WAR AGAINST TOLL ROADS

Talk of Building Rival Roadways to Escape the Nuisance.

Wentworth County Councillors Waking Up to the Fact That the People are Bound to be Free From the Road Tax—Criminal Cases Heard—The Assize Court—Man Beaten at a Dog Fight—General News Notes.

Hamilton, April 20.—(Special.)—The councillors of the County of Wentworth are waking up to the fact that it is time for the people of the country to free themselves from the bondage of toll road companies, and a committee has been appointed to consider the question of building roads parallel with the principal toll roads. The committee held its first meeting this afternoon at Eustice's Hotel, Barton Township, and heard arguments as to where these proposed roads should be built in the Townships of Barton, Glanford and Binbrook. A large number of farmers addressed the committee, the chairman of which was John Kenrick of Ancaster, and expressed themselves in favor of the scheme. A member of the committee told The World correspondent that a bona-fide offer had been made by a firm of contractors to build stone roads for $8500 a mile. Some of the road companies have offered their roads at $2000 a mile and others will not fix a price. Meetings will be held for the other townships in a few days.

Criminal Cases.

Herman Kneck of Hespeler was found guilty at the Police Court to-day on a charge of stealing a bicycle from W. Besley, liveryman. He was remanded for sentence. Kneck is a bad boy, although his parents are very respectable.

Maggie Holland of Brantford was notable to appear against Frank Lambe, who was arrested at her instance, and Lambe was remanded for a few days. The woman is sick in the General Hospital. The police say her right name is Mrs. J. Carrol.

Before Judge Meredith, Pat Lavelle, a hard character, pleaded guilty to a charge of assault and attempted robbery, preferred by Henry Hammill, and he was remanded for sentence.

W. Griffin faced the same Judge, and was tried on a charge of highway robbery, preferred by John Hiscott, whose home is in Nelson Township, but who is at present in England. The offence was committed in March, 1896, and Griffin left the country immediately after the robbery was committed. The witnesses for the prosecution were "just pretty sure" that the prisoner was the man who snatched $100 from Hiscott's hand in a barroom on Baystreet. The Judge charged slightly in favor of the prisoner.

The jury, however, brought in a verdict of guilty, and Griffin was sentenced to prison for one year.

At the Assizes.

In the Assize Court to-day, Thomas Geogh begun got judgment for $800 against the G.T.R. for the loss of a foot at Copetown last fall. He sued for $5000. In the case of Henry Wills v. Ontario Rolling Mills for $5000 for the loss of an eye, the plaintiff was nonsuited by the Judge after he testified.

Done at a Dog Fight.

John Fuller of Winona is in a serious condition and may die from the effects of a beating at a dog fight at Rymal last Saturday night. The county constables have done nothing, it is said, toward bringing his assailants to justice, although they are known.

Electric v Steam Power.

City Engineer Barrows' report on the offer of the Cataract Power Company to supply electrical power for pumping water from the Beach to the city was presented to the Fire and Water Committee to-night and it was against changing from steam to electricity. He said the present cost of pumping the city supply was $13,000, and the depreciation in machinery and plant totals up to $40,000. He figured out that if the city accepted the company's offer of $13,000 it would cost the city about $6950 additional for heat and help, or $54 per horse power. He said that he did not think it wise to make a change until it is fully demonstrated that it is possible to transmit electric power a considerable distance satisfactorily. If the city would have to keep a steam plant in readiness for for an emergency it would be better to continue to use steam power. The committee decided to hold a special meeting to-morrow night to consider the matter.

Inspector O'Brien, who was laid off by Foreman Anstey last week, was reinstated, and Fireman Hutton, who was suspended for insubordination by Station Foreman Cameron, was reinstated, providing he apologizes.

The trouble Between Firemen Martin and Cole will be investigated at a special meeting next week.

Chairman Hannaford reported that he had a pleasant tour of inspection in the Eastern States, and was satisfied that Douglas fir was as good as Oregon pine for the construction of the new truck.

Potato Patch Committee.

Alderman Hill presided at the meeting of the Potato Patch Committee to-night, when it was decided to ask the Council for an appropriation of $150 to carry on the work this season.

The Board of Works inspected Birchstreet this afternoon and decided to recommend the Council to grant permission to the Radial Railway to transfer their tracks from Sandford-avenue to that street.

Minor Matters.

Mrs. S. Bird, relict of the late Dr. Thos. Bird of Lindsay, died this afternoon. She was over 80 years of age.

