SUICIDED FOR A PIECE OF CAKE.

London, June 3.—A dispatch to the Daily News from Berlin says that a 10-year-old boy had committed suicide there because a smaller piece of cake was given to him than was given to his sister.

DISASTROUS EXPLOSION.

Lisbon, June 3.—During an exchange of salutes, an ill-closed breech caused an explosion on the Austrian man-of-war Wien. The shock was terrific. One of the gunners was killed and several others were severely injured. The barbette was completely destroyed.

TROUBLE IN MATABELELAND.

London, June 3.—A dispatch from Salisbury, Matabeleland, says: Alarming news has reached here of the movements of the insurgent Mashonas. The town of Ballyholy; twelve miles from here, is surrounded by armed natives.

FOUR DROWNED.

London, June 3.—The Atlantic transport line steamer Massachusetts, Capt. Bocquet, from New York, May 22, for London, while proceeding up the English Channel in the midst of a fog, ran down a fishing boat off Eddystone lighthouse. Four occupants of the boat were drowned.

WALDORF ASTOR'S NICE PARTY.

London, June 3.—William Waldorf Astor gave a brilliant reception on Monday night at his residence at Carlton House Terrace, among those present being representatives of upwards of 40 of the oldest English families, including the Duke and Duchess of Buccleuch, the Duke and Duchess of Somerset, and the Marquis and Marchioness of Lansdowne. Among the Americans present were Ambassador Hay and Mrs. Hay, Gov. Levi P. Morton and Mrs. Morton, Lady Randolph Churchill, Mrs. Ronalds and Henry White. The floral decorations were sumptuous, while the music was contributed by leading artists, among them Mme. Melba, Signor Ancona and Ignace Paderewski.

RESIGNATION OF THE SPANISH CABINET.

Madrid, June 3.—The Premier, Senor Canovas del Castillo, has tendered to the queen regent the resignation of the Cabinet, owing to the difficulty the ministers experience in carrying on the government, in view of the parliamentary situation, caused by the refusal of the Liberals to take part in the deliberations of the Cortes. The attitude of the Liberals is due to the personal encounter between the Duke of Tetuan, the Minister for Foreign Affairs, and Prof. Comas, on May 21, when the duke slapped the face of the senator, after a heated debate on the Morgan belligerency resolution adopted by the United States Senate. The queen regent will hold a cabinet council tomorrow.

The Madrid correspondent of the Times says, "The queen regent has accepted the resignation of the Cabinet. It has caused a profound sensation."

THE WA INCIDENT.

Cape Coast Castle, West Coast of Africa, June 3.—Lieut. Henderson and other members of the expedition attacked early in April at Wa, where they were making treaties with the chiefs of the Hinterland, have been released, and are returning to Kumasi, bearing presents from Chief Samory to the governor. It was at first feared that the mission had been massacred by the followers of Chief Samory, who is a very powerful chief, and who has hitherto professed friendship for the British. Wa is considered to be within the sphere of British influence, and preparations were bing made to send an expedition to Wa with instructions to ascertain the fate of the Henderson expedition and punish Chief Samory, if disaster had befallen it.

IN SOUTH AFRICA.

An Epidemic Killing Hundreds of the Natives.

Cape Town, June 3.—The Legislative Assembly has unanimously adopted a proposal to contribute towards the maintenance of the Imperial navy.

Pretoria, South Africa, June 3.—The Volksraad has appointed a commission to revise the Grondwet, or fundamental law of Feb. 13, 1858, especially in regard to the position of the High Court of the South African Republic.

An epidemic in the Sekunkunis country is killing hundreds of natives.

PEACE PARLEYS.

King George Yields Several Points—Impressions That the War May Be Renewed.

London, June 3.—The Turks have promised to sign the extension of the armistice today, and it is expected that peace negotiations will begin promptly at Constantinople. King George, it is understood, has yielded several points with a view of hastening the negotiations and of the bringing about the Turkish evacuation of Thessaly. In this matter it is said that the Russian Government has promised to support Greece.

The military commission continues to hold long sittings at the Yildiz Kiosk, and it is very evident that the general impression in Constantinople is that the peace negotiations will collapse and that the war will be renewed.

The plan of sending Crown Prince Constantine to London has been abandoned, as the trip might be interpreted either as a desertion from his post in time of danger or as a removal from the chief command, and consequently disgrace. The likelihood is that Prince Nicholas will go in his stead.

Both King George and the crown prince have offered to forego a portion of the civil list in view of the straightened finances of the country.

Combines.

Anti-Combine Resolution Strongly Opposed by the Opposition at Ottawa.

Members Put Up to Kill Time Heard With Impatience.

Ottawa, June 3.—The House of Commons again discussed the tariff yesterday afternoon. It was clause 17, the anti-combine section, and Sir Charles Tupper, in conformity with the decision arrived at in the caucus put in an amendment expressing the opinion that legislation aimed at against combines was proper and necessary, such legislation should not be in the tariff bill and should be carried out by a Supreme Court judgment, and not at the whim of the Cabinet.

