IRELAND AND HOME RULE.

THERE IS ONLY ONE QUESTION FOR THE ELECTORS.

Date of the Dissolution Announced — Elections Next Month—Priests Against Parnellites—Mr. Gladstone's Campaign —Election Fever—What "Member of Parliament" Says.

LONDON, June 13.—The House of Commons presents a dreary spectacle this month. Few of us put in more than an irregular attendance, for we have to hold the fort in our various constituencies, and a close siege is being laid by our adversary.

We have not so much time in preparation as is allowed in the Presidential canvass. Parliament will be dissolved on the 25th, and in less than 10 days all the borough elections will be over, and by the third week in July we shall know the result everywhere. It is not a question of waiting four or five months for the verdict.

Mr. Gladstone Leads Off.

Mr. Gladstone begins the campaign next week, first fortifying himself with a dinner at the Garrick Club with some of his supporters. Mr. Balfour cannot look after his election until all is over in Parliament. The rest of us are left to do the best we can for ourselves. Meanwhile we flit about the House like so many ghosts. The necessary business has to be wound up. The Government finds itself with little or no opposition.

The Conservatives are decidedly more impatient for the fight to begin than the Gladstonians. "Home Rule" when put straight to the people seems a nauseous dose to swallow. It may be gulped down, but the Gladstonians evidently have grave doubts about it. The Unionists are growing more confident every day, and so the rival armies stand at present.

The Parnellites.

The interesting thing is what is to become of the Parnellites. One or two agents have been over here from the United States to enquire into the position of affairs, and I believe have gone back rather puzzled. The Parnellites under Mr. T. Harrington and John Redmond at present number 30 men in the House of Commons—a formidable contingent, if they hold their own, and they might be able to decide the fate of the next government, but the anti-Parnellites, backed by the priests, are confident that of these 30 seats they can capture 24, leaving a miserible remnant of six to represent the views of the late "uncrowned king" in the next Parliament. This, of course, means simply annihilation. Mr. Redmond has gone to America to see if he can get pecuniary help, but the anti-Parnellites do not care about that. They say that with or without money they can put the Parnellites to total rout. In that case about 79 Irish votes in Parliament will be cast for Mr. Gladstone as long as he obeys the bidding of the owners thereof; when he resists they will cast them for the Conservatives. The old game of see-saw is to be renewed.

The One Issue.

I can scarcely find anybody in the House whose seat is not being contested except the lucky members for the universities, and so long as they behave themselves they are all right.

The labor eight hours party is creating divisions in some places and the temperance people are beating their big drums in all directions. We shall in the main fight out the battle on the plain, simple issue, "Will or will you not give Ireland an independent and separate Parliament and practically remove her from the control of England?" On that question the majority returned an emphatic "No" in 1886. Have they jumped right round without a special cause or reason assigned? Are they now prepared to say "Yes"? This really is the sole matter in controversy. The most skilful electioneers admit they cannot do more than guess the verdict which will shortly be delivered.

DISSOLUTION NEXT WEEK.

Statement by Balfour in the Imperial House.

LONDON, June 13.—In the House of Commons to-day Mr. Balfour, the Government leader, stated that Parliament would be dissolved between June 19 and 25.

Mr. Balfour added that the Government would conclude the Irish Education and several other bills before Parliament was dissolved, but it would be impossible to proceed with the Irish Local Government Bill.

Mr. Thomas Sexton (McCarthyite), member for West Belfast, declared that the Irish would strenuously oppose the Irish Education Bill at every stage.

ITS RELIGIOUS ASPECT.

Timely Letter From the Archbishop of Canterbury On the Topic.

In view of the near approach of the general election, the Archbishop of Canterbury was approached with a suggestion that he should invite to a private conference the leaders of the different denominations. The Archbishop has written the following reply to a correspondent:

"LAMBETH PALACE, S.E., June 1, 1892.

