perat severely reprimanded Count Adlerberg for his want of *savoir faire*, and it is even said he will be removed from office.

More of Gen. Sherman's Mission.

NEW ORLEANS, Nov. 16.—In militia circles here it is openly asserted that Gen. Sherman merely precedes an army of occupation in Mexico. The late concentration of troops on the Rio Grande is now followed by the arrival there of large consignments of army equipments—more than enough for any peace footing, and it is said that several parks of artillery are along the way. From certain mysterious movements going on in this city, it is evident that there are extensive preparations being made for some movement of importance.

BY THE ATLANTIC CABLE.

THE "ALABAMA" CLAIMS.

LIVERPOOL, Nov. 16.—Cotton closed at 14d for middling uplands. Sales to-day 10,000 bales. Breadstuffs closed with an advancing tendency. Wheat is fully 3d higher. Lard closed with an advancing tendency.

LONDON, Nov. 16, evening—Consols closed this evening at 90¾ for money. The following are the latest quotations of American securities:—5 20's, 70; Ill. C., 77½; Erie, 49¾.

LONDON, Nov. 16, evening.—United States Consul Morse, in the news-papers to-day, publishes a letter, in which he explains the agreement between the American Government and Fraser, Trenholm & Co He states that the title of the United States to all Confederate property is therein fully recognized, and that said property is subject to legal liens for advances.

LONDON, Nov. 17, noon.—The London *Times* of this morning, in an editorial, says, the Government has no present intention to refer the *Alabama* claims to the consideration of a royal commission. The design is, the *Times* continues, to empower such a commission to institute enquiries in regard to the neutrality laws without prejudice to the *Alabama* claims, which are still under consideration, Lord Cranworth, it was thought, would be chosen president of this commission.

The "Bay Queen" Wrecked.

COBOURG, Nov. 17.

The schooner *Bay Queen*, of Hamilton, went ashore one mile west of here yesterday evening, loaded with wheat. The crew were saved after great exertions. The vessel is a total wreck.

A NEW BELT FOR SOLDIERS.—M. Heermans, a Belgian, has invented a belt for soldiers, which deserves the attention of all interested in military affairs. After an engagement or battle, an idea may be formed of the miserable position of the wounded, who, without timely care and dressing for their wounds, often perish without succour, or from the heats or colds that bring on gangrene. The belt is buckled on as an ordinary belt; it is 1.30m. in length by 8 centimetres in width. It is lined outside, so as to receive a band of dressing of the same length, which is readily drawn out. Close to the buckle are two India-rubber pockets, containing, firstly, a bandage for a second wound; secondly, lint, plaster, and &c. The soldier wears it on his trousers, and the total weight does not exceed five ounces. In many cases the soldier would be enabled to dress his own wounds or those or his wounded comrades. Once the wound is dressed, which might occupy two minutes, the belt may be used as a bandage, whether the wound be in the body or the leg; if in the arm, it will serve as a sling. This belt, of so slight a weight, and at a price not exceeding a franc, does not impede the movements of the soldier.

Accident on the Grand Trunk.

GUELPH, Nov. 16.—The morning express from Toronto to Detroit ran off the track at 11:35, near Breslau, eight miles west of this place, killing Mr. Weeks, the Express messenger, on the spot, and fatally injuring two strangers whose names I was unable to learn; fifteen others are injured, but not seriously. The accident was caused by a broken rail.—The engine and baggage car passed over safely, the express car got off the track, and tumbled down the embankment about twelve or fifteen feet, crushing the Express messenger, who, it is supposed, jumped out of the door. The next, a second-class or smoking car, nearly full of passengers, also tumbled down the embankment and is a complete wreck. The next car, a first-class passenger car, was run into by the one behind it—like a telescope—crushing all the passengers up to the end of it. It is considered almost miraculous how any of the passengers in this car escaped, as it was nearly full; but it is supposed the concussion jerked them to the forward end, and that they thus escaped being crushed by the one which ran into it. There were six passenger cars, and about 300 passengers on the train. One of those fatally injured is here and had his leg amputated.—He is a Frenchman from Quebec, where he has a wife and two children. All the doctors in Guelph were promptly sent up by a special train, and the wounded are here now, and every attention is being paid them.

NEWS FROM OTTAWA.

THE APPOINTMENTS FOR HURON AND BRUCE.

OTTAWA, Nov. 17, 1866.

The *Gazette* to-day contains the official appointment of James Dickson, M. P. P. for Huron and Bruce, as registrar for the County of Huron; and S. Brough, as Judge, in place of R. Cooper, deceased.

