Montreal 17th March 1847

Sir.

I transmit annexed the translation of two papers which have been received from the Chiefs at St Regis: No 1, is a threatening Notice from Certain American Chiefs and warriors addressed to the British Indians; and No. 2. is an application from the latter for protection in consequence of the threats of their American Brethren.

I have to request, that you will cause the American Indians to be distinctly informed, that as long as they reside within the British Territory they are required to pay strict obedience to the Laws under which they will themselves be protected, so long as their conduct entitles them to it; but that upon any infraction of them, means will be taken to prosecute to Conviction the perpetrators.— And you will impress upon the British the necessity of similar obedience to the Laws, and you will caution them against trespassing on the New York Reserve, or cutting timber upon it without the consent of the Americans, explaining to them, that those who do will not be protected, but will be left to suffer the consequences of such misconduct.

With respect to the American Indians who either come across to commit violence, or who residing on this side are guilty of it, every precaution ought to be taken to seize and punish them before they can effect their escape over the frontier.

You are requested to report the result of your communications the respective Tribes upon the points above mentioned as early as possible, for the information of the Governor General.

St. Francis March 25th 1847.

Sir,

We are again troubled by the Municipal Council about overseers of Roads, not because our roads are not in good order, but to bring the Indians under the control of the Parish of St. Francis that they may be as canadians, for we always make our roads, although it is great trouble to us always to repair what our canadian neighbours have spoiled from time to time and are now spoiling with their heavy loaded unlawfull trains in drawing timber and wood through our land and village every day.

I see that in the Municipal Council of St. Francis, Ignace Gill and Louis Gill are the principal ones to compell the Indians to accept the office of overseer. They have lately called the Municipal Council and named Ignace Pontneuff the Son of the grand Chief to be overseer, and they say that if he would not accept the office, they will see him and make him pay fine next week. Louis Gill told me that there is no way for Pontneuff to escape, the Magistrate will convict him, for the Law, said he, does not exempt the Indians to be overseers. He says also, the Council will not

stop on account of Mr. Smith's opinion, for his opinion, said he, is nothing, for he gives no reason why and how the Indians are exempted, and produces no Law in which exemption is made for the Indians. The Tribe, said he to me, must conform to the Law, or to save yourselves from it, make an application to obtain a writing from the Governor showing that the Indians are exempted, and the Council will be satisfied and stop from attempting to appoint the Indians as overseers.

Now if such writing can be obtained from the Governor, it seems to me it will be the shortest and best way to stop the trouble and expence of going to Law to defend; but you know best what must be done to protect the Indians, I will ever place myself and the Tribe under the care of our gracious Father the Governor.

I am, Sir, your most humble and obedient servant.

Dr Sir,

I take the liberty of writing you this letter to request of you, to be so kind as to let me know; if I can have the piece of ground which is attached to the School house, and which belongs to Government, for my own use; it is but small but it would be a great convenience for my pupils, and as well an amusement for me to cultivate during leisure hours, It was enclosed at the Government expences, and the chiefs by what I can learn had it taken down and employed the materials to their own use; I should think having no right to do so, they ought to reinclose it again, If you would be so kind as to write me a line on the subject I shall feel much obliged to you. As I am at this present moment in great need of a little money, to pay the liniments I owe here, if it could be possible to forward the order to Mr. Marcoux for my Salary, and through your kindness if my time counting from the first of January, it would be a great relief to me for I can assure you Sir, that, I lost four months time in waiting for the Situation. So if without putting you to any inconvenience, you could have it done, you would confer a great favour

Monsieur

La porteuse de la présente, est ~~comme~~ ~~vous savez~~, une sauvagesse de la Baie de Quinty, qui étant venue l'automne dernière, pour se faire soigner une main sur laquelle elle a un érésipèle depuis dix huit ans, a été surprise par les glaces et n'a pu retourner chez elle. Elle a donc été obligé de passer l'hyver ici, dans toutes sortes de privations, parce souvent sa main est tellement enflée, qu'elle ne peut travailler. Elle est veuve et a avec elle deux enfans, un d'une dizaine d'années, et l'autre, à la Mamelle. Si le gouvernement ne lui vient point en aide d'ici à la navigation, elle ne pourra gagner de quoi s'en retourner. S'il y avait moyen de lui faire donner un mois de rations, et quelques coupons de drap ~~[illegible]~~ pour s'habiller avec sa famille, afin de pouvoir s'en retourner au printems, elle serait tirée d'embarras!

Je vous la recommande donc et vous prie de la présenter au Col. Napier, avec qui elle pourra parler elle même, entendant bien l'anglais, dit-on.

Avec Considération

To His Excellency
The Right Honorable the Earl of Elgin and Kincardine, Governor General of British North America &c — &c — &c

The Petition of Ignace Taiorontiste dit Beauvais, an Indian of the Iroquois Tribe of Caughnawaga in the District of Montreal.

Most humbly Sheweth

That though the munificence of Her Majesty's Government Petitioner has had the good fortune to obtain a Common education in English at the Indian School under the direction of Mr Charles Forest, at Christieville, having entered that Institution on the 12th November 1835 and continued in it until the Month of May 1843.

That Petitioner has subsequently been employed as a junior Clerk in a Store in this City in which he is at present serving; but from the general depression in business, his employer, who is reducing his Establishment, ~~and Petitioner has been~~ has informed Petitioner that his services will not be required after the 1st of May next.

That Petitioner finding it impossible to procure a new engagement in a Mercantile Store, and being apprehensive that if compelled to resume his former Indian habits, belonging to his tribe and for an employ of Trade he would ~~very soon~~ lose the whole of the ~~advantages~~ instruction which he has been nearly 8 years in acquiring, he therefore prays that Your Excellency may be pleased to ~~employ him~~ confer upon him any situation in which he could be usefully employed and which may be vacant; or (x) that Your Excellency would place him as a Boarder in ~~at~~ the High School of this City for two or three years at the expense of the Indian Department, (x as it is the utmost object of Petitioners Ambition to obtain a Sound English Education and a perfect knowledge of Arithmetic and Book keeping x) and Petitioner as in duty bound will ever pray

Monsieur

Sitôt après la réception de votre lettre du 12 inst:, la semaine dernière, je vis les sauvages et je les informé des intentions de Son Excellence; je leur dis de s'informer où ils pourroient trouver du grain et de me faire rapport au plutôt. Enfin ils m'apprennent qu'ils ne trouvent du grain nulle part ici ce n'est qu'à un haut prix; j'espère cependant obtenir 100 minots de patates de la paroisse voisine, qui leur couteront environ quinze louis rendus chez eux. Nous sommes ici encore en plein hiver, de sorte qu'il leur

faudra semer très tard; en ce cas l'orge lui conviendrait mieux, mais elle se vend ici cinq chelins le minot. Si vous pensez en envoyer de Montréal vous auriez la bonté de m'en informer en me transmettant les quinze louis. Le seigle qui aussi lui conviendrait se vend 6/ à 6/6. J'ai chargé une personne, qui est traversée au nord des fleuves, d'acheter ces grains, s'il est à meilleur marché qu'ici, et j'attend son retour sur la fin de la semaine. Tout cela cependant ne vous empêche pas d'envoyer du grain si vous le pensez plus avantageux.

N.B. Les sauvages me prient de vous exposer qu'étant privés de toutes espèces d'ustensiles d'agriculture, ils désirent beaucoup que Son Excellence prenne leur pénurie en considération et veuillez bien leur envoyer une couple de douzaines de pioches —

Tout en vous remerciant de votre attention à leur égard ils vous de présenter leurs remerciments sincères à Son Excellence pour son généreux don. —

En vous écrivant la semaine dernière, j'ai oublié de vous exposer que les sauvages m'avaient prié de solliciter des provisions pour les nourrir, pendant leurs semences. En effet dans l'état de dénuement où ils se trouvent ils ne pourront guère s'occuper à la culture s'ils ne sont approvisionnés

Comme il est parti plusieurs goélettes pour chercher des grains au nord du fleuve, je pense maintenant qu'il sera plus avantageux d'envoyer les £25 mais s'il vous

St. Francis June 15th 1847.

Sir,

I have intended to go to Montreal to see how the things go on about the Indian affairs; but I have been unable to do as I wished, and have not heard any thing whether the Bill has been presented to the House of Parliament that the Indian Tribes be authorized to name Syndic or Syndics for themselves. We are helpless as long as there is no Syndic, and the people around us know wherein we are lame, and they are taking the advantage every way they can to our great loss. Mr. Wurtele has cut up all our Domaine into Lots to lease them to habitants, and encourages them to take them and not to pay the Indians for the Government (says he) will not carry on any suit for the Indians. I hope Mr. Hart is doing ~~is doing~~ all he can to obtain what is needfull for the Tribe. I should be glad to hear from you if it be not too much trouble.

I am Sir, your most humble and obedient Servant

Chateauguay 16 June 1847.

Sir

The Municipal Council of Chateauguay gratefully beg leave to acknowledge the Receipt of your letter of the Thirteen of June last in reply to their letter to his Excellency, referring to his gracious consideration, a petition addressed to the Council by certain inhabitants of this Municipality praying for the continuation of their road through the lands of Saute St Louis to the village of Caughnawaga.

That the Government is disposed to take the cognizance and execute such Statute labour as is incumbered on other Municipalities (as signified in your letter) is highly gratifying.

As nearly half a Century have elapsed since the roads in this parish were made and consequently out of Practice, such an estimate of the probable cost which you require could not be made by them with any degree of correctness.

They beg however to say that the cost will be small as with the exception of three or four arpents it is all high dry land with only a few scraggy bushes upon it. If a Surveyor was to run it off, he could best give a correct estimate and report satisfactorily as to its great utility, not only to this Parish but to all the Country Southward,

(Signed) Narcisse Mallet, Maire

Secretary and Treasurer.

Les Chefs Sauvages Abénakis & le Syndic représentant le corps des dits Sauvages, résidants en le Village des Abénakis de St. François, par leur humble Pétition déposent très-humblement à Votre Excellence :—

Qu'une partie de la Seigneurie de St. François a été par divers titres accordée aux Sauvages Abénakis de St. François, dont les dits Sauvages ont longtemps joui paisiblement & sans troubles, en conformité à leurs titres ; — Mais qu'il en est bien autrement depuis plusieurs années, car un Nommé Jonathan Wurtele, Ecuyer, Seigneur de la Seigneurie de Dépin ou Rivière-David qui touche à la partie de la Seigneurie accordée comme ci-est aux dits Sauvages, les trouble en commettant de grandes empiétations, en concédant même le terrain des dits Sauvages comme bien, & outre ce, en les tenant

Et il serait absolument désirable que tous ces troubles Vs., Vs., eussent un terme très-rapproché ; — et un moyen puissant pour parvenir à ces fins serait, dans l'opinion de Vos humbles Pétitionnaires, qu'un Arpenteur Juré, fut nommé par Votre Excellence, aux plus prompts délais, pour chainer, mesurer, signer & borner la dite partie de Seigneurie accordée aux dits demandeurs, après lesquelles, dont & du tout il serait dressé un bon Procès-verbal qui servirait de guide incontestable aux dits demandeurs.

St. Francis June 22d 1847.

Dear Sir,

I have received your letter which I would have attended to, had not such sudden changes taken place with us. I could not even go to read it to the chiefs, I could only hand it to Louis Gill that he may read it to them. I am sorry to say that the Gills have prevailed with greater part of the Tribe to suspect me and Simon Obomsawine as if we are laboring to effect something, some evil to the Tribe in the end. The design of the Gills is to disappoint us of having a new Syndic appointed, because they fear that if we have one we will perhaps try to reclaim the lands they now occupy on our Islands. Again, the Indians are against us, I and Simon Obomsawine, because we disapprove their unlawfull doings in attempting to take away unjustly a piece of land from one to give it to another. They pretend that the piece of land in question is within the reserved ground for the village to build houses on. But according to the act that was made by the chiefs themselves few years ago for such reserved ground, it is not within, it is out altogether. The trouble is, that they don't understand their own act, which is written in the Indian language. They say one thing and the act says another thing about where the line is. They say also that if the act is different from what they intended to be, they will follow their intention and reject the act. They have translated it into the English, but it is made only to suit their present design. The piece of land belongs to Simon Obomsawine's daughter, my sister in law, which has been in her possession these ten or fifteen years

years, and has always enclosed it and occupied up to this year. They wish to give it to another who has already brought on his timber within the enclosure through a small opening place of the fence in one corner which my sister in law could not repair so soon as she wished.

This little opening place of the fence my hired men repaired at her request. To take it away from her, they held a council and there they all agreed to pull down and take away all her fence. They all went out from the council house and ran like mad men and pulled down the enclosure and took away all the fence that enclosed the whole piece of the ground. They say have right to do so because they all agree to do in council, and because, say they, Mr. Gill the magistrate encouraged them to do so.

I am Sir, your most humble
and obedient Servant

Monsieur

Le Chef des Amalicites residant en arrière de Cette paroisse est venu me prier de vous exposer qu'il conviendroit beaucoup mieux aux Sauvages que leurs presents annuels leur fussent envoyés ici qu'à Quebec, si vous pouviez accéder a leurs désirs, vu que cette été ils seront occupé a se batir des Granges et que cet automne ils moissonneront leur grains &. Cependant si il leur faut aller à Quebec les chercher ils préféreraient, que ça fût vers la fin de Juillet et non en Septembre a cause de leur récolte.

Ils sont 20 femmes et 3 filles de 15 ans et au dessus. 28 hommes, et 29 enfans au dessous de 15 ans.

Ce n'est qu'aujourd'hui en recevant votre lettre que je me suis aperçu qu'il conviendroit de vous envoyer un reçu signé des sauvage j'apporterai attention la prochaine fois que je les verrai.

J'ai l'honneur d'être
Monsieur
Votre Très humble & ob.

Monsieur

Ayant été appelé au loin pour y exercer mon Ministère et votre lettre étant parvenue chez moi pendant mon absence, je n'ai pu me rendre plutôt à votre demande, vu que nous n'avons qu'une seule Malle par semaine.

Vous verrez par le rapport ci inclus, que les Sauvages de cette Mission n'ont point de terre à bois et ils vous prient particulièrement de considérer leur pauvreté sous tous les rapports.

L'année dernière J. B. Chabaquat fut condamné par un Magistrat à payer cinq Louis quinze chelins pour avoir coupé sur la terre d'un Mr. Fraser quelque morceaux de bois morts inutiles et nuisibles au propriétaire.

Cette Année François Isaac, Sauvage de cette Mission, s'est vu privé d'un beau Boeuf de trois ans et demi pour la même raison, sur lequel seul il comptait pour ses semences.

Un grand nombre d'entre eux est très actif industrieux, et cultivent très bien le petit morceau de terre qu'ils possedent.

Je craindrais vous importuner en vous reiterant leur justes plaintes.

Ils espèrent tout de votre protection

J'ai l'honneur d'être
avec considération

That when we went to visit our Lands in the Township of Durham that were granted to us by Government we there found people in possession of various lots, without any permission and who refused to give up the possession without being paid for their improvements, unless compelled to do so by due course of Law. The number of hours occupied by the Indian Boys in school during each day, excepting Saturday, are three in the Morning, three in the Afternoon, and one in the Evening. Two hours of each day are also employed to promote industrious habits, namely, from seven to eight in the morning, and from five to six in the evening. The difference observed on Saturday, consists in the improvement of only half the day, which is occupied in repeating & reviewing their tasks; & in industrial labours that relate to the Institution, and, in affording them the remaining part for recreation.

Dear Sir,

I have duly attended to your instructions that relate to the official communications to the Indian Boys, and take this opportunity to inform you that the absent boys have not returned.

I am very thankful for your kind and timely notice of the intention of the Civil Secretary; but regret the existence of present disadvantages, which are occasioned by the long recess & present detention of five of my Indian scholars. If it should be the intention of the Governor General to augment the number of Indian boys, the present building may be soon enlarged, and some land obtained for an increased rent, but there is no other building procurable in this part.

I am, Dear Sir
Your very humble Servant,

Sir. In reference to the report which has been made by the Rev. C. E. Dunkhaline, we consider it our duty to forward to you an explanation on the subject. We hereby submit to you the following facts, existing, It being inconvenient for those who were desirous of building houses, in having building sites incumbered with fences by those who already had their allowance of Land adjoining their houses, for gardening. &c. It became necessary that measures should be adopted to establish a rule by which every one who being a member of the Tribe, should be governed. In consideration of which, a Council was held and in the Council it was unanimously approved that the conditions stated in the Document, which we transmit to you, should be in force, & each person who being a member of the Tribe, should be governed accordingly. The site for which Rev. C. E. Dunkhaline contends, was some few years past fenced for a garden by Ignace Portneuf's Mother, with the permission of the Chiefs on the condition she would imediately relinquish the same whenever required so to doe. Such is the foundation, on which the Rev. C. E. Dunkhaline resolutely establishes the claim - at the same time the person to whom he awards this Claim, has already enclosed adjoining her house more than the allowance given, for that purpose seperate from this in dispute. After the Council had given one of the Indians liberty

to build on said vacant site, and had drawn his timber for his house, the winter last past, then early in June Rev. E. C. Dunkhulme came with hired help to enclose the building site, in comencing, he was imediately forbiden by order of Council, he gave for an answer that he would not desist from his purpose for a hundred Indians and completed his work.

The day after the Tribe after having obtained the advice of one of Her Majesty's Magistrates, they proceeded & removed the fence without injury.

After having given Notice in the Council for five years, at different times, it was deemed sufficient warning for each one who had enclosed a building spot, to be prepared to disencumber the same agreable to the acts past in the Council:—

We would wish to know your desision on a subject, of the School master at St. Francis taking the authority of selling, Bread & other provision's, &c. That privilage was at the time our Land, was given to the Tribe, that privilage was reserved by the seignior, to himself, but subsequently, transfered to us by the seignior. and that privilage we wish to retain, and reserve for our own people, such as may be able to enjoy that privilage by such who have means. St François le 19 Août 1842

Monsieur,

J'ai reçu votre lettre du 2 de courant avec deux copies d'ordres qu'elle contenoit.

J'ai toujours retardé à vous répondre au sujet des quatre piastres que Mr de Lorimier a prêtées à Mr Portneuf et autres, ne pouvant les envoyer sans en avoir un ordre des chefs. J'ai montré votre lettre à quelqu'un d'eux et au chef Portneuf il m'a dit qu'il étoit chagrin de ce que vous ne l'avez pas compris, cette dépense devoit être payée que par ceux qui pétitionnoient pour les terres de Durham, et qu'il vous prioit bien d'attendre jusqu'à ce que vous veniez pour la distribution des présents tel qu'il a cru comprendre quand vous avez eu la bonté de lui prêter.

Je suis votre humble et obéissant serviteur

What has since been done in the suit I cannot say.

About two months since Brown called on me, and presented a receipt for, I think, £30., to be paid over to me, which has lapsed, as far as I can judge, by Mr. Fuller for himself & Mr. Dennison.

The money has been

Montréal ce 14 Septembre 1849,

Monsieur

J'ai l'honneur d'accuser la réception de votre lettre en date du Onze du courant, ainsi que la Copie de celle du Secrétaire Civil de la Baie, au sujet de la réparation du Chemin Public qui traverse la Seigneurie du Sault St Louis.

J'ai en réponse, à vous informer que depuis le Onze d'Août dernier, je n'ai rien reçu des Censitaires de la Seigneurie et en Conséquence je n'ai pas en mes possession un seul dénier provenant de la recette de l'hiver dernier. Les rentes ne devenant due qu'au 11. Novembre prochain, je ne vois aucun Moyen de pouvoir Commancer la réparation de ce Chemin Cette automne, de plus la saison étant déjà bien avancé pour de telle travaux.

Il est vrai, qu'il est beaucoup due avais les Censitaires étants dans leurs récolte, et n'ont encore rien vendu faute de temps pour battre leurs grains et sont par ces raisons, sans argent dans ce Moment.

S'il m'était permis j'oserai suggérer de ne pas commancer la réparation du Chemin avant le printems prochain, mes raison pour suggérer cela sont qu'il y aurras des jours et qu'ils auront toute l'été à travailler, la saison pour de telle ouvrage plus belle et les jours plus longs. Tant qu'à employer les sauvages aux dit travaux je suis fâché de dire que je suis d'opinion que les blanc sont préférable, étants plus habitué à de telle ouvrages. On pourrai pourtant les éssayer. D'après vos instructions je garderai tous les revenus collecté par moi ici au printems à fin de pouvoir Commancer les travaux du Chemin et je vous rendrai Compte des sommes que j'aurai avoir retirer des Censitaires de la Seigneurie du Sault St Louis

St Polycarpe Rivière de L'Isle.
30th Sept. 1847.

Sir

On Monday the 27th Inst. the day that your communication reached St Polycarpe I was absent from home, and did not return until Wednesday when I found yours of the 25th Inst. with its Inclosure from the Civil Secretary, Major Campbell dated the 15th July 1847.

In conformity to the command of His Excellency the Governor General, and your wish, I will endeavour as far as lies in my power, from frequent conversations I have held with the principal chiefs and warriors of the Algonquin & Nipissingue Tribes, as regards their claim to the annuity received by the Nipissaguais, for a certain tract of land situated on the upper part of the Ottawa river nearly opposite to L'Isle aux Allumettes derives from the following circumstances.

In the first instance, these Tribes represent to have, from time immemorial, occupied and enjoyed as hunting grounds (reserved to them) before the conquest of Canada by great Britain, the lands on both banks of the Ottawa and Little river, as far as Lake Nipissingue that is to say both banks of the Ottawa and of the Mataouanque river (called by the Voyageurs the Little river) to the heights of land dividing the waters of Lake Nipissingue from those of said Little river, as also the Countries watered by all streams falling into the said Ottawa river and Little river North and South to their sources.

This tract is bounded to the southward by a ridge, dividing the waters which fall into the Lakes and into the Saint Lawrence from those falling to the Northward and into the Ottawa river.

The computed distance from the Township of Hawkesbury (Point d'Oignal) to Lake Nipissingue by Canoe Navigation is one hundred and seventeen leagues of which the Ottawa river forms one hundred to Mataouanque where it is joined by the Little river settlement extend at present to nearly one third of the distance.

These are the hunting grounds which the

the two Tribes of Algonquins & Nipissingues, conceive they have full right to occupy as such, in consequence of their being so long in possession, and having been as they conceive further confirmed to them by the act of their Father Statute Sir William Johnson (then Supt. of all the Indian Tribes in North America) in 1763 by order of their Great Father King George the Third) Settlements have been formed and Township Established on a very considerable part of their hunting grounds without their having received any compensation for the same which they are greatly to say has not been the case as regards their Indian Brethren of Upper Canada who receive an annual remuneration for such part of their hunting grounds (according to extent) as have been assumed by Government for settlement altho they have no other title than that possessed by their own Tribes Algonquins & Nipissingues —

In the course of the summer of 1836 a deputation from the Nipissingue & Algonquin Tribes, went up to Toronto to see His Excellency Sir John Colborne the then Governor of Upper Canada, and represented to His Excellency on behalf of their Tribes, that from the numerous Squatters and Lumberers, that were annually trespassing on their hunting grounds on the South Bank of the Ottawa river and their Islands, their Beaver Pettris and Deer were nearly exhausted and that they wished to have a Settlement of their own and become Settlers of the ground, and pointed out to His Excellency a certain tract of Land on their hunting grounds situated on the South Banks of the Ottawa river facing L'Isle aux Allumettes, they represented that this being a good fishing place nearly in the center of their hunting grounds, it would suit them best.