"Dear Sir,—There can be no doubt that all religious men agree with you that persons judicially condemned on grounds of immorality of all kinds are not proper legislators. A conference of religious men declaring that they thought so would not carry their own opinion or other people's opinion any further, but, if it did not rest there, it would, I believe, soon find itself resolved into semi-political caucuses from which the religious character would mainly disappear. What does seem to me infinitely more effective than any conceivable result of a conference is that all religious people should by their action and influence aid in the choice of representatives and in the tasks they would impose upon them anent the already existent common understanding. When this seems to be defective preachers should do their plain duty of endeavoring to restore or raise the sense that morals are life to the community. Believe me, yours very truly,

"(Signed) EDWARD CANTUAR."

The "Queen's Royal."

The "Queen's Royal," "Niagara-on-the-Lake," The name in itself is an alluring one and rather suggestive of calm serenity, cool breezes, rippling waves and rest. There is not a lovelier spot in Canada. Grand old elms, maples, sycamores and ample lawns surround the hotel, making it one of the prettiest summer resorts in Canada. The "Queen's Royal" will be formally opened on the 11th inst. d

"Esohnedragakerue" was the name which a bewildered reader found in the columns of an issue of The World. Upon investigation he found that it was Eureka Garden Hose spelt backwards. e

FROM OVER THE SEA.

Interesting News From the Old World—The Daily Round of Life's Chances and Changes.

LONDON, June 13.—Seven firemen were buried in the fall of a burning building at Holloway. The building is occupied as a dancing academy, and a panic was caused among the pupils as well as the teachers when the fire was discovered. The firemen were uncovered as speedily as possible. One was already dead, and the other six were so seriously injured that is feared that more will die.

New Judges.

LONDON, June 13.—Sir Francis Henry Jeune has been appointed President of the Probate, Divorce and Admiralty Division, in the place of the Right Honorable Sir Charles Parker Butt, deceased; and Mr. John Gorell Barnes, Q.C., Justice of the High Court by reason of Sir Francis Jeune's appointment.

STRUCK DEAD IN CHURCH.

Ten Killed and Twenty-eight Others Were Injured by a Lightning Bolt.

MADRID, June 13.—Terrific thunderstorms prevailed in different parts of Spain yesterday and heavy loss of life and injury by lightning are reported. The electricity appeared to pick out churches as objects on which to show its power, and unfortunately it did so while the services were in progress. At Melias, in the province of Orenz, the parish church was crowded with worshippers attending mass when the storm burst. Though the peals of thunder were very low and the flashes of lightning extremely vivid, not much attention was paid to the storm at first. Suddenly a most terrific crash of thunder, followed almost immediately by a flash of lightning that was blinding in its intensity, caused the worshippers to spring to their feet in fear. Women shrieked in terror and little children clutched their parents in agony of fear. For two or three seconds after the flash it was impossible to see anything, the transition from sudden brightness to extreme darkness rendering the people practically blind. The utmost confusion prevailed. Finally when order was restored the congregation was horrified to find that 10 of their number had been struck by the lightning and instantly killed and 28 others had been seriously injured.

COUNT HERBERT BISMARCK.

His Nuptials Will Cause Embarrassment to the Court at Vienna.

VIENNA, June 13.—During the recent fetes in Budapesth, the Emperor sanctioned the recognition of the city as a capital and royal residence.

The coming visit of Prince Bismarck and his family to attend the wedding of Count Herbert Bismarck to the Countess Margaret Hoyos excites keen interest here. The Prince will arrive on the 19th inst. If he stays here two days the Emperor and the Court cannot avoid noticing him.

The Allgemeine Zeitung says the Berlin Foreign Office has instructed the German ambassador here to confine its participation in the ceremonies attending the wedding of Count Herbert Bismark to the merest conventional formality. In accordance with these instructions the German ambassador with his colleagues will attend the wedding ceremony but not the breakfast.

A YACHT CAPSIZED.

Father and Daughter Drowned In Bantry Bay—He Died For Her.

LONDON, June 13.—A sad accident is reported from Bantry Bay, in the southwest of Ireland. Frederick Waller, a magistrate of that vicinity, who was also a gentleman of considerable landed estate, was out yachting with his daughter Jena. The waters of the bay were only rippled by a slight breeze. Suddenly one of the squalls so frequent in that neighborhood sprang up and the yacht instantly capsized. Mr. Waller, who was a good swimmer, came quickly to the surface, but his daughter was nowhere to be seen. He was seen to dive repeatedly evidently with the object of rescuing her, and although he could easily have saved himself by swimming, he continued to dive in his vain search until he was utterly exhausted, and he himself sank, not to come up again. When the rescuer arrived both father and daughter were drowned. Upon righting the yacht the girl's body was discovered entangled in the rigging.

