AT OSGOODE HALL.

The Court of Appeal Concludes Its Sittings—The City Wins a Case—To-Day's Lists.

At the Non-Jury Sittings in Urquhart v. City of Toronto, the plaintiff sought to recover $1000 damages, caused by injuries sustained by a fall on Spruce-street, owing to ice on the sidewalk. Justice Falconbridge dismissed the action with costs.

Toronto and Richmond Hill Street Railway Company v. Township of York will be concluded to-day. The plaintiffs claim damages because the defendants refused to issue certain debentures in their favor as agreed. In consequence of the failure to issue the debentures, the plaintiffs' contractor abandoned the construction of their railway and they suffered the damage complained of.

The Divisional Court.

The Divisional Court (Chancery Division) in McLaughlin v. Schmidt gave judgment refusing the defendant's motion to set aside verdict and judgment for $175 damages. A pair of horses belonging to the defendant were being driven in St. Catharines by his wife and son and the plaintiff's son, 18 years of age, was knocked down by the horses and subsequently died from his injuries. The defendant contended that he did not own the horses and that there had not been any negligence in driving them and also that the son was not his servant, but his tenant, because father and son were working a farm as partners. However, the amount of the judgment must be paid.

The same court gave judgment in Nevills v. Ballard, refusing with costs the defendant's motion to set aside a verdict and judgment. The defendant was convicted of assaulting the plaintiff and paid the fine imposed and contended that, under secs. 864, 865 and 866 of the Criminal Code, the plaintiff was barred from suing his action. The court hold that the action is not barred, as on the facts the case is within sec. 730 of the code.

To-Day's Lists.

From the China Mission Field.

A letter received at Presbyterian headquarters states that China is being surveyed in different directions for railway purposes. A Belgian mission from Hankow to Pekin passed through Honan, following practically the same line of survey as the American party of some months ago. The missionaries are longing for railway communication with the coast, but the fact that the distance has been surveyed is no guarantee that a railway will be built for many years.

Fur Cap Caused Death.

New York, Oct. 7.—Henry Atkins of Tuckahoe, N. Y., to-day mistook a fur cap for a woodchuck, and, as a result, blew an Italian's head to pieces. The dead man has not yet been identified. He was near Young's quarry, Mount Vernon, where Atkins was gunning. His head, covered by a dark fur cap, just showed over the top of a wall. Atkins was arrested on a charge of homicide.

English Bishops on a Tour.

Washington, D.C., Oct. 7.—Bishop Potter and several English Bishops left Washington to-night by the Southern Railway, via Asheville and Hot Springs, N.C., for Sewanee, Tenn., the seat of the University of Tennessee. After a short stay at this point the distinguished divines will proceed via Cincinnati to Buffalo, N.Y., to attend the annual meeting of the Brotherhood of St. Andrew.

The Platform Collapsed.

Kansas City, Mo., Oct. 7. — Thirty people were injured last night, several of them seriously, by the falling of a platform at the 15th-street station of the Independence Electric Railway. The station was crowded with suburban residents who were returning home from the carnival festivities

DUN'S REVIEW OF TRADE.

Movement of Merchandise Satisfactory and Remittances Good.

As nearly as can be judged from general enquiries, the Oct. 4 payments in dry goods and kindred lines at Montreal showed a good average, though some houses profess to have been better paid than others. In most other lines a distinct improvement is reported in country collections, but some complaints are heard regarding city payments. Failures for the week in this district are singularly few. The general trade movement may be called fairly satisfactory. The weather has not yet been sufficiently broken or cold to make an active sorting trade in shoes, clothing and dry goods, but grocerymen report a good demand, and hardware, paints, oils, etc., are also in pretty good request. The stiffening in values in many lines continues. Among the latest is an advance in domestic bar iron; pig iron also tends to firmness, and further advance is noted in iron pipe. In groceries all lines of dried fruits are firmly held, and further advance seems anticipated in California raisins and prunes. Cheese has eased off a shade, but this seems to have induced more activity in export, and shipments the last week or so have been large.