It appears that His Excellency condented to their demand and told them that since it was their wish to settle and become farmers, he would get the said land surveyed for them, as soon as he was apprized of their intention to move to that quarter The ensuing year a second deputation went up to Toronto His Excellency was then absent, but to their great mortification and surprize, they were

told by Col Givins the then Chief Supt. that the land they had expressed a wish to settle upon, had been sold to government by a Tribe of the Nipissaguasch which they received a certain annuity — The Nipissaguas is having clandestinely taken upon themselves to sell this tract of land, which they were well aware belonged & formed part of the hunting grounds of the — Algonquin & Nipissingue Tribes — These Tribes conceive it but just that from henceforth, they are in equity entitled to receive the said annuity which they now claim and are persuaded that their Father His Excellency The Governor General when made acquainted with the merits of the case will decide in their favor —

Sir,

Nos 1 & 5 have not been in the School during the past quarter. No. 5, came with his Mother some days past to remain at School, when they were directed to apply to your authority for readmittance. Nos 2 & 12 were withdrawn by the Indian Priest for catechism nine days after their return to the school, although they had been home four weeks previously, and might have received his attention. I take the liberty to say, that this often repeated experiment is designed to produce their expulsion. No. 2, was readmitted on the 9th of August.

I beg permission to request some Writing paper for the use of the Indian Boys.

I am, Sir,

Your obedient Servant,

Ch. Prest.

Monsieur

Le grand Connétable député par Monsieur Cochrane, est venu dans notre Village il y a quinze jours pour signifier aux Canadiens qui y sont établis que s'ils n'en sortaient dans l'intervalle de sept jours ils seraient poursuivis suivant la loi. Or voilà quinze jours expirés et l'on entend parler de rien. Cette sommation n'a pas eu plus de résultat que celle qui fut faite le printems dernier pour la même fin. Or les coupables se rient des sommations qui leur sont faites, et par conséquent en méprisent le Gouvernement qui les fait faire. Il s'en suit que bientôt d'autres Canadiens vont imiter les exemples des premiers et augmenter encore les désordres qui ne règnent que trop dans le village. Les Sauvages sont montés contre les intrus à un point tel que je crains de ne pouvoir exercer sur eux aucun d'influence pour les empêcher de se porter à des voies de fait. Je crois devoir

vous prier de porter ces faits à la connoissance de son Excellence le Gouverneur Général, afin qu'il daigne nous venir en aide.

Je n'hésite point à dire que, si le Conseil de la Couronne avait montré dans cette affaire le même Zèle qu'à son Excellence pour le bien des Sauvages, je ne serais pas de nouveau dans la nécessité de revenir à la charge afin d'obtenir que la loi soit strictement exécutée en leur faveur.

Les Chefs du Village se proposent de se rendre prochainement à Mont-Real si l'on ne se prèse pas de remédier à leurs justes plaintes

J'aï l'honneur d'être

Monsieur,

Je me reproche beaucoup de n'avoir pas remplis la promesse que je vous avais faite lors de votre dernier voyage à St François, de vous envoyer la liste des sauvages décédés depuis le 23 Mai dernier jusqu'au 1er du présent. J'ai eu tant d'occupations différentes depuis ce tems que j'avais entièrement oublié ce que je vous avais promis. J'ai tout lieu d'espérer que vous me pardonnerez ce retard.

J'ai examiné les registres et j'ai trouvé que depuis le 23 Mai dernier jusqu'au 1er du présent un seul sauvage est mort, c'est David Thomant, âgé de 8 mois, enfant de Pte Thomant. Il n'y a eu aucun

de grandes personnes depuis ce tems, depuis le 23 Mai dernier.

J'ignore si l'Archevêque de Québec a notifié le Gouverneur que je suis à présent nommé Missionnaire des Abénakis, remplaçant Mr Béland. Mais Mr Béland n'est plus dans la paroisse de St François, il est nommé Curé de la paroisse de St Antoine de Tilly.

Comme Missionnaire je dois accuser la réception de la lettre de Mr Laurinan du 12 du présent, relativement à l'argent du précipitem du village. Je suis ~~intimement~~ intimement persuadé qu'avec votre secours le recouvrement de cet argent s'opérera bientôt.

Je suis avec considération,

St. Michel 1er Octobre 1847. —

Mon cher Colonel,

J'accuse réception de votre circulaire, au sujet des Médailles, que notre Souveraine veut bien accorder à tous ceux qui de droit; je l'ai publié & affichée à la porte de l'Eglise. —

Je crois d'après cette circulaire que vous aussi, j'avais droit de réclamer cette marque de reconnaissance de la part de notre Souveraine; ayant servi comme Lieutenant dans le Département Sauvage pendant la dernière guerre avec les Etats-Unis, & m'étant trouvé à différentes places, comme à Chateauguay, la Prairie à la Colle, enfin partout où j'ai été commandé d'aller, il y a bien peu d'officiers de ce Département qui existent maintenant; mais pourtant je crois que le Capt. Boucher de Niverville & le Capt. Duchesne, peut-être quelques autres existent encore, qui pourraient s'il était absolument nécessaire vous donner des certificats.

Le Département Sauvage est un Département de nos Alliés, est toujours servi, dans les anciennes guerres, contre les

Américains. —

Il me semble que tout cela me donne un droit de plus à cette reconnaissance. Aussi mon cher Colonel si vous croyez d'après tout cela que j'ai droit à cette réclamation veuillez avoir la bonté de m'écrire à ce sujet & vous obligerez celui qui se souscrit. —

Votre tout dévoué
serviteur & ami
L. Lamière

Quebec 23rd October 1847

Sir

I have had the honour of receiving your letter of the 18th instant enclosing one from Mr Boucher Curé of Indian Loretto, and suggesting to me that the proceedings against the white intruders in that village should be carried on as early as may be practicable; As your letter and that of Mr Boucher, upon what any warrant of fact, that the proceedings in question have not been carried on with practicable or proper diligence, I am obliged to address you now officially, to repel this unjustifiable imputation, begging leave to premise that before you sent a suggestion, bearing such a character, to a person exercising public functions under another Superior, it would have been desirable that you should have ascertained whether there was any ground for such interference.

I must now inform you of facts, as to which neither Mr Boucher nor yourself have made proper inquiry.

I would in the first place, however, remark, that in prosecutions of this description on the part of the Crown, in which it is endeavoured to enforce a severe penalty (for the first time in this District) against parties who have never imagined themselves liable to it, - whose situation has long been known to your Department and tacitly permitted, - and with respect to some of whom great doubts may arise whether they can be held liable at all, within the spirit & meaning of the penal law, - the prosecuting officer is bound to exercise great discretion in selecting such cases, and proceeding in such a manner, that a conviction may be obtained, and the desired example made;

When the papers were handed over to me in June last by the late Solicitor General Taschereau I found that two proceedings had been commenced by him, one of which, that against Joseph Dabac, was clearly not sustainable, in consequence of an error originating in the information supplied by your department; and the other, against the Widow Daigle, was

was one subject to very great doubts as to its' propriety and probable success: She is one of a family of Ferrettes, four of whom, viz: the father, two Sons, and her late husband were once living in the Village, and the three former with respect were named in the late Attorney General Smith's letter of instructions to Mr Sol.r General Pascheau of 23 Sept.r 1846, as intruders in the Village against whom proceedings were to be commenced to expel them; I am informed by the Chiefs that in consequence of the long residence of the father, in the Village, (nearly forty years I believe) with the knowledge of your predecessors in the Indian department and of yourself, and of his having married there an Indian woman who became the mother of the children before mentioned, you were yourself of opinion that he ought not now to be disturbed; I learn also from the Chiefs that the two Sons are not residents in the Village, but transient persons, sometimes there and sometimes elsewhere; and the Chiefs did not wish me to proceed against them; If the father is not to be disturbed, the case of his daughter, the widow Daigle, is in one point of view a stronger and more favourable one, for her husband was supposed to be half Indian, whereas her father was a Canadian.

I had however determined to commence a prosecution against her, on account of her bad character which made it desirable that she should be removed if possible; but, for the prudential reasons above stated, I deemed it right to select at the same time some other and stronger case; and I called upon the Chiefs to name some white Intruder to me, whose residence was anterior to the 10th August, the date of the written mandate from His Excellency the Governor General which you had enclosed to me on the 20th August, and which I had applied to you on the 7th July last; The Chiefs gave me first one name, and then another, and at last fixed upon one Léraulk whose name they sent to me (I request your attention to dates) on the 2nd instant: The 3rd was Sunday; - and on the 4th the written order of the Governor General was notified to Léraulk, and a renewal of the former order to the widow Daigle; - that the two cases might run together: The law giving them seven days clear, to remove, after the receiving such order, before the Penalty attaches, no proceedings could have

been taken before the 12th instant: On that day I was obliged to go to Three Rivers under the instructions of the Attorney General to attend the criminal term; and did not return until the 17th instant; On the 18th you saw fit to address me the letter I am now answering, including that of Mr Boucher of the 15th, in which he charges me with neglect of the case, stating as the ground of his charge that I had allowed fifteen days to elapse, after the order to remove was given, without taking proceedings to enforce the order, a statement completely at variance with truth.

To these facts I have to add that in consequence of an oversight of the High Constable whom I employed to convey to the parties in question the order to remove, it was only this day that I could ascertain the exact date when he delivered the order: which is a point of essential importance to be known before commencing a prosecution for disobeying such order.

I shall send a copy of this letter to the Attorney General to be laid before His Excellency; and to Mr Boucher, extracts of such parts as concern him.

Sault St Louis 29 Oct. 1847

Monsieur

J'ai reçu dans le tems la notification d'un règlement que l'on m'a donné comme passé alors au sujet des enfans sauvages qui sont à l'école de Mr Forest à St Athanase, par lequel il était ordonné que s'ils laissaient la dite école sans permission, ils devaient non seulement perdre leur place pour toujours, mais encore perdre leur droit aux equippemens annuels. Comme les enfans aux quels on fait allusion aujourdhui, n'étaient plus à l'école alors, mais étaient revenus au village depuis un certain tems, je n'ai pas cru que l'on donnerait un effet rétroactif à ce règlement; j'ai pensé tout naturellement qu'il était fait pour l'avenir et non pour le passé.

On sait que les enfans sauvages qui sont à cette école sont tous catholiques; On sait aussi que le premier devoir des enfans catholiques, lorsqu'ils ont atteint l'âge requis, est de se préparer à faire leur première communion et qu'il faut une année pour cela. Il n'y a pas eu par le passé de difficultés pour Ignace Beauvais, Joseph Kanatakta et autres, qui sont venus passer une année ici pour cela, et sont retournés ensuite. C'est à ma demande que les Parens des enfans en question les ont été chercher, par ce que j'ai commencé les catéchismes pour la première communion du printems prochain. Au reste, Monsieur, ces enfans ne perdent pas leur tems ici; ils fréquentent régulièrement l'école de Mr McDonald, et je ne vois pas quelle difference il y a entre école et école.

Cependant, pour nous mettre en règle, comme Mr de Lorimier nous signifie, qu'il faut une permission du Col. Napier, pour que les enfans ne soient point trouvés en défaut, j'ai l'honneur de vous demander cette permission pour ceux mentionnés dans sa lettre à Mr McNabb, et dans l'espérance que vous accorderez cette permission,

J'ai l'honneur d'être, Monsieur
avec considération
votre très humble et obéissant serviteur
Jos: Marcoux ptre Missionnaire

P.S. J'ajouterai en réponse à une lettre de Mr de Lorimier, que je viens de recevoir au sujet du Maître d'école, que le Gouvernement s'étant adressé à l'Evêché pour cela, c'est à l'Evêché que j'ai répondu et adressé le Nom du Maître d'école, Alexander Macdonald, qui nous a présenté des Certificats de personnes respectables. Je croyais que le Major Campbell avait reçu là dessus une réponse de Monseigneur Prince, à qui les Certificats ont été envoyés. Les enfans disent qu'il montre mieux que Mr Richard Davis.

St. Michel 6 Novembre 1847.—

Mon cher Colonel,

J'ai retardé à vous répondre ou-que j'ai été obligé d'aller moi-même aux Bois-Blancs voir mon Mercier compagnon d'armes, le Capt. Nourrville pour avoir un certificat de lui comme de quoi j'étais présent à cet engagement; mais non il n'était pas lui-même de l'action; j'étais dans le temps d'un autre côté avec un parti de Sauvages, mais il me dit je peux certifier que le Capt. Nourrville qui était dans notre département et qui y était présent, plusieurs Sauvages m'ont toujours dit que tu étais présent à l'engagement de Chateauguay avec eux.—

Mais il m'a donné un certificat, comme de quoi j'étais présent à cet engagement quoique il n'y fut pas lui-même; — Mais comme il est dit dans les instructions que j'ai reçu à ce sujet, qu'il faut que le certificat soit donné par un Officier présent; j'ai cru qu'il était inutile de vous l'envoyer. Mais si toutefois vous trouvez le certificat suffisant pour obtenir cette médaille que je crois avoir gagné bien légitimement, je pourrai vous le faire parvenir immédiatement, si vous avez

la toute de m'écrire. —

J'ai remarqué que ce département sauvage était divisé en plusieurs départements; il y en avait sur tous les points. je crois que sur la liste d'officiers du département qui se sont bornés à cet engagements, je crois que je suis le seul qui reste, je connaissais le capt. Chevalier de Dormier, mais qui est mort il y a à peu près deux ans à Montréal — Ainsi mon cher Colonel voilà tous les renseignements que je puis vous procurer, si ce certificat dont je vous parle ne suffit pas j'abandonnerai mon droit à cette petite récompense, car il serait bien difficile & impossible de ressusciter les morts pour en avoir des certificats. —

Je profite de la même voie pour vous envoyer le nombre d'hommes de chaque compagnie chiffre que j'avais parfaitement oublié dans mon retour; mais j'ose me flatter que vous n'en serez pas fâché; je crois qu'il s'est glissé une petite erreur dans le nombre total, cela par la faute d'un des capts. qui a reconnu son erreur, mais trop tard, car le retour était parti, mais vous pouvez compter sur celui que je vous envoie qui est correct. —

Veuillez accepter mon respect & les faire agréer à votre Dame. Et m'honorer d'être

Father,

We beg leave to represent to you that frequent depredations are committed on our Domaine, and we feel the want of a Justice of the Peace, since the departure of Mr De Lorimier from our Village we have been obliged to prosecute depredators at the Court of Chateauguay where we are sorry to say that we did not receive at that Court the Justice due us, we now have to beg of you to permit Mr E. N. De Lorimier to come here occasionally to hold a Court for the punishment of depredators which in the end will be a saving of time and expences to us, and we would be sure of receiving Justice from the hands of that gentleman. Should you be pleased to grant our request you will much oblige

J'ai l'honneur de vous transmettre le rapport des dépenses de l'école du Village de la Jeune Lorette, pour l'année commencée le premier mai mil huit cent quarante six et terminée le premier mai mil huit cent quarante sept.

My Dr Napier,

Your of the 8th Instant, with its Inclosure (which I return) reached me in due time on Wednesday the 10th —

I have attentively examined Sir John Johnson's letter of the 5th Novr 1824 to General Darling, and it appears to me, that the Memorial, which I send to you, in the course of July last, and which you approved of, contains every item, introduced in Sir Johns letter, as to the Validity of the Claims of our friends the Alg- & Mpe — to be remunerated, for the calamitous Servitude forming their hunting grounds, which have been established by Government — or otherwise assumed; in like manner, as their Brethren of Upper Canada, have been, for such part of their hunting grounds as have been assumed by Government and for which they become an annuity, according to their Extent —

This letter will be found at its proper date J.J.

When I left Montreal in July last, I represented to the Lake, I showed the Memorial (which at their request I had prepared for them) to the Chiefs of the two Tribes then present — and explained its contents, item per item — which they approved of, found it correct, thanked me greatly for the trouble I had taken, and said that it contained all they wished to express to their Father the Governor General — On account of two or three of the principal Chiefs being absent, & my wish of leaving the Grounds of mourning, as quiet as I possibly could, I had not time to get the Memorial signed, but informed the Chiefs, that as soon as they were all assembled, to send a young man to me & let me know —

On the 28th August two young men, one from each

each Tribe made their appearance here, said they were sent by the Chiefs, to request of me to accompany them to the Lake, with the Memorial for their signature — Under position at the time prevented my going — But in conformity to the desire of the Chiefs, I delivered the Memorial to the young men, and wrote to the Reverend Messrs Depresie, to be so kind as to do the needful for me, viz — to assemble the Chiefs and principal Warriors of each Tribe, to read and explain the contents of the Memorial to them (which had already been done by myself) to their great satisfaction & to get it signed & to have the kindness with the rest of the Gentlemen Missionaries to certify the same as being the sentiments of the Tribes — If such had been done — His Excellency The Governor General ought to have received it in the beginning of September — It is this very Memorial My dear Mister, that I wrote to you about some time ago, and wished to be informed by you, if it had been presented to His Excellency, and what was the result —

By your being silent on the subject — The Memorial must be still in the hands of the Chiefs —

From the horrible state of the roads, being at present a perfect quagmire, from hence to the Lake, it is impossible to perform the Journey in a Wheel carriage, and as my state of health, will not admit of my going on horseback, I will not have it in my power to visit the Lake, before the Sturgeon fishes place, which cannot be before Decr, when the Lake may be frozen over —

No means will then be spared on my part, to render our friends all the services in my power, They are deserving of it and have every right to expect redress from the hands of Government — This far the poor fellows have been most shamefully and unjustly treated —

Indian Affairs (RG 10, Vol. 604, pp. 49,443 - 50,116)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

I have the copy of the original Memorial in my hands — as well as a well drawn plan of their hunting grounds — Should the Memorial not as yet been laid before His Excellency, I will when I go to the Duke, get it signed by such of the Chiefs & Warriors as may be present & send them to you to be Introduced to His Excellency —

I return you many thanks, my dear Maspin for your kindness, & promising to take the first opportunity of enquiring whether His Excellency has been pleased to give an answer to my Memorial of July last — I will be all anxiety to hear from you — as to the result — Should it be favorable, I will have it in my power to extricate myself out of trouble — If not! I shall be obliged to sell most part of my furniture, watch — snuff box &c. at a very great sacrifice to satisfy my Creditors — But I am not entirely cast down — I am still in hopes that His Lordship & the Governor General, will take my advanced age, my past services, the upright manner in which I performed my duty to Gov^t while in Office, and my present destitute situation into serious consideration, and be pleased to give me the assistance required (which is not much) to prevent the little property I have going to the hammer.

In hopes of hearing from you soon, & that your communication, will have the desired effect of giving me joy — Believe me to be

Dear Maspin

Yours truly & sincerely &

His Excellency the Right Honorable James, Earl of Elgin And Kincardine Governor General of British North America and Captain General and Governor in Chief in and over the Province of Canada, Nova Scotia New Brunswick and the Island Prince Edward, And Vice Admiral of the same, &c, &c &c

Your Memorialists Humbly Sheweth.

That the Abenaquis Tribe of Indians residing at St Francis, feel bound to acknowledge their obligation of gratitude to Your Excellency for the interest which has ever been manifested by Government towards our Nation, for which we tender our humble thanks and also particularly that Your Excellency did not see fit to sanction a Bill to incorporate the several Indian Tribes in Lower Canada, a Bill so exceedingly prejudice to the interest of the Indian Tribes which being submitted under the pretention of it being the desire of the several Indian Tribes in Lower Canada, which is a violation of Truth, and the interest of the several Tribes, And we would appeal to Your Clemency to pardon us for the liberty which we take to trouble Your Excellency with importunity. Imperative Necessity compels us to lay an explicite explanation the condition of our Land, it has unfortunately ever been our Lot, to be harrassed by fraudulent speculation, which history of past events, abundantly demonstrates. Happy would we consider ourselves Could we only refer to the past: even to this day, for Land which we have had in possession over a hundred Years, we are troubled by those who trample justice and our rights under foot, in defiance of the poor resistance which we may or can make it is and ever has been the object of settlers and speculators to supplant us of our rights, by force, fraud, and false representations, which never will cease until our Lands are permanently placed on the Basis, on which Indian reserves

Dear Sir

I had the honor to receive your communication enclosing the official document from the Deputy Adjt General: and in compliance with the Instructions thereof, I submit my claim as a Candidate for the intended mark of distinction from our Sovereign; but I have no proof except what can be gathered from the Pres of those times. The warriors under my Command who assisted and cooperated in repelling the Enemy at Chateauguay are nearly all dead. Ignace Portneuf war chief, was wounded the day before the Battle when my advanced post was attacked, and many others. So that I could bring but few to the field the next day. The only two I can recommend, now living, are Louis Soclan and Charles Cadnath Amance, who were particularly noticed by the Commanders as brave warriors.

A son Excellence
Le Gouverneur General &c. &c. &c.

Les Chefs du Sault St Louis ayant dernièrement reçu communication d'une lettre ecrite par le Secrétaire Civil au Col. Napier au sujet des chemins publics de la Seigneurie du Sault, après en avoir délibéré en Conseil, demandent qu'il leur soit permis de représenter respectueusement a son Excellence,

1. Qu'ils ignorent d'après quel principe son Excellence a agi dans cette circonstance, par ce que depuis l'établissement des villages sauvages, il est inouï que jamais aucun Gouverneur ait pris sur lui de disposer d'aucune partie des revenus des dits villages, sans en avoir prealablement obtenu l'aveu des Chefs, qui sont toujours prets à se rendre à toute juste demande de la part du Gouvernement de sa Majesté,

2. Que par le fait, les chemins du Sault St Louis ne sont pas plus Mauvais que ceux de Chateauguay et de Laprairie et que dans certaines saisons, ils leur sont preferable.

3. Que les Sauvages du Sault ont bati une eglise en 1845, sans aucun secours de la part du Gouvernement et qu'ils ont été obligés d'emprunter une somme de £300, qu'ils se sont obligés de remettre d'ici a trois ans, sur les revenus de leur Seigneurie, que s'ils manquent à leur parole, ils seront exposés à être poursuivis par leurs créanciers, et où trouveront-ils de quoi supporter les frais d'un pareil procès,

4. Que leurs revenus annuels sont assez modiques, comme le peut témoigner leur agent, lu que la partie la plus lucrative de leur terrain est passé autrefois entre les mains du Gouvernement, ayant été confondue dans

dans le tems avec les biens des Jesuites aux quels elle a été annexée, malgre leurs fréquentes reclamations,

5. Qu'ils ne refusent pas de travailler aux chemins mentionnés, mais que trouvant cette charge trop pesante pour leurs faibles epaules, ils supplient son Excellence de bonsoir bien leur obtenir une aide de la Legislature, comme il est arrivé en maintes localités plus riches que la leur; ou bien qu'on y fasse un chemin de péage qui se paye et s'entretiendra par lui même,

6. Au départ les payements qu'ils ont à faire pour leur eglise, ils ont constamment besoin d'argent pour les Nécessité de la Communauté, les Clôture de la Commune, la reparation des ponts nombreux sur le chemin public auquel ils travaillent tous les étés, l'entretien du culte et les redevances au Missionnaire, ce qui absorbe la plus grande partie de leurs revenus,

Supplient son Excellence de bonsoir bien suspendre au moins momentanement l'ordre signifié au Col. Napier par le Major Campbell et d'ordonner sur les lieux une enquête à la quelle serait present leur agent, Mr. de Lorimier

Et les dits Petitionnaires ne cesseront de prier

We beg leave to inform you that a few days ago two Chiefs of the Abenakis of of St Francis, who had been sent by their brethren, to consult with us concerning a Bill that was introduced in the Provincial Parliament during its last Session, which Bill was to incorporate all the Indians of Lower Canada, from what we could learn of the said Bill it would have been our ruin, but fortunately for us our Great Father the Governor refused to sanction it; we now pray Father as we are the Great Council of the Seven Nations of Lower Canada, in the name of our brother Indians, that should any other Bill be introduced at the next Session of Parliament prejudicial to our interest, you will advise our Great Father not to sanction the same which confer a lasting favor on

A Son Excellence
Le Gouverneur General &c &c &c.

