A PRAYER FOR ALLIANCE.

The Senate Chaplain at Washington Pronounces an Invocation for Queen Victoria.

Washington, May 24.—The Senate chaplain's invocation at the opening of the session to-day was a hymn of thanksgiving for the 80th birthday of "The Beloved Victoria, Queen of Great Britain."

The prayer concluded as follows:

"Knit the hearts of the two people who speak the English tongue more and more strongly together that we may work out the mighty problem of the highest civilization for the whole earth."

Cucumbers and melons are "forbidden fruit" to many persons so constituted that the least indulgence is followed by attacks of cholera, dysentery, griping, etc. Those persons are not aware that they can indulge to their heart's content if they have on hand a bottle of Dr. J. D. Kellog's Dysentery Cordial, a medicine that will give immediate relief and is a sure cure for dyspepsia, etc. ed

WHEAT PRICES SLUMPING

European Shortage Met by Large World's Shipments.

Futures All Declined Yesterday at Chicago—Lower Quotations from Liverpool and the Continent—Corn, Oats and Provisions Weaker—Gossip.

Tuesday Evening, May 24.

The wheat markets of the world showed further declines to-day. The ruling high prices have brought out such heavy shipments from exporting countries of late that the European shortage seems to have been largely made good, and consequently the back of the market is for the time being, at any rate, broken.

On the Chicago board, the cereal opened below yesterday's close, and the final figures showed the following losses for to-day's session: July 1½c, Sept. 1⅞c, Dec. 1¼c.

At Liverpool, spot declined 3d, July 1d, Sept. 2d and Dec. 1½d.

At Paris, the close was 10 to 15 centimes lower than yesterday, and at Antwerp 25 centimes lower.

This being a holiday, the Toronto board was closed.

Corn declined ⅜c to 1⅛c per bush at Chicago, and 1½d to 2d at Liverpool.

Oats fell 1⅛c to 1¼c per bush at Chicago.

Owing to the lack of general support, provisions were weak at Chicago. Pork fell 28c, lard 20c and ribs 15c.

Peas are ½d lower at Liverpool.

Lard is 3d lower at Liverpool.

White cheese rose 1s at Liverpool to-day.

Flour declined 9d at Liverpool to-day.

September wheat puts at Chicago 86⅛c, calls 86½c. July corn puts 33⅜c, calls 34⅛c.

Total clearances to-day: Wheat and flour, 664,000 bush; corn, 792,000 bush.

Live stock receipts at Chicago to-day: Cattle, 2550; hogs, 22,000.

Corrected Statistics.

According to the corrected estimates last week's world's shipments of wheat totalled 11,175,000 bush, against 10,157,000 bush the previous week, and 7,168,000 bush the corresponding week last year. These figures will be seen to have a bearish character, when it is remembered that the estimated weekly European requirements are placed at 7,250,000 bush.

According to Bradstreet's, the world's visible supply of wheat last week increased 2,900,000 bush, while corn decreased 2,486,000 bush, and oats 679,000 bush.

LOCAL LIVE STOCK.

The run of live stock at the Cattle Market to-day was not large, compared with last week's receipts—55 carloads, composed of 1200 cattle, 94 sheep, 1400 hogs and 35 calves. There was a large number of exporters offered; trade slow; prices lower, selling at $4 to $4.35, and only two loads brought the latter price, the bulk going at $4.12½ to $4.25 per cwt.

Butchers' cattle were not so plentiful; buyers from Montreal being on the market, as well as the local dealers, caused prices to be firm at Friday's quotations.

Loads of good butchers' and exporters, mixed, sold at $3.90 to $4.12½; choice picked lots of butchers' sold at $4 to $4.12½; loads of good, $3.80 to $3.90; medium, $3.65 to $3.75; common, $3.50 to $3.70; inferior, $3.12½ to $3.40; very inferior small bulls and rough cows at $3 to $3.20.

The demand for Buffalo stockers was as good, and prices still continue high, selling at $3.75 to $4 per cwt.

Heavy feeders are also in good demand, selling at $3.90 to $4.12½.

Milk cows sold at $25 to $40 each; offerings light.

Prices for calves unchanged, a few good veals wanted. Deliveries of sheep and lambs were light, prices unchanged. Spring lambs scarce and good ones would find a ready market. Deliveries of hogs were not heavy, only 1400, prices unchanged; market weak, with a downward tendency.