The *Times* says it is understood that the separation of the County of Bruce from that of Huron will take effect on the 1st of January. It is reported that the appointments for the County of Bruce will be as follows:—J. J. Kingsmill, of Guelph, County Judge; W. Sutton, Kincardine, Sheriff; D. W. Ross, Kincardine, Clerk of the Peace and County Attorney; W. Gunn, Inverhuron, Clerk of the County Court and Deputy Clerk of the Crown.

CHOLERA IN BUFFALO.—Cases of well marked Asiatic cholera continue to be noted at intervals in Buffalo, and the Express states that Thos. G. Perkins, Esq., a well-known Insurance agent in the city, was prostrated by a severe attack on Wednesday.

SAVED BY AN UMBRELLA.—As the fire steamer now in course of construction by the G. W. R. Co. at Windsor, approaches completion, large numbers come from the Michigan side to see her. A party of gentlemen from Detroit visited Windsor on Monday to see what progress was being made, being provided with an umbrella. As they approached the vicinity of the ship yard, a splashing in the water and cries for help attracted their attention. On going to the spot a man was seen struggling in the river, a few feet from the dock. The umbrella was brought into requisition, and the drowning man fished out just as he was reaching the strong current of the stream.—London Free Press.

HOW TO DISSOLVE BONE.—Bone is a valuable manure. In most sections it cannot be used because it cannot be ground. There are large quantities near villages and towns which can be had for nothing. One method is to make into heaps with fresh stable manure, occasionally turn, in about three months they dissolve; or, place them in a tight cask or hole with alternate layers of unleached ashes—leached will do—and keep moist. Such will be of great use in bringing corn and vegetables forward early. Nothing is equal to it for turnips.

IMPEACHMENT.

The Herald's Washington telegram says:—It is said that the Hon. John A. Bingham, who is preparing articles of impeachment against Mr. Johnson, will charge him with aiding and abetting the assassination of Mr. Lincoln.

A Collapse Feared.

Latest advices from the South seem to indicate the speedy coming of a crash in commercial concerns. Business is represented to be very dull in New York, and indeed everywhere throughout the United States The N. Y. *Sun* says: To say that trade is dull, conveys but a very poor idea of the actual state of the case With the exception of two or three weeks in the month of September, when there was a spasmodic influx of buyers, the trade of New York has been almost stagnant during the fall season. It is quite doubtful whether the wholesale merchants of the city, as a class, have paid expenses during the past six months. The large trade expected from the South has not appeared, and the Western buyers have fallen far below the usual standard. Salesmen who have been out soliciting orders have done nothing. Country merchants complain that goods are a drug upon their hands, that their old stocks remain unsold, and that the prospect does not warrant them in buying up more than they need to barely keep up the assortment. The fact is, that trade is almost at a stand still, and there is no evidence that it will very soon change for the better. No one can tell what the present aspect of business may foreshode, and we advise the people to take the safe side by practising close economy and frugality in their expenditures.

Canada Thistles—How to Kill.—"Naptha, coal oil, gasoline, or refuse liquor from gas works, poured upon Canada thistles, from the spout of a tin vessel, made them turn black and wither in a few minutes. If they sprout again a second dose will kill."

THE BRITISH NAVY.—The question has been often asked whether the Navy of Great Britain, mounting as it does over six thousand guns, and manned by 75,000 sailors, exceeds the natives of France and the United States, or France and Russia, and were it not that we might be considered a little egotistical we should say it did exceed them altogether, but it is useless speculating upon this when there are other questions that do not admit of any doubt, no one after using the "Canadian Pain Destroyer" doubts it being the very best thing for the cure of coughs colds, sore throat, diptheria, pains in the stomach, sides and back, spinal affections, &c. Sold by all Medicine Dealers at 25 cts per bottle.

HEALTH IS STRENGTH.—To prevent or conquer disease is one of the grandest attainments ever aimed at by man; and Bryan's Pulmonic Wafers will as sure cure coughs, colds, tickling in the throat and pulmonary complaints, as war and pestilence will destroy. Severe colds, if not attended to, sooner or later lead to incurable consumption, and the strength of the strongest soon fails if neglected. The readiest and best means known for the cure of these complaints is "Bryan's Pulmonic Wafers," which have been thoroughly tried for the last twenty years, and have never been known to fail. Singers and public speakers will also derive great benefit from the use of them. Sold by all medicine dealers, at 25cts. per box.

