THE TURF.

It looks as if Kentucky's trotting Futurity has broken the record. At last reports more than 1,000 entries had been received.

BASEBALL.

Lon Knight has been appointed a Western Association umpire.

The association people are making overtures to Buffalo to leave the International League.

Al Johnson has been temporarily enjoined by a court order from disposing of the Cincinnati Association club's privileges.

Toronto Empire: "Baseball is dead," mournfully said Director Macpherson to the Empire yesterday afternoon. The corpse of the Toronto International League Club was laid out yesterday, mourned by few, and its demise is unheeded by the general public of the city. The subscription list did not come up to expectations and the promoters of baseball in Toronto reluctantly relinquished their efforts to establish a league club in the city.

THE TRIGGER.

The challenge cup belonging to the Off-hand Rifle Association of Ontario, was shot for at Brantford on Tuesday. Mr. Alfred Graham, of Everett, heading the score with 92 points out of a possible 100, ranges 100 and 200 yards.

ATHLETICS.

R. N. Harrison writes to the Globe: "I see in a late issue of your paper a challenge from J. Richardson, of Dorchester, to wrestle me in preference to Dennis Gallagher, of Buffalo. Now, Richardson challenged me last fall and I accepted it, and did not hear again from him until I saw through your paper he had hurt his arm, and our match was declared off. If he intends business and will give me a guarantee he will wrestle me when the day comes, I will meet him any time after two weeks from date, winner to take 60 per cent. and loser to take 40 per cent. of net receipts, for a medal to be paid for by the loser, not to cost less than $25, and the championship of Canada; to wrestle three styles, side hold in harness, Graeco-Roman and catch-as-catch-can; the medal to be open for competition. If this is suitable to Mr. Richardson he can forward articles of agreement to the sporting editor of any of the dailies here for my signature, and if this does not suit him it is open to anybody else under this same heading."

TERRESTRIAL HEALING

A branch office of the Magnetic Meridian Vitapoise Company is now permanently located at 294 Dundas street, for the purpose of giving practical demonstrations of the healing virtues of the "Vitapoise," (or miniature earth.) It is the most wonderful healing instrument ever discovered. It only fails to cure the afflicted when their case is hopeless, and it makes no difference what ails you.

If you would like to investigate "TERRESTRIAL HEALING," call at the office, and Prof. Reid, will cheerfully explain to you the mysteries of the subtle healing force contained in a Magnetic Meridian Vitapoise.

Separate rooms are fitted up for the treatment of ladies and gentlemen. We want every family and physician in Canada to buy a "Vitapoise," and we will accomplish our object if an afflicted member of every tenth family will give the instrument a trial, by taking a "course of treatment." Its application is absolutely painless and is also harmless; but disease will flee from before it as if driven away by magic.

Physicians! try a "Vitapoise" on one of your patients, having either la grippe, inflammation, fever, insomnia, neuralgia or rheumatism, and thereafter your "medical case" will be a secondary consideration so long as you have a "Vitapoise" with you

THE TEACHERS' OFFICERS.

Annual Election of the East Middlesex Association.

Proceedings of the Concluding Day's Session—Interesting Papers and Other Food for Discussion.

FRIDAY AFTERNOON.

The afternoon session opened with a full attendance, Miss Mary Rumball, of Putnam, in the chair.

The nomination of officers gave the teachers a good list for choice. Messrs. Thos. Gilbert and C. B. Edwards were appointed scrutineers. The counting of the ballots gave the choice as follows:

President—Mr. W. T. Amos.
Vice-President—Mr. B. L. Bryant.
Second Vice-President—Miss Griffiths.
Secretary—Miss J. M. Langford.
Treasurer—Mr. A. McQueen.
Librarian—Mr. J. Dearness.
Management Committee—S. P. Reynolds, W. H. Liddicoatt, E. P. Rowe.

Miss McLellan, Derwent, exhibited and explained an admirable time-table, copied on a large sheet, that could be read by the whole audience. The class work was written in red and the seat work in black.

