Bob Young Arrested.

The notorious Bob Young, burglar and pickpocket, who was liberated from Kingston Penitentiary on ticket-of-leave about a year ago, was arrested about 2 o'clock this afternoon and was taken back to the penitentiary on the evening train. Young was captured in the Public Library by Detectives Campbell and Coulter.

Campbell went in first. Young seemed to suspect his mission and bolted over chairs and tables, and just as he was going out of the door Coulter nailed him. He was arrested on a warrant issued by the Minister of Justice and forwarded here by Col. Sherwood of the Dominion Police. He broke the rules of the parole.

Young has a bad record here, and has received great consideration from the Crown authorities. On the day of the Duke of York's visit he was caught red-handed picking a woman's pocket and was committed for trial. His trial was postponed, on affidavits made by Crooks, till April. Since then he has been following his criminal calling, and the matter was reported to Ottawa. Young has about 14 months to serve.

Burns' Anniversary.

Burns anniversary was celebrated by Camp Hamilton, Sons of Scotland, at the Grand Opera House this evening with a concert and tableaux. Those who took part in the concert were Mrs. F. W. Brennen, Miss Agnes Dunlop, Harold Jarvis and Alexander Petrick. The tableaux, which were described by John Crerar, K.C., represented scenes from Scott and Burns, and were very pretty. About 15 persons took part in the scenes. There were also Scottish dances by George Matheson, William Hendrie, jr., Harry Henderson and John Fotheringham.

About Those Writs.

The announcement in the morning papers regarding the issuing of the writs against 1000 citizens caused quite a sensation in legal circles. The mortgage held by the government is 70 years old, and hasn't been looked on by the local lawyers as an existing mortgage, and many of the lawyers are busy explaining to their clients who happen to be interested in the action, how it was that the instrument in question came to have been overlooked. Some of the legal gentlemen think the government's object is to get rid of the mortgage, as it is a blot on the title of so much property held by citizens, and not actually to enforce the foreclosure of the mortgage.

Another Will Case.

In Chambers this morning E. F. Lazier got an order from Judge Snider to issue subpoenas in the case of the will of the late George Fletcher, who died leaving considerable property. The action will come up at Osgoode Hall in a day or two. It is to have the will interpreted, as the executors cannot agree as to the amount of money to go to certain charitable institutions.

Satisfactory Explanation.

In connection with the finding of a constable's overcoat in McCormack's house of ill-repute, which was raided on Sunday night, Chief Smith made enquiries, and has received a satisfactory explanation from Officer Miller. The officer's explanation is that the garment was sent to be made into a rag carpet by McCormack, who is a weaver. When it was found it was thrown over the loom. The chief says that Miller should have cut the number of the coat before letting it out of his hands.

Minor Mention.

Charles Poag, horse trader, has been summoned on a charge of committing an aggravated assault on Charles Young.

KILLED A SORCERER.

Unfortunate Jap Sacrificed By the Indians of Alaska.

Vancouver, B. C., Jan. 29.—The steamer Tees has arrived from the north with news of the arrest of two Indians, charged with the recent murder of a Japanese in connection with the tribal war at Metlakatla between Indians of rival villages. From the statement of the prisoners it appears that they had blamed a Japanese, or a man living with him, for practising sorcery, to which they ascribed the death of several of their tribe. By way of revenge they killed Kamamura, a Japanese, in the belief that his death would save the rest of the tribe from the consequence of his witchcraft.

Mr. A. Miscampbell, M.L.A., will address the electors of Peel County at Port Credit on Saturday evening in the interest of Mr. Samuel Charters, the Conservative candidate.

OUR PRICES

are just right—neither too low nor too high. We conduct our practice on a business basis that appeals to and is appreciated by sensible people. You are required to pay cash for our services, and we give you in return our best efforts.

The rule of charging those who do pay enough to make good the bills of those who don't pay is, we think, absurd and unjust.

YORK COUNTY AND SUBURBS

County Council Strikes Committees and Gets Down to the Year's Business.

BAD STATE OF ROADS IN CITY.

Recommendations Regarding Metropolitan Cars—Woodbridge Wants a Village Jail.

The York County Council continued their January session at the old Court House yesterday, with R. Norman, warden, presiding. The chief business of the day was the selection of the committees for the year, which resulted as follows, the first named in each committee being chairman:

The Standing Committees.

