CHRONOTHANATOLETRON.—This is the unpronounceable title of an entertainment to be given in St. John to-morrow night.

ACCIDENT. — On Wednesday night, while in the act of stepping out of the door of her residence Mrs. J. Doherty slipped and fell breaking the right limb near the knee.

HIGH TEA.—The high tea held in the hall at Midgic on Friday 30th was a grand success. A large number availed themselves of the opportunity and a thoroughly good time was enjoyed.

A NARROW ESCAPE.— Two freight trains combined in one with two vans in the rear, left Sackville Station, but upon arriving in Amherst the train hands discovered that the rear van was not in sight. It had been uncoupled in some mysterious way. An engine was sent in search of the lost van which was found between Aulac and Sackville.—Amherst Press.

LAMBS.—Mr. P. J. Mahoney was in town on Monday on his way to Antigonish, N. S., where he will load two cars of lambs for the Portland Me. market. During the season Mr. Mahoney has shipped over 8,000 lambs at a value of something over $30,000. The competition from the west effects shippers' profits more than the McKinley bill. That measure having given a great stimulus to sheep raising in the west, large shipments are made to the eastern market each week which compete with provincial goods.

SHEEP FARMING.—In the early future Mr. J. W. Y. Smith, M. P. P. intends converting several farms which he owns in the vicinity of Memramcook into a large sheep farm upon which will be kept several hundred sheep. His plan is to secure a number of breeding ewes of good native strain and import pure bred sires of Shop. Leicester and other breeds for use in the flock. There is a large area of good pasture range in the vicinity together with arable land and marsh which will produce ample fodder to winter the stock.

DAIRYING IN BOTSFORD. — A large meeting of representative farmers of the parish of Botsford was held in the school house, Chapman's office on Friday 30th and a local dairyman's association was formed to be called The Little Shemogue Farmers' and Dairymen's Association. Thirty of the best farmers of the district enrolled themselves as members. Speeches upon appropriate topics were made by Messrs. Duncan, Lamb, Anderson and Simpson. C. A. D. Siddall spoke of his favorable experience with the silo and ensilage as the feed for cows The association elected the following officers. George Duncan, president; Robert Lamb, vice-president; Wm. Simpson, secretary-treasurer; C. A. D. Siddall, L. W. Purdy, D. M. Taylor, and R. H. Somers, directors. William Grant and A. C. Chapman, auditors. Robert Lamb and Wm. Grant were appointed delegates to the Provincial Farmers' and dairymen's association.

RELICS OF BUCK.—Sheriff McQueen has in his possession four articles found in Buck's cell which are of considerable interest. A few days before his execution he called the sheriff and said he would tell him a secret if he would consent to ask no questions. The sheriff promised and Buck handed over two small saws and a file. The saws were made apparently from steel shanks which are put in the soles of shoes and the teeth cut with a file. They would cut iron fairly well. The fourth article was a rather dangerous looking knife which was found suspended in the air shaft in the partition between his cell and the next one. It is supposed that Duffy, one of the tramps now in the penitentiary tied the knife to a string and passed it into the ventelator shaft in his side of the wall, the opening of which is above that on Buck's side. It dropped down the shaft to the opening in Buck's cell where he could get it. It was discovered by an attendant while hanging in the shaft. There is a suspicion that he intended to use in on his attendent and make an escape.

PERSONAL.—Parliament opens at Ottawa on the 26th inst. Mrs. Wood and the two younger members of the family will spend the session with Mr. Wood at the capital. Miss Eleanor Wood took the C P R on Monday evening for Whitby, where she attends College.

—The Sun says: E. Black, of Point de Bute, returned a short time ago from quite a protracted stay in Montana. Mr. Black did not fall in love with that country, but is of the opinion that an ordinary day laborer can do just as well in New Brunswick as he can in that state. Wages as a rule are higher, but the necessary expenses counteract the larger salary; and for a period of from three to four months work is very scarce. Mr. Black recently spent a few days in Sackville the guest of Con. Trueman.

—Says the Parrsboro correspondent of the Sun: The marriage took place on Saturday of Andrew Wheaton, a former resident of Sackville, N. B., and Mrs. Carpenter of this town. The popular couple have taken a trip to Halifax before settling down Mr. Wheaton is shipper in the employ of the coal company and is exceedingly popular.

—Rev. S. C. Murray, a native of this county and since 1885 a resident of Neepawa, Beautiful Plains, Manitoba is in the east on a visit.

