IT HAS BEEN THE BEST YET.

OVER $71,000 TAKEN AT CANADA'S GREAT FAIR.

Close of The Exhibition—It Has been The Best and Most Successful Ever Held—Ontario Ministers Orate—A Magnificent Parade—The Directors Are Jubilant.

	1890.	1891.	1892.
First day	$ 880	$ 635	$ 743
Second day	1,174	831	1,292
Third day	635	2,510	2,836
Fourth day	4,084	4,937	5,550
Fifth day	4,653	3,834	5,460
Sixth day	15,498	14,239	16,001
Seventh day	9,840	6,966	4,764
Eighth day	15,990	16,820	16,389
Ninth day	14,183	13,783	14,951
Tenth day	3,367	2,757	3,783
Total	$69,318	$67,063	$71,925

These figures show an increase of $1026 compared with the corresponding day last year, and an increase of $414 compared with 1890. Taking the ten days altogether there is an increase of $4862 over last year, and $2607 as compared with 1890.

Ontario Ministers Speak.

The directors of the Fair entertained at lunch yesterday noon a large number of exhibitors representing all the different departments. Among the guests were also Hon. A. S. Hardy, Col. Gibson, Rev. Dr. Briggs, Nicholas Awrey, M.L.A.; Hon. John Dryden, Joseph Tait, M.L.A.; Col. Scott of Kincardine, and Mr. W. B. Hamilton.

Mr. Hardy's Congratulations.

The first called on for an after-dinner speech was Hon. A. S. Hardy. He said in the course of his profuse congratulations that there was no wonder the institution had prospered, for it had an able management. The directors were paid no salary and yet they transacted the business with as much caution as if it were a personal matter. He mentioned the great development in Ontario of stock-raising, dairying and the growing of cereals, during the past fifteen years, and claimed that it was largely due to the exhibition. He expressed the hope that the Canadian exhibit at the World's Fair would be first-class. He fell in with the suggestion of Sir John Thompson that the fair should be made national instead of Provincial. He would like to see buildings on the grounds for the exhibits of each province.

President Withrow said that was his pet scheme. Sir Jhn Thompson had promised his aid and he expected the co-operation of the local governments.

Mr. Joseph Tait, M.L.A., was very brief. He was glad to hear of the proposition mentioned by Mr. Hardy. As a supporter of the Government he felt it his duty and privilege to say "ditto."

Closing Words From Mr. Gibson.

Hon. J. M. Gibson said it was very difficult for the ministers to get to the fair owing to the fact that many visitors to the fair made that the occasion for transacting business with the departments. He congratulated the directors on their enlarged boundaries, and was glad to know that the arrangement finally arrived at was satisfactory to the militia, the citizens and the exhibitors. This was a model Fair. There was none like it south of the national beundary. Many of the cities over there were giving up their annual fairs, although in many the directors drew large salaries. If Toronto's Fair continued under the same management it could thrive as a Provincial Canadian or even as a World's Fair.

World's Fair Commissioner Awrey made a short speech exherting the exhibitors at this Fair to make a good showing at Chicago next year.

Mr. N. G. Bigelow, M.L.A., had watched the Fair since its establishment 14 years ago, and felt sure that its mammoth growth was due to the energy of its directors. Toronto was the Athens of Canada, and its influence disseminated by the Fair ought to affect every portion not only of the Province, but of the Dominion.

THE RACES OVER.

Five Events Decided Yesterday on the Exhibition Half-Mile Track.

The officials got through another big lot of races yesterday, starting at 10 a.m., and by 5 p.m. the Exhibition trotting and running events were all decided.

The ponies made a pretty race as they trotted around the track. Topsy had little difficulty in winning in straight heats. The farmers' trot required split heats. Honesty captured the road horse trot in good time.

McKenzie was scratched in the hurdle race. Searle and Mars were together during the entire two miles, alternating in slight leads, and negotiating the jumps invariably well until the last one in the stretch was reached, which Mars touched, but both came along together, Searle winning an exciting race by a short head.