Finance—Lundy, Chester, Turner, Gardhouse, Quantz and Powell.

Bylaws and Legislation—Evans, Woodcock, Pugsley, High, Gibson, Hartman and Boag.

County Property—Pugsley, Ley, Stokes, Gardhouse, Quantz, Turner and Teft.

Printing and Contingencies—Johnston, Woodcock, Chester, Stokes, Quantz, Turner, Taft.

Education—Hartman, Evans, Woodcock, Ley, Johnston and Powell.

Equalization—High, Gibson, Stokes, Hartman, Lundy, Boag, Gardhouse, Chester and Quantz.

Bad State of City Roads.

The County Commissioners reported that they had inspected Dundas-street between Bloor-street and Toronto Junction in the city of Toronto, and Yonge-street between Bloor-street and the C.P.R. crossing, and found both streets to be in a very bad state of repair. A meeting was held with the Board of Works of Toronto, and whilst the board admitted that the roads were in a bad state they contended that the internal management of the city was such that they could not remedy the defect. The property-owners facing these streets refuse to consent to the proposed cost being charged against the land on the local improvement principle, and the city does not feel disposed to pay for the improvement out of the general tax. The city, however, consented to contribute to the improvement, if the county would assist in it, but the County Commissioners take the stand that they have no right to contribute to the maintenance of roads in the city of Toronto, and that the city having taken over these roads from the government and consented to keep them in proper repair, it is their duty to repair them or else abandon them and let them revert back to the government.

Metropolitan Cars.

The commissioners also reported upon the condition of the cars on the Metropolitan Railway. They state that the floors are in bad repair, that cushions would be a comfort to passengers, that there is an absence of proper waiting rooms, and that baggage is piled into the vestibule, making exit difficult. They suggest that the stoves be guarded, so as to prevent passengers' garments from being burnt, and that the seats be arranged like those in the ordinary railway car.

Other Business.

The Committee on Bylaws reported a bylaw to appoint three county representatives on the Board of Directors of the Ontario Agricultural and Arts Association. The names inserted were those of the Warden, R. Norman; Frank Turner and W.H. Pugsley.

The village of Woodbridge, which heretofore has accommodated prisoners in hotels and private houses, under the surveillance of county constables, now desires a village jail and for that purpose is willing to contribute $300 if the county will contribute a like sum.

During 1901, 87 persons were accommodated in the Industrial Home at Newmarket. Of these 18 died, 12 were discharged and 13 left the institution.

East Toronto.

An accident occurred on the corner of Main-street and Kingston-road yesterday afternoon. One of Mr. Snell's horses fell down and smashed the shafts and broke the harness. The rig was driven by Mr. Alf. Sheppard, who escaped injury.

The ball given by Companion Court Elaine in Snell's Hall last night was attended by a large number. A good concert was given and Lubar's Orchestra played for dancing. Every one spent an enjoyable evening.

Bracondale.

The Municipal Association of the electoral division No. 9, York, held their first regular monthly meeting on Monday night last in Wychwood Hall, Bracondale. A large number of new members were enrolled. The association will meet on the last Monday night in each month.

Toronto Junction.

Victoria Presbyterian Church held its annual meeting last night. Rev. J. W. Rae forwarded a communication in which he stated that whilst he felt it hard to sever his connection with Victoria Church he nevertheless felt that it was the Lord's will and he hoped that the members would not oppose his desire to be transferred to the London Presbytery. A motion in accord with the spirit of the pastor's letter was passed and a committee, consisting of the elders of the church, was instructed to appear before the Toronto Presbytery at Knox College on Feb. 4, and there state the views of the congregation and arrange with the moderator in the matter of pulpit supply. Reports from the different branches of church work were read, all of which were fairly satisfactory. The general receipts were $2310.24. Officers elected for the year were:

Trustees: Messrs. J. Lyons, J. Marr, Dr. Perfect, J. C. Willard and Capt. Ross; auditors, W. Wilson and J. Jennings; managers, R. L. McCormack, A. Gilchrist, A. Hain and Peter Wilson, for three years.

The members of the Imperial Band entertained the members of the Town Council and their wives to an at home in Thompson Hall last night. Mr. J. R. Chisholm occupied the chair and speeches were given by Councillors Ryding, Baird and Mr. A. R. Fawcett. Songs were given by Miss Scrogg and Mr. C. M. Hall and selections were given by the band orchestra.

