NATIONAL LEAGUE AVERAGES.

Official Figures Also Place Burkett at the Top of the List.

President Young has announced the batting averages of National League players who took part in 15 or more championship games during the season of 1896. At the head of the list stands Burkett of Cleveland, with a percentage of .410, while Jennings of Baltimore is second, with .397. Delehanty of Philadelphia got the third place with .394, and Keeler and Kelley of Baltimore took fourth and fifth places, with .392 and .370 respectively.

Hoy of Cincinnati led the league as a sacrifice hitter, with 33 sacrifice hits to his credit. Ely of Pittsburg came next with 28, and Dahlen of Chicago was third, with 27. Tenny of Boston sacrificed 21 times, and Donnelly of Baltimore and Duffey of Boston each made 20 of this class of hits. Ten sacrifices each are recorded for Gleason, Beckley and Wilson of New York. Tiernan made 5 sacrifice hits; Joyce 2; Davis, 6; W. Clark, 2, and Connaughton 5.

Willie Lange gave the century mark a narrow squeeze for stolen bases, for he pilfered 99 of them during the season. Hamilton of Boston was second with 93, and Joe Kelley of Baltimore third with 88.

Captains Joyce of New York and Ewing of Cincinnati tied for 13th place with 47. Davis of New York took 15th place with 45. Sixteenth honors fell to Gleason of New York with 44. There was a scramble for 18th place between Van Haltren of New York and Dowd of St. Louis, each having 42 stolen bases. Those who stole 30 bases or more during the season are Tiernan of New York, Ryan of Chicago and Brown of Washington, with 34 each.

The averages of the first 25 men are as follows:

THE CANADIAN LEAGUE.

Hamilton, Oct. 26.—It is proposed to call a meeting of all clubs having at present a franchise in the Canadian League, for the purpose of transacting some preliminary business in connection with next year's league. On account of Gait's disbandment, it will be necessary to increase the membership by the addition of one or three cities. It is desired that Toronto be represented at this meeting, and Mr. Sippi has written President Stout of the Hamilton B.B.C., asking that he correspond with interested parties in Toronto with a view to having a team in there in '97. Mr. Stroud will be in Toronto next week to look over the situation.

JESSE KETCHUM WINS THE CUP.

Church-street School and Jesse Ketchum, having tied for first place in the junior lacrosse series, the deciding game was played off at the new Rosedale grounds yesterday and resulted in a victory for Jesse Ketchum by three goals to one. Mr. Rose gave entire satisfaction as referee. Mr. Reese acted as field captain for Jesse Ketchum and Mr. Groves for Church-street. The cup will be formally presented to the Jesse Ketchum team at the Church-street concert at the Pavilion next Thursday night.

TRINITY TO TORONTO MEDS.

Trinity and meds and hospital staff are anxious to meet their confreres of the Toronto School on the cricket crease next week. Having been beaten at baseball, they will have a chance to redeem themselves, and should this games be Toronto the Rugby match later on will decide the field championship of the year. Trinity will agree to play any place, and if Toronto agrees to go to the Trinity campus they will be supplied with a complete cricket outfit for the match.

PETER MAHER AND CHOYNSKI.

New York, Oct. 26.—It has been definitely settled that Peter Maher and Joe Choynski will meet in a 20-round contest before the Broadway A.C. on Nov. 17.

After these men had been secured by the matchmaker of this club there was some little difference of opinion among the stockholders as to the advisability of permitting big men boxing in their arena and courting police interference. This feeling has been overcome and the men have been notified that the contest will be decided on the date above.

Parson Davies and Joe Choynski will arrive in this city from Chicago on Wednesday, and on Thursday they will take up their quarters at Oceanic, N.J., where Choynski will put the finishing touches to his training. Peter Maher will continue to prepare himself at Sheepshead Bay.

ATHLETIC CLUBS AND BOXING.

New York, Oct. 26.—The Law Enforcement Society of Brooklyn has started a crusade against the new plan of pulling off boxing matches. The society has made formal complaints against several athletic clubs which have recently held entertainments under the law passed at Albany last winter. It is alleged that the so-called scientific boxing bouts are nothing less than prize fights, and that the law has been directly violated by the imposition of an admission fee.

He Cursed in Church.

