Masonic Meetings.
August 1889.

The following meetings will be held at Freemasons' Hall during the month of August, at 8 o'clock in the evening:
Thursday, 15—The Union Lodge of Portland, No. 10.
Wednesday, 28th—Carleton Royal Arch Chapter.

SCH ACACIA is having a new mainmast put in at Dunlop's shears.

NEW SHEDS are being built in front of Main street Baptist Church.

AN ASPHALT SIDEWALK is being laid on the east side of Brussels street between Brunswick and Hanover streets.

FINGER CRUSHED—Wm. Ingraham had one of his fingers quite badly jammed in Messrs. J Harris & Co's machine shops today.

DR. ESTERBROOKE will be here only this week. He leaves Saturday on the 4 p. m. train for Amherst. All who wish his services must come at once.

Mr. W. F. Wortman intends shipping about 30 cargoes of pulp wood from ports at the head of the Bay of Fundy this season.

W. A. CALNEK, one of the old newspaper men of Nova Scotia, has control of the editorial department of the Bridgetown Monitor.

FOUR THOUSAND PERSONS are said to have visited the camp meetings of the Methodists recently held at Berwick. The numbers attending these well conducted gatherings seem to increase yearly.

HAND BADLY BURNED—This morning, a girl named Lizzie Paddock, employed in Messrs. Godsoe's laundry, had her hand badly burned. She was working at the rollers, when her hand was caught between them and held against the steam pipes. Dr. McFarlane rendered the necessary medical aid.

PRESENTATION.—After the Artillery inspection yesterday corporal Sullivan was presented by Lt. Col. Armstrong with a handsome breast pin for regular attendance at drill. The pin was the gift of Lt. Harrison.

HYMENEAL.—Mr. Dill, principal in the Indiantown school building, has taken unto himself a life partner in the person of an estimable young lady of Falmouth, N S. His numerous friends wish him life long happiness.

DOES FARMING PAY?—From a farm of six acres at New Glasgow, N S, D H Shaw has this season marketed 600 bushels of gooseberries, 5,000 quarts of strawberries and a proportionate quantity of currants, raspberries and rhubarb.

NEWFOUNDLAND COPPER.—A petition has been presented to the English courts by the Matthesons for the winding up of the affairs of the Newfoundland copper company. The Matthesons are creditors of the firm to the amount of 250,000 pounds. A decision upon the petition has been postponed.

A 24 YEAR OLD SON of Jacob Fitch, Conquerall, Lunenburg, N. S. was drowned on Thursday last, while bathing in the lake in front of his father's house—while the latter and his sister were looking on. When found the next morning the eyelids were completly eaten off by eels, and one leg cramped up, showing the cause of the disaster.

VENERABLE RELICTS.—A group of venerable visitors were entertained at the house of Mrs. Vincent Goodwin, near Barrington, N. S. one day last week. They were Mrs. Margaret Newell, 81 years; Mrs. Sarah Smith, 78; Mrs. Dorcas Kenney, 77; Mrs. Jane Smith, 77; Mrs. John C. Cunningham, 64, all widows but the last named. In point of age, the gathering might be termed an unexampled success.—Barrington Advertiser.

CONCERT AT ROTHESAY.—A musical entertainment will be given in the Rothesay Presbyterian Hall by the Rothiemay Musical Club on Wednesday evening next, 21st inst. The first part of the programme will comprise the Cantata entitled "The New Flower Queen" and the second part will consist of songs, recitations, and choruses. The concert will begin at 8 o'clock and a enjoyable evening may be anticipated.

A JEWELER'S ASSISTANT ABSCONDS.—A man named Davis, arrested at Moncton last night for drunkenness, is wanted at Port Elgin on a more serious charge. He was assistant of Mr. Anderson, watchmaker at that place, and during the latter's absence at the Halifax carnival skipped out. A number of watches, rings and other jewelry were missing and some of these articles were found on Davis when arrested last night. He had also disposed of a couple of watches in Moncton.—Moncton Transcript.

