale Cricket Club will take place this afternoon at 2 o'clock sharp, when a selected eleven of the club will play the next twenty-two, or as many more as turn up.

At a committee meeting of the Toronto club yesterday it was unanimously decided to offer the Englishmen $200 for a match in Toronto and it is to be hoped that the Ontario Cricket Association will arrange a match with the visitors to be played on the Toronto grounds, which will be given for a game against a strong Canadian team. Toronto cricketers wish that the other places above-mentioned will take an active part in the Englishmen's entertainment.

At "Headquarters."

Mr. Fred Mossop is now fully installed at "Headquarters," and has gone to a good deal of trouble and expense in making it comfortable for his friends and patrons. "Headquarters," as its name indicates, will always be a popular Toronto resort. 246

Woodbine Whispers.

Nearly all of the horses were working at the Woodbine yesterday morning between six and nine o'clock. Colonist and Waterford went a fast half mile, as also did Rose Maybud, and in a way that delighted her supporters for the Queen's Plate.

The sodding is going on vigorously, the painters have nearly completed their job, and the whitewashers start on Monday. Considering the wet weather we have been enjoying the track is in excellent condition and worthy of the commendation extended it by Trainer Peakes.

Repeater did strong work, gliding over the course in his own peculiar and beautiful style. Dublin with a steeplechase jock on him did a fairly fast half mile. His head was kept in by two side reins attached to the girth, and even with that assistance it was all his rider could do to hold him in. Another cantankerous one that was on the course was Dr. Smith's Chaplet, well-ridden by Wise, and Charley Phair was on the scatter-brained Vesper Bell.

Mr. William Hendrie of Hamilton visited the Woodbine tr ck yesterday and expressed himself as thoroughly satisfied with the improvements.

Gossip of the Turf.

The great sire of trotters, Forest Mambrino, is advertised to be at the Commercial Hotel stables every Monday and Friday.

Mr. George H. Hastings of Deer Park has the recently imported stallion, Young Nobleman, who is said to be the first of the pure strain imported into this country. Young Nobleman is of the purest strain of the Norfolk roadsters. He is a beautiful dapple brown, bred in 1884 by William Dunning, Esq., of Southreppo, Norfolk, and stands 15.3 and weighs nearly 1400 lbs. His pedigree is a very rich one, his sire being the celebrated brown horse, Confidence, son of Mr. Tice's Prickwillow, out of a trotting mare by Mr. Jacobs' Highflier, who was sold for 1000 guineas. It is Mr. Hasting's intention to stand Young Nobleman the coming season, at "The Pines," Deer Park, in this city, for a limited number of mares.

It was resolved that all standing committees send in what salaries of subordinates under their control which, in their opinion, ought to be increased. The Markets and License Committee's recommendations already in were concurred in this extent:

Three Years for Petty Larceny.

A heavy sentence was that of James Douglas, aged 20, who was sent to the Penitentiary for three years in Judge MacDougall's court yesterday for having stolen four bottles of pickles from Frederick Denby, Trenalay-street. He pleaded not guilty but a conviction was obtained. The sentence would probably not have been so heavy but for the bad record of the prisoner, who has already served several terms and who was discharged from the Central Prison a month ago.

Robert Porter, a boy, charged with striking his father on the head with a smoothing-iron, was discharged. David Mason was remanded until June 4. He was charged with non-support of his family. William Morrison, who has a bad record as a thief was sent to the Central Prison for two years for having stolen a pair of wheels from William Martin's push cart. For breaking into Patrick Burns' coal and wood office in Bathurst-street and stealing various articles therefrom, and on the strength of three previous convictions, William Kinsella and John Trahey received one year each in the Central Prison.

Out of Sorts.—Symptoms, headache, loss of appetite, furred tongue and general indisposition. These symptoms if neglected develop into acute disease. It is a trite saying that an ounce of prevention is worth a pound of cure, and a little attention at this point may save months of sickness and large doctor's bills. For this complaint take from two to three of Parmelee's Vegetable Pills on going to bed, and one or two for three nights in succession and a cure will be effected.

Nineteen New Members for St. George's Society.

Phillips, John Knifton, William Oldberry, Frederick Sole, Alfred G. Hann, Charles J. Thorley, James Barber, James D. Young, Isaac T. Lewis, Charles Meech, H. Rundle. Secretary Pell reported that 915 shares had been taken in St. George's Hall stock, and in a short time the company will be organised. As soon as the building strike is over the hall will be commenced on Elm-street. A past-president's medal was awarded to Mr. W. E. Wellington and thanks for his services in the chair last year.

Poison the fountain and the stream is impure; poison the blood, and its taint is carried through the entire system—those innumerable veins and arteries carry disease and death instead of life and vitality. As a result you have headache, scrofula, dyspepsia, kidney disease, liver complaint and general debility. An inactive liver means poisoned blood; constipation means poisoned blood; kidney disorder means poisoned blood. The great antidote for impure blood is Dr. Pierce's Golden Medical Discovery. Acting directly upon the affected organs, restores them to their normal condition. "A word to the wise is sufficient." The "Discovery" is guaranteed to cure in all cases of disease for which it is recommended, or money paid for it will be promptly refunded.

WITH A BABY IN HER ARMS.

Annie Cronk in Search of Her Worthless Husband—Ambitious City Notes.

HAMILTON, May 2.—A pale-faced, sunken-eyed woman, scarcely more than a girl, dressed in faded garments and her whole appearance denoting an extreme of abject poverty, walked into Mayor McLellan's office this morning. In her arms she carried a sickly-looking little child, which was munching greedily at a biscuit, crying fretfully meantime. She said the Rochester poormaster sent her and that she was looking for her husband, who deserted her ten months ago. She heard that he was working in Napanee. The Mayor passed her to Toronto.

The number of strikers who are leaving the city is increasing daily. No less than 20 laborers left yesterday, and it is expected that 50, for whom situations have been found, will leave early next week.

At the Trades and Labor Council last evening a lively discussion took place with respect to Contractor Hardie and the new Globe building. One of the delegates referred to what he characterised as a sharp practice on the part of Hardie and The Globe proprietors by which a unionist who had a subcontract was induced to abandon his contract for $50. The Globe proprietors, the City Council, and Mr. Hardie all came in for considerable criticism.

Burned in Her Bed.

QUEBEC, May 2.—A fatal catastrophe has just occurred in St. George Beauce. Peschal Nadeau was working at sugar-making in company with his daughter, aged 14, and a boy aged 15. During the night while they were asleep fire started in the stable attached to the sugar cabin. The horse got away after being nearly roasted alive. The father awakening in a half-stifled condition caught up the boy, who was sleeping in the same bed, under his arm and then went over to another couch and carried out the bed clothes, thinking it was his daughter. When he got outside he perceived his mistake, but it was too late as the roof of the sugar-house had fallen in and the girl was burned to death.

Caught Just Above a Ripple.

HAMILTON, May 2.—Those who assisted in opening the trout season yesterday report a splendid catch. Joe Gates took out a select party to a quiet little nook of his own where they had great luck and returned with over 600 fish ranging from 1½ pounds downwards. (These are not Joe's statistics). The party consisted of D. R. Dewey, Thomas Hood, A. E. Dalley and J. W. Leslie. Mr. Leslie is a veteran angler and he says that he never had such sport. Joe Gates got about 200, Mr. Dalley 150 and Mr. Leslie 100. The name of the locality is locked in the breasts of the successful Ike Waltons and they won't give it up.