Les Chefs du Sault St Louis ayant dernierement recu communication d'une lettre écrite par le Secretaire Civil au Col. Napier, au sujet des Chemin publics de la Seigneurie du Sault St Louis, après en avoir délibéré en Conseil demandent qu'il leur soit permis de representer respectueusement à Son Excellence.

1er Que pour le fait, les Chemins du Sault St Louis ne sont pas plus Mauvais que ceux de Chateau-guay et de Laprairie, et que dans certaine saison ils leurs sont preferables.

2me Que les Sauvages du Sault ont bati une Eglise en 1845, sans aucun secours de la part du Gouvernement et qu'ils ont été obligés d'emprunter une Somme de £300 qu'ils se sont obligés de remettre d'ici a trois ans, sur les revenus de leur seigneurie, que s'ils manquent à leur parole, ils seront exposes à être poursuivis par leurs Créanciers, et au trouvesont ils de quoi supporter les frais d'un pareil proces,

3me Que leurs revenus annuels sont assez modique comme le peut témoigner leur Agent; Bien que la partie la plus lucrative de leur terrain est passé autrefois entre les Mains du Gouvernement ayant été confondu dans le tems avec les biens des Jésuites Malgré leur frequante reclamation

4e Qu'ils ne refusent pas de travailler aux Chemins Mentionnés, Mais que trouvant cette Charge trop pesante pour leur faible épaules, ils supplient Son Excellence de vouloir bien leur obtenir une aide de la Législature comme il est arrivé en Maintes localités plus riche que la leur, ou bien qu'on y fasse un Chemin de passage qui se pagera et Sentretiendra par lui

Lui ils sont obligés aussi d'aller quérir les Malades et les Morts à de grand frais, ce qui absorbe la plus grande partie de leurs revenus.

Sir,

In reference to the Petition of the Abenaquois Indians of St. Francis dated 7th December 1847, I have the honor to report for the information of the Governor General, that under the Authority of the Instructions conveyed to the Attorney General East on the 4th August last, I communicated to that Officer on the 13th of the same Month, the most ample information in my Power respecting the cases of trespass committed upon the Fief belonging to the Tribe in the Seigniory of St. Francis, and on the Indian Reserve in the Township of Durham.

I beg here on this occasion to advert to my Reports to the Civil Secretary of the 10th August 1844, and 20th June 1845, in order to show, that as far as the Indian Department could Act in the Matter, every effort has been made to protect the Rights of the Petitioners to the Lands in Question.

Sir,

There appears to be but one only mode by which these Indians generally can be sufficiently protected against intrusion and trespass upon their lands; and by which their subsistence so long as they exist can be assured and that is by conveying their lands and rights to the Government in trust for the above purpose. The institution of law proceedings against Trespassers would of itself create considerable expence and might from the difficulties with which the institution and conduct of these proceedings would be beset would probably result in no substantial benefit to the tribe; the lands trespassed upon not being held as a Seigniory like that of Sault St. Louis, in which the entire tribe is interested, but held in severage tenure under specific grants to Individuals, now deceased, and whose representatives would, it is presumed, be difficult to trace out to the satisfaction of a Court of Justice, and it must be evident that the resort to the legal tribunals much subject the parties to the rules of law for the establishment and decision of the Claims submitted for adjudication. - It is not easy, under these circumstances, to point out any other course than that above suggested for protecting the interests of these Unfortunate Individuals, unless, indeed they should consent to allow voluntary

Your Memorialists Humbly Sheweth.

Your humble Citizens the Abenaquis Tribe of Indians residing at St. Francois, feel bound to acknowledge their obligation of gratitude to your Excellency, for the interest which has ever been manifested by Government towards our Nation, for which we tender our humble thanks, and also particularly that Your Excellency did not see fit to sanction a Bill, to incorporate the several Indian Tribes in Lower Canada. A Bill so exceedingly prejudice to the interest of the Indian Tribes, which being submitted under the pretention of it being the desire of the several Indian Tribes in Lower Canada, which is a violation of Truth, and the interest of the several Tribes. And we would appeal to your Clemency, to pardon us for the liberty which we take to trouble your Excellency with importunity. Imperative necessity compel us to lay an explicit explanation the condition of our Land, it has unfortunately ever been our lot, to be harrassed by fraudulent speculation, which History of past events, abundantly demonstrate.

Happy would ~~consider~~ we consider ourselves could we only refer to the past, even to this day, for Land which we have had in possession over a hundred years, we are troubled by those who trample Justice and our rights under foot, in

defiance of the poor resistance which we may or can make, it is and ever has been the object of settlers, and speculators to supplant us of our rights, by force, fraud and false representation, which never will cease until our Lands are permanently placed on the Basis, on which Indian reserves were declared to be. Your humble Petitioners would call your attention to take into consideration their miserable condition.

That your Excellency may be pleased to adopt effecient measures to secure them their Land, and means may be provided that trespassers on their Land may be brought to Justice.

St Francois 3 Janvier 1848,

Monsieur,

J'ai reçu la lettre de Mr Lorimier.
J'ai communiqué aux Sauvages la note
qui regardait le Grand Chef Simon Obomsa-
win; ils en sont bien satisfaits. Cette note
va faire du bien et va faire revivre la
concorde parmi les Chefs, je l'espère.
Je leur ai communiqué aussi l'opinion
de Mr Vigna concernant leur Syndic.
Le Conseil est décidé à présenter une pétition
aux trois branches de la Législature afin
d'obtenir la confirmation de la no-
mination de leur Syndic. Cette pétition
est déjà dressée et je vais la faire signer
bientôt.
Je vais aussi présenter une autre pétition
pour avoir de l'argent pour construire
une Maison d'école dans notre village

somme que serait à prendre sur les revenus des biens des Jésuites — Il est à souhaiter que nous puissions ~~bien~~ réussir, car notre pauvre maison d'école est sur le point de tomber par cause de vétusté, et les sauvages sont trop pauvres pour en bâtir une autre.

Dans quelques jours je vous écrirai encore à ce sujet — Aujourd'hui étant très occupé je n'ai que le temps de vous adresser ces quelques lignes bien mal dictées et très mal écrites.

Je ne dois pas terminer sans vous souhaiter une heureuse année. Je vous souhaite une longue et heureuse vie. Oui je prie le Saint Puissant sincèrement qu'il vous conserve longtemps, parceque je reconnais en vous un ami sincère, pour ma personne, et un protecteur puissant pour mon village.

Croyez-moi,
Monsieur,
Votre tout dévoué

May it please your Excellency

We, the undersigned Indians of the abinaqui tribe, Her Majesty's faithful children and loyal subjects, many of whom have bravely fought for their Sovereign, and are ever ready to do so again, should the course of events require it, most respectfully beg leave to approach your Excellency in order to make our grievances known, and the troubles and injuries to which we have been subjected by ~~the~~ the white people, who have taken our lands, and refuse to pay according to the agreement they make with our Parents: therefore fully relying on that kind protection we have so invariably experienced, we humbly pray your Excellency, that Her Majesty's attorney General may be ordered to assist us in compelling those people to fulfil their agreements. And we moreover pray that your Excellency would be pleased to order our Tenants on the Indian Reserve in the Township of Durham, to pay rent to no one, except to the Indians themselves personally: because some traders have induced many of the Indians to part with their

lands

Mon cher Monsieur,

J'arrive de Bécancour. J'ai été visiter les pauvres sauvages qui y résident. Ces malheureux sont assurément pauvres de toutes les manières; ils auraient besoin d'être visités plus souvent; aussi c'est ce que je me propose de faire. Pour leur bien je devrais y aller trois ou quatre fois par année. Pour leur procurer cet avantage je présente une pétition à la Législature, demandant une allocation pour leur Missionnaire. La chose me paraît juste. Car en effet, c'est une peu onéreux pour moi de faire tous ces voyages à mes propres frais, d'autant que cette petite tribu est presque toute composée de Malécites, tribu différente de celle de St François

ami. Cette pétition doit être présentée à la Législature par Mr Chamnan. J'espère que vous me prêterez votre influence pour que la chose réussisse.

Veuillez bien aussi avoir la complaisance de voir à ce que les £50 de l'école de mon village ne soient pas oubliés cette année. Je dois vous dire que cette école va être grandement améliorée ce printems. Le maître actuel Mr Desfossés, qui est un bon homme, mais qui n'a pas l'instruction suffisante pour faire une bonne école, va partir au premier de Mai prochain, et sera remplacé par un homme bien instruit, possédant parfaitement trois langues (l'anglais, le français et le latin) qu'il peut enseigner. Cet homme se nomme William Ogle. Il est recommandable sous tous les rapports. Il a fait ses études au Séminaire de Québec, et fait l'école depuis bien des années.

Je suis convaincu que vous serez flatté de ce changement, et je vous dirai que tous ceux qui veulent l'intérêt des sauvages s'en réjouissent. Depuis longtems je pensais j'avais-

formé ce projet, mais bien des circonstances
m'ont toujours empêché de l'effectuer.

Tous les sauvages paraissent bien contents de
cela, excepté quelques uns que Mr. Desjarlais
s'est attachés, mais le nombre de ces derniers
est bien petit.

J'ai l'honneur d'être,

Lieut Col. H. Napier,

Dear Sir

The other day I thought I was going to die; the fever took me. In trying to arrange my little concerns, I was told by a man, versed in the law that I could not will Long Island to my Son; because the moment I die it becomes the property of the Queen: I told him that Idea contained an absurdity; for I never heard that Government made themselves heirs of private property. However I got well and am now doing well, thank God. But in order to confront the sarcastic innuendoes of the man of the law I wish you to be kind enough to inform me as soon as convenient whether that is the case or not. Mr Portney requests me to go down to the village and begin the School. I wrote to him that I am ready always the Moment I receive Orders from Head Quarters

St François Village Abénakis 18 Janvier 1848

Mon cher Monsieur,

La dernière fois que j'eus le plaisir de vous écrire, je vous dis quelques mots au sujet de deux pétitions, des Abénakis, qui doivent être présentées aux trois branches de la Législature à la prochaine session du Parlement, et je vous promis alors de vous adresser encore quelques lignes à ce sujet. Aujourd'hui je vais remplir cette promesse.

L'une de ces pétitions est pour demander la passation d'une loi qui permettra aux Abénakis de se nommer un agent pour gérer leurs affaires; lequel agent aura tout pouvoir et autorité de poursuivre en leur nom afin de recouvrer leurs dettes et constituer leurs titres. Vous connaissez mieux que moi la nécessité d'une telle loi. Les affaires des Abénakis sont rendues à un tel point qu'il n'est plus permis à quiconque veut le bien de cette pauvre tribu, de veiller. De toute nécessité, il lui faut un agent qui soit appuyé par l'autorité de la loi. Sans cela, bientôt elle se

verra

verra pillée de tous côtés, et elle n'aura aucun moyen de défense.

L'autre pétition demande une certaine somme pour la construction d'une maison d'école, somme à prendre sur les revenus des biens des Sauvages. Il est évident qu'il faut nécessairement que la maison d'école que nous possédons aujourd'hui soit rétablie entièrement. La chose n'est pas étonnante pour quiconque sait que cette maison compte plus d'un siècle d'existence. Au contraire je pourrais dire qu'il est étonnant qu'elle ne soit pas écroulée depuis longtemps, exposée comme elle est aux gros vents de sud, ouest et nord. Elle était si bien construite qu'elle a pu résister jusqu'aujourd'hui. Mais enfin la fin de son existence est arrivée, tellement qu'après chaque coup de vent qui arrive je crois toujours la voir à terre. Il est inutile de vouloir y faire des réparations, ce serait de l'argent perdu; car le bois de charpente est pourri en grande partie. Il faut donc qu'elle soit entièrement défaite, ou plutôt, il faut une nouvelle maison. Or nous con-

naissons

malgré la pauvreté des Abénakis. Ils ont bonne volonté, mais ils n'ont pas les moyens. Voilà pourquoi ils demandent du secours à la législature.

Je considère leur demande comme bien motivée. Cette Mission ayant été fondée, établie, protégée et soutenue par les Jésuites, il me semble qu'elle a un droit particulier d'obtenir une petite partie de leurs biens, afin de pouvoir soutenir l'œuvre commencée par eux.

Je vous prie d'employer votre influence pour que ces pétitions soient considérées favorablement. Vous rendrez un service éminent à ma pauvre Mission, pour lequel je vous serai toujours reconnaissant.

Dear Sir

Since my last on subject of my Island, application has been made to me to take the Drummondville School with good encouragement; but, as I would still prefer going down to the village with less salary I wish you would be kind enough to let me whether there is any prospect of a Government School being established at the village; if not I shall accept of the offer from Drummondville and begin the school immediately, as those people seem to be very pressing and urgent. It appears that there is great confusion at the village — the Indians have become great politicians — Peter, the Quaker has created much wrangling animosity and disturbance among the Indians.

I should, ere now, have communicated with you on the progress of my school, had it not been interrupted by a fit of sickness which threatened a fatal termination. —

It was lucky that I was taken sick in a neighbouring settlement, where ~~when~~ I went to visit an acquaintance; for I could have had no attendance here. —

I returned to my school in the last week of Decr last. — The number of pupils attending seldom exceeds twenty. Will you have the kindness to furnish me with information respecting the mode of making out my Returns. —

I trust Sir I may rely on your indulgence to allow my salary during my sickness, and on your exertions to procure an increase of salary at the next session of the Legislature. Without such an increase it is impossible to

To maintain a School permanently in this place I pay at the Rate of £26 a year for board leaving me a smaller salary than Labourers and Domestics generally obtain, while Teachers get from 50 to 70 pounds in the adjoining Districts of C. West where they can get board for twelve or fifteen pounds a year. Then it is not likely that a Teacher, who is any way Competent, will Remain here for any time; so that the School frequently breaking up will Retard the improvement of the Children and Render the present Grant almost useless: whereas a grant of £75 for a Master or £100 per Annum for a Master and Mistress would support a permanent School and lead to the Regeneration of the Rising Community of those thoughtless improvident beings

The Teacher for the American Indians gets £75 a year. The American Govt has erected a School House; and to effect any very apparent Change for the better Our Govt must shew itself equally liberal.

Sir,

I have the honor to transmit to you the enclosed account, for professional services, rendered by me, at the request of Her Majesty's Provincial Government, on behalf of the Abenaquis Tribe of Indians at Saint Francis, Canada East.

On the 14th March 1845, I received a copy of a letter, herewith enclosed, from the Superintendant of Indian Affairs, accompanied with documents and Instructions from the Attorney General, relative to certain disputed claims of the Indians, in St. Francis, to certain property in the Township of Durham and the County of Yamaska, with respect to which, I have been, on several occasions, consulted in my professional capacity by the Indians, and have advised them as to the proceedings, they should under the

the circumstances, adopt.—

On the 26th September 1846, I received instructions from the Attorney General, with respect to certain legal proceedings, then and now pending, in the Court of Queen's Bench for the District of Three Rivers, wherein the Indians of Saint Francis were interested, and at the same time, the commands of His Excellency the Governor General, to institute an action en bornage against Jonathan Wurtele Esquire, with respect to certain trespasses, committed by him, on property, in the possession of the Indians, at Saint Francis.- I regret, that I have not been able to comply with the request of His Excellency, the Governor General, with respect thereto, in consequence of the difficulties, which existed in passing the Bill, introduced in the last Session of the Legislature, "to incorporate the Indian "Tribes of Lower Canada."- From the complicated titles of the Indians to this property, and the difficulty of instituting an action in the name of the Tribe, without the appointment of Trustees,

the legal decisions, which, to my knowledge, have been rendered by the Court of Queen's Bench for the District of Three Rivers, in relation thereto, I did not consider myself justified in exposing the Crown to the payment of costs, without the Law came into force.—

The Bill, "to incorporate the Indian Tribes of Lower Canada" not having been passed into a Law, I beg leave most respectfully, to urge on the attention of Her Majesty's Provincial Government, the necessity of providing for the protection of the Indians, against the trespasses, which are being daily committed on their property.—

Monsieur

Nous avions fait quelques cents billots sur nos terres pour subvenir à nos plus pressants besoins, à cause du manque de la chasse à l'original qu'on ne peut faire cet hiver faute de neige, lorsque la semaine dernière nous reçûmes une lettre de l'agent local pour les terres de la couronne nous défendant de faire et vendre des billots.
Cette défense provient des plaintes des habitants qui depuis nombre d'années ont coupé et enlevé des bois sur notre terrain sans rien en payer au Gouvernement ou aux Sauvages et n'ont laissé que des pins vetustés qu'ils considéraient comme impropres à l'exploitation. Nous faisons ce bois qui étant coupé et gisant par terre ne peut tarder à se détériorer à ne pouvoir plus être utile, et les autres qu'on a coupé étant dans des endroits où l'on veut abattre pour défricher nos terres.
Malgré le désir de conserver notre récolte que nous devons à votre bienfaisance pour ensemencer nos terres le printemps prochain, le manque de chasse et les nouvelles familles qui sont venues nous y joindre avec lesquelles il a fallu partager notre pain ont épuisé le fruit de nos labeurs et pour éviter notre position déjà trop malheureuse on a cru devoir profiter de la

de la ressource qui s'offrait chez nous sans importuner de nouveau votre généreuse sollicitude. Nous ne craignons point d'avancer que plusieurs d'entre nous seraient morts de faim sans cette ressource que Mr Chamberland dans sa bonté nous avait procurée par l'aide d'un des amis qui avec ses moulins à bardeaux et a latte peut tirer parti de ce bois auquel usage la plus grande partie est seulement propre. Si le Gouvernement nous privait de cette ressource nous serions de nouveau obligés d'abandonner nos terres que les habitants achèvent avec les grands chantiers de nous entièrement de bois.

En conséquence nous nous adressons à vous avec confiance, nous suppliant d'intercéder en notre faveur auprès du Gouvernement afin d'améliorer notre position et de nous assurer par notre aide cette unique ressource dans ce temps-ci et nous ne cesserons de prier.

Cette manière d'agir de l'agent des terres de la couronne nous prive d'avoir de nouvelles provisions si nécessaires pour nous, en conséquence une réponse immédiate serait un nouveau titre à notre gratitude.

Sir,

With reference to the Indian Lands in Durham, it will be necessary to be furnished with a plan of the lands in question, setting out the number of the lots, the names of their original grantees and those of the Trespassers upon each to the extent of the lands trespassed upon. I have seen the Chiefs now in Town and intimated to them the necessity of being furnished with this information before any effectual proceedings can be adopted.— The proprietors of each lot must also have their descent from the original grantee of the lot trespassed upon.—

I have the honor to be,
Sir,

Sir,

I received your letter of the 10th inst. this morning, and hasten to inform you that there are present 10 boys in the Institution.

The vacancies now existing were previously occupied by Joseph Karonhiohakeh and Michel Teharventonte. The latter is one of the three boys that last deserted, but has not yet returned. As he has transgressed by running away on two occasions in a short space of time, and in other respects is a very unpromising boy, his place might be very properly supplied. I shall not, therefore, admit him if he should be returned without your commands. I beg leave with deference to suggest, that, of the three boys mentioned in your letter to be admitted, Ignace Skatsiontote might be delayed with little disappointment until the next vacancy, as his two brothers have been already admitted into the Institution.

Veuillez prendre les paroles ci dessous en consideration, savoir

Voila environ vingt deux ans que, nous pauvres sauvages Amatistes étions errants, quand Son Excellence James Comte voulut bien nous placer sur un certain terrain, en arrière de l'Isle Verte nous, nous, sommes de suite enfoncés dans les bois pour pouvoir defricher la terre et nous procurer les moyens de vivre,

Le terrain que le Gouvernement eut la bonté de nous accorder, étoit richement couvert de bois de pin, et de construction, mais pendant les années de gelée et de detresse ou les habitants furent même obligés de demander des secours du Gouvernement, nous fûmes forcés d'abandonner nos terres, pour pouvoir a notre subsistance, et eloigner par la les misères de la famine qui déjà commencaient à se faire sentir, Pendant, notre absence qui fut de quelques années les Chefs des Grand Chantiers ont obtenus des licences des Agents des Terres de la Couronne et ont par consequent completement ruiné notre terrain qui pouvait nous aider à nous procurer la vie pendant l'ouverture de nos terres, Il ne nous reste plus —

Nous avons reçu ordre de Vos agents, de Lesser le peu qui Nous revient entre les Mains de Pierre Gauvreau Ecuyer agent local des terres de la Couronne. L'obéissance a vos ordres Nous mets dans la plus pénible position, et Nous Obligent de recourir directement aux pieds de votre Excellence pour nous faire remettre le peu qui Nous revient Nous accorder la semence et les provisions Nécessaire pour ensemencer Nos terres pour en jouir Nous procurer les moyens de vivre sans troubler le Gouvernement — Si Nous sommes privé de recevoir le peu qui Nous revient de Notre travail de cet année, en défrichant Nos terres, Nous ne pensons pourtant pas que l'intention du Gouvernement soit de Nous reduire à Mourir de faim de Nous enlever les Moyens d'ouvrir Nos terres - et d'en jouir possiblement. L'ouvrage que Nous avons fait depuis l'automne dernier N'a été que faire prendre les Moyens de vivre.

Nous vous supplions au Nom de tous les sauvages du village de faire tout ce qui sera du pouvoir de son Excellence pour Nous tirer du grand Malheur, et Nous cesserons de prier

Monsieur

Le Chef des Abnakiites de l'Ile verte, Louis Thomas, se trouvant lésé avec sa tribu par les ordres émanés dernièrement du Bureau des terres de la Couronne, s'est décidé d'après l'avis de sa Tribu d'aller lui même exposer ses reclamations à Son Excellence avec votre entremise. Il entreprend, comme vous voyez, un voyage pénible et coûteux surtout dans l'état de détresse où il se trouve; il méritera votre attention spéciale.

Les sauvages sont vraiment pauvres, il est vrai qu'ils avoient recolté du grain l'Ct automne, mais ils furent obligés, ou plutôt suivant leur usage ils partagèrent avec les nouveaux-venus, de sorte que leur moisson fut bientôt épuisé. Se trouvant sans moyens de subsistance, et en attendant la neige ils prirent le

partie de ramasser les billots coupés et abandonnés, restants des chantiers précédemment faits sur leur township. La neige retardant toujours à tomber, et conséquemment dans l'impuissance de se livrer à la chasse, ils se décidèrent à couper de nouveau bois et à faire des billots pour utiliser leurs bras et gagner la vie de leur famille; mais, me disent, ils ont coupé ces billots sur les terres qu'ils se préparent à cultiver. Maintenant qu'ils ont ~~ont~~ reçu ordre de discontinuer ils sont bien tristes ne sachant à quoi s'occuper. Le Thomas vous exposera que quand leurs terres leur furent données elles étaient richement boisées, mais que pendant leur absence causée par la famine, elles ont été dévastées — que même le Gouvernement a vendu une grande partie de ces bois. Cependant ils ont appris que l'argent de ces bois a été mis à part pour leur nécessités, ils espe-

sent donc que si le Gouvernement veut le leur donner, il serait plus avantageux qu'on le leur accordât pour commencer à défricher leur terres que quand ils récolteront assez pour subvenir à leurs familles – Louis Thomas tient beaucoup à parler à Son Excellence. Vous lui feriez beaucoup plaisir ainsi qu'à sa tribu si vous lui prouvé cet honneur. Si vous leur obtenez de l'argent, les semences coûtera beaucoup meilleur marché, je pense, que l'année dernière

Sir-

Having had communication of the Order in Council by which the tract of land in question was granted to the Amalacite Indians, and ordered to be set apart and surveyed for their use, I am at a loss to discover the precise nature of the condition of settlement to which you refer in your communication of the 15th January last and which I now return: The Order in Council

appears to me to be an absolute grant in property to the tribe of the Crosh upon which they are settled, and over which the Crown Lands Department and its Agent at Bruiseville have no control.