A BURNING WICK DID IT.

Hundreds of Lives Lost Through Carelessness—Four Miners Arrested.

VIENNA, June 13.—A despatch from Przibram says that a miner named Havelka has informed the authorities that the recent disastrous fire in the Birkenhead mine was caused by a miner named Kriz carelessly dropping a burning wick when at work. Kriz, Havelka and two other witnesses have been arrested.

THE EMPEROR AND THE CZAR.

The Kaiser Will In Return Visit the Czar —Withdrawal of Frontier Troops.

ST. PETERSBURG, June 13.—It is expected that Emperor William will return the Czar's visit in the autumn when the Czar goes to hunt at Skernwice.

Orders have been given for the withdrawal of a portion of the Russian troops on the German frontier.

The Tonawanda Labor Troubles.

ALBANY, N.Y., June 13.—The Board of Arbitration will leave to-morrow morning for Tonawanda to look into the labor troubles there.

The Deeming MSS.

MELBOURNE, June 13.—The authorities have decided that the writings of the murderer Deeming, including his letters to the press, shall be destroyed.

Eighty Houses Burned.

PARIS, June 13.—Eighty houses have been destroyed by fire in the town of Dubez near Briancon, department of Hautes-Alps.

Moore's Musee.

Madam and Signor Galetti have been retained at the Musee this week and delight everyone present by their exhibition with trained monkeys and birds. The monkeys in particular are very intelligent and perform feats which are very interesting and amusing. Barnello, the fire king, who has been seen here before, gives his usual good exhibition. In the theatre the De Forrests introduce the original knick-knack dance and Maud Martell, in living statuary, shows some graceful poses. John L. Manning, the eccentric comedian, makes his first appearance in the Musee with a host of funny jokes and some good songs. Wasson and Walters do a funny burlesque sketch and Rogers Brothers, the German dialect comedians, create any amount of fun.

Pipe Smokers.

THE OBSTRUCTIONISTS' REIGN

THIS WAS SHOWN AT THE CITY HALL LAST NIGHT.

The Position of City Engineer Not Yet Filled — Meanwhile the City Suffers Through Delay — Mr. John Baxter Appointed Second Police Magistrate—Another Delegation to Go To Ottawa.

A special meeting of the City Council was held last night to appoint a City Engineer, but as usual nothing was done.

Ald. Macdonald moved that the Street Railway Company be requested to increase the early morning accommodation in Queen and King-streets east. This was carried.

Ald. Small moved that he and Ald. Lamb be appointed as a delegation to go to Ottawa to ascertain what part of the cost of the high level bridge over the Don shall be borne by the different railways and by the city. Ald. Hallam said he was going to Ottawa to satisfy himself and would pay his own expenses, so his name was added as one of the delegation.

Ald. Burns wanted more light for Simcoe-street and moved that the Fire and Light Committee be requested to consider the question. The motion carried.

Ald. W. Carlyle wanted the bylaw re dogs running at large to be more stringently enforced. The police commissioners will be requested to do so.

Ald. Gowanlock introduced a bylaw to change the water rates charged to persons who supply their own meters. Ald. Graham said the effect was to discourage people from using meters. The prices were too high.

Another Change in Water Rates.

Ald. Gowanlock said it was to encourage the use of metres. It cost the city more to have the metres read than most people supposed. The prices by this bylaw were materially reduced. The bylaw was allowed to pass.

Ald. Hallam moved that the Public Library Board be requested to provide larger accommodation by opening up to the public the old Music Hall, recently occupied by the Athenæum Club. This was carried.

Ald. Saunders' bylaw to authorize the issue of city of Toronto street railway debentures to the amount of $248,110 for the purpose of providing funds for the paving of portions of streets occupied by the street railway was carried without discussion.

