You can get Summer Clothing here all ready to put on--no waiting for the tailor to make the clothes--and a perfect fit. We don't make to order, but we make to fit.

Oak Hall Clothiers,
115 King Street East, Toronto.

THERE'LL BE TROUBLE YET

Trades and Labor Council Have Not Given Up Everything.

Aldermen Should Stick to Their Pledges.—Thirteenth Band Can Play at Hanlan's Point—Meeting of the Parks Committee—General News From the Ambitious City.

Hamilton, July 29.—(Special.)—At the meeting of the Trades and Labor Council to-night the Municipal Committee reported that it did not consider Wednesday's vote on the question of extending the franchise of the City Street Railway Company gave the aldermen, already pledged to oppose the application of the company for an extension, the right to change their position and vote for an extension. In view of the way in which the company secured a majority of the votes cast, the aldermen should adhere to their pledges.

The Council decided that the 13th Regiment band is justified in fulfilling engagement's at Hanlan's Island, its contract with the Ferry Company having been made previous to the difficulty between the company and the Toronto musicians.

John Flett was elected delegate to the Labor Congress in Winnipeg.

Police Court Cases.

At the Police Court this morning Mrs. Lillie Clark, Mill-street, was found guilty on a charge of being a woman unfit to have the rearing of her two children, and an order was issued giving the Children's Aid Society possession of them. It was shown that drunken men frequented the defendant's house at all hours. Her maiden name was Lillie Ray, and her home was in Caledonia.

Charles Duffy, known to the gang as Dice Duffy, was fined $20 or one month in jail for stealing a poodle dog belonging to Robert Stonehouse. Duffy saw the poodle on the street, and told a "lady" friend of his, Maggie Crosbie, to take it, and she obeyed his command.

For assaulting David Hobbs, Robert McMillan, carter, had to pay $7.

That Coal Contract.

Malcolm McKenzie, coal inspector of the Board of Education, says the reason he will not pass the coal supplied by Myles & Sons, is that it is not according to contract. It is not No. 1 Pennsylvania coal, and it has a lot of "nigger heads" in it. Several caretakers of the city schools endorse his contention, he says.

Butterfield Badly Hurt.

John Butterfield of the Tourists' Bicycle Club, who was injured in the road race last night, is resting easier to-day, and unless it is a case of concussion of the brain fatal results are not anticipated. He was hurt more seriously than was thought at first. Butterfield was unconscious for a long time.

Minor Matters.

Joseph Forest of Lima, Ohio, fell down a flight of stairs in the Commercial Hotel this afternoon, and broke one of his legs.

The Radial Railway commenced using the new Birch-street line to-day.

George Nicholson, Harry Mosey, Mike Wolfe, R. Rodgers and T. Binkley left on a fishing expedition to Lake Huron this afternoon.

John Booth, charged with defrauding Alfred Allison, was brought here from Brantford to-night.

A special meeting of the Parks Committee was held to night to consider the North End Park nuisance. It was decided to ask the Board of Health to look after the place till the end of August, when the Parks Committee will take charge of it.

Queer Eggs

Occasionally we meet patients who want to argue with us about prices. They will tell us that So-and-so charged them so-much and did "pretty fair" work.

Did you ever hear of "pretty fair" eggs?—eggs that were good in spots?

Dental work is much like eggs in that respect. Even if it is no worse than "pretty fair," it is surely no better than as bad as it can be.

NEW YORK REAL PAINLESS DENTISTS

Phone 1972 Dr. C. F. Knight, Prop.

DU BOSC WAS "FIRED."

Sir Wilfrid Laurier, at the Instance of the Imperial Government, Told Him to Go.

London, July 29.—The Secretary of State for the Colonies, Mr. Joseph Chamberlain, replying in the House of Commons to-day to Mr. Thomas Gibson Bowles, Conservative, said Senor Du Bosc, the former Spanish Charge d'Affires at Washington, was formally requested by the Canadian Premier, Sir Wilfrid Laurier, to leave Canada. This, Mr. Chamberlain added, was done at the direction of the Imperial Government and on the ground that there was reason to believe Senor Du Bosc was using Canada for the purpose of belligerent operations against the United States. Continuing, Mr. Chamberlain remarked that the authority to expel aliens from Canada in such cases rests with the Crown..

