The University of Toronto athletic sports were held yesterday afternoon at Rosedale. The weather was glorious and everything assisted the students in making the event a decided success.

Friends of the undergrads turned out in large numbers, and the dear girls were there looking their prettiest and smiling beamingly on the knowing youths.

Porter of the Toronto Medical School captured the championship prize, with Agnew far behind and second.

The different events were remarkably well contested, and better marks were made in several than at the Canadian championships. Thus the day demonstrated that Varsity has among her students men of a superior athletic calibre, and with careful training would be able to successfully compete with any of the cracks across the line. But, then, alas! should they reach that stage their stay with us would be lamentably short, as has been proven quite often before.

R. Grant, who hails from St. Mary's, Ont., ran the mile in 4.48 without being paced or pressed and finished remarkably fresh. Parker won the high jump rather handily and just went halt a foot higher than Allison, the Canadian champion. He wore the red triangle of the Buffalo Mohawks and is a School of Practical Science student here. His club companion, Rings, was thought to have a cinch on the bicycle race, but both Moore and Billy Pease beat him out. Moore made a remarkable spurt home. The pole vault appeared to greatly interest the spectators. M. McArthur dropped out at 8 feet 5 inches, Agnew at 8 feet 7 inches and Parker made an exhibition jump of 9 feet 3 1-2 inches. Richardson won at the Canadian games with 8 feet 4 1-2 inches.

Several of the events were open to outside colleges, but Trinity University alone essayed to send anyone, and the red and black sprinters didn't even get placed in the 100 yard trials.

The officials handled the games superbly. The start was made promptly at 2.30 and School of Science had pocketed the team race by 5.30. The chief officers were: Starter, James Pearson; timers, G. H. Orr, G. H. Higinbotham; clerk of the course, R. H. Barker; referee, D. J. Armour.

The Meds came in for a lion's share of the prizes. Porter, Agnew, Currie, Lawson, Reid, Hodgins, Smith and Thomson are all knights of Esculapius and the list shows that they are big prize-winners and Porter is the champion.

There were three events on the lawn in the morning. The first was called promptly at 10 o'clock. The three were well contested, though the performances were not up to those of last year's. Results:

Standing broad jump—J. A. Lawson (Med. '94), 9 ft. 10¾ in., 1; Porter (Med. '95), 9 ft. 9½ in., 2; Agnew (Med. '95) 3.

Standing hop, step and jump—Porter, 29 ft., 1; Lawson, 28 ft. 4½ in., 2; Agnew, 28 ft. 3½ in., 3.

Running hop, step and jump—Smith (Med.), 39 ft. 11¾ in., 1; M. McArthur (Arts '95), 39 ft. ¼ in., 2; Porter, 38 ft. 11½ in., 3.

100 yards run, first heat—Porter 1, Reid (Med. '96) 2. Time 11 seconds. Second heat—Hamilton (Arts '94) 1, Revell (Arts '94) 2, Fletcher 3. Time 11 seconds. Final—Porter 1, Hamilton 2, Reid 3. Time 11 seconds. Porter won both heats in easy style.

Half-mile run—Hodgins (Med.) 1, Hendry (Arts '95) 2, H. C. Pease (S.P.S. '96) 3. Time 2.19. Cooper, Boud and Revell also ran.

Putting shot (16 lb.)—Agnew, 37ft. 2¾in., 1; N. J. McArthur (Arts '95), 35ft. 4½in, 2; K. D. McMillan, 33ft. 5½in., 3. Bradley (Arts '97) and M. McArthur also competed.

220 yards race—Porter 1, Reid 2, Hamilton 3. Time 24 4-5. Grant was the only other entry, but he couldn't sprint and was lost before 50 yards was run. Porter won easily.

Graduates' race (220 yards)—Currie '92 1, Reid '92 2; did not finish. Time 25 3-5.

Pole Vault—Parker (S.P.S. '92), 9.03½, 1; Agnew, 8.07, 2; M. McAutun, 8.04, 3.

Bicycle race—Moore 1, W. H. Pease (Arts '94) 2, Rings 3. Time 2.48 1-5. MacKay and Wickens also rode. The men got away together. Pease set a good pace and kept the lead until the party reached the club house on the last lap. Moore, a dark horse, then left his companions, and crossed the tape a long distance in the lead. Pease beat Rings, a student of Buffalo, by a leap.

High jump—Parker, 5 ft. 3 in., 1; Porter, 5 ft. 2 in., 2; M. McArthur, 3.

440 yards—J. Reid 1, R. Grant 2. Time 58 secs. Beemer, O'Brien and Cooper dropped before the finish.

Fatigue race, 50 yards and return, carrying man each way—Duncan and Thomson 1, Rolfe and Gilmore 2. Time 24 secs.

Hurdle race—Merrick (Arts '95) 1, Agnew 2, Porter 3.

Running broad jump—Porter, 18 ft. 3 3-4 in., 1; Agnew, 18 ft. 3-4 in., 2; Smith, 17 ft. 3 1-2 in., 3.

Mile race—Grant 1, Hodgins 2, 4.48. The time in this race beats Orton's University mark by 2 seconds.

Relay team race, each man to go once around the track, 1512 yards—S. P. S.—Barker, Rolph, Bucke, 1; Arts '94—Revell, Gilmore, Duncan, 2; Meds. 3. Time 3.32.

This was the best contested race of the day. Teams from Victoria, Knox, '95, were also entered. Abbott of Knox won by a short distance in the first lap. Barker of the School of Science was a close second. Arts '94 and the medical teams were close behind. Ninety-five was close up, but Victoria had dropped out. Rolph of the S.P.S. passed the tape first in the second lap. Knox was second, '94 third, '95 fourth and Medicals fifth. A close finish was expected and it came. Duncan of '94 passed Bucke of the S.P.S. and Curry of the Medical School, although handicapped by nearly 100 yards, had come up close to the winners. Thus they entered the stretch. Bucke passed Duncan and Curry was unable to get near the front.

