Troopship Manhattan Departs With Part of Third Contingent.

Halifax, Jan. 14.—The first detachment of the Canadian Mounted Rifles, consisting of D, E and F Squadrons and four troops of A Squadron, are now on the briny deep, having embarked this morning on the troopship Manhattan, without any special incident. Large crowds assembled to see the boys off, but there was no particular enthusiasm. At the camp the departing lads were warmly cheered by their comrades, and the general talk was "I'll see you in Cape Town." Col. Evans and Adjutant Church led the march, the 1st C. A. Band playing the men to the ship, where a guard of honor from the R.C.R. with a band met them. Major-General O'Grady-Haly, Col. Cotton, Col. White and other officers were on the jetty. After the men were on board Col. Cotton and other members of the Examining Board inspected the quarters. The ship sailed at 2 o'clock. Veterinary Officer James of Ottawa and Capt. Snider of Portage la Prairie were on the ship.

WALKED 400 MILES.

Winnipeg, Jan. 14.—Capt. Woodhouse, formerly quartermaster-sergeant of Mounted Police in the Yukon, passed thru here yesterday, to join the C.M.R. at Halifax. He walked the entire distance from Dawson City to White Horse, to enlist with the C.M.R., a distance of about 400 miles. He declined to give an account of his long walk, saying it was nothing to brag of.

THE CASE OF ST. JOHN DIX.

London, Jan. 14.—The Court of King's Bench to-day refused to grant the appeal of H. St. John Dix, and Dix was again handed over to the custody of the Bow-street police. The judges instructed the magistrate at Bow-street to distinctly specify in the extradition papers that Dix was committed solely on the charge of embezzlement known in the extradition treaty as "fraud as a banker."

BRITISH STEAMER ASHORE.

Cowes, Isle of Wight, Jan. 14.—The British steamer Braemar Castle of the Castle Mail Packet Company, which sailed from Cape Town Dec. 26 for Southampton, stranded at high tide early this morning on Gurnard Ledge, Isle of Wight, and remains fast. She is not leaking. The 85 passengers on board the steamer were landed by a tender.

A Pleasant Medicine.—There are some pills which have no other purpose evidently than to beget painful internal disturbances in the patient, adding to his troubles and perplexities rather than diminishing them. One might as well swallow some corrosive material. Parmelee's Vegetable Pills have not this disagreeable and injurious property. They are easy to take, are not unpleasant to the taste, and their action is mild and soothing. A trial of them will prove this. They offer peace to the dyspeptic.

Candidate in Lisgar.

Winnipeg, Jan. 14.—The Liberals of Lisgar will meet Jan. 30 to choose a candidate.

FROM OLD QUEBEC.

The Historic Capital Furnishes a Story of Interest to Many.

The newspapers in and around the City of Quebec are just now relating the story of a well-known French-Canadian gentleman who for years has been a martyr to Dyspepsia.

The sufferings Mons. Bouchard endured have been beyond the power of tongue or pen to describe. His pains were very severe, so much so that for two years he had but little pleasure in life. Dyspepsia wrought its worst punishment in him and nothing he could get seemed able to in any way alleviate his distress.

At last, however, he has found a cure. Dodd's Dyspepsia Tablets have met and conquered his Dyspepsia, have relieved him of all his pains and distress, and have made an all round well man of him. He is very grateful and is full of praise for Dodd's Dyspepsia Tablets, which he says "have made a new man of me."

This story should be of greatest interest to thousands who are now suffering just as Mons. Bouchard did before he used Dodd's Dyspepsia Tablets. If this remedy can and does cure such acute and advanced cases it surely will cure any case of Stomach Trouble.

It is but reasonable to at least give a trial to a medicine that has proven itself to be effectual in so very many cases. Dodd's Dyspepsia Tablets are no experiment, but a tried and proven remedy for Indigestion, Heartburn, Sour Stomach, Bloating, Palpitation of the Heart or any of the many symptoms of deranged or impaired digestive machinery.

Mons. Bouchard's address is 300 St. Valier, Quebec.

THE NEW BOARD OF CONTROL

A Desire Expressed for Earlier Collection of the First Instalment of Taxes.

McMURRICH IS VICE-CHAIRMAN

City Commissioner Explains Why He Dismissed Mr. Taylor—Estimates Must Be in Early.

The first meeting of the Board of Control for 1902 was held yesterday afternoon. Hereafter the board will meet every Wednesday afternoon and at other times when pressure of business makes a meeting necessary.

Ald. Loudon, seconded by Ald. Graham, moved that Ald. McMurrich be appointed vice-chairman of the board. Ald. Crane was not present, but he had expressed himself in accord with Ald. Loudon's motion and the Mayor declared Ald. McMurrich elected.