Moreover if the condition of the grant were actual settlement as you state, it would not be easy to accomplish the condition without clearing the land, and in so doing the Indians would blame others for endeavouring to add to their scanty means of support by the disposal of their timber

instead of suffering it to be cut and carried away without compensation, & trespassers or allowing it to be destroyed by natural causes. I cannot therefore advise the adoption of any legal proceedings in the matter and would respectfully suggest that the Agent at Bruiseville be informed of the rights of the Indians in the property and of the propriety of bringing his position to bear upon trespassers.

In answer to your Letter of the 29th February, respecting a certain Piece of land in the Village of St Regis which the Chiefs are desirous of leasing to John O. Christieville, March 6th/48.

Sir,

50253

It is with very deep regret that I write to inform you concerning the fatal termination of the indisposition of the Indian Boy Peter Lebobe, of the Micmac Tribe, whose illness was mentioned in my ~~last~~ monthly report. He died on Saturday morning last after seven days sickness. His complaint which at its beginning was supposed to be the effects occasioned by a fall, proved to be the most dangerous kind of the small pock. He received every tender & possible attention, was placed in a separate apartment & attended daily by Dr Wight, the ~~best wise~~ best doctor here, and he expired in the presence of the Revd Dr W. Thompson ~~& Wm McGinnis, Esq.~~ without a struggle.

The sufferings of this Indian Boy were greatly mitigated by delirium, in which his rapsodies, as well as his rational changes of expression, indicated an inward moral consciousness of his awful condition, & his need of mercy & forgiveness to be prepared for futurity. I attended his bed-side to assist him by reading & prayer, and from many of his devout and ardent utterances, I have cause to believe that he is now in a better world.

In consequence of his very contagious condition

when he died it was proposed that he should be interred at 5 O'clock in the evening. He was followed to the grave by some of the most official & respectable people of Christieville, the Church was opened & lit for the occasion & the burial Service read by the Revd. W. Thompson. And to convey to you some idea of the great esteem that existed in favor of this lamented Indian Boy I may beg to mention that as he habitually attended to play the organ in the Church the greatest sensation possible was excited yesterday, during Divine Service, when the notes of that instrument broke forth upon the hearing of the congregation, & especially, when the subject of his unexpected dissolution was improved by a few remarks from the pulpit. It may be said, that all that knew him wept.

I beg permission to mention ~~for your satisfaction and approval,~~ that as soon as I received the sad information that the disease was ~~contaminating and~~ likely to be fatal, I immediately prepared my other Indian boys, & sent them home to their parents ~~the next morning at 5 O'clock~~, in perfect health & ~~with good~~ conveyance ~~& safe protection with a letter of explanation directed to Mr. McNab.~~

If you should deem it wise to command the return of the Indian boys on Monday next, we shall be prepared to receive them without any fearful apprehensions.

Lac des 2 Montagnes – 14 Mars 1848

Monsieur,

J'ai l'honneur de vous envoyer avec la présente la liste Statistique que vous m'avez demandée, j'ai un peu tardé à la faire, mais vous connoissez la raison de ce retard – Nos Sauvages paroissent maintenant un peu plus tranquilles, cependant j'ai été informé qu'ils avoient présenté une requête à Son Excellence, pour obtenir la permission de vendre, suivant leur désir, du bois à des Commerçans de Vaudreuil ou d'autres lieux; Peut-être seroit-il à propos de donner à Son Excellence quelques informations à cet égard. Son Excellence pourroit ne pas savoir que le terrein, sur lequel ils font leurs défrichemens, et bûchent le bois qu'ils veulent aller vendre ailleurs, est la propriété du Séminaire de St Sulpice de Mont-Réal, et que le Supérieur et les autres Messieurs du dit Séminaire n'ont jamais consenti à donner aux Sauvages une telle permission, et cela dans l'intérêt bien entendu de ces mêmes Sauvages, qui auroient bientôt dissipé tout le bois du Domaine du Lac des deux Montagnes, si telle permission leur étoit accordée.

Je profite de cette occasion pour vous prier de vouloir bien recommander au Gouverneur Général le chef Nipissingue Papino malade ainsi que sa femme depuis environ six mois; il est fort à craindre que leur maladie ne dure encore longtems, et ne les empêche de pouvoir travailler – Sa famille à la vérité n'est pas nombreuse, il n'a que deux filles, mais il est chargé du soin de sa mère, âgée de quatre vingts ans environ.

Je prends donc la liberté de vous le recommander, d'autant plus volontiers qu'il est un homme de bonnes moeurs, d'une conduite régulière, et un fidèle sujet de Sa Majesté. S'il vous étoit possible ~~d'obtenir~~ pour lui de Son Excellence qu'il fût porté sur la liste des personnes qui reçoivent des provisions du Gouvernement, je vous serois très obligé;

Avant de terminer la présente, je vous prie d'accepter l'expression de ma reconnoissance pour les bons avis que vous avez donnés à mes sauvages, lors de leur visite chez vous dans le mois dernier: Puissent-ils être fidèles à les mettre en pratique! Malheureusement il se trouve dans notre avoisinage des personnes, qui probablement par motif d'intérêt personnel, leur donnent de mauvais conseils et les poussent à des déprédations que je n'ai pu réprimer qu'en recourant aux voies légales, aux quelles il m'est toujours très pénible d'avoir recours, car mon désir seroit de traiter toujours ces pauvres gens avec douceur et non avec sévérité.

Daignez, Monsieur, recevoir les sentimens de la haute considération ~~avec laquelle~~ avec lesquels j'ai l'honneur d'être,

The Petition of Thomas Barnaby and Peter Barket
two of the chiefs and headmen of the Micmac tribe of
Indians domiciliated on the North side of the River
Ristigouche in the Province of Canada: Humbly
Sheweth

That your Petitioners have learned with
regret that a portion of land within the Indian
Mission Reserve at Ristigouche in the Province
of Canada has through the Instrumentality of their
Missionary the Reverend Mr Olscamp been lately
ceded and made over to Certain Individuals for
the purpose of erecting Steam mills thereon, —

That Your Petitioners are apprehensive that if the
said mills be erected within their Mission Village
it will lead to the demoralization of the Indians
and to their final ruin and extermination, —

That Your Petitioners humbly represent that
it is very desirable that a School be established
in the Mission, wherein these Children and those
of their brethren might receive some education, as
none of them at present can read or write. —

Wherefore your Petitioner humbly pray
that your Excellency would be pleased to
take their Petition into Consideration and
grant them such protection as may seem
fit to your Excellency in the premises
and also to have a School established in
their Village that their Children may enjoy
the blessings of some Education and as in Duty
bound Your Petitioners ever pray forever &c

That - The point being the property of the Church, your petitioner has Memorialized His Grace, the Archbishop of Quebec, requesting a Grant, accompanied by a petition from the Indians to His Lordship praying him to comply

That - from the irregularity and uncertainty of employment heretofore obtained, the Indians generally have adopted wandering and improvident habits, and as a necessary consequence, often suffer from want of food and other privations; whereas a Mill in operation in their immediate neighborhood, they would

Le Lr Taylor désirant bâtir un Moulin à vapeur sur la Pointe de la mission faisant front à la terre de l'Eglise, vous prie d'avoir la bonté de présenter à son Excellence la pétition ci-inclise et de vouloir me donner une réponse si vous le jugez à propos.

Je crois de mon devoir de vous assurer que les trois quarts de la nation ont signé (bonâ fide) une pétition à l'Archevêque en faveur du moulin. Thomas Barnabé et une foule d'autres Sauvages y sont opposés. Si cet établissement avait votre approbation, il me semble qu'il contribuerait beaucoup au bonheur des Sauvages, en leur apportant de l'emploi à leur porte et en les retenant sur la surveillance immédiate des Missionnaires

Quoique il en soit rien ne se fera sans votre approbation et vos avis et instructions à ce sujet.

Je suis chagrin d'avoir à vous dire que Thomas Barnabé est devenu tout à fait impopulaire parmi ses frères, semant partout par sa mauvaise langue la discorde dans les familles. Je ne puis m'empêcher d'attribuer ces mauvaises dispositions de sa part, qu'à Peter Basquett son grand ami, qui sans cesse exhorte ses frères à résister aux lois et cherche à exciter leur haine contre tout ce qui est Anglais. Une admonition sévère (de votre part) à ces deux sujets aurait d'un grand secours dans mes efforts à les ramener au bien.

J'ai l'honneur d'être avec respect

To
Col. Napier
S. I. A. &c

Dear Sir

Your favor of the 17th Ultimo enclosing the directions of the Attorney General, reached me on the evening of the 18th; and in obedience to the instructions thereof I shall take the earliest opportunity to bring every thing respecting the matter in question, into some tangible shape, that "effectual proceedings may be adopted" in due time. In our late petition to the Gov. General there was one clause wherein we prayed that our tenants might be notified not to pay rent to any person except to the Indians themselves: because great many seizures have been made on the rents by traders and others on account of some debts and other pretended claims on the property of the Indians. Ignace Gill of St Francis has now nearly all the Indian lands in Durham. He has sued many of the tenants who shewed any doubts of his authority to get the rent on Indian lands.

There is a poor woman with two children living in the Indian village quite destitute — her husband left her some ten years ago — he is now living in the U. States. This woman from her condition and helplessness ought to be allowed to receive the rent due on the land of her husband to support the children; but Gill claims the land and the poor woman never could get the worth of a shilling these ten years. Some means should be taken to put a stop to such proceedings: heavy great wrong and injury are done to the children, and in direct violation of the very Proviso in

the

the Patent Deed intended by Government to secure the benefits of those lands to the children and heirs of the original Grantees. Gill has sued Robert Millar in the court of Queens Bench because he refused to buy the land he occupies from Gill: the land belongs to my sister, widow of the late Pierre Wasonnemet. This is the way Gill intends to become Seigneur of Durham. I shall mention one instance more of a most daring and unprincipled act of tyrannical oppression. A Commissioner of the Kingsey Court sued an Indian not long since for rent on the Indian's own land! By what sleight of hand this was done, I cannot conceive. The absence of all right was supplied by the power of the Judge — the summons were served on a wrong house — fixed at the door — of course the Indian could not be aware of any thing of the kind: yet the Commissioner obtained Judgment against him, and seized all the rent due to him in Durham. It would appear that his honor bought the land of that Indian, or that he bought land near him, of some one — and when he found that the number of the lot did not suit he altered it to effect his purpose. Now the Indian must, for occupying his own land, pay the annual rent of three pounds to this noble Commissioner!

This is a most outrageous violation of justice and a gross imposition on the poor Indian because he is poor, helpless and despised. If such tricks can be played upon the Indian under the guise of legal authority, he had better "move far beyond the mountains." Many other transactions occurred lately that ought to be brought into inquiry. My humble opinion is, that notice ought to be given by the Superintendant of Indian Affairs, to the effect that no one white man should get any

rent due on the Indian lands in Durham. This would save deal of trouble, should any arrangement be made hereafter. I am told that Desfoble had a formal notice from the Chiefs to leave the village. Should there be any vacancy, and that a School Master is required I hope I will be remembered. I think no one has a better claim to it.

Memorandum

50286

The Aberaquois Indians are the proprietors of a certain tract of land in the Seigniory of St Francis, under a Title dated 23rd August 1700, and they complain, that Mr Jonathan Wartele, the proprietor of the Adjoining Seigniory of the Rivière David, has taken possession of a considerable portion of their Reserve, under (as he asserts,) a Judgment of the Court of Appeals at Quebec of the 20th July 1843, in an Action against Mr. Louis Perrault, (Seigneur of St Francis) relative to the line of boundary between the said Seigniories, they therefore most humbly solicit their Father, the Governor General to grant them the Assistance of the Crown Law Officers to defend their Rights to the property in Question.

All which is humbly submitted.

Sir,

I beg permission to mention that I have been obliged to purchase a quantity of Cloth to provide a decent & similar dress for all the Indian Boys for Sundays &c which expence of Materials & making, can only be returned by the allowance for several quarters and consequently I have charged in this account the regular amount for clothes for ten boys altho' they have been absent some part of the quarter.

The loss by death of the promising boy Peter Lebobe during the past quarter, is a calamity, the memory of which is too painfull to retain. It is, however, a matter of surprise, that no afflictive circumstance had affected or interrupted my duties in the instruction of the Indian Boys, during more than 21 years that I have been employed to aid in their improvement.

As the deceased Indian Boy above alluded to, had no relations to help him, nor to place him in the grave, I am obliged to present to you the acct. of the necessary expences both of his sickness & burial.

" Articles used & necessary labors engaged to make preparations relating to the corpse, and its conveyance to the burial ground with horse & sleigh	1	5	0
	£ 3	5	0

I beg permission to mention, that, I cannot conveniently procure vouchers for the last mentioned expenditure; as it comprises 2 Sheets as coverings placed in the coffin to hide the horrid spectacle; and sums paid to poor Canadian persons, to render me help, when no other persons would be present. The expence charged is but a comparatively small part of the cost which the necessary cleansation of of the premises, beds & bedding &c will involve on myself.

I am, Sir,
Your humble & obed.t Servant,
G. W. Gore

To
Col. Napier.

Mylord,

Si la droiture naturelle de votre Excellence n'était comme de tout le Monde, je vous ferais un long plaidoyer en faveur des Sauvages qui vous présentent cet écrit. Mais votre bonté, votre équité et l'intérêt que vous portez à tous les Sujets de sa majesté de vous faire connoitre ceux qui vous adressent cette pétition, pour vous toucher de compassion à leur égard.

Les Algonquins qui vous présentent cette Requête sont des sujets très fidèles au Gouvernement de la Grande Bretagne; Ils l'ont prouvé en plusieurs rencontres et particulièrement dans le soulèvement qui eut lieu, il y a quelques années: Ils refusèrent alors formellement de s'unir aux insurgés, et au besoin, il auraient pris volontiers les armes pour la défense des intérêts de sa Majesté Britannique,

Ces sujets fidèles sont très pauvres; leurs terres de bâtage sont épuisées, et ils ont bien de la peine à vivre, et à plus forte raison sont ils bien gênés pour se procurer les vêtemens dont ils ont besoins,

Le père papé, l'officier qui avoit coutume de leur donner des équipements à Kingston, les renvoya au Lac des deux Montagnes, avec un écrit, afin qu'ils les recupèrent en cet endroit; Ils présentèrent cet écrit au Colonel Napier Celui-ci leur ayant répondu qu'il ne pouvait rien faire sans votre ordre, ils prirent le parti de vous adresser cette Requête que j'ai traduite en française, en conservant la simplicité de leur langage,

Nous voulons te faire Connoitre une Chose; C'est que les Sauvages qui avaient coutume de recevoir leur equipements a Kingston, desirent les recevoir desormais au Lac des deux Montagnes,

On nous a dit d'aller dans un pays éloigné; il ne nous est pas possible d'y aller: dans ce pays éloigné on pratique une religion diffe=rente de la Notre; voila pourquoi Nous ne sau=rions y aller.

Nous te supplions donc humble=ment de vouloir bien donner desormais, au Lac des deux Montagnes, les équipements à ceux de nos freres qui les recevaient depuis quelques annees a Kingston

Voila la faveur que nous te deman=dons et que Nous attendons avec Confiance de la bonté

Monsieur

J'ai l'honneur de vous transmettre ci-contre le retour statistique que vous m'avez demandé. Vous pourrez y ajouter le nombre d'hommes, de femmes et d'enfans, tel que marqué dans la liste que vous avez reçue l'autre fois. Je n'ai point de données certaines sur l'entendue totale de terre qui appartient aux sauvages; j'ai seulement désigné ce qu'ils m'ont déclaré être en culture. Les sauvages n'ayant pas recueilli leur grain n'ont pu me donner exactement le nombre de boisseaux. Je ne puis encore aujourd'hui vous envoyer le reçu des Chefs pour les £25. car le Chef Louis ne peut venir ici, vu qu'il ne peut marcher, et mes occupations m'empêchent d'aller chez les Tribus. — Le Chef Louis Thomas se plaint au nom de sa Tribu de ne n'avoir pas reçu

Monsieur,

J'ai l'honneur d'accuser la réception de votre lettre du 17 du courant. Votre réponse au sujet de l'école des Abénakis est demeurée sans opinion. Mais je suis fâché d'être obligé de revenir encore à la charge et de vous importuner encore un instant. Voici la chose — Lorsque je vous ai écrit la dernière fois, j'avais appris que Mr Desforges, prétendant que son année d'école est finie au 1er Janvier dernier, et devant laisser le village au 1er Mai prochain, avait consulté un avocat de Montréal (Mr Barthe) pour savoir s'il avait droit aux intérêts de l'allocance à venir, et que Mr Barthe lui avait répondu affirmativement; alors j'écrivis à cet avocat — et voici la réponse

qu'il m'adressa :

Montréal, ce 17 Avril, 1848

Cher Monsieur,

La votre du 14 du courant, et dans laquelle vous me demandez mon opinion au sujet des prétentions de Mr Desfosés au salaire du tiers de l'année courante comme instituteur des enfans Abénakis de votre village, doit recevoir prompte et fidelle réponse dans l'intérêt de toutes les parties intéressées. Il est vrai que j'ai été consulté de confiance sur cette affaire qui, je crois, n'admet pas de difficulté. Je suis fâché que nous ne partagions tous les deux sur le point du litige, mais voici mes raisons. Oui, la loi a été passée en Juin 1846, c'est vrai. Mais chaque fois que la loi elle même n'exprime pas la limitation de l'année de son opération, elle court toujours d'un Janvier à l'autre, l'année du calendrier étant aussi l'année légale. L'exception même prouve la règle. D'ailleurs je suis informé que le cas s'est déjà présenté à la considération de l'Exécutif qui l'a décidé dans mon sens. &c.

(Signé) J. G. Bastle.

Voilà ce que m'a répondu cet Avocat. A-t-il raison? Je n'en sais rien. Mais il faut nécessairement que je sache à quoi m'en tenir. Puis, je veux toutes sûretés pour ce que vous m'avez écrit? Si vous pouviez soumettre la question à la considération de l'Exécutif, j'en serais bien aisé. Ce serait une décision qui pourrait servir pour la suite. Quant à moi je veux rendre justice, je ne refuse pas le tiers de cette allouance à Mr Desfosés, s'il lui appartient;

Mais si l'année finit au 30 avril inclusivement, il est bien clair qu'il ne lui appartient pas. Veuillez donc avoir la complaisance de faire décider cette question de manière qu'elle ne souffre aucune difficulté.

Monsieur,

Je viens de recevoir la voke du 26 du courant contenant celle de Mr Desfosses du 21 ~~du courant~~ aussi adressée au Secrétaire Provincial, et je me hâte de vous transmettre les informations requises. Mr Desfosses a reçu de moi la dernière allonance de £50, que vous m'avez transmise en Novembre dernier. Mais voici que Mr Desfosses prétend que cette dernière allonance a été accordée pour la période de temps depuis le 1er Janvier 1847 jusqu'au 1er Janvier 1848. Il laisse l'école le 1er de Mai prochain. Et l'Agent tenu depuis le 1er Janvier de la présente année (1848) jusqu'au 1er Mai prochain, il prétend qu'il aura droit au tiers de l'allonance

sera accordé pour cette année. Telles sont ses prétentions. Je ne pense pas qu'il ait droit. Mais je vous ai déjà soumis la question par ma dernière lettre, je m'en rapporterai à ce que vous déciderez.

Je ne suis pas étonné que vous n'ayez pas compris la réclamation de Mr Desjosés, car vraiment elle est écrite de manière à n'y rien comprendre. Il aurait fallu que Mr Sullivan eut été bien informé auparavant de cette affaire, afin de comprendre ce que voulait dire cette lettre. Mais que voulez vous, ce pauvre Mr Desjosés est un brave homme, mais il n'est pas instruit; et vous voyez par cela seul que c'est aux raisons que je place ici un autre institutem. Jusqu'à présent il a bien fallu s'en contenter, nous n'en avions pas d'autre; mais aujourd'hui qu'un homme respectable,

Sir,

I am commanded by the Governor General to desire that at your next visit of inspection to the Lake of the two Mountains, you will make known to the Iroquois, that His Excellency has received their memorial, and having carefully investigated the allegations contained therein, is of opinion, that the Indians have no just cause of complaint against their Missionary. The Wood upon the Seignory is the property of the Seminary of St Sulpice, and the Indians have no right to cut down, and sell any portion of it without the consent of the Missionary.

His Excellency trusts, that the Iroquois turning a deaf ear to evil advisers, will in future abstain from such illegal acts which have already brought two of their Tribe into serious trouble, and will listen patiently and respectfully to the instructions of their Missionaries who have ever proved themselves, at the Lake of the Two Mountains, to be the Indians' best friends.

Je vous envois avec la présente le recensement demandé. Je n'ai pas répondu à l'article "Woodland" car il n'y en a point qui appartiennent à la tribu Micmaque. Ces sauvages coupent leur bois sur les terres de la couronne, par une permission que vous leur avez obtenue l'année dernière. Les terres de cette mission contiennent, au meilleur de ma connoissance six ou sept cents acres dont cent soixante et huit à mon estime

Lt. Col. D. C. Napier,

Dear Sir,

In pursuance to the instructions or rather requisitions of the Attorney General in reference to the Indian lands in the Township, I now send the information necessary to prosecute the Individuals holding the lot No 22 in the third Range who refuse to fulfill their engagements. The lot above mentioned lot was leased to Joseph Atkinson in the month of March 1820 by the late Francis Armand on the following conditions: the Lessee was to have it free for the term of twenty years, and at the expiration of that period, he was to give one third of the whole Crop raised on the farm, which has been refused as impossible on the part of the present Occupiers of the lot. The present Occupiers are, Sarah Atkinson widow of the late Jos. Atkinson the lessee; and Betsey, alias Elizabeth Atkinson, widow of the late Jos Foster with her Son Thomas Foster who I think, is now of age. Widow Atkinson occupies northeast half of the lot and widow Foster, southwest. The original Grantees were Francis Armand and Pierre Mesamenet, the latter having the southeast corner, fifty acres; and the former the rest of the lot

we wish that

Mémoire

Dans les derniers jours du mois de Juin dernier, un indien du
ayant pris sans permission sur le Domaine de la Mission du Lac des
Deux Montagnes quelque morceau de bois de service, le soussigné
Directeur de la Mission du Lac des deux montagnes, informé du fait,
envoya immédiatement quelques personnes auprès du délinquant pour l'inviter
à restituer le dit bois et à venir à la Mission prendre des arrangemens pour la
réparation du dommage; Mais les envoyés du Directeur susdit, éprouvè-
rent de la part de plusieurs Iroquois, qui se trouvèrent sur le lieu, une
vive opposition, et leur d'eux poussa l'insolence jusqu'à enlever de
force le bois en question pour le mettre chez lui et se l'approprier, il empêcha
de plus encore par violence le bourgeois du délinquant de venir à la Mission pour prendre
des arrangemens avec le Directeur. ~~Sur ce que j'ai signé~~ Le rapport de ce
qui venoit de se passer ayant été fait au Directeur susdit, il crut à propos d'en-
voyer un de ses hommes chez le nommé Onontissa Rosa, chef Iroquois
pour l'informer de ce qui s'étoit passé, et lui demander d'assembler les autres
chefs pour leur communiquer le tout, aux fins d'arranger cette affaire
à l'amiable, s'il étoit possible, et ensuite faire rapport au Directeur
susdit de la détermination qu'ils auroient prise. Après plusieurs
jours d'attente, le Directeur susdit reçut du dit Onontsat Rosa la
réponse ci-annexée traduite fidèlement en françois.