Answering another question, Mr. Chamberlain said the Government could not undertake to lay on the table the papers bearing upon Senor Du Bosc's expulsion.

THE GYMKHANA AT NIAGARA

Began With Bicycle Fete and Battle of Flowers — Anglo-Saxon Sentiment Shown.

Queen's Royal Hotel, Niagara, Ont., July 29.—The third annual bicycle fete and battle of flowers began here to-day and resulted in a unique and handsome success. Heavy showers during the early part of the afternoon delayed the parade, but shortly after 4 o'clock there was a goodly array of beautifully decorated wheels on the Queen's Royal lawn. Dunlop's floral artist and the deft hands of the ladies produced splendid effects. Notable among the wheels was a tandem in red and green, with a bouquet of white lilies and geraniums and smilax decorating the body and rims, and a canopy of asparagus fern, red ribbons and carnations adding to the effect.

Miss Mattie Winnett won the prize for the best decorated lady's wheel, pink roses, ferns and smilax, with a large bouquet on the handle bars, giving a massive effect. The Anglo-American alliance was most effectively represented by two wheels, respectively decorated, both as to riders and bicycles, in the colors of Great Britain and the United States, with an arch between them. The juveniles also showed some splendid and pretty effects.

The races after the parade were for children under 12, and brought out very large fields of starters. The slow races and the side saddle event created great amusement. The girls' events were won in each case by Miss Harriet Bissell of Buffalo from a large number of other starters. The gymkhana will take place to-morrow, with many novel and interesting events.

To-day's prize list follows: Boys' wheels, Lawrence Laflin, Chicago; girls' wheels, Miss Bakewell, New York; boys' wheels and costume, Roy Buchanan, Toronto; girls' wheels and costume, Miss Gladys Best, Niagara; Miss Lucy Bissell, Buffalo; ladies' wheels, Miss Winnett, Niagara; men's wheels, Stewart Houston, Toronto; ladies' wheels and costume, Miss Kohn, St. Louis; adults' tandem, Miss H. Worthington and Mr. William Sowers, Washington, D. C.; boys' tandem, Thomas Ackerland, Fred Simon, Cincinnati, Ohio; boys' fast race, 12 and under, Roy Buchanan, Toronto; Horsey Page, Buffalo; boys' slow race, Charles W. McCarthy, Buffalo; girls' fast race, Miss Harriet Bissell, Miss Nora Warren, Toronto; girls' slow race, Miss Harriet Bissell, Buffalo; girls' side-saddle race, Miss Harriet Bissell, Buffalo; Miss Louise Wachman, Cincinnati.

The judges were: Dr. Sowers, Washington; Messrs. J. Martland and Percival Ridout, Toronto. The starter was Mr. Oden Horstmann of Harvard University.

The Approaching Regattas.

Ex-Alderman Piper presided at a meeting of the Citizens' Regatta Committee, held last night in the club room of Sullivan's Restaurant, Leader-lane. Secretary World read a number of letters, promising support and making enquiries. Mr. Cottam, for the Advertising Committee, reported the good work done. The Steamer Committee reported and Ald. Hanlan reported that he had met with great success at Philadelphia in securing entries. As the champion four of British Columbia are about to visit Winnipeg to row, it was resolved to send a telegram inviting them to come on to Toronto and row in the Canadian and Northwestern Association regattas. A committee consisting of Messrs. Goldman, Fraser, Begg, World and Piper were appointed to arrange for the presentation of prizes and an entertainment to the visiting oarsmen. The committee adjourned to meet again on Wednesday next at the same place.

Severe Storm in Britain.

London, July 29.—The northeast coast of this country has been swept by a great storm. The fishing fleets have had a narrow escape, being obliged to relinquish all their gear and nets and run to the harbor for shelter, where many other vessels were compelled to seek refuge. The northbound trains have been delayed by the force of the winds, which have caused considerable damage inland, the crops being flattened.