LOVE AND MADNESS.—Says the Kentville Star: A young man living in the vicinity of the Kentville trotting park got very mad on Sunday. It appears that he desired to marry a girl of Kentville with a history, and bring her home to his father's house. This was decidedly objected to by the old party and the youngster was so enraged that he went home and smashed a lot of dishes he had just bought, then went into a field with an axe in his hand and knocked a calf that belonged to him in the head.

DEATHS IN ST ANDREWS.—James Bolton, a respected citizen of St. Andrews, died yesterday at the age of 68 years. He was a brother-in-law of Hon. B. R. Stephenson and uncle of Mrs Elizabeth O'Neil of the same place, aged 88 years, also died yesterday. For about 70 years she had been a resident of St. Andrews, and a correspondence says:—She could relate very accurately events of long ago associated with St. Andrews, of which no person now living has any personal knowledge, and with her demise a wonderful amount of the ancient history of St. Andrews, never written, has been obliterated from the pages of time. She was a woman of a kind heart and generous disposition and will be much missed among her poorer neighbors.

LUMBERMEN'S "BLACK LEG":—The Canadian Lumberman says that in some sections of Ontario and Quebec, trouble is experienced by lumbermen owing to a disease called "black leg, breaking out among the men. A number were lately in the hospital at Baie des Peres, Quebec, and several men engaged in rafting at the foot of the Quinze rapids had to quit work. The disease is said to be caused by a too long continued died of salt pork, &c., without an adequate supply of vegetables. It is not at all dangerous and ceases on the return to vegetable diet.

MAKING LIFE SAFE.

A Death-Proof Passenger Coach of Steel.

PHILADELPHIA, Aug. 13. The Pennsylvania Railroad company will have an efficient fire service on its passenger trains this year, and is looking forward also to making some very important changes in the style of its coaches. Lately one ingenious contrivance has attracted the attention of the company, and if it is a success such a thing as a passenger train fire will be next to impossible.

This new thing is a fire-proof railway car, its originator being an inventor named Ford, who lives in Missouri. The distinctive feature of the car is that it is all iron or steel. The roof, sides and ends of the car are made of steel boiler-plates riveted together. The car is somewhat the shape of a horseshoe, the round part being the top. In the bottom are several steel girders packed in cement—much the same as in the Pullman cars. Along the sides is an array of windows precisely similar to those of any ordinary passenger coach. The top of the car is destitute of the heavy roof and ventilating arrangements that are seen on ordinary cars. It is said that ventilation is secured by pumping air into the car through pipes. These pipes in winter are arranged also to furnish warm air.

There is also a system of ventilators around the windows. The claims made by the inventor for his device are that it will not burn up, that it will last forever, and won't telescope or break up in a collision. In addition to these advantages it is claimed that the car is cheaper than the regular passenger coaches now in use. It is understood that the Pennsylvania Railroad officials will investigate this unique concern to find out its merits and defects. The test will be probably made as to whether the coach will run smoothly, give comfort to its occupants, and at the same time be a stout proof against all the elements.

The company has also arranged for the introduction of a complete fire apparatus the first one of its kind in the history of the company, upon all its passenger coaches. For some time it has been under examination by the officers of the road, and in all of its experiments it has been successful. This device is a fire pump. It consists of a bucket indurated fibre eighteen inches in height, ten inches in diameter and five tenths of an inch in thickness furnished with a pump-like concern. With regard to its use the pump fire-extinguisher is the simplest kind of an arrangement, and can easily be operated by the hand. It throws a much stronger stream and at a far greater distance than the ordinary chemical extinguisher, and is far more economical. It is the intention of the Pensylvania Railroad company to place this pump upon all its passenger engines and drill the train hands in the rapid working of the contrivance.

The Probate Court.

Ancillary Probate of the last will and testament of the late Hon. William B. Hayford has been granted by Probate Judge R. C. Skinner to Laura Hayford the widow of the deceased.

The estate in New Brunswick is valued at $35,000 and is all personal.

C. N. Skinner is the proctor.

Of Personal Interest.

Hon. D. L. Hanington is at the Royal.

Hon. Geo. E. Foster and Mrs. Foster arrived here this afternoon from St. Andrews.

Mr. Thomas Rideout, government engineer, Ottawa, was at the Royal yesterday.

The Equity Court.

The case of Prince vs. Jonah et al is fixed for this afternoon in the Equity court before His Honor Judge Palmer.