Windsor, Oct. 26.—The congregation of the Methodist Church was startled yesterday forenoon by a man who set out a string of curses and then announced that he was one of the "children of the Lord." Constable Lister arrested him. He was sent to jail for 14 days in default of a fine of $7. He said he was Frank Leonard, and that he had come from Chicago and Detroit.

Hog Cholera Spread.

Windsor, Oct. 26.—Hog cholera continues to spread in the county near Amherstburg. W. C. McGee, 80 of whose hogs were killed by the Government, said to-day that hogs were being killed in order to prevent the plague spreading. He said two colored boys had died from the effects of having eaten some of the diseased meat.

WHEELMEN AFTER RECORDS

Axton's Successful and Disastrous Attempt at Brantford.

He Was After the Hour Mark, Collided With a Tandem, Fell and Broke His Collar Bone, After Making New Figures for Intervening Distances—Unsuccessful Trials at Woodbine Park.

Brantford, Oct. 26.—A large crowd attended the record-breaking bicycle contests to-day at the Parkdale Driving Park. R. O. Blaney lowered the one-mile standing start of John Davidson from 2.08 to 2.06 2-5, paced by Tucker, and Boke and Sherritt and White.

R. E. Axton attempted to break the hour record, paced by four tandems, but, after riding 19½ miles in 46.32 2-5, collided with a tandem, falling and breaking his collar bone. His fastest mile was in 2.12, paced by Tucker and Boke. He broke the following records. Six miles, by 4-5 of a second, riding it in 14 minutes 21 1-5 seconds; 13 miles, by 38 2-5 seconds, riding it in 30 minutes 59 3-5 seconds; 14 miles, by 54 4-5 seconds, riding it in 33 minutes and 17 2-5 seconds; 15 miles, by 1 minute and 1 second, riding it in 35 minutes 44 4-5 seconds; 16 miles, by 1 minute 6 4-5 seconds, riding it in 38 minutes and 2 1-5 second; 17 miles, by 1 minute and 14 1-5 seconds, riding it in 40 minutes and 37 3-5 seconds; 18 miles, by 1 minute and 25 seconds, riding it in 43 minutes and 2 2-5 seconds; 19 miles, by 1 minute and 25 1-5 seconds, riding it in 45 minutes and 24 2-5 seconds, and riding the first half of the 20th mile in 1 minute and 8 seconds. Had he not met with the accident he would undoubtedly have made 26 miles in the hour. He rode Angus McLeod's wheel, geared to 87.

McLeod, Loughead, Westbrook, Blaney, Tucker and Boke will go for records tomorrow. The following tandem teams paced Axton: Tucker and Boke, Windcup and Smith, Sherritt and White, Muir and Bennet.

TRIALS BY GENDRON FLYERS.

Members of the Gendron team visited Woodbine Park and took a preliminary canter at the records. They were unsuccessful, but with a continuance of fine weather hope to make new marks this week. The following attempts were made:

¼-mile, unpaced, flying start (two trials)—F. Young, 28 sec. and 27 4-5 sec.

¼-mile, unpaced, flying start—C. Elliott, 28 sec.

¼-mile, unpaced, flying start—C. Greatrix, 27 1-5 sec.

½-mile, paced by McCall and Elliott, flying start—C. Greatrix, 26 3-5 sec.

Elliott lost his pedal about 50 yards from the tape, or the record might have been broken.

AT EXHIBITION PARK.

The employes of the Gutta Percha & Rubber Manufacturing Company's factory held their first annual bicycle races on Saturday afternoon at Exhibition Park. There were three races in all, each of which was hotly contested. In the five-mile handicap there were 17 starters, who finished in the following order: J S McMurray 1, Gus Pennel 2, H Hill 3, T Rushworth 4, T Sherlock 5, John Ogilvie 6, A Ansell 7, F Hyde 8, E Vander Linde 9, W H Alderson 10, H Shelley 11, R Dalton 12. The other five starters did not receive a prize. The time prize was won by J S McMurray in 17½ minutes, and first married man's prize by H Hill. In the one-mile handicap there were eight starters, who finished in the following order: Gus Pennel 1, H Hill 2, John Ogilvie 3, T Rushworth 4, T Sherlock 5, John Beady 6, T Hyde 7, A Ansell 8. There was also a half-mile race, with three starters, who finished as follows: Gus Pennel 1, H Hill 2, John Beady 3. In the first race there were 12 prizes, second race six prizes and third race two prizes.