Baronet and Bellanet made a close finish in the half-bred race. Mr. Doane rode a good race and won by a short length. Queenie kept well in the bunch until the last half, when she went back.

Pony trotting race, 12 hands and under, half-mile heats:

W. Barclay's, Georgetown, Topsy	1	1	
Owner's Dolly	2	2	
Owner's Edwin Flyer	3	4	
R. Cook's Lucy	6	3	
George Smith's Lightfoot	5	5	
J. Milner's Richard I	5	6	

Time—2.12¾, 2.11¾.

Farmers' trot, purse $100, mile heats, best 3 in 5:

W. B. Thornton's, Smealorg, ch h Goldduet	2	1	2	1
C. P. Peacock's, Stroud, b g Tommy Hamilton	5	4	1	2
J. O. Hall's, Drumquin, Blackburn	1	3	4	3
J. Clark's, Brampton, b m Fashion C.	4	2	3	4
J. Haines', Georgetown, b h J.V.R.	3	5	5	dis

Time—3.01¾, 3.08¼, 3.04, 2.59¾.

Gentlemen's road horse trot, purse $100, mile heats, best 3 in 5:

John Taylor's, Toronto, b h Honesty	1	1	1
John Welch's, St. Kitts, b m Nellie C.	2	2	2
A. Lucas', Toronto, b g Dick			dis

Time—3.45¼, 3.43, 2.44½.

Handicap hurdle, 2 miles, over 8 hurdles, purse $150:

C. Ray's, Toronto, b g Searle, 6, 146	Phair 1
George Gwatkins', Toronto, ch g Mars, a, 149	Dunlap 2

Time 4.19¼.

Half-bred green race, 1½ miles, purse $125:

Doane Bros.', Toronto, ch g Baronet, 162	Mr. Doane 1
Dr. Simons', Christie, b m Bellanet, 159	Mr. Simons 2
A. J. Robertson's, Norwood, ch g Barney, 162	McGregor 3
Dr. Campbell's, Toronto, ch m Queenie, 159	Mr. Carruthers 4

Time 2.16¼.

THE EQUINE PANORAMA.

A Marvelous Display of Prize Horses at the Exhibition.

It was early in the afternoon that the prize horses followed the prize cattle around the ring.

Competent judges declare the spectacle to be the grandest equine panorama ever seen on this continent. The array of sleek-coated prancing animals followed R. Davies' haughty thoroughbred Mikado into the enclosure. Halting before the centre of the stand the proud beast was crowned with a garland of roses by Mrs. Kirkpatrick amidst the plaudits of the multitude.

All around the ½ mile track the horses pranced until a complete circle of steeds at rest were stationed along the fence and the second string of animals seen found its way around.

There they were, a sight never to be forgotten: Thoroughbreds, Clydesdales, hackneys, hunters, roadsters, saddle, general purpose, draught horses and shires, dog cart, cobs and ponies.

They all carried red, blue or yellow tickets and gaily bedecked with ribbons. The few sections remaining were awarded their positions yesterday as follows:

Fair matched horses 15½ hands and under—G. H. Goodwin's Hunter and Tommy Sr. 1, McIntyre's Maud and Dominion 2, Dr. Aikman's Gordon and Stella 3. Single horse in harness between 16 and 15½ hands—Davies' Ida Brock 1, Grosjean's Maggie G. 2, McClure's Oxford Jim 3. Single horse in harness 15½ hands and under—Burns' Clara K. 1, McClure's Goldie 2, Hainer's Little J.V.R. 3. Best mare, any age, Ida Brock. Carriage class—Best mare, any age—W. D. Grand's Canadian Belle.

Notes.

The cholera scare in the States has had its effect on the exhibition. A cheap excursion from Cincinnati to Toronto was advertised, but many of those who intended coming deferred their visit, believing that if they went to Canada they would be quarantined and have to remain here a long time. This erroneous idea had an injurious effect on the excursion.