William Levack bought 130 cattle, mixed butchers' and exporters, at $3.60 to $4.12½ per cwt.

G. H. Waller bought six choice picked butchers' heifers, 1125 lbs. each, at $4.10.

East Buffalo Cattle Market.

East Buffalo, N.Y., May 24.—The market closed very dull and weak yesterday, especially for the heavy kind of steer cattle, and it was long after dark before the best heavy steers were sold. The fresh receipts to-day were light and there was a slow trade.

Stockers and Feeders—Receipts were heavy this week and included a large number of Canadians. Market was 15c to 25c lower. Good to best stock steers, $4.25 to $4.50; common to fair, $3.90 to $4.10; good to best feeders, $4.15 to $4.40, fair to good, $3.90 to $4.10; yearlings and stock calves, $4.50 to $4.85.

Hogs—Receipts light and the market barely steady. Good to choice yorkers, $4.25 to $4.30; fair to good light yorkers, $4.25 to $4.50; mixed packers' grades, $4.35 to $4.45; medium weights, $4.45 to $4.50; heavy hogs, nominal; roughs, $3.85 to $4; pigs, $3.65 to $3.90.

Sheep and Lambs—Receipts light. Market nominally unchanged, there being no very good to choice handy grades on sale. Native clipped lambs, choice to extra, $5.05 to $5.15; fair to good, $4.65 to $5; culls and common, $4.25 to $4.50; yearlings, fair mixed to choice wethers, $4 to $4.30. Native clipped sheep, choice to selected wethers, $4.25 to $4.30; good mixed sheep, $4 to $4.20; common to fair, $3.60 to $3.90; culls to common sheep, $3.25 to $3.50.

Chicago Gossip.

Henry A. King & Co., 12 King-street east, received the following despatch to-day from Chicago:

Wheat—The high prices and the consequent heavy shipments from important countries are beginning to make marked headway towards replenishing the depleted European stocks to fill these large imports and for the first time in quite a while are showing a downward tendency. Official total world's wheat shipments, according to the board last week, amounted to 11,175,000 bushels, against 10,157,000 bushels the week previous and 7,168,000 bushels last year. The weekly theoretical requirements of Europe are about 7¼ million bushels. These heavy shipments, representing largely, as they do, deliveries from first hands, are also having a telling effect on the world's available supply, which, according to Bradstreet's, increased last week 2,900,000 bushels, made up of an increase afloat and in Europe of 2,100,000 bushels and 800,000 east of the Rockies in this country. Clearances continue large, aggregating nearly 700,000 bushels for the day. New York wires, however, that foreigners have been moderate sellers in that market during the morning session. The market has been weak, but, like yesterday, the opening was so much lower than the previous close that bears were not inclined to be aggressive and there was more or less buying by the short interest. The feeling, however, was by no means firm, the character of the news comprising a decline of 2d on spot and 1d to 2d on futures in Liverpool, from 10 centimes to 25 centimes in the Continental markets, large world's shipments, the increase in the available supply, advices from Paris that the French want favorable weather, being such as to discourage buying for long accounts. The Chicago and Liverpool markets are now about on a parity with each other.

Lower cables, increased country offerings of cash and very favorable weather have been the depressing factors in corn and brought about a decline of nearly 1c per bushel.

Elevator people were probably the best sellers. Foreigners were also reported as sellers at lower prices than the grain can be shipped at. Market has a weak appearance. Looks as if it would require good buying and bullish news to prevent a further decline.

Provisions, like grain, have suffered considerable decline. Speculative support was lacking, with offerings quite free. A decline of ½c per lb. in lard and ribs would not be surprising.

The Wabash Railroad

with its new and magnificent train service, is the admiration of Canadian travelers. Its reclining chair cars are literally palaces on wheels, splendidly upholstered and decorated with the costliest woods. The chairs, which are free to passengers, can, by the touch of a spring be placed in any position desired, from a comfortable parlor chair through the various degrees of lounging to a perfect coach. Many prefer these cars to sleeping cars for night journeys, and for day trips they are the most comfortable and convenient cars that can be devised. Two of these reclining chair cars are attached to all through trains between Buffalo, Chicago, St. Louis and Kansas City. Full particulars from any railroad agent or J. A. BUOYANT DAY ON WALL ST.

American Stocks Strong on Foreign Buying.