Porter is third time champion. He made 28 points. Agnew was second, with 16 points to his credit.

THE ROAD RACE.

Carman Defeats Hensel Over 20 Miles in Very Slow Time.

Carman of the Athenæum Cycling Club and Hensel of the Royal Canadian Bicycle Club, who are conceded to be among the best road-riders in Toronto, met in a match race over the 20-mile course in the Kingston-road and Woodbine track yesterday afternoon. Carman won as was generally expected. The time was slow. Hensel set pace around the track and down the road to the Halfway House. On turning Carman went out at a fast gait, but Hensel stuck to him and went ahead nearing Woodbine. They came on the track together. Carman spurted up the stretch and won by 25 yards. Time 1 hour 4 min. 23 secs. The Athenæum road officers would not allow Carman to accept Hyslop's challenge for a similar race.

THE PALMS AND PLANTS

Of Sir David Macpherson Handed Over to the City for the People.

For many years Chestnut Park, Yonge-street, has been the home of Sir David Macpherson and his family. One by one the latter have left and gone into establishments of their own; of late Lady Macpherson has been of delicate health, and in a few days the senator and she sail for the Mediterranean to spend the winter.

The conservatories about the house are the largest and finest in Toronto, and contain the result of many years' collecting and the constant care of the master of Chestnut Park and his staff of gardeners.

Sir David had decided that before leaving to present his collection of plants to the city as the nucleus of a winter garden. He intimated the fact to the Mayor, and yesterday the formal transfer took place. A large marquee was erected on the lawn, nder which the presentation was made. There were a large number of guests present, among whom were: The Lieut.-Governor and Mrs. Kirkpatrick, Col. and Mrs. Sweny, Lieut. Kirkpatrick, Hon. J. B. Robinson, Mr. T. C. Patteson and Miss Patteson, Mr. and Mrs. David Creighton, Mr. and Mrs. John Hoskin, Mr. and Mrs. Percival Ridout, Mrs. Banks, Miss Clarkson, Mr. W. F. Maclean, M.P., and Mrs. Maclean, Mayor Fleming and Mrs. Fleming, Ald. and Mrs. Hallam, Ald. Shaw, Mrs. and Miss Shaw, Miss Coleman, Ald. Lamb, Mrs. and Miss Lamb, Ald. George Verral, Ald. Saunders and Miss Saunders, Ald. Davies, Leslie, Small and Murray, City Clerk Blevins, Park Commissioner Chambers, City Surveyor Sankey.

Sir David Macpherson in making the presentation said he had been 30 years in making the collection of plants which he was now donating to the city. He has no objections to the plants remaining in his conservatories until the city erects a suitable building for their reception. He would like to see a winter garden established in Toronto, and suggested that the new building for the reception of his plants should be built with that object in view. He illustrated the winter gardens of Frankfort, Germany, which he said were visited by all tourists. He impressed on the council the wisdom of erecting a building and creating a winter garden of proportions worthy of the city. The only conditions he imposed on the city are that a suitable building be erected and that the plants be free and open for the inspection of the public.

The Mayor, in accepting the plants, assured Sir David Macpherson that his handsome and generous gift would be highly appreciated by the citizens. He hoped it would be an incentive for others to go and do likewise.

Ald. Shaw, Saunders, Hallam and Leslie also returned thanks on behalf of the city and told how in years to come Sir David would be remembered and his name kept ever green in the memory of the people.

Cheers were given for Sir David and Lady Macpherson, and the company then partook of the hospitality of the Senator.

A Busy Firm.

The rooms of Messrs. Dickson & Townsend presented a lively appearance yesterday, the attraction being their usual semi-weekly sale of general goods. About 150 people attended and some really first-class articles were disposed of and some excellent bargains were obtained. A great feature of this firm's success is that they receive no goods for auction sale with a reserve bid, consequently purchasers may rely on getting articles at their own prices. These sales are becoming very popular and are attended by the best people in the city. Attention is drawn to their advertisement in another column.

The "Varsity" Irregularities.

The committee appointed to enquire into the state of "Varsity" and the rumored neglect of the past editors did not report at the meeting of the Literary Society last night. The members of the committee, however, say that the rumors of gross irregularities are exaggerated and mistaken.

The books of the editors of '91 cannot be found, but the society believes that the only neglect on the part of those officials is that they allowed the books to be lost. The investigation into the accounts of the other years indicates that the action of the editors is not so open to criticism as it was at first thought.

The committee will give a full report probably next Friday.

Frauds Will Be Perpetrated for Gain.

Unscrupulous manufacturers of medicines are offering to supply the retail druggists with an article put up in RED wrapper, almost identical in general appearance and closely assimilated in every detail to Carter's Little Liver Pills.

In this way they hope to profit by the merit of Carter's Little Liver Pills and palm off an imitation on the unsuspecting sufferer and purchaser.

It is the source of wonder to honest people that there are men ready and willing to perpetrate such frauds.

Let them beware; a day of reckoning will surely come; there are "upright judges" in the land who will punish such people.

When you go for a bottle of Carter's Little Liver Pills ask for "CARTER'S," insist upon having "CARTER'S" and see that you get "C-A-R-T-E-R-'-S."

The proprietors of Carter's Little Liver Pills have spent hundreds of thousands of dollars to make their value known. True merit always wins with the people—CARTER'S LITTLE LIVER PILLS have won.
