MILITARY WILL COME NEXT

And the Various Societies Will Draw for Positions After Them.

Road Roller Committee Returned From Buffalo After Choosing a Machine—Gartshore-Thompson Pipe Foundry Scorched Considerably and a Fireman Badly Hurt—Final Rehearsal for the "Messiah"—The Matter of Insurance Still Occupying Attention—Personal and General Items.

Hamilton, May 27.—(From The World's Staff Correspondent.)—The Procession Jubilee Committee to-night brought the arrangements for the Diamond Jubilee celebration a step or two nearer completion. The school children of the city will lead the procession on June 2. After them will come the military, and lots will be drawn next week for the positions of the different societies. One of the latest to join is the Canadian Club. A telegram was received from Mr. Brant Sero, in Ottawa, stating that the Government felt itself unable to assist in the transport of the Six Nation Indians to Hamilton.

Fire! Brigade and Baseball.

The Christ Church Company of the Church Boys' Brigade elected a senior and a junior baseball nine, captained respectively by John Holt and John Smye. Warden Harvey Holt was made manager. The seniors play their first game on Monday next with Company 5 in Victoria Park.

The Road Roller.

The Committee of the Board of Works that went to Buffalo this morning to inspect the steam roller returned to-night well pleased with their visit. The macadam roads at Depew were inspected, and likewise the Pitts Works, and the committee came to the conclusion that the 12-ton steam roller was just the thing for Hamilton. A meeting of the board will be held to-morrow night.

A Big Blaze.

The Gartshore-Thompson Pipe Foundry was badly damaged by fire to-night. The fire was discovered by the night watchman, Adam Cresswell, about 10 o'clock. When the fire department arrived the storehouse containing several hundred tons of hay, used for "coring," and the engine room, were a mass of flames. The flames ascended heavenward hundreds of feet, and ignited the foundry proper. The mill is situated in a low district near the G. T. R. station, but the streams would hardly reach the top of the big building. The firemen did good work, and saved the foundry, only part of the roof being burned. The fire lasted an hour, and thousands of persons witnessed it from the surrounding hill-tops. The scene was an animated one. While fighting the flames Thomas Wilson, deputy chief, fell into a moulding pit about 14 feet deep, striking his head. He alighted on an iron floor, and cut his head frightfully, and dislocated his ankle. He was gotten out with difficulty and removed to his home in a patrol wagon. Mr. James Thompson, the manager, could not estimate the loss at midnight, but it will amount to several thousand dollars, the water having drenched the machinery. The mill was well insured. A good many men will be thrown out of employment for some weeks.

"The Messiah."

The final practice of Handel's "Messiah," given by the Hamilton Choral Society, assisted by the Harris Orchestral Club, was given in the Drill Hall to-night. The chorus is very evenly balanced. Among the principal soloists who will take part are Mrs. Martin-Murphy, Mrs. Bruce Wilkstrom, Mr. Fred Jenkins, Cleveland, and Mr. Watkin Mills of London, England. Mr. C. L. M. Harris, Mus. Bac., is the conductor.

Hamilton Retailers Organize.

The retailers of the city met to-night and organized into a protective society, to be known as the "Hamilton Business Men's Association." Mr. W. R. Davis was elected president, and a constitution adopted. Some 80 members subscribed.

Bicyclists Play Ball.

The Crescent Bicycle Club played a baseball match with the City Hall nine this afternoon. The wheelmen beat the clerks'. Score, 16 to 1.

FIRE INSURANCE MATTERS.

The Citizens' Committee Will Make a Thorough Investigation—Minor Notes.

Hamilton, May 27.—(From The World's Staff Corespondent.)—The Citizens' Committee looking after the insurance rates of this city are leaving no stones unturned to sift the question to its very bottom. When the investigation is ended the committee may that the companies will not be taking $7 away for each $1 paid for losses. The next day or two will see a thorough test of the fire department.

A Legal Baseball Club.

The Law Literary Society met last night and organized a baseball club and elected the following officers: M. J. O'Rielly, president; R. Slattery, captain, and Leo Cherrier secretary-treasurer. Richard Slattery, the captain, is an old ball player, and under his tuition the society ought to have a first-class ball team.

THE VISITING TRAINMEN.

Continued from page 1.

and unanimous form yesterday when a resolution was adopted thanking the general manager, the general superintendent, the staff of divisional superintendents and the trainmasters of the Grand Trunk Railway system for the courtesy and consideration they had extended to the delegates on the occasion of the present convention.

At the Tremont House.

In the evening everybody repaired to the Tremont House, where the Brotherhood boys were to be the guests for the evening of nine host James Mannell and his worthy lady. A table had been spread laden with all the delicious viands and luscious drinks to which the trainmen know so well how to do honor, and suitable preparation had been made to express again in a tangible manner the appreciation our citizens feel towards their guests of the past two weeks, and send them off with parting good wishes.

