Could the makers of the Slater Shoe dare imperil the value of a $250,000 trademark by putting out unworthy shoes bearing their brand? And the value of that brand represents the difference between the protection of the wearer of unknown shoes and the famous Goodyear Welted

MERRY ENGLAND WINNER 6 FURLONGS IN 1.15 1-2

Benckart Beat Sambo—Golden Way Was Disqualified in the Steeplechase.

On a good track the in rainy weather four favorites won out of a card of seven events on the fifth day of the Ontario Jockey Club's meet. The feature event of the day, the October Handicap, was won by Seagram's Merry England at the closing odds of 9 to 5. The distance, 6 furlongs, was covered in fast time of 1.15½, which is within the track record for the distance by half a second. Only two horses started in the Doncaster Plate, which was won by Cook's Benckart at 8 to 5, beating the favorite, Sambo. Dr. Stuckey at 4 to 5, well ridden by T. Walsh; Judge, 9 to 5, with J. Daly up, and Moral at 9 to 5, were the other winning favorites. Choate at 3 to 1 beat the favorite, Fuego, in the seventh race, while Mosketo, 3 to 1, won from Caithness of the Civill stable.

Dr. Stuckey was the favorite in the first race on the card and led all the way from start to finish, winning by a good two lengths from Rosanco. Mary L. Chaucey's entry was just inside the money, beating out Charlotte J., who was backed heavily.

Eleven starters went to the post in the second race and the favorite, Judge of Gonghance stable, got off first of the bunch. At the half-mile Diaphanous and Nine Pin both forged ahead of the favorite. Judge had the speed and closed up fast until at the beginning of the stretch, he took the lead, maintaining it and winning by a head from Diaphanous, with Scotch Plume a good third ahead of Nine Pin by four lengths.

Only two horses faced the starter for the Doncaster Plate, and altho the Civil entry, Sambo, got away first, Benckart soon took the lead and was never headed, holding his own and beating Sambo, who under the sting of the lash was unequal to a final spurt. Both horses had many backers, Sambo being made favorite.

Many scratches were the order in the fourth race, the October Handicap, for out of a bunch of fifteen there were only five starters. Merry England and Athel were about split favorites in the betting. Seagram's Irish Jewel led until the half-mile, when Merry England displaced him and held the position safely, beating Athel easily by two lengths. Australina, who was picked by many as a good thing, was replaced, Sailor Knot taking third place.

The Ridgewood Steeplechase Handicap was full of incidents. Golden Way led all the way till the twelfth jump, when he nearly ran out of the course, Moral taking the lead, maintaining it till the stretch, when Golden Way forged ahead, beating Moral by a neck, but was disqualified for fouling the stable entry, Buffer and The Baillie bolted early in the race, Dalliance showed burst of speed and came up from sixth place to third. As Golden Way was disqualified Enghurst was placed third.

Caithness was picked by the talent to win the next race, but disappointed her backers, as she was beaten by Mosketo by two lengths. Shandonfield ran third, leading King's Pet by a head.

The last race on the card was the easiest contest of the day, Choate, Thomas' entry, running away from the field and winning by two lengths from Jingler, with Fuego five lengths behind.

Doping Horses in Paris.

Paris, Oct. 1.—The racing world here is greatly agitated about the question of alleged drugging of race horses, in which American trainers are thought to be especially expert by the public here and are having great success owing to this practice. Pending a report by the veterinary surgeons appointed by the steward of the French Jockey Club to investigate the matter, the press is taking up the subject. The Matin this morning publishes an interview with a leading American trainer at Chantilly named Leigh, who emphatically declared that he did permit drugging in his stables, for he considered the practice harmless. He added, however, that American stable lads were profiting by the credulity of certain trainers and were selling nostrums at high prices.