The report of the Executive Committee, recommending that Mr. Baxter, J.P., be appointed a second police magistrate for the city, with power to act in the absence of Col. Denison, was passed. The Lieutenant-Governor, who nominally makes the appointment, will be requested to do so.

Then came the report of the Board of Works recommending the appointment of Mr. Stuart as City Engineer, which was a concise sentence in italics stating that the Executive recommended that the question be referred back for further consideration.

Why Was it Referred Back?

Ald. Shaw, chairman of the Board of Works, wanted to know whence all this obstruction. He was inclined to attribute the whole trouble to "His Worship and his dusky coadjutor." The City Engineer should have been appointed in January, the Ashbridge's Bay agreement should have been concluded, so as to allow the company to go to work in the early spring, as nothing can be done now with the pest hole; the street railway matter should have been settled last winter and would have been had the council heeded his advice, instead of going on a tour of investigation after a costly experiment. The Mayor had obstructed the carrying out of the Ashbridge's Bay scheme by inserting clauses which would make it impossible for any company to enter into the agreement. He criticised Ald. Saunders for bringing an engineer from the Western States.

His Mayor was anxious to set fire to a couple of houses in Elizabeth-street yesterday.

Charles Stephens, 94 River-street, is under arrest charged with stealing four coats from Alexander Miller, 232 King-street east.

Jean McConvey, 186 Simcoe-street, was arrested yesterday charged with the larceny of some dry goods from Robert Simpson's.

Annie Bush, 256 Wilton-avenue, was arrested yesterday by Detective Duncan on a warrant charging him with housebreaking and larceny.

Cases of infectious diseases reported to the Medical Health Officer during the week were: Typhoid 5, diphtheria 35, scarlet fever 13. The ambulance made 14 journeys.

The case of Charles Wallace, charged with being the landlord of a disorderly house, was again remanded by Mr. Baxter for the purpose of securing further evidence.

The Public School Board's sub-committee on repairs opened tenders for summer repairs yesterday. Painting will cost $3000, carpentering $8600 and miscellaneous $1000.

Alexander Dawson, 461 Queen-street east, will be tried in the Police Court this morning on a charge of indecent assault. Annie Pullen and her sister, two little girls, are the complainants.

The opposing counsel in the old street railway appeal case yesterday made arrangements with Justice Maclennan whereby the printing of the voluminous evidence will be obviated.

The Boards of Health of East Toronto Village and Scarboro Township have decided to allow Toronto night soil to be deposited within their limits of the latter municipality under certain sanitary restrictions.

The regular monthly meeting of Her Majesty's Army and Navy Veterans will be held this evening in Occident Hall, when the law pertaining to societies will be discussed. Every member is requested to be present. It is expected that a large number of new members will be enrolled.

The M. W. Grand Master John Ross Robertson will visit Occident Lodge 346, A.F. & A.M., Wednesday evening, June 15, when he will deliver his historical lecture on the craft. The officers and members of St. George's Lodge will also be present at the request of the M.W.G.M.

To overcome the prejudice against Sunday afternoon parades the City Legions of Select Knights of Canada have completed arrangements for holding their annual church parade to the Bond-street Congregational Church on Sunday morning, 26th inst. The Rev. Dr. Wild will preach.

William Blake, 42 Sumach-street, was arrested by Detective Black at the Union Station last night charged with stealing a valise from the Montreal train. The valise is owned by A. L. Chamberlain, New York. Blake was convicted a short time ago for picking pockets at the Auditorium.

THE RAINY RIVER MURDER.

How the Verdict Was Reached—What the Trial Has Cost.

PORT ARTHUR, June 12.—At 9.30 Saturday evening, after six hours' absence, the jury, in the case of Nellie Carruthers, returned with a verdict of "Not guilty."

The whole of the day was devoted to addresses by counsel and the judge's charge.

Mr. Osler, Q.C., admitted that the famous "suicide letter" was in the prisoner's handwriting, but claimed that an innocent person knowing she was suspected would act as the prisoner had done.

Judge Armour's charge was a terribly strong arraignment of the prisoner. His Lordship told the jury that there could be no doubt whatever as to the prisoner's guilt.

The jury stood 8 to 4 for a conviction, but the persuasive eloquence of Foreman McCallum and Jurors Arthurs, St. Louis and Nicholson soon turned the others.

