Late Intelligence.

—Owing to discouraging reports respecting bad feeling among the Indians of the Blackfeet nation in the Calgary and Medicine districts, the *Mail* has sent a special correspondent with instructions to lay the complaints of the Indians before the public without fear, favor or affection.

—A telegram received by Mr. A. C. Robbins, the managing owner, announces the loss of the ship Adolphus, in Delaware Bay. The telegram says she is full of water, is breaking up, and will be a total loss.

—There is quite a boom in the lumbering branch of industry in this section of the country at present. Mitchell & Forsyth are doing an extensive business this winter. They have a number of crews in, and expect to get two millions or more to their mill at Albany and as much more to go to Mill Village. E. L. Balcom & Co., will have at their steam mill, West Inglesville, logs sufficient for one million or more of long lumber, besides timber for staves, laths &c.—*Bridgetown Monitor.*

—The *Fredericton Reporter* says public vaccination has been suspended for the present. Not much is heard just now, of private vaccination in St. John, save that considerable ill feeling has been aroused by them visiting some of the public schools to operate on the arms of the pupils.

—The trains from Fredericton and Bangor were each delayed an hour, one day last week, by the broken bridge on the New Brunswick Railway.

—The *Boston Post* says Capt. John E. Richards, of the schooner Evangeline, Rice, N. B., was before Commissioner Hallet, charged with conspiracy with others in the burning of the schooner, which took place off Bird Island, Dec. 24. He was released on further appearance.

—We regret to learn that Dr. P. R. Moore, of Yarmouth, was recently severely burned by carbolic acid, which he was carrying in a jar, when he slipped and spilled a quantity on his face and neck.

—Miss Rachel Nicolson, of Nova Scotia, who was nearly suffocated with gas, in New York, was after fifty hours unconsciousness, considered likely to recover. Oxygen was pumped into her lungs to reduce the blood clots which had resulted from the union of the carburetted hydrogen of the coal gas. At the end of thirty-five hours it was estimated that over one thousand gallons of oxygen had been administered.

—There comes from Winnipeg the story that one Peter Duffour has arrived there on his return from Quebec, whither he came from Batoche to seek assistance, having walked the whole 1300 miles with the exception of fifty only, in six weeks.

—The New Brunswick Legislature is to meet Feb. 25th.

—The cold wave was welcome to the fishers of the North Shore, who were threatened with heavy loss by the mild weather. A Richibucto despatch of the 9th says, a heavy snow storm from the north-east is now in full blast. Forty tons of smelts were shipped to-day, the total to date is two hundred and fifty tons; the balance on hand awaiting shipment is one hundred and fifty tons.

—In its shipping statement for the year, the St. John *Telegraph* reports there were built 22 vessels, aggregating 7,205 tons; bought ten vessels, 635 tons; lost 24 vessels, 10,193 tons; sold 23 vessels, 13,158 tons.

—The Annapolis *Spectator* gives the shipping of that port as 86 vessels, 18,182 tons. Windsor's shipping is given as 186 vessels, 117,354 tons; Maitland, 48 vessels, 36,136 tons. Halifax had registered Dec. 31st, 1885, 238 vessels, 83,334 tons.

—Prof. J. G. Schurman, of Dalhousie, has been called to the chair of philosophy in Cornell University.

—The St. John Country Market, at the end of last week, was unusually bare, the mild weather and the bad roads being, no doubt, responsible. Snow began to fall on Saturday morning and, in a few hours, had sufficiently covered the streets to make fair sleighing. Cold and snow are reported from different parts of the province.

—At Toronto, Wm. A. Hobbs, a barber, was killed in a scuffle with a fellow workman, a pair of scissors piercing him to the heart. The coroner's jury declared the killing accidental.

—There are 184 students at the Normal School, Fredericton.

—Still further reports have been received of the threatening attitude of the Indians about Fort McLeod.

—The young men's debating society in connection with the Union Baptist Seminary held its first annual meeting Friday and elected the following officers:—F. G. Francis, Halifax, Pres.; B. N. Noble, Springfield, vice-Pres.; R. C. Smith, Carleton, Rec.; G. F. Currie, Fredericton, Treas.; J. S. Leighton, Woodstock, Guard. On Friday evening next, the society is to wrestle with the question, "Is education a better legacy than wealth."

—A. R. Boutilier, a Nova Scotian, was arrested at Montreal on Tuesday for an alleged larceny committed in Montreal. Boutilier was en route for Halifax at the time of his arrest.