Some dog fanciers who wanted a good animal without going through the formality of paying for it stole a bitch at the Exhibition yesterday. The dog belonged to G. W. Prescott of the Arden Fox Terrier Kennels, 149 Augusta-avenue. It was marked with an even bright tan on head and ears, small tan mark on shoulder, white body and small tan mark near stern. She was sired by Pepper, by Suffolk Coronet. A reward will be paid for her recovery.

Goldie & McCulloch's Exhibit.

The Goldie & McCulloch Company of Galt do a very extensive business in engines and boilers and wood-working machinery, fire and burglar-proof safes and vault doors. In addition to the Wheelock engine, which is so greatly admired by all who visit Machinery Hall, they also have one of their new pattern 8-inch moulding machines, which embodies all the latest improvements and is acknowledged by practical men to be far ahead of any machine previously in the market. They also exhibit a patent wood-rim split pulley, which is a great improvement over the other wood pulleys now in use. Owing to the arms being round they offer no resistance to the air, which is a great advantage over flat wide-arm pulleys. This pulley was patented by the firm April 1, 1891. They also show some friction-clutch couplings. The firm are doing a big stroke of business this year, as usual. The following is a list of firms and corporations which have recently purchased: Wheelock engines; Guelph Electric Light Company, Guelph, Ont.; Lake & Bailey, Hamilton, Ont.; R. & J. Watson, Portage la Prairie, Man.; A. Bauer & Co., Waterloo, Ont.; Clinton Electric Light Company, Clinton, Ont.; Wingham Electric Light Company, Wingham, Ont.; Canada Screw Company, Hamilton, Ont.; Abbott, Grant & Buell, Brockville, Ont.; Calgary Brewing and Malting Company, Calgary, N.W.T.; Hamilton Street Railway Company, Hamilton, Ont.; Prince Edward Island Electric Company, Charlottetown, P.E.I.; National Electric Tramway and Lighting Company (two engines), Victoria, B.C.; D. W. Karn & Co. (two engines), Woodstock, Ont.; Daniel Olmstead, Wheatly, Ont.; Ontario Tack Company, Hamilton, Ont.; Robert McKechnie, Hamilton, Ont.; P. W. Ellis & Co., Toronto; Gendron Manufacturing Company, Toronto, Ont.; Ingersoll Electric Light Company, Ingersoll, Ont.; Gorton & Keith, Halifax, N.S.; the R. Forbes Company, Hespeler, Ont.; Listowel Furniture Company, Listowel, Ont.; W. & J. G. Greey, Regina, Man.; James Painter & Co., St. John, N.B.; T. C. Watkins, Hamilton, Ont.; Brown & Erb, Berlin, Ont.; Edison General Electric Company for Port Arthur Electric Street Railway Company; Winnipeg Electric Street Railway Company; George L. Diehl & Co., Toronto, Ont.; Chatham Electric Light Company, Chatham, N.B.; H. N Schmidt, Mildmay, Ont.; Archibald Bros., Beachville, Ont.; Orr Bros., Windsor, Ont.; J. Everleigh & Co., Montreal, Que.; Lake of the Woods Milling Company, Portage la Prairie, Man.; Corporation of Town of Amherstburg for Electric Light Station; Montreal Rolling Mills, Montreal, Que.; William Clifford, Austin, Man.; Watson & Malcolm, Kincardine, Ont.; Consumers' Cordage Company, Montreal, Que.; The T. Eaton Company (two engines), Toronto, Ont.; The Allen Manufacturing Company, Toronto, Ont.; J. C. Grant & Co., Ingersoll, Ont.; W. H. Ives, Colborne, Ont.; The Manufacturers' Dyeing Company, Toronto, Ont.; George Fensom, Elmwood, Ont.; P. S. McLaren, Tiverton, Ont.; James McIntosh, Toronto, Ont.; Brooks & Co., St. Jago de Cuba; Oakville Electric Light Company, Oakville, Ont.; M. Snider, Conestoga, Ont., and J. R. Schiedel, Breslau, Ont.

Come to Stay.

