TO UNSEAT MACDONALD.

The Motion Adjourned—Yesterday's Doings at Osgoode Hall.

Yesterday was the day on which the motion to unseat Ald. E. A. Macdonald was made returnable, and Robt. Long, the relator, secured from the Master-in-Chambers a week's adjournment. W. H. Wallbridge unavailingly sought to have the motion quashed forthwith. He read an affidavit made by the alderman, stating that he is a tenant of a portion of the Freehold Loan Building on which he was assessed for $2000 in 1895, and for $6000 in 1896. Mr. Wallbridge contended that this constituted a sufficient qualification.

The court was yesterday asked to unseat Councillor Alf. Alexander of Napanee for insufficient property qualification.

Mr. Justice Falconbridge yesterday afternoon visited the Princess laundry in Parliament-street in the suit of Robert Thompson versus Mrs. Green, proprietress of the laundry, and Geo. Clarke, her landlord, in which the plaintiff, who owns a house next to the laundry seeks to have Mrs. Green cease the alleged nuisance caused by the noise of the laundry machinery. The case was finally settled out of court, the defendant agreeing to lease No. 451 Parliament-street, Thompson's house.

Some years ago David Kilby, a pedlar, was convicted under the pedlars' by-law for peddling without a license. As the by-law has been declared invalid Kilby is asking that his conviction be quashed.

Mr. Walsh and E. J. Musson were yesterday sued by the Scottish American Investment Company on a mortgage for $9504.

Police Sergeant Edward Archer and P.C. Joseph Jenkinson are defendants in an action brought by John F. Harrison for $5000 for alleged assault, illegal arrest and bodily injuries. Harrison says that on June 8 last, when he went to the Wilton-avenue police station to lay information regarding his horse, which had been stolen, these officers attacked him, accused him of being drunk, broke his leg and brought him up in the Police Court, the Magistrate discharging him.

To-Day's Peremptory Lists.

The Conductors on a Side Track.

Railway men are proverbially quick to detect fraud, and no less so to discover merit. Regarding the New Lung Remedy

Conductor Thomas Wheatley of Petrolea, Ont., well-known to the travelling community, speaks as follows: "My wife was a sufferer from bronchitis for years, all remedies failing. Pinemalt and Hypophospites proved the royal remedy in her case."

Conductor Salem F. Smith, G.T.R., St. Thomas, Ont., is about as well-known as the Grand Trunk. These are his words: "Pinemalt is the talk all along my run. For coughs and colds it is the favorite. It is so in my own family. The children like it. It sticks tracks a cold with surprising quickness. No use talking, Pinemalt tops them all."

Pinemalt has now become the fashionable remedy of the day for colds, la grippe, asthma, hoarseness, and all bronchial and lung ailments. Instead of plain Pinemalt use Pinemalt and Hypophosphites in chronic cases and in consumption. Sold by all druggists.

Found Dead in Bed at Weston.

John McMullen, railroader, of Little York, aged 29 years, was found dead in his bed yesterday morning at his father's house in Weston. McMullin, who suffered from heart trouble, had one of his toes crushed last fall while working on the railway, and had to undergo two operations at the Toronto hospital. He reached home again, only to die.

Severe Headache Cured.

Dear Sirs,—I had severe headache for the past two years and used all kinds of medicine without finding a cure until I tried Burdock Blood Bitters, when relief and cure quickly followed. I think there is no better medicine in the world. MISS MINNIE DRYSDALE, Berlin, Ont. 246

Will Hold Night Sessions.

York Township Solicitor Werritt stated yesterday that Referee Cartwright of the Township v. Humberstone case, to push the matter to a speedy termination, had arranged for night sessions.

McIntyre & Wardwell send the following despatch to their branch office in Toronto:

This afternoon's market has been dull and very strong. One of the incidents of to-day was the sale of 5000 shares of St. Paul by J. W. Davis & Co. This block was probably long stock and for investment account. The buying of Sugar is again attributed to rumors that there will be an extra dividend, and that the stock will sell at 120. The Missouri Pacific report is now being made up. It is expected to be a very poor one. An important feature of the situation is the weakness of exchange, demand bills being offered at 4.87½ on drawings against securities and slackness of inquiry. The pressure to withdraw European capital has certainly abated since the bond issue, and some of it is again seeking investment here.

CHICAGO GOSSIP.

Henry A. King & Co., 12 King-street east, received the following despatch to-day from Chicago:

The speculative market opened up ⅜c higher this morning on better European cables, Liverpool quoting wheat ½d higher. The Northwestern receipts were not very large, 950 cars reported for three days, against 592 cars a year ago. On the announcement of the visible supply, showing a decrease of 915,000 bush, further buying took place, rallying the market to 66c. Around this price several big short lines were put out, which checked the advance very quickly, the closing showing a gain over last Friday of 1c. The shipments from Argentine the last week were very liberal, 560,000 bush, to United Kingdom, and about 400,000 bush to the continent. A good many outside buying orders were noticeable to-day, which looks as if that element are again becoming interested in our market. The selling was mainly local.

Corn—There was a good trade reported in corn, and the range covered about ⅞c. There was quite a little activity at the start, and the market became quite firm, showing a gain over Friday's close of ½c. The feeling developed was firmer and the market held strong up to the close. Cash demand reported better.

Provisions—A fairly good speculative trade was reported in the market for hog products, but the feeling was unsettled and prices irregular, averaging lower on all the leading descriptions. The receipts were more liberal than anticipated and prices ruled lower, May pork selling at $9.02. The markets closed fairly steady.

McIntyre & Wardwell (John J. Dixon) received the following despatch to-day from their branch office in Chicago:

An unexpected advance of ½ to ⅝d in Liverpool caused our market to open firm, half a cent higher. Local shorts commenced buying at once, and before their demands were satisfied the price went up another cent. At 63c there seemed plenty for sale for the first time during the day, which resulted in a slight reaction near the close. New York reported forty loads for export, and here there was over 200,000 bushels No. 2 red bought for shipment. Of that amount 170,000 bush was said to be for export, but we think it was much more likely for some Eastern domestic point. The visible supply decreased more than expected, while the changes in the amount on passage and the English visible about offset each other. The bulls feel much encouraged at the action of to-day's market and for the present will probably continue giving it support.

Provisions—Receipts of 36,000 hogs, against expectations of about 30,000, caused more disposition to sell provisions and a lower market, as sustained increase in the hog receipts would undoubtedly not only check any advancing tendency but result in lower prices. From present advices and indications, however, we are inclined to regard the enlarged movement as only temporary, and therefore still feel like repeating our suggestions to buy on the weak spots around $10 for pork, $5.50 for lard and $5 for ribs. The Southern demand for meats is improving at Western packing points, and this is usually the forerunner of a better demand here.
