GREAT CROWDS FOR THE RACES.

Indications For a Most Successful Race Meet.

Every indication points to the largest attendance the Ontario Jockey Club's spring meeting has ever known and Toronto hostesses will have their hands full in entertaining. Those who wish to be thoroughly up-to-date should not neglect to lay in a supply of Canada's celebrated mineral water, Radnor.

It must be remembered that the Radnor Water Co. has lately been appointed by special warrant purveyors to the King's Most Excellent Majesty, and this recognition of one of Canada's good things has been much appreciated both at Ottawa, Montreal and here.

Do not omit to have a stock of Radnor in your cellar for race week. 267

PORT ARTHUR, May 28.—(Special.)—A gang of men were put to work to-day preparing the Atikokan Iron Company's blast furnaces for reopening.

BOY LIFE IN CAMP

Exposition at Y.M.C.A. Attracts a Crowd of Parents.

Boys are a beneficent institution under certain conditions and anything that will positively encourage and modify the boy will be hailed with delight by all boy-men.

Last night's exposition of boy life in camp at the Young Men's Christian Association Hall attracted a crowd of parents and others interested in Camp Couchiching, where for four years past near Orillia the camp idea has been brought to perfection. This year's camp is on an entirely new and elaborate basis, $2000 having been expended on permanent structures. A hundred boys will be accommodated during July and August.

Samples of the songs and other stunts put on at the semi-weekly entertainments varied the exhibition of photographs of camp life, and Taylor Statten, camp director, told all about how it is done.

Boy camps were started in 1885 by Somer Dudley at Lake Champlain, where the largest camp in America is now situated. Camp discipline is maintained by the boys under a rigid honor system and the organization is very perfect, covering commissariat, religious matters, entertainment, and instruction. A local committee of business men looks after the institution.

LIVER ILLS

Bowels Are Constipated Kidneys Are Unhealthy Constant Headaches

Nothing makes you feel worse than slow liver. Seems as if every organ in the body had gone wrong.

What the liver needs is the stimulation afforded by Dr. Hamilton's Pills; they go right to work on a lazy liver—restore it in a few hours.

Taken at night, you're well next morning; that's how Dr. Hamilton's act.

Had Bad Taste and Headaches.

Thus writes Mrs. D. F. Fowler, from Yarmouth: "I used to feel drowsy and heavy, my color was sallow, and there was usually a bad taste in my mouth. I had vague pains all through my limbs and an annoying headache as well.

"After one dose of Dr. Hamilton's Pills there was a sudden change. I felt better, my appetite increased, and that exhaustion and depression gradually left me. Life seemed brighter and happier after I used Dr. Hamilton's Pills, so I strongly recommend such good medicine."

No Appetite—Bad Color—General Debility.

"I was run down," writes Mr. Albert E. Dixon, of Fairhaven P. O. "My color was dull and appetite was poor, and I constantly suffered from rheumatism.

"I found it hard to sleep and felt worn out and tired all the time. Dr. Hamilton's Pills made an instant change. I grew strong, my blood was restored, rheumatism vanished. To-day I am vigorous, cheery and healthy in every respect."

SPECIAL NOTICE—The secret of the wonderful success of Dr. Hamilton's Pills is due to their ability to improve the tone of the kidneys, liver, stomach and bowels, thereby assuring an ample supply of rich, nourishing blood, which circulates its strengthening influence to every part of the system that requires assistance.

Take Dr. Hamilton's Pills when you're well, when you're sick, whenever you think a purifying tonic will do you good. Sold everywhere in yellow boxes, 25c. each or five for $1.00. Insist on having only Dr. Hamilton's Pills of Mandrake and Butternut.

ELECTION IN WARD 7 TAKES PLACE TO-DAY

Five Aldermanic Candidates and All Hopeful — North Toronto News—County Notes.

WEST TORONTO, May 28.—(Special.)—The aldermanic campaign now all but concluded finds each of the candidates equally hopeful as to the outcome to-morrow evening.

The contest has been singularly free from personalities, and as an instance of the good feeling existing, Sam Ryding's shop windows, where all aldermanic candidates' election cards are displayed to equal advantage, is a striking example.

That everyone of the candidates has a large following is undeniably true, and the result will be practically in doubt until the last vote is counted.