Our great Fair and Exhibition is now a thing of the past for this year, and we feel proud that the management has been in such good hands, thereby enabling it to pass off so successfully. Amongst the many attractions and exhibits we noticed two old and tried friends come back to stay. We refer to the venerable firms of J. S. Fry & Sons of Bristol, Eng., and Elizabeth Lazenby & Son of London, Eng., whose exhibits were two of the new features this year. These houses are of no mushroom growth, but like the oak their growth has been slow, strong and sure, until they now occupy the front rank in their respective lines, positions attained by their always supplying goods of the best and finest quality, and never short in weight. Messrs. Fry have been manufacturing for more than 164 years and Messrs Lazenby are only a few years behind them. To buyers who always want the best we recommend Lazenby's pickles, jellies, etc., and Fry's cocoas and chocolates. Their agents for Canada, Messrs. A. P. Tippet & Co., who have an office, 45½ Wellington-street east in this city, tell us that they are doing a steadily increasing trade in these goods.

Something About Trunks.

Messrs. J. Eveleigh & Co. did not make an exhibit on the grounds this year for the simple reason that they do not make anything for exhibition purely and simply. They are better satisfied with showing their everyday goods in their everyday warerooms, 39 King-street west. Dealers from the Atlantic to the Pacific know them and make their selections from their stock, knowing that they can get newer styles and better stock than anywhere else in the broad Dominion. They do not pander to cheap trade, but everything they make carries the reputation of the firm with it in the name stamped on the goods. "Nothing like leather" is a saying as old as leather itself, and "nothing like Eveleigh & Co.'s leather" is new an acknowledged fact all over the Dominion. Their immense factory in Montreal is the largest and the best-equipped in the Dominion, and in fact is one of the largest and best on the continent. Their sole leather trunks, basket trunks, Saratoga trunks, steamer trunks, sole leather portmanteaus, Gladstone bags, club and traveling bags lead the Dominion. Their styles are the newest of any anywhere. This firm will be glad to see their friends at any time at their warerooms in King-street.

From the Far Northwest.

The Canadian Pacific Railway exhibit will be taken down to-day and shipped to London for exhibition at the Western Fair. This display includes a magnificent display from Moosomin. It is in charge of Dr. L. D. Keown and Mr. O. Neff. The doctor will leave for home to-night, while Mr. Neff will remain to the close of the London Fair.

The Exhibition Judges.

Editor World: It strikes me on looking over the prize list that there would be less dissatisfaction if there were more judges from outside of Toronto selected to award the prizes. Also, should the men who select the judges be exhibitors themselves?

OBSERVER.

The Oldest Practising Physician.

Dr. John Barnhart of Owen Sound was a visitor at the General Hospital yesterday. He interested the members of the staff by relating incidents of surgical operations 50 years ago, when antiseptics were unknown. Dr. Barnhart is the oldest practising physician in Canada, having been licensed 58 years ago. He obtained his diploma from the old Medical Board of Upper Canada.

These Escaped Seizure.

VICTORIA, B.C., Sept. 16.—A shipment of seal skins left for London yesterday worth $200,000.

THE AMUSEMENT WORLD.

"Friends."

In view of the presentation of "Friends" at the Grand Opera House the following from that very conservative publication The New York Mail and Express will be read with interest: "The best play by a new author produced in this country in many years. A play which holds the serious interest of a cultured audience to the last curtain. The interest of the story is admirably sustained throughout, the plot is consistent, the incidents crisp, the persons engaging and the dialog is terse, forcible, witty and appropriate. The atmosphere of the play is thoroughly romantic, the circumstances are Bohemian, in the clean and impossible Bohemia of the poets; the persons are mostly impulsive and sentimental, and the air of society or of business is absent. Yet, not appealing to our modern experiences and not drawing upon the gorgeous chivalry of the romantic stage of the past, Mr. Royle so interests by throwing the earnest sentiment of an older day into the commonplace surroundings of our present life that we lose ourselves in attention, and believe it all until the final incident." Manager A. F. Hartz, who purchased the play of "Friends" during its great run in New York, has retained the original cast, and the play will receive the same careful attention in Toronto that it did on the occasion of its initial performance.

Crowds to Hear Black Patti.

