Do you ned a Belt? See the splendid range of Belts shown by this Store in Wash Belts, Leather Belts, Silk Belts, and Elastic Belts, in white, black and colors, in all sizes, at each 15c to $1.25.

SUMMER GOODS TO THE FRONT AT THIS STORE

NO such thing as Winter lingering in the lap of spring, or even early spring lingering in the lap of summer at this store. It is summer here, it will be summer everywhere, and possibly it will come with such suddenness that we will forget the long cold spring. Are you ready for such a change? This store stands ready to supply the needs of the ladies and children during the coming summer season. This store is better equipped to give better service, more attention to its patrons, and better merchandise at lower prices—market considered—than at any time in it's history.

This store is after more business. It is—it always has been—the desire and ambition of the management of this store to make it more deserving of more and better business by stocking it with the best merchandise at the lowest market prices.

It will be a pleasure for us—it cannot help but be profitable to you—if you will visit this store and investigate for yourself the merits of the New Summer Merchandise.

Some Of The New Summer Dress Fabrics

The New Fabrics for Summer cannot help but please you. In quality, in price, in variety of all-overs and colors this store's showing of Summer Dress Fabrics would do credit to any Dress Department.

JURY NOT FORMED

Much Delay In Haywood Trial—General Wells to Testify.

Boise, Idaho, May 21.—The number of talesmen to fill the constantly occurring vacancies in the jury that is being formed to try William D. Haywood for the alleged murder of Frank Steunenberg, continues to shrink and it now seems certain that another special venire of 50 or 100 talesmen must be issued early this week.

Looking For Revenge.

Among the witnesses who have arrived here is Gen. Bulkley Wells, who has been a picturesque figure connected with the story of difficulties between the Western Federation of Miners and the mine owners. Gen. Wells is now prominently connected with the Mine Owners' organization. He is a wealthy mine owner himself and it was at his mine, the Smuggler-Union Mine of Telluride, Col., that Arthur Collins, the manager, was killed during the latest trouble in that section.

Gen. Wells, since that time, has been unremitting in his determination to hunt down the men concerned in the assassination of Collins. He was in command of the train which brought Haywood, Moyer and Pettibone from Colorado to Idaho at the time they were arrested in Denver under extradition warrants.

He will be one of the witnesses for the state.

MATTIE PERKINS SUES.

Libel Suits Arising Out of Recent Trial at Cayuga.

Toronto, May 21.—Mattie Perkins, of Cayuga has issued a writ against The Stratford Herald Printing Co. claiming $10,000 damages for alleged libel. Similar actions have been begun by Ralph Currie of Cayuga and Thomas A. McDonald of Canfield.

The Hamilton Spectator has also been served with writs for damages totalling $30,000.

Each of the parties have likewise issued writs against The Star Printing and Publishing Co. of Toronto, claiming $10,000.

Another writ has also been issued by Mattie Perkins against W. M. O'Beirne, publisher of The Stratford Beacon.

The actions arise out of the recent trial of Mrs. Perkins on a charge of murder.

COST OF LIGHTS

Continued From Page One.

information, and in this way everyone would be satisfied. As it is, if one of the reports is accepted by the Council, the people on the other side would be dissatisfied, and in this way the people on both sides of this question would feel that the Council is trying to do the right thing. He said that personally he was opposed to municipal ownership. He had no axe to grind. Referring to the matter of this Board would not cost the city very much, and it will be worth it.

Ald. Westman then proceeded to punch a few holes in Ald. Kerr's arguments. He objected to any delay in getting up an inquiry with any citizen. He said that if the two reports were gone into there would be more mistakes found in Mr. Falls' report than there would be in Mr. Taylor's.

Ald. Kerr said Mr. Falls' report was not to be for Mr. Jones, figures, wanon that to be for Mr. Jones, as some van vor bas to admon. Mr. Jones had begun the season with Mr. Falls' report, and it would be wrong to change. Mr. Taylor's report is fair and clear, and he had no objection in agreeing with Ald. Potter, that the city would make a mistake in going back to the Gas Company for the lights.