Lac 4 Juillet 1848.

Celui qui porte la parole, Mon père, tu désires savoir ce qui s'est passé
ces jours derniers. J'ai dit aux chefs ce dont Hyacinthe (Chénier) m'avoit
parlé. Ils n'ont pas jugé à propos de s'occuper de cette affaire, au contraire

ils m'ont fortement blâmé d'avoir écouté son récit, surtout lorsqu'Hyacinthe ajouta que, si les chefs n'arrangeoient pas cette affaire, les délinquants seroient poursuivis; ils répondirent sans doute qu'il veut les faire emprisonner, parce qu'il est accoutumé à cela. Quant aux complices, je leur ai aussi communiqué ce que m'avoit dit Hyacinthe (Chénier), ils n'ont été nullement intimidés, ils ont dit: c'est égal, qu'il nous prenne —

Joseph Onontsa Rosa —

En foi de quoi j'ai signé la présente déclaration

Ils supplient Son Excellence de vouloir bien demander pour eux au Supérieur du Séminaire, que vû leur manque de provisions pour aggrandir leurs champs, il ait pitié d'eux et leur permettre de vendre aux blancs, seulement le bois qu'ils bucheront pour faire de la terre neuve, ou bien que leur Missionnaire le leur paye le prix des blancs de l'autre côté — Pour leur bois d'usage, ils le couperont comme par le passé, au plus proche.

Lac des deux Montagnes le 20 Juillet 1868

Mylord

Il ya quelque mois J'eux l'honneur de vous adresser une requête au sujet de quelques un de nos Algonquins; par cette supplique Je priais votre Excellence de leur donner, au Lac des deux Montagnes, les équipements qu'ils recevaient depuis quelques annees a Kingston,

Vous avegeu la bonté d'acquiescier a ma demande, et nous vous en sommes tres reconnaissante, la bonte de votre coeur si bien comme de tout le Monde m'engage a vous demander une autres faveur pour nos bons Algonquin,

Ils n'ont presque pas fait de chase cette annee, ainsi ils sont tres pauvres; ils ont rien ou presque rien pour se nourir, une grande partie d'entre eux n'a pas pu decendre à cause de la disette où ils sont reduits, Le Seminaire vient bien à leur secours; mais il n'a pas assez de ressources pour les nourrir tous.

Quand Monsieur le Colonel Napier est arrivé ici pour l'affaire des Iroquois, les Chefs Algonquin et Nipissings, sont venus le saluer, et vous offrir leur respect en sa personne, Ils l'ont supplié de s'interesser pour eux auprés de votre excellence, et nous somme convenus que je vous adresserais une supplique à ce sujet, Monsieur le Colonel leura dit qu'il se ferait un plaisir de vous la présenter, —

Nous vous supplions donc de les secourir dans leur détresse, et de leur faire parvenir des provisions afin qu'ils puissent vivre jusqu'a la distribution des equipements,

Si vous acquiescez à nos demandes nous vous serons tres reconnaissants; et nos Algonquins

J'ai à vous parler d'une autre chose sur laquelle je demande votre attention. Monsieur,

En conformité à votre du 30 Juin dernier, je vous transmets par la présente les renseignements nécessaires à l'égard du nouvel Instituteur des Abénakis.

Son nom est William Edge. C'est un homme bien instruit, sobre et honnête et d'une piété vraiment exemplaire. Pour votre plus grande satisfaction, je joins à la présente un certificat signé par les principaux de l'endroit. Le pense que cela suffira.

Je regrette beaucoup que nous ne puissions recouvrer au moins une partie de l'argent qui a été donné de trop à l'ancien Instituteur

Mr Desfossés – cet argent servirait à acheter les livres, bancs, tables &c nécessaires pour l'école. Les objets appartenant à Mr Desfossés, et auxquels il me je suis obligé de les payer avec mon propre argent, afin de pouvoir soutenir mon école. Voilà qui est vraiment singulier, tandis que la première année, on aurait pu retenir $25, sans faire dommage à l'instituteur, pour l'achat de ces effets. Mais il n'y a plus à revenir – c'est perdu.

Peut-être que le gouvernement nous accorderait quelque chose de plus cette année pour l'achat de ces objets. Si vous en avez l'occasion veuillez donc en dire un mot à Son Excellence, j'ai confiance que vous réussirez.

Veuillez avoir la complaisance de faire sortir le Warrant pour l'allocation de l'année présente aussitôt que possible. Et si, à cette allocation, vous réussissez à faire ajouter quelque chose pour l'achat des livres, bancs et tables nécessaires pour l'école, je vous serai bien reconnaissant; car si je veux que mon école soutienne et fasse quelques progrès, je serai obligé d'acheter ces effets à mes propres frais. lequel legs ils ont accepté

Que de son vivant le dit John Mackay était propriétaire et en possession à titre de Censive 1° de dix Arpens de terre de front sur vingt cinq arpens de profondeur, dans la Seigneurie de Chateauguay, dans la partie Est d'icelle, et le long de la Seigneurie du Sault St Louis, et ce comme heritier de son pere feu François Mackay, Ecuier, qui a aussi de son vivant possédé le dit Terrain comme propriétaire, et qu'il avait acquis de Dame Thérese Migeon de Lagauchetière, veuve de feu Sr Desbagneris Ecuier, par Acte reçu le 21 Aout 1764, devant Me Panet et son Confrere Notaires; dans la famille duquel Sieur Desbagneris, a laquelle le dit François Mackay était allié, la dite terre était depuis longtemps, comme ayant été obtenu en concession de la famille de Lanoire, Seigneurie de la dite Seigneurie de Chateauguay,

2° De dix Arpens de terre de front, a prendre en profondeur de la terre sus mentionnée, sur toute la profondeur de la dite Seigneurie de Chateauguay, et ce egalement comme heritier de son pere le dit François Mackay qui l'avait obtenu en Concession de Dlle Marie Ann de Lanoire par Act reçu devant les mêmes Notaires le 23 Aout 1764

Que depuis cette dernière époque jusqu'à son depart de la province vers l'an Mil Sept cent quatre vingt (le dit François Mackay n'étant pas revenu et étant mort peu après a la Jamaique) le dit François Mackay a été en paisible possession du dit Terrain en a retiré les profits et revenus, et notamment a exploité les bois dont il était Compitante, et que le point du dit terrain a été appelé dès lors l'Ance a Mackay nom qu'il porte encore universellement aujourdhui Malgré l'injuste detention des Sauvages du Sault St Louis Ci-après mentionnée,

Que après la Mort du dit François Mackay, le dit John Mackay son fils, aussitot qu'il a eu l'age de majeure aux affaires, a Continué de posseder le dit terrain, il a fait des Chantiers de bois Considerables, pendant un grand nombre

nombre d'années, a venir jusqu'à il y a environ trente huit ans, et qu'alors, pour des Causes que vos Suppliants ignorent, il a cessé d'exploiter les dits bois, quoique vos Suppliants esperent pouvoir Constater plus tard qu'il a permis a d'autres de le exploiter en son nom, Mais que jamais le dit John Mackay n'a renoncé a la propriété et possession du dit Terrain, l'ayant au Contraire légué à vos Suppliants dès le Commencement de son Testament reçu devant Me Lukin Notaire et Temoins le 23 Juin 1824,

Que vos Suppliants sont portés a croire que, harcelé par les incursions des Sauvages que les moyens ordinaires ne peuvent Contenir, et qui dès lors empêchaient par la violence la libre jouissance du dit terrain, le dit John Mackay qui n'avait pu se procurer le titre Original de son pere, qui n'a pu être retrouvé que dernierement, aurait remis à un autre temps a faire valoir ses droits, que vos Suppliants exercent aujourdhui comme ses representants auprès de Votre Excellence,

Que cependant les dits Sauvages du Sault St Louis ont continué a empiéter sur le dit terrain et à s'en emparer entièrement au point que lors du bornage le plus recent de la ligne entre les Seigneurie de Chateauguay et du Sault St Louis le dit terrain a été compris, comme fessant partie de la Seigneurie du Sault St Louis,

Que vos Suppliants n'ayant pu avoir aucuns renseignements sur ces bornages des Agents a la tête du Département Sauvages ou preposés a la gestion de la dite Seigneurie, n'y peuvent déposer plus amplement, mais que le fait de l'existance d'une ligne appelée l'ancienne ligne, au Nord Est du dit Terrain, et une autre ligne appelée la Nouvelle ligne exactement au Sud Ouest d'icelui est en elle meme une preuve de la justice de la presente Reclamation;

Que vos Suppliant prient en Consequence Votre Excellence de s'enquérir de tout ce qui concerne les dits bornages, et de voir si le transport de la dite ligne a dix arpens

arpens plus a l'ouest ne constitue par l'exacte mesure de l'empietation faite a l'encontre de vos pétitionaires d'abord par les Sauvages, et ensuite par les Agents du Gouvernement proposés à leurs affaires,

Qu'aucun consentement des seigneurs de Chateauguay qui n'avaient que le domaine direct ne pu preprejudicier aux droits de vos suppliants et de leurs auteurs qui avaient la propriété utile, Que les dits Sauvages, appuyes qu'ils sont ou qu'ils se croyent continuent leur injuste possession; et meme ont menacé de la vie vos suppliants dans le cas ou ils paraitraient sur le dit Terrain, ce qui oblige vos suppliants, pour pouvoir s'en mettre en possession, a demander la protection du Gouvernement, au moyen de strictes defenses faites aux Savages de les molester, aprés que votre Excellence se sera satisfaite de la justice de la présente reclamation.

Que les dits Sauvages quoique se maintenant par la violence sur le dit Terrain situé à environ une lieu de leur village n'en ont cependant individuellement aucune possession regulière; et se sont bornés a en lever les bois qui en pesaient la principale valeur sans aucunement le defricher ou ameliorer; que les dits Sauvages n'étant pas collectivement une corporation, n'ont pu par eux memes en acquerir par le laps de temps aucune possession légale; qu'ainsi vos suppliants ne peuvent croire que le Gouvernement de sa Majesté dans la partie adverse et qu'en conséquence ils attendent pleine justice, ne pouvent supposer que votre Excellence appuie ce dejà de leur demande sur une possession violente, précaire, et de la nature de celle des Sauvages, et que dans tous les cas ils osent espérer qu'un Gouvernement qui est le protecteur naturel des mineurs et autres qui reclament leurs droits a des biens que le Gouvernement lui meme a en sa possession, n'invoquera pas la prescription

prescription de ces memes biens a l'encontre de titres certains et de droits non équivoque,

Que les dits Sauvages ont eu de tout temps et ont encore la connoissance certaine que ce terrain appartient a vos suppliants; et qu'en preuve de la mauvaise foi des dits Sauvages vos suppliants demandent à informer votre Excellence que les dits Sauvages disposent maintenant ce qui reste de bois sur le dit Terrain, séparément du reste — en vendant le dit bois à bel prix, ou autrement, dans les craintes d'être bientot dépossedés; et qu'il est de toute urgence que pendant les délibérations de votre Excellence sur la présente requête des ordres immédiats soient donnés pour arrêter cette dilapidation,

Que les principaux témoins qui ont gardé le souvenir de la possession et jouissance constante des ancêtres de vos suppliants, se trouvant maintenant rendus à un age très avancée, vos suppliants se sont procurés deux des déclarations ou actes de notoriété qui mettent hors de tous doutes la succession constant et non interrompue de la possession qu'ils invoquent, et que quant aux derniers temps cette possession est notoire dans tous les lieux environnants,

Que vos suppliants soumettent avec la présente requête tous les titres et autres actes et papier qu'ils croyent necessaire au soutien de leur reclamation et quand à la preuve de leur filiation ils seront prêts a les produire quand ils en seront requis,

Pourquoi vos suppliants prient humblement votre Excellence de leur permettre de reprendre la paisible possession du Terrain par eux reclamé en cause sauf à reconnaître tel seigneur qui y aura droit de faire en consequence de strictes défenses aux Sauvages du Sault St Louis des les molester ou troubler, et avant l'intervalle requis pour leur rendre justice finales, d'empecher immediatement la dilapidation

Chesterville Aug. 7th 1848

Sir,

I beg permission to inform you that four of my Indian Scholars went home yesterday without my permission, namely Nos 2, 6, 7 & 10. The whole blame is attributable to No 2 i.e. L. Tarontate, who has acted in the same manner seven times before. Having confined him in the Schoolroom for his bad conduct in leading from home, and to a dangerous mill, some of the younger boys, he devised the evil purpose to desert & to entice as many of the other boys to go away with him as he could find disposed for that purpose. I am relieved from much vexation by his absence, as he, as well as No 1, have arrived at an age to be uncontrolable by my directions, liable to indulge habits of idleness & to increase the trouble employed to govern the younger boys.

I am, Sir,
Your obed.t & humble Servant,
C. Forest

Sir,

The bearers Sakaohetha and Sinihatie two Grand Chiefs of this Village have requested me to write to you in order that you may be made better acquainted with the nature of the Complaints they have to make against the other Chiefs particularly against Tiohatekon and Kanasontee, they have received considerable sums of Money from the Agent of our Seigniory and other revenues of the Village, and have not as yet sended an account of the receipt and expenditure thereof, the bearers are suspicious that the monies have been misapplied, last winter they paid a large sum to an Indian juggler or conjuror that they sent for at a great expense to remote part of Lower Canada, to cure superstitiously and foolishly some young women of the Village who they said were bewitched, but from the opinion of several Medical Gentlemen the said young were affected with Hysteric fits,

The bearers beg that you would order the said

old Chiefs to render account to the other Chiefs of the monies they received and expended, and that no business be done without the consent of all or a majority of the Chiefs. The bearers complain also that the said two old Chiefs have sold a piece of land and small Hangard belonging to the Village and is used to keep the Rent wheat. it was sold without the knowledge or consent of the other Chiefs, in a partial and clandestine manner to the Son in lieu of Tekahatekon no Deed signed and the price unknown to the bearers they conceive it would be acting more in justice if the said emplacement and Hangard were put up at public Sale open to all and to be adjudged to the highest bidder, the said complaints are not only of the bearers but of the greater part of the Village the bearers also complain that for some time past the old Chiefs hold Council, and do not invite them as usual.

A son Excellence
Le tres honorable James Comte d'Elgin et
Kincardine gouverneur general de l'Amerique
Britannique &c &c &c

Les Chefs du Sault St Louis,

A l'occasion du Rapport ci-jointe du Deputé grand voyer du Comté d'Huntingdon qui a été lu dimanche le trois du Courant, a la porte de leur eglise, a l'issue de l'office divin, Les dits Chefs ont l'honneur de representer a son Excellence qu'ils ne se considerent pas, d'apres le termes de la loi, Competens a élire ou a être élus dans la municipalité du dit Comté, Mais se croyent sous la dépendances immediate du gouvernement de Sa Majesté, sans le Concours du quel ils ne peuvent faire aucune transaction, dans des fins civiles, .—

Que ce printems, à l'ordre du dit gouvernement, ils ont réparé le Chemin public de Chateauguay au village et commencé le meme travail de réparation, depuis le village jusqu'à Laprairie; qu'ils ont dépensé pour cela une somme de prés de Cent cinquante louis, dont ils doivent encore une partie et qu'il ne leur reste plus rien pour achever ce Chemin, pour le quel ils pensent a demander une aide à la Legislature, .—

Que si, se fiant sur les pouvoirs de la municipalité, Chaque ligné des paroisse qui vient aboutir a leur Seigneurie, se met dans la tête de demander un Chemin au travers de leur terrain, ils n'auront jamais assez de revenus pour suffire a ces depenses, outre que leurs terres qui sont divisées par petites portions, se trouveront morcelées d'une maniere bien dommageable pour eux, Que pourtant si la Legislature accordait une allouance pour les dits Chemins, ils n'y feraient pas d'opposition, .—

Ils prient en Consequence son Excellence de vouloir bien avoir pitié d'eux, en Considerant qu'ils sont encore endettés d'une somme de deux cent louis pour les travaux de leur Eglise, et dont ils payent chaque année l'interêts legal, et que par Conséquent ils sont hors d'état de faire les depenses qu'on leur demande, Que son Excellence veuille bien charger l'Honorable Procureur general de les soustraire aux exigences de la municipalité du Comté de Huntingdon, Ils profitent de l'occasion pour representer en outre à son Excellence qu'il leur est du plusieurs cens louis, peut-être plus de Mille, de Cens et rentes et lods et ventes par les Censitaires

de la seigneurie

de la Seigneurie du Sault, Zin l'Honorable Procureur général n'ayant ni le tems ni le loisir de soccuper d'affaires minimes, leur proces en Cour, pour le recouvrement des ces petites sommes, languissent et ne peuvent arriver a termes, Ils supplient son Excellence de vouloir bien nommer ou leur laisser Choisir par leur agent, un autre avocat qui aurait la facilité de soccuper de leurs affaires, sans quoi, il vont être réduits a la plus grande détresse, ayant des dettes a payer de tous côtés, .

Les dits Chefs du Sault St Louis, en prenant la liberté de rappeler a son Excellence qu'ils ont eu l'honneur de la pétitionner pour avoir une Cour de Commissaire pour les petite causes dans leur village, supplient que leurs demandes soient prises en Considération, et Ils ne Cesseront de prier pour le bien être et le bonheur de son Excellence,

Dechaim 7th Sept 1848

To Col Napier
Sup. I. A.

Dear Sir,

In reference to the documents you submitted to us on the 15th ultimo, we beg leave to be informed, how it will be with the lots or parcels of land in the reserve occupied by the Indians? — can we make any exceptions of a few lots in case we make the proposed Surrender? Because there are a few families that have always cultivated this land, more or less and remained on them, with the exception of three or four months, when they are on their hunting, or other excursions in search of some game: also some lots have been sold to some of the Settlers, and others to some traders about St Francis. An early answer will tend to expedite the conclusion of this business.

I am

with profound respect

your very obt Servant

Noel Annance

Monsieur,

Ayant reçu communication de votre lettre du 6 du courant écrite à Mr. le Supérieur du Séminaire, par ordre de Son Excellence, ainsi que du rapport du Colonel Napier en date du 20 Juillet dernier, je prends la liberté de vous écrire pour vous prier de vouloir bien exprimer à Son Excellence toute ma reconnaissance pour les soins qu'Elle a bien voulu se donner afin de rappeler les Sauvages à de meilleurs sentiments, & procurer l'ordre & la pacification de la Mission.

Je suis charmé que Son Excellence ait témoigné le désir de connaître les mesures adoptées envers les Sauvages, car ce désir de Son Excellence me fournit l'occasion de l'assurer qu'à l'avenir, comme auparavant, tous nos efforts tendront toujours à procurer le bien des Sauvages tant au Spirituel qu'au temporel, par la destruction progressive de l'intempérance qui autrefois a fait tant de ravages parmi eux, & par l'encouragement aux travaux de l'Agriculture. C'est dans ce but que la Mission fait des sacrifices considérables de toutes sortes pour solliciter les uns, encourager les autres, & faciliter à tous les travaux des champs pour lesquels les Sauvages ont une répulsion naturelle qu'une longue habitude seule pourra détruire. Ainsi des avances considérables en argent, en provisions de toutes sortes, en instruments d'agriculture ont été faites & seront faites encore pour aider les Sauvages à défricher afin qu'ils soient le plustôt possible en état de se suffire à eux-mêmes s'ils veulent sérieusement se livrer à l'agriculture. à ce sujet, je prends la liberté de vous référer au rapport que le Séminaire a eu l'honneur d'adresser à Son Excellence dans la première semaine du mois d'Avril de cette année.

Pour stimuler les Sauvages, & les encourager au travail des champs, nous leur concédons gratuitement les terrains, sans toutefois leur en donner absolument la propriété, mais avec le privilège de les transmettre à leurs héritiers sauvages seulement, & même de les vendre

à d'autres Sauvages domiciliés dans la Mission, mais non à d'autres à moins d'une permission spéciale : nous n'exigeons aucune rente annuelle, sauf la dîme, c.a.d. le 26me.

La jouissance de ces terrains ainsi concédés aux Sauvages, leur est donnée avec les restrictions suivantes : 1° Ils n'ont pas la faculté de vendre, ni donner le bois qui se trouve sur les susdits terrains : 2° Ils sont obligés de défricher & mettre en culture leurs terrains dans l'espace de cinq années à compter de la date de la concession : cette clause n'est pas exigée à la rigueur : c'est plutôt un moyen de les astreindre à travailler avec constance. 3° Ils ne peuvent pas employer les blancs pour défricher & cultiver, sans une permission expresse du Directeur de la Mission, & cela tant pour les obliger à travailler eux-mêmes que pour sauvegarder leur moralité.

Le Directeur de la Mission achète les bois francs exploités à raison de 5/ la corde, prix ordinaire de la Mission : c.a.d. que c'est le prix que donnent ceux qui ne sont pas propriétaires du bois : il est bon d'observer que si le Directeur de la Mission voulait employer les blancs pour faire ces défrichements, le bois serait à beaucoup meilleur marché : le prix qu'il donne aux Sauvages est bien suffisant pour payer leurs travaux, & leur fournir les moyens de subsister pendant la saison de l'hyver.

Presque toujours, au printemps, le Directeur de la Mission avance aux Sauvages les semences dont ils sont ordinairement dépourvus cette saison ; & il en est ainsi envers tous, à moins que l'intemperance de quelques uns ne les en rende indignes.

Voilà, Monsieur, un apperçu de la conduite du Séminaire envers les Sauvages du Lac : elle est bien, comme vous voyez, d'être aussi intolérante que certaines gens intéressés cherchent à le persuader aux Sauvages, & par eux au Gouvernement. Cela est si vrai qu'un bon nombre de Sauvages, & notamment les cultivateurs les plus moraux & les plus laborieux sont loin de partager l'opinion de ceux qui ont fait des plaintes & signé différentes requêtes contre le Séminaire & contre leurs Missionnaires.

Comme Directeur de la Mission, je crois pouvoir dire qu'il ne

paroit difficile que le Séminaire puisse être plus libéral envers les Sauvages qu'il l'a toujours été & qu'il l'est encore en ce moment. J'ose même ajouter qu'il n'y a point de villages dans le Bas Canada où les Sauvages jouissent d'aussi grands avantages que dans la Mission du Lac : car ils ne sont chargés ni de l'entretien de leurs Missionnaires, ni des réparations de l'Eglise, ni des frais du Culte, ni de l'entretien des chemins publics ; en un mot, ils n'ont ni charges ni corvées d'aucune espèce : leur accorder plus, seroit vouloir leur ruine en fomentant leur apathie & leur paresse naturelle.

Le Séminaire ne sauroit donc rien changer dans sa conduite envers eux, ni adopter aucune mesure nouvelle : il est à la vérité tout disposé à pardonner aux Sauvages réfractaires & à oublier leurs torts, car il est loin d'avoir l'intention de soutenir les droits d'une manière aussi sévère qu'un propriétaire pourroit le faire vis-à-vis des étrangers envahissant & endommageant ses domaines, quoique néanmoins il soit décidé à ne jamais accorder aux Sauvages des faveurs qui seroient encore beaucoup plus désastreuses pour eux que nuisibles aux intérêts matériels du Séminaire.

