CIGARMAKERS WAIT FOR INTERNATIONAL'S WORD

No Further Developments in Local Situation Today.

There is nothing new today in the cigarmakers' strike, the union men awaiting information from the international headquarters at Chicago. The scale of prices has been forwarded, and nothing will be done until word has been received from that city.

Some union officers from the Windy City are investigating the whole situation, and will go into the matter thoroughly.

The local union has about $3,000 in funds with which to fight the strike, but would have to depend on funds from the International Union if the strike happens to be prolonged.

At the present time some 7,000 cigarmakers are on strike in Detroit.

BATTERYMEN PICKED FOR LOCAL DRAFTS

Men Who Are Leaving From 63rd and 64th Batteries Selected.

Lieut. J. C. McRuer goes in command of the 63rd Battery draft of 54 men, which leaves tomorrow afternoon at 4:25 o'clock by the G. T. R.

Lieut. D. S. Staynor is the officer in charge of the draft from the 64th, which leaves at the same hour.

The batteries were first warned of an impending draft almost three months ago, and the men were delighted when word was received that they were to move tomorrow. Practically every man in both units volunteered to be one of the hundred odd who were asked for. It is stated that those left behind this time will soon get another chance to go as two more drafts of 100 men each are wanted as soon as they can be obtained.

The list of those going tomorrow is as follows:

Sergts. Best and Fitzgerald.

Corp. Taylor.

Bombs. Cottee, Flarity, McCall and Wood.

Sigs. Bell, Galloway and Kennedy.

Gunners Appleby, Ayres, Bailey, Brennan, Brohman, Brohman, Caffrey, Campbell, Carter, Cox, Carson, Drohan, Field, Fowke, Grieve, Harland, Hayes, Hewer, Jeffries, Keys, Mann, Meadows, Mitchell, McIntyre, Norrish, O'Brien, O'Connell, Pierce, Polley, Ringler, Ritchie, Roe, Ross, Saunders, Schmiedendorf, Stark, Steele, Steffler, Taylor, Watson, Weber, Weston, Williams.

63rd Battery.

Gunners Mike Angelo, G. Abbot, H. T. Ashman, R. Barrie, W. Bollard, A. Bulman, D. W. Crawford, J. J. Cornwell, A. E. Craston, M. W. Clark, J. S. Clarke, T. Convey, George Cambridge.

Bombardier B. P. Dunleavy.

Gunners W. E. Davis, G. A. Dundas, H. Drummond, W. G. French, E. C. Graves.

Corp. A. M. Henderson.

Signaller L. S. Hancock.

Gunners W. C. Huckstaff, G. M. Hay, F. H. Thorne, T. Jones, A. Jones, L. Jones, H. A. LeClair, H. L. Laidlaw.

Trumpeter A. J. Morgan.

Signaller L. B. Morrison.

Bombardier R. T. Marshall.

Gunners H. C. Murdy, A. Murdock, W. M. McNiven, F. Nickle, J. T. Nelley, S. Robinson, H. M. Reed, G. W. Reardon, W. G. Robinson, L. S. Robinson, C. J. Ridley, W. G. Ross, J. R. Reid, H. Slaight, L. W. Sovereign, J. H. Skipper, C. H. D. Smith.

Bombardier L. C. Tobias.

Gunners L. Tait, W. R. Wiggins, H. L. Welfare, K. Wilson.

BIG BUDGET UP

City Council Business Will Be Heavy Monday Night.

The council will meet on Monday night, with a big budget of business, accumulated during the past four weeks.

Some debates will be staged, so that the session will probably be a long and strenuous one. The heat wave will still show its effect on the city legislators.

BANK OF MONTREAL

NOTICE is hereby given that a DIVIDEND OF TWO-AND-ONE-HALF PER CENT. upon the paid up Capital Stock of this Institution has been declared for the three months ending 31st July, 1916, and that the same will be payable at its Banking House in this City, and at its Branches, on and after Friday the FIRST DAY OF SEPTEMBER next, to Shareholders of record of 31st July, 1916.

By order of the Board,

FREDERICK WILLIAMS-TAYLOR
General Manager

Montreal, 21st July, 1916.