Mr. B. Dundass, of Avon, gave a number of practical hints on the proper uses of drawing pencils, erasers, blank drawing books and the ruler.

Mr. McQueen opened his paper on "History," outlining an excellent method to make students of his pupils. He would commence the teaching of history in his junior third class, and this should be done by the conversation method. Conversations, interesting to those pupils, in regard to the first settlement of their own city, the surveying of the same, and the first public officers appointed, pupils to obtain this knowledge where they may. This will create a thirst for historic knowledge in the pupils and cultivate the historic faculty. The speaker then outlined his method of procedure in the higher third class and fourth classes. The whole paper showed clearly to all present that Mr. McQueen has mastered the art of teaching history and making it interesting and of foremost value as a subject to be taught the public school pupils.

In case the outline editions of Canadian and British history which Mr. McQueen read are printed the Executive Committee was instructed to place a copy in the hands of the teachers.

Mr. Walter Ramsay described a system of monthly reporting to parents, and advanced several arguments in favor of their use.

Miss Fanny Langford, Thorndale, in a pointed and practical manner explained how she had broken young pupils off the habit of counting when they are adding.

Mr. Norman Fox, Gladstone, laid down the principles that should govern school discipline. He enumerated a number of offenses, and spoke of the principles that should guide the teacher in choosing the remedies.

Miss Flora McColl, Wilton Grove, put in a plea for the memorizing by the pupils of the beautiful literary passages in the reading books, and thought that an examination paper might be given at the half-yearly examinations, which would make the efforts put forth in this way tell in the child's favor.

Mr. C. J. Bradley related some experiences to emphasize the force and correctness of Miss McColl's argument. His resolution to that effect was referred to a committee.

Mr. F. W. Hughes, Byron, made a brief speech on "Government of the Pupils by the Pupils." Discipline of the best kind is that which in the highest degree taxes not the controlling power of the teacher, but the self-control of the pupil. The latter is a necessary factor of character. He described his methods and said that the results were such that he could if necessary leave his school for an hour or more at a time confident that the work at the desks and that of the junior pupils in their classes would be quietly and orderly progressing.

Mr. Dearness set forth the general terms of a proposed scheme communicated by Mr. Millar, B.A., to establish a public school leaving examination at the space of a year's good work in advance of the present high school entrance examination. It would carry on the work in the subjects of the latter, and add one or two new subjects of special utility to farmers.

Mr. Edwards recognized advantages that would accrue from the plan, but feared that it would prevent some from attending the high school who could afford to go there and that it would encroach on the time of the junior pupils.

Mr. Hutton, Delaware, and Mr. Bradley thought most of the advantages could be secured by a more stringent entrance examination. The former favored two entrance examinations in the year.

Mr. Delmage, Granton, would be glad to have the definite aim proposed to stimulate pupils who will attend the public school a year or so after passing the entrance. If there is to be but one entrance examination it had better be held at Easter.

Miss Nixon, Masonville, said it would discourage fourth-class pupils if the entrance standard were raised. She would rather have the proposed leaving examination.

Miss Goulding, Birr, spoke in favor of a stringent entrance examination and proposed to add book-keeping to the present requirements for entrance.

Miss Stevenson was in favor of retaining the present standard for the entrance and adding the new tests for a leaving examination.

For various reasons a similar view was maintained by Miss Tryphera Hodgins, Miss McColl, Miss J. M. Langford, Miss R. Hodgins and Mr. Rowe.

A vote showed a decided preference for retaining the present entrance examination, limiting the fifth-class course to a definite programme and concluding it with a public school leaving examination that would cover rather more than half of the most useful part of the present high school primary course.

The Executive Committee was empowered to settle the accounts, and at a late hour the association closed a busy, profitable and well attended convention.

New Dairy School—Milk Inspectors.

