LOCAL'S.

We hear complaints along the line of the shortage in apple barrels.

The mines at Torbrook are closed down on account of a shortage of coal.

The telegraph operators along the D. A. Ry. line are asking for an increased scale of wages.

The fruit exhibit at the Valley Exhibition in Windsor is said to have been exceptionally good.

An evaporator is to be opened next fall at Berwick by the same company that owns the one at Middleton.

The D. A. Ry. timetable changed yesterday. See hours for arrival and departure of trains on page four.

Eight head of cattle were killed by a train at the Cunningham Dykes, New Minas, one morning recently.

Fruit marketing on the co-operative plan has been started at Berwick, by what is known as the Berwick Fruit Co.

We understand that next year Mr. J. G. Reed will erect a building for his cannery at Berwick, and add a vinegar factory.

The Brooklyn (N. Y.) Eagle of Oct. 7 has an excellent write up of Kelly Villa with a photo of Mr. and Mrs. Kelly's summer home.

There is to be a business meeting of the Baptist church at two o'clock this afternoon to consider the calling of a pastor.

The Acadia Electric Light Company offers to sell its property, plant and franchise, for the sum of $35,000 to the town of Wolfville.

Read the advt. of Mr. H. B. Willett who has the agency for the Singer Sewing Machines in Eastern Annapolis and Western Kings Counties.

A special meeting of the M. A. A. A. will be held in Morrison's Hall on Friday evening Oct. 18th, at 8.30 o'clock.

E. S. SPURR, Secty.

At the Valley Exhibition Mr. G. H Vroom acted as the judge of fruit. Mrs. Vroom acted as one of the judges in the domestic department.

The Barrsboro sch. Wver, Demozelle was sunk in collision in Vineyard Haven, Oct. 10th. Capt. G. M. Morris and crew of four men had barely time to escape.

Berwick is a busy place at present. Four large apple warehouses are taking in the fruit and a fifth one is nearly completed. Another one is to be put up next year.

The hunting party consisting of Judge Sorpe of Liverpool, R. H. Moore, and F. W. Clark, Bridgewater, succeeded in shooting a fine moose on Monday.—Gold Hunter.

We would call attention to the advertisement of the Central Livery Stables. Mr. Wheelock keeps a good lot of horses with an excellent choice of vehicles, which may be secured at reasonable rates.

Mr. Foshay of Acadia, who occupied the Baptist pulpit on Sunday last, is a good Speaker, Mr. McCutcheson of Acadia, who preached so acceptably on the 6th inst. is expected again next Sunday.

Mr. Albert Gates informs us that the apples are turning out to be a much heavier crop than anticipated. The gravensteins were spotted, but the later kinds now coming into the warehouse are fine fruit.

A Wolfville correspondent writes: "While we are on statistics, we would like to state that according to the latest count there are 75 widows in this small town, including all denominations."

At the meeting of the M. A. A. A. on Friday evening Oct. 18th, all business and other matters in connection with the M. A. A. A. will be settled. Bills must be rendered to me by Oct. 17th.

E. S. SPURR, Sect. Treas.

Mr. W. C. Parker informs us that there is an apple tree at No. Kingston owned by Mr. Watson Pierce that is well worth seeing. It was top grafted five years ago with red gravensteins and this year has about five barrels of as fine apples as ever was seen on a tree.

It is reported that the entire output of the Harlow & Peters vinegar factory at Bridgetown has been sold to H. Wildeway of London, Eng. Improved machinery has been added to the factory and a storage building 65 x 35 feet with frost proof cellar has been erected.

The "OUTLOOK" Split-Log Drag Competition closes today. The judges expect to begin at once to inspect the twelve pieces of road upon which the drag has been used. If the weather is favorable they will complete their work on Thursday, and will probably award the $25 prize on that day.

Mr. C. H. Schaffner informs us that the apples in the vicinity of South Farmington are turning out fully 50 per cent. better than was generally anticipated, and the quality is good. Notwithstanding a heavy shortage in Torbrook, Mr. Schaffner expects to handle more this year than ever before, the heavy yield of the middle districts making up the difference.

