PRINCE LOUIS AT QUEBEC GUNS THUNDER SALUTE

Six of the Premier Ships of Royal Navy Make Imposing Spectacle.

Quebec, Aug. 11.—Amid the thunder of guns from the citadel, the ships of the second cruiser squadron, under command of H. S. H. Prince Louis of Battenburg, arrived in the harbor of Quebec at 4.30 o'clock this afternoon and cast anchor to remain for a visit which promises to be of the greatest interest, and in honor of which the citizens of the ancient capital have made preparations on a grand scale for a round of festivities such as have been seldom witnessed here.

Upon the arrival of the fleet the admiral, Prince Louis, was received by a salute from the citadel and the salute was replied to by the flagship. Every point of vantage overlooking the river was crowded with those anxious to witness the spectacle of six of the premier ships of the royal navy coming up the river.

Admiral Prince Louis with his staff landed about 6 o'clock and drove up to the governor-general's quarters to make his official visit to his excellency and returned back to the ship about 7 o'clock.

The governor-general, Lord Grey, will go on board the flagship to-morrow morning.

WILL ADD TO STAFF.

The railways are beginning to make preliminary arrangements for the handling of the heavy volume of traffic that will come with the opening of the fair. The special rates will go into force on Aug. 28, and will be continued till Sept. 9.

In order to handle the immensely augmented volume of freight and baggage, from 40 to 50 temporary men will be taken on, and this number, together with the emergency employes of the express and transfer companies, will bring the number of extra help around the Union Station to about 100.

TO SETTLE RATE WAR.

Niagara Falls, N. Y., Aug. 11.—(Special)—Freight traffic managers, representing the Gulf, Atlantic and western trunk lines, held an all-day conference in an ineffectual effort to settle the sugar rate war. The eastern representatives refused the proposition advanced by the gulf men. Another meeting will be held in New York City in two weeks, probably on Aug. 23, at which time the same subject will be considered.

New York Excursion, August 14th.

Write Louis Drago, Canadian passenger agent, West Shore Railroad, 69 1-2 Yonge-street, Toronto, for full information about $9 round trip rate Suspension Bridge to New York, Aug. 14. Good fifteen days for return. Privilege of trip on Hudson River boats, without extra charge. ed

May Be the Housebreakers.

P. C. Tipton yesterday arrested John Field, John Comiskey and James Sullivan. The first is charged with vagrancy and the other two with being drunk. The police believe that they are members of the gang who have been entering houses in the west and northern parts of the city.

MECHANIC AND COFFEE.

The Old Coffee Troubles Left When He Quit.

"Since quitting coffee I am hearty and well at 63 and go to my work every day and feel stronger and better in every way than I used to do when I was considerably younger.

"I am a mechanic and have been a great lover of coffee and used it all my life until a few months ago, when I made up my mind that it was hurting me. I suffered from constipation, indigestion and kidney troubles, and I used to bloat up and have pains in my back.

"Something had to be done, and I quit coffee—the old kind, I mean—and began to use Postum Food Coffee. In a few weeks I was a well man again. My bowels became regular, my food digested comfortably, the bloating and pains in my back no longer troubled me and my kidneys resumed healthy, normal action. That impaired condition remains. I am sure I owe it to Postum Coffee, for I have used no medicines.

"I like Postum much better than the old kind. It seems to be more satisfying, and I and my whole family drink it morning, noon and night. This is my honest statement of what Postum has done for me." Name given by Postum Co., Battle Creek, Mich.

There's a reason.

Get the little book, "The Road to Wellville," in every pkg.

NO AGREEMENT IS LIKELY BETWEEN LIGHT PEOPLE

Fugitive Shackleton Gives Himself Up—Body Found in Bay Still Unidentified.

Hamilton, Aug. 11.—J. M. Lowry, vice-president of the Dominion Gas Company, left this city for Pittsburg this evening, without having made any arrangement with the Ontario pipe line people with regard to taking over their franchise. He did not seem to think an agreement would be made between the companies.

Gives Himself Up.

After being a fugitive from justice for one month James Shackleton gave himself up to the police this morning at 4.10, when he went to No. 3 police station. Shackleton and Peter Williams, who were both employed at New's brick yard, had some words, which led to blows. Shackleton took a pick and struck Williams on the head, inflicting a serious wound. For several days it was thought that Williams would die, but after a couple of weeks he recovered and is now about again. Shackleton made his escape, and for the last month has been living in the ravines in the west end of the city. He became very tired of that life, hunted continually by the police, and decided to face the charge of aggravated assault that has been laid against him. He was remanded till Monday, when he will be tried.