There were some minor fatal wrecks in the North Sea.

Suicided at the Hotel.

James D. Banks, until lately engineer on the steamer Ada Alice, was found dead at Hayes' Hotel, 166 Bathurst-street, yesterday morning. Deceased's trousers were laid against the bottom of the door and the gas was turned on full. The clothes were of good material and $5 was found in the pockets. Yesterday afternoon the body was identified by Engineer Heming of the Island. Mr. Banks was chief engineer at The Globe office when Hon. George Brown was shot by George Bennett. He sustained a sunstroke some time ago and never recovered from the effects. The funeral takes place this afternoon.

The junior boys of the Y.M.C.A. returned last night from a ten-days' camp at Oakville. This afternoon the senior boys were to have left for their ten-days' outing, but owing to the small number that intended to go the idea has been abandoned.

DIVINE HEALER IN TORONTO

Schrader is Sojourning for the Present in Beverley Street.

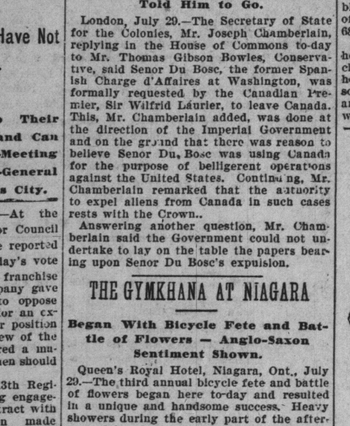
A World Reporter Talks to the Man of Miracles, Who Claims to Be Only an Ordinary Human Being—How Far He Could Remove a Mountain He Did Not Explain.

Beverley-street is all astir over the appearance in it of an exthaordinary looking man with long hair, and all the other marks of a genius. All down the street last night little girls fwere asking in frightened whispers, "Pa, have you seen the man with the long hair?" And young ladies, whose best young men didn't come to see them, carefully bolted the front door. There was no cause for alarm, however, as the stranger was no less than Schrader, the world famous divine healer. "There goes Schrader!" people exclaimed all the way up from the wharf, where he landed yesterday afternoon from Buffalo, and he hadn't been 10 minutes in the house before the halt and blind knelt before him to be cured.

Handkerchiefs From Toronto.

When Schrader was making his wonderful cures in Denver, Col., 3000 Torontonians sent handkerchiefs to him to be blessed for various ills, and at the house of one of these, Mrs. Margaret Hughes, 68 Beverley-street, he is now stopping.

When The World reporter arrived the healer was swaying about on a rocking chair among the ladies of the adjoining house. On learning the mission of the scribe, he came into the hostess' house and led the way upstairs. Mrs. Hughes wanted him to make use of the parlor,



SCHRADER, THE DIVINE HEALER.

but Schrader does his own thinking, and exclaiming, "I have made other arrangements," asked the reporter to step into his bedroom.

As he stood lighting the table lamp the reporter "took him in." He is a tall, dark man, with large features and a very large head, covered with red hair that falls copiously below the shoulder. The hair is parted in the middle, and the face, which is long, is full bearded. For clothes Schrader had a black robe, something like a Catholic priest's. In front dangled a six-inch silver crucifix, and on either side, attached to the robe, were British and American flags.

Why He Comes to Toronto.

When the lamp was lit the divine healer dropped into a rocking chair and showed his nervousness by rocking vigorously.

"What was your object in coming to Toronto?" asked The World.

"I am here to show that the days of miracles are not over," was the quiet answer.

The voice was musical, and there was not the slightest egotism or self-inflation of the fakir. "If ye have faith ye shall move mountains, said Christ, and some of that power is given to me."

How far Schrader could shove a mountain along, The World didn't stop to consider, but the healer's wonderful magnetism was strikingly apparent. He seemed to be growing bigger and bigger all the time. You felt as if your chair was being lifted towards the ceiling, and Schrader's eyes glowed with a light that illuminated the whole room.

When His Power Came to Him.

"When did your power come to you, Mr. Schrader?"

