THE CITY'S ESPLANADE PROPERTY.

Comparing the C. P. R.'s Offer with the Present Receipts Therefrom.

The Property Committee's meeting yesterday brought out a strong array of members. Ald. Baxter presided, there being present Ald. Small, Macdougall, Denison, Rosf, Bell, Peter Macdonald, Hewitt, Lennox, Maughan, Moses and City Commissioner Coatsworth. It was decided to recommend to council that leave be granted William Ashall to place a Gillett & Johnston clock in the College-street Fire Hall with illuminated dials, which if not proving satisfactory he will remove free of all expense. Ald. Moses asked if there was any truth in the statement made by J. E. Ellis that a forged letter had been received from Brampton depreciating the Howard clock. The secretary replied that he had not been aware of any such document. It was decided to appoint an architect to supervise the alterations in the various police stations.

The committee washed its hands of any connection with the St. Andrew's Market stall trouble, and sent it back to the Markets and Health. $10,000 will be placed in the first bylaw to be submitted to the people for the construction of a wharf at Dufferin street. In a lengthy letter to the committee, dealing with the offer of $4432 a year by the C.P.R. for the land south of the Esplanade sought to be expropriated by that railroad, the City Solicitor stated that the city received yearly from the same property at present no less than $6356. The Assessment Commissioner held that the property was worth $200 per foot, except that portion west of York-street, which was worth $175. Mr. Biggar puts the entire value of the city's leased property here at $311,875, 5 per cent. on which sum would be $15,593. It was resolved that the Mayor, City Solicitor and Ald. Baxter proceed to Ottawa to interview the Government in reference to the affair. The committee also expressed itself as in favor of arbitration.

Rheumatism is caused by an acid in the blood; therefore, external treatment affords no permanent relief. To eliminate the poison and make a thorough cure of the disease, nothing else is so efficient as Ayer's Sarsaparilla. Give it a trial. Price $1. Worth $5 a bottle.

Dr. Hodder's Little Liver Pills excel all others. Cure Sick Headache, Indigestion and Constipation, even where others fail. They improve the complexion wonderfully. Try them. All dealers. 25c. 46

Is the Cure Permanent?

Mr. Doyle is the next to testify: My catarrh had reached my lungs, and I had all the symptoms of approaching consumption, such as constant hawking, spitting and discharge from the throat and nose, which, during the night, dropped into the tubes of the lungs and there deposited the poisonous matter, laying the sure foundation for future trouble. The pain across the chest gave me additional alarm, and I immediately placed my case under the professional attention of specialists for my disease, and the result has been very gratifying for me. The above symptoms have not only been removed, but they also cured me of dyspepsia. The cough which I had for two years has disappeared, also that worry and feeling and pains through the lungs; my pulse was over one hundred, and now to know that I am cured, I feel it a duty to the public to state that no symptom has returned for over three years, and I feel that I am cured permanently.

T. DOYLE,
12 Maplewood Place.

These doctors at 170 King-street west charge nothing for consultation or advice, and prefer to prove what they have done rather than state what they can do. Let the public investigate if these cures are genuine and then they can better judge of their success. They treat successfully Catarrh, Dyspepsia, Bronchitis, Asthma, Ulcers, Seminal Weakness, Salt Rheum and diseases of the Blood, Liver, Kidneys, Liver and Womb. There are four regular physicians connected with this Institute, each having their special diseases to treat. Those wishing further evidence of their success are invited to call and see the doctors. They are always glad to talk with the afflicted, and will send you to many whom they have cured of diseases like your own.

TO BE CALLED STANLEY PARK.

That is the Name of the Citizens' Retreat on the Centre Island.

The Parks and Gardens Committee met yesterday. Present were Ald. Swait (chairman), E. A. Macdonald, Davies, Booth, Hill, Dodds, Crocker and Commissioner Chambers. The sub-committee re park sites were instructed to negotiate with J. K. Leslie in reference to an east end park. Ex-Ald. Piper invited the committee to attend the opening of Howard Lake Park, a courtesy which was gladly accepted. The committee after some discussion decided to call the Island park "Stanley Park." Mr. Mark Hall was appointed architect of the new horticultural building in the Exhibition Park. Ald. Crocker brought to the notice of the committee an old account for $600 which Architect Sheard held against the Horticultural Society in connection with the gardens. The City Solicitor had certified to the correctness of the account and the committee decided to recommend the payment of the amount claimed. Ald. Macdonald brought up the question of the dedication of the jail farm as a park. On his motion the chairman was instructed to bring in a bylaw providing for it at the next regular meeting of the council. The tenders for the privilege of selling refreshments in Stanley Park were then opened. Hughes & Co. made the highest offer, $500, and it was accepted, the sureties being approved of.

Ald. Boustead, who dropped in for a moment, brought to the notice of the committee the practice of the Salvation Army in taking their stand in the Horticultural gardens. It was enough for them to take possession of the Queen's Park without disturbing the peace in the gardens, one of the quietest spots in Toronto. The committee and commissioner agreed with Ald. Boustead, and the chairman will try his best to stop the nuisance.

Then the estimates came up for discussion and one and all protested against the action of the Executive Committee in slaughtering the estimates of the various committees. Ald. Booth suggested that a determined fight be made in council to-morrow to have the figures restored, while Ald. Dodds stated that it was simply robbing Peter to pay Paul. The commissioner stated that if the Executive's action is sustained work must necessary in its character must be abandoned. The committee decided to rest their claim in council on this utterance of the Commissioner. Ald. Gillespie made his appearance at this juncture and got foul of Ald. Boustead over the waterworks estimates, stating that the department was going too fast and that $60,000 instead of $15,000 should be taken from its estimates. The waterworks chairman laughed.