ACCIDENTS TO WHEELMEN.

There are many persons who are pointing out to their cycling friends the numerous accidents which occurred during the summer to wheelmen and wheelwomen, and they try to make the point that wheeling is a dangerous pastime. The proportion of accidents to the number of persons engaged in the pastime of wheeling is no greater this year than in years past; in fact, it is not so great. In former years the bicycle was not so popular as it is at present, and every little minor accident which occurred then was not chronicled, as is now the case. Wheeling is not a dangerous pastime, and risk of personal injury from riding a wheel is not as great as in nearly every other sport. Those who use a little precaution need have no fear of accidents. Of course, the most careful will some time have a mishap, but the majority of accidents occur to persons who may be called "happy-go-lucky," and who, having "eyes see not, and ears hear not." It is the scorcher, the jay who thinks on the wrong side of the street and the careless and haphazard cyclers who most meet with accidents. There is a saying: "Learn to ride first, and then ride a wheel." A more appropriate bit of advice would be: "Get a copy of the rules of the road and the ordinances relative to them, learn them, and then learn to ride and get a wheel." The trouble with most wheelmen is that few know how to manage their wheels in cases of emergencies, and very few know the rules of the road, and to this may be attributed nine-tenths of the accidents.

BICYCLE BRIEFS.

Rivierre and Huret, the French cracks, have come to terms for a 24-hour championship race, to be held at the Velodrome d' Hiver, Paris, next month.

The Athenaeum Cycling Club will hold the first of a series of pedro entertainments for the winter at their club rooms, 165 Church-street, at 8.30 to-night. Members and their friends are cordially invited.

The village trustees and the people of Jamaica, L.I., are at odds over the repairing of the local highways. While they are out the bicyclists who ride through their village are getting good roadways. They are permitted to use the sidewalks, and are making the most of the privilege.

The Bald-Cooper controversy still goes on, with a brighter chance of the races meeting this year. Bald wired his acceptance of Cooper's challenge last week. Eddie insists on a month's preparation after signing articles, as he is not in form at present. He is going to Syracuse this week, and will afterwards visit Zimmerman at his home in New Jersey. This trip will take up two weeks of his time, after which he will start in to train for the race with Cooper. Bald is willing to have the race come off either in the South or West.

BACON WON THEM ALL.

Glasgow, Oct. 25.—The third contest between the Irish-American champion long-distance runner, Thomas P. Conneff, and the English champion, Frederick E. Bacon, distance two miles, was run Saturday, and won by Bacon by 15 yards. Bacon, who won almost as easily as he did in the two previous contests, made the distance in 9 min. 41 2-5 sec.

SPORTING NOTES.

The pigeon match between C. Cockburn and I. M. Scott will take place next Friday, between 2 and 4 p.m., at Newmarket race course, East Toronto. Alf. Dickie will act as referee.

The second game of the tie match, Tschigorin v. Charousek, was played at Buda-Pest yesterday. The latter selected the Two Knights' defence, and was beaten after 29 moves. The present score is: Tschigorin 2, Charousek 0.

William H. Murray, for two seasons manager of the Providence baseball team, has been asked to take the management of the Philadelphia team. He will probably accept, as in any event he is liable to be drafted as a right fielder for that team.

Charles Boyle's 3-year-old filly, Swipes II., was badly damaged in her last race, her pastern being broken. Her fracture is of the simple order, and it has been encased in plaster of paris. There is a good chance that the bone may knit well and not interfere with her racing.

The annual meeting of the Lake Yacht Racing Association, which was to have been held on the second Saturday in November, has been postponed until after the conference between the representatives of the Inter-Lake, Lake Michigan and L.Y.R. Associations, the object being to have uniform rules and classification.

The stewards of the Westchester Racing Association, in announcing that W. E. Smith was fined $100, added that "it was further resolved that the stewards will recommend the revocation of the license of any trainer found making remarks calculated to intimidate bidders on selling races. The attention of owners is called to the sixth section of Rule 131 of the Rules of Racing."

THE MEDFORD RACES.