—The American Institute of Instruction will hold their summer meeting at Bar Harbor, July 6th. The teachers of New Brunswick and Nova Scotia will be invited to unite with the Institute at this meeting.

—The customs collections at the port of Halifax for the calendar year 1885, amounted to $1,347,865. The Inland revenue collections at the same port were $190,265.

—The farmers are hauling their produce to the lumber camps of Alex. Gibson, Esq., on the Nashwaak, where they receive a fair price.

—The school house at East Windsor was burned down on the 4th inst. The cause of fire is unknown, but the opinion prevails that it was incendiary.

—Charles Palmer of Charlottetown, stood first in class 1, of the third year in mathematics, at McGill.

—Herring have struck into St. Andrews Bay, and are being taken in large numbers by the fishermen, of whom about sixty sail have been in our harbor since Monday, including five Gloucester men buying. The unusual mildness of the weather so far, has prevented large sales, as the fish cannot be frozen.—*Bay Pilot.*

—The storm of Saturday was very severe along the coast. Numerous disasters to vessels are reported, attended, in two or three cases by loss of life.

BRITISH AND FOREIGN.

—The Princess of Wales has been prostrated with serious illness. The first symptoms were developed last week and are attributed to pleurisy.

—On the first of the year, Burmah was formally annexed to the British Empire, the government, to be administered by officers appointed by the Viceroy of India. The Times correspondent at Mandalay telegraphs Jan. 6th, that 10,000 rebels are scouting the country within a radius of 20 miles of Alphate and that they threaten the town. Prince A'Lompin is at the head of the rebels. He has ministers, issues decrees, collects taxes and claims to be the King of Burmah.

—The *Gaulois* prints a despatch from its Madrid correspondent saying that Germany has remonstrated with France for the latter's tolerance of Carlists in her territory, and assures her that Germany will not be a passive spectator of the laxity of France in keeping order on the Spanish frontier, should revolutionists succeed in raising an insurrection in Spain.

—The programme of the cabinet of M. de Freycinet, the new prime minister of France, includes reform of the budget, reform of administration and organization of a system of government in Annam and Tonquin, reducing the protectorate to the smallest necessary limits.

—The Daily Express, organ of the Loyalists in Dublin, says: "British rule has virtually ceased to exist in the southern district of Ireland. From West Cork through the counties of Kerry and Clare, the National League is the only government recognized by the people and it is ruling them with a rod of iron and incredible tyranny. The disclosure of victims names would jeopardize their lives."

—It is stated that Servia, acting at the instigation of Austria, will refuse to discuss terms of peace with Bulgaria, except upon the basis of return to *status quo ante* and non-payment of war indemnity.

—The local government measure to be laid before parliament by the government as drafted gives Ireland a household franchise for electing county boards, and for electing a central council. The proposition that the crown should have the right to nominate part of the council was abandoned. The measure also proposes that the county boards shall have control of traffic in liquor and that the central council shall have a voice in appointing the magistracy.

—The Orange and Green have resumed hostilities. Yesterday an Orange mob attacked two of the released Riverhead prisoners at Courage's beach, wounding them, it is reported fatally. There is great excitement at Harbor Grace. Crowds are occupying the streets and riots are anticipated. Major Fawcett and a large detachment of the constabulary force have gone on a special to the scene of the affray.

—The Anglo-Spanish protocol concerning the Caro ine Islands has been signed.

—The Berlin correspondent of the London *News* says: "There is much discontent among Turkish troops on the frontier. A colonel has been sent in chains to Constantinople, charged with mutiny. Five Generals are accused of seditious utterances in the presence of troops."

—Twenty-eight hundred Bulgarian prisoners escorted by Servian guards are returning to Bulgaria.

—The following despatch conveys a different idea from that gathered from earlier information:—"The war fever in Greece is virulent. Large quantities of war materials have been ordered in western Europe; 20,000,000 cartridges have been bought in Pressburg; King, government and people are all eager for war.

—M. DeGiers, Russian Foreign Minister, has made a proposition that the Powers unite and in request to Bulgaria and Servia to reduce her armies to a peace footing.

—Lord Salisbury has given no sign of an intention to lay down his official burdens. It would seem that he still hopes to run the government, although it is difficult to see how he can conciliate enough support to his party to put it in the majority.

—Despatches of the 8th, report severe snow storms in France and England.