The Guests.

The duties of chairman were very properly placed upon the shoulders of Bro. D. L. Cease, Peoria, Ill., the editor of The Trainmen's Journal, and around the board sat Messrs. Joseph Bolitz, Toledo, O.; W A Sheahan, Peoria, Ill.; C N Terrell, Chicago, Ill.; S C Young, Fort William, Ont.; William Conse, St. Louis, Mo.; W A Mack, Charlton, Ia.; W A Wheeling, Alton, Ill.; M J Scully, Northampton, Mass.; R J Elliott, Schreiber, Ont.; J C Bambrik, East Radford, Va.; F H Harmon, Portland, Me.; J B Hart, Newark, N.J.; Elmer Newhouse, Delphos, O.; F H Golden, Beardstown, Ill.; John Avey, Grand Rapids, Mich.; H A Webster, Salida, Colo.; W P Mettlen, Lincoln, Neb.; H G Thompson, St. John, N.B.; R W Thompson, Cedar Rapids, Ia.; H C Bickett, Portland, Ore.; N H Morton, Moncton, N.B.; R H Morton, Carleton Place, Ont.; T W Houlihan, Long Branch, N.J.; M Price, E. Hartford, Conn.; Harry Hayes, Ogden, Utah; Frank E Vaney, Portage City, Wis.; Prof. Charles Bohner, Toronto (one of the boys); A Woods, Detroit, Mich.; F Binnington, Delray, Mich.; Con F Gegax, Dunsmin, Cal.; O A Cottrell, Oshkosh, Wis.; W G Edens, Galesburg, Ill.; M J Tierney, Fond Du Lac, Wis.; J H Williams, Ashley, Pa.; C A Armstrong, Arlington, N.J.; P H Kearney, Scranton, Pa.; D R Sweeney, Lancaster, O.; M Kelley, Dunmore, Pa.; T P O'Shea, Cleveland, O.; J H McCloskey, Bradford, Pa.; W S Gaines, Cleveland, O.; Thomas C Walls, Toronto; R Ironside, Toronto; L Upthegrove, Michigan City, Ind.; S F Barnhville, Bloomington, Ill.; J H Conly, Newark, O.; C W Coulter, Toronto; H Acorn, Toronto; T D Swift, Jonesboro, Ark.; E G Wilson, Columbus, O.:

Grand Master Morrissey was indisposed from a throat trouble, and sent his regrets, as did also His Worship Mayor Fleming.

Presentation to the Host.

But before the guests sat down to enjoy the bountiful repast a very pleasant little appetizer was in order for them. The chairman arose, and, in a very neat little speech, presented the proprietor of the house with an illuminated address, reading as follows:

"Brotherhood of Railroad Trainmen to Mr. James Mannell, proprietor Tremont House, Toronto.

"The undersigned delegates to the third biennial convention of the B. R. T., assembled in Toronto, have pleasure in bearing our testimony to the very great pleasure and consideration in every respect you have extended to us whilst guests in your house.

"We have been much pleased with what we have seen of your beautiful city, and we return our thanks to you for enabling us the opportunity to see and enjoy some of its pleasant sights.

"But it is you personally and the members of your family that we especially wish to thank for your kindly treatment of us all. You have made us so much at home while under your roof that we sincerely hope that in the future some of us may again be your guests.

"Wishing you and all your family all the success in life you deserve, we assure you that we carry away with us to our several homes very happy memories of the time that we have spent in the Tremont House and fond recollection of your geniality and hospitality.

"(Signed)—D. A. McKendrick, chairman; S. F. Barnhville, secretary; J. H. Colvig, H. Hayes, J. Davy, A. A. Woods, T. D. Swift, H. A. Webster, O. A. Cottrell, M. Tierney, F. E. Vaney, R. H. Marton, A. Monahan, R. W. Thompson, N. H. Morton, W. T. Mettlen, H. Schroeder, H. G. Thompson and W. A. Mank."

Honored the World.

This happy little ceremony concluded, Mr. Cease made a few very complimentary remarks regarding the great assistance the appreciative co-operation of the press of Toronto had been to the Brotherhood in its convention.

The unsuspecting representative of The World was then made the grateful recipient of a handsome gold watch, bearing on the case the monogram of the B.R.T. The watch is one of the Webb & Ball Co., Cleveland, Ohio, make, which speaks volumes for its value as a timepiece, as well as its beauty as a work of art.

The Ball Company have the honor of the almost sole patronage of the Railway Brotherhoods, who, above all men need a standard timepiece.

Many Toasts.

Amid great enthusiasm, considering the mixed audience, the toasts of "The Queen" and "The President of the United States," were proposed by the chair, and responded to by Messrs. Robert Ironsides and Timothy O'Shea, respectively.

