MEN-OF-WAR IN MOORISH WATERS.

The Death of the Sultan of That Country May Complicate Matters.

PARIS, Oct. 12.—The Journal des Debats says: "France does not desire to take possession of Morocco nor to do injury to the material interests of Spain. Moorish waters will soon witness an assembling of men-of-war of all countries, in which even America will be represented. The precise object of this assemblage is unknown, and it is possible that the participants are actuated by widely divergent intentions. If the object is to guarantee the equilibrium of the Mediterranean the program is extremely vague and very dangerous. France and Spain, who alone have direct and positive interests there, the chief of which is to prevent Morocco from becoming a second Bulgaria, should establish a mutual understanding." The Journal expresses a hope that the Sultan will recover, and that the men-of-war will leave, which will be the best thing that can happen for Morocco.

The Sultan's Health Improving.

TANGIERS, Oct. 12.—The Grand Vizier last evening sent a report to the foreign ministers from Mequinez to the effect that the Sultan's health continued to improve, and that he was able to leave his room for a short time daily to hold interviews with his ministers.

THE CAFFAREL SCANDAL.

Gen. Boulanger Challenges the Most Searching Investigation.

PARIS, Oct. 12.—A summary of the plan for the mobilization of the Seventeenth Army Corps which was divulged by The Figaro, has been found in the house of Gen. Caffarel, and a memorandum of sums of money received, presumably from the sales of decorations, has been found in Gen. L'Andlan's house. It is reported that Gen. L'Andlan has gone to Brussels or Berlin. He declared he did not wish to be confined in prison previous to his trial.

Boulanger Denies Complicity.

PARIS, Oct. 12.—Gen. Boulanger in an interview denied any complicity in the Caffarel affair and challenged the most searching investigation. He deplores the scandal as likely to have a depressing effect upon the country, just when a revival of patriotism is taking place. He believes that Madame Limousin was sent to him from different quarters in order to lay a trap for him.

Decapitated by a Railway Train.

LUCAN, Oct. 12.—William Walsh, a farmer residing one mile and a-half west of Lucan, going home from the village at 8 o'clock last night accidentally fell into a cattle-guard, and being somewhat stunned by the fall, raised his head above the level of the cattle-guard just as the mixed train from the west was passing. It completely severed his head killing him instantly. He was an uninarried man.

What am I to Do?

The symptoms of biliousness are unhappily but too well known. They differ in different individuals to some extent. A bilious man is seldom a breakfast eater. Too frequently, alas, he has an excellent appetite for liquids but none for solids of a morning. His tongue will hardly bear inspection at any time; if it is not white and furred, it is rough, at all events. The digestive system is wholly out of order, and diarrhea or constipation may be a symptom or the two may alternate. There are often hemorrhoids or even loss of blood. There may be giddiness and often headache and acidity or flatulence and tenderness in the pit of the stomach. To correct all this, if not effect a cure, try Green's August Flower, it costs but a trifle and thousands attest its efficacy. 246