—There is much suffering amongst the poorer classes in Glasgow. A meeting of 5,000 unemployed persons has been held. It was orderly and reasonable, and decided upon an appeal to the wealthier classes for assistance.

—A special despatch to the London *Telegraph* from Dublin, Jan. 11, says: The excitement here amounts almost to a panic. Hope is at the lowest ebb and there are fears that mischief will run riot within three months. Members of the League openly state that the League is in imminent danger. Control of branches is already lost. Parnell's position is perilous. It is rumored that Callan's suit will not be opposed in order to avoid awkward revelations. Nolan will seek re-election.

—The *Telegraph* says that the powers demand that Greece, Servia and Bulgaria demobilize their armies.

UNITED STATES.

—Despatches of the 7th report severe snow storms at Lincoln, Neb., and Kansas City. The mercury at the latter place was at 15° below zero.

—A Shenandoah, Pa., despatch of the 7th says a cave in occurred at Boston Run, near Mahoney city, to-day, and a block of houses went down out of sight. The families living in the houses had a very narrow escape. The surface is still caving and five more blocks are expected to go down.

—Captain Richard, of whom mention is elsewhere made, was found not guilty, and discharged amid loud applause.

—The storm on the 8th was wild in the west. All trains were delayed. In Dakota the mercury was reported from 20° to 40° below, and a fierce blizzard blowing. New York, it is said, got several feet of snow. An Eastport telegram says, six schooners are sunk or ashore.

—The New York *Sun* tells of one Alva Banks, aged 22, who lately had a sleep of five days in spite of heroic treatment. Upon finally awakening, he seemed none the worse, save that he had a very sore back from fly blisters, which had been applied in the effort to wake him.

—Fire in Mobile on Friday destroyed an entire block of stores on Commerce street. The losses aggregate $193,000.

GENERAL.

—The Indian government has introduced a bill in the legislative council imposing a tax of two per cent. on the incomes of professionals and officials of all classes who have hitherto been exempt from income tax. The imposition of the tax is rendered necessary in order to cover deficits in the budget of £200,000 arising from the expenditures caused by military preparations when it was thought there would be war with Russia, by depreciation in the price of silver and expenses incurred in building the Bolan Pass railway and by the Burmese expedition.

The best Ankle Boot and Collar Pads are made of zinc and leather. *Try them.*

Literary Notes.

—The *Religious Intelligencer* comes out in a new dress this week and changed to the quarto form. We congratulate the editor and the Free Baptist denomination generally upon the improvement. The *Intelligencer* is a wide awake paper, and never gives an uncertain sound on any moral question. We hope it may have the patronage it deserves.

The January issue of the *Eclectic Magazine* opens a new volume, and if the future is to be measured by the initial number, the promise of a feast of good things is well justified. The first paper is by Hon. W. E. Gladstone, and is followed by many good articles. E. R. Pelton, 25 Bond Street, New York.

Harper's New Monthly Magazine for January has: Winter in Devonshire. By Lucy C. Lillie. Christmas-tide with the Germans Before Paris. By Archibald Forbes. Domestic and Court Cuisine of Persia. By S. G. W. Benjamin, late United States minister to Persia. A Lampful of Oil. By George R. Gibson. The Militia and the Army. By George B. McClellan. Hunting a Mythical Pall-bearer. By Moncure D. Conway. Illustrated. Editor's Easy Chair. By George William Curtis. Editor's Study. By William Dean Howells. Editor's Drawer, conducted by Charles Dudley Warner, and other good things. New York: Harper & Brothers. Cincinnati: The J. F. Shumate Co.

"The Pastor's Diary and Clerical Record." Prepared by Rev. Louis H. Jordan, B. D. Revised Edition. 12mo, flexible leather. This work differs from "The Pastor's Handbook" in that it is a diary. It has met with great favor in England, Canada and United States. It is compact, yet comprehensive, and is so arranged as to admit of ready reference. We endorse the following from the *Christian Advocate:* "The most complete and best arranged pastor's diary we have seen."