John Clark of the Mountain View Hotel has been summoned on a charge of selling liquor on Sunday. The License Commissioners yesterday decided to not renew his license till after the case is disposed of.

C. Bartlett of the Bank of Hamilton here has been promoted to the position of manager of the Winnipeg branch.

The Hospital Governors have increased the salary of Miss Bowman, head nurse, to $300 a year, and that of Stewart Freshman to $360.

Mrs. F. Mackelcan, Hamilton's favorite vocalist, and Miss Dunlop left for New York this evening.

Ned Hayes, hotel-keeper, will be charged at the Police Court to-morrow with violating the Liquor License Act.

Beaux and Belles.

"Seventy years young" is the way one man has put it—and, old or young, when the natural teeth are gone or become useless, one naturally feels the desire for a substitute that will artfully conceal its artificiality. Science can never supply teeth as good as those nature provides and proper care preserves—but with an artist's eye for the study of the characteristics of each patient and superior mechanical facilities and experience, we feel capable of supplying Artificial Plates that come as near it as the best skill can.

The Ladies' Aid to the Brotherhood of Railway Trainmen held a very successful concert, followed by a supper in Campbell Hall on Tuesday, which was presided over by Mrs. Wilson, mistress of the lodge. Among those who took part in the program were: Mr. Veal, Mr. D. Carson, Mr. Finlayson, Mrs. Green, Mr. Beckworth, Mr. Trimble, Mrs. Brown, Mr. Wadsworth and Mr. Fox. A recitation by Miss May Duncan was of special interest.

The Toronto Junction Gun Club met on Tuesday to decide on the prizes which shall be given at the close of the summer shoot. The exchequer of the club has lately received a donation of $20 from Mr. Brothers, which places at the disposal of the treasurer about $80. The following prizes were arranged for: Two cups, to be called the Stockers Cups, value $25 and $15, to winners of the six highest scores in the 12 shoots of the season; a medal, value $10, to the third prize winner, and prizes by J. A. Wilson and James Hardy, to the fourth and fifth prize winners.

East Toronto.

John Linden, alias George Watson, and Nell Curry appeared before Messrs. Ormerod, Trench and Richardson, J.P.'s, on Tuesday morning, and were sent to jail for 10 days for stealing two valises some days ago. The prisoner Linden has a very bad record, having 31 convictions recorded against him in Detroit alone; among these sentences are three aggregating 10 years. The other man is considerably younger in crime, as well as years. They got off very easily this time.

A fire broke out in Einboden's liquor store yesterday afternoon, which caused the brigade to turn out Tuesday afternoon. The fire was extinguished in a short time, little damage being done to either the building or the stock.

The members of Hope Methodist Church spent a pleasant social evening at the residence of Dr. Walters on Tuesday. The Doctor and Mrs. Walters were pronounced to be excellent entertainers.

This evening in the Y. M. C. A. Hall there will be held a reciting contest for a handsome silver medal. The contest will be between local talent, consisting of Mr. J. Gibbard, Mr. J. Heron, Miss Eva Lamb, Miss Ada Rossiter and Miss Flo Westlake. Music and a gramophone will make up a very pleasant evening.

The high wind of Tuesday was the cause of blowing down the large sign belonging to the Toronto and Scarboro Railway at the junction of the Kingston-road and Queen-street east.

Last evening was a "black night" in Boston's Hall, when the members of the St. Clement's Glee Club of St. Patrick's Church paid a visit to this place for the purpose of giving an entertainment for the benefit of the Building Fund of St. John's Church (R. C.), East Toronto. The program consisted altogether of negro songs, duets and dances, and concluded with a laughable farce. The following contributed to the evening's fun: Messrs. J. & R. McNamara, Slattery, Slocan, Bender and O. Murphy.

The hall was very well filled, considering the inclemency of the weather. If the night had been a fine one the hall would not have held one-third of the ticket-holders, as nearly eight hundred tickets were sold. At the conclusion of the farce there was the distribution of about one hundred prizes, consisting of various useful and ornamental articles, including a ton of coal, a cord of wood, several fine chickens, dolls, pictures, lamps and boxes of candies. Considerable fun was caused while the drawing for the prizes was in progress. Loud laughter would greet a young man when he drew a doll, and when the lucky holder of a ticket drawing a tobacco pouch proved to be a lady the merriment of the audience knew no bounds.