"When I was 13 years old, God told me to go out healing; I was then living with my parents at Allesville, Wisconsin, and I went out into the world, and stood on a log, calling out to the people that were by. A crowd quickly gathered, and I held them spellbound. I gave my blessing to a woman in the crowd, and it cured her rheumatism, and ever since then I have gone on with my work. I have spoken to crowds of 40,000 people at a time, and touched 5000 people in a day."

It Was the Power of God.

"Don't you think it was hypnotism you exerted?" suggested The World.

"No; it was the power of God. How could hypnotism cure a blind or deaf man?"

Schrader seemed quite hurt at the suggestion, but a moment later he confirmed The World's idea by describing the excitation into which his audiences went.

"You spoke about being told by God to heal. How were you told?"

"I hear a whisper, 'Go here,' and 'Go there.' It is soft and kindly, like a child's, and I obey it at once. The voice told me not to drink tea or coffee, and never to touch pork, and I have accordingly left off all three."

Schrader opened his big eyes wide when The World suggested that perhaps these whispers came from spirits. "The voice was too kind," he replied, "and, besides, I don't think spirits can talk."

"Doesn't this sympathy and healing weaken you, Mr. Schrader?"

"Yes, it does," he said, simply. "For this reason three times in late years I have disappeared in the mountains, and on each occasion fasted 40 days and 40 nights. It rested me to get away from the people, and, although I drank nothing but water, I gained 40 pounds."

Schrader's Domestic Life.

Asked of his own domestic life, Schrader said that his mother yet lived in Minnesota. His family were Lutherans in creed. In September last he married an English girl. Her home was in New Zealand, but she was visiting Iowa to do a bit of real estate business for a London, Eng., firm.

His own age, he said, was 32, yesterday being his birthday. He said he expected to be in Toronto a week. He charged nothing for his work, but lived on what people gave him. On saying good bye he shook hands. Schrader's hands are as unique as the rest of him. They are simply huge, and feel like sponges when you take hold of them. Whatever else he is, Schrader seems no fake. His is a transparent nature, and as simple as that of a child.

ALWAYS TAKE THE G. T. R. WHEN YOU CAN, S.S.S.—SCENERY, SAFETY AND SPEED.

The members of the Y.M.C.A. will leave their headquarters this afternoon at 3 o'clock for a trip up the Humber River.

FRANCE FIRST TO HEAR FROM.

The Bills of Lading for Two Large Consignments of Exhibits From Paris Received in Toronto.

Manager Hill yesterday received two bills of lading for exhibits from Paris, France, for the approaching exhibition. With the bills was enclosed a clipping from The Courier-Presse of Paris, nearly three columns in length, about Toronto and its great Exposition. The article says that all over America it is allowed that the Fair held in Toronto surpasses any other. Nearly a score of French firms will be represented in the exhibit and if this display and that of Great Britain come up to expectations it may be found advisable to erect a special building for the exhibition of foreign goods, such structure to be known as the International Building. This is the last day for receiving tenders for the privileges and next Saturday is the last day for receiving entries of live stock (horses, cattle, sheep and swine), dairy products, ladies' needle work, fine arts and manufactures. Mr. Hill and the Attraction Committee very nearly have the list of attractions complete, but so many first-class performers have been driven abroad by the hard times, consequent upon the war, in the United States, that more difficulty than usual is being experienced in getting together a high-class bill. It can be said, however, that sufficient extra good features have been engaged to guarantee an entertainment in front of the grand stand far superior to that ordinarily given. To prove this it is hardly necessary to do more than say that arrangements have already been made with the owner of the famous driving elks, which will exhibit nowhere else in Canada, and Madame Pianca and her four ferocious lions. Other entertaining features will be the performance of Achille Philion, the marvellous equilibrist and his illuminated spiral ball; the Kawamma troupe of Japanese midgets, whose entertainment is entirely novel; Ramza and Arno, the greatest clowns of the day, and their versatile trick mule, which walks the high wire; Speck brothers, the dwarf athletes and comic boxers; Zazelle and Vernon, triple horizontal bar experts; Zeno, Karl and Zeno in phenomenal somersaults and diving acts from horizontal bars; Burke and Andros, clowns from Koster & Bials, with their educated moke, Edward Albert; the extra clever and world-famous Dammedu family of acrobats; the great Judge, the miraculous ladder man; the Watson sisters, electrical revolving trapezists, and others yet to hear from. The bands engaged are more numerous than in former years, among those from outside the city being the Band of the 65th Regiment of Buffalo, the Boys' Band of Chatham and Cleveland's uniformed band. What with a realistic blowing up of the Maine and the explosions of mines and the firing of shells in the lake off the grounds, giving an exact illustration of a veritable bombardment and the representation of the Siege of Santiago at night, with all the necessary auxiliaries of rapid-firing guns, captive balloons, Maxim guns, Gatlings, etc., it will be acknowledged that so far as entertainment is concerned, the Toronto Exhibition of 1898 will more than equal any of its predecessors.