"The Homiletic Review" for January begins the Eleventh Volume of this Magazine, and gives promise of a year of unprecedent interest and ability. It begins a Symposium on the topic, Has Modern Criticism Affected Unfavorably any of the Essential Doctrines of Christianity? and Dr. Van Dyke, of Brooklyn, opens the discussion. Dr. J. M. Ludlow contributes the first article to the Symposium on the New Theology, from the standpoint of an independent critic. Other papers on the Advantages of Greek to the Average Clergyman; Sabbath-school Bible Study; Mat. hew Arnold and Christianity; Modern Writings Bearing on the Relation between Intelligence and Religion; Seed Thoughts for Sermons, by Dr. H. Crosby, N. W. Wells, Alex. Winchell and Dr. Pierson. The three new departments, Homiletics, Pastoral Theology, and Study Table, edited respectfully by Prof. J. M. Hoppin, Prof. W. C. Wilkinson, and Dr. J. M. Ludlow, will give increased value to "The Review." The Sermonic Section is quite up to the high standard of former numbers. $3.00 per year, 30 cents per number. Funk & Wagnalls, New York.

The Victor's Crown

Should adorn the brow of the inventor of the great corn cure, Putman's Painless Corn Extractor. It works quickly, never makes a sore spot, and is just the thing you want. See that you get Putman's Painless Corn Extractor, the sure, safe and painless cure for corns.

Marriages.

FULTON-SMITH.—At the home of the bride, Bass River Point, on the 24th Dec., by Rev. W. E. Waters, Frank Fulton to Ella M. Smith.

WETMORE-REED.—At Springfield, on New Year's eve, by Rev. W. E. McIntyre, Mr. William Wetmore and Miss Martha A. Reed, of Springfield, Kings Co.

WOODWORTH-MOFFATT.—At the residence of Edward Jones, Hillsborough, Albert Co., Nov. 25, 1885, by Rev. M. Gross, Williams Woodworth to Susan Moffatt, both of the parish of Hillsborough.

FORREST-STUBBERT.—At Little Bras d'Or, Jan. 5, by Rev. J. W. Bancroft, John E. Forrest and Mary Stubbert.

DEWOLF-WOOD.—At Woodside, on the 31st ult., at the house of the bride's father, by the Rev. W. H. Robinson, Frederick Dewolf, of Canning, to Luella, daughter of David A. Wood, of Woodside.

ELDRIDGE-HATT.—On the 19th Dec., ult., by Rev. J. F. Kempton, at Middle River, Mr. Charles Eldridge and Miss Sarah Hatt, both of Chester Basin.

WEBBER-WHALAN.—On the 30th Dec., ult., by the Rev. J. F. Kempton, Mr. Judson Webber, of Windsor Road, and Miss Ada Whalan, of Chester Grant.

STEEVES-BISHOP.—At the residence of the bride's father, Hillsboro, A. Co., Jan. 5, by the Rev. E. H. Howe, Mr. Harvey S. Steeves, of Moncton, to Miss Grace Bishop, of Hillsboro.

Deaths.

CUNNINGHAM.—At Lynn, Mass., on the morning of New Year's day, Grace E. Paul, eldest daughter of H. R. and E. Cunningham, in the 44th year of her age. In the year 1868 she professed a hope in the Saviour, and was baptized by Rev. I. Murray, and united with the church here. "Blessed are the dead who die in the Lord."

LOWRY.—At Petitodiac, N. B., on the 23rd ult., of congestion of the lungs, Ida, beloved wife of J. W. Lowry, in the 24th year of her age, leaving a sorrowing husband, two small children and a large circle of friends to mourn their loss. Our sister was converted some six years ago, was baptized and united to the Baptist church by Rev. Mr. Kierstead. She has ever, since her conversion, lived a consistent christian life. She daily manifested an unwavering faith and unshaken confidence in the Lord Jesus; and in the public means of grace gave a very definite testimony as to the sure hope of eternal blessedness Jesus had imparted to her. The funeral services were held on Christmas day at 2 p. m. in the F. C. B. church. There was a large attendance of sorrowing friends. The pastor of the church delivered an appropriate discourse, from the text, Rev. 14: 13: "Blessed are the dead who die in the Lord," etc. She sleeps in Jesus. A. C. T.

(*Religious Intelligencer* please copy.)

PACK.—At Bridgewater, N. S., on Dec. 16, 1885, of consumption, Minnie Pack, daughter of the late John E. and Azuba Pack, aged 27 years, 7 months. She professed religion and was baptized by Rev. L. M. Weeks about seven years ago, and united with the Bridgewater church, of which she remained a consistent and devoted member until removed by death. She endured her long affliction with patience, and died trusting in Jesus. Rev. S. March attended her funeral and preached from Psalm 17: 15. S. M.