Still a Mystery.

The identity of the woman who was found in the bay Wednesday afternoon is as much a mystery as ever. The body was buried this morning. It was thought that she was Miss Arnold of Waterdown, but her parents received a letter from her from Cleveland, yesterday.

Short Weight Bread.

Complaints are being made about the bakers delivering short weight bread to the citizens. The aldermen may take the matter up and pass a bylaw to prevent the bakers from cheating their customers.

Breaks in Water Mains.

City Engineer Barrow has made a full report of the cause of the low water pressure that prevailed prior to the completion of the high level reservoir. There were a series of breaks in the mains, which caused the trouble. He adds to his report some recommendations which he thinks would prevent a recurrence of the trouble.

Has Appendicitis.

Robert Hobson, manager of the Hamilton Steel and Iron Company, who intended going to England in a few days, was taken suddenly ill and was removed to the city hospital, where he was operated on for appendicitis this afternoon.

Briar pipes 10 cents to-day at Billy Carroll's Opera House Cigar Store.

MAINTAINS THAT STATE IS FIRST IN EDUCATION

Mgr. Pascal of Saskatchewan Writes Pastoral Letter on Christian Education.

The Manitoba Free Press says: Mgr. Pascal of the apostolic vicariate of Saskatchewan has issued a pastoral letter on the question of Christian education. While contending for the rights of the church to interest itself in educational matters, he contends that the state's rights do not go further than to assure itself that the children are educated to become good citizens. The child does not belong to the state. That it does has been contended by ancient pagans and is maintained by the pagans to-day, but it is false. The child belongs to God and to its parents, who, in educational matters, must follow the teachings of the church. Consequently, when the state undertakes to substitute itself for the church, it becomes an intruder; and if it gives to education a direction in conflict to the direction of the church, it is guilty. By making God a mere name, it is laying the foundation for a generation which shall respect neither common honesty, moral nor divine authority nor civil authority.

Consequently, Catholics, if they seriously wish to be considered as such, must require, ask unceasingly for schools under the direction of the church.

After summarizing this document, The Cloches de St. Boniface shows the number of Catholic settlements under the jurisdiction of Mgr. Pascal, of whom twelve are German. Commenting on this latter fact, the editor says:

"It is a fact of exceptional significance for the Catholic Church in the Canadian West. It is well known that German Catholics, in the United States as well as in Germany, are very much attached to Catholic schools. They will not divide themselves into two political parties, Conservative and Liberal, but will follow the church in school matters. It is a powerful factor acquired by the church in the new Province of Saskatchewan."

PROMINENT BARRISTER DEAD.

McDowall Thomson Fell From Car Concussion of Brain Followed.

As the result of a fall from a car on Monday evening last, Robert McDowall Thomson, the well-known barrister, died on Thursday night. Mr. Thompson was returning from Aurora, where he had been visiting at the farm of his father-in-law, Sir William Mulock. He was about to alight from a car at the corner of Huron and Bloor streets, but before he was safely on the ground the car started forward with a jolt. He was thrown violently forward to the pavement and was picked up unconscious. He was taken to his home at 129 Lowther-avenue, where he lay until Thursday night suffering from concussion of the brain.

The greater part of Mr. Thomson's 39 years had been spent in Toronto. He was for some time a member of the firm of Mulock, Mulock & Lee, but latterly had carried on an independent practice in the Canada Permanent Building. He leaves a widow, the daughter of Sir William Mulock, and three children.

The funeral will be held from the family residence to Mount Pleasant Cemetery at 3 o'clock this afternoon. The services will be conducted by Rev. Canon Welch, and it is expected that a large number of Mr. Thomson's friends will be present to pay a last tribute.

Peel Old Boys.

A large and enthusiastic meeting of the Peel Old Boys was held in the King Edward Hotel last night, with W. D. Earngey in the chair. The election of officers was deferred for two weeks. A representative committee was selected to complete arrangements to attend Brantford Fall Fair on its second day. A military band will accompany the brigades on their outing. Mr. Sol White, ex-M. L. A. for Essex, a former resident of Peel, was present, and delivered a splendid speech concerning the early days of Peel.