Alfred Magnire of the bridge department of the C.P.R. was badly injured whilst working in the repair shops yesterday morning. A small piece of steel flew from a hammer and penetrated the right eyeball. He was removed to the General Hospital, but it is feared that the sight of the eye has been destroyed.

A public meeting, with a view to forming a joint stock company to build a curling and skating rink, was held in the Town Hall last night. A committee, consisting of Messrs. Abbott, Jennings, Howell, Rogers and Kelcher, was appointed to get plans, specifications and prices for the erection of a suitable building.

To Keep a Promise.

Ottawa, Jan. 29.—An architect of the Public Works Department will proceed to Toronto Junction to select a site for the new postoffice there. Last year's estimate contained an appropriation of $5000 for a site, and it is likely that a vote to cover the cost of erecting a building will be asked for at the coming session of Parliament.

Deer Park.

The annual meeting of Deer Park Presbyterian Church was held on Wednesday evening, the 29th, Rev. D. C. Hossack, pastor, in the chair. The various reports presented showed the affairs to be in a satisfactory condition. The managers' report showed a rapid increase of revenue since the settlement of the present pastor in September last, the ordinary revenue for the last four months being equal to the eight previous months, the amount received during the year being $2284, which includes a bequest of $300 from the late Robt. Swan. During the year a floating debt of over $500 was liquidated and the managers were able to close the year without a deficit. The session reported 28 members added during the year and a total membership of 120. The report of Sabbath School and Bible class shows an attendance of 135. The following were elected managers: Messrs. B. Sinclair, J. S. Robertson, A. McLaughlin, A. H. S. Marks, J. V. Speans, H. Swan, James Mix, A. Keith.

PUBLIC SCHOOL SUPPLIES.

Estimates Vary Little From Amount Asked Last Year.

The Supply Committee of the Public School Board met yesterday to consider the estimates for supplies for the coming year. The estimates, as submitted, varied but slightly from last year's.

The estimates of the Superintendent of Buildings totalled $30,750.50, made up as follows: General supplies, $2200; fuel, $24,000; new furniture, $10,000; repairing and remodelling old furniture, $750; caretakers' supplies, $1400; window shades, $700; expressage, $700.

The estimate submitted by Inspector Hughes for text-books and school supplies was submitted. Among other things, he recommended that only the least soiled and damaged text-books be rebound, and that all school books be better bound.

It was recommended, with a view to the improvement in handwriting, that the paper supplied to all classes, from the second book up, be of better quality, so that pen and ink could be used, and that $450 be expended in the purchase of writing headlines, with the intermediate slant. It was recommended that $800 be expended in the purchase of wall maps and globes, in which all the schools are deficient.

The question of abolishing slates came up for discussion, but a motion to that effect was defeated.

Interim accounts, including $4000 for fuel and $210 for storeroom supplies and running expenses, were passed.

ALEX. McFEE PRESIDENT.

Montreal Board of Trade Elected Their Officers Yesterday.

Montreal, Jan. 29.—At the meeting of the Board of Trade, held at noon today, it was announced that Mr. Alexander McFee had defeated Mr. F. W. Evans for the presidency of the board. The other members elected to office were as follows: First vice-president, Arthur J. Hodgson; second vice-president, George E. Drummond; treasurer, Robert Munro; members of council, Cornelius Coughlin, James Davidson, George B. Fraser, J. C. Holden, T. F. How, John J. McGill, P. W. McLagan, H. D. Metcalfe, R. McD. Paterson, James Thom, Hugh Watson, W. W. Watson; Board of Arbitration, E. B. Greenshields, R. W. MacDougall, Hon. Robert Mackay, John McFarlane, John McKergow, Robert Archer, Robert Bickerdike, M.P., James P. Cleghorn, James Crathern, Henry Miles, Robert Reford, Charles F. Smith.

English Hunting Women.

The modern Englishwoman is among the boldest, best and most confident riders to hounds. She comes to the meet in her sailor hat, perhaps—certainly if she finds it more comfortable—a covert coat, long boots and a habit cut shirt to the ankles—a mere apron of a thing which does not pretend to conceal her breeches, and is, on foot, the ugliest and most indecent dress ever worn by a woman, but is accepted as a matter of course because of its practical utility. By a curious contradiction, however, the same woman who walks about in the stable yard among the grooms in her habit without shame, would not be seen in the equally useful and much more graceful knickerbocker costume worn for the bicycle by women everywhere in France.