The friends of Mayor Baird point to his long and honorable connection with municipal life in West Toronto, and charge that his intimacy with legal and general matters will be of infinite service to the city. Personally popular the mayor will rally a large following.

Joseph R. Bull, the only candidate living north of the C.P.R. is said to be meeting with splendid success in his canvass. Mr. Bull was a most valued member of the old council, rendered splendid service on the collegiate board and is personally a most estimable and progressive citizen.

Ex-Mayor Jesse C. Smith was for many years identified with the council, has already been mayor of the town, and will, it is said, command a large following.

A. J. Anderson, ex-city solicitor, has had a wide municipal experience, and following that, was retained in his late position for a number of years, where he gave infinite satisfaction.

Sam Ryding has for ten years or more been prominently identified with the municipal life of West Toronto, has served in every capacity but that of mayor, and for this position was repeatedly urged to run. A large property owner, with a practical acquaintance with the water and sewer departments, and a popular and progressive citizen, Sam Ryding is regarded by many as eminently fitted to represent ward 7 and the city at large, in the larger sphere.

The funeral of the late Mrs. Aiken will take place to-morrow afternoon at 2 o'clock to Prospect Cemetery.

The funeral of the late Mrs. Eadie takes place at 4 o'clock to the same place.

A circular was issued to-day stating that Jesse Smith is advocating A. J. Anderson as his running mate in to-morrow's aldermanic election in the seventh ward. Mr. Smith denies most emphatically having anything to do with the circular or any knowledge as to its authorship. He regards it as a roorback, issued to injure his own prospects. Mr. Smith is interested in the election solely as regards himself, and is not naturally advocating support for any of the other candidates.

Shortly before midnight the firemen were called to some blazing sheds on Victoria-street. They were soon on the spot and the fire was extinguished within a few minutes. Damage was less than $50.

RICHMOND HILL.

Interesting Budget of News From Our Own Reporter.

RICHMOND HILL, May 28.—(Special.)—The directors of the Agricultural Society met in the council chamber to-day to close up business of this year's fair. The directorate have every reason to be proud of the best fair of their record. Many were the highly congratulatory words heard on Monday.

A very serious accident was narrowly averted on Wednesday evening, when the three-year-old driver of Mr. Chas. Comisky took fright at a motor car, landing in a deep ditch. He succeeded in holding on and escaped without great injury, save to harness and buggy.

The annual meeting of Richmond Lodge A.F. & A. M., will be held on Monday evening, when officers will be elected for the year.

PICKERING.

School Board Meet and Decide to Re-Open Two Rooms.

The school board met on Wednesday evening and, having inspected the school found there was insufficient ground for complaint and reopened both rooms. It is the general opinion of those who have inspected the premises, that there is no better school building in the county.

A large entrance class as well as a fifth class are being prepared at the public school and it is expected that another room will be required after midsummer.

Several from here attended the Farmers' Institute meeting at Elmer Lick's on Wednesday last.

Rev. Frank Harper of Niagara Falls, and a former pastor, spent a few days here.

NORTH TORONTO.

NORTH TORONTO, May 28.—(Special.)—A meeting of the court of revision held to-night and presided over by Chairman Burnaby, practically confirmed the work of putting down concrete sidewalks on four streets. The other members present were: Mayor Brown, Councillor Grice, chairman of the fire and light; and Councillor Parke, chairman of finance.

The streets dealt with were: Glenwood-avenue, south side, 2700 feet long, concrete sidewalk, 4 feet wide.

Gore-street, west side, 682 feet.

Douglas-avenue, east side, 672 feet.

Yonge-street from the Methodist Church to the new property now being opened up by the Dovercourt Land Company, 1101 feet, east side.

Glencairn-avenue concrete sidewalk, 1440 feet, was practically confirmed, tho the matter was further laid over to be dealt with on Monday evening. In this connection the owner of one short street is thinking of closing it up, but the court of revision thinks that it might be exchanged for another site that would be more in line with the proposed Avenue-road extension.

Chairman Banton of the local board of health, is especially anxious that the townspeople turn out in large numbers to-morrow (Saturday night, when Dr. Hodgetts will speak in the town hall on the sewage and water questions. The meeting is of the greatest importance and a big rally of those interested is hoped for.