At the meeting of the Executive Committee of the Western Dairymen's Association held in Toronto there were present: Messrs. Thomas Ballantyne, president, Stratford; John Geary, London; Robert Cleland, Listowel; E. Caswell, Ingersoll; A. F. McLaren, Stratford, and C. E. Chadwick, secretary, Ingersoll. The result of the meeting was that the association decided to establish a dairy school for experimental and educational purposes at Tavistock, Ont., to be under the superintendence of Mr. Adam Bell. The president and Messrs. McLaren and Cleland were appointed a committee to carry out the necessary arrangements. The committee further resolved to employ four inspectors for the purpose of testing milk from the different factories and prosecuting, under the Milk Act, in cases where the milk has been tampered with

WESTERN ONTARIO.

Mr. Alex. McGachie, of Woodstock, has gone to Cleveland, Ohio. He had been a resident of Woodstock for twenty years.

Messrs. Donald Matheson, Angus McKay and Alex. McAngus, of West Zorra, left the other day for New Westminster, B. C.

On Saturday evening, March 1, a man, his wife and four children started across the river at Windsor on the Lansdowne. The man disappeared. A dispatch from Sodus, N. Y., now says that the woman was Mrs. Anna Thomas, on her way from Salt Lake City to Wales. Her husband having refused to become a Mormon, they were prosecuted, and threats upon his life made him insane. He probably imagined that he was pursued and jumped into the Detroit River.

On Tuesday Ilderton Lodge, A. O. U. W., held its annual oyster supper, at which 150 persons sat down, composed chiefly of the members, their wives and families. At the close a choice musical and literary entertainment was given, sandwiched by the presentation of a solid gold watch to Bro. A. C. Attwood, accompanied by a kind address, which showed that the presentation was made in consideration of Mr. Attwood being the prime mover in the organization of the lodge, for his long and faithful services as an officer of the lodge, and for his untiring zeal in advocacy of the order. The address was signed by all the past masters of the lodge, and it will be engrossed and framed.

Farquhar.

On Sunday Mr. W. E. McClocklin and his lady made a visit to Mitchell. Mr. J. Dow and his lady went also.

Mr. Louis Kirk, of Kirkton, while returning home from a sale, died very suddenly in his sleigh just as he reached home. He was a respected gentleman and will be greatly missed in Kirkton.

Westminster Township Council.

Following are the minutes of a meeting of the Westminster Township Council: Present, J. T. Coughlin, J. McMillan, J. Riddle, J. Murray and R. M. Piper. Bylaw No. 496, to authorize the trustees of school section No. 17 to borrow $2,250 for building a schoolhouse, was passed in due form. Bylaw No. 497, to issue debentures for $2,250 for a loan to school section No. 17 was passed in due form. The five debentures were issued and delivered to John Doyle, the treasurer of school section No. 17; $10 was granted for the relief of a sick man named Hamilton; $2 was paid T. McDougall for a stove and wood for polling place No. 3 at municipal election. Moved by J. Murray, seconded by J. McMillan, that the clerk be instructed to prepare bylaws to annex that part of school section No. 2 outside the corporation of the city of London to the adjoining section, No. 4, and to annex that part of school section No. 22 outside the city to school section No. 3, to be passed at the next meeting of the council. Carried. John Aukland applied to get his land taken away from school section No. 14 and put on school section No. 2. The clerk was instructed to give the necessary notices to the parties interested. Five dollars was paid for tile along the front of the cemetery on con. 5. Next meeting of council to be on first Tuesday in April at O'Dell's hotel.

London Township Council.

At the last meeting of the London Township Council all the members were present. Moved by R. Ardiel, seconded by J. Abray, that a grant of $50 be made to aid the London Township Agricultural Society. Carried. Moved by J. Abray, seconded by R. Ardiel, that the auditors' report be received and adopted, that they be paid $20 each for their services and that the clerk get 200 copies of the report printed. Carried. Moved by R. Dreaney, seconded by J. Hodgins, that whereas the ratepayers of the township in general are dissatisfied with the action of the council in allowing several parties and societies the use of the town hall for a nominal rent, be it resolved: 1. That the societies in the neighborhood be allowed the use of the same for the sum of $1 per night. 2. That any outsiders pay for the use of the same $1 per night and 25 cents to the janitor. 3. That the said sums be paid to the janitor each night the hall is used. 4. That the council furnish fuel and light for said meetings. 5. That any and all resolutions incousistent with this be and the same are hereby repealed. Carried. Orders for the following amounts were issued: D. Wade, $60 60, for 3,030 feet plank for Adelaide street bridge; F. Logan, $3 50, for putting on said plank and $1 50 for drawing and putting plank on small bridge on same street; L. BUILDINGS BURNED.