Brevities.

About 140 delegates were present at the opening of the Grand Lodge, I. O. O. F. at Charlottetown on the 14th inst.

The congregation of Waterloo street F. C. Baptist church has decided to extend an unanimous call to Rev. J. T. Parsons of this city.

A memorial service will be held in St. David's church, commemorative of the organization of the congregation, tonight at 7 o'clock.

Rev. J. I. Porter died at his home in Barrington, N.S on Sunday night. He was for many years standing clerk of the F. B. Conference and prominent in denominational work.

The dwelling house of Holly Estabrooks, at Scotchtown, Queens Co., was considerably damaged by lightning a few days since. None of its occupants were injured.

A slight fire occasioned by the bursting of a gas pipe occurred in the residence of J. Cullinan, Carmarthen street at about 8.30 last evening. It was extinguished without difficulty.

Messrs Davies and Scranton, of the Temiscouata railway, were in Fredericton yesterday consulting C. H. Lugrin with reference to routes across New Brunswick from Edmunston. Mr. Scranton will make exploratory surveys from Boistown northward.

A French warship steaming directly on the rocks at Prospect, near Halifax, a few days since, escaped certain destruction by observing the warnings of some fishermen who happened to be in the vicinity. Had she continued in her course five minutes longer her wreck would have been inevitable.

A very enjoyable garden party was held yesterday afternoon at Dr. F. E. Barker's, Mount Pleasant. There were a large number of guests present. Excellent music was provided by the Fusilier's band.

Stephen Spragg, aged about 40, committed suicide by cutting his throat at Springfield, Kings Co., on Monday last. He had been supported by the parish for some time, and the rash act is supposed to be the result of long dissipation.

Stockholders of the Buctouche and Moncton Railway company held a meeting at Buctouche Tuesday, among those present being Dr. DeBertram, New York; Mr. Isley, Philadelphia, and C. N. Skinner, St. John. The old board of directors was re-elected and Dr. DeBertram was subsequently re-elected president.

WHERE, OH WHERE! ARE THEY GONE?

The crowd that went down to the Athletic grounds yesterday afternoon to see a tight game were disappointed, as far their purpose was concerned, but they saw, instead, St. John win a sweeping victory over Augusta. The Augustas, the very much talked of Augustas, who, the Bangor papers said would have an easier time in St. John than in Bangor, were deep in the mire yesterday, and the efforts of their hardest hitters to find Small's curls were in vain. From the start the boys got right on to Sullivan's pitching and veritably knocked him out of the box for 11 singles and a total of 21. Capt. Bell was able to play, and surpassed himself at first. How well the rest of the boys played may be estimated from the fact that they had no fielding errors. The errors of the Augustas in the field were many and palpable, and apart from their inability to find the ball at bat the Augustas owe the muchness their of defeat to their own errors. The innings were:

St. Johns	3	0	2	0	0	4	7	0	0	—16
Augustas	0	0	0	2	1	1	0	0	0	—4

Batteries—St. Johns, Small and Rogers; Augustas, Sullivan, King and Pushor.

Struck out—By Small 8, by Sullivan 5, by King 1.

Base hits—St. John 11, Augusta 4.

Umpire—James Christie.

THE AMATEUR LEAGUE.

At the Shamrocks grounds yesterday the Thistles defeated the Emeralds 17 to to 4. The Batteries were:—Thistles, McGlinchey and Mills; Emeralds, Connolly, Quinn, Morris and Callahan. Only one base hit was made off McGlinchey.

The score by innings stood:

Thistles	5	4	1	0	0	3	0	x	—	17
Emeralds	0	0	1	0	2	0	0	1	—	4

Umpire, Mr. McGrath of the Shamrocks.

OFF THE FIELD.

St. Johns and Augustas again this afternoon.

Frederictons play at Moncton to-day, league games.

Burns will pitch the first, and Underwood the second game.

The Frederictons have engaged Webb of the Presumpscots for the remainder of the season.

Manager T. P. Lovell and his nine of crack players are back home from Halifax, where they had a very pleasant time, even if they were beaten in two games out of the three played.