The Auditorium was filled again last night to hear the now famous colored singer. Her numbers, as in all previous concerts, were encored over and over again.

Mr. Faeder's violin solos were much appreciated and were also loudly redemanded. The popular concerts and the popular prices of admission have been well supported in Toronto and have proved a great success. One feature of these concerts is the pleasure that the orchestra under Mr. Torrington has afforded the listeners and is an institution which should be made permanent with us. The matinee to-day will be at 2.30.

At the "Black Patti" concert on Wednesday evening the success achieved by Mr. Bert Kennedy's saxophone solos has resulted in his special engagement by Major Pond for Saturday afternoon and evening. At the matinee (which will be at 2.30 p.m.) Mr. Kennedy will probably introduce the "Bandola" to the Toronto public.

Old Jed Prouty.

Mr. Richard Golden, Miss Dora Wiley and company will occupy the stage of Jacobs & Sparrow's Opera House for the entire of next week with Tuesday, Thursday and Saturday matinees, presenting Messrs. Gill & Golden's popular play of New England rustic life, "Old Jed Prouty." The story deals with quaint characters, familiar only to persons who have visited those isolated localities, and is an interesting study. Mr. Golden's characterization of Uncle Jed, the hoarse-hearted village tavernkeeper, is a masterpiece of dramatic art, and has, within the four years he has played the part, made for him a name more famous than usually achieved in a lifetime.

The Scout at the Academy.

The Wild America Company with Dr. Carver, the evil spirit of the plains, as the bright particular star, will hold the stage of the Academy of Music all next week commencing Tuesday, performing every evening and Saturday matinee.

A huge tank that, when finished, will be 50 feet long by 30 feet wide and 15 feet deep, is being built in the stage of the Academy. This tank is necessary for the realistic scene in the third act where a bridge gives away throwing a horse and rider 30 feet down into what appears to be a mountain torrent beneath, this bridge having been previously cut and weakened by the Indians from whom the scout is escaping.

The company presenting this play is probably the largest dramatic organization in existence, as it numbers over 100 people, and includes a band of Sioux Indians, Mexican vaqueros, cowboys, old Government scouts and western celebrities.

The Scout is the work of two well-known English playwrights, Messrs. Dampier and Walch, and was written expressly for Dr. Carver and his company, with whom Manager Whitney has recently completed a tour of the globe, appearing in all the principal cities of Europe and Australia.

Moore's Musee.

One of the most attractive bills of the season will be presented at this house the week beginning Monday, Sept. 19. On stage No. 1 in the Lecture Hall will be seen Prof. Stresburg's troupe of highly educated monkeys and dogs. On stage No. 3 will be seen the Hungarian novelty, Lewis and Paul, the detective drifters. On stage No. 3 will be seen for the second time in Toronto Nero, the lightning sculptor. The Lecture Hall attraction will be Mr. Stephen Stephens of Punch and Judy fame. A splendid bill has been prepared for the theatre, which includes the Maguleys, Mills and Mills, Jessie Giles, Kamochi, the Fremonts and others.

A Brilliant and Successful Tour.

Dr. Carver, who will enact the role of "The Scout" in the play of that name to be presented at the Academy of Music next week, has just returned from a complete tour of the globe, after having appeared in every capital in Europe and before nearly every crowned head in the world. The doctor is the possessor of many valuable presents and declarations bestowed by royalty, and has among his most highly-prized treasures a beautifully worded and magnificently-jeweled Prince of Wales Feathers pin given him by His Royal Highness the Prince of Wales at the close of a private performance given before the Prince and Princess of Wales and a party of guests at Sandringham. The doctor is the champion marksman of the world and one of the best-known characters in the early history of the western plains.

Service of Song and Readings.

On Tuesday evening, Oct. 18, the next monthly service of song and readings will be held in Carlton-street Methodist Church, on which occasion the choir will again have the assistance of Prof. S. H. Clark, the popular elocutionist. This will probably be Prof. Clark's last appearance at a church entertainment in Toronto prior to his departure for Chicago.

Footpads Captured.

