GONE.

All the Cheviot and Melton "Lonely" overcoats—hardly enough of some other kinds to mention,

Plenty of the herringbone tweeds and beavers. "Semi-ready" branded prices were $15, $18 and $20,

The winter weights went first.

That there is still good choosing amongst light weights is one consolation—spring is ahead.

$10 "Lonely" sale continues this week and next.

Parmer Talks of New Jockey Club.

Nashville, Feb. 7.—Walter O. Parmer, in speaking of the Western Jockey Club, said: "The organization of the new Jockey club will in no way affect racing at Highland Park, and the other race tracks not in the new organization will carry on their meetings as scheduled. The new turf body is not expected to interfere with any of their plans or arrangements. It is evidently a case of root, hog, or die, and the hog will root. The tracks not in the new body are still members of the Turf Congress, which is still extant, and will be in existence when the present body is a member of the buried past. It is the opinion of many that the racing interests in the Western country will not be dictated to by any gang now in the saddle."

Parmer is now busy preparing for the meeting at Highland Park and Fort Erie, and says that he is still a member of the Turf Congress, and the spring meeting will be pulled off as scheduled. Many of the turfmen are dissatisfied with the treatment that has been accorded them, and we expect a better meeting this year than we have held for some time."

American Derby Odds.

A Chicago bookmaker, Jim O'Leary, has opened a $50,000 book on the American Derby. The odds appear liberal, 15 to 1 being quoted against Aiard Scheck, Beau Gallant, Ballyboo Bey, Commando and Garry Herrman. The odds against some of the other horses are: Blue 20—1, Bonnibert 20—1, Bellario 20—1, The Parader 20—1, Articulate 25—1, Watercolor 25—1, Brutal 25—1, Rolling Boer 25—1, Golden Age 30—1, Silverdale 30—1, Joe Frey 30—1, Frankfort 30—1. Mr. Hendrie's Maple Sugar is at 200—1. Mr. Seagram's Far Rockaway at 100—1 and Colchester 50—1. On their performances last year it seems strange that Colchester should be held at a shorter price than Far Rockaway.

DOOLEY HAS A LIKELY TEAM.

Eighteen Men Already on Montreal's Baseball List—Practise Games Arranged.

Montreal, Feb. 7.—Montreal's team in the Eastern League this year promises to be one which will be able to make a creditable showing against the fastest company in the circuit. Manager Dooley has already eighteen men on his list of players, and as only thirteen or fourteen are to be retained for the season, it is obvious that those showing up best in the spring practice games to begin April 4 at Chester, Pa., will compose the club. Among those in the list now are Agnew and Shincel, catchers. The latter was with the Athletics of Philadelphia last season and played off and on with Jacklitz. The two men, in addition to Raub, should make a formidable trio to select from.

In the way of pitchers Manager Dooley has Souders, Felix and O'Brien, the latter a left-hander from among the hills of Vermont, and Whitney, late with Philadelphia. In the infield he has Johnson, Schiebeck, McCabe and Quinlan. McCabe made a reputation last year with the Chesters as a hard hitter and fielder, being high in the percentage of the Atlantic League. He is considered a prize as various clubs were after him. Quinlan is said to hit at a .300 clip, which should satisfy even the most jaded fan. The outfield is composed of Odwell, Delehanty and Lynch, the latter from Brooklyn, and there is a possibility of getting the signatures of Farmer Brown and Nagee, late of the Phillies' reserve list.

From this aggregation Manager Dooley and the officials of the club are of the opinion a team can be picked that will be among the top-notchers before the close of the season, which gives every indication of being among the best in the history of the league.

The Montreal Club has secured the Chester ball grounds at Chester, Pa., for its practic eand spring games, and the following provisional schedule has been arranged:

April 4—At Chester, Montreal v. Princeton University.

April 5—At Chester, Montreal v. Columbia University.

April 6—At Chester, Montreal v. Rochester.

April 9—At Philadelphia, Montreal v. Philadelphia.

April 10—At Chester, Montreal v. Philadelphia.

April 13—At Chester, Montreal v. Boston (National League).

April 22-3—At Chester, Montreal v. Cuban Giants.

Arrangements are also being made to play a series of games with Worcester (Eastern League), Boston Club of Irwin's new American Association, and the Baltimores of Clark's new association.

Dunlop Tires

FOR 1901.

When you buy a bicycle don't neglect the most important detail in the specifications—Dunlop Tires.

Short-sighted manufacturers may try to "ring in" cheap tires as substitutes for "Dunlop's"—the tire that every buyer asks for.

The Thickened Tread

The Dunlop Tire has the thickened tread—more rubber on the wear surface—more resiliency—more value for the same money.

Dunlop Tires are simple—an ingenious application of the natural law of expansion forms the basis of their construction.

Endless wires that do not stretch ensure rigidity of adherence to the rim. Without these wire protectors a few months' wear would render the outer cover liable to a "blow off."

Bicycle dealers know the value of the Dunlop Tire. Twelve-month guarantee.

HAMILTON BEAT A TORONTO TEAM.

Varsity-Wellington Game Put Back Till Next Week—Doings of the O. H. A. Committee.

Collingwood, Feb. 7.—The St. George's Hockey Club of Toronto played here to-night in a semi-final and were defeated by a score of 4 to 1. The game was perhaps the closest ever seen on this ice, not a man being sent to the fence for rough play.

The St. George's seemed to fear a large score being rolled up against them, and played a strictly defence game from first to last, but could not prevent the adverse score of 4 to 1. The local players did not seem to play with the same vim that has characterized previous contests, and the honors of the evening fell to Elworthy at cover-point, who played a strong, cool, steady game. Patterson in goal was strong, and Newbold was in his place at the proper time. For the visitors Temple at goal and Platt at point were the best men, and their work saved the visitors from a large adverse score. Referee Leslie gave satisfaction, his ruling being strict, but fair. The teams were as follows:

Collingwood (4): Patterson, Newbold, Elworthy, Fair, Collins, Brown and Andrews.