LIFE CO. URGES INQUIRY WILL BEGIN OCTOBER 1

Federal Authorities Hope to Have Co-Operation of States in Examination.

New York, N.Y., Aug. 11.—Insurance Commissioner Folk of Tennessee announced to-day that an inter-state examination of life insurance companies would commence on Oct. 1. The New York Life Insurance Co. will be examined first.

Mr. Folk said the conference was held at the invitation of President McCall. He added: "Mr. McCall stated that the company would welcome a full and complete examination of its affairs, and hoped that, if interstate examinations of life insurance companies were to be made, the New York Life Co. would be the first examined. This was agreed to.

"It being the desire of the commissioner and the company to avoid conflicting with the work of the New York legislative committee, it was decided that the examination should begin on Oct. 1. It was assumed that the New York legislative committee will have completed its enquiry into the affairs of the New York Life by that time."

Mr. Folk said that he and his associates hoped to secure the complete co-operation of the states and have examinations into the affairs of the various companies made at regular periods. He said:

"We regard our arrangements made to-day to examine into the affairs of the New York Life Insurance Company as the first step toward the realization of our plans. There has been a great deal of clamor for federal supervision of the insurance companies. Our plan, if completely carried out, would be a practical substitute."

LABOR DAY ARRANGEMENTS.

Marshals of Parade Are Appointed —Trade and Labor Notes.

When the shareholders of the Labor Temple meet for the reception of the annual report they will be cheered with a statement showing that the venture has been a success and that in addition to providing suitable accommodation for the numerous labor bodies at a smaller cost than under the old arrangements of scattered meetings there is a substantial cash balance to the good.

The Labor Day committee had a session last night and chose the marshals for the big parade. C. J. Saunders will be chief marshal again this year, and his deputies will be R. Lee, J. A. McIntyre, R. Totten, Owen Finnegan, Wm. Haight and E. A. Skill. Returns have been received from nearly all the unions stating what part they intend to take in the demonstration. It was decided to sell tickets thru special delegates from the committee and also thru representatives of the local unions.

There was a big meeting of the Plumbers', Steam and Gas Fitters' Union last night and they talked over Labor Day proposals. It was decided to engage the band of the Governor-General's Body Guard, to have floats and to wear a distinctive blue uniform. The plumbers will have their annual excursion at St. Catharines.

The leather workers on horse goods had an open meeting, which was well attended. Bro. W. Berry of Hamfilton, organizer for Canada, and Bro. McMorrow of the Boot and Shoe Workers, Boston, addressed the gathering on organization and the union label.

Cabinetmakers, 157, of the Amalgamated Woodworkers' Union, met and appointed C. L. Wilson delegate to the Dominion Congress, which will meet in the Temple Sept. 18.

No Hurry for Roundhouse.

The Grand Trunk round house at Mimico is nearing completion, and the work of laying down tracks will soon be begun. Resident Engineer Somerville expects that the new structure, which will be one of the largest of its kind on the system, will be in a condition for use in a couple of months. The preliminary leveling was started about a year ago, and the roundhouse could have been finished ere this, were there a pressing need, says Mr. Somerville. As it is, the work has been going on in a leisurely fashion.

JEWELERS TO HIS EXCELLENCY THE GOVERNOR-GENERAL.

Amethyst Brooches

¶Unprecedented demand is the tribute to Diamond Hall's new Amethyst Brooches.

¶Some show beautiful combinations with Pearls. Others consist of the single Amethyst in a new-old setting that recalls the "rich simplicity" of ancestral jewels. One at $17.50 is special value.

FIELD BATTERY ORDERS.

Date Set for Recruit Drill—Three Days' Practice at Petewawa.

Orders of the 9th Field Battery, just issued, appoint Tuesday, Aug. 22, the first recruit night of the season. Recruit drills will take place on every succeeding Tuesday and Thursday night until further orders. Regular battery drills will commence on Tuesday, the 29th inst., and be held on every succeeding Tuesday. On Oct. 3 the battery will proceed to Petewawa for three days' practice with live shell.

As now carried out this practice, which is a competition between the batteries of the Dominion, is a "most vivid and realistic spectacle."

Captain Mitchell, Capt. Hall, the subalterns, commanding sections, the sergt-major, quartermaster-sergeant, and eight experienced gun layers will proceed to Petewawa ahead, of the main body to arrange the camp. Corp. M. R. Grant is promoted to sergeant, Bomb. Roper to corporal and Gunner Grant to bombardier.
