News Summary.

DOMINION.

— A Moncton apple tree 60 years old is still bearing fruit.

— Rev. George Johnson, one of the oldest Methodist ministers in Canada, died at Grand Pre, N. S., on Friday.

— Father Chiniquy is likely to lecture in a number of towns and districts in the Maritime Provinces in course of next eight weeks.

— Rev. A. G. Mowatt (Presbyterian) formerly of Windsor, N. S., and Fredericton, N. B., has returned to his present charge in Montreal.

— The tides were unusually high in the Bay of Fundy last week, dikes being overflowed and broken down and much hay damaged in some places.

— A paint mine has been discovered twenty miles above Liverpool, also an isinglass mine at Chelsea, good specimens of which have been sent to parties in the United States for inspection.

—Work is booming at the Joggins coal mines. The average shipment is 300 tons a day, to St. John, N. S. ports, and for I. C. R. use. Last month's pay roll shewed 227 employees, with earnings of $7,500. —*Record.*

— That the C. P. R. is a big concern is shown by the fact that the Lake of the woods mills turns out 1500 bbls. flour daily of pure Manitoba wheat of Five Roses brand and this mill pays freight to the railway of $300,000 a year.

— The sugar ship, John M. Blaikie, from Iloilo, March 25, arrived in Montreal on the 18th. During the voyage Capt. Falkner lost his wife, and a seaman fell from aloft and was killed. The ship and captain belong to Londonderry, N. S.

— A cable message from Glasgow says a project is on foot there to form a new steamship company to run bi-weekly steamers to Canadian and U. S. ports. The new steamers are to be fast, the idea of the promoters being to secure the cattle trade and general traffic by giving that class of business special attention.

—The Provincial Government have appointed Charles Burpee, ex M. P. of Sunbury, James E. Fairweather of Hampton and John A. Campbell of Kingsclear, commissioners to purchase the proposed importation of stock. They will leave probably about the 1st of September. The stock to be purchased will consist of 150 cattle, some each of Holstein, Shorthorn, Jersey and Ayrshire, and the same number of sheep. The stock will be bought chiefly in Ontario.

— Chas. R. Hosmer, superintendent of the Canadian Pacific telegraph service, arrived from London where he had been in the interest of the Canadian syndicate, that had secured control of the Halifax and Bermuda Cable Company. Arrangements were made during Mr. Hosmer's sojourn in London that will result in extending the cable in one direction from Bermuda to Jamacia and from Bermuda to Barbadoes in another. The new route will require 1,200 miles of cable.—*Sun.*

— As may be seen by advertisement in another column—Whiston Halifax Commercial College is now ready to receive students. Mr. Whiston, principal, is an experienced teacher. Previous to his coming to Halifax, thirteen years ago, he had charge of the Commercial College at Mount Allison, Sackville, N. B., and many of the now leading business men of the Maritime Provinces will remember with gratitude his faithful labors in connection with that institution. As a penman, he is no doubt the best in the Maritime Provinces. Mr. Whiston is well and favorably known as a warm friend of young men, and has long been actively identified with the Y. M. C. A. We have much pleasure in recommending him to all who may be seeking a business training in the city of Halifax.

— Hon. George E. Foster, Minister of Finance, writes to the Halifax Board of Trade regarding the Spanish West India market: My reading of the treaty of 1886 convinces me that up to January, 1892, there can be no doubt of Canada being entitled to equal treatment with the United States, even on the contention of the United States that reciprocity treaties are not subject to the most favored nation conditions on the grounds of equivalent compensations being given, for up to that date the United States give nothing to Spain that she does not give by tariff laws to the world. From that date up to July 1, 1892, it would appear that under the most favored nation clause of the treaty of 1886, between Great Britain and Spain, the products of Canada should be admitted in those markets on the same footing as those of the United States. What is needed, however, to settle the question is the authoritative statement of the Spanish Government, and this the British Government is endeavoring to obtain as soon as possible.

BRITISH AND FOREIGN.

— Despite the best medical skill and the tenderest nursing, Mr. Spurgeon grows steadily weaker, and it seems unlikely that the famous preacher will ever stand in the pulpit of the Tabernacle again. The daily meetings of his congregation to pray for his return to health are continued with affectionate constancy. His enormous mail, the reading and answering of which was one of Mr. Spurgeon's most arduous daily tasks, now contains letters from all parts of the world, bearing the most touching wishes for his recovery. The great publishing house whose special work is the publication of his sermons and books has been brought almost to a standstill by Mr. Spurgeon's illness, pending his recovery or death. Throughout England there is great solicitude among all grades of people, and the country papers print daily bulletins of the patient sufferer's struggle for life.

— According to the official statistics upwards of two million emigrants have left Italy during the last eleven years. Despite its unsurpassed natural advantages of soil and climate, United Italy does not appear to prosper.

— Advices from Valparaiso, August 29, say that the insurgents are victorious. They have taken possession of Valparaiso. Balmaceda's power in Chili is broken, his army scattered beyond all hope of reorganization. There has been a general flight of the government officials. A new government is being formed. The city is as quiet as could be expected. The country is flocking en masse to the standard of the insurgents.

