Your Easter Bonnet

In the glad Spring-time our thoughts turn towards new clothes—bright, fresh things—new hats. It's hard to describe the beauties of ours—like the season, they abound in cheerful colors—crisp styles. They are the latest to be found anywhere, and if it's not our name on the inside band it's that of such a maker as Dunlap, Heath or Stetson, or someone nearly as celebrated.

We are Dunlap's and Heath's sole Canadian agents.

How James Andrews' Tale of Woe Aroused Undeserved Sympathy.

LOCAL OPTION ADVOCATES ANGRY

Etobicoke Township Council—East and North Toronto Notes of Interest.

Toronto Junction, April 7.—James Andrews, for attempting to break into Hube Bros.' store, and for obtaining money under false pretences from George Robinson, was remanded to jail by Police Magistrate Ellis at the Police Court this morning. It is alleged that Andrews went into the store of George Robinson, confectioner, and asked for the loan of $18 to assist his father, who had been hurt on the railway. Mr. Robinson did not care to make the loan. Soon afterwards Andrews returned with a supposed telegram, which stated that his father was dead. Andrews pretended to be in great trouble, and worked upon the feelings of Mr. Robinson, who lent him the money that his father might be buried. The whole story was a fictitious one, as his father is living, and was not even hurt. W. A. MacMaster appears for Andrews, and will ask the County Crown Attorney to admit his client to bail.

An anniversary entertainment was given to-night in Davenport Methodist Church. An interesting feature of the program was the flower drill. A good supper was served.

Temperance workers, who have been preparing for the local option campaign, on the supposition that the Council would submit a bylaw, are somewhat chagrined by last night's action of Council. They are learning something of municipal, as well as provincial, politics, and have much more to learn. They will organize now to defeat the members of Council who voted against them.

Deer Park.

The 50th birthday of J. S. Robertson was made the occasion of an enjoyable social gathering at the home of Mr. and Mrs. Robertson, Deer Park, on Monday evening last. About forty relatives and friends composed the company. During the evening Mr. Robertson was the surprised recipient of many valuable presents, including a beautiful gold watch from his children, a silk umbrella, heavily silver mounted with suitable inscription, from the officers of the Canadian Temperance League, of which Mr. Robertson has been the president for eight years, and a dainty cup and saucer of Crown Derby porcelain from the scholars of Blair-avenue Mission Sunday School, which is conducted by the league. Congratulatory messages were received from friends in New York, Buffalo, Stratford, Norwich and other places. Mr. Robertson was born in Toronto, April 6, 1853, and with the exception of a brief interval, when he was a resident of an eastern town, his business, social and moral reform activities—in all of which he has been in the front a lifetime thru—have been given to the Queen City.

Etobicoke Township Council.

The regular monthly meeting of Etobicoke Township Council was held at Islington on Monday, the Reeve, John Bryans presiding. A report from the Township Engineer in regard to the lake shore electric railway was received; but was not considered satisfactory, and the following resolution was passed in reference thereto: Moved by W. C. Grubbe, seconded by I. Jobson, that the clerk notify P. S. Gibson, C.E., that this Council requires a more specific report on roadbed and rolling stock of the Mimico Electric Railway as per agreement of 1891 and 1893 and forward same at his earliest convenience, as this Council is disposed to take action in the matter. The clerk, on motion of the same gentlemen, was instructed to advise the Township Solicitor that this Council wish him to embody in the agreement between this Council and the Mimico Electric Railway Co. a provision whereby constables in the discharge of their duty, be allowed to travel free of charge on their road, also to forward a copy of the engineer's report re the Mimico Electric Railway Co. to the manager of said company, and to the Township Solicitor. EAST END NOTES.

The annual meeting of the St. Matthew's Lawn Bowling Club will be held this evening at 8 o'clock in the parlors of the Royal Canadian Bicycle Club. Officers will be elected for the coming year.

Last night, in the Pape-avenue school, a successful concert was held, under the auspices of the Art League. Mr. McKay, writing master, gave a lecture on "Wit and Humor," while instrumental and vocal music and various drills added to the evening's enjoyment. Trustee Coulter acted as chairman.

Two sudden deaths saddened an East End home yesterday morning. Mrs. William Allen, 14 Lewis-street, who has been a suff-rer from cancer for some time, was overcome by weakness, and expired in a few minutes, before aid could be secured. She was 54 years of age, and is survived by her husband and one son. The funeral will be held to-morrow afternoon to Norway Cemetery.

More unexpected was the death of Mrs. Garland, at the home of her brother-in-law, Leonard Cross, 604 East Gerrard-street. Mrs. Garland had been in comparatively good health, and arose in the morning apparently as well as usual. Going upstairs she was longer than usual, and her sister, Mrs. Cross, on going to see what was the matter, was shocked at finding her dead in her chair. Deceased was in her 74th year, and since coming to Canada, sixteen years ago, had made her home with her sister, at the above address. Her husband died before she left England. She was a respected member of Princess Alberta Lodge, Daughters and Maids of England. The funeral will take place on Saturday, at 3 p.m.

The annual Easter thank offering meeting, in connection with Woodgreen Church, was held last evening at the home of Mrs. Phillips, 125 Victor-avenue. Miss Wiggins gave an address, and Miss Hilton and Miss Chambers rendered solos.

