To the Warden and Councillors of the Municipality of the County of Annapolis.

We have the honor to report that we have examined, compared and checked the different entries in the several books of the treasurer of the Municipality, and find that they agree with the Vouchers in every instance, except two, which were of small amounts, and caused through taking the amount of bills as rendered, instead of as audited.

We find a balance brought forward to the credit of the Municipality from January 13th, 1880, of $8,949.07, which with $16,243.37 the amount received on assessments and from other sources, making total receipts up to January 11th, 1881, of $28,390.16.

On the other hand we find the total amount paid out, as shown by detailed statements, of $21,458.02, showing a balance credit up to January 11th, 1881, of $6,932.14.

Among the items in the expenditure accounts we find the sums of $5,397.78 paid on the order of the Inspector of schools, $7,080.00 paid as instalment to the Union Bank on railway acct., $305-78 paid on contingent acct., to grand and petit jurors the sum of $692.50; insane hospital, $1,859.93; Municipal expenses, $353.40, which with the items in the presentment makes the total paid out as above mentioned acct., $21,458.02.

The estimate for assessment shows the following services to be provided for, viz: The presentment of grand jury and confirmed by the Council, $5,205.18, education, $5,436.30; asylum $1,500.00; Instalment to Union Bank, $6,000.00; Interest on the same, $672.00; making a total sum of $18861.48; and to meet this amount, the several collectors rate bills of 15 Wards issued from the office of the Clerk in April last foot up $19,145.17; and from this amount we find the sum of $16,243 37, paid to the Treasurer, and which leaves a balance not collected or paid in, to the amount of $2,901.80.