The hunting woman would not sacrifice her day's sport for any other pleasure on earth. But it means more than the chase to her; it means glowing downs, radiant with color, the beauty and sweetness of earth, the balsamic perfume of pure air, and health and strength. After hours in the saddle, she will return to the hall and bathe and ress and dine and dance till midnight; and then be up again, keen as the north wind, for more exercise, and fresh as the new day.

Changes at Children's Shelter.

Miss Gordon has resigned her position as matron of the Children's Shelter, East Adelaide-street, and is to be married to-day. Mrs. Lee Williams has been appointed to fill the vacancy. The present premises are to be vacated shortly, and a meeting of the board will be held on Tuesday next for the purpose of considering the purchase of a new building.

Chosen Friends' Officers.

At the last meeting of the Toronto Council, No. 108, Chosen Friends, the following officers were installed by P. C., Mr. A. J. Keeler: C.C., Edward Turner; V.C., Mrs. A. H. Monkman; Rec., W. Braithwaite, A. Rec., Miss L. M. Braithwaite; treasurer, M. Hickerson; Pref., W. Berry; M., Thomas G. Collins; W., Miss M. Gibson, G., George Whelpdale; S., E. J. Drake.

Canadians Invited to Join.

Cleveland, Ohio, Jan. 29.—At a meeting of the Legislative Committee of the Lake Carriers' Association here today, a resolution was adopted inviting all Canadian ship owners to join the organization. Heretofore the membership of the association has been practically confined to ship owners in this country.

Dined the Professor.

The students and faculty of the Natural Science courses at the University held a dinner last night in the University refectory in honor of Prof. Harrison of the O.A.C., Guelph, who lectured before them in the afternoon. Prof. Lang, president of the Natural Science Association, presided, and speeches were made by Professors Primrose, Macallum, Coleman, Walker, Miller, Jeffery and Dr. Parks.

ANNUAL BALL AT THE ASYLUM.

Between 300 and 400 Patients Enjoy the Dancing.

The annual ball of the patients of the Toronto Asylum was held on Wednesday evening, and was a delightful and novel affair, not only for the unfortunate inmates, but for the visiting ladies and gentlemen, who intermingled with them and entered heartily into the spirit of the occasion. Between 350 and 400 of the 750 inmates were permitted to take part. The ball room, as well as the east basement, which was used for a dining room, was prettily decorated with flags, bunting and potted plants, the work of preparation occupying the best part of four days. The musical program comprised twenty numbers, played by an orchestra of five pieces. About 40 members of the legislature, with their wives, attended, some of them taking the dances with the patients and enjoying the occasion immensely. Among them were Hon. J. R. Stratton, Hon. F. R. Latchford, Hon. Mr. Evanturel and ladies. A sumptuous supper was served by the Asylum staff, the 32 tables looking splendid. The asylum attendants will hold their annual ball next week.

THE SCAFFOLD FELL.

Hurling Two Workmen to the Floor of a Church.

A scaffold erected inside the Church of Christ, at the corner of Cecil-street and Spadina-avenue, gave way yesterday morning, and John Thompson of 142 East King-street, and Albert Melville of Centre-avenue, who were on it at the time, fell alighting on the seats below. Thompson sustained severe injuries to his head and had three ribs broken. He was removed to the Western Hospital. Melville escaped without serious injury.

Injured His Eye.

While at work yesterday morning in the C.P.R. roundhouse at Toronto Junction, Alfred McGuire had a small piece of steel lodged in his eye. The steel flew up from a hammer which he was using. He went to the General Hospital, entered the Eye and Ear Department, where efforts will be made to remove the particle. The eyeball was perforated by the steel missile.

Reception to Rev. Dr. Black.

The congregation of St. Andrew's Church, West King-street, tendered a reception to their pastor, Rev. Armstrong Black, and Mrs. Black last evening. The cosy church parlors were filled with the members, young and old, who spent a pleasant social evening. A number of the young ladies, robed in white and wearing dainty little lace caps, dispensed the good things from McConkey's, while an impromptu program of instrumental and vocal music added to the entertainment.