LOSS OF APPETITE IN HORSES.—Horses lose their appetite from various causes, but most frequently by the approach of some disease, this circumstance ought not to be overlooked by those who own horses, but should be immediately attended to, as by so doing the disease may be checked, and the life of the horse saved. To do which we are positive there is nothing equal to "Darley's Arabian Heave Remedy and Condition Medicine;" it purifies the blood, corrects all derangements of the digestive organs, and as a necessary consequence the appetite is restored, the skin becomes soft, and the coat assumes a soft and shining appearance.

Mothers Read This—Holloway's Worms Lozenges are a certain and safe remedy for Worms in Children and Adults.—As it is a well-known and melancholy fact that one great cause of death among children is from Worms alone, it cannot be too deeply impressed upon the minds of parents the necessity of closely watching their children. By so doing, and understanding the symptoms and true cause of the disease, thousands of children might be saved from early graves. SYMPTOMS OF WORMS.—The following are a few of the very numerous symptoms and diseases which are caused by Worms: deranged appetite, emaciated extremities, offensive breath, frequent picking at the nose, grinding of the teeth during sleep hardness of the belly, and frequent slimy stools, and sometimes convulsive fits; pain in the head and stomach, unquiet sleep, faintings, trembling, cough, indigestion, low spirits, frightful dreams, and a gradual wasting away of flesh.

They are palatable and self-administered to the child—drive out the worms thoroughly without pain, and completely cleanse the stomach—thereby doing away with the necessity of administering Castor Oil or other unpleasant cathartics—as in the use of other worm medicine

☞ Each box contains the fac-simile signature of NORTHROP & LYMAN, Newcastle, C. W., who are the sole proprietors.

Among the most important of modern medical discoveries stands the

CANADIAN PAIN DESTROYER!

As a Family Medicine, it is well and favorably known, relieving thousands from pains in the Side, Back and head, Coughs, Colds, Sore throat, Sprains, Bruises, Cramps in the stomach, Cholera morbus, Dysentery, Bowel complaints, Burns, Scalds, Frost Bites, &c., &c., &c.

The CANADIAN PAIN DESTROYER has now been before the public for a length of time, and wherever used it never fails, never failing in a single instance to give permanent relief when timely used, and we have never known a single case of dissatisfaction where the directions have been properly followed; but, on the contrary, all are delighted with its operations, and speak in the highest terms of its virtues and magical effects.

We speak from experience in this matter, having tested it thoroughly, and therefore those who are suffering from any of the complaints for which it is recommended may depend upon its being a Sovereign Remedy.

The astonishing efficacy of the Canadian Pain Destroyer in curing the diseases for which it is recommended, and its wonderful success in subduing the torturing pains of Rheumatism, and in relieving Nervous Affections, entitle it to a high rank in the list of remedies for these complaints. Orders are coming in from Medicine Dealers in all parts of the country for further supplies, and each testifying as to the universal satisfaction it gives

The Canadian Pain Destroyer never fails to give immediate relief All medicine dealers keep it. Physicians order and use it; and no family will be without it after once trying it.

DR. MILTON'S MEDICAL DISPENSARY.

COLLEGE STREET,

MONTREAL, C. E.,

ESTABLISHED FOR THE CURE OF

Scrofula, Consumption in its incipient stages, Dyspepsia, Nervous Debility, Female Weakness, and all Chronic Complaints, Syphilis, Seminal Weakness, &c.

DR. MILTON begs to inform the Public that he devotes his whole time to the treatment of the above complaints. The treatment adopted is the result of many years experience in Europe and America.

New Remedies & Quick Cures

For the Venereal Diseases, and all private complaints, gleets, stictures, seminal weakness, pains in the loins, affections of the kidneys, diseases of the head, throat, nose and skin, and all those dreadful affections arising from a secret habit of youth, which produces constitutional debility, renders marriage impossible, and in the end destroys both body and mind.

It is a melancholy fact that thousands fall victims to Chronic complaints owing to unskilful men, who, by the use of poisonous drugs, ruin constitution, causing premature decay, and a train of other symptoms too numerous to mention. Dr. Milton is the only Physician as a Specialist, now in the City, that can be entirely relied upon. If all others fail to cure you, don't despair; give him a call. It is only a common occurrence with him to cure such Cases. HIS ROOMS ARE SEPARATE FOR PATIENTS.

☞ Medical advice gratis to all.

Patients in any part of the country treated by Mail. Those who wish a personal interview can address Box 774, P. O., Montreal, and the Doctor will make them a special appointment.