Medford, Mass., Oct. 26.—The races today attracted with the 2.16 class pacers. The first heat was Architect's. The second heat brought a new horse to the fore, and though Architect made a grand try for the place, Allen Boy came home ahead. Architect won the third and fourth heats and race. The next was the 2.20 trot. This was won by C.H.F. in three straight heats. The closing event on the program for the day was the 2.13 class. Prince Albert won the first heat and Robert Wilkes the second two, when the race went over until to-morrow. Summaries:

2.16 class, pacing; purse $400—Architect won, Allen Boy 2, Mary B 3. Time 2.15¾. Canada Mac got fourth place.

2.20 class, trotting; purse $400—C.H.F. won, Haldenette 2, Miss Dainty 3. Best time 2.17¼.

THE DOPE HORSE RULED OFF.

Singerly, Md., Oct. 25.—The practice of running "dope" horses without administering the usual dose of "extra exhilarant," got a decided setback by the officials of the Singerly course Saturday. Milton T. was a heavily-played favorite in the third race, with Ella Grace a strong second choice. Both are notorious dope horses. His Grace won the race easily, while Milton T. was never a contestant. Jockey Thomas, who had the mount on Milton T., was promptly ruled off the track by Judge Martin. The boy stated in his own behalf that the horse had run in smooth plates and had no dope. His assertion led to an investigation, which resulted in the ruling off of the horse and his owners, R. L. Hubbard and E. Whitehead. Woolsey, trainer of His Grace, is also under suspicion.

"SISTER" TUCKER ON ½ MILE TRACK.

Aunt Jane Tucker is a good pious old lady who abhors worldly things. Uncle Silas Tucker is a good old man who admires a good piece of horseflesh. Uncle Silas has a great 3-year-old colt that can reel off a mile on the road in 2.30, and whenever Uncle Silas goes to town he turns into the open gate of the track and speeds his colt for a couple of miles, but he never tells Aunt Jane anything about it.

Sunday a week ago Aunt Jane started for church with two of her grandchildren in the buggy, behind Uncle Silas' colt. It jogged along like an old cart horse till it came to the gate of the race track, and then, before Aunt Jane could gather up the lines, it darted in and started around the track at a 2.30 clip.

Neighbors on their way to church were scandalized to see Aunt Jane speeding a horse at that wicked place on the Sabbath and shouting like a veteran, while the ribbons of her bonnet streamed out behind. And, though they called, "Sister Tucker!" she kept on four times around the half-mile track. A great crowd gathered to witness the horrifying spectacle, and shouted, "Sister Tucker!" every time she came around.

Finally the colt slowed down and jogged quietly off to town. And now Aunt Jane Tucker has been called to account before the congregation for her sinful conduct.—San Francisco Post.

Consumers' Gas Company.

The forty-eighth annual meeting of the shareholders of the Consumers' Gas Company was held at noon yesterday, at the company's office, 19 Toronto-street. The vice-president, Dr. Larratt W. Smith, occupied the chair and presented the report of the directors, which was unanimously adopted.

On a ballot being taken, the following gentlemen were unanimously re-elected as directors for the ensuing year: Samuel Alcorn, James Austin, M. Baldwin, G. S. C. Bethune, Henry Cawthra, George R. R. Cockburn, M. A.; Isaac C. Gilmor, George Gooderham, James Henderson, M. A.; Dr. Larratt W. Smith, Sir Frank Smith, Thomas R. Wood.

At a board meeting held subsequently, James Austin and Dr. Larratt W. Smith were re-elected president and vice-president respectively.

THE TWO TORONTO TEAMS.

Will They Play Off the Final for the Rugby Union Championship?

The two Toronto teams that are expected to play off the final for the Rugby championship indulged in light practise yesterday.

Varsity's men emerged wonderfully well preserved from Saturday's fierce struggle with Queen's. Caldwell is the only man whose injury seems to stay with him, and he may be all right for Saturday. He was out yesterday. The work of George Campbell, the first substitute, who replaced Norris, has been generally favorably commented upon, and he is sure to be in the game this week. With Kingstone on the half-back line, Varsity has no fear of losing the round.

The Torontos will go down to Kingston prepared to make up those five points and put on a few more to safely stow away the round.