WINNIPEG NOTES.

Winnipeg, Man., July 29.—Yesterday a man named J. Urscher, while returning from work, jumped from a flat car on which he was riding to the platform, when the train was going at a good rate of speed. He slipped in some way, and falling back under the cars was cut in two by the wheels and died instantly. He is 38 years old and married

Gosnell Back Again.

Mr. T. S. Gosnell, the new Collector of Inland Revenue for Winnipeg, arrived from Calgary this morning to assume the duties of his office.

Attack on R. L. Richardson.

Dr. Rutherford, M.P., is striking at Robert L. Richardson, M.P., through The Portage Liberal, his newspaper, on account of the latter's attitude on the elevator question. The organ of the Patrons in an article on C.P.R. Liberals, defends Mr. Richardson for his attitude against handing over the control of Canada to the C.P.R., and intimates that Dr. Rutherford is not averse to that corporation's control of things in general, and the Liberal party in part cular. The alliance between Liberals and the C. P. R. is going to be a tremendous question in the West. The Patrons' organ says:

"C.P.R. Liberals are influential and appear to control the course of the party to a degree as great as C.P.R. Conservatives have long controlled the course of their party."

Items of Interest.

Statistics just compiled show that Manitoba and the Northwest Territories produced between twenty-five and twenty-six million bushels of wheat last year.

Hon. Toru Houri, Japanese Minister to the United States, and ex-Speaker of the Japanese House of Commons, went west last night on a four months' leave of absence to visit his home in Japan.

The salmon catch on Naas and Skeena rivers and River's Inlet totals 128,000 cases as far as yet heard from. The pack is better than last year. A particularly good run started last Sunday.

Hunter Young arrived from Dawson this morning with $35,000 in gold. He is the most successful of the Winnipeggers who went out a year ago.

There is great complaint among miners over Government regulations.

Imperial Parcels Post.

At the recent postal conference in London, the Duke of Norfolk on behalf of the Imperial Government, brought forward the question of simplifying and reducing parcel postage, and proposed, for ultimate adoption in the case of all parcels exchanged between the United Kingdom and other parts of the Empire, the following scale:

For a parcel weighing:

Not over 3 lb	1s
Over 3 lb., but not over 7 lb.	2s
Over 7 lb., but not over 11 lb	3s

At present the Canadian rates to the Old Country are 16c a pound, and 12c for each pound over, which makes a 3 lb. parcel cost 40c, instead of 25c, as proposed; 7 lb. 98c. instead of 50c, and 11 lbs. $1.36, instead of 75c. The official report adds: "The scheme was very cordially received by the colonial representatives, who undertook to refer it at once to their Governments for consideration."

ALWAYS TAKE THE G. T. R. WHEN YOU CAN, S.S.S.—SCENERY, SAFETY AND SPEED.

Charged With Assault.

Jim Lynch, 177 York-street, has been wanted by the police for some days for assaulting his wife, and it was not until last night that he was apprehended. Early Tuesday morning Lynch was seen on Richmond-street, carrying a punctured bicycle, and the police thought they had an easy capture. Lynch, however, threw the wheel into the road and made good his escape.

Charged With Burglary.