Ainsi, à l'avenir, comme par le passé, le Directeur de la Mission agira plutôt en Père qu'en Maître, car il n'a point d'autre chose en vue que de procurer le plus grand bien des Sauvages tant au spirituel qu'au temporel. Cependant comme il importe que les Mutins reconnoissent leur faute, le Directeur de la Mission a cru devoir supprimer certains secours extraordinaires aux principaux moteurs des troubles jusqu'à ce qu'ils aient avoué leurs torts, & désavoué leurs signatures de la Requête en date du 21 Mars 1848 qui n'est qu'un tissu d'odieuses calomnies.

Quant aux secours ordinaires & presque journaliers en faveur des malades, des infirmes, ou même de ceux qui par leur négligence sont dans une extrême pauvreté, on continue de les accorder comme auparavant.

Le plustôt possible, le Directeur de la Mission se propose de faire faire dans les champs Indiens une visite par des hommes experts

afin de savoir au juste quels sont ceux qui cultivent sérieusement, comme aussi quels sont ceux dont l'agriculture n'est qu'un prétexte pour exploiter les bois du domaine : le résultat de cette enquête pourra convaincre son Excellence que les meilleurs cultivateurs ne sont pas les signataires de la Requête du 20 Juillet dernier.

En finissant, permettez moi, Monsieur, de vous offrir mes sincères remerciments pour les bons offices dont nous vous sommes redevables auprès de son Excellence ; je suis heureux de profiter de l'occasion de mon compère Mr. Pinsonneault pour vous exprimer la vive reconnoissance des Missionnaires du Lac des deux Montagnes.

Agréez, Monsieur, les sentiments d'estime

j'ai l'honneur d'être

Sir

I am Much surprised at learning that you have not been informed of my present Connexion with this school, as my friend John McDonell the Member from Glengary undertook to recommend me to the Department for this Situation, And I can account for this mistake in no other Manner, than by atributing to the great pressure of business in the discharge of which he has over looked this affair, but as such are the Circumstances, I have to beg that Col. Napier will take it into consideration, and will grant me the time I Commenced, and will grant me the salary from the first of July last as that was the time I Commenced and in so doing you will favour your humble servant

Qu'il plaise a votre Excellence

L'humble requête des soussignés Sauvages Abenagiis du Village de Becancour.

Lesquels exposent très respectueusement a votre Excellence qu'en conséquence du défrichement des terre qui avance avec rapidité ils ne peuvent plus se procurer avec leurs chasse les choses qui sont même de premiere nécessité pour la vie, qu'ils sont au nombre de trente familles dans leur Villages sur une petite Isle ayant environ dix huit arpent de terre en superficies qu'ils cultivent et sur un autre terrein ayant six arpent de front sur vingt cinq arpent de profondeur qui est presque entierement incultte par la Mechanseté du sol; que les produits de ces terreins si minimes pour leur nombre ne leur donnent de quoi vivre, que pendant un mois à peine, que les jeunesgens et beux parmieux qui sont capables de travailler sont obligés pour se procurer leur subsistance ainsi que celle de leur famille de s'engager comme journalier pour travailler aux Billots ou à d'autre ouvrage; qu'ils désireroient avoir des terre dans quelque township afin de travailler à leur defrichement et culture et se procurer sur icelles leur nourriture et entretien pour eux et leur famille; sans être obligés de le faire comme Mercenaire.

Ils supplient donc Votre Excellence de vouloir bien prendre leur malheureux état en votre consideration en leur accordant gratuitement, vu leur extrême pauvreté un terrain de grandeur suffisante relativement à leur nombre et cela dans le township d'Athabaska ou dans un des township voisin, si le Gouvernement ne

My Lord

Je crois de mon devoir d'appuyer auprès de Votre Excellence cette humble Requête des Sauvages qui habitent la partie Nord des Possessions Britanniques de l'Amérique.

Ce sont eux qui ont eu l'heureuse pensée de se fixer enfin, et de se livrer a la culture de la terre pour éviter la famine qui les décime, chaque Année, le terrein qu'ils demandent, paroit suffisant pour satisfaire a leurs besoins et il est assez éloigné des terre habitées pour ne pas retarder l'oeuvre de la colonisation,

~~A son Excellence Lord Elgin &c &c.~~

L'exposé qu'ils font de leurs besoins dans la Requête qu'ils presentents a Votre Excellence, suffira, j'en suis bien persuadé, pour attirer ~~la~~ sollicitude sur ses enfans déshérités des terre de leurs Pérés.

Je suis

My Lord

De Votre Excellence

Le tres humble et très Obeissant Serviteur

(Signé) ✠ Jos. Eugene, Evêque de Bytown.

My Lord.

Quand vous nous voyez voyager du côté et d'autre, sur les fleuves, les rivières et les lacs dans nos frêles Canots, vous êtes surpris de notre manière de vivre, vous nous trouvez bien mi=sérables; cest bien la vérité, nous l'avouons, nous sommes dans la misère, puisqu'on nous dépouille tous les jours de ce que nous possédions. Nos terres passent rapidement entre les mains des blancs. Depuis longtemps vous nous ~~[illegible]~~ conseillez de cultiver, longtemps nous n'avons pas écouté un conseil si salutaire. Cela est-il étonnant. Nous étions riches autrefois; rien ne nous manquoit; les forêts étoit peu=plées d'animaux de toute espéce, dont nous vendions les dépouille bien cher a' l'avide marchand, ce qui nous don=noit les moyens de suffire a nos besoins et à ceux de nos enfans, mais il n'en est plus ansi maintenant. Les Blancs s'établissent de tous côtés sur nos terres, d'ou l'on ne cultive pas, les gens des chantiers sont la pour detruire et faire fuir les animaux qui restent dans le petit espace de terre que l'on ne nous a pas ravi encore. Nos familles sont sans moyen de subsistance; nous ne savons ou chercher dequoi vivre, nous sommes réduits à une grande misére. Nous voulons imiter les blancs. C'est pourquoi nous demandons un terrain pour le cultiver. Lorsque nous nous rappelons les actes de générosité de notre Gouvernement Metropolitain et Colonial, nous entretenions le ferme espoir de voir nos demandes exaucées. C'est près de nos terre de chasse que nous voulons cultiver, si vous nous accordez ce que nous vous demandons. Ce terrain que nous vous demandons est situé sur la Gatineau à environ 27 lieues de Bytown. Il est borné à l'est par la Gatineau, au nord par la rivière du Desert, à l'ouest par la rivière d'Aigle, la petite rivière Kindovissipi et le lac Chicksaramik, du sud par une ligne droite, partant de l'extrémité la plus meridionale de ce petit lac et allant toucher la point sud de l'isle située à l'embouchure de la décharge du lac Rond. dans la Gati=neau vous savez peut-être que plusieurs d'entre nous cul=tivent déja des champs plus en plus étendus. Nous réussirons certainement mieux, si nous nous réunissons et si nous apprenons.

apprenons que vous accordez l'objet de nos demande, un terrain dont nous soyons absolument maîtres.

Nous avons une autre demande à vous faire: c'est en faveur de nos Missionnaires. Nous voulons des Prêtres pour nous enseigner la Religion et aussi pour nous aider de leurs conseils, dans la Culture des Champs. Nous vous demandons donc d'accorder aux Prêtres, que Monseigneur de Bytown nous enverra, une étendue de 600 arpents de terre à prendre sur notre territoire dans le lieu que Monseigneur l'Evêque de Bytown jugera le plus convenable. Nous voulons pouvoir choisir parmi nous cinq hommes d'expérience pour le Gouvernement de notre petite Colonie. Nous les remplacerons tous les cinq ans. Ces cinq seront élus par la majorité des Cultivateurs, ayant au moins un arpent de terre en Culture dans notre territoire. A ces cinq chefs sera dévolu le Gouvernement de toutes les affaires de la Colonie. Cependant dans les affaires difficiles, ces chefs consulteront les désirs de toute la peuplade.

Voilà, My Lord, les demandes que nous voulons vous faire. Nous ferons des vœux ardents pourque vous les exauceiez. Nous espérons fermement que vous ne serez pas moins généreux pour nous que pour tous les autres qui ont recours à votre générosité. Soyez sur que si vous nous exauceiez, le souvenir de votre bienfais ne s'effacera jamais de notre mémoire.

St François 28 octobre 1848.

Monsieur,

J'ai reçu la votre du 17 du courant contenant les £12.10 pour payement du troisième quartier de l'école des Abénakis. Ci-inclus est mon reçu pour cette somme. Je suis content de l'augmentation de secours que vous avez obtenue, c'est à dire les fournitures pour mon école. J'espère avoir une occasion bientôt pour faire transporter ces effets ici.

Quant à Mr Desforges, il a eu payé

comme vous le dites.

Je vous adresse en même tems une pétition à Son Excellence, relativement à notre Maison d'école. Il me semble qu'il suffit de s'adresser uniquement au Gouverneur et j'ai pleine confiance qu'il viendra à notre secours. Cette année j'ai été obligé de louer à mes frais une Maison pour loger la Maîtresse et les écolier, l'ancienne Maison n'étant plus logeable du tout. L'année prochaine ce sera encore la même chose, car les sauvages ne seront pas plus riches qu'actuellement. Veuillez présenter cette petite pétition à Son Excellence. Et s'il juge à propos nous accorder quelque chose nous le recevrons avec reconnaissance. Pour bâtir une bonne Maison il nous faudrait $150; mais enfin nous nous contenterons de ce qui nous sera accordé.

Je suis avec considération

Ayant eu communication d'une pétition datée du 30 Septembre 1848 adressée à Son Excellence le Gouverneur Général, signée de 8 chefs Royalistes de St Régis, au sujet de mon salaire, j'ai cru y faire les quelques remarques qui suivent en explications, attestées par le témoignage de quatre chefs Royalistes et plusieurs chefs Américains qui tous ont une parfaite connaissance des faits rapportés dans la dite pétition.

Si je demande mon salaire que les 8 signataires retiennent depuis 5 ans, c'est que je crois qu'il m'est raisonnablement dû et que je suis fondé en justice à en faire la demande. Or s'il y avait injustice en cela, ce serait extraordinaire que depuis peut-être 50 ans, on ne s'en serait pas aperçu. Ce serait aussi extraordinaire que depuis ce laps de temps, tous les Missionnaires, Mes prédécesseurs, auraient été en parfaite possession de ce salaire et l'auraient perçu en conscience, comme légitimement dû, et qu'en 1848, 8 chefs seulement sur toutes une tribu, voudraient m'en priver (toutes choses étant demeurées les mêmes à l'égard du Missionnaire) pour la seule raison que le parti Américain, dans leur opinion, ne paie pas une somme proportionnée à leur nombre, en révoquant en doute, en même temps, la justice de ma demande. Si ce salaire était dû, il y a 15 ans, il doit l'être maintenant: or à cette époque il était considéré comme légitimement dû en vertu de conventions qui étaient en force et qui le sont encore maintenant. Je ne vois pas sur quoi ils pourraient se fonder, en justice, pour m'en priver.

Le second Paragraphe mentionne une somme de $550.- payée par le Gouvernement de l'Etat de New-York. Je saurais des explications à

faire, mais je m'en rapporte au memorandum marqué de la lettre A où les signataires donnent un état correct de cette transactions et des conséquences qui l'ont suivie.

Dans le même paragraphe, les 8 signataires disent qu'en 1842 j'ai demandé 6 années d'arérages de mon salaire, se montant à £100 - et qu'ils les ont payé (oui, parcequ'ils étaient dûs) Mais, ils ajoutent, avec l'entente que ce salaire ne serait plus payé par eux par la suite. Je n'ai point fait de pareilles conventions, je n'ai point consenti à ce qu'ils me demandaient. Et pour preuve, je produis les mêmes documens qu'en 1847 pour le même objet que je croiais réglé définitivement. De plus je joins ici un autre Memorandum marqué de la lettre B signé de quelques chefs Royalistes qui ont une parfaite connoissance de cette transaction en 1843.

En continuant d'examiner le même paragraphe, je vois que les 8 signataires m'accusent de les menacer d'excommunication des secours de la Réligion et de la sépulture, pour les forcer à payer les arérages qu'ils me doivent: et que j'aurais fait cette dénonciation dans l'Eglise par devant les Sauvages Américains et en présence du Coadjuteur de l'Evêque Catholique de Montréal &c. Je dirai d'abord que les 8 signataires étoient absens de l'Eglise en cette circonstance. 2°. Ils sont assez ignorants et la personne qui a écrit leur pétition, de penser qu'un Prêtre puisse fulminer une excommunication de sa propre autorité et à la présence d'une autorité supérieure. 3°. Ils sont si aveuglés par de mauvaises passions qu'ils ne peuvent pas s'imaginer qu'il n'y a que l'Evêque qui ait ce pouvoir et qu'il n'en use que dans des cas très extraordinaires. Or, le Mardi, 26 septembre dernier, je n'ai ni excommunié, ni même

menacé d'excommunication les 8 signataires; je n'ai agi que comme interprète du Coadjuteur, qui lui même ne les a pas excommunié, mais il leur a dit que tant qu'ils ne reconnoitroient pas l'autorité de l'Eveque pour décider et régler le mode du sautier du missionnaire, ils se rendoient indignes de participer aux sacrements de notre Religion, même à l'article de la mort. Je n'en dirai pas d'avantage, je renvoie au memorandum A 4e paragraphe où les signataires font justice de ce fait avancé.

Quant à la privation de la sépulture d'ancien des 8 signataires dans le cimetière commun, l'ordonnance du Coadjuteur, que j'ai parcourus moi, n'en fait aucune mention. Cette punition existe seulement dans le cerveau de ces pauvres gens ainsi que l'excommunication. Si le Coadjuteur a cru dire (et c'est toujours lui qui a parlé, quoique les 8 signataires, contrairement à la vérité, m'attribuent le tout) quelques mots de félicitations et d'encouragement aux sauvages américains, c'est qu'il a pensé qu'ils les méritaient. Il a adressé les mêmes félicitations aux sauvages Royalistes qui sont bien disposés, il les a exhorté à la paix, même avec ceux qui leur sont opposés. Il a reproché aux 8 signataires, quoiqu'absens, leur conduite irrégulière, non pas en se servant des expressions rapportées par eux, quoiqu'ils ne les aient pas entendues, de vagabonds, antichrétiens, payens, mais en faisant usage d'un langage noble et propre à les faire rentrer en eux mêmes, s'ils en étoient capables.

La derniere partie de la pétition est une prière à son Excellence d'user de son autorité et de son influence pour me faire remplacer comme je crois là, qu'après avoir rempli la mesure avec le mensonge

En Février 1843, les chefs Royalistes eurent un conseil, auquel j'ai assisté, pour recevoir leur proposition touchant mon salaire qu'ils me refusaient depuis quatre ans, parceque je tenais à leur faire restituer le butin qu'ils avaient filé dans le Comté de Beauharnais en 1838 - Ils me proposèrent alors de me payer (sans fixer le terme de quatre ans que je connaisse) à condition que je consentirais, pour le futur, à demander et faire payer au parti Américain £25 de plus qu'il n'a coutume de payer annuellement, suivant un arrangement fait par les anciens chefs - depuis je leur ai répondu que je ne pouvais pas accepter leur proposition avant que le parti Américain y consentirait: que tant que cet arrangement n'aurait pas lieu je ne pouvais pas leur demander (aux américains) aucune somme en dessus de celle de £25 - et que les autres £25 - je les leur demanderais (aux chefs Royalistes) jusqu'au moment où l'autre parti consentirait à abroger les anciennes conventions, par lesquelles la paie du Mipiomaire est réglée, pour en faire de nouvelles -
Ils n'en persistèrent pas moins à dire qu'ils me paieraient les arrérages se montant à £100 - : et qu'ils prendraient des mesures pour décider leur différend entre eux et le parti Américain - en choisissant comme seul arbitre l'Evêque Catholique de Montréal, devant lui en faire écrire immédiatement après le conseil - Ils n'en ont rien fait depuis ce temps-là, et de plus n'ont fait aucune démarche auprès du parti Américain pour terminer leur différend. Traduction en français du Memorandum fait en sauvage

Nous, soussignés, chefs Royalistes et chefs Américains, avons eu communication d'une pétition en datte du 30 Septembre 1848 adressée à Son Excellence le Gouverneur Général, signée de 8 chefs Royalistes, dans laquelle ils mentionnent des faits qui ne sont pas corrects, et c'est pour en donner une juste idée à Son Excellence que nous délivrons le présent Memorandum.

1°. Nous certifions que le Missionnaire (~~Mr Marcoux~~) a toujours reçu le salaire de £50 des chefs de St Régis, et qu'il a droit à ce salaire en vertu de conventions consenties par les anciens chefs après l'établissement du village. En 1812 et les années suivantes, ce salaire était payé au Missionnaire par les chefs qui n'étaient pas encore divisés; tantôt ils payaient avec l'argent d'une vente d'une place de Moulin située en un lieu nommé Ozanishing: tantôt avec l'argent d'une autre place de Moulin située en un lieu connu sous le nom de Mapana. Enfin quelques fois les chefs payaient à même les $566.. provenant du Gouvernement Américain dont les 8 signataires parlent dans leur pétition. La moitié des $566.. était payée aux chefs du Sault St Louis, et c'est cette moitié dont les chefs Royalistes réclamaient une part, il y a quelques années, qu'ils n'ont pu gagner. Ainsi il n'est pas vrai de dire que ce salaire était payé à même les $566 exclusivement de toute autre ressource.

2°. Nous certifions de plus qu'environ 4 ou 5 ans après la guerre de 1812, les sauvages de St Régis (qui étaient encore tous Royalistes) en conseil général, se sont divisés en deux parties, connues maintenant sous les noms de parti Royaliste et parti Américain. Cette division a aussi nécessité la division de leurs propriétés, qui a eu lieu comme suit du libre consentement des deux parties et d'une manière permanente: 1° Toutes les propriétés, en terre argent, rentes &c situées dans le Canada, demeureraient la propriété des sauvages Royalistes. 2° Toutes les propriétés, en terre, rentes &c si-

tuées dans l'Etat de New York, et la moitié des $566.. payées par le Gouvernement du même Etat, demeureront la propriété des sauvages Américains. 3e. L'Eglise, le cimitière, le presbytaire et autres dépendances à l'usage du Missionnaire; bâties en commun avant leur division, resteront la propriété des deux parties et ils s'en serviront en commun: et les dépenses pour réparations ou améliorations qu'il serait nécessaires d'y faire par la suite, seront payées par parties égales par des deux parties. 4e. Le salaire du Missionnaire de $200.. serait payé, $100. par le parti Royaliste et $100.. par le parti Américain à même leurs revenus réciproques et toutes autres charges constituant la paie du Missionnaire seraient supportées également par les deux parties. Et pour confirmer la vérité de ce que nous disons, nous produisons un extrait d'un document (4e paragraphe) fait en conseil des deux parties Royaliste et Américain, à St Régis le 14 Juin 1842 signé par Joachim Tiosarakwente, Alexis Tekaonsasen, Michel Tekarihontie, Joseph Kentiohkwen, Pierre Sakaiatentha, Louis Tarakonnente, Louis Tasennate, Jacques Taaratie, André Karenhoton, Pierre Gitakehte, Thomas Sakokehte chefs Royalistes et Louis Taioronhiote, Thomas Tatsete, Simon Kanasatenton, Michel Rakionhate, Louis Tekanotatiron, Pierre Onasakennat, Louis Taronhiakehton, Joseph Teorakaron chefs Américains en présence des chefs du Sault St Louis, des chefs Iroquois et Algonquins du Lac des deux Montagnes. Voici ce qu'ils ont arrêté par ce 4e paragraphe. „ Et encore aujourd'hui ils confirment de nouveau les conventions que les anciens avaient faites en premier lieu à l'égard de la Religion et ce qui y a rapport, et ces conventions qui sont en force maintenant le seront toujours par la suite" Ainsi nous avons confirmé de nouveau ces anciennes conventions, de notre libre consentement, sans y faire aucun changement. Quatre copies du dit document ont été délivrées, une aux chefs Royalistes, une aux chefs Américains de St Régis: une aux chefs du Sault St Louis et une aux chefs du Lac des deux Montagnes.

3° Les 8 signataires dans leur pétition, mentionnent les £50 payés par le Gouvernement, comme une chose qu'ils auraient ignoré pendant 14 ans et peut-être au delà & nous pouvons certifier avec vérité, qu'ils le savaient très bien, en 1812 et bien au delà, et maintenant encore ils le savent très bien. Mr Hughes, qu'on introduit ici, ne pouvait pas leur en donner une connaissance plus parfaite. Ainsi il n'est pas juste de tromper Son Excellence sur la manière dont est réglé la paie du Missionnaire, ils ne se sont pas trompés ceux qui l'ont ainsi réglée en premier lieu, ils savaient bien que le Gouvernement paie £50.

4° Les 8 signataires rapportent dans leur pétition que le Missionnaire, pour se faire payer son salaire, les menace d'excommunication de privation de sépulture; et que cette menace aurait été mise à exécution dans l'Eglise en présence du Coadjuteur et des sauvages Américains. Nous, soussignés, étions présens ce jour là dans l'Eglise, et nous certifions que ce rapport des 8 signataires est faux, mensonger. que le Missionnaire n'a pas fulminé d'excommunication contre eux, mais il a été simplement l'interprète du Coadjuteur qui a parlé et agi en cette circonstance: et l'Evêque n'a point aussi fulminé d'excommunication contre les 8 signataires, mais a seulement suspendu à leur égard l'usage des Sacrements de Notre Religion jusqu'à ce qu'ils reviendraient à de meilleurs sentiments et qu'ils reconnaîtraient l'autorité de l'Evêque à décider en matières religieuses et régler le support du Missionnaire.

Enfin nous espérons que Son Excellence n'écoutera pas la demande que lui font les 8 signataires d'user de son autorité et de son influence pour faire remplacer Notre Missionnaire qu'ils veulent faire éloigner pour la seule raison qu'il demande son salaire qu'ils lui refusent de payer. Le Missionnaire remplit son devoir fidèlement envers tous ceux qui ne mettent pas d'obstacles à l'exercice de son ministère, nous en sommes satisfaits et nous espérons le garder au milieu de nous aussi longtemps qu'il sera possible.

Traduction française.

Nous, soussignés chefs Royalistes, certifions, avec pleine connoissance de cause, qu'en 1839 les chefs Royalistes ont arrêté le salaire du Missionnaire pour la seule raison qu'il les obligeoit de restituer le pillage qu'ils avoient fait dans les environs de Chateauguay (dans la rebellion de 1838) et qu'ils ont ainsi retenu son salaire pendant quatre ans pour cette cause, ainsi c'est contre la vérité de dire que le salaire du Missionnaire avoit été arrêté pour la cause que mentionnent les 8 signataires dans leur pétition du 30 septembre 1848.

Au commencement de 1843 nous avons consenti à payer ces arrérages de 4 années au Missionnaires, et nous lui avons dit ce jour là, en conseil, en présence de Mr S. Y Chesley, et de quelques autres personnes, qu'à compter de ce jour, il se feroit payer par les Sauvages Américains, ce à quoi il n'a pas consenti. Voyant que nous ne pouvions pas nous accorder, nous sommes convenus de soumettre l'affaire à l'arbitration de l'Evêque de Montréal, nous ne l'avons pas fait après coup. Les choses en sont demeurées ainsi jusqu'en 1847 où 8 chefs ont fait une application au Gouvernement d'alors se plaignant que le Missionnaire leur demandoit encore son salaire. Mr S. Y Chesley y joignit un memorandum, affirmant que le Missionnaire avoit consenti en 1843 a abandonné son salaire et se le feroit payer par les Chefs Américains. Nous déclarons que Mr S. Y. Chesley n'a pas écrit la vérité dans son mémorandum.

