Live Stock Market

There was a moderately heavy run of cattle onthe Union Stock Yards yesterday, nearly 1400 head in all, with the bulk of the offerings of a very poor type, common to rough stuff, with a heavy overload of inferior stockers and feeders.

It might be well to emphasize the fact right here that too many inferior stockers and feeders are coming on the market at the present time to maintain the relatively high prices that have all along prevailed for this class of cattle. There was a time earlier in the season when speculators might have eased the market off somewhat, but the men looking for stockers and feeders today are farmers, and they want them good to choice. There are some of that quality and they are selling alright, but the poor stuff is hard to sell—very hard, as the commission houses can testify.

Another point that it might be well to press home gently upon the shippers of this class of cattle is the great advantage that would accrue from dehorning. In every way it is a great benefit, and just now is a good time to have it done.

A class of cattle for which there is little demand is the rough heavy steer, from 1100 to 1200 lbs., but there were not many of them. Good handy butchers were wanted, and taken altogether the market yesterday may be said to have held steady.

Milkers and springers are selling well and a look thru the representative sales of all the leading commission houses, as published in The World from day to day, will give the best possible idea of values obtaining on the Union Stock Yards.

Sheep and Lambs

There was a weaker feeling in the lamb trade yesterday, with a lower tendency in prices. Heavy lambs were hard to sell at the market. The sheep trade was strong and calves steady and unchanged at Tuesday's quotations.

Hogs.

The market was again very weak for hogs yesterday, from 16¾c to 17c being the ruling price, and with sales in some few stated cases, it is said, of 16½c. fed and watered. The general consensus of opinion on the exchange yesterday was that at least slightly lower prices would prevail in the immediate future. There was a heavy run, over 3000, which, of course, helped to depress the market.

Receipts.

Receipts of all kinds of stock yesterday, as shown on the official board, were 125 cars, 1397 cattle, 140 calves, 3036 hogs and 2246 sheep and lambs.

Gunns, Limited

Gunns, Limited (Alex. Levack) bought 100 cattle yesterday. For the butchers Mr. Levack paid from $9.25 to $10.20; cows, $6 to $8.75; bulls, $6.25 to $8.50, and canners, $5.50 to $5.75.

Mr. Dingle, also for Gunns, Limited, bought 600 hogs at 16½c to 17c, according to quality, and 20 calves at 13c to 15½c.

The Swift Canadian bought 500 cattle. For the butchers they paid all the way from $8.50 to $10.50; cows, $7 to $9, and canners, $5.25 to $6; bulls, $6.50 to $8. The company's buyers again emphasized the fact that much of the offerings were of an inferior quality, but the market, in face of this, was holding steady for good to medium stuff, of which there was a short supply.

The Swift Canadian bought 600 lambs at $16 to $16.40; 40 calves at 7c to 15c, and sheep at 6c to 12c. The market for lambs was quoted as from 10c to 15c lower, with the demand for sheep steady to strong.
