THE ALGONQUIN HOTEL has a large number of guests and parties are arriving every few days in steam yachts, from Boston and other places.

THE MILK CAR, that comes into St. John every morning brings in about 1,000 gallons of the lacteal fluid every day. The work of delivering this milk through the city keeps ten teams steadily employed.

ST. JOHN IS CALM AND COLLECTED.—One day last week, it was reported that the thermometer registered 97 in the shade at Moncton; on the same day in St. John, we noticed several ladies wearing furs.—Restigouche Pioneer.

TWO LADY MISSIONARIES have just left the province for service under direction of the Methodist Church of Canada, in far off Japan. They are natives of Nova Scotia, and possessed of talent and culture. Where do not Nova Scotians find a home?—Bridgetown Monitor.

BAND IN CARLETON.—The Cushing Piccolo band will occupy the West End band stand to-morrow evening.

This band, which has been enterprising from the start, intends to better its condition by adding six more piccolos and a drum. It is always open for engagements.

THE DOUGLAS ROAD improvements are looked upon with much satisfaction by those who have to use the road. The gutter on the south side has been paved and the work of filling and gravelling has been completed from Main street to opposite the entrance to St. Peter's church grounds.

THE REPAIRS on the Marsh bridge are being made very slowly. A pile driver and a number of men have been employed there for some weeks, but, it appears, to very little purpose. It is said the job is a very difficult one. However, something should be done to hurry the work along.

FRUIT AND TOBACCO.—Mr. G. A. Stephenson, who lost his leg by being run over by the cars near Kirk's mill on Queen's Jubilee day over two years ago, has opened a neat looking store on Main street near Orange corner. He keeps pipes and tobacco on one side, and fruit, confectionary etc., on the other.

MAN MISSING.—We regret to learn that Francis McAleer, of this city, has been missing for several days. His family are naturally very much concerned about him and any infoamation as to his whereabouts will be gratefully received by them. He was a quiet and sober young man, a laborer, about twenty-two years of age, and his sudden disapperance is mysterious.—Charlottetown Examiner

GRAND LAKE COAL A SUPERIOR ARTICLE.—During the first day of the electric exhibition, some difficulty was experienced with the furnaces. The fault was laid to the Grand Lake coal which was being used. A quantity of Springhill coal was at once procured, but this proved even worse. The Grand Lake commodity was again resorted to, and an efficient stoker put in charge. No more trouble was experienced, and the exhibition committee are loud in their praises of the Grand Lake coal as compared with coal from other parts. A certificate recommending it will be issued.

HUSBAND WANTED.—Here's a chance for unmarried grocers and clerks or other parties of the male persuasion not already engaged: J. H. Rollins, grocer, High Rock, Lynn, Mass., found among his eggs, last Friday, one with the following inscription, but as he is married, says he will turn it over to some younger man:—"My name is Miss Effie Tinker. Captains of schooners which arrived from Grand Manan yesterday say the Spanish barque Victoria is ashore on Yellow Murr ledges. Her masts are settling down through her. Should it continue fine weather it is possible her sails and rigging could be saved. A number of the casks of sugar which floated away from her were picked up by schooners.

SHILOH'S CURE will immediately relieve Croup, Whooping Cough and Bronchitis. Sold by H. W. BARKER.

Mayor elect Lockhart will be sworn in at tomorrow's meeting of the city council.

The Halifax Carnival.

The weather continues fine in Halifax and yesterday many of the visitors were taken through the public institutions of the city, including the infirmary, infants' home, reformatory, brothers' academy schools, cothedral, churches, etc. The party visited Dutch village, the summer residence of his grace the archbishop, under the escort of Fr. Murphy. There the press representatives were entertained at lunch by his grace, and the hospitable manner in which the archbishop received and entertained his guests made him a great favorite with everybody. Speeches followed by several of the visiting press men. The horse races in the afternoon were well attended. In the 2.45 class, Carroll's Picton Sall won, with J. C. Mahon's Frank Allison, jr., second and Allie Clay, driven by Slipp, third. Best time, 2.44¼. In the four-year-old race, Clayola, driven by Slipp, won in three straight heats, with Flora of Pictou second. H. McMonagle's Ida Gray won the running race with Walter McMonagle's Stag second, a Sussex gelding owned by J. R. Smith third, A. J. Gross of Moncton's May Queen being fourth. Time 1.50. Tramp won the three-mile handicap pony race, Rowdy second, Traveller third and Boodler fourth. Time 1.52. In the match race between Muffin and Tramp the former won.

