MARATHONS AND ST. JOSEPHS TODAY

The Victoria grounds are reported to be in excellent condition for the first game of the series to decide the city baseball championship. A great game is expected by the fans. The Marathons have beaten the Moncton Vics and Amherst Ramblers, besides winning the championship of the Amateur League. The St. Joseph's, the society champions, are too well known to make any comment necessary.

The game will be called at three o'clock and J. McAllister will be the umpire. The line up is as follows:

St. Joseph's—Mills, catcher; George or McGuiggan, pitcher, Simpson, 1st base; Cregan, 2nd base; Conley, 3rd base; Long, short stop; Harris, left field; McDonald, centre field; Breen, right field.

Marathons—Rootes, catcher; Gilmour, pitcher; Stubbs, 1st base; D. Malcolm, 2nd base; Bradbury, 3rd base; Copeland, short stop; Totten, left field; J. Malcolm, centre field; Clawson, right field.

THIRD GUN LAYERS HOME FROM PETEWAWA

The gun layers of No 3 company, 3rd Regt., C. A., returned from Petewawa last evening via the Intercolonial. The detachment was under the command of Capt. S. B. Smith. Lieut. Magee was second in command, Major LeW. Barker stayed over a couple of days in Montreal. The officers and men of No. 3 company did excellent work while in camp, and expect when the total results of the season's work are made known that the company will stand near the head of the list as far as points are concerned. It is expected that No. 3 will take second place in the whole Dominion.

This evening Capt. Smith will leave for Boston in command of the 3rd Regt. C. A. Band, which has a week's engagement in Boston and vicinity. Tomorrow afternoon the band will play at Paragon Park, Nantasket Beach.

IMPORTING YOUNG MEN FOR MINISTRY

Among the passengers of the Allan liner City of Bombay, which arrived at Halifax yesterday, were four young men who are candidates for the Methodist ministry under the jurisdiction of the Conferences of New Brunswick and Nova Scotia. They were sent out by the British Wesleyan Methodist Conference.

Ernest Rowlands will be stationed at Newtown, Kings Co., in this province; Ernest Plowman will bo to Westville, N. S.; Thomas Street has gone to Bermuda, and Harold Tomkinson will be located at Ingonish, C. B. Mr. Rowlands, who is in the city, will occupy the pulpit of Zion Methodist church on Sunday morning.

Several other young men are expected from England within the next few weeks to fill vacancies in the Maritime Provinces, while about a hundred will be absorbed by the west.

Nickel Has Another Novelty

The new show presented at the Nickel last evening and yesterday afternoon was somewhat of a change. It had a variety of pictures quite out of the ordinary, for instance: Western Justice, showing the depredations of a drunken cowboy and the hot chase over hill and through barren valleys until, after a stubborn pistol fight, he is captured; A One-Night Stand, or the troubles of a small theatrical company, and Derby Day in England, a most absorbing series of views on the famous English race-track during the historic event. Miss Felix sang Alice, Where Art Thou Going? in the evening with much dash and melody, the illustrations of Coney Island at the height of its glory making a big hit. Mr. Brown sings tonight the pretty ballad entitled, Yesterday. This afternoon Miss Felix again has the boards, and Mr. Swaney, the banjoist, will be heard both afternoon and evening. During the performances yesterday a large picture of the Quebec bridge, the scene of the recent tragedy, was thrown upon the canvas. A few days ago the pulp mill at the falls during the recent fire was pictured.

BOSTON, Mass, Aug 30—Ard, strs Prince George, McKinnon, from Yarmouth, NS; schrs Eva Stewart, Moore, from Point Wolf, NS; Klondyke, from Clementsport, NS.

MAY MANUFACTURE PORTLAND CEMENT

New Industry Likely to be Established Here—City Asked for Site—Mooneys' Interested.

It is probable that in the near future there will be begun in this city the manufacture of Portland cement. The city has been asked for the lease of city property to be used for the purpose.

The Messrs. Mooney, who own large brick-making yards, have been making a study of the matter. The two necessities for the making of cement are clay and lime. Dr. Ellis, the energetic head of the geological work in these provinces, recently visited the red clay deposits at the request of Mr. Mooney and at his suggestion samples will be sent up to Ottawa for analysis. Although not similar to the material usually employed in the manufacture of cement, a test may show that the red clay is equally serviceable. The department have expressed their willingness to make the necessary analysis.

Mr. Mooney, speaking last night, said that they could not yet make any statement as to their plans.

PREMIER WHITNEY TO TOUR ONTARIO.

Taken to Indicate Early Election—Another Big Cobalt Lawsuit—2,500 Leave Ontario for West

TORONTO, Aug. 30.—It is reported that on his return to Ontario, Premier Whitney who sailed for England yesterday, will complete arrangements to address a number of political meetings in various parts of the province this fall. This is taken to indicate an early election.

Claiming the Cobalt Lakes Mining Company secured their title to property "by improperly procuring the passage of an act," asking for an accounting by individual directors of the company as to disposal of an immense amount of stock, and petitioning the courts to order the payment of $2,540,000 as the balance owing to the treasury of the Cobalt Lakes Mining Company by Sir Henry M. Pellatt, and Britton Osler, of Toronto, Thomas Birkett and G. F. Henderson, Ottawa, D. C. Rochester, Cobalt, J. H. Avery and Raymond Mancha, Detroit, on stock issued to them or to other with their knowledge or consent or on their behalf, J. Convey has issued a writ against the mining company and the individual directors listed above.

Two thousand, five hundred of Ontario's best farm help left the union station this afternoon to gather wheat. It required five special trains to carry them. It is estimated by officials that during the past week at least 10,000 have gone into the grain districts to work.

THE TIME TO CRY "HALT!"

If one be watchful there comes a time in the life of every man and woman when one or more discoveries are made. The walk is not so brisk, the shoulders have got into a way of slumping forward, and the back is not so erect as formerly. Now is the time to cry "Halt." It is a time to drill the body, the time to revise sleep, diet, exercise, occupation, relaxation and all habits. Every son and daughter of humanity should refuse this gradual yielding to decay.

Every Buttonhole of a Shirt

Any Shirt fits better than any ordinary shirt. One reason is the accurate, careful spacing of the buttonholes. Unless they meet each other perfectly—if one were even a little higher or lower than its mate—the bosom would pucker—pull—bind.
Buttonholes on shirts are placed right, are made right, and stay right, even after many trips to the washtub.
