THE ARGONAUT ROWING CLUB.

A New Boathouse to Eclipse all Others in Toronto—The Buildings to Cost $10,000.

Toronto is renowned throughout the world for its aquatic proclivities, and there is no fear that its reputation in this respect will suffer diminution. As the population of the city increases, so do the votaries of the many boating clubs. Of these the number is legion, and prominent amongst them is The Argonaut Rowing Club. This is in a very prosperous condition, having a membership of about 300, of whom no less than 70 have joined this year.

Its local habitation is at the foot of York-street, where its boathouse is well known. The premises, however, are too small for the purposes of the club, and it has been resolved to erect a new boathouse and make a dock adequate to the growing importance of the club. The undertaking has been placed in the hands of Mr. A. R. Denison, C.E., architect, 20 King-street west, who has designed plans for a handsome and commodious boathouse, with every facility for the comfort and convenience of the members.

Some idea of the character of the work may be gathered from the fact that the total cost will be about $10,000, and that when completed the boathouse will probably be the handsomest in Canada. The dock will extend about 130 ft. further out into the Bay than any other at Toronto. Altogether the wharf will be 406 ft. long by 50 ft. wide. A water well will be reserved at one end of the club building for racing boats, and this will be spanned by a neat bridge. The dock will be most substantially built—of strong timber. The clubhouse will be 50 ft. by 120 ft., and will be 46 ft. above the water level. One important feature of the new building will be the extensive balconies, one of which will be 41 ft. long and 9 ft. wide, and the other 16 ft. by 50 ft., the latter overlooking the Bay. A grand promenade surmounts the club-house, from which a fine view will be had. It will be 50 ft. by 72 ft.

The building will be covered with patent ornamental metallic shingles, and will be handsomely painted—light and dark olive green, varied with maroon. There will be a spacious vestibule, 10 ft. wide by 30 ft. long; also wide staircase leading to the first floor. The ground floor will be entirely for boating purposes, with large sliding doors opening at the north and south ends. The fitting of the house will be complete, racks and trucks being used for the conveyance of the boats. The northern portion of the ground floor will be for racing boats, and the remainder for the private boats of the members. Upstairs there will be an assembly-room 32 ft. by 50 ft., with handsome fireplace and bow windows. Adjoining will be the committee room. There will also be other rooms—one, a ladies' dressing room and also one, admirably arranged, for the sole use of the members. The latter will be 34x23 ft., and it will also contain a large plunge-bath and several smaller baths. Among other accessories will be a gymnasium, 30x50 ft., with high ceiling.

Enough has been said to indicate the character of the building, which will be most strongly built of heavy frames bolted with iron. The contractors are, for the dock, Chas. Robertson, and for the club-house, Mr. Norris. It is proposed to rent for dockage the old building, reserving a 10-foot water-way for the club. The work is now in progress, and it is intended to have a big opening in the fall, amongst the projects being a ball on as grand a scale as any given in Toronto.

The Argonaut Rowing Club is certainly a success.

Give Them a Chance!

That is to say, your lungs. Also all your breathing machinery. Very wonderful machinery it is. Not only the large air passages, but the thousands of little tubes and cavities leading from them.

When these are clogged and choked with matter which ought not to be there, your lungs cannot half do their work. And what they do, they cannot do well.

Call it cold, cough, croup, pneumonia, catarrh, consumption or any of the family of throat and nose and lungs of which these diseases are the head, all ought to avoid of. There is just one sure way to get rid of them. That is to take Boschee's German Syrup, which all druggists will sell you at 75 cents a bottle. Even if everything else has failed you, you may depend upon this for certain. 135

Don't fail to procure Mrs. Winslow's Soothing Syrup, for your children while teething. It has been used by millions of mothers during the last forty years for their children. Cures wind colic, diarrhœa. Be sure and get Mrs. Winslow's Soothing Syrup. 25c a bottle. 135

Photography.

—No art is more prominently and conspicuously brought before the public than photography. The question often asked is, "Where can I get a life-like picture?" At Lemaître's, 324 Yonge-street," is the answer. By careful attention to business and using the best material, and employing only first-class assistants, L. Lemaître has built up a business that will bear comparison with any in the city. 261

—Give Holloway's Corn Cure a trial. It removed ten corns from my pair of feet without any pain. What it has done one it will do again.

"WALKER THE WIZARD."

Rouse ye! my gallant helpmates,
The valiant Walker said,
Grammercy, by my halidome,
We'll boom this trade, he said.
The prices of all furniture
We'll lower many a peg,
'Till 'tis within the reach of all
Who now desire to wed.
For marry! said he, such high terms
Are far beyond the round
Of those with little capital.
So let us fill the breach,
And by our Weekly Payment plan
Give ev'ry man a chance
Upon the sea of life his little
Bark to gayly launch.
No longer in a boarding-house
To spend his evenings drear,
A bachelor, poor wight! without
Home comforts, graceful cheer.
We'll place it well within his pow'r
To start; and with his dear
To share a cosy little home,
With ev'ry comfort neat,
Well carpeted, a parlor suite,
And pictures on the wall,
A stove to warm on wintry nights,
A hat-stand in the hall;
A kitchen neat with cupboard filled
With dainty crockery ware,
The bed-room furnished all complete,
His whilom friends would stare,
And question how it came about,
This youthful, happy pair,
A nest so cosy, snug and neat,
Thus early he could share,
Without Aladdin's lamp to work
A marvel now so rare.
Then boldly would they answer,
And their benefactor praise,
And say 'twas Walker's system
That helped their home to raise.
'Twas he who so inspired us
With hope when all seemed dark
And the happy thought came o'er us
As one eve we quietly walked,
Why longer wait for happiness?
A home now let us seek,
For "Walker" well will furnish it,
We'll pay for 't "By the Week."

Young people, do not miss your opportunity. We will furnish a house from top to bottom if required. Every article required in furnishing for hot or cold weather at lowest prices. Payments arranged on the most reasonable terms. Aladdin discounted; his wonderful lamp as a penny candle to the electric light of "Walker's Instalment Plan."