DROWNING VICTIMS FORMER LONDONERS

Harry Flowers, One of Five to Meet Death at Lac La Biche, Worked Here.

Harry Flowers, manager of the Somerville Hardware Company of Edmonton, who with his wife and three others, are supposed to have been drowned in Lac La Biche, 126 miles northwest of Edmonton, was a former Londoner. He worked in this city some years ago, and left here to enter the employment of the Wanless hardware at Chatham. From Chatham he went to Edmonton to take over the managership of the Somerville store.

Mr. Flowers was well known in the city and district, and the news of his death, conveyed in a press dispatch from Edmonton this morning, caused universal regret.

ANOTHER INVESTIGATION OF KILWORTH TO BE MADE

Springs There, Owned by Col. Hobbs, To Be Again Tested.

An investigation of the Kilworth springs will be made shortly, according to a statement made today.

Some years ago Col. Thos. Hobbs, ex-M. P. P., offered his springs to the city, flowing more than 1,500,000 gallons a day, for nothing, but the city did not accept.

Efforts will be made to have him renew his offer, and also to secure other properties in the vicinity.

BACK FROM FIRE ZONE

London Boys Who Went to Search for Missing Engineer Return.

Orval Culbert and Arthur Cole returned home Thursday next from New Ontario, where they spent three or four days the end of the week with Victor Culbert in Timmins.

Failing to receive any news of Victor Culbert after the big fire, and fearing that he was among those who had lost their lives, Orval Culbert left a week ago last Wednesday night for the north to see if he could obtain any information. The story of the escape of the young mining engineer and the happy meeting of the brothers was told a few days ago in The Advertiser in a letter written to the parents, Mr. and Mrs. Thomas Culbert, Wellington street north.

Orval Culbert states the town of Timmins, where his brother resides, has only suffered slightly from a local fire. While away, the boys saw much of the appalling ravages of the fire in the north.

NO INSTRUCTIONS YET

Citizens Awaiting Word Regarding Infantile Paralysis Ban.

No word has been received here as to whether or not the embargo preventing children from New York state, or any other state where infantile paralysis is prevalent from coming to Ontario, had been lifted.

Several parties interested last night wired to Hon. Dr. Roche, minister of the interior, in whose charge all the immigration officers had been placed, for information, but no instructions have been received.

Harry V. Kenerson of this city, wired to Hon. Dr. Roche, minister of interior at Ottawa, for information, but received no reply. He decided to take a chance, and left late last night for Ithaca, New York, to bring back his two children, at present there.

Quite a number of families are involved, and the question is very serious so far as they are concerned.

NO TESTS ANNOUNCED

Analysis of MacGregor Wells Water Is Not Made Public.

No bacteriological analysis of the water from the Macgregor wells has been made public as yet, but will be in a few days.

The utilities commission officials will take samples, and will submit them to Dr. H. W. Hill, M. O. H., for his opinion. This will be done within a day or two. In the meantime, the wells will be tested further, and experiments made.

A proposition to purchase the property with all water rights for the sum of $30,000 will be made by the owners to the utilities commission this week.

IS IT THE BREMEN?

Vessel Off New York Is Trying to Get Wireless Connection.

[Canadian Press.]

New York, Aug. 11.—Wireless observers at shore stations near New York were puzzled early today by signals received from an unidentified vessel apparently somewhere off Sandy Hook which was calling the Telefunken wireless station in this city. The fact that the stranger refused to disclose the identity of the vessel led some of the wireless operators to believe they were at last in communication with the long-expected German submarine Bremen.

Sandy Hook observers trained their marine glasses seaward expectantly at daybreak, but everything beyond a few miles off shore was hidden in a haze, and no submarine was in sight. The mysterious signals had ceased.

While in communication with the shore station a few hours earlier the strange vessel reported herself only as a collier and the operator on board signed his call "DBU" which is the private wireless signal of the North German Lloyd steamer Breslau, last reported as tied up in New Orleans for the period of the war.

CAPT. CARLISLE HERE

Chaplain of 18th Spending Day in London.