As George Richardson, an Exhibition visitor from Aurora, was passing Stonecutter's-lane, in Queen-street east, he was pulled into the lane by two men, who attempted to rob him. Richardson resisted the men, who finally succeeded in despoiling him of the contents of his pockets. In the scuffle one of the highwaymen drew a knife and cut Richardson on the hand. He reported the affair to the detectives and gave a good description of the men. Detectives Cuddy and Slemin were given charge of the case and arrested Joseph Doyle of Lavin's-lane and Thomas Sheehan of Duke-street. When arrested some of Richardson's property was found on the prisoners, and they were afterwards identified by their victim. Both men have police records.

Gathered in the Warehouses.

All samples of sugar were withdrawn from the New York market yesterday. "It means," said a local wholesaler to The World yesterday, "that higher prices are anticipated and that in consequence refiners will not sell at present prices."

A cable received by a local firm says that low grade Ceylon teas advanced ½d to 1d in London yesterday.

A Distinguished Preacher.

Dr. Paton, the distinguished missionary of Tanua and Aniwa Islands, will deliver an address in College-street Presbyterian Church on Monday evening. Rev. Dr. Leitch of Belfast Assembly College will preach on Sunday. The new and commodious Sunday school building in connection with College-street Church is nearing completion.

Nearly all infants are more or less subject to diarrhœa and such complaints while teething, and as this period of their lives is the most critical, mothers should not be without a bottle of Dr. J. D. Kellogg's Dysentery Cordial. This medicine is a specific for such complaints and is highly spoken of by those who have used it. The proprietors claim it will cure any case of cholera or summer complaint.

Godes-berger.

HEALTH writes:
"It is a water of absolute purity."
"It is remarkably pleasant to taste."
"It mixes well with Wines, Spirits and Milk." 26

A MIDLAND MIRACLE.

NARRATIVE OF FACTS CONNECTED WITH THE CASE OF MRS. F. A. CHASE.

A Sufferer for Over Ten Years—Treated by the Best Doctors in the Place, Only to Grow Worse—The Particulars of Her Recovery as Investigated by a Reporter of "The News-Letter."

[Orillia News-Letter.]

What wonderful progress the closing half of the nineteenth century has witnessed! Men still young have witnessed discoveries and inventions which, while they have fairly revolutionized the methods of human life, are taken almost as a matter of course. New and wonderful discoveries are made almost daily; we quickly adapt ourselves to the changed condition, and even wonder that the inventive genius of man had not long ago penetrated the secrets of nature, almost daily being brought to our aid. While in all directions great advances have been made, perhaps in none have the strides been greater than in the science of medicine. Old methods have entirely disappeared, the days of big nauseous doses, cupping and bleeding, have passed away, and diseases formerly held to be incurable now speedily yield to the treatment of advanced medical science. For more than a year past there have appeared in the columns of "The News-Letter," from time to time, the particulars of cures that have been the wonder of all who were acquainted with the persons restored. Perhaps the case of Mr. John Marshall of Hamilton was more firmly fastened in the public mind, for the reason that he had been paid a total disability claim of $1000, only after having been pronounced incurable by a score or more of men who are leaders in the medical profession. As publisher of The Canadian Workman the writer has a knowledge of the proceedings under which a disability claim is paid, and when it is understood that all such claims have to pass the scrutiny of an investigating committee, the local medical examiner, the grand medical examiner, the finance committee and the grand lodge officers it will be seen that in none but a genuine case of disability could a claim be paid. That the claim was paid Mr. Marshall under this stringent scrutiny was unimpeachable evidence of his total disability; that he was afterwards made a well man was due entirely to a treatment of Dr. Williams' Pink Pills—probably the most remarkable medical discovery of the age. This case was but the first of a series of cures equally remarkable, due to the same grand agency, each of which has been verified by the most trustworthy testimony. The News-Letter, in common with many others, has taken a deep interest in noting the testimony given in behalf of Dr. Williams' Pink Pills, hence when the cure of Mrs. F. A. Chase was reported from Midland recently, we decided to interview the lady and verify the truth of the report; with this end in view, Midland was visited and Mrs. Chase found looking well and happy after long years of suffering, before she learned of the efficacy of Dr. Williams' Pink Pills. Mrs. Chase herself admitted the reporter, who found her a lady of superior intelligence, who, while not wishing for notoriety, was willing to give her candid testimony in favor of Pink Pills for the benefit of other afflicted persons. To the reporter Mrs. Chase said that up to her sixteenth year she had been a healthy girl, but at that period sickness overtook her, and for the ensuing ten years her life was one of almost constant misery. In January, 1891, she grew worse, and finally had to take to her bed and was reduced by suffering to the point of death. All the time she was under the treatment of the best doctors. After weary months Mrs. Chase longed for some change and in October asked her doctor if he would consent to her taking a trip to her mother's, who lives near Port Hope. This was finally agreed to, and on Oct. 3 last she set out for that place. On the way, a lady, a stranger to her, noticing her weak condition, strongly urged her to use Dr. Williams' Pink Pills, and again on her arrival at her destination her friends urged her to try this wonderful remedy. On Oct. 10 she consented to give the Pink Pills a trial, and soon found such beneficial effects that it needed no persuasion to continue the treatment. In less than three months she was fully restored, and on Jan. 15th returned to her home in Midland, where her friends were rejoiced and gratified at the wonderful change which Pink Pills had wrought in her health and appearance. Mrs. Chase has since continued to enjoy good health, and says that she cannot too highly praise Dr. Williams' Pink Pills, which have rescued her from debility after many years of almost hopelessness. Her husband also expresses his thankfulness and appreciation of Pink Pills and the unlimited pleasure with which he received his wife on her return, looking so well and happy, which was as he truly described it, "like receiving one from the dead." He said that his wife's condition had been such that in going only a few yards she would be obliged to rest, or obtain help, and before her restoration she had been unequal to the slightest exertion.