This line of argument was followed closely in the speeches of the evening. Mr. Foster fought like a tiger for the combines, and Mr. Davies for the Government no less vigorously fought for the people.

The argument of Mr. Foster was ingenuous. He made as the central feature of his position the fact that the innocent traders or manufacturers who refused to join a combine would suffer as well as the guilty by the removal of duties.

Mr. Davies pointed out that Mr. Foster himself, as Finance Minister, had, year after year advised and made reductions or removal of duties when combines ruled the price. Did not the innocent suffer with the guilty then?

Shortly after midnight, Mr. Wood, of Hamilton, getting tired of the requests of the opposition to be given an example of a combine, read letters from American shovel makers to his firm, in which they refused to sell him goods because of an agreement not to sell shovels in Canada in competition with Canadian manufacturers.

About 12:30 o'clock the House began to get very tired, and turned to amusement to keep awake. Paper balls flew across the floor in great profusion, aimed especially at the bald heads. A wicked companion slyly tickled Mr. Paterson's head in imitation of a fly walking over it.

Mr. Foster called for an adjournment, but Sir Richard gave no sign, and Mr. Davin was put up to kill time.

The Opposition is getting very near to obstruction in the fight against the tariff. Mr. Davin talked amid an accompaniment of banging desks, flying paper balls, ironical applause and cries for "Order, order," from the chair.

At 1:45 o'clock Mr. Foster promised to close on the combine clause by 6 o'clock today, and Sir Richard on that understanding agreed to the adjournment.

TOOK "ROUGH ON RATS."

Toronto, June 3.—The death occurred in the General Hospital last evening of Amelia Townsend, wife of Henry Townsend, a laborer, living at 185 Eastern avenue, who was admitted earlier in the day suffering from a dose of "Rough on Rats," which she admitted taking. No motive is assigned for her suicidal action, as when her husband was home to his dinner at noon deceased was in good health and apparently in excellent spirits. Dr. Aikins will hold an inquest.

THERE is not a more dangerous class of disorders than those which affect the breathing organs. Nullify this danger with Dr. Thomas' Eclectric Oil—a pulmonic of acknowledged efficacy. It cures soreness and lameness when applied externally, as well as swelled neck and crick in the back; and, as an inward specific, possesses most substantial claim to public confidence.

The Bargain

Details of the Agreement as to Crow's Nest Pass.

Important Concession as to Freight Rates.

The Coal Lands Returned to the Control of the Government.

The Public Interest Taken Care of at Every Point—Construction to Begin at Once.

Ottawa, June 3.—I wired you for the last edition of Wednesday's Advertiser a summary of the bargain entered into between the Government and the C. P. R. for the construction of the Crow's Nest Pass Railway. The following is an extended statement, as presented by Hon. Mr. Blair, Minister of Railways, to the caucus:

In consideration of a grant of $11,000 per mile for 350 miles of road from Lethbridge through Fort MacLeod to Nelson the C. P. R. agrees to the following terms:

1. Running powers over the Crow's Nest Railway are conceded to other railways at a rental to be fixed by the Government.

2. The freight rates on the railway are to be under the control of the railway committee of the Privy Council.

3. Freight from points on the Crow's Nest Railway to points on any other part of the Canadian Pacific system, and vice versa, are to be under control of the railway committee, or of any railway commission to be hereafter appointed.

4. Rates on certain classes of freights on the eastern portion of the Canadian Pacific Railway, that is from Fort William eastward, are to be reduced by from 10 to 33 per cent at the beginning of 1898. The schedule will not be made public till the proposals are laid before the House, but it is known that existing rates upon apples and other fresh fruits will be reduced 33 per cent, an important consideration for the fruit-growers of Ontario.

5. Rates on wheat and flour from Manitoba and further west are to be reduced 1½ cents per cwt beginning in 1898, and an additional 1½ cents per cwt beginning in 1899, making 3 cents in all.

6. Fifty thousand acres of picked coal lands are transferred to the Government.

7. Coal is to be put on the cars at the mines at not more than $2 per ton.

8. The royalties to be given on the lands granted to the company are to be subject to the regulation of the Governor-General in Council.

AN ENORMOUS SAVING.