On Sunday night the home of Thomas Vance, 107 McCaul-street, was burglarized and about $60 worth of silverware stolen. The police have been at work on the case and last night Detectives Black and Cuddy arrested Charles Gallagher, 86 Esther-street, and James Murray, no home, charged with being the invaders. There is an additional charge against Gallagher of stealing some silk

TO MEET ON AUGUST 23RD.

Date of the Quebec Conference Changed From Aug. 10.

The Kettle River Railway Bill is to Be Introduced Again at the Next Session of Parliament — Twenty-Five Deaths From Heat —Ottawa News.

Ottawa, July 29.—It was decided at today's Cabinet meeting that the Quebec Conference would meet on Aug. 23, not Aug. 10, as stated in a New York despatch. The personnel of the commission and the subjects which will come up have been already published.

Kettle River Railway Bill.

From a notice which will appear in tomorrow's Canada Gazette from Louis Smellie of Ottawa, it seems that the Kettle River Railway bill is to be introduced again at the next session of Parliament. This measure, it will be remembered, was promoted last session for the purpose of affording railway facilities to the Boundary Creek mining district, B. C., but it met with strenuous opposition from Sir William Van Horne and the C. P. R., being ultimately defeated on its third reading by a close vote, after passing committee, and having evoked one of the hardest fights on record in the Railway Committee of the House. This would seem to negative the recent current reports that the Corbin system had been acquired by its rivals.

Another Sawmill to Be Built.

Capt. W. A. Jamieson, General Manager of the Ottawa mine at North Bend, B. C., returned to the city to-day. Speaking to a reporter, Capt. Jamieson said: "Our season's work was getting along splendidly until our sawmill burned down, and then we had to cease operations. The sawmill is indispensable, so I came east to make arrangements to have another built. The property is a hydraulic mine, and in three clean-ups this season we gathered $4500 in gold."

Investigation to Be Made.

Dr. Aylen of Aylmer, Provincial Inspector of Court Houses and Jails, has been authorized by the Quebec Government to make an investigation into the office of Recorder Champagne of Hull. This investigation was to be made last year, but nothing was done in the matter. Some interesting developments are expected.

Refund of Duty Considered.

Notice has been sent to the local collector that entries under the reciprocal tariff will be accepted until 6 o'clock Saturday evening, July 30. Refund of duty under reciprocal tariff will be considered on goods entered for consumption up to Saturday.

Increase in Death Rate.

The excessive humidity of the past few days has caused an alarming increase in the death rate of the city. Up to this morning 25 deaths are reported, one city undertaker receiving six orders in a space of 12 hours, and the others being equally as busy.

Commissioner Ogilvie has got a new yacht, which he will take with him to the Klondike. He tested it on the Ottawa last evening and it works well.

The 1c stamped envelope shortly to be issued by the Postoffice Department has many features to commend it to the public. The price in excess of the face value is 10c per hundred less than that of the old stamped envelopes, so that 100 of the new 1c stamped envelopes may be obtained at any postoffice for $1.20. The envelopes, apart from the stamp, cost only 20c per hundred. The paper is excellent and so is the make-up of the envelope, while the stamp embossed thereon is from a die wrought in the most finished style.

Sir Wilfrid Laurier arrived here last evening, and was joined by Major James Sutherland, chief Liberal whip.

Call a Halt Now?—No!

The weather's been so hot and the demand for cool hats has been so great, J. & J. Lugsdin, 122 Yonge-street, could easily have called a halt on reduced prices and not effected the interest in the selling, but the firm are standing by the no-profit prices to wipe out the last vestige of summer-weights, and to-day make a leader of 10 dozen two-ounce pearl soft hats, that are easy three dollar value, for $2.

The Proposed Press Excursion Cancelled.

It has been found that very few of the members of the Press Association are able to go on the proposed excursion via Collingwood to Duluth this season, and it has been decided to cancel it, as it would not be a representative gathering. This is unfortunate, but unavoidable, as the number who signified their willingness to go was very small, indeed.

The above notice comes from President R. Holmes of The Clinton New Era.

Was He Duke of Portland?