London Purchased United States Securities at Advanced Prices, and Shorts Hastened to Cover—Railways, Industrials and Other Securities All Share the Good Feeling—Gossip.

Tuesday Evening, May 24.

This being the Queen's Birthday, the Toronto and Montreal Stock Exchanges were closed.

In London, American rails advanced again to-day. St. Paul closed ⅞ higher than yesterday; L. & N. ⅝ higher, and N.Y. C., C.P.R., Illinois Central and Union Pacific each ¼ higher.

The improvement in London was accompanied by heavy buying orders from foreign houses and Wall-street promptly responded with an upward movement. Floating stocks were reported scarce across the water, and the purchasing movement caused New York shorts to seek to cover. The buoyancy of the market continued to the end of the session, and closing prices showed good gains over yesterday's final figures. The Grangers, the Pacifics, the city tractions, L. & N., Sugar and Tobacco were the leaders in strength at the end.

Consols closed unchanged to-day in London.

In Paris, 3 per cent. rentes were at 102f 90c.

At London, Spanish fours closed at 33⅝.

At Paris, Spanish fours closed at 33½.

At New York, United States bonds closed: U.S. new fours, reg., 121½; do., coup., 121½; U.S. fours, 108; do., coup., 109½; do., seconds, 95; U.S. fives, reg., 110½; do., coup., 110½.

The amount of bullion gone into the Bank of England on balance to-day is £46,000.

St. Paul's statement, due this week, will, it is said, show 8 per cent. earned on the common stock.

Insiders, who have been buying Pullman stock, think that the decision in the Pullman case will be favorable to the company.

The quarterly statement of the Lake Shore, published yesterday, was remarkable. Net earnings for the first quarter of the company's fiscal year show a material gain not only over 1897, but over the three preceding years. The surplus shown after the charges is at the rate of nearly 9 per cent. for the year.

According to the April report of the Chicago & Northwestern, the gross earnings show a progressive increase since 1894, comparisons for the preceding years being vitiated by the separate operations of the N.W. and Milwaukee, Lake Shore and Western.

New York Gossip.

Henry A. King & Co., 12 King-street east, received the following despatch to-day from New York:

The feature of the stock market was the complete reversal of London's recent attitude. The foreign houses were active buyers of the leading internationally listed issues, and floating stock was reported to be extremely scarce in London, especially St. Paul. The shorts covered freely and there was an increase in commission purchases. The Granger group was a conspicuous leader in strength and activity, but the sharpest gains here were made by St. Paul. Foreign buying was responsible for marked improvement in the Pacific stocks and L. & N. Although Sugar and Tobacco showed early weakness, they finally shared in the general buoyancy. There were striking advances in Metropolitan Street Railway, Manhattan and Illinois Central. The market closed strong and confident at the best prices.

London Markets Quiet, but Firm.

New York, May 24.—The Evening Post's financial cable from London says:

The stock markets here were quiet but firm to-day. The settlement showed small account and was favored by easy money. Contangoes on Americans were usually 3 to 4 per cent., but a few weak bulls were charged 4¼ per cent. Milwaukee and St. Paul were scarce and commanded ⅛ per cent. backwardation.

Americans were distinctly good, closing at the best, with a revival of speculative interest.

The improvement in Brazils continues.

The Paris Bourse was weak and the Berlin market steady.

Cotton Markets.

New York, May 24.—Cotton—Futures closed steady; sales, 111,700 bales. May and June 6.39, July 6.43, Aug. 6.47, Sept. 6.36, Oct. and Nov. 6.35, Dec. 6.37, Jan. 6.39.

Decoration Day, June 2.

At a meeting of the representatives of the Veterans' '66 Association, the Battleford Column Association, and the Batoche Association, held at the Military Institute, all arrangements were made for the decoration of the volunteer monuments in Queen's Park on the 2nd of June. With the school children's participation, as in former years, a most successful celebration is anticipated.

S. Ackerman, commercial traveler, Belleville, writes: "Some years ago I used Dr. Thomas' Eclectric Oil for inflammatory rheumatism, and three bottles effected a complete cure. I was the whole of one summer unable to move without crutches, and every movement caused excruciating pains. I am now out on the road and exposed to all kinds of weather, but have never been troubled with rheumatism since. I, however, keep a bottle of Dr. Thomas' Oil on hand, and I always recommend it to others as it did so much for me." ed