The Presumscots would have gone to Bangor to play next week but they wanted more than the management could afford to give. According to the way the ball games are being patronized at Bangor the management could not afford to pay much for games.

The Lawrence club may play at Bangor next week but nothing is definitely settled concerning it.

Tomorrow another game with the Augustas will be played at the Athletic grounds.

WILL THEY NOW?

The Augusta Journal of Tuesday said: Should Wednesday and Thursday allow of games at St. John, the club will play in Fredericton on Friday, but if the weather should be bad this game will be omitted. The club returns to Bangor Saturday and will play there on that day, arriving in this city Saturday night. They are all in fair condition and will undoubtedly show the Province boys a few new wrinkles in the national game.

The Journal should know better than that. The "Province boys" have a few wrinkles of their own which they seem to use effectively.

The Cycle.

HALL DEFEATS JACOBS.

After the baseball match yesterday, Tom Hall of this city and A E Jacobs of Malden appeared on the track to contest a one-mile bicycle race. Jacobs had the inside, but Hall took the lead, after the first quarter, winning in 3 min. 10 sec.

The Ring.

LANNAN TO MEET JACKSON.

Joe Lannan, the pride of the peninsular district has announced that he would be prepared to meet Jackson, the champion colored pugilist of the world, at Oak Island next Saturday afternoon in a four-rounded battle, with big gloves, for a purse of $200. Lannan will not only stay with Jackson for four rounds but will endeavor to beat him, so Lannan's friends announce.

Athletic.

W S Barker, C E MacMichael and W B Carvill have been appointed a committee of the St. John A A Club to make arrangements in connection with the annual sports in September.

A lawn tennis tournament will be held at the St. John A A C grounds early in September.

Lacrosse.

DOESN'T ADMIT OF ARGUMENT.

The Sun which has lately been raking lacrosse over the coals, and instancing every accident that ever occurred in the game, forgets that accidents may happen to baseballists as well to lacrosse players. For example:

Zimmer of the Clevelands was hit in the throat by a foul tip on Thursday and laid up. Clements was also struck in the head and Umpire Lynch was struck twice.—Boston Herald.

The Chicago's outfield is in bad shape, Van Haltren is off with a thumb that was knocked out of shape with a line hit and Ryan met the same fate during Wednesday's game.—Toronto Empire.

Wm. Campbell, catcher of the Somerset Ky., club, had an eye knocked out and his jaw bone broken by a foul tip Wednesday.—Toronto Empire.

SO SAY WE ALL OF US.

Says the Montreal Sporting Life: Now that our friends in the Maritime Provinces have seen lacrosse played as it should be played, we trust that all their former prejudices against this most manly and exhilarating of games have entirely faded away, and that lacrosse will soon be as exclusively the popular game in New Brunswick as it is in Montreal. With such a club as the St. John's to show the way, and an old lacrosse enthusiast like Mr. Bell to fan the flame we trust that the time may not be far distant when the seaboard city may stand as far in the front in lacrosse as she does in other matters, and when we shall have Lower Province teams competing in our champion league. Lacrosse only needs to be seen to be appreciated, and now that it has once taken root in St John it will soon flourish like a green bay tree.

Mr Bell is negotiating with the Picton team to play at St. John in about two weeks time.

A team from St. John will likely go to Montreallin the fall.

Juveniles in Wellock.

The suburban village of Tattletown is able to present strong claims for the bun in the matter of youthful marriages, as they have to report the recent solemnization of a matrimonial compact between two members of their community, wherein the groom vowed eternal faithfulness to his better half at the age of sixteen and the fair partner of his joys is now basking in the sunshine of her thirteenth summer. By the same conspicuous event a former well known citizen of our town, in the person of Colonel West, has been promoted to the status of father-in-law, and he has every reason to be proud of his youthful yet aspiring son-in-law.—Fredericton Gleaner.

MANCHESTER, ROBERTSON & ALLISON

The temple of the sun at "Tadmor" in the wilderness has fallen; but the traveller slakes his thirst at Jacob's well, a striking illustration of the survival of the fittest. Just here it can be said that our IDEAL SOAP still pursues the even tenor of its way, while other brands which have had a short run have fallen into ruins, and the survival of the fittest is sure to succeed.