Rev. Capt. Carlisle, who recently resigned the chaplaincy of the 18th Battalion, and has resumed his duties as rector of All Saints' Church, Windsor, is in the city today, and has been greeted by many old friends. He is being congratulated upon his physically fit appearance and safe return after nearly a year at the front.

Capt. Carlisle reached London last Friday evening, and after a short stay in the city, went on to Windsor.

Continued From Page One

LAWYERS ASK

made today. The name of the appointee was not sent.

Gossip among the local fraternity was to the effect that an outside man had the best chance of getting the judgeship. They have been so e over the delay, and the haggling o politicians to play their favorites. Mr. Doherty was said to be the probable choice.

But if E. T. Essery is turned down it will be regarded as a snub for the local member.

CITY TREASURER MAKES BRILLIANT SPORT RECORD

Hos Been On Winning Bowling Rink in Four Tourneys.

City Treasurer James S. Bell has established a record that is unique in bowling in Western Ontario, if not in the province. He has attended four bowling tournaments this summer, and has been on the winning rink on each occasion. Three times he skipped the winners, and on the other occasion he played third.

Mr. Bell won the W. O. B. A. trophy, the Sarnia trophy, and the Exeter trophy, three in a row. He played third to Skip James S. McDougald's rink that won the St. Thomas trophy.

His brilliant playing was responsible for much of the success of the rinks on which he played.

MONITORS OF BRITISH HIT, DECLARE GERMANS

Attack Made on British Seaplanes Off Flemish Coast.

[Canadian Press.]

Berlin, Aug. 11—Via London.—Successful attacks by German air squadrons on British war vessels off the Flemish coast and on Russian aviation stations on the Island of Oescel, off the Gulf of Riga, are announced in an admiralty statement issued today as follows:

"A squadron of our seaplanes on the afternoon of August 9 successfully attacked with bombs British monitors and light forces off the Flemish coast, obtaining several definitely established hits.

"On the same day the Russian aeroplane stations at Aerensburg and Lebara, on the Island of Oesel, were attacked by several German air squadrons with good results, a number of hits being observed. An aeroplane shelter building was badly damaged, the roof collapsing. Of the enemy planes which ascended for the defence, one was obliged to descend. Despite the heavy fire of the British and Russian forces all the aeroplanes returned undamaged."

ROBLIN JUDGE CORRECTS STATEMENT MADE JURY

Says Shankland Letter on Caissons Was of Great Import.

[Canadian Press.]

Winnipeg, Aug. 11.—When the 17th day of the trial of the ex-cabinet ministers opened, Mr. Justice Prendergast told the jury he wished to correct a statement he had made yesterday that a certain letter written by E. C. Shankland, consulting engineer, expressed only general approval of the change from piles to caissons. The letter, he said, read in conjunction with others, had "very great import," the significance of which it was for the jury to determine.

The jury was excluded while counsel discussed legal points in the $215,000 steel contract. On their return, R. W. Craig continued for the crown the re-examination of V. W. Horwood.

The examination proceeded very slowly in the face of objections from the defence.

Continued From Page One

BRITISH PLAN

ate scheme whereby water for the use of the men should follow them into the German trenches all along the line. It is not permited to say how this was accomplished, but it is stated that it has been done successfully.

No Loss of Energy.

Gun emplacements back of the German front lines were worked out in advance and routes of least resistance for reaching these points were decided upon. Plans for the consolidation of captured territory were elaborately considered and provision was made for the immediate clearing away of the great quantities of debris of every kind that always strews a battle ground. In fact, every scheme possible was applied in order that there should be no loss of time or energy when once the offensive had begun.

Methodical Activities.

Now that the attack is under way there is intense but methodical activity for miles behind this part of the front. Motor lorries flow in steady streams back and forth along the roads, bringing supplies to the front. The wounded are being moved swiftly, but with great care, to the base hospitals many miles away after treatment in the emergency stations. And all along the line scores of thousands of soldiers are busy handling supplies, making provision for calls from the extreme front and clearing and consolidating the ground taken.

No Confusion.

At some points back of the line where the British and French forces join they are carrying out their operations side by side. In various towns one may see great numbers of French and Britisif motor lorries using the same streets and bodies of the khaki-clad and the blue uniformed troops pass each other continually as they go about their duties. Each is under control of the respective army commanders, and there is no confusion in the work.