While in Midland the writer called upon Dr. McCartney, druggist, who reports large sales of Dr. Williams' Pink Pills, with the most decided benefits to those using them.

From many of our exchanges we have noticed with interest the reports of the great benefit derived from the use of Dr. Williams' Pink Pills, and the case of Mrs. Chase goes to confirm the claim that they are a wonderful discovery in the interests of humanity, restoring vitality to the broken-down system. Considering that Mrs. Chase had suffered 10 years, and last October was looked upon as being at the point of death, there must be something of an almost miraculous virtue in the remedy which has raised her to her present condition of health, after she had spent hundreds of dollars in doctoring, and for other so-called remedies of various kinds. In fact Dr. Williams' Pink Pills are recognized as one of the greatest modern medicines—a perfect blood builder and nerve restorer—curing such diseases as rheumatism, neuralgia, partial paralysis, locomotor ataxia, St. Vitus dance, nervous headache, nervous prostration and the tired feeling resulting therefrom, diseases depending upon humors in the blood, such as scrofula, chronic erysipelas, the after effects of la grippe, etc. Pink Pills restore pale and sallow complexions to the glow of health, and are a specific for all the troubles peculiar to the female sex, while in the case of men they effect a radical cure in all cases arising from mental worry, overwork or excesses of whatever nature.

These Pills are manufactured by the Dr. Williams' Medicine Company, Brockville, Ont., and Schenectady, N.Y., and are sold only in boxes bearing our trade mark and wrapper, at 50 cents a box, or six boxes for $2.50. Bear in mind that Dr. Williams' Pink Pills are never sold in bulk or by the dozen or hundred, and any dealer who offers substitutes in this form is trying to defraud you and should be avoided. Dr. Williams' Pink Pills may be had of all druggists or direct by mail from Dr. Williams' Medicine Company from either address. The price at which these pills are sold makes a course of treatment comparatively inexpensive as compared with other remedies or medical treatment.

East Toronto Village.

William Hunter and James Thomson, suspicious characters from the city, were brought before the Magistrates for disorderly conduct and sent down for 3 days each. George Stevens and Gilly Bumenstock, two boys, were before D. G. Stephenson, J.P., yesterday, on a charge of window-smashing in an empty house. They were sentenced to 6 hours in the cells. The inhabitants of Little York are petitioning the York Council to compel the new Electric Company to bring their projected road through this popular and busy locality as well as through East Toronto Village.