When the jury returned announcing the verdict of "Not guilty," Judge Armour remarked: "Prisoner, the jury has acquitted you; I hope your conscience has acquitted you. You are discharged."

The woman, though nervous at times when the jury was out, maintained her remarkable self-possession to the end.

The cost of the trial will be enormous, exceeding probably $7000, of which about $3000 will fall upon the Government. The balance of $4000 has to be met by the father and brother of the prisoner, who mortgaged the farm in Blanchard to raise funds for counsel and witnesses, thus financially ruining them.

THAT TRIPARTITE AGREEMENT.

A Possibility of Its Soon Being Consummated.

A good deal of the uncertainty which has surrounded the settlement of the tripartite agreement was yesterday removed. The cause was the receipt by Mayor Fleming of a little missive from General Manager Seargeant of the Grand Trunk Railway. It ran thus:

I am happy to inform you that we have now come to an understanding with the Canadian Pacific, and that all points in difference having been adjusted there is no reason why the Toronto Union Station agreement should not be completed.

The city fathers who threatened to do something desperate unless the railway companies soon arrived at an agreement are now congratulating themselves.

Niagara-on-the-Lake.

The Queen's Royal Hotel, Niagara-on-the-Lake, is now open for the season. Special reduced rates for June.

Grand military hop, under the patronage of Col. Otter and officers of Camp Niagara, will take place on Thursday, June 23. Tickets good for steamboat fare and board at hotel from Saturday to Monday can be purchased at the Queen's Hotel, Toronto, for $5.

Presbyterian Ladies' College.

The third annual commencement of the Presbyterian Ladies' College will be held in Assembly hall, Church of the Redeemer, on Friday next. At 3 p.m. the diplomas, scholarships, certificates and prizes will be awarded, to be followed by addresses by leading educationalists. The annual concert, under the direction of Mr. Edward Fisher, will take place in the evening. The work of the students in art will be on exhibition during the day.

Local Jottings.

The St. George's Society are going to picnic at Victoria Park on July 20.

The Maxwell Memorial Sunday school are going to picnic at Olcott this season, going by steamship Carmona on July 11.

The Lake Michigan passed through here yesterday on her first trip from Montreal to Hamilton. This is her first trip for the season.

An Italian named Vito Valetto, who is supposed to be insane, tried to set fire to a couple of houses in Elizabeth-street yesterday.

The Isolation Hospital.

The Board of Health at its meeting yesterday afternoon decided, on the motion of Ald. Lamb, to recommend that the new Isolation Hospital be located adjoining the jail wall at the northwest corner, the entrance to be from Gerrard-street only, and no entrance from the Park. Architect Simpson was requested to prepare plans for the new building. Mr. Greer was present and consented to the use of the present building till the new one is completed.

The First Open Air Concert.

The first of the series of band concerts which the city give this year was held in Clarence-square last night from 8 till 10. The attendance was large owing to the presence of the Q.O.R. Band and the fact that it was the inaugural musical performance of the season. About 9 o'clock the square presented an inviting aspect, crowded as it was with fair visitants attired in light summer dresses, promenading up and down to the strains of the splendid band. The selections performed were: March, "Second to None," Hume; overture, "Le Cheval de Bronze," Auber; valse, "Fairy Revels," Roeder; Fantasia, "Bohemian Girl," Balfe; Gavotte, "Christina," Fliege; intermezzo, "Love's Dream After the Ball," Czebulka; euphonium solo, "The Challenge," Powell; overture, "La Couronne D'Or," Hermanny; galop, "Eldorado," Fricke.

Crowds Enjoy the Island Breezes.

Yesterday's great heat drove thousands of citizens from the sun-scorched streets of the city to the Torontonians' favorite resort, the Island, where the cool breezes are almost as much of an attraction as the excellent musical and specialty performances, provided through the enterprise of the Toronto Ferry Company. Manager Conner presents this week an irreproachable show. Prince Leo, the high wire artist, is a marvel. His daring acts in exhibition of the greatest coolness and nerve. Yucca is a veritable female Samson. Her feats astonish all. The Clark Razzillians as trapeze artists are away up in their profession. Antonia Van Gofre, the unequaled, and Eddie Fulton, the human eel, are strong drawing cards. As a whole, the show is as good as can be seen of the kind.