Appalling Devastation.

The scene of devastation between the former front-line trenches of the British and their present positions is appalling. The correspondent previously had visited Ypres, Vermillers and various other towns further north, but they were nothing to compare with the destruction wrought here by the big artillery of the British forces.

Continued From Page One

THIRTY THOUSAND

cavalry and cyclists swam the river at night under a blaze of searchlights from the Austrian positions and under fire from machine guns that played on the swimmers like garden hose.

WELL DONE, ITALY.

[Canadian Press.]

London, Aug. 11.—Under the heading, "Well Done, Italy," the Morning Post says editorially: "Nowhere will the signal successes of the Italian arms just won be more heartily acclaimed than in this country, where Italy's splendid counter to the deadly blow aimed at her by her foe has been followed with special admiration. The great significance of the achievement of the capture of Gorizia is that it jeopardizes the whole strategic dispositions on Austria's southern front."

The Times says: "The Italians have won a remarkable victory, which they achieved by patient courage and at heavysacrifices. Each allied nation joins in the delighted rejoicings of the Italian people. The principles of the co-ordinated strategy now being pursued by the Allies never has been more remarkably exemplified than in the present week.

FINANCIAL AND COMMERCIAL

THE LOCAL MARKET

Hay was the feature of the local market this morning. Over a dozen loads were brought in, with prices at $10 and $10.50 a ton. A load of straw was brought in, the first for nearly a month, and sold at $8.75 a ton. A load of oats was offered and brought the regular market price of $1.83 to $1.88 a bushel. Wheat remained steady at 96c to $1 a bushel.

Practically no fruit was offered, as raspberries are nearly done. A few baskets of cherries were offered at $1.25 a basket. Thimbleberries sold for 13c and 15c a box.

Vegetables were scarce, the prices remaining firm, except in the case of new potatoes, which sold for 40c a peck. Tomatoes sold at 10c and 12½c a pound, but a larger supply with lower prices is looked for tomorrow. Green corn is also beginning to come in in larger quantities at 15c and 20c a dozen.

Poultry and dairy prices remained steady.

Live hogs were steady, although indications point to even higher prices.

GRAIN.

Winnipeg, Aug. 10.—October wheat closed ¼c higher, December ⅛c, up and May ⅜c lower. Oats were ¼c lower for October, and ½c down for December. Barley gained ½c. Flax dropped ½c in October, and 1c in November and December.

Wheat closed rather quiet, with the local market stronger than those across the line, but prices were mixed. The market was an excited one, which might have gone either way on a moment's notice, as the result of Wednesday's advance. The trade was only of fair volume, though the market was very active. The floor crowd was too nervous to deal in large quantities, and the public have been closed out more or less by the brokers asking big margins. Exporters were in the cash market only. There was a good demand for both oats and wheat at unchanged premiums.

Cash grain: Wheat—No. 1 northern, $1.51½; No. 2 northern, $1.49½; No. 3 northern, $1.44¾; No. 4, $1.41; No. 5, $1.35.

Oats—No. 2 Canadian western, 49c; No. 3 Canadian western, 48¾c; extra No. 1 feed, 48⅜c; No. 1 feed, 47⅞c.

Barley—No. 3, 80c; No. 4, 76c; rejected, 67c; feed, 67c.

Flax—No. 1 N. W. C., $1.90¼; No. 2 C. W., $1.87¼.

Chicago, Ill., Aug. 11.—Conflicting reports regarding the crop situation in Canada, especially in the Province of Saskatchewan, brought about rapid price changes today in the wheat market here, with no decided advantage to either side. Liverpool dispatches said the Canadian outlook was more reassuring. Leading experts, reporting direct to Chicago houses, said the principal wheat area in Saskatchewan was infected with black rust and that if trost, as predicted, came tonight, 75 per cent of the crop would be damaged. Opening prices, which ranged from ¾c off to 1c up, with September at $1.41¼ @ $1.45, and December at $1.47 @ $1.48½, were followed by a sharp general setback, then a rally all round to well above yesterday's finish and then another sag.