—A Russian ecclesiastic now in this city, who has returned from a journey through the distressed districts of the Russian province of Kazan, says: In many places the population has been decimated by starvation. At Narody many people are so weak that they were unable to eat food which he offered them. There is no bread there and the only food of the people for a fortnight consisted of lime leaves pounded into pulp. In this village 47 out of 150 families had died of hunger.—*Sun.*

UNITED STATES.

— "The Baptist Hospital Association" is the title of a new organization in Chicago for the erection of another denominational hospital in Chicago. The work of raising money for a Baptist Hospital will be inaugurated immediately, and when stock subscriptions to the amount of $100,000 have been received, work upon the building will be commenced. The new Hospital will, of course, be located near the buildings of the new University, and will form a part of the Medical Department of that Institution. Chicago bids fair to be the headquarters of Baptist influence in the United States. The liberality and beneficence of the denomination are developing magnificently.

— To cure a cough, to relieve all irritations of the throat, to restore perfect soundness and health to the lungs, use Dr. Wistar's Balsam of Wild Cherry, which is still prepared with the same care as when it was introduced to the public by Dr. Wistar, over 40 years since.

FRAIL.—Mrs. Eleanor Frail, who died at East Chester, Lunenburg Co., N. S., on the 24th day of July last, was baptized and received into the fellowship of the Chester Baptist church in the year A. D. 1828. She was converted under the preaching of Father Joseph Dimock, and always preserved the memory of her spiritual change in a marked manner. She was one of those who "never doubted clouds would break, never dreamed, though right were worsted, wrong would triumph." She came from the darkness of a Roman Catholic family, and ever expressed surprise when listening to Christians bewailing their darkness. The light of God's presence was so vividly seen by her scriptural eyes that for her was no more darkness. Her favorite passage from the Scriptures was, "And there shall be night no more."

MOORE.—At Bridgewater, N. S., Aug. 16, Edmund Moore, aged 56.

NICKERSON.—At Argyle Head, Aug. 5, of old age, Mrs. Mary Nickerson, aged 88 years. Sister Nickerson was the oldest member of the Argyle Baptist church, having joined that body many years ago. Her death removes from our midst one of the few remaining links between the present and the past generation of Christian workers. Having lived a life of faith that commanded the respect and won the esteem of all who knew her, her departure in the fulness of years would only be regarded as the Christian's final victory over the powers of sin and death. Sister Nickerson was the widow of the late William Nickerson, and the sister of the late Rev. William Hobbs, of Los Angelos, Cal.

NEWS FROM THE CHURCHES.

CAMPBELLTON, N. B.—On Saturday evg., Aug. 14th, we had the pleasure of baptizing four in the Metspedia river. They represent four families. Many gathered to witness the first scriptural baptism performed in that community. Others are expected. C. P. WILSON.

Aug. 26.

NEW ANNAN.—This church, although small, is living in the enjoyment of much of the Divine presence. Our congregations are large and attentive, and we are hoping, in the near future, to reap an abundant harvest. At our last regular meeting three were received into the fellowship of this church; one by baptism and two restored. To God be all the praise. P. D. NOWLAN.

GERMAIN ST., ST. JOHN.—The brethren of the Germain street church have been compelled during the summer to make repairs on the house of worship to the extent of $2,000. On Sunday last pastor Gates called attention to the fact and was greeted with a response that must have cheered him. Some $1,100 were pledged during the day, and the rest will no doubt be promised ere the week closes.

LEINSTER ST. CHURCH, ST. JOHN.—On Friday evening last the church and congregation gave a reception to Pastor Mellick and wife on their return from vacation. The vestry was tastefully ornamented. The number in attendance and the general enjoyment made it a pleasant occasion. There was music by Misses Rogers, Rising, Calhoun, and Mrr. Seely. Miss Davidson, Miss Jamieson, and Mr. Burnham gave readings. Rev. Mr. Parent, of Grande Ligne, Quebec, made a good speech. The interest culminated in the presentation to the pastor and Mrs. Mellick of a warm-hearted and encouraging address accompanied by large pieces of gold that had been through the mint. The address was made on behalf of the church and congregation by Des. James E. Masters, who did his work well. Pastor Mellick's reply had the genuine ring of Christian manliness. Success to the church and the pastor.

EAST POINT, P. E. I.—By congratulations received at the late Convention my attention has been recalled to a mistake which appeared in an editorial of several weeks ago. In some way, I know not how, you were led to credit the East Point Baptist church, P. E. I. with "23 additions" during the last associational year. The number, I regret to say, was about a score larger than it should have been. The fact is that last association year was one of apparently fruitless toil as far as conversions were concerned. I am thankful, however, to be able to add, that since our association we have enjoyed "a refreshing." Seven have been recently added by baptism and one by experience. A ninth is temporarily deprived, by sickness, of the privilege of following Christ in His own ordinance. Others are looking Zionward. We were fortunate in having our much esteemed brother, the pastor of Leinster St. church, St. John, to baptize for us. R. H. BISHOP.

St. John, N B.