Nous produisons ici une copie d'un document du 23 Mars 1847 signé de 6 chefs Royalistes qui prouvent que Mr S. Y. Chesley n'a pas écrit la vérité. — De plus nous déclarons qu'en mai 1847 le Colonel D. C. Napier Esr. demanda aux chefs Royalistes, en conseil, — est-ce vrai que le Missionnaire a abandonné son salaire en 1843? ils répondirent, il n'y a pas consenti. Il leur demanda encore, est-ce vrai que vous aviez choisi l'Evêque de Montréal comme arbitre en cette Matière? ils répondirent

nous l'avions choisi. Alors il leur dit, voulez-vous soumettre votre affaire à son arbitration? ils répondirent nous ne sommes pas en nombre suffisant aujourd'hui, quelques chefs sont absens, lorsqu'ils reviendront nous nous en occuperons. Ils promirent de régler à l'amiable cette affaire. Ainsi aujourd'hui encore ~~les~~ ils n'ont rien arrangé - le Missionnaire n'a consenti à rien.

Nous prions le Colonel Napier de fournir un certificat au Missionnaire, en y déclarant tout ce qui est à sa connaissance à ce sujet.

St Régis 28 Mars 1847, nous, soussignés, étions présens au conseil tenu dans le mois de Février de l'année 1843, pour décider de payer le Missionnaire $400 que nous lui devions: (et pour décider) que le Parti Américain paierait $100 (par année) que nous avions coutume de payer. Le Missionnaire n'y a pas consenti, il a dit: lorsque vous aurez réglé ceci, et que l'autre parti y aura consenti à me payer encore $100 tous les ans, alors je les leur demanderai. Tout ainsi que la chose a eu lieu à notre connaissance, et que nous avons entendu notre père s'exprimer en disant: lorsque vous aurez réglé ceci définitivement. menacé d'excommunication les 8 signataires; je n'ai agi que comme interprète du Coadjuteur, qui lui même ne les a pas excommunié, mais il leur a dit que tant qu'ils ne reconnaîtraient pas l'autorité de l'Evêque pour décider et régler le mode du sautier du missionnaire, ils se rendraient indignes de participer aux sacrements de notre Religion, même à l'article de la mort. Je n'en dirai pas d'avantage, je renvoie au memorandum A 4e paragraphe où les signataires font justice de ce fait avancé.

Quant à la privation de la sépulture d'aucun des 8 signataires dans le cimetière commun, l'ordonnance du Coadjuteur, que j'ai parlé vers moi, n'en fait aucune mention. Cette punition existe seulement dans le cerveau de ces pauvres gens ainsi que l'excommunication. Si le Coadjuteur a cru dire (et c'est toujours lui qui a parlé, quoique les 8 signataires, contrairement à la vérité, m'attribuent le tout) quelques mots de félicitation et d'encouragement aux sauvages américains, c'est qu'il a pensé qu'ils les méritaient. Il a adressé les mêmes félicitations aux sauvages Regalistes qui sont bien disposés, il les a exhorté à la paix, même avec ceux qui leur sont opposés. Il a reproché aux 8 signataires, quoique absens, leur conduite irrégulière, non pas en se servant des expressions rapportées par eux, quoiqu'ils ne les aient pas entendues... de vagabonds, antichrétiens, payens, mais en faisant usage d'un langage noble et propre à les faire rentrer en eux mêmes, s'ils en étaient capables.

Monsieur,

J'ai l'honneur d'accuser la réception de votre lettre du 12 courrant avec une copie d'une pétition signé de 8 Chefs au sujet de mon salaire. Vu la nature du sujet, et les accusations qui m'ont paru fausses j'ai du prendre des informations qui ont été la cause que je n'ai pu répondre de suite.

Le contenu des documents et les nouvelle les explications, jointes a celles de 1847 éclairciront j'espère, ce sujets que les 8 signataires paraissent vouloir assurer afin de tromper son Excellence sur la nature de cette question.

Vous verrez en parcourant a differents documents, que les accusations portées dans la derniere partie de la pétition ne sont pas conformes a la vérité.

En fin j'espère que, conformément à la demande que vous en font plusieurs Chefs vous me ferez le plesir d'y joindre le certificat qu'ils vous prient de délivrer en ma faveur en rapportant tout ce qui est a votre connoissance à ce sujet, et d'y ajouter toutes remarques que vous croirez convenables, pour être présentées a son Excellence,

J'ai l'honneur d'être
Monsieur,
Votre très humble serviteur

Traduction en françois du Memorandum fait en Sauvage

Nous, Soussignés, Chefs Royalistes et Chefs Américains, avons eu Communication d'une petition en datte du 30 Septembre 1848 adressée a Son Excellence le Gouverneur Général, Signé de 8 Chefs Royalistes, dans laquelle ils mentionnent des faits qui ne sont pas Corrects, et c'est pour en donner une juste idée a Son Excellence que nous délivrons le présent Memorandum.

1o. Nous Certifions que le Missionnaire a toujours reçu le salaire de £50 des Chefs de St Regis, et qu'il a droit a ce salaire en vertu de Conventions Consenties par les anciens Chefs après l'établissement du Village. En 1812 et les Années Suivantes, Ce Salaire étoit payé au Missionnaire par les Chefs qui n'étoient pas encore divisés, tantot ils payéoient avec l'argent d'une Rente d'une place de Moulin Situé en un lieu Nommé Ogansburg: tanto avec l'argent d'une autre place de Moulin Situé en un lieu Connu sous le Nom de Mapana, Enfin quelques # fois les Chefs payéoient a même les $566.. provenant du Gouvernement Américain dont les 8 Signataires parlent dans leur petition. La moitié des $566.. étoit payee aux chefs du Sault St Louis, et c'est cette moitié dont les Chefs Royalistes réclamaient une part, il y a quelques années, qu'ils n'ont pu gagner, Ainsi il n'est pas vrai de dire que ce Salaire étoit payé a même les $566 exclusivement de toute autre Resource,

2o. Nous Certifions de plus qu'environ 4 ou 5 ans après la guerre de 1812, les Sauvages de St Régis (qui étoient encore tous Royalistes) en Conseil général, se sont divisés en deux partis, Connus Maintenant sous le noms de parti Royalistes et parti Américain, Cette division a aussi Nécessité la division de leurs propriétés qui a eu lieu Comme suit du libre Consentement des deux partis et d'une Maniere permanente 1o. Toutes les propriétés, en terre argent, rentes &c

rentes de situées dans le Canada, demeureroient la propri=
=étés des Sauvages Royalistes, 2.° Toutes les propriétés,
en terre, rentes & situées dans l'Etat de New York, et la
moitié des $566.. paiées par le Gouvernement du meme
Etat demeureroient la propriété des Sauvages Américains
3.° L'Eglise, le cimitiere, le presbytere et autres dependances, } # a l'usage du Missionnaire; bâtis en commun avant
leur division resteroient la propriété des deux parts et
ils s'en serviroient en commun; et les dépenses pour
reparations ou amélioration qu'il seroit necessaires d'
y faire par la suite, seroient payées par parties
egales par les deux partis. 4.° Le Salaire du Missionnaire
de $200.. seroit payé, $100 par le parti Royalistes et
$100.. par le parti américain a même leurs revenus
réciproques et toutes autres Charges Constituant la paie
du Missionnaire seroient supportées egalement par les
deux partis... Et pour confirmer la vérité de ce que
nous disons, nous produisons un extrait d'un document
(5.° paragraphe) fait en conseil des deux partis Roy
=aliste et Américain, a St Régis le 14 Juin 1842 signé
par Joachin Tiosaratsente, Alexis Tekaonsasin, Michel
Tekarihontie, Joseph Kentiohkson, Pierre Sakoiatentha,
Louis Tarakonnente, Louis Tasenrate, Jacques Tahorade

chefs Royalistes. et Louis Taioronhiote, Thomas Tatsete,
Ignace Karassienton, Michel Kahionkate, Louis
Tekanotatison, Pierre Onasakenrat, Louis Taronhia=
=kehton, Joseph Teorakaron chefs Américains. en pré=
=sence des chefs du Sault St Louis, des chefs Iroquois et
Algonquins du Lac des deux Montagnes, voici ce qu'ils
ont arrêté par cette paragraphe. " Et encore au=
=jourd'hui ils confirment de nouveau les conventions
que les anciens avoient faites en premier lieu a l'égard
de la Religion et ce qui y a rapport, et ces conventions
qui sont en force maintenant le seront toujours par
la suite" Ainsi nous avons confirmé de nouveau les

anciennes,

anciennes Conventions, de Notre libre Consentement, sens y faire aucun changement. Quatre Copies du dit Document ont été délivrées, une aux chefs Royalistes, une aux chefs Americains de St Régis; une aux chefs du Sault St Louis et une aux Chefs du Lac des deux Montagnes.

3.° Les 8 signataires dans leur pétition Mentionnent les £50 payés par le Gouvernement, comme une Chose qu'ils auroient ignoré pendant 4 ans et peut être au delà & nous pouvons Certifier avec verité, qu'ils le savoient très bien, en 1812 et bien au delà, et Maintenant encore ils le savent très bien. Mr Hughes, que on entend ici, ne pouvait pas leurs en donner une Connoissance plus perfaite. Ainsi il n'est pas juste de tromper son Excellence sur la Maniere dont est Réglée la paie du Missionnaire, ils ne se sont pas trompés ceux qui l'ont Ainsi Reglée en premier lieu, ils savoient bien que le Gouvernement paie £50—

4.° Les 8 signataires rapportent dans leur pétition que le Missionnaire, pour se faire payer son salaire, les Menace d'excommunication de privation de Sepulture, et que cette Menace auroit été Mise a execution dans l'Eglise en présence du Coadjuteur, et des Sauvages, Américains Nous, soussignés, étions présens ce jour là dans l'Eglise, et nous Certifions qu'a rapport des 8 signataires est faux. Mensonger que le Missionnaire n'a pas fulminé d'excommunication contre eux, mais il a été simplement l'interprète du Coadjuteur qui a parlé et agi en cette circonstance; et l'Evêque n'a point ainsi fulminé d'excommunication Contre les 8 Signataires Mais a seulement suspendu a leur égard l'usage des Sacrements de Notre Religion jusqu'à ce qu'ils reviendroient à de Meilleurs sentiments et qu'ils reconnoitroient l'autorité de l'Evêque à régler décider en matières Religieuses et Regler le support du Missionnaire. Enfin Nous espérons que son Excellence n'écoutera pas

la demande que lui font les 8 Signataires d'user de son Autorité et de son influence pour faire remplacer Notre Missionnaire qu'ils veulent faire éloigner pour la seule raison qu'il demande son salaire qu'ils lui refusent de payer. Le Missionnaire remplit son devoir fidèlement envers tous ceux qui ne mettent pas d'obstacles à l'exercice de son Ministère, nous en sommes satisfaits et nous espérons le garder au Milieu de Nous aussi longtemps qu'il sera possible.

Nous, soussignés Chefs Royalistes, certifions, avec pleine connoissence de cause, qu'en 1839 les Chefs Royalistes ont arrêté le salaire du Missionnaire pour la seule raison qu'il les obligeoit de restituer le pillage qu'ils avoient fait dans les environs de Chateauguay (dans la rebellion de 1838). et qu'ils ont ainsi retenu son salaire pendant quatre ans pour cette cause, ainsi c'est contre la vérité de dire que le salaire du Missionnaire avoit été arrêté pour la cause mentionnée par les 8 signataires dans leur petition du 30 Septembre 1848.

Au commencement de 1843 nous avons consenti à payer ces arrérages de 4 années au Missionnaires, et nous lui avons dit ce jour-là, en conseil, en présence de Mr S Y Chesley, et de quelques autres personnes, qu'a compter de ce jour, et se feroit payer par les Sauvages Américains, ce à quoi il n'a pas consenti voyant que nous ne pouvions pas nous accorder, nous sommes convenus de soumettre l'affaire à l'arbitration de l'Evêque de Montreal, nous ne l'avons pas fait après coup. Les choses en sont demeurées ainsi jusqu'en 1847 ou 8 Chefs ont fait une application au Gouverneur d'alors se plaignant que le Missionnaire leur demandoit encore son salaire Mr S. Y. Chesley y joignit un memorandum affirmant que le Missionnaire avoit consenti en 1843 a abandonné son salaire et se le feraît payer par les Chefs Américains de Nous déclarons que Mr S Y Chesley n'a pas écrit la vérité dans son memorandum. Nous produisons ici une copie d'un document du 23 Mars 1847 signé de 6 Chefs Royalistes qui prouvent que Mr S Y Chesley n'a pas écrit la vérité, de plus nous déclarons qu'en mai 1847 le Colonel D.C. St Regis 26 mars 1847.

En Fevrier 1843 les Chefs Royalistes eurent un conseil, au quel j'ai assisté, pour recevoir leur proposition touchant mon salaire qu'ils me refusaient depuis quatre ans, parceque je tenois à leur faire restituer le butin qu'ils avoient pillé dans le Comté de Beauharnois en 1838. Ils me proposerent alors de me payer, sans fixer le terme de quatre ans que je connaisse, à condition que je consentirois, pour le future, à demander et faire payer au parti américain £25 de plus qu'il n'a coutume de payer annuellement, suivant un arrangement fait par les anciens chefs. La dessus je leur ai repondu que je ne pouvois pas accepter leur proposition avant que le parti américain y consentiroit, que tant que cet arrangement n'auroit pas lieu, je ne pourois pas leur demander (aux américains) aucune somme en dessus de celle de £25 -- et que les autres £25 - je leur demanderois (aux chefs Royalistes) jusqu'au moment ou l'autre parti consentiroit à abroger les anciennes conventions, par lesquelles la paie du Missionnaire est reglé pour en faire de Nouvelles. Ils n'en persisterent pas moins à dire qu'ils me paieroient les arrerages se montant à £100 ... et qu'ils prendroient des mesures pour décider leur differend entre eux et le parti américain en choisissant comme seul arbitre l'Evêque Catholique de Montreal, devant lui en faire écrire immédiatement après le conseil. Ils n'en ont rien fait depuis ce temps là, et de plus n'ont fait aucune demarche auprés du parti américain pour terminer leur differend. Ainsi les choses sont encore aujourd'hui dans le même état ou elles étoient en 1843 de sorte que j'ai cru pouvoir avec droit leur demander, cette Année, comme je l'ai fait les années précédentes,

Ayant eu Communication d'une pétition datée du 30 Septem-
-bre 1848 adressée a Son Excellence le Gouverneur Général,
signée de 8 Chefs Royalistes de St Regis, au sujet de Mon
Salaire, j'ai cru y faire les quelques remarque qui
seroient en explication, attestées par le temoignage de
quatre Chefs Royalistes et plusieurs Chefs Americain
que tous ont une parfaite Connoissance des faits rap-
-portés dans la dite pétition.

Si je demande mon Salaire que les 8 signataires re-
-tiennent depuis 6 ans, C'est que je crois qu'il m'est rai-
-sonnablement dû et que je suis fondé en justice à
en faire la demande, Or S'il y avoit injustice en cela,
ce seroit extraordinaire que depuis peut être 50 Ans,
on ne S'en seroit pas aperçu, Ce seroit aussi extraordi-
-naire que depuis ce laps de temps, tous les Mission-
naires, Mes predecesseurs, auroient été en parfaite
possession de ce Salaire et l'auroient perçu en Cons-
-cience, Comme légitimement dû et qu'en 1848, 8 Chefs
seulement sur toutes une tribu, voudroient m'en priver
(toutes Choses étant demeurée les memes à l'égard du
Missionnaire) pour la seule Raison que la partie amé-
-ricain, dans leur Opinion, ne paie pas une somme
proportionnée a leur Nombre, en revoquant en doute
en même temps, la justice de ma demande si ce
Salaire étoit du, il y a 15 ans, et doit l'être Mainte-
-nant; or à cette époque il étoit considéré Comme légi-
-timement dû en vertu de Conventions qui étoient en force
et qui le sont encore Maintenant — je ne vois pas
sur quoi ils pourroient se fonder, en justice, pour
m'en priver.

Le second Paragraphe Mentionne une
Somme de $566-- payée par le Gouvernement de
l'Etat de New York &c J'aurais des explication à y
faire, Mais je m'en rapporte au Memorandum mar-
qué de la lettre A où les signataires donnent un état
correct.

correct de cette transactions et des conséquences qui l'ont suivi.

Dans le même paragraphe, les 8 signataires disent qu'en 1842 j'ai demandé 4 années d'arrirages de mon salaire, se montant à £100-- et qu'ils les ont payé (ceci, parcequ'ils étoit dûs) mais, ils ajoutent, avec l'entente que ce salaire ne seroit plus payé par eux par la suite &c. Je n'ai point fait de pareil les, conventions, je n'ai point consenti à ce qu'ils me demandoient. et pour preuve, je produis les mêmes documens qu'en 1847 pour le même objet que je croiois réglé dinifitivement. Deplus je joins ici un autre Memorandum Marqué de la lettre **B** signé de quelques chefs Royalistes qui ont une parfaite connoissance de cette transaction en 1843. En continuant d'examiner le même paragraphe, je vois que les 8 signataires m'accusent de les menacer d'excommunication des secours de la Réligion et de la Sepulture, pour les forcer a payer les arrirages qu'ils me doivent: et que j'aurois fait cette dénonciation dans l'Eglise parde vant les sauvages Américains et en présence du Coad=juteur de l'Evêque Catholique de Montreal &c. Je dirai d'abord que les 8 signataires étoient absens de l'Eglise en cette circonstance. 2°. Ils sont assez ignorants et la personne qui a écrit leur pétition, de penser qu'un Prêtre puisse fulminer une excommunication de sa pro=pre autorité et a la impresence d'une autorité supérieur, 3°. Ils sont si aveuglés par de mauvaises passions qu'ils ne peuvent pas s'imaginer qu'il n'y a que l'Evêque qui ait ce pouvoir et qu'il n'en use que dans des cas très extraordinaire Or, le Mardi 26 Septembre dernier, je n'ai ni excommunié, ni même menacé d'excommunication les 8 signataires; (je n'ai agi que comme interpretre du Coadjuteur, que lui même ne les a pas excommunié, Mais il

leur a dit que tant qu'ils ne reconnoissoient pas l'autorité de l'Evêque pour décider et régler le mode du soutien du Missionnaire, ils se rendoient indignes de participer aux sacrements de Notre Religion, même à l'article de la Mort. Je n'en dirai pas d'avantage, je renvoie au memorandum A 4^d paragraphe où les signataires font justice de ce faux avancé.

Quant à la privation de la sepulture d'aucun des 8 signataires dans le cimitier Commun, l'ordonnance du Coadjuteur, que j'ai par devers moi, n'en fait aucune Mention Cette punition existe seulement dans le Cerveau de ces pauvres gens Ansi que l'excommunication si le Coadjuteur a cru dire (et c'est toujours lui qui a parlé, quoique les 8 signataires, contrairement à la Vérité, M'attribuit le tout) quelques mots de félicitations et d'encouragement aux Sauvages Américains, c'est qu'il a pensé qu'ils les méritoient. Il s'a adressé les mêmes félicitations aux Sauvages Royalistes qui sont bien disposés, et les a exhorté a la paix, même avec ceux qui leur sont opposes &c. Il a reproché aux 8 signataires, quoiqu'absens, leur Conduite irrégulière, non pas en se servant des expressions rapportées par eux, quoiqu'ils ne les aient pas entendues, de Vagabonds Antichretien, payens, Mais en faisant usage d'un langage noble et propre à les faire rentrer en eux mêmes, s'ils en étoient Capables.

La derniere partie de la pétition est une pierre à son Excellence d'user de son autorité et de son influence pour me faire remplacer &c Comme je vois là, qu'après avoir empli la mesure avec le Mensonge, les 8 signataires veulent la Combler avec l'injure, je n'y répondrai que par le silence laisont a l'autorité Compétente à en décider.

Monsieur

J'ai l'honneur d'accuser la réception de votre lettre du 13 courant avec une copie d'une pétition signée de 8 chefs au sujet de mon salaire x. Vu la nature du sujet, et les accusations qui m'ont paru fausses, j'ai dû prendre des informations qui ont été la cause que je n'ai pu répondre de suite.

Le contenu des documents et les nouvelles explications jointes à celles de 1847 éclaircissent, j'espère, ce sujet que les 8 signataires paraissent vouloir obscurcir afin de tromper son Excellence sur la nature de cette question.

Vous verrez, en parcourant les différents documents, que les accusations portées dans la dernière partie de la pétition ne sont pas conformes à la vérité.

Enfin j'espère que, conformément à la demande que vous en font plusieurs chefs, vous me ferez le plaisir d'y joindre le certificat qu'ils vous prient de délivrer en ma faveur en rapportant tout ce qui est à votre connaissance à ce sujet, et d'y ajouter toutes remarques que vous croirez convenables, pour être présentées à son Excellence.

Sir

In transmitting to you the enclosed Petition of the Chief of the Micmac Indians of Restigouche; dated the 22d September 1848, I deem it proper to submit the accompanying Observations upon the Claims of the Petitioners.—

In reference to the third paragraph of the Petition, I have to observe, that in the Year 1842, I visited the Restigouche Settlement by order of the late Sir Charles Bagot, for the purpose of investigating certain Complaints and Claims which the Petitioners had brought under the Notice of Her Majesty's Secretary of State for the Colonies in the Spring

Observations upon the Petition of the Micmac Indians of Restigouche, dated 22d. September 1848. —

Claims. —	Observations. —
1. "That heretofore the Tribe at "Restigouche was always in the habit "of receiving from Her Majesty's "Government, annually, some "Presents in the way of Clothing and "other necessaries; but for the last "four or five years, from what "cause they are yet uninformed, "this bounty of the Government has "been withdrawn." —	1. The Report of the Commissioners of Inquiry (page 42.) contains the following opinion upon the subject of the preceding demand viz:— "With regard to Presents, it "appears from Col. Napier's Report "that this tribe has never been considered "to be entitled to share in the annual "Presents, having, within the memory of "man, belonged to New Brunswick, "and that they have only occasionally been "admitted to that indulgence." — "That Lord Dalhousie in 1826, "when distributing some presents among "them, expressly gave them in consideration of "their destitute condition in that year; but "by no means as acknowledging any claim "on the part of this tribe to such an "indulgence", and the written declaration "has ever since been in possession of the "Tribe, consequently the Tribe has no "claim to share in the annual issue, "and Col. Napier states, that it would "be an additional expense of "about six hundred pounds sterling, a "year, to supply the presents." —

This matter appears to have been decidedly by Lord Dalhousie in 1826 & subsequently by Lord Metcalfe on the recommendation of the Commissioners of Inquiry in 1844. & His Excellency the Governor General sees no reason for departing from these decisions

2. "They (the Petitioners) also pray "for a Grant or Reserve of three Miles "Square in rear of the Mission Point "Reserve, for the purpose of enabling "them to obtain a supply of fire wood "during the Winter Season". —	2. The Order in Council, dated 24th February 1848, in reference to a former Petition from this Tribe, recommends, that a certain tract of land in the Township of Mann, "should be "reserved and set apart for the "Petitioners under a licence of Occupation, "until the Legislature may sanction "the Grant prayed for." An Application has been made to the Crown Lands Department for the proposed licence. — 31 October 1848. D. C. Napier

Sir

I have been requested by the Grand Chiefs of this Village to inform you that the Young men held a Council to day to sell the fallen wood on the Domain — They the Chiefs are altogether opposed to selling wood as it would cause a great deal of trouble and dispute as they have had experience when they sold wood two years ago, as the young men intend to wait on you tomorrow to sanction their intention the Chiefs pray that you will not listen to them.