Liverpool, Aug. 11. — Wheat — Spot, firm; No. 1 Manitoba, 14s 6d; No. 2 red western winter, 14s 4d.

Corn—Spot, firm; American mixed, new, 10s 6d.

FLOUR.

Liverpool, Aug. 11. — Flour — Winter patents, 47s.

HOPS.

Liverpool, Aug. 11.—Hops, in London (Pacific Coast), £4 15s @ £5 15s.

PROVISIONS.

Liverpool, Aug. 11.—Hams, short cut, 98s; bacon, Cumberland cut, 89s; short ribs, 89s; clear bellies, 92s; short clear backs, 86s; shoulders, square, 71s.

Lard—Prime western, in tierces, new, 74s; American refined, 77s 6d; do, in boxes, 75s 6d.

DAIRY.

Liverpool, Aug. 11.—Cheese, Canadian finest white, new, 93s; colored, 94s.

OILS.

Liverpool, Aug. 11.—Tallow—Australian, in London, 49s.

Turpentine—Spirits, 42s.

Rosin—Common, 20s 3d.

Petroleum—Refined, 1s 1¼d.

Linseed Oil—33s 6d.

Cottonseed Oil—43s.

WALL STREET.

[Canadian Press.]

New York, Aug. 11.—Wall Street, 10:30 a.m.—Specialties, particularly munitions and equipments, featured today's early dealings at gains extending from fractions to over a point. American and Baldwin Locomotives, Crucible Steel, Allis-Chalmers, common and preferred, and American Can were especially prominent. Shipping shares were in further request, but the only conspicuous member of the automobile group was General Motors, which added 25 points to yesterday's similar gain of 25 points. United States Steel was barely steady at the outset, but rose a material fraction later.

Noon.—The market was again extremely susceptible to professional pressure during the forenoon, most gains of the first hour being effaced as a result of the weakness in certain speculative issues, notably Industrial Alcohol, which fell 3 points. Trading was on a steadily diminishing scale and dwindled to slender proportions at midday. Rails continued to reflect the general uncertainty respecting the outcome of pending railroad mediation conferences. Motor shares were strong, General Motors increasing its gains. Bonds were steady.

1:30 p.m.—Price movements became more mixed in the afternoon, rails losing ground, while munitions and equipments advanced with motors. Bethlehem Steel rose 12 points with almost 5 for Airbrake and 2½ for Pullman.

MONEY.

Paris, Aug. 11.—Trading was quiet on the bourse today. Three per cent rentes 63 francs 70 centimes for cash. Exchange on London 28 francs 17 centimes.

London, Aug. 11.—Money and discount rates were quiet tday.

New York, Aug. 11.—Bar silver, 66¼.

London, Aug. 11.—Bar silver, 31⅝d per ounce.

The rate of discount in the open market for short bills is 5⅝ @ 5¾ per cent. The rate of discount in the open market for three months' bills is 5⅝ @ 5¾ per cent.

LONDON STOCK EXCHANGE.

London, Aug. 11.—A spurt in home rails was the feature of the trading on the stock exchange. The advance was due to Chancellor McKenna's statement of the financial condition of the nation. Foreign issues showed firmness. Diamond stocks advanced again on good support and Rafflus were firm but inactive. The Russian groups were steady, but shipping shares reacted under profit-taking. American securities were firm, but transactions were small.

Closing prices were:

Consols for money	59¾
Atchison	107⅝
Baltimore and Ohio	90¼
Canadian Pacific	186¼
Chesapeake and Ohio	63¾

Cotton Prices Fall 25 to 30 Points in New York City

Stimulating Factors in the News Absent and Scattered Liquidation Ensues.

[Reported by Thomson & McKinnon.]

New York, Aug. 10.

Prices fell 25 to 30 points on scattered liquidation and closed steady at a small rally in some cases from lowest of the day. Stimulating factors were lacking in the news. Liverpool was taking profits. There was nothing striking in the weather news. Of late, reports from eastern belt have been rather more favorable. Some Texas crop reports are very cheerful and there are advices to the effect that the crop in Oklahoma looks very well in spite of the drought. For
