REMEMBER,

The only original genuine WISTAR'S BALSAM OF WILD CHERRY was introduced in the year 1840, and has received the sanction of the most eminent physicians in the United States, for the cure of Consumption, and all other diseases of the Lungs and Throat, for which it has been recommended. For two years it has proved more efficacious as a remedy for Coughs Colds, Influenza, Bronchitis, Asthma and Consumption in its incipient stages, than any other medicine.

SETH W. FOWLE, Druggist, No. 138 Washington street, Boston, Mass., is the sole proprietor of the original receipt for the manufacture of the genuine medicine, and supplies both at wholesale and retail, and of whom agencies can be obtained.

Dr. Wm. A. Shaw says, "I wish heartily success to your medicine. I consider every case of arrest of the fatal symptoms of pulmonary disease as a direct tribute to suffering humanity; and as hopeless are these cases generally that, physicians are always justified in using any remedy which has signally benefitted others. One thing is certain; the public always have a guaranty that patent medicines will generally be sustained only just so long as they are well prepared and continue to relieve or cure."

In a more recent letter he says—"As Wistar's Balsam of Wild Cherry is the only patent medicine to which I have ever given any public recommendation, I shall not be suspected by the candid of giving rash or precipitate testimony as to what I have seen and hearty of its effects."

None genuine unless signed I. BUTTS on the wrapper.