London, July 29.—The Chancellor of the Diocese of London has ordered that application should be made to Sir Francis Henry Jeune, President of the Probate, Divorce and Admiralty Division of the High Court of Justice, to say whether the faculty ought to issue an order empowering Mrs. Anna Maria Druce to open the vaults and inspect the coffin which is alleged to contain the remains of T. C. Druce, who, the applicants assert, really was the fifth Duke of Portland.

Hailstorm Spoils the Crop.

McGregor, Man., July 23.—A heavy hailstorm passed over Wellington settlement, eight miles north of this place, towards the east, doing a great deal of damage. Many of the settlers, who are entirely hailed out, suffered the same fate last year, and are consequently left in very bad shape. The prospects of a good crop were never better, and it would be difficult to estimate the loss.

The People's Faith

Firmly Grounded Upon Real Merit —They Know Hood's Sarsaparilla Absolutely and Permanently Cures When All Others Fail.

Hood's Sarsaparilla is not merely a simple preparation of Sarsaparilla, Dock, Stillingia and a little Iodide of Potassium. Besides these excellent alteratives, it also contains those great anti-bilious and liver remedies, Mandrake and Dandelion. It also contains those great kidney remedies, Uva Ursi, Juniper Berries, and Pipsissewa.

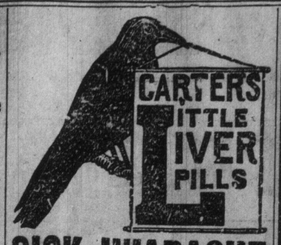
Nor are these all. Other very valuable curative agents are harmoniously combined in Hood's Sarsaparilla and it is carefully prepared under the personal supervision of a regularly educated pharmacist.

Knowing these facts, is the abiding faith the people have in Hood's Sarsaparilla a matter of surprise? You can see why Hood's Sarsaparilla cures, when other medicines totally, absolutely fail.

Hood's Sarsaparilla

Is the best—in fact the One True Blood Purifier. Sold by all druggists. $1; six for $5.

Hood's Pills are the best after-dinner pills, aid digestion. 25c.



SICK HEADACHE

Positively cured by these Little Pills.

They also relieve Distress from Dyspepsia, Indigestion and Too Hearty Eating. A perfect remedy for Dizziness, Nausea, Drowsiness, Bad Taste in the Mouth, Coated Tongue Pain in the Side, TORPID LIVER. They Regulate the Bowels. Purely Vegetable.

Small Pill. Small Dose. Small Price.

SAMUEL MAY & CO.,
74 York-St., Toronto.

BICYCLES TO RENT.

LADIES', GENTS' AND RACER BIcycles—new; to let by the month; examine them at Ellsworth's, 211 Yonge, opposite Albert. dy

W. C. T. U. Notes.

Mrs. Katherine Leute Stevenson of Chicago, corresponding secretary of the National W.C.T.U., is making a short stay in the city, and will meet the ladies of Toronto district and friends on Monday afternoon at headquarters, and will explain the action of the National Executive in connection with the Willard Temple.

A most enjoyable afternoon was spent yesterday by over 70 ladies, composing the Executive of Toronto district and other friends, who were the guests of Mr. and Mrs. W. H. Orr. Mrs. Rutherford gave a discription of her trip through the Northwest and the work done there. Votes of thanks were tendered Mr. and Mrs. Orr by the Toronto ladies, seconded by ladies from Port Credit.

Stockmen Suffer Heavy Losses.

Fresno, Cal., July 29.—The dry season has caused great loss to the stockmen on the Sierra foothills. It is estimated that 175,000 sheep were driven into the forest reservations after the withdrawal of the United States cavalry some time ago. Recently a force of deputy marshals forced the stockowners to remove their cattle and sheep from the reserved land. Some of the herders assert that there is no grass and little water to be found elsewhere. At least 100,000 sheep must perish of starvation or thirst.

A Successful Medicine.—Everyone wishes to be successful in any undertaking in which he may engage. It is, therefore, extremely gratifying to the proprietors of Parmelee's Vegetable Pills to know that their efforts to compound a medicine which would prove a blessing to mankind have been successful beyond their expectations. The endorsation of these pills by the public is a guarantee that a pill has been produced which will fulfil everything claimed for it.