The ladies of the congregation provided a sumptuous repast for the performers, and Rev. Father Dodsworth, in a few well-chosen remarks, returned thanks to them and to the audience for their liberal support.

An improvement which will be much appreciated by all who have occasion to walk on Lee-avenue north from Queen-street will be the new sidewalk, which the city has just completed as far as the northern limits. This sidewalk was promised about a year ago. It would be a great boon to all those who use this thoroughfare if the Township Council would continue it as far as the Kingston-road.

A SENSATION IN YAMASKA.

Religious Dissension Which Has Occurred in St. David Parish.

Three Leading Liberals Went to Confession in a Parish Not Their Own, and When Communion Day Came Were Turned Down—A Complaint Lodged and a Vicar Censured—General News From Montreal.

Montreal, April 20.—(Special.)—A sensation has been caused throughout the County of Yamaska as the outcome of a religious difficulty which has occurred in the parish of St. David.

It is reported that some of the parishioners, in preparing for their Easter duties, went to adjoining parishes to confession, and the result was that the cure of St. David announced that a certificate of confession would in future be required. Some time since three leading Liberals of St. David, Messrs. Narcisse and Adelard Chamberland, and Mr. Victor Cartier, went to confession to Rev. Abbe Ferron, Cure of St. Francois, the adjoining parish, and having asked for certificates so as to be able to partake of communion in their own parish, as required by the rules of the church, were given slips of paper with the simple words "Audivi in confessione."

On the morning that these three men wanted to commune they went to the sacristy, and, in the absence of the Cure, Rev. Mr. Paquin, exhibited their slips to the Vicar, who told them that the certificates were irregular, and that they would have to see the Cure. The Cure was saying mass at Convent and they could not see him at that moment. So they went to church, and at the proper moment went forward and knelt at the communion table. Their presence was noted among others by the Vicar, who turned from the altar and stated that the persons who had not their certificates would be refused communion. Thereupon the two Messrs. Chamberland rose and went back to their seats, but Mr. Cartier remained and the Vicar passed by him and refused to give him the host.

The three at once lodged a complaint with the Bishop and asked among other things, that besides making an amende honorable and paying $100 to the Bishop for masses for the dead, both the Cure and his Vicar be removed. They insisted upon the fact that the certificates had never before been required of the faithful, and that they had been submitted to great humiliation.

His Lordship investigated the case and on the advice of his chapter proceeded to St. David. The church was crowded, people having come from many miles around and the surrounding parishes. The Bishop delivered an impressive address, in which he condemned the action of the Vicar as being contrary to ecclesiastical usage and practice, and exhorted the three parishioners to allow the matter to drop, which has since been done, but the occurrence created a profound commotion, and is the one topic of conversation in that district.

ONTARIO'S LUMBERMEN.

Statement of the Association's Views Forwarded to the Dominion Government.

The Executive of the Ontario Lumbermen's Association, in accordance with the resolution passed at the annual meeting held some weeks ago, have prepared and forwarded to the Dominion Government a statement of the associations views and wishes touching the tariff on lumber, the object being to counteract the influence on Ontario's trade of the American $2 per 1000 duty on lumber, and 30 cents and 25 cents per 1000 pieces on shingles and laths.

The Ontario lumbermen ask the Dominion Government to impose a $2 duty on lumber and a 20 per cent. ad valorem duty on lath and shingles.

A Grand Popular Concert and a Grand Popular Piano

At Tuesday night's great ballad benefit, tendered to Mrs. H. M. Blight, the bumper house and the splendid character of the audience testified to the high regard and the great popularity which distinguish this leader of our accompanyists. It was fitting therefore that the piano which is most highly regarded by musicians in Canada and which is most popular with the Canadian people should occupy a prominent place on the program. The Heintzman & Co. Grand Piano, made by this old and reliable firm, was specially selected for the occasion by Mrs. Blight. In order that a good song may attain its highest effect with the voice of a great artist a poetic, delicate yet distinctive accompaniment is necessary. Mrs. Blight possesses these qualifications in the highest degree, and the Heintzman Grand Piano adds great assistance by its remarkable delicacy, its capability of light and shade, its ability to follow and blend by its beauty of tone with the tonal qualities of the voice, and again in crescendo passages by its power and dynamic expression. The notes of the voice and the tones of the piano were one on Tuesday night in their harmonic beauty. Assisted by the beautiful accompaniments of Mrs. Blight the vocalists of the evening were heard to the best advantage, including the leading Canadian prima donna, Miss Beverley Robinson, who has sung to the Heintzman Grand from the Atlantic to the Pacific on tour with Madame Albani; Mrs. Clara Barnes-Holmes, the celebrated contralto of Buffalo; Mr. Harold Jarvis, the ever-popular tenor of Detroit, and other famed soloists.