St. George's (1): Temple, Platt, Kinnear, Gillies, Hynes, Webster and Pardo.

Collingwood play the return game in Toronto on Wednesday evening next, when they hope to hold the lead obtained here to-night.

Upper Canada College Won.

Upper Canada College defeated St. George's II. team in their return match in Group 1, Junior O.H.A. last night, on Caledonian ice, by 10 to 3. The score at the interval was 5 to 2. The match was not as fast as the average junior game, owing to the one-sided score, and was not interesting to watch. The College boys had all the best of the game, winning in a romp. The teams were:

U.C.C. (10)—Beatty, goal; Keys, point; Constantine, cover; Gill, Morrison, Kingstone, Hoebnell, Kenny, forwards.

St. George's (3)—Nevitt, goal; Henderson, point; Mara, cover; Reid, Livingstone, Hoebnell, Kenny, forwards.

Toronto Canoe Club.

The hearts tournament and the Wallace whist tournament will be continued at the Canoe Club on Saturday evening. The competition so far in these tournaments has been very keen, and it would appear that there will be a close finish to each contest. The building formerly occupied by the Queen City Yacht Club—the Canoe Club's neighbors for many years—has been remodelled for the enlargement of the Canoe Club's premises. This addition gives accommodation for some 40 more craft, and the new racks are already being eagerly sought after by the members.

A Dog and a Trolley.

A dog with most unsociable tendencies become extremely vexed when the fender of a trolley car helped him along a bit at the corner of Yonge and Adelaide-streets yesterday.

In order to show his contempt for such voluntary assistance he waited until he was lifted off the fender. Then he ran amuck and chewed a large chunk from a gentleman's trousers.

The gentleman went right away to Archambault's, 125 Yonge-street, and ordered a pair of those splendid three-seventy-fives, which beat them all. And such is the history of another pair of trousers.

Strength for the Weak.

Preventive and Cure for La Grippe and Its Debilitating Effects on the Human Body.

With the very young and very old, and with persons of low vitality, the dangers of la grippe are very great. Pneumonia of a violent and fatal form is a frequent result. It is also claimed that very many cases of consumption can be directly traced to la grippe. The after-effects of la grippe are most often felt in the nervous system. The extreme debility in which this disease leaves its victim is more than most nervous systems can endure—paralysis or prostration follows.

The most successful doctors advise their patients to avoid exposure to cold or over-exertion, and recommend both general and local treatment, such as Dr. Chase's Nerve Food, to strength and tone the system, and Dr. Chase's Syrup of Linseed and Turpentine to loosen the cough and protect the bronchial tubes and lungs from threatened complications.

Any honest and conscientious doctor will tell you that this combined treatment recommended by Dr. Chase cannot be surpassed as a means of relieving and curing la grippe and restoring the weakened and debilitated body to its accustomed vigor. Dr. Chase's Syrup of Linseed and Turpentine is too well known as a cure for bronchitis and severe chest colds to need comment. Dr. Chase's Nerve Food seeks out the weak spots in the system and builds them up. It rekindles the vitality of persons weakened by disease, worry or over-exertion, and cannot possibly be equalled as a restorative and reconstructant to hasten recovery from la grippe and to prevent serious constitutional complications.

Dr. Chase's remedies are for sale by all dealers, or Edmanson, Bates & Co., Toronto.

Fighting for the Fight.

Cincinnati, Feb. 6.—The second day of the Jeffries-Ruhlin prize fight in court brought no indication as to when the hearing will be concluded. The State rested its case yesterday, but failed to show that the two events scheduled for this city Feb. 15 are a public nuisance under the provisions of the Ohio law, and on that ground a permanent injunction is asked for.

The sale of seats, the training at the quarters of Jeffries, Ruhlin, Martin and Childs, the work of arranging boxes and seats at the big hall and all other preparations for the event one week from next Friday night have been proceeding to-day as usual.

The most important witness to-day was Mayor Fleischmann, who testified as to the conditions under which he granted the permit for the fight, and who held that he was justified in so doing, as he gave a permit for a boxing contest, which should come within the laws of Ohio.

The defendants called, as the first witness, W. N. Hobert, former president of the Chamber of Commerce, and president of the Cincinnati May Musical Festival for many years. Hobert testified to all the proceedings and contracts, and insisted that the promoters never contemplated doing anything unlawful. Their sole desire was to raise the debt of $65,000 on the Saengerfest Building. Hobert said he relied on the statement of Mayor Fleischmann that nothing brutal or unlawful should be allowed. Judge Harmon brought out the fact that Hobert was a member of a church and superintendent of a Sunday school, and asked why he did not listen to the appeal of the ministerial associations. Hobert said the ministers were mistaken. They thought there was to be a prize fight, when the Saengerfest Athletic Association had the Mayor's permit for a boxing contest.

Sporting Notes.

The Royal Theatre announces a boxing bout Feb. 16 between Bobby Thompson, the local lightweight, who has been in Philadelphia for the past two years, and Dan McConnell of Philadelphia, 20 rounds at 138 pounds. Harley Davidson v. Willie Joy and Willie Popp v. Willie O'Donnell of Buffalo are also on the card.

To his daughter, Irene, an attractive, self-reliable girl of 20, who for several years acted as his secretary and attended to his business for him, Steve Brodie, bridge jumper, is said to have left most of his fortune of $100,000. There are two other children, Steve, jr., 18, and Nellie, 14.

There will be a meeting of the Canadian Fox Terrier Club this evening in Thomas' Hotel, 30 West King-street.