Ald. Westman seconded a motion which was previously made by Ald. Potter, that the Council accept Mr. Taylor's report, and adopt it, and that they go on record as favorable to Municipal Ownership. It was also intended that the two reports be published side by side, and let the citizens judge which is right. Ald. Kerr's motion to refer the matter to the Railway and Municipal Board was an amendment, and was seconded by Ald. Austin.

Ald. Potter said there was a great difference between the two reports because Mr. Falls went back five years and Mr. Taylor went back nine years.

Ald. Austin seconded Ald. Kerr's amendment because he thought this would satisfy all of the people. Ald. Meyers thought this was the fair thing to do. The Mayor thought it was a wise course. The rest of the Council seemed to favor Ald. Potter's motion.

Ald. Kerr asked also that the clerk write away and find out the cost which would be entailed in getting this report from the Railway and Municipal Board and then report to the Property Committee.

This was followed by much discussion. If Ald. Potter had decided to hold out he could undoubtedly have carried his point. He thought however that by submitting the two reports to the Board appointed for this purpose by the Whitney Government, his case would not suffer, it would rather be strengthened. Apart from this it was felt at the Board that the men who compose the Chatham Gas Company are all men of influence and ability, and among the very best citizens. It was only fair to them, that the matter should receive the decision from an outside source. With this understanding, Ald. Potter withdrew his motion, and Ald. Kerr's motion to submit the two reports to the Railway and Municipal Board carried.

During the evening Ald. Potter received many congratulations on the time and thought he had given to the matter. The Mayor paid the glowing tribute that he, above all the men at the Board, was faithful to his duties, and conscientious in his actions.

There is quite a difference between betting to the top and being laid on the shelf.

ABE HUMMEL GETS REWARD

Man Who Figured In Thaw Case Goes To Jail

Will Be Convict Baker For The Next Year

Will Work In Jail As Baker For Next Year.

New York, May 21.—In a handsome touring car Abraham Hummel left his home in East 72nd street yesterday to go to Blackwell's Island to serve a year in the penitentiary for conspiracy in the celebrated Dodge-Morse divorce case.

A few years ago Hummel enjoyed an extensive practice as a lawyer, having as clients some of the best known actors and actresses in the country, but his conduct of the now famous divorce case resulted in his disbarment, and the humiliation he suffered yesterday.

His method of going to the penitentiary was almost on a par with his farewell dinner given a few night ago at which he bade farewell to about a dozen friends, prior to his imprisonment. About 100 curious spectators and reporters were gathered in front of his residence at 11 yesterday when Mr. Hummel endeavored to depart for Blackwell's Island without observation.

An automobile had been standing at the curb for several hours. One of Mr. Hummel's friends left the house, and entering the machine, was whisked away in it. The spectators followed it a short distance and returned to the house as it drew up to the curb again. Then Hummel, holding a handkerchief before his face to prevent a snapshot picture being taken of him, ran from the basement door, jumped into the tonnean and it dashed away.

For about three hours he took a ride around the city, and then surrendered himself to a deputy sheriff, who took him by an unfrequented route to Blackwell's Island. He will be put at work in the bakery.

BRONCHIAL TROUBLES

Readily Yield to Soothing, Healing Treatment of Hyomei.

Bronchial troubles are purely local. They cannot be helped by stomach dosing. They are caused by irritation in the air passages and can be relieved and cured by medicated air alone. In this lies the secret of the great success of Hy-o-mei in the treatment of bronchia troubles.

The Hy-o-mei medication, laden with natures remedies, is breathed through the neat pocket inhaler that comes with every outfit, reaching every part of the bronchial tubes and killing at once the disease germs. It allays all irritation and heals the inflammation of the mucous membrane with astonishing rapidity.

Treatment with sprays, douches and atomizers in bronchial troubles is condemned by the best physicians, as they cause further irritation.

The first breath of Hy-o-mei's medicated air seems to soothe the inflammation, stop the cough, and this relief soon becomes permanent and a cure results.

Hy-o-mei has made many remarkable cures in the worst and most chronic forms of bronchial troubles and is sold by C. H. Gunn & Co. with the same guarantee as they give when Hy-o-mei is purchased for catarrh, that is, to refund the money does not give satisfaction. The complete outfit costs but $1.00.

A tip to a talkative barber seldom acts as hush money.