One Hundred Degrees in the Shade.

BOSTON, June 13.—The heat in this city to-day is intense, the thermometer at the Signal Office at 2.45 p.m. registering 94. On the streets the glasses range from 96 to 100 in the shade.

DOWN ON CIGARET MACHINES

THE CONFERENCE PASSES STRICT TEMPERANCE RESOLUTIONS.

A Business Session With Plenty of Committee Reports—The Epworth League Want to Get a New Paper—Sunday School Papers and Loyalty—Methodism Triumphant.

It was the Educational Committee that first occupied the attention of the conference yesterday morning. The president of the conference, Rev. Mr. Bishop, was in the chair, and Rev. Dr. Burwash presented the report. Messrs. A. J. Toye, E. R. Young, H. T. Ferguson, A. E. Swartout, E. C. Laker, C. W. Reynolds, D. Norman, R. H. Johnston, W. Elliott, A. J. Paul, S. G. Noble, F. J. Livingstone, W. C. Sanderson, A. J. Jackson, Thomas Scott and H. A. Fish were permitted to attend college. Rev. Dr. Stone and Rev. L. W. Hill were appointed auditors. Albert College presented its report through Rev. G. Webber. There are 43 pupils preparing for matriculation there.

The Superannuation Fund report came next, Rev. James Gray presenting it. He reported the permanent fund as $185,150.92 and the annual fund as $83,584.67. The General Conference fund amounts to $6305.77, of which Toronto sends $647.10. This closed the work of the morning session.

A Question of Distribution of Funds.

Rev. Dr. Sutherland was the first speaker in the afternoon, presenting a verbal report of the condition of the missionary funds. Toronto Conference so far has contributed $774 and there are four districts to hear from.

The Memorial Committee was next on the list. Its report suggested the appointment of a committee to assist the Prisoners' Aid Association. Then came the Contingent Fund, reporting $1042 on hand. Some cases were referred back after a smart discussion, in which Rev. Dr. Stone took a leading part. The question was whether all cases submitted for aid be allowed and a percentage of each claim be paid, or whether each case in succession be paid in full, and when the funds were exhausted the remaining cases be thrown over.

Cigarets Avaunt!

Then came the Temperance Committee with an important report, which provoked a good deal of discussion. The first recommendation was that in all Sabbath schools there be placed pledge books, with two pledges, one against the use of liquor, the other against the use of profane and obscene language and of tobacco. These pledges the superintendents are to see signed by teachers and pupils as far as possible. Temperance text books for the public schools were favored. The cent-in-the-slot cigaret machines were vigorously condemned, and another clause recommended that no man not a total abstainer and ready to use his voice and influence for prohibition receive the votes of church members in running for any municipal or other office. The Dominion Alliance's suggestion as to the appointment of a representative of the temperance interests upon the Royal Commission was approved.

Shall Ministers Be Detectives?

There was a clause suggesting that a column be inserted in the circuit schedule saying if members were total abstainers. This brought on a vigorous dispute and finally the clause was struck out.

"There are other questions we might ask," said Dr. Sutherland; "we might ask how many had voted for temperance candidates, and we might get unpleasant results."

Dr. Stone genially alluded to the clause as to the one making ministers detectives. The clause referring to opposition of non-prohibition members called forth much discussion. Rev. Dr. Sutherland presented in addition a motion that the conference feels that the liquor traffic cannot be crushed as long as the political parties are committed to the policy of license, and that the conference will not change until Christian voters withhold their support. Rev. Mr. Blackstock pointed out that this was endorsing the policy of the Roman Catholic Church. Rev. Dr. Briggs was also unwilling to commit the conference to a third party movement. Finally it was carried by a vote of 92 to 32.

The Sunday School Committee reported. The un-Canadian character of some Sunday school literature was condemned, thus meeting with ex-Ald. J. B. Boustead's thorough approval. The new hymnals were highly praised and recommended to all Sunday schools. The suggestion of appointing a traveling Sunday school agent was reported against. The report was accepted.

A Dispute in the Ranks.

