Snapshots Prohibited!

Do you know that at certain times "snapping" with your camera is prohibited? It is—by the quality of the light, which does not allow you to give sufficient exposure for your pictures to "come out."

Make sure of good results by bringing your films to us to be developed and printed, and possibly we can supply you with a timely tip or two that may be of value, and save you from wasting good material.

For bright snappy prints, bring your films to

S. H. PARSONS & SONS,
Corner Water & Prescott Streets.