My dear Sir

You will perceive by the enclosed that there is a difference of Opinion between the Chiefs and the Young Men in regard to the sale of the fallen wood, to pay off the debt of the Church, and as Mr Grafton is going to the Village, and you will most probably be there, to Morrow, I would be much obliged by your bringing the Chiefs and Warriors together, to talk over the Matter and to come to some distinct understanding upon this point, while you are upon the Spot. — Yours sincerely

Monsieur,

J'ai l'honneur de vous transmettre le rapport de mon école pour le mois de novembre.

J'ai reçu votre circulaire du 14 novembre. Regarde-t-elle aussi les blancs mariés à des femmes sauvages? Veuillez avoir la bonté de m'éclairer sur cette question, car il y a ici plusieurs blancs mariés à des femmes sauvages, et qui demeurent dans le village depuis bien des années.

Je suis avec considération,

Lac des Deux Montagnes 29 Decembre 1848

Monsieur

Conformément a la promesse, que je vous fis dans la lettre que j'eus l'honneur de vous adresser en date du 16 septembre dernier, je vous envoie pour l'information de Son Excellence, les résultats de la visite faite dans les ~~champs~~ Champs indiens par des hommes experts, dans le double but de constater la maniere dont les travaux d'Agréculture avaient été exécutés par les indiens et aussi de voir s'il ne serait pas possible, de trouver dans le voisinage du village de la Mission une assez grande quantité de terres de bonne qualité et d'un défrichement facile, pour satisfaire aux demandes de ceux auxquels, il n'en avait pas encore été Concédé.

Le rapport ci-inclus, fera connoitre a Son Excellence de quelle maniere les terres Concédées aux Iroquois ont été Cultivées quels sont ceux qui ont apporté à la culture plus de soins et d'activité et que nous avons l'espoire fondé de pouvoir trouver une quantité suffisante de terres non encore Concédées dans le voisinage du village de la Mission pour satisfaire les justes demandes de ceux des Indiens qui désireraient se lierer a l'Agréculture, demaniere à pouvoir se procurer une honnete subsistance.

Connoissant l'interêts que prend Son Excellence à tout ce qui concerne nos Indiens, J'ai cru lui faire plaisir en mettant ci-dessous le nombre d'acres de terres Cultivées dans la Mission du Lac des Deux Montagnes tant par les Iroquois que par les Algonquins: ces derniers Jusqu'ici

presqu'étrangers à la Culture, semblent comprendre que c'est une nécessité pour eux de s'y adonner, leur Chasse ne leur fournissant plus qu'une existance tres misérable.

La liste Statistique pour l'annee finissant le 31 Decembre 1847 fournissant les chiffres suivants. d'un Nombre d'acres de terres soumis à la Culture par les Indiens.

1°	Iroquois —	Acres 625
2°	Algonquins et Tipissingues do	152
	Total —	777

Le nombre d'acres de terre, défriches et ensemencés le printemps dernier n'a pas encore été mesuré exactement; Mais Je pense, d'après les informations que J'ai prises, qu'il s'élève au moins à 80 acres Vous voyez Monsieur, que l'Agreculture de nos Indiens est encore dans l'enfance cependant le le Nombre d'acres de terre Neuve défriches et ensemencés le printemps dernier, Montre qu'ils font quelques progrès. J'ai lieu d'espérer que ces progrès Continueront, et que, sils peuvent persevérer dans la Sobriété et le travail, ils auront bientôt Amélioré leur existence. Vous pouvez Monsieur Assurer son Excellence que tous les efforts de Messieur les Ecclesiastiques du Seminaire de St Sulpice de Montreal, engénéral, et ceux du Directeur de la Mission du Lac des deux Montagnes en particulier n'ont eu et n'auront toujours en vue que le bien Moral et temporel de nos Indiens. J'ai lieu d'espérer que cette année nos Indiens profiteront des avis fraternels de son Excellence, et qu'ils s'abstiendront de déprédations semblables à celles par eux commises l'hiver dernier.

En finissant permettez moi Monsieur de vous

Rapport des Visiteurs du Domaine de la Mission du Lac des Deux Montagnes

Nous soussignés résidant en la Mission du Lac des deux Montagnes, ayant été chargés par Mr Dufresne Directeur de la dite Mission de visiter les terrains employés a la Culture par les Indiens, pour constater la maniere dont les travaux avoient été exécutés sur les dits terrains et de voir en meme temps s'il ne serait pas possible de trouver dans le voisinage du Village de la dite Mission, des terres de bonne Qualité, faciles a défricher et en assez grande quantité pour satisfaire aux besoins de ceux auxquels des terrains n'avoient pas encore été Concédés, après avoir fait la visite demandée, certifions ce qui suit. 1e. Que les travaux de Culture des Indiens sur les terrains a eux Concédés sont en general passablement bien exécutés à quelques exceptions près: 2e. Qu'il nous a paru qu'il en est quelques uns dont les demandes de Champs pour l'Agriculture n'ont été qu'un prétexte pour piller les bois du domaine; ces individus ayant pris beaucoup de bois et n'ayant cultivé que tres peu et quelque uns point du tout.

3e. Que les Terrains des Signataires de la Requête du 21 Mars dernier ont été généralement cultivés avec moins de soin que les terrains de ceux qui ont ~~toujours~~ toujours été soumis au Directeur de la Mission.

4e. Que nous avons trouvé quatre cent vingt deux Arpents de bonne terre et fort aisée à défricher non encore Concédés ce qui joint aux terrains déja Concédés, et dont une partie est déja en Culture, nous paraît suffisant pour que la population Iroquoise de la Mission puisse trouver une honnete Subsistance, si elle se livre à L'Agriculture

Monsieur,

J'ai reçu la vôtre du 29 ultimo, dans laquelle vous m'annoncez que le Conseil Exécutif vous accorde £97.11.1 courant, pour aide à la bâtisse projetée de notre maison d'école. J'en suis très-content et vous remercie bien cordialement de la peine que vous vous êtes donnée pour que notre demande fut bien reçue. Cette somme, il est vrai, ne suffit pas pour terminer la bâtisse, mais je trouverai les moyens de compléter la somme suffisante. Je désirerais savoir quand je pourrai toucher cette somme. Si l'époque n'en était pas trop éloignée, je me mettrais immédiatement à l'œuvre pour ma bâtisse. Car la saison actuelle est le meilleur temps de l'année pour me procurer tout le bois nécessaire. Government House,

Montreal 9th January 1849.

Sir,

I have submitted to the Governor General the Petition of Eight Chiefs of the Iroquois Tribe of Saint Regis, dated "30th September 1848," in which the Resident Missionary is charged with having used very unbecoming language towards the Petitioners "in the body of the Church," at that Village, on a certain day therein named.

I have, also, laid before His Excellency the Statements transmitted by the Reverend F.R. Marcoux, in refutation of this charge, and I am directed to Acquaint You, for the information of the Complainants, that it Appears by these Documents, that the Petitioners have misunderstood the Observations made by the Missionary, who, on this Occasion, Acted only as Interpreter to the Coadjutor.

His Excellency is Grieved to Observe the Existence of so much conception and ill feeling Among the Indians of Saint Regis, and Recommends

With reference to the Observations of the Petitioners upon the Claim of the Missionary, to the Salary of £25 heretofore allowed to him, and his predecessors, by the British Indians, you may refer them to the Answer to their former Petition on this point, which was explained to them, thro' Mr Chesley, by my directions, on the 17 March last, Namely; "that the Claim has Originated in a "transaction of a private Nature, with which "His Excellency declines to interfere."—

Monsieur,

Ci-inclus est la copie d'une lettre du Dr Meilleur que je viens de recevoir relativement à l'action du Gouvernement pour la bâtisse d'une maison d'école pour les Abénakis.

Il ne faut pas que cette affaire soit mise entre les mains des commissaires d'école de cette paroisse; car, comme vous le savez, notre école n'est aucunement sous leur contrôle; et je ne vois pas pourquoi ils seraient les directeurs d'une bâtisse pour une école qui n'est pas sous leur contrôle. D'ailleurs il est impossible que les commissaires d'école de cette paroisse, pour retirer l'argent accordé pour cette bâtisse, puissent procurer au Dr Meilleur les documents voulus par sa Circulaire No 9 page 9, parce que les Sauvages ne peuvent faire cession d'aucune partie de leur terrain aux Blancs.

Ma demande à l'Exécutif ne portait pas que cette maison serait dans le contrôle des commissaires d'école de cette paroisse.

Pourquoi n'en serait-il pas de cette somme comme pour celle de l'institution ? Pourquoi ne serait-elle pas déposée entre vos mains pour m'en remettre ensuite ?

Le Dr Meilleur ne peut pas faire autrement que ce qu'il m'écrit, je le sais ; car il faut qu'il suive les instructions qu'il vous a données dans ses circulaires. Mais l'Exécutif ne pourrait-il pas faire une exception pour le cas présent, où qu'il nous est impossible de remplir les conditions voulues par la loi ?

Veuillez donc avoir la complaisance de voir le Dr Meilleur, et lui dire ce que vous pensez là dessus. Le mieux de lui écrire et lui dire qu'il serait à propos de vous voir.

J'ai confiance que vous arrangerez bien cette petite affaire, de

En réponse à votre lettre du 16 Novembre dernier, adressée à l'Exécutif demandant un aide pour la construction d'une Maison d'Ecole sous le contrôle des Commissaires d'école de votre paroisse pour l'usage des enfans des Sauvages y résidans, j'ai l'honneur de vous dire que je suis autorisé par son Excellence à accorder cette aide aux Commissaires d'école sans exiger une contribution égale. To His Excellency the Right Honorable
James Earl of Elgin and Kincardin K.T.
Governor General of British North America.
&c. &c. &c.

May it please your Excellency

The Memorial of the undersigned principal British Indian Chiefs residing at St Regis. Most humbly representeth that your Petitioners have received through their agent Mr. Colquhoun. the copy of a letter addressed to Colonel Napier by Major Campbell bearing date the 9th January Inst. embodying your Lordships directions with reference to the complaints preferred by Your Memorialists against their Pastor the Revd. F.X. Marcoux dated 30th September last together with the Revd. Gentlemans reply in reputation thereof. And with your Excellency your Memorialists deeply lament the existance of so much contention and ill will a peaking between Mr. Marcoux and his flock as has not ceased to be manifested during the last ten years of his ministration at this mission and much as Your Memorialists and those whome they represent desires to live in Brotherly love with their neighbours and to respect their Spiritual. Pastor as recommended by Your Excellency

They are convinced from the experience of the past that their efforts to that end will be fruitless so long as the present incumbent is suffered to remain amongst them whose object appears to be more intent upon gaining their money than their affections. and respect. Your Memorialists in justice to themselves and those of the Tribe a list of whose Names is here to attached fully adhear to the statements set forth in their former complaint. notwithstanding Mr. Marcouxs. Statement to the contrary and in addition they beg to represent that Jacob Arentionthan a Member of the Church choire for nearly 20 years past and moreover a strictly sober and exemplary Man. has recently been turned out from that choire. This Man feels that he is denounced from the Church and for the first time during a life of some fifty five years abstains from going to it as do at least 20 others under similar feelings.

Your Memorialists therefore thank Your Excellency (as their kind Father) for the good advice offered them in the letter above referred to, and beg to express a well founded hopefe. that if Mr Marcoux is replaced that Your Excellency will not in future find cause for regret at the recurrence of dissensions. such as have disturbed St Regis during the last few years.

Your Petitions as in duty
bound will ever pray &c.

St Regis 26 Fevrier 1849

Monsieur

Hier seulement j'ai reçu votre lettre du 30 Janvier, m'informant qu'une petition, venant de St Regis, contient comme matiere de plainte, que Jacques Amentiontha aurait été déchargé de sa place, comme Chantre, dans l'Eglise, par mon ordre.

Je dois faire remarquer d'abord que si Amentiontha a été privé de sa place de Chantre, ce n'a pas été par mon ordre, ni par aucune insinuation de ma part, et je puis dire, avec plus de vérité que n'en comporte cette plainte dans la pétition en question, que je n'ai pris aucune part, directe ou indirecte dans cette transaction.

En second lieu je dois dire, par maniere d'information, que le Missionnaire seul, sans la co-operation de qui que ce soit, a toujours eu et a encore le pouvoir de choisir et d'admettre comme Chantre quiconque desire le devenir ou de les refuser à son gré et ainsi de les priver de cette place, comme Chantres, lorsqu'il le juge convenable. On doit bien comprendre que le Missionnaire ne déplace jamais un Chantre sans qu'il ait de justes raisons d'en agir ainsi à son egard.

Maintenant si Jacques Amentiontha a été mis hors du choeur, c'est que le Coadjuteur de l'Evêque Catholique de Montreal l'en a trouvé indigne parcequ'il ne voulait pas reconnaitre l'autorité de l'Evêque et qu'il se rebellait contre, lui Jacques Amentiontha et plusieurs autres. Cependant le Coadjuteur lui accorda neuf jours pour réfléchir, à la fin des quels, persistant dans les mêmes sentiments il dut se retirer du Choeur, sur l'ordre qui lui en

avait

avoit fait intimer le Coadjuteur,
si Aujourd'hui Anentiontha Montrait des sentiments
plus respectueuse et plus soumis a son Eveque,
Comme son Supérieur Spirituel, et s'il discontinuait
d'intriguer avec certains autres gens, du Village,
de Causer de la division parmi ses frère Sauvages,
Comme il l'a fait vers le Mois de Septembre dernier,
il n'éprouverait pas la Moindre difficulte a se
faire réintégrer dans sa place de Chantre.

Telles sont en peu de Mots, les Circonstances de
cette transactions. Je désirerais, pour plus grandes
informations, que vous voudriez bien vous adresser
au Coadjuteur de l'Evêque Catholique de Montreal
qui se ferait un plaisir de fournir des renseig-
ment probablement il en a beaucoup.

To His Excellency the Right Honorable
James Earl of Elgin and Kincardine K.G.
Governor General of British North America.
&c. &c. &c.

May it please your Excellency,

This Memorial of the undersigned principal British Indian Chiefs residing at St Regis. Most humbly representth that your Petitioners have received through their Agent Mr. Colquhoun, the Copy of a letter addressed to Colonel Napier by Major Campbell bearing date the 9th January, Inst. embodying your Lordships directions with References to the Complaints preferred by your Memorialists against there Pastor the Revd. F.X. Marcoux dated 30th September last together with the Revd. Gentlemans reply in refutation thereof, And with your Excellency your Memorialists deeply lament the existance of so much Contention and ill will or feeling between Mr. Marcoux and his flock as has not ceased to be manifested during the last ten years of his ministration at this Mission and Much as your Memorialists And those whome they represent desires to live in Brotherly love with there Neighbours and to respect their Spiritual Pastor as recommended by your Excellency, They are convinced from the experience of the past, that their efforts to that end will be fruitly so long as the present incumbent is suffered to remain amongst them whose object appears to be More intent upon gaining their Money than their affection, and respect. Your Memorialists in justice to themselves and those of the Tribe a list of whose Names is here to attached fully adhear to the Statements set forth in their former Complaint. Notwithstanding, Mr. Marcouxs Statement to the Contrary and in addition they beg to represent that Jacob Anentionthan, a Member of the Church, Choire for nearly 20 years past and moreover a Strictly Sober and exemplary Man, has recently been turned out from that Choire, This Man feels that he is denounced from the Church and for the first time during a life of some fifty five years abstains from going to it as do at least 20 others under Similar feelings.

Your Memorialists therefore thank your Excellency (as their Kind father) for the good advice offered them in the letter above refered to, and beg to express a well founded hopeje, that if Mr. Marcoux is replaced that your Excellency will not in future find Cause for regret at the recurrence of decensiones, such such as have disturbed Saint Regis during the last few years

St Regis 20th January 1849

Your Petitioners as in duty bound
will ever pray

La Petition des soussignés Chefs et guerrier du village Abenakis de St François du Lac St Pierre;

Expose humblement a votre Excellence;

Que depuis longtems ils s'adressent aux Cour de Justice pour recouvrir leur droits mais toujours inutilement, parceque le Syndic nommé pour agir en leur nom n'est pas reconnu en loi.

Qu'aujourd'hui certaines personnes font des demarches pour s'emparer de leur terres, qui leur ont été données par le Seigneur de St François, il ya plus d'un siècle, et qu'ils ont toujours possedées paisiblement jusqu'à ce jour.

C'est pourquoi ils s'adressent avec Confiance à votre Excellence, et la supplient très humblement de sanctionner une loi qui confirmerait la Nomination d'un Syndic, lequel Syndic serait nommé par leur Tribu et serait autorisé à poursuivre en leur nom, afin de recouvrir leur dettes et Conserver leur terres qu'ils possedent paisiblement depuis tant d'Années.

Et ils ne cesseront de prier,

Sir,

Nos. 2, 3 & 9, in the last Quarterly Report are omitted, as they are withdrawn from the school. No. 1, has not returned but is expected daily. No. 5, is sick at his home with the scarlet fever. No. 9, having made several attempts to abscond, and being a very unpromising boy with no apparent capacity for enlargement, I have allowed him to return with one of the parents of the Indian Boys. I was urged to do that through fear that he would escape and be frozen on the road. The boy No. 7, arrived here in the scarlet fever, and has been at the point of death. My family have remained by his bed during the whole of the last four nights. I was obliged to procure medical aid to preserve his life: he is in a separate apartment, and as the fever is removed, he is likely to recover.

Sir,

Louis Tewasharasere has withdrawn one of his sons named Ignace, No. 11, from the Institution, and intends to apply to your authority for the re-admission of his son Ch. Karrenahquah, who is about sixteen years of age to fill his place. The intention mentioned, renders it proper that I should inform you that the conduct of Charles at the time of his departure from the Institution was uncontrolable by my authority, and that it is probable if he be readmitted after the long indulgence & liberty of home, he will disturb the order of the school & be an evil example for the imitation of the younger Scholars. I am persuaded by his aversion to industry & study, that his object is only the avoidance of his labour at home. I beg permission to mention for the consideration of your

superior wisdom, that the ages most successfully available for the mental cultivation & proper training of the Indian Boys are from nine to fourteen. After the last mentioned period, they cannot be governed by kindness, and need parental authority to enforce obedience, & daily employment to secure industrial habits.

St. Francis Feb. 10th 1849

Sir,

Before a Bill can pass in the house to authorize the Indians at St. Francis to name a trustee among themselves, it may perhaps be useless for us to say much about our complaints against Mr. Wantell and other trespassers upon our property. But we cannot forbear to make known all new and additional attacks on our land, and we think, the more it is known what great injustice is done to us every day, the more it will be seen by those who are interested in the welfare of the Indians that we need an immediate help and do all they can in the present Session to obtain what will enable us to defend ourselves to be relieved. We have always been obedient to the instructions we have received from the office of Indian affairs not to do any thing ourselves, nor to make any agreement with any Seigneur, or with any other about our land, and if any trespass be committed, we have only to make a report of it. Mr. Wantell is now making another attack upon us; he is not satisfied with what he has done in having taken our wood land; he is now surveying our fields we occupy, our meadows and our corn fields to make us pay him rents, and if we are not willing to pay him, he will lease our fields to others.

Monsieur,

J'ai répondu à tous les articles demandés dans le retour statistique, excepté aux articles concernant le nombre d'âcres de terres cultivées et non cultivées, aux quels je ne saurais répondre d'une manière satisfaisante. Si toute la terre cultivable appartenant à la tribu Micmaque était divisée également chaque famille n'aurait pas quatre arpents pour sa part: voila ce qui est cause de la grande pauvreté de cette tribu, ayante faute de moyens et de justice, que nos prédecesseurs et moi n'ont jamais pu obtenir.

Dear Sir,

Your esteemed favour I have received by which I am sorry to learn that there still exists some impediment to my getting the Patent for the Land in Martintown, although Mr Chesley mentioned to me that it only required the description & quantity of land to enable the department to grant it - Probably you are not aware that since I received Major Campbells letter, the Land was seized by Judgment & subsequently obtained, and bought in by my Attorney for me at Sheriffs Sale - The Sheriffs Title is in your Office in Charge of Mr Chesley. No doubt upon Major Campbell as well as yourself looking over it, there will be no further cause in my not getting the Patent - The

Ci-inclus est la somme de £ 67.10, courant, en débentures, que je vous envoie par Louis de de Longueuil, un des chefs de ce village. Veuillez donc avoir la complaisance de faire changer ces bons provinciaux pour de l'argent courant que vous avez la bonté de me renvoyer par le même, Le de Longueuil. Sir,

The boy, Pierre Thaiorentiote, mentioned in your letter of the 22nd, arrived here, accompanied by his Father and another Indian, on the same day that your letter concerning his admittance was dated. I have now present only eight boys. Louis Thansiakenra remains at the Indian Village sick. There are nine boys now in the establishment. The Indian boys have been afflicted with fever without exception, and now remain weak & tender.

I am, Sir,
Your humble & obed.t Servant,

Col. Napier

Dear Sir,

The report concerning the Cold Rooms is not correct which you will perceive when I inform you that the most distance box from a large Stove when in his bed is not more than five feet. that there is a Stove in each apartment and 13 cords of wood at their free use for days past.

One of the Sioux said that his tribe for Louis ought to have none but white men.

St Regis 26 Février 1849

Monsieur

Hier seulement j'ai reçu votre lettre du 30 Janvier, m'informant qu'une pétition, venant de St Regis, contient comme mature de plainte, que Jacques Anentiontha aurait été déchargé de sa place, comme Chantre dans l'Eglise, par mon ordre:

Je dois faire remarquer d'abord que si Anentiontha a été privé de sa place de chantre, ce n'a pas été par mon ordre ni par aucune insinuation de ma part et je puis dire, avec plus de vérité qui n'en comporte cette plainte dans la Pétition en question, que je n'ai pris aucune part, directe ni indirecte dans cette transaction.

En second lieu je dois dire, par manière d'information, que le Missionnaire seul, sans la coopération de qui que ce soit, a toujours eu et a encore le pouvoir de choisir et d'admettre comme Chantre quiconque désire le devenir ou de les refuser à son gré et aussi de les privér de cette place, comme Chantres, lorsqu'il le juge convenable. On doit bien comprendre que le Missionnaire ne déplace jamais un Chantre sans qu'il ait de justes raisons d'en agir ainsi à son égard,

Maintenant si Jacques Anentiontha a été mis hors du Chœur, c'est que le Coadjuteur de l'Evêque Catholique de Montréal l'en a trouvé indigne parcequ'il ne voulait pas reconnoître l'autorité de l'Evêque et qu'il se rébellait contre (lui Jac Anentiontha) et plusieurs autres. Cependant le Coadjuteur lui accorda neuf jours pour réfléchir, à la fin des quels persistant dans les mêmes sentiments il dut se retirer du chœur sur l'ordre qui lui en avait fait intimer le Coadjuteur. Si aujourd'hui Anentiontha montrait

des sentiments plus respectueuse et plus soumis a son Evêque, comme son superieur spirituel, et s'il dis-continuait d'intriguer, avec certains autres gens du village, de causer de la division parmi ses freres sauvages, comme il l'a fait vers le mois de septembre derniere il n'éprouverait pas la moindre diffi-culte à se faire réintégrer dans sa place de Chantre.

Telles sont, en peut de mots les circontances de cette transaction. Je desirerais pour plus grandes informations, que vous voulussiez bien vous adresser au Coadjuteur de l'Evêque Catholique de Montreal, qui se ferait un plaisir de fournir des renseigne-ments, et probablement il en a beaucoup.