The illuminated harbor procession last night was in every respect acceptable success. Over fifty yachts, steam launches, tugs and steamers took part and the sight viewed from wharves and various places of vantage was grand. All the war ships, including the French, were brilliantly illuminated and decorated with lanterns. The night was slightly overcast and just suited for the illumination and fireworks.

The Lansdowne Theatre.

Augustin Daly's sensational drama: "Pique," was given its first production in this city at the Lansdowne last night, and was witnessed by a large house.

The play takes wide scope in its general plan and is interesting, especially as shewing the consequences first of permitting one self to adopt a course through pique, that one's nature, under other circumstances, would not entertain, and subsequently, the influence of maternal love as it dominates all actions and restores one to the just recognition and appreciation of devotion and duty in one's surroundings, this result being not a little aided in the discovery of the utter unworthiness of the subject of original regard.

The play was cast to the full strength of the company, and gave very general satisfaction.

The play is a difficult one and the manner in which it was given last night, when the very limited opportunity had for rehearsal is considered, furnishes but stronger evidence of the excellence of the Lansdowne Company. Miss Reeves played admirably of course, so did Mrs. Jamieson and Miss. Hampton each of whom received a tribute of applause on appearance, and Miss Hunter also; while Miss Haswell as Raitch literally brought down the house, when she told the thieves there was nothing in their garret but "rats."

The gentlemen all played well and Mr. McDowell and Miss Reeves were complimented by calls before the curtain. "Pique" will be repeated this evening and on tomorrow and Saturday evenings the "Shaughran" will be the bill.

As the season at this theatre will shortly close, every opportunity given to see this admirable company perform should be availed of by all who love the drama.

The Foresters

The high court of the independent order of Foresters met in sixth annual session at Moncton last evening. About 40 delegates were in attendance and there were some 20 other members of subordinate lodges, High chief ranger Creed delived his annual address, showing that the membership of the order in Canada had increased during the year ended July 1st from 9,858 to 14,286, or more than 30 per cent. The surplus funds had increased from $96,000 to $160,000, a gain of 66 per cent. Death rate was only five in a thousand in this the fourteenth year of the order's existence, which is less than the average of the past six years.

High Secretary Emmerson's report showed an increase in 14 courts during the year and a decrease in nine. The increases were largely in excess. When the high court last met in Moncton five years ago there were only 11 courts, with a membership of 174, now there were 28 courts with a membership of 7,911. Then only two courts were in good standing; now there were 26.

The suggestion that the order be extended to P. E. I., under the jurisdiction of N. B., will be fully considered. The session continues today and included in its work is the election of officers.

SPIRIT OF THE TIMES.

SOMETHING ABOUT ATHLETES AND ATHLETICS.

Suggestions Which Might Prove of Service to the St. John A. A. Club if Carried Out—Late Base Ball News—Big Oarsman at Pullman.

Athletic.

GOSSIP OF THE TRACK.

The championship meet of the M. A. A. Association will be held at St. John 28th of September.

The annual meet of the St. John A. A. club will be held on the Saturday previous.

Bolton, Brady, Tracey, Walsh and other Halifax athletes will likely be over for the annual meet, Sept., 28th, and will of course take part in the championship sports.

All of these athletes have been in practice during the summer, and will, in this way, have an advantage over St. John runners, who were never in the world known to begin training until a few weeks before the event.

Halifax men, too, have an advantage over St. John men, inasmuch as the various clubs in that city hold competitions throughout the season—thus affording an incentive to the men to keep themselves always in trim.

