Brig Habor, Sivertsen, from Cape Tormentine for London, July 28, lat 50, lon 13.

NOTICE TO MARINERS.

New York, July 20—The Lighthouse inspector, Third district, gives notice that on July 28, a second class spar buoy, painted with red and black horizontal stripes, was established in 16 feet mean low water, to mark a small hump in Long Island Sound, about 1½ miles N by W¾W from Eaton's Neck Lighthouse. The buoy is moored in about the middle of the lump, with deep water on all sides, close to, but there are shoal spots with 3½ fathoms of water on them between NE by N and SE from this buoy, and deep daraught vessels running the Sound should pass at least 1¼ miles north of it. The following are the bearings: Eaton's Neck Lighthouse, S by E¼E; Great Captain Island Lighthouse, W by N (nearly); Lloyd Lighthouse, SSW¾W.

Washington, DC, July 29—The Lighthouse Board gives notice that on or about Aug 11 the characteristic of the steam fog whistle at Great Duck Island Light station, on the southerly extremity of Great Duck Island, off Mount Desert Island, and the entrance to Blue Hill Bay, Maine, will be changed to sound, during thick or foggy weather, blasts of 2 seconds, separated by silent intervals of 28 seconds duration.

On or about Aug 11 the characteristic of the steam fog whistle at West Quoddy Light station, on the SE side of West Quoddy Head, SW side of the entrance to Quoddy Roads, Maine, will be changed in sound, during thick or foggy weather, blasts of 2 seconds, separated by silent intervals of 57 seconds duration.

On July 20 light vessel No 82 was replaced on her station, about 4 miles ESE¼E from Fenwick Island Shoal, off the east off Maryland and about 5¼ miles NE¾E from Isle of Wight Shoal, and the whistling and bell buoys temporarily marking the station were withdrawn on the same date.

Washington, July 30—The Lighthouse Board gives notice that on or about August 11, 1896, the characteristic of the steam fog whistle at Whitehead Light Station, on the east end of Whitehead Island, Me, westerly entrance to Penobscot Bay, will be changed to sound, during thick or foggy weather, blasts of 2 seconds, separated by alternate silent intervals of 9 and 45 seconds duration.

Also, that on or about August 11, the characteristic of the steam fog whistle at Matinicus Rock Light Station (Maine), off the southerly entrance to Penobscot Bay, will be changed to sound, during thick or foggy weather, blasts of 3 seconds, separated by silent intervals of 27 seconds duration.

Lieutenant Ridgeley Hunt, USN, in charge of the branch of Hydrographic Office in the Maritime Exchange, has issued a notice to mariners which says that a chart showing the directions of the various submarine cables has just been published by the Hydrographic Office. This chart will carry from New York or any port north of that, clear of the Newfoundland Banks without a change of chart, and it will also enable coasters, fishermen, and masters of steamers to anchor without danger of fouling the submarine cables.

Boston, July 30—After undergoing a thorough overhauling the Boston lightship No 54 resumed her position in the bay yesterday, and relief lightship No 39 was withdrawn. The latter proceeded to Wood's Holl, Mass.

New York, Aug 1—Notice is given by the Lighthouse Board that on and after August 5, 1896, a gas lighted buoy will be substituted for each of the two outer buoys now marking the northeasterly side of the East Channel entrance to New York Lower Bay, as follows:

East Bank Gas Buoy, No 2—This buoy will show a fixed red light, will be painted red, numbered 2, in white, and will be moored in about 24 feet of water in place of the spar buoy of the same color and number. Centennial Tower, Coney Island, N by E, ¼ E; North Hook Beacon, Sandy Hook, SSW, ¾ W; Romer Shoal Lighthouse, W, ⅝ S.

REPORTS.

Bangor, Me, Aug 2—The four-masted schooner Sara E Palmer, of Bath, from Louisburg, CB, for Bangor with coal, went ashore on Fort Spain ledge, at the mouth of the Penobscot river, at 4 p m Saturday, at high water. She was hauled off at high water Sunday evening by the tug Bismarck without damage.

Manila, Philippine Islands, Aug 3—The British ship Flora P Stafford, Captain Smith, from Newcastle, NSW, on April 23, for this port, was abandoned at sea in lat 46 N, and 1.30 E. Four members of her crew are missing.