Mr. John Magwood, Victoria Road, writes: "Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure is a splendid medicine. My customers say they never used anything so effectual. Good results immediately follow its use. I know its value from personal experience, having been troubled for 9 or 10 years with Dyspepsia, and since using it digestion goes on without that depressed feeling so well known to dyspeptics. I have no hesitation in recommending it in any case of Indigestion, Constipation, Heartburn, or troubles arising from a disordered stomach."

Give Holloway's Corn Cure a trial. It removed ten corns from one pair of feet without any pain. What it has done once it will do a gain.

UNITED WE STAND.

Sons of England, Orange Young Britons and Orangemen to Fraternize.

A movement is on foot among the Orangemen and the Orange wing of the Sons of England to get the latter society to join hands and have a grand combined procession on July 12. County Master Bell and ex-County Master J. L. Hughes have the matter in hand and express hopes of a successful result. Mr. E. P. Roden, also a prominent Orangeman, told The World that he had suggested if secret societies were to be united that the Jesuits be sent a card, but that the County Master worked up such a strong opposition that he was compelled to abandon his idea.

Rheumatism and Neuralgia

These twin diseases cause untold suffering. Doctors admit that they are difficult to cure—so do their patients. Paine's Celery Compound has permanently cured the worst cases of rheumatism and neuralgia—so say those who have used it.

"Having been troubled with rheumatism at the knee and foot for five years, I was almost unable to get around, and was very often confined to my bed for weeks at a time. I used only one bottle of Paine's Celery Compound, and was perfectly cured. I can now jump around, and feel as lively as a boy." FRANK CAROLL, Eureka, Nevada.

After suffering with chronic rheumatism for several years, I was induced to try Paine's Celery Compound, and after using two bottles found myself greatly improved. In fact, after using three bottles, have not felt any rheumatism. Can conscientiously recommend it. Yours very truly, MRS. P. COWAN, COWANSVILLE, P.Q.

Paine's Celery Compound

"I have been greatly afflicted with acute rheumatism, and could find no relief until I used Paine's Celery Compound. After using six bottles of this medicine I am now cured of rheumatic troubles." SAMUEL HUTCHINSON, Sc. Cornish, N. H.

Effects Lasting Cures.

Paine's Celery Compound has performed many other cures as marvelous as these,—copies of letters sent to any address. Pleasant to take, does not disturb, but aids digestion, and entirely vegetable; a child can take it. What's the use of suffering longer with rheumatism or neuralgia?

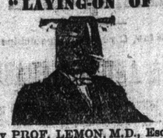
WONDERFUL CURE

—OF—

H. G. WATKINS, ESQ.,

BY THE

"LAYING-ON OF HANDS."



By PROF. LEMON, M.D., Esoteric Physician, corner of Queen and Yonge.

TORONTO, May 2, 1889.

DR. LEMON,—Dear Sir: Some twelve months ago I was taken down with a long and very serious illness. I was given up to die. Few of my friends thought it possible for me to rally again. My physicians pronounced my disorder Paralysis of the Brain. I finally recovered sufficiently to be able to stagger around, falling every few steps. I continued on in this way, failing to gain any strength, for many months, until about six weeks ago, while sitting in church, I was taken with a dead faintness and fell upon the floor in a swoon. When I regained consciousness I found myself totally disabled by a paralytic stroke, which affected my whole left side. I continued to grow worse until my friends thought my case hopeless, and truly it seemed but the matter of a few days when I should shuffle off this mortal coil, and feeling a strong desire to spend my last hours on earth in Toronto, surrounded by my family and friends, I came here for that purpose. But, thanks be to God, since seeing you (Dr. Lemon) and undergoing treatment at your hands, I feel like another man. I am getting stronger every day. My speech is better, my locomotion very much improved, in fact there is a marked and decided improvement every way. I can now dress myself unassisted, and am able to use my left hand in a manner which, only four short weeks ago, I did not think would be possible. When I reflect what my condition was when I first saw you, and compare my then seemingly hopeless condition with my present state, the change seems little less than marvelous. Hoping that God may still continue to use you in such a wonderful way in the restoration of the sick and afflicted, I am, truly and gratefully yours,

H. G. WATKINS,
273 Church-street.

FIREPROOF BUILDING MATERIAL.

Dr. Stephen Smith, an eminent physician of New York, Vice-President of the National Board of Health, and late State Commissioner in Lunacy, after a critical examination of Terra Cotta Porous Ware, strongly recommends its use in hospitals, asylums and similar institutions, as "it makes a floor and wall that notwo can scarcely penetrate, and capable of taking a finish which will be permeable to air, and may be washed and disinfected."

A recent test at the St. Lawrence Foundry, Toronto, shows that our 9 inch flat arch blocks, in a span of four feet, sustained, without any indication of weakness, 4545 lbs. of metal on one square foot of surface.

Architects are recognizing the value of this material, our latest endorsers being: R. A. Waite, Esq., of Buffalo, N. Y.; Messrs. Brown & Love, Toronto; John J. Brown, Esq., Montreal; and Messrs. Knox & Elliott, Toronto.

Our latest orders are from the Bank of Commerce (now building), Toronto, the Royal Insurance Co., rebuilding Head Office, Montreal, the Imperial Fire Insurance Co., new offices at Montreal. 246