Early Collection of Taxes.

Ald. McMurrich suggested that there be an earlier collection of taxes—to possibly make four collections, instead of three. He thought that, say five mills should be collected as early as possible, after the tax rate was struck.

Ald. Loudon thought heads of departments should have their estimates in by March 1 at the latest, in order that the tax rate could be struck at the earliest possible time. This would greatly facilitate the business of the board. A motion was passed ordering the estimates to be ready not later than March 1.

The controllers were all in sympathy with an earlier payment of the first instalment of taxes.

Treasurer Coady was asked what he thought about it, and he said that ordering in the estimates at the latter end of February gave the departments plenty of time.

Must Keep Within Estimates.

The departments will have to confine their expenditure to a scale not exceeding that of last year, and they will be instructed not to spend any money outside of their appropriations.

Ald. Graham moved that the Treasurer furnish the board with a full account of the overdraft of last year and Mr. Coady said he would do so before the estimates came in.

The School Board Trouble.

"There is one point from last year in connection with the School Board," remarked the Mayor, who explained the position of the old Board of Control and the School Board in regard to the manner in which estimates for school purposes were put in. The refusal of the School Board to give a detailed account of the money they wanted was discussed.

"Unfortunately the School Board can come to us and lawfully ask what money they want," said Ald. McMurrich.

Ald. Loudon thought the School Board should strike their own rate of taxation and the city should have the school tax on a separate slip. The tax could be collected by the city, but the School Board would be responsible directly to the ratepayers.

The City Treasurer will discuss what amounts the School Board owes thru an audit of the books of the board.

Charges Against Taylor.

"Unbecoming conduct, disloyalty to the department and neglect of duty."

The above reasons were given in a letter to the board by City Commissioner Coatsworth for the dismissal of his chief clerk, W. F. Taylor, who for many years has been in the employ of the department.

The Mayor pointed out that under the bylaw the City Commissioner had the power to summarily dismiss Mr. Taylor. There was no appeal for Mr. Taylor, so the Commissioner's explanation was accepted.

After Three Years.

The Sunnyside Orphanage wants $327 from the city for expenses incurred in connection with valuation and arbitration of property in connection with the proposed extension of Queen-street in 1898. The City Solicitor will look into the claim.

Allen Wanted Some Money.

Dennis Allen, who for 30 years has been turnkey at the Toronto Jail, and has recently been dismissed, owing to failing health, wrote to the board, asking some pecuniary reward for his long service. The sheriff endorsed Mr. Allen's claim. On the motion of Ald. Loudon, the correspondence was "carefully filed." This carried.

Will Settle With Maguire.

Maguire & Co. have a claim of $1000 against the city in connection with the William-street pavement. They will take $600 to settle, and the legal department advised the board to accept the offer. The account goes on to Council with a recommendation that it be paid.

Chop the Poles Down.

Ald. McMurrich asked how it was that the Telephone Company had been allowed to put the wires on the poles, which caused the fight between the city and the company last fall. He said someone must have been asleep.

"How could he stop them?" asked City Solicitor Caswell.

"Chop the poles down," replied Ald. McMurrich.

The Mayor said the wires had been put on for the convenience of resident, while the present litigation is pending.

Ald. McMurrich said it was nothing of the kind. The wires had been taken off old poles and put on the new ones. He thought the company should be compelled to put the wires underground. They would never go to the expense, however, unless the screws were put on them.

Cattle Market Money.

The board will visit the Cattle Market on Friday to see the piece of property which the Assessment Commissioner recommends the city to purchase for $22,500. The recommendation had the endorsation of the old Board of Control. The government will be asked to allow the city to raise $48,500 for the Cattle Market improvements. This sum includes the purchase of the above mentioned property.

The board adjourned until next Wednesday.

City Hall Notes.

Mayor Matthews of Port Arthur has wired the Mayor that the Toronto Exhibition should not begin before Sept. 10. It is surmised that New Ontario contemplates making an extensive exhibit.

Capt. Burke, who owns the apartment house at Church and Gould-streets, from which a cornice fell recently, has been notified by Building Inspector Copping to have the building put in a safe condition.

Medical Health Officer Sheard yesterday raised the smallpox quarantine at 29 Rolyat-street.

QUEBEC SOUTHERN RAILWAY.

New Company Will Extend From Sorel to Levis at Once.

Montreal, Jan. 14.—The shareholders of the Quebec Southern and South Shore Railways held a special meeting to-day for the purpose of amalgamation, notice of which has been given in The Canada Gazette. Resolution to this effect were passed, and the new combination will now be known as the Quebec Southern Railway under the presidency of Mr. H. A. Hodge, with Mr. H. A. Harris as general traffic manager, and Mr. T. F. Bartlett as general superintendent.