PERSONALS.

Mrs. Arthur Young is very sick with quinsy.

Mrs. C. F. Armstrong went to Boston on Saturday.

Mr. S. N. Moffat returned home from Amherst on Saturday.

Mr. F. S. Merritt was on a business trip to St. John last week.

F. E. BENTLEY & CO.

Temperance Alliance.

REV. H. R. GRANT TO BE THE NEW PROVINCIAL ORGANIZER.

The Kings County Temperance Alliance was represented at a meeting of Provincial Alliance held in Halifax on Friday last, by E. B. Newcombe and C. A. Patriquim, President and Secretary. The meeting was a successful one and much enthusiasm was displayed, showing that the cause continues to be a live one.

Rev. H. R. Grant was asked to take up work of provincial organization in place of Prof. Sawyer resigned. A resolution was passed asking the Picton Association to release him from his present duties for this most important work.

A committee was appointed to arrange a suitable manifeste to go into the hands of every voter in the province. Other literature, presenting conditions as they exist, showing inefficiency of present laws to stop the sale of liquor, is to be generally circulated. The work that will be taken up by the alliances throughout will be educative, with the high objective of absolute prohibition.

A committee was appointed to arrange the provincial tour of Drs. Chown and Shearer, who will visit Nova Scotia in January, and who have promised a good part of their time to Kings County.

Arrangements have been made by the Kings County Alliance to have Mr. Grant speak in three places in this County in November, commencing on Tuesday, the 19th. The places have not been decided upon.

British Shipbuilding.

It not only costs the United States quite a third more to build the ships for her navy than it costs Great Britain to build her ships, but the ships of the United States are not nearly so well built or planned as British ships. According to the October number of the 'Navy,' the naval bureaus at Washington, and incidentally, the entire department, are responsible for the recent fatal disasters on the 'Missouri' and 'Georgia.' The 'Navy' asserts that seagoing officers again and again have remonstrated against the unsatisfactory and faulty construction of turrets, but in spite of such protests the defective methods have been continued. To these faults, it is charged, the explosions on the two vessels were due, and other like accidents are liable to happen at any time from the same cause. As the safety of the country might some day depend upon the navy, such incompetence or fraud calls for immediate and searching investigation. The 'Navy' asserts that the same errors are present in the designs of the new ships, and demands a thorough overhauling of the entire department. It would seem to be high time.

—Montreal Witness.

Launched at Granville Ferry.

The new tern schooner built at Granville Ferry for A. D. Mills & Sons was successfully launched Oct. 10. As she slid off the ways into her native element she was named "Evelyn." Her dimensions are 148 feet keel and 148 feet over all, 32 feet wide, depth of hold 12 feet and registers 286 tons net. She was metalled on the stocks and all iron fastenings galvanized. Classed A1, 15 years, American record. The "Evelyn" was built by John Wagstaff, the well known builder, and modelled by George Wagstaff, a son of the builder, and is a fine specimen of marine architecture. The vessel will be managed by F. W. Fickles, and will be registered at Barbados, West Indies.

It is rumored that Archie Campbell M. P., will be appointed to the Senate.

Rev. H. T. Kingdon D. D. Bishop of the diocese of Fredericton, died on Oct. 11th.

Hon. Mr. Tessier, Provincial Treasurer in the Quebec government, has been appointed to the Bench.

Western newspapers won their fight against the attempt of the C. P. R., to increase the rate on press despatches.

It required 350 firemen handling nearly 1000 tons of picked coal daily to make the record breaking run of the Lusitania.

Since the lowering of postal rates on British newspapers and magazines their sales in Canada have increased 162 per cent.

A new locomotive works is to be opened in Lachine. It is to cost $3,000,000 and employ 1,500 men. The scheme, it is said, to be financed by Englishmen.

The new turbiner of the Cunard line made the passage from Queenston to New York in four days, 19 hours and 52 minutes beating all records. Her average speed was 25.99 nautical miles per hour. Her name is the Lusitania.
