A very pleasant time was had at the "Birthday Party" at the Methodist church on Wednesday evening. There was a good attendance, and the neat sum of $70.63 was realized. Refreshments were served and an interesting programme of music, readings, addresses, &c., was given. The selections by the orchestra were much enjoyed, as indeed was every part of the entertainment. A pleasing feature of the evening was the presentation of a handsome lamp to the pastor by the congregation. The presentation was neatly made by Mr G. V. Rand, and was gracefully acknowledged by Rev. Mr Donkin. We regret that our space will not admit of a fuller report.

ROOM PAPER! A lot of remnants at less than half price. Wolfville Book Store.

St. Mark's church looked grand in its beautiful decorations on Easter Sunday; immense pots of natural flowers, consisting of callas, geraniums, hyacinths, tulips and other varieties adorned the chancel and font; the former was arrayed in white—characteristic of the season—the church was crowded both morning and evening, sermons being preached by the rector and the Rev. K. C. Hind, (rector of Wolfville.) In the evening the choir sang with much acceptance, solos being taken in the anthems by Mrs Collier, and Mr N. Goudge, and were rendered very pleasingly, the whole choir assisted. The genial rector of Wolfville, who has been at St. Marks the past six weeks, left in the morning train, so as to be present at his parish meeting.—*Acadian Recorder.*

The reception given by the members of Court Blomidon, I. O. F., last Friday evening brought together a large company of people, and College Hall was well filled. It is estimated that from 800 to 1000 persons were present. Mr F. M. Logan presided and gave an appropriate address. Addresses were also given by Rev. Mr Donkin and Prof. Keirstead. The Wolfville band gave a number of selections which were much enjoyed, as were also the piano and concertina solos by Prof. Adams. The programme also included well rendered vocal solos by Mr L. W. Sleep, songs by the Foresters Quartette, comprising Messrs. Sleep, Woodman, Starr and Morse; readings by Mrs B. G. Bishop and Mr Logan, and violin and cornet solos by Prof. Duston, of Boston. A pleasing feature of the evening was an intermission of half an hour which was spent in promenading and conversation, while the band rendered appropriate music.

Another fire occurred on Wednesday night. This time it was in the store of Mr G. E. Torrie. The alarm was given about 12 o'clock by Mr Arch. Murphy, of the electric light station, who passed the building on his way home from work, and in a very short time the fire department was on the spot. The whole interior of the building was then in flames, but the firemen soon had it under control. The building was badly gutted, and will be scarcely worth repairing. The firemen deserve great credit for their promptness in getting the fire under control, thus preventing what might have been a serious conflagration. A portion of the contents of the building was saved in a damaged condition. The building and stock were insured.