Mr. M. H. Regensberger of New York, the solicitor of the American capitalists, after the meeting, stated the next step would be to get the amalgamation ratified by parliament. His clients were well satisfied with their property, and he believed the extension from Sorel to Levis would not only be completed within the year, but that trains would be running from there to New York without change over the Rutland Railway. He did not care to anticipate further extensions for the present.

AH WING IS DEAD.

Best Known Chinaman in Toronto—10 Years a Methodist.

At the undertaking establishment of B. D. Humphrey, 321 Yonge-street, there lies in a handsome black casket all that is mortal of Ah Wing, for 15 years a resident of Toronto, and one of the best known Chinamen in the city. All day yesterday Celestials dropped in and viewed the remains of their countryman, who died on Monday evening at the General Hospital. The body was later removed to Mr. Humphrey's place, where the funeral takes place at 3 o'clock this afternoon. Rev. Wm. Sparling of the Metropolitan Church will perform the burial service.

Ah Wing was 60 years old and for 10 years has been a member of the Metropolitan Church, and for 12 years a regular attendant at the Sunday School. At the church he attended there are upwards of 70 Chinamen, who are among the most devout members of the congregation.

PROHIBITIONISTS ORGANIZING.

Dufferin and Wellington Counties Ready for the Campaign.

Ald. Spence, secretary of the Ontario Alliance, received these prohibition campaign reports from the Alliance Organizer, John A. Nicholls, yesterday: A Dufferin County prohibition Alliance was organized at a convention held in the Methodist Church, Orangeville, on Monday, with these officers: President, A. D. McKitrick; secretary-treasurer, Rev. C. E. Burrell; executive, Charles Morgan, Rev. R. W. Dickie, Rev. T. E. Bantley, James Glover and A. A. Hughson.

At Fergus there was a large attendance at the prohibition convention for East and West Wellington. The convention organized for both ridings. The following officers were elected: President, Rev. J. B. Mullan, Fergus; vice-president, D. G. Robertson, Drayton; secretary, Rev. J. H. MacVicar, Fergus; treasurer, George L. MacCallum, Palmerston. A large central executive was also elected, with vice-presidents for every municipality and township. Strong resolutions were adopted calling upon the government to redeem its pledge and protesting against a loaded referendum.

New York, Jan. 14.—William B. Ennis, a Brooklyn policeman, shot and killed his wife and fatally wounded her mother, Mrs. Alice Gorman, at Mrs. Gorman's home early to-day. TERRIBLE EXPERIENCE.

Santa Barbara, Cal., Jan. 14.—Adrift on a capsized boat in the Pacific Ocean 17 days without food or drink was the terrible experience of Captain Harry Olsen and Pete Wallace, two crab fishermen, and but one lives to tell the story of their terrible suffering.

Carpenters' Kidneys.

Carpentering is not an easy trade. The constant reaching up and down, the lifting and stooping over are all severe strains on the kidneys. No wonder a carpenter exclaimed, recently, that every time he drove a nail it seemed as though he was piercing his own back. He uses

DOAN'S Kidney Pills

now on the first sign of Backache and is able to follow his trade with comfort and profit.

"I have had kidney and urinary troubles for more than three years with severe pain in the small of my back and in both sides. I could not stoop without difficulty, and I had severe neuralgic pain in both temples. Seeing the advertisement of Doan's Kidney Pills, I got a box. They have given me quick relief, removing the pain from the back and sides, and banishing the neuralgic pains from my head. The urinary difficulty is now entirely gone, I feel fresh and vigorous in the mornings, and am much stronger in every way since taking these pills." CLARENCE E. SKEDS, Carpenter and Builder, Trenton, Ont.

PRICE PER POUND.

How Much is Good Solid Flesh Worth?

When a little tot that can hardly talk plain calls out for Grape-Nuts before she gets up from the bed in the morning there must be something pleasing about the food.

Her father says, I can safely say that every pound of Grape-Nuts used in my family has been worth a dollar in gold to me. To illustrate: About five years ago I was ill and run down from 155 pounds to 130. After I got so I could get about my stomach troubled me and I never could get above 128 pounds, although I tried all kinds of food.

Finally I was put on Grape-Nuts and kept it up for eight months. I realized I was fleshing up again and when weighed found I had recovered my 155 pounds. I have since been able to hold my own. My stomach is in fine condition.

My family all eat Grape-Nuts and are all improved in health. Even my little tot who can hardly talk calls for Grape-Nuts before she is out of bed in the morning.

I stand for nothing but what is right and honest, and I am quite willing you should print my name if you choose to publish this letter. F. A. Brainard, Binghamton, N.Y., No. 8 Gold-street.