EISENOR.—Quite suddenly on the 6th inst., Mrs. Elizabeth Eisenor, (widow), aged 84 years.—*Com.*

HIGGINS.—At his home in Lower Onslow, N. S., on the 10th of August, 1885, Mr. Calvin D. Higgins, in the 39th year of his age. For many months, he was anxious about the eternal interest of his soul, and a week before his last illness, he related his Christian experience before the members of the church, and was received for baptism. But he was not permitted to follow the Saviour in the divinely appointed ordinance. He suffered several weeks from hemorrhage of the lungs, and then passed to his reward.—*Com.*

PERRIGO.—At River Hebert, at the residence of his daughter, Widow M. T. Lowe, on Jan. 1st, Warren Perrigo, aged 80 years and 5 months. Mr. Perrigo was a member of the Moncton Baptist Church, having formerly lived in Moncton. His latest illness was very brief, and on New Year's morning his calm and peaceful spirit left the body enfeebled with age, to dwell in the "house not made with hands eternal in the heavens."

It is worth remembering that all the older and larger old line life companies are mutual. The only stockholders are the policy-holders, by whom, and from among whom, all directors are elected, these directors having no other interest than the safety, success and wise administration of the affairs of the company. The only mutual life company in Canada is the ONTARIO LIFE, of Waterloo, Ontario, in successful operation since 1868.

Facts and Reasons.
Effects Produced by AYER'S SARSAPARILLA and by Nothing Else so Perfectly.

It strengthens and invigorates sufferers from enervation, languor, weakness, and mental depression.

It has an almost magical effect in curing eruptive and cutaneous disorders.

It eradicates from the blood the taint of that terribly destructive disease, Hereditary Scrofula.

It expels from the system the baneful poison of Mercury, which is as serious as that of Scrofula.

It purifies and regenerates the life current polluted by the corruption of contagious disease.

It stimulates the secretory organs, effects the removal of all impurities from the blood and makes it new, rich, and pure.

It restores health to sufferers from thin blood and impaired vitality.

It saves, by its thorough purification of the blood, from Rheumatism, Rheumatic Gout, and Tubercular Consumption.

It cures Scrofulous affections of the Liver and Kidneys, and their symptoms, Jaundice and Dropsy.

It cures Scrofulous Catarrh, Fever Sores, and the purulent Sores caused by Scrofula.

It cleans and improves the complexion.

It neutralizes the poisons in the system by Diphtheria and Scarlet Fever, and restores the debilitated patient to perfect health and vigor.

It is, in short, an unfailing remedy for all disorders arising from impurity of the blood, where such disorders have not become so deeply seated as to be beyond all human aid.

Advantages that AYER'S SARSAPARILLA Possesses over all Others.

It is composed of the most efficacious alterative, diuretic, and tonic drugs known in pharmacy, among which are the genuine Honduras Sarsaparilla, Yellow Dock, Stillingia, and the Iodides of Potassium and Iron.

It is a highly concentrated medicine, scientifically and honestly compounded so as to secure to it the highest degree of activity and perfect uniformity.

It has received the hearty endorsement of the leading men in the medical profession, who recognize it as a standard pharmaceutical preparation, and prescribe it in their practice.

It contains no poisonous minerals or other dangerous drugs, the use of which for temporary effect in the many crude and cheap mixtures sold as alteratives, produces effects on the system often worse than the diseases they are offered to cure.

It costs no more than any other, but would still be the cheapest blood-purifying medicine in the world, even were its price three times greater, since it is the only one that does "real, lasting good."

It has been before the public for nearly forty years, and has constantly grown in popular favor, both at home and abroad, until there is hardly a place in the civilized world where it has not a host of friends, made so by its marvellous cures.

It has been used in, and approved by, at least 4,000,000 families in the United States, and 7,000,000 throughout the world. Women have especial reason for commending it.

It has proven its potency in curing obstinate, deeply-seated, and long-standing diseases caused by vitiation of the blood. It must not, however, be expected, and is not claimed, that a single bottle will cure such cases; but patients should persevere in the use of this remedy until a radical cure is effected.

It is the only blood-purifier that has won and retained the confidence of the people of all tropical countries, where such medicines are much required.

It is the only medicine of its class that sailors, as a rule, have any faith in—and they are right.

Ayer's Sarsaparilla
PREPARED BY
Dr. J. C. AYER & CO., [Analytical Chemists] LOWELL, MASS.
Sold by all Druggists: Price $1.00, six bottles for $5.