—A Burke Esq., Cape Bald was in town yesterday.

It's the STAR Almanac of Montreal that takes the palm for popularity. It is immense.

Death of Mrs. Dr. Crane.

The following appears in the obituary column of "The Daily News" of Trinidad. The deceased lady was known to a large circle of Sackville friends:

It is with sincere regret we have to chronicle the death of Mrs. Crane, the devoted wife of Surgeon General S. L. Crane, M. D., C. M. G., which sad event took place at their residence "The Wilderness," Port-of-Spain on Saturday afternoon 10th instant. The deceased lady had been ailing for some time past, but it was only the Monday previous that symptoms of gravity supervened to necessitate Dr. Crane calling in the assistance of Doctors Knox and Read. In spite of every care and attention on the part of all concerned she succumbed to her illness. He death removes from our society one of the brightest and most popular ornaments, whose place it would be most difficult to fill. During the short time she has been with us she has succeeded in winning hosts of devoted friends by her personal charm of manner and amiability. Her hospitality too, knew no bounds, and many a score of visitors to our beautiful island have carried away pleasant memories of the charming hostess of "The Wilderness." It was only a few short weeks ago that she went to Barbados, full of life and spirits to meet her sister who was recently married to Commodore Jackson, R. N. (who commanded H. M. S. Comus when here some years back) and after her return she contracted the fatal illness which carried her off. The funeral took place from the house of the Surgeon General on Sunday at 4 p. m. There was a very large attendance of mourners among whom we noticed most of the members of the Legislature, a large gathering of the members of the medical profession, almost all the members of our local society, and the staff of Hospital nurses. His Excellency the Governor and Lady Broome were represented by Captain Clerk, A.D.C. A large number of beautiful and choice wreaths were placed on the hearse. The Pall-bearers were the hon. Mr. Fowler, hon. Mr. Tanner, Doctors Knox, Eakin and Read, and Mr. A. Warner. The body was first taken to All Saints Church, where the first part of the beautiful and touching burial service of the Church of England was read by Bishop Hayes, who was assisted by the Very Revd. Dean Smith and Revd. Mr. Taitt. After this the long cortege wound slowly round the Savannah to the picturesque God's Acre in the Garden behind Government House where the distinguished sons of Trinidad are laid to rest. Here amid solemn and impressive stillness the beautiful concluding words of the service for the burial of the dead were uttered by the Bishop.

We understand that it is the intention of Dr. Crane to remove the remains of the deceased to England at no very distant date.

We beg leave to assure Dr. Crane of our deep sympathy with him and his family in the great loss that they have sustained.

Amherst.

—An appreciative audience gathered in the Y. M. C. A. Hall on Monday evening to hear Mr. D. C. Frazer, M.P.P. for Pictou Co., deliver his popular lecture entitled "The different laws in Nova Scotia since the first meeting of Parliament." Mr. A. R. Dickey, M. P. occupied the chair.

—The usual annual reception, given by the Y. M. C. A. came off on Monday evening of last week in their hall, and was a most enjoyable affair. It was open to the public, no especial invitations being issued. The first, or musical part of the programme was under the management of Prof. Sterne, and it is needless to add was well carried out. The second part was managed by eight ladies, to from each congregation, the Episcopal, Presbyterian, Methodist and Baptist, who dispensed coffee, sandwiches and cake with no niggard hand.

—A progressive whist party at the residence of Mr. and Mrs. Baker, 'Brookside' was another very delightful attraction on the same evening, as was also a reunion of kindred sports at "Bally Houly Club" given for one ortwo friends who were home for the holidays.

Mr. J. A. Dickey C. E. returned last week to Cornwall, Ont. He expects to be back again in April.

—A benefit concert comes off to-night (Wednesday) which no doubt will be liberally patronized, as the object is a good one. All the leading local talent will take part.

—An interesting marriage in one of our most hospitable homes, not far from town, will come off early in February.

—Rev. D. A. Steele delivered a lecture in the Baptist Church on Sunday evening on "The observance of the Sunday." This is striking the key-note in the right direction. The Lord's Day in this town is not observed by all as it should be. Rev. J. Stothard lectured on "Temperance" in the Methodist Church on the same evening.

—The all absorbing topic just now in town is the approaching municipal election. We hear it at all the street corners, and everywhere else, and there are so many aspirants to the office of Councillor that one is obliged to keep constantly in mind who he intends to vote for, or he might get slightly mixed.

—The weather keeps cold, but just now we are enjoying our first sleighing.