Hon. Clifford Sifton, in conversation last night, said the single item of reduction of 3 cents per 100 pounds on wheat and flour rates would, when it comes into effect, make a tremendous difference in the freight bill of Manitoba. The province in 1895 shipped out 35,000,000 bushels of wheat, and in 1896 over 20,000,000 bushels; reducing the crop to an average, the farmers of Manitoba will save on the crop of 1899, the first year in which the full reduction of rates will apply, at least half a million of dollars. The saving on inward freight rates will, of course, not amount to so much, but it is probably well within the mark to say that Manitoba will benefit to the extent of three-quarters of a million by the bargain made. It may be urged that the Canadian Pacific Railway is granting a reduction of rates that might be made in the case in the interest of the road. While it may be true in a measure, that the company is changing its former policy of charging all the traffic will stand, and is now lowering rates in the hope of attracting settlers and increasing the total quantity of produce hauled to market, there seems to be no reason to doubt that the reduction of rates arranged for would not be secured at the present time unless as part of an agreement for the construction of the Crow's Nest extension. The provision under which running powers are reserved over the entire road for other companies is one that puts it completely under Governmental control and will effectively prevent any railway monopoly in Southern British Columbia.

UNPREJUDICED OPINION.

Mr. D'Alton McCarthy, who has long been an advocate of a railway commission, with power to regulate rates, expressed pleasure last evening that the Government had decided to provide for the control of the Crow's Nest extension rates by such a commission when appointed. The reduction of rates on wheat would, he thought, be a great boon to Manitoba. Altogether if the reports as to the concessions made proved to be well founded the Government had made a very good bargain for the country.

Mr. Morrison, perhaps the most prominent of the British Columbian Liberals, speaking of the Crow's Nest extension, expressed himself as very well satisfied with the terms secured, and added his belief that the construction of the road would be pushed with vigor by the C. P. R.

TEN YEARS IN A CELL

The Man Who Threw Vitriol Gets a Long Term for Forging.

Quebec, June 3.—Gahan, who forged Hon. R. R. Dobell's name on a check for $150, was sentenced by Judge Chaveau in the police court yesterday to ten years in the penitentiary. Gahan was recently released from the penitentiary, where he had been sent for throwing vitrol in the face of Louis Selvert, of Toronto. The reason of his release was that he was illegally convicted and sentenced by Magistrate Denison. Under our criminal code a magistrate cannot try such a case.

A DINNER PILL.—Many persons suffer excruciating agony after partaking of a hearty dinner. The food partaken of is like a ball of lead upon the stomach, and instead of being a healthy nutriment, it becomes a poison to the system. Dr. Parmelee's Vegetable Pills are wonderful correctives of such troubles. They correct acidity, open the secretions and convert the foul partaken of into healthy nutriment. They are just the medicine to take if troubled with Indigestion or Dyspepsia.

Chicago, June 3.—W. W. Ross, a union organizer, shot and killed himself yesterday in the headquarters of the Chicago Typographical Union on Washington street. Despondency over inability to secure work is supposed to have been the cause. Ross was widely known among all classes of organized labor.

GREAT DEMONSTRATION.

Premier Marchand's Welcome to the Ancient Capital.

Quebec, June 3.—The great political demonstration organized in honor of the new Marchand Government took place last night. The procession started from the Chateau Frontenac and traversed the principal streets of the city. Hon. Mr. Marchand, accompanied by Messrs. Shehyn, Parent and Robitaille, president of the Liberal organization committee, headed the procession. The other members of the Cabinet came next, and were followed by hundreds of vehicles, bands of music, bicycle corps, the fire brigade, etc. Fireworks of all kinds were set off along the route of procession. Thousands of spectators lined the streets.

BRITISH SHIP LOST.

The Duncow Wrecked—Officers and Crew Reach Shore in Safety.

San Francisco, Cal., June 3.—A dispatch was received today at the Merchants' Exchange, stating that the British ship Duncow had been wrecked off Kangaroo Island, and had become a total loss. The officers and crew made their way through the surf and reached the shore in safety. It was further reported that a steamer had gone to the island to take off the officers and crew.

The Duncow sailed from Port Gamble recently with a cargo of lumber for Port Pierie, Australia. Kangaroo Island is off the coast of Australia. The Duncow was in command of Capt. Graves.

ONE MORE EFFORT.

Durrant's Attorneys Have Now Played Their Last Card.

San Francisco, June 3.—There will be 200 invitations issued for the execution of Durrant, and Warden Hale has fixed 10:30 a.m. as the hour of hanging. Twenty-five medical men will be permitted to witness the tragedy at the request of his attorneys. Durant yesterday made a formal demand for release, claiming to be unjustly imprisoned. This will be part of the appeal to the Supreme Court, and is to cover the point which might be made that by failing to protest and demand his liberty he had lost the right to complain.

The appeal raises a point which, according to the statement of Durrant's counsel, has never before been raised in this state and must be decided before Durrant can be hanged. The contention is that Judge Bahrs inflicted two penalties—imprisonment and death—while the law says one or the other. Counsel will hold that Durrant's life in San Quentin is not detention, but imprisonment; that the position of the Attorney-General is untenable, as life in the county jail carries with it no shaving, stripes and no indignity other than detention. This statement will also be heard in the Federal Court, where, it is expected, that the same action will be taken as in the Worden case—that of securing a writ of habeas corpus.