Then Grand Secretary-Treasurer W. A. Sheahan responded to the chairman's toast of "The Brotherhood." He told how the B.R.T., though the youngest of all the railroad organizations, had yet eclipsed them all in many respects. The fact that at the last two sessions of the convention the respective mileage drawn was 750,000 and 1,080,000, was conclusive evidence that the brotherhood were greatly indebted to the railway companies.

The Webb & Ball Watch Company brought their representative, Mr. Gaines, to his feet, and the fun, as far as the dining hall was concerned, was concluded by whistling selections from Mr. Bryant of Los Angeles, California.

Those present warmly congratulated the host upon the very costly selection of presents he received on the occasion of the 25th anniversary of his wedding day, which was celebrated about a year ago. The very pleasant gathering then dispersed.

Working on the Tariff.

Washington, D.C., May 27.—The Senate made good progress on the Tariff Bill today, disposing of about ten pages. Several votes were taken during the day, the Finance Committee being sustained in each case by majorities varying from six to fifteen. The drug schedule was under discussion, and the debate was largely technical. Occasionally, however, it branched off to general phases of the tariff, although at no time during the day was there a speech of more than five minutes duration.

THE TRADES PARLIAMENT

Approves of the Appeal Re the Gas Company.

INJUSTICE OF "THE NEWS"

In Respect to the Above Appeal and Sunday Car Question.

Two Labor Disputes Likely to Be Amicably Settled—Representation on the Tax Exemption Convention Demanded for Boards of Trade and Labor Organizations—Infringement of the 15 Cents an Hour By-Law—Permanent Building Wanted for the Technical School.

There was a well-attended meeting of the Trades and Labor Council last night, with W. H. Parr in the chair.

D. J. O'Donoghue, on behalf of the Legislative Committee, reported that the long-standing differences existing between Mayflower Assembly of Longshoremen and the firm of Elias Rogers & Co. are in a fair way of settlement by arbitration, such action being proposed by the firm.

Correspondence is being conducted with Mr. Robert Bond, the livery stable man, who, it is said, locked out his men on the 8th instant on the assumption that they contemplated forming a union. The result of the correspondence will be made known at next meeting.

The report was adopted.

Tax Exemption Convention.

William Joyce, secretary of the Municipal Committee, in his report, advocated the extension of invitations to the Tax Exemption Convention to all labor bodies.

Delegate O'Donoghue objected to the Tax Exemption Convention being composed entirely of property-owners, as proposed by Ald. Carlyle, as every man who pays rent is vitally interested in the question, and suggested that the chairman of the Municipal Committee should file a protest against the Council expanding money for any such a class gathering.

A motion was passed, asking for direct representation on the Tax Exemption Convention, and while doing so, requesting that all Boards of Trade and similar bodies be invited to send representatives.

The Injustice of The News.

The report of the Municipal Committee in reference to Sunday cars regretted that The News should editorially say that "when the workingmen lose their Saturday half-holiday they will have to thank their false guides." The report considered that the above remarks were most ungenerous, and are a direct incitement to all employers to make a combined and determined effort to increase the hours of labor, being assured of the support of The News.

A Second Instance.

The Municipal Committee also considered that Mr. Johnston is well within the bounds of equity in asking the city to recoup him in the matter of costs in his suit against the Consumers' Gas Co., and regretted that The News should have placed itself on the side of injustice in this case also.

The City Council has been forced by public opinion to become a party to the suit, and if it had not been for Mr. Johnston the city corporation would have remained, as of old, a passive spectator to the extortion of a monopoly upon the citizens. The committee was pleased to report that the appeal will now go on.

The 15 Cent an Hour By-law

The fact that three claims had been allowed by the City Engineer to men who had not received the regulation 15c an hour, as the clause had not been inserted in the contract, was considered by the committee to be the fault of the engineer, and not the result of accident, but of design.

The report was adopted.

Building Wanted for Technical School

The Educational Committee, in its report, called special attention to the excellent work being done by the Technical School during the past year. On account of a bill passed at the last session of the Legislature it will be impossible for the school to get the Government grant unless provided with a permanent building. As the present building is overcrowded, the committee deemed it advisable to take action toward impressing on the City Council the necessity of erecting a permanent building for the purpose of Technical school education.

The report was adopted.

The Labor Day Committee will meet a similar committee from Hamilton on Wednesday evening next for the purpose of discussing the advisability of holding a joint celebration this year.

THREE MORE PERFORMANCES.

The production of H.M.S. Pinafore at the Toronto Opera House is being greatly enjoyed by lovers of Gilbert & Sullivan's amusing and charming operas. Last night between the acts Mr. Al Leech introduced one of his famous specialties which has made him so popular. It is well worth seeing. As there will be only three more performances of this opera those who intend seeing the production should secure tickets at once. Seats for the Saturday matinee are selling rapidly.