As regards athletics in this city there is need of united action on the part of those interested. It may be all very well to hold one annual meet, but there is need of more than this to maintain a strong athletic spirit. A series of events could be arranged in which a large number of the members of the athletic club might take part. Let each event be a hand-i-cap, and there is no reason why the weaker runners and jumpers shouldn't take part as well as the me better qualified. Two purposes would thus be accomplished. The good men—the athletes of the club—would be kept in practice, and the others would be educated to run and jump as should be all members of an athletic club.

It is no answer to this proposition to say that a very limited number would compete. Foster the spirit and watch the result. Let the events be well managed; let some inducement be offered; let a fair hand-i-cap be made. The object of the scheme must commend itself to everyone.

And now speaking of the Athletic Club's grounds. Why is there a keeper of these grounds, and yet the whole juvenile population of that modern Babylon—the Marsh Bridge,—allowed to run wild within the gates. Of an unscrupulous turn of mind, too, is this mob, whose criticisms are calculated to upset the equipoise of any germinating athlete, and yet the man who has the hardihood to question their right of opinion in the matter might just as well leave the club, he becomes marked in their garret but "rats."

The gentlemen all played well and Mr. McDowell and Miss Reeves were complimented by calls before the curtain. "Pique" will be repeated this evening and on tomorrow and Saturday evenings the "Shaughran" will be the bill.

As the season at this theatre will shortly close, every opportunity given to see this admirable company perform should be availed of by all who love the drama.

BIG OARSMEN AT PULLMAN.

CHICAGO, Ill., Aug. 6.—All the big, brawny, amateur oarsmen who are to compete in the regatta have arrived at Pullman except Rogers of Albany. He will report at the club's headquarters to-morrow. There never was a finer lot of scullers brought together than those who are to struggle for the supremacy on Thursday, Friday and Saturday. Hanlan, ex-champion, will arrive from St. Louis tomorrow, and may be asked to referee the races. Courtney, his old time competitor from Union Springs will also be present. Oarsman Kennedy, Hanlan's old opponent at the Point of Pines, says he expects splendid racing and the upsetting of several of the records. The eight-oared contest between the Atalantas of New York and the Bradfords of Boston is exciting great interest. Neither crew has ever suffered defeat. The Bradfords took a spin over the course this evening. They did not row at top speed and the critics were powerless to guage their wind. Conservative judges think the New Yorkers will win on account of their form. There will be a great crowd at Pullman to see the opening races.

Why the Wicked Live.

People sometimes impatiently ask, "Why do the wicked live?" For the same reason that God lets us live, to have time for repentance. Where would you and I have been if sin had been followed by immediate catastrophe? While the foot of Christ is fleet as that of a roebuck when he comes to save, it does seem as if he were hoppled with great languors and infinite lethargies when he comes to punish. I celebrate God's slowness, God's retardation, God's putting off the retribution! Do you not think, my brother, it would be a great deal better for us to exchange our impatient hypercriticism of Providence because this plan, by watering of stock, makes a million dollars in one day, and another man rides on in some bloated iniquity year after year—would it not be better for us to exchange that impatient hypercriticism for gratitude everlasting that God let us who were wicked live, though we deserved nothing but capsize and demolition? I celebrate God's slowness! The slower the rail train comes the better, if the drawbridge is off.—Rev. T. De Witt Talmage in New York Observer

SHUT OUT BY THE BANGORS.

The Bangors defeated the Boston Blues Tuesday at Bangor by a score of 10 to 0. The home team batted heavily and fielded finely, having only two fielding errors. Brilliant plays were made by Keith, Ruby, Donohue and Murray.

The score by innings was:—

Bangors	1	0	2	3	0	1	1	2	x	—10
Blues	0	0	0	0	0	0	0	0	0	—0

The score by innings was:

Frederictons	1	1	0	0	4	0	1	1	x	—8
Boston Blues	0	0	3	3	0	0	0	0	0	—6