The trade situation at Toronto is unchanged. Merchants generally speak well of business, and the good feeling still prevails. Prospects are considered encouraging. The demands for staple merchandise are fairly active, and stocks are being reduced rapidly. Dry goods, groceries, hardware, and drugs are in fair demand, and even some lines are active. Colder weather will stimulate the demand for heavy dry goods, furs, etc. The movement of wheat is large, there being considerable quantities of both Manitoba and Ontario grades taken for export to Great Britain. The quality of Manitoba wheat is excellent, and there is no doubt this season in its comparison with Duluth wheat. It is away above the latter, and is sought after in preference to any other when quality is wanted. On the other hand, Ontario wheat is hardly up to the mark. In many sections, a good deal of wheat sprouted, and in consequence the trade is not wholly satisfactory. Remittances continue good, and money is unchanged. Imports of gold at New York from Europe have been resumed. Speculation in stocks is fairly active. Canadian Pacific is higher, so is Cable, Toronto Electric, Telephone and Northwest Land securities. These stocks are highly spoken of; the supply seems small, and they go up easily.—R. G. Dun's Daily Bulletin.

HORSEWHIPPED THE FOREWOMAN.

Lively Scene in Front of Wanamaker's Store in New York.

New York, Oct. 7.—Jennie Russell, 30 years old, a discharged employe in the dressmaking department of Wanamaker's store, horsewhipped Miss Margaret Donovan, a forewoman of the department, in front of the store this afternoon. Miss Russell considered that Miss Donovan had caused her discharge, hence the whipping. The Russell woman was arrested. Miss Donovan had several severe welts on her face and shoulders.

Murder and Suicide.

Boyne Falls, Mich., Oct. 7.—William Shain shot and killed Mrs. Freeman Lee last evening and then shot himself. The murder took place at Clarion, a village eight miles from here. Mrs. Lee had parted from her husband, and was on intimate terms with Shain.

We would respectfully ask such of our customers who cannot wait that length of time to order as LIGHTLY AS POSSIBLE in the meantime. Every effort is being made to have NEW MACHINERY in operation at the earliest possible moment, and as the EQUIPMENT of the factory will be the MOST MODERN that can be procured, we will shortly be in a better position than ever to meet the requirements of the trade. Outside of BROOMS AND WHISKS the fire has NOT INTERFERED in the slightest with the various other branches of our business.

Peaches sold at 20c to 30c per basket, plums at 20c to 40c, pears at 25c to 35c, quinces at 30c, crab apples at 40c, apples at 15c to 25c per basket and from $1.50 to $2.50 per bbl., grapes at 1c to 1½c per lb., tomatoes at 15c to 20c, onions at 20c, muskmelons at 25c to 40c per basket, and celery at 15c to 25c per doz.

TORONTO LIVE STOCK MARKET.

There were 30 car loads of live stock on the market to-day, composed of 570 cattle, 481 sheep and lambs, 15 calves and 1200 hogs. Cattle were dull and slow all round, and the great bulk offered were butchers' stockers and feeders. The market might be characterized as a waiting one, the drovers holding off to see if Friday will develop anything better.

Seven loads of export cattle were offered, but as far as we could ascertain, not one of them changed hands. There was a little doing and a few sales made for butchers' cattle at prices quoted below.

D. O'Leary sold 8 heifers, averaging 950 lbs. each, at $3.20 per cwt.

Trade in stockers is not nearly as brisk as it was two weeks ago, but prices remain about the same as we quoted on Tuesday. Large shipments of Manitoba stockers have been made to several points in Western Ontario. 900 arrived at Seaforth, 300 at Elora and 180 at Brussels, and we were informed that more will follow. This being the case, it will no doubt affect prices to a certain extent.

Crealock & Rowntree bought 70 stockers, weighing from 500 lbs. to 700 lbs. each, at prices ranging from $2.65 to $3.12 per cwt.

Milk cows are in good demand at prices ranging from $25 to $45 each. Only six were offered for sale.

Calves sell well and are scarce at $4 to $8 each, and odd choice ones $10 to $11, but these are rare.

Sheep sold at Tuesday's quotations, and lambs brought from $3.75 to $4.00 per cwt.

There were plenty to supply the demand of both sheep and lambs.

The hog market was steady at prices as quoted below.