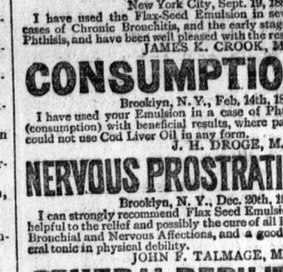
A Long List of Disastrous Fires—A Young Man Burned to Death in Bed.

BUFFALO, N. Y., March 16.—Weyand's brewery, corner of Washington and Goodell streets, was partially destroyed by fire Saturday afternoon. Loss estimated at $100,000. Two dwelling-houses adjoining the scenes of the disasters of the previous day, fire broke out in the St. James Episcopal Church, Lock street, near James, and, having destroyed the structure, spread to the McLennan flats, next adjoining, owned by Peter B. McLennan, which burned at a rapid rate. In less than an hour and a half both structures were ruins. The Standard Watch Company occupied the whole of the ground floor of the McLennan building, and their loss is between $25,000 and $40,000. The McLennan block was valued at about $30,000, and was insured for $18,000. The superstructure of the church cost about $9,000, and the building and furnishings were insured for $8,000. It is estimated that the loss by fire in Syracuse in the last 24 hours will aggregate over $1,200,000.

BROOKLYN, N. Y., March 16.—Early yesterday morning fire swept through the residence of Gen. Edward B. Fowler, at 532 Monroe street. All the members of the family were in bed at the time. Wm. Fowler, the 22-year-old son of the general, perished. The others escaped without injury.



ments barely in time to save their lives.

Two unfinished houses, corner Halstead street and Buena avenue, were burned. Loss, $20,000.

FINDLAY, O., March 16.—The glass factory of the Lippincott Lamp Chimney Company was totally destroyed by fire Saturday morning, together with a large stock of manufactured goods and six cars of goods on a side track. Loss estimated at $40,000. Two hundred men are thrown out of employment.

CLEVELAND, Ohio, March 16.—The wholesale clothing establishment of Klein, Goodhart & Koch, was burned last night. Loss $150,000.

SYRACUSE, N. Y., March 16.—Yesterday morning, before the firemen had left the

THE COURTS.

Oxford Assizes—The Whetmore Shooting Case.

WOODSTOCK, March 14.—Stares vs. MacKelcan was an action for damages for loss sustained through alleged negligence of a solicitor in drawing up a chattel mortgage. The plaintiff was Mrs. Stares, of Woodstock.

Stirton vs. Kilgour was an action to recover fifteen acres of land situated in the north part of the south half of lot 26, con. 12, Dereham. The case was undefended. Judgment for plaintiff.

Chapman vs. Woodward, the last case on the list, was an ejectment case. The plaintiff brought the action to recover possession of lot 46, Bidwell street, Tilsonburg. The case was adjourned until the chancery sitting, pleadings are to be amended so as to add Mrs. Chapman and J. E. Turner as parties.

Haley vs. Karn et al., an action for damages for false arrest and imprisonment, was settled out of court.

The criminal case of the Queen vs. Catharine Ryan, larceny, was laid over till the June Sessions.

In the Queen vs. Whetmore, shooting with intent to kill, the accused pleaded guilty and was allowed to go on his own recognizance. Whetmore's offense was committed while endeavoring to obtain possession of a child of which he claimed to be the father and which had been adopted by Mrs. Wilcox, of Delmer. In the scuffle that ensued a revolver which he had drawn was discharged and Mrs. Wilcox was wounded. It has now been so arranged that Mrs. Wilcox shall keep the child till it comes of age, but the father shall have the privilege of visiting it twice a year.