Joe Wright will be back into scrimmage, with Hoskins and Glassco on the wings and Merritt again at half-back.

R.M.C. gave them a good lesson, and over-confidence has been counted out of their stock-in-trade. A large detachment of cadets, gally bedecked with Queen's colors, took up a prominent position and rooted for Queen's against Varsity Saturday. It was the first time the like occurred, and Queen's will return the compliment when T.A.C. tackle the Soldiers on Saturday.

Queen's suggests that Dr. Clarke and W. Nickle act as referee and umpire for next Saturday's match.

The Lornes say they will win their protest from Varsity's intermediates. Their protest was lodged yesterday morning, accompanied by a cheque for $25. The protest will be decided to-morrow.

U. C. C. V. RIDLEY COLLEGE.

This match was played at U.C.C. on Saturday morning and resulted in a decisive victory for the home team by the score of 33 to 0. The visitors' team was very light and composed largely of new players. The Upper Canada team had only three of last year's senior players, but a good second fifteen had filled up the vacancies and made up a very creditable aggregation. Capt. Petherbridge chose to kick against the wind, which was blowing a gale from the west. From the start, U.C.C. played an admirable game, keeping the ball down and not attempting to kick. Their scrimmage worked nobly and Waldie at quarter used excellent judgment in getting the ball out. The college wings were very fast and completely smothered the Ridley halves, giving Mackenzie and Mitchell little chance to kick. Petherbridge, Boon, Foster and Denison were always on the ball, the latter being remarkable for his brilliant tackling. The Ridley quarter was too light for his work, as were the scrimmage. The back played an excellent game. The wings were in general outplayed, and could not hold their men. Cook, Hoyles and Kerr, however, played really well. U.C.C. made five points, touch-in-goal and a touch-down in the first half, Ridley failing.

On changing round the aspect of the game changed completely. U.C.C. now relied on the halves and Brown and Darling did the bulk of the play, constantly punting far down the field from the clever passes of Waldie. After two minutes' play Ridley rouged and immediately after Darling got over, but Hills missed the kick. Soon after Simpson, who had been playing well for College, twisted his knee and was replaced by McKenzie. A tackle in goal gave U.C.C. four points. Then Boon got over and Hills came off successfully this time. Waldie made the next lucky one, and Hills performed his duty again. A touch-in-goal raised the score to 27. This was repeated twice, and four more rouges brought the score to 33, when time was called.

The game was a capital one in many ways and far more keenly-fought than the score would show. Ridley played an uphill game, but they contested every inch of the ground. This year is a transition period in Ridley's football, as shown by the number of young players on the team, but there is abundant promise of later development. The whole match was free from any unpleasant features, and while played with the utmost keenness was marked by general harmony and good-feeling. Mr. W. A. Smith and Mr. Drummond McKay acted as referee and umpire and pleased everybody.

The teams:

FOOTBALL KICKS.

Billy Gale, last year's Toronto's half-back, will don the yellow and white and play with the Lornes for the rest of the season.

Wallbridge, captain of the Lafayette football team, was operated on Saturday for appendicitis. He will recover but never play again.

A meeting of H. Gerald Wade's Lorne Juniors will be held at Clancy's Hotel, King-street west, on Wednesday evening, Oct. 28. All junior players are requested to attend.

Among local knowing ones, the Junior Tigers are conceded the championship. They have a bye for next Saturday, and then play off the winner of the Kingston-Varsity match for the final.

The Lornes will practice this afternoon at 5 o'clock on their grounds, Bloor-street, and every playing member, including the second team, is requested to attend this and Wednesday morning practices.

"ELIJAH" JUBILEE.

A Grand Production of Mendelssohn's Sublime Oratorio in Massey Hall on Nov. 24 A Great Quartette.

Some months ago Mr. F. H. Torrington proposed by circular to some of our prominent citizens the holding of a special jubilee performance of Mendelssohn's Oratorio "Elijah." This year in all the English cities performances of this oratorio will be given under greater and grander auspices than ever before attempted. It is the jubilee year of the composition of the oratorio. Mr. Torrington suggested in his circular that Toronto, as one of the leading cities in Canada, should be ready to show its willingness to do honor to the great composer. In response to his circular several gentlemen, on behalf of others, consented to act as a committee in an honorary capacity. The names of these gentlemen are: President, Mr. George H. Gooderham; vice-presidents, Messrs. B. E. Walker and Aemilius Jarvis; committee, Messrs. A. W. Austin, Stapleton Caldecott, S. T. Church, A. Tilley and T. E. Aikenhead.