The Ladies' Auxiliary in connection with the Broadview Boys' Institute held its annual meeting at Strathcona Hall last evening. Reports for the year were presented. The election of officers which was to have taken place was postponed till next month's meeting.

Home Comers' Festival.

A general meeting of the Toronto Home Comers' Festival Committee will be held to-morrow afternoon at 4.30 in the Board of Trade Building. Many matters of importance will come up for discussion, and it is consequently hoped that every member will try to attend. The amount of correspondence received during the past week has been enormous. One of the principal features now promises to be a large horse parade, every type of horse being in the procession, after which there will be an inspection of the differet classes and prizes awarded to the most meritorious.

PREPARING FOR PROSPEROUS SHOW

Dominion of Canada Industrial Exhibition is New Name.

At an Executive meeting of the Industrial Exhibition Association Tuesday, Thomas Caswell was appointed solicitor of the association. The resolution said:

"That as practically all the surplus revenue of the Exhibition is to be handed over to the corporation of the City of Toronto, and Mr. Caswell is the Solicitor for the said corporation, and the City Council have consented to his acting as well for this association as for the City Council, this board fix his salary at the nominal sum of $10, in addition to such lawful costs in all actions and proceedings against the association which the said association may be entitled to, and which costs are to be paid over to the said solicitor as part of his remuneration in addition to the said nominal salary."

The Executive Committee having inspected the Exhibition grounds, recommended, and the board agreed, that application should be made to the City Council for many small improvements.

It was resolved that, "In consideration of this year being devoted to an all-Canadian exhibition, and having received certain assistance from the Dominion government and Provincial government, the dates previously fixed be rescinded and that the Exhibition be held from August 27 to Sept. 12, inclusive."

It was decided that application for space in the industrial departments, with the exception of manufacturing processes, should be received up to June 1. The equalization of freight rates, which means that exhibitors from afar will be aided, was referred to the Executive.

Bolossi Kiralty's tender for producing the "Carnival of Venice" was agreed to, as was also the tender of Messrs. Hand & Co. for fireworks.

Will Change the Name.

Dr. Andrew Smith was re-elected honorary president.

It was resolved that the next Exhibition should be called the Dominion of Canada Industrial Exhibition.

The Executive Committee reported the following for the information of the board:

That a communication has been received from the Dominion government, notifying the board that the government has made a grant of $50,000 for the purpose of holding a Dominion Exhibition.

That they have instituted an organized system of securing subscriptions, with the object of raising $25,000 this year from the citizens of Toronto.

HIGH SCHOOL BOARD.

Trustee Fraser Presented With Illuminated Address.

At the meeting of the High School Board last night the reports of the Property, School Management and Finance Committees were passed. Trustees Elliot, McBrady, McCollum, Fraser, Leslie and G. L. Wilson were appointed delegates to attend the convention of the Ontario Educational Association, to be held at the University next week.

Trustee T. L. Church introduced a motion that the Legislation Committee be instructed to support the amalgamation of the High and Public School Boards before the committee of the legislature dealing with it. Owing to notice not having been given, the motion was declared out of order on the following vote: For—Church, Elliot, Lytle, McGuire, McCollum, Roche. Against—Dower, Hearn, Leslie, O'Connor, Slattery, James Wilson, G. L. Wilson. Trustee Fraser refused to vote on constitutional grounds.

The board assented to the exchange of places on the Property and Finance Committees of John Laxton and Richard Score. Trustee Fraser, chairman of last year's board, was presented by Dr. J. E. Elliot, on behalf of the board, with a handsomely-bound and illuminated address, thanking him for the efficient manner in which he had filled the chair. Mr. Fraser made a feeling reply, congratulating the board on its high standing and good financial position.

Chance to Extend Trade.

Secretary Morley of the Board of Trade has received a communication from Bennett and Clark of Vancouver, to the effect that the firm is about to open up trade between North America and the Dutch East Indies. At present the trade is in the hands of British and Germans, who charge an exorbitant rate for inferior goods. Mr. Bennett is going to Batavia, Java, and wishes to be placed in communication with any firms wishing to send samples. Articles in especial demand are: Men's ready-to-wear clothes, shirts, hats and caps, and men's furnishings generally; rubber coats, boots, hats, oilskins, etc.; mosquito netting; furniture (knock-down), filters, water stills and soda fountains; women's whitewear and furnishings; axes, saws and lumbering tools; cameras and photographic supplies; manufactured paper, automobiles, bicycles, gasoline lamps, battery fans, cheap jewelry, guns and watches; corrugated iron, steel shingles and paints.

Doukhobors Becoming Civilized.

They are buying large numbers of good horses; they have discarded the Russian and adopted the Canadian calendar, and are beginning to observe Canadian holidays and festivals. Further, they have resolved to Anglicize the names of children from this time, or that may be born in their colonies.

OVERCOME BY GAS.

Albert Spinks, Reeve of Brandon, Manitoba, was found almost asphyxiated at 4 p.m. yesterday in his room at the Globe Hotel. He was taken to St. Michael's Hospital immediately, and at midnight showed some slight improvement, altho not enough to justify any great hopes of his revival.