An Article of Dress.

When a lady goes to buy a dress shield she as a matter of course asks for Williamson's diamond shields. During the past two years Williamson & Co. have established such a reputation as manufacturers of dress shields that there are practically no other makes sold in Canada. These shields are made of the very highest class of materials and are guaranteed to give perfect satisfaction. Every shield is stamped with a diamond, the trade mark of the firm.

One trial of Mother Graves' Worm Exterminator will convince you that it has no equal as a worm medicine. Buy a bottle and see if it does not please you.

BANKRUPT STOCK

GUINANE BROS.'

"Monster" Shoe House,

214 YONGE - STREET.

Over $40,000

WORTH OF

Boots and Shoes

to be sold positively without any reserve. The stock comprises Ladies', Gents', Misses', Boys', Youths' and Children's Boots, Shoes and Slippers, manufactured by the most celebrated makers in Canada and the States. Every line is properly assorted in sizes, half sizes and widths.

No Old Goods, Nor Ordinary Bankrupt Stuff,

but a clean and well-selected stock of the finest, latest style and most durable footwear manufactured. The $40,000

Must Be Closed Out Before Oct. 1,

20 DAYS

or the balance, if any, will be sold en bloc on the premises.

$4 SHOES FOR $1.50.

135

Store Will Be Open Every Evening During This Week till 10 o'clock.

The Monster Shoe House,

214 Yonge, - Tel. 1169.

CHAS. S. BOTSFORD

524 and 526 Queen-st. W.

Change of season makes change in demand for certain lines of wearables—perhaps in no place is the change so radical as in hand and foot-wear. We've got now into the cooler days, and you're needing to be a little better clad—our gloves and hosiery stocks are now complete for this trade, and the hundreds of buyers at these counters daily make a busy corner of it.

GLOVES—Great clearing drive in gauntlet kids—all sizes—at 25c. A choice line of gauntlet kids in blacks, tans and greys at 45c.

Botsford's "Guaranteed" kid in tan and black at 75c—a beauty.

Ferrin's best lacing kid glove at $1.25, sells usually at $1.50.

CHAS. S. BOTSFORD

Mt. Clemens Mineral Water.

Sprudel, the King of Mineral Waters, is from the Mt. Clemens Mineral Spring, established 1873. The water from this spring has achieved a reputation second to none in the world in the successful treatment of all rheumatic affections, blood and skin ailments, lead and mercurial poisoning, neuralgia, insomnia, dyspepsia, general debility, etc., etc. It is the most palatable of all carbonated table waters. It contains the following solid ingredients: Iodine and bromide, in combination with magnesium, calcium chloride, magnesium chloride, sodium chloride, traces of calcium carbonate, calcium sulphate, ferrous carbonate, magnesium carbonate, silicia and alumina. Price $1.75 per doz. qt. bottles, the bottles to be returned. William Mara, agent, 79 Yonge-street. Wine cellars and vaults under 77 and 79 Yonge-street and 2, 4 and 6 King-street east. ed

New Vestibule Train Between New York and Chicago Via Erie By. G.T.R.

This is without exception the finest train that ever passed through Canada for New York. Through sleepers, coaches, therefore not a single change is necessary until you reach your destination. Magnificent dining cars attached to all trains for meals. This train is called the Erie flyer and passengers from Toronto who would like a daylight ride over this picturesque route must leave Toronto at 11 p.m. The Erie also runs a handsome new vestibule Pullman, leaving Toronto 4.55 p.m. daily, except Sundays, arriving in New York early next morning. 46

THE RACE FOR MONEY IS ONE OF the keenest and one that almost everyone takes a turn at, and a good way to win is to make Toronto an interesting and attractive city. Everyone in some way or other will be a gainer by attracting the people here. Once get the crowd started in this direction and the crowd is pretty sure to follow. Toronto has everything in her favor