The above-named gentlemen have since arranged to place the complete production in the hands of the management of the Massey Music Hall, and have issued a circular to those who consent to become the patrons of the event, under Mr. Torrington's invitation, as follows: "The patrons of the 'Elijah' jubilee performance are respectfully informed by the honorary committee that, with a view to the production of Mendelssohn's oratorio on a more elaborate and expensive scale than what was formerly intended, the arrangements for the same have been transferred to the management of the Massey Music Hall, who have secured for the purpose the services of the following soloists: Mme. Emma Juch, soprano; Mrs. Vanderveer Green, contralto; Mr. Evan Williams, tenor, and Mr. Arthur Beddord, baritone. The celebrated Buffalo Symphony Orchestra have also been engaged to play all the orchestral part. This means that never in Toronto will an oratorio be given with such a splendid array of famed artists and splendid and finished orchestra as this jubilee production of the 'Elijah.' The chorus will number about 300 voices and all will be under the musical direction of Mr. F. H. Torrington. The event will take place on Tuesday evening, the 24th of November."

The Massey Music Hall management will do their utmost to outstrip, artistically, any previous performances of oratorios ever given in Toronto. The matter of expense in securing all the best available talent has not stood in the way of the arrangements thus far, and it is to be hoped that Toronto citizens will prove that they are not behind other cities in doing honor to the work and the memory of one of the greatest composers that ever lived.

The scale of prices and particulars as to subscribers' lists, etc., it is promised, will be made public in a few days.

OUT AT THE JUNCTION.

The Town's Bank Account Handed Over to Molsons—Police Commissioners Meet—The Campaign.

Toronto Junction, Oct. 26.—The Town Council met to-night and decided to transfer the town bank account from the Bank of Commerce to the Molsons Bank. This was done on a motion by Councillor Rice, who pointed out that the town owed the Molsons Bank $115,000, whereas they only owed the Bank of Commerce $10,000. In addition to this, when the controversy with the bondholders manifested itself, the Molsons Bank were the first to reply favorably to the town's propositions and had used their influence among other bondholders. The Molsons had also been of benefit to the town when they sold at a sacrifice the Barnum Iron Works, which they then owned, to the H. A. Lozier Company, now one of the flourishing factories of the Junction. The Molsons Bank are also large ratepayers, owning considerable property in the town. The debt to the Bank of Commerce is well secured, and on these grounds the council decided to transfer the account.

Councillor Laughton presided over the meeting, the mayor being at a meeting of the Police Commissioners.

The Police Commissioners met last night and discussed the Graham case. Mr. Harper, to whom the position of policeman in Graham's place was offered, declined to accept the position, and it has now been given to a man named Garland, who lives at Speedside, a small place between Fergus and Guelph. Graham will be retained for another month.

The election campaign has commenced now, and to-day the largest deputation that ever waited upon a possible candidate in this town asked Mr. R. Armstrong, the well-known dry-goods merchant, to run for mayor. They stated their reasons, and after a lengthy interview Mr. Armstrong told them he would be a candidate. Mr. Armstrong is an ex-councillor and will have lots of support.

Where's Levy's Horse?

Joseph Levy is a pedlar, who lives at 120 Adelaide-street west. In the stable in the rear of the premises, his horse and rig were locked up at 8 o'clock last night. An hour later the whole outfit, including horse, rig, harness, goods, etc., were missing. The horse is brown in color, the wagon has red wheels and a green box.

1897 Bicycles $110

STARTLING IMPROVEMENTS IN King of Scorchers

This make of wheel will have many marked changes in its 1897 models which will go far to make it one of the finest looking machines on the market. As everyone knows it is an English machine, built entirely in Coventry, and not put together here as so many so-called English wheels are. It is also one of the most costly wheels made, every separate part being of the finest material and workmanship that can be obtained. This machine will retail at $110 00 in '897, same as this year, and it enjoys the reputation of being one of the few wheels that held its price all season.