Rev. Dr. Parsons Gowned.

Last night was the eighteenth anniversary of the induction of Rev. H. M. Parsons, D.D., into the pastorate of Knox Church, Queen-street west.

Mrs. Mortimer Clark, on behalf of the ladies of the congregation, presented the reverend gentleman with a handsome preaching gown.

The church officials have handsomely upholstered the minister's vestry, and last evening it presented a fairy-land appearance, with its varied floral decorations. A large audience witnessed the presentation and partook of the abundant refreshments served by the charming young ladies of the choir. An enjoyable evening was spent by all.

GOLD BRICK SWINDLE.

A St. Mary's Business Man Tampered With Some Slick Strangers and Was Done Up for $9000.

Port Huron, Mich., April 20.—J. D. Moore, a prosperous business man of St. Mary's, Ont., was swindled out of $9000 at Sarnia last night by a gold brick scheme. One week ago a stranger giving the name of David Brown called on Moore and interested him in a gold mine in Arizona. Moore was induced to come to Sarnia and look at samples which were in the possession of Brown's partner, a Mexican. Moore was taken to the camp of the Mexican, two miles out of the city. He looked at the bricks, and, together with Brown, came into Sarnia to have them assayed. Another confederate was at the Belchamber Hotel in the person of a United States assayer. After considerable talk he assayed the bricks and stamped U.S. 20 carat fine. Moore was not satisfied and went back to the camp, where he was allowed to take some of the filings to be tested. The filings were pronounced genuine by a Sarnia jeweler, and Moore drew $9000 in bills. He bought the bricks, which were proposed to be worth $20,000. Later the jeweler pronounced the bricks copper, and Moore made complaint to the police. Provincial Detective Griffin is on the trail of the swindlers.

RAILWAY NEWS.

Railroad officials in Toronto are discussing the probability of an early restoration of the old rates. Passenger traffic has fallen off a great deal lately, and neither road is gaining the slightest advantage by offering reduced fares. The Canadian Pacific is more amicably inclined towards the Grand Trunk since their differences have been ventilated at the numerous conferences, and it has become evident that demoralization of the rates in Ontario will not help them to secure their differential on Northwest and Pacific Coast traffic. Aside from the consideration of gain, a most potent influence is at work abroad. The shareholders of the Grand Trunk do not, of course, approve of the rate war in Canada, and they are working up a strong party English shareholders of the Canadian Pacific to have the fight ended. The slightest pressure from this quarter and hostilities will cease at once.

The officials at Toronto are reticent and will not say if the officials at Montreal in order that a conference to consider the formation of local rates. One official frankly admitted that he "could not tell all he knew" upon this matter. When questioned further he stated that a telegram had been received at any time from Montreal authorizing the passenger department to give effect to the old tariffs of Ontario passenger rates.

New Offices for Toronto.

Two new departments are to be added to the Grand Trunk offices in Toronto, that of the general roadmaster and the office of the master of bridges and buildings. The announcement was made yesterday from the office of Superintendent Fitzhugh. The removal of these offices from where they are at present located will take place at once.

Mr. J. A. Sheedy, master of Grand Trunk bridges and buildings comes from Chicago, where he was in the employ of the Illinois Bridge Co. He takes the place of Mr. Crawford, who has resigned. This office was formerly located at London; the staff employed there will come with Mr. Sheedy to Toronto.

The office of Mr. H. Ferguson, the general roadmaster, is also at London. Mr. Ferguson will bring his staff of clerks with him to Toronto.

Hard Lines for the Strikers.

The Canadian Pacific have a gang of 100 truckers engaged in unloading the steamer Hennepin, which arrived at Owen Sound on Sunday last. None of these men were among the number that struck last season. Five of the men were engaged last season, but happened not to be on duty when the strike occurred, therefore Superintendent Leonard allowed them to be taken on this season. The rest of the men comprising the gang are "green" truckers, but are giving satisfaction. The discharged truckers are expecting to be re-engaged as the season advances, but most of them are seeking other employment.

Mr. W. R. Tiffin, Grand Trunk superintendent at Allandale, arrived in Toronto last evening in company with Division Freight Agent Mr. Arthur White.