A hot dispute arose over the final report of the contingent fund. It had thrown out Rev. James Thompson's claim for medical help, and his friends wished to know the reason why. The Rev. Mr. Thompson's theology and conduct in promulgating his views was freely censured by his brethren, but he was finally granted the assistance.

The Church Property Committee's report gave permission to sell the Elm-street parsonage, the Parkdale parsonage and the Euclid-avenue property belonging to Euclid-avenue Church. Rev. A. B. Demill addressed the conference on the question of Protestant academies for small children. The final report of the Sustentation fund came next and was accepted.

The Epworth League report came next, showing a doubling of the organization in the past year. It suggested a new paper for the Epworth League, as Onward apparently does not satisfy the young people. This was actively debated, and finally on motion of Mr. J. J. Maclaren this particular clause was struck out. The rest of the report was passed, and then, after a resolution of sympathy with Rev. A. B. Demill's work, the meeting adjourned.

Evening Session.

In the evening session, Dr. Sutherland in the chair, the first thing to be done was to nominate the committee to make arrangements for next year's conference. Rev. George J. Bishop, the president; Rev. R. N. Burns, the secretary; Rev. Dr. Johnston, T. W. Maxwell, J. F. Maxwell and Messrs. Dr. J. J. Maclaren, Warring Kennedy, John T. Moore and B. Westwood were appointed.

The question of the employment of students through the summer months came next, Dr. Maclaren being the spokesman. There seems a plethora of students for missionary work in the summer, yet it is because there is a lack of organization, such as obtains in the Presbyterian Church, by which the whole Dominion is used as a field. His suggestion was that a committee be appointed to form such scheme. It was carried out, the committee being composed of Rev. John Burwash, the missionary secretary, George A. Cox, the treasurer of the missionary society, the chairmen of the East Toronto, Bracebridge, Parry Sound and Algoma Districts, Mr. Edward Gurney and Dr. J. J. Maclaren. During the discussion a rumor was mentioned, but discredited, that the students had resolved to go to no place where they will get less than $50 per month and expenses.

Crow, spurs and All.

Much discussion arose over the report of the State of the Work Committee. Methodism, according to it, any has the largest membership of Protestant church in the Dominion, and has likewise made the greatest progress in the past decade. Throughout the year $373,862 had been contributed by the conference, $344,869 of which was for home missions. An average of 170 ministers had been employed during the year. However, the final clause seemed to indicate that, in relation to expense and effort, Methodism is not keeping up. Dr. Maclaren took exception to this in vigorous terms and there was a good deal of discussion. Dr. Hugh Johnston quoted Josh Billings' remark as to the good points of the rooster—he has the crow and the spurs to back it. "Methodism," he said, "has the crow and the spurs, too."

The debate was continued till 9.45 p.m., and then the report was adopted.

ANOTHER BIRCHALL.

Two Young Englishmen Duped to Become Farm Pupils—How the "Fake" was Worked.

THOROLD, June 13.—Considerable excitement has been caused here by the exposure of a farm pupil fraud similar to that practised by Birchall. A few weeks ago two young Englishmen were attracted by an advertisement in one of the London dailies to the effect that good situations would be provided in Canada for farm pupils with board, lodging and good pay. The "ad" bore the signature of P. B. Warwick. Both young men communicated with Warwick, and the interviews ended in their agreeing to his terms. Warwick promised to escort them to Canada, where he said he owned a large farm. The young men were to be taught professional agriculture, being led to believe that they could make as farm apprentices $30 a month on an average. For the kind and solicitous care bestowed upon him by Warwick the younger paid him 13 guineas (about $65) and further bound himself to pay another sum later on. The elder says he did not part with as much. The trio came to Thorold, where Warwick remained two days, when he disappeared. Before going he got the younger of the boys to work for Arthur Griffiths and the other for F. W. Townsend of Thorold Township.

The Shell Broken.

The boys found that they had been duped, when, in conversation with the farmers, they learned that Warwick owned no farm hereabouts, and that wages were a long way from $30 per month and board. They interviewed Constable Dundas, who escorted them to P. M. Fish, to whom they told their tale and asked that steps be taken to have Warwick arrested on a charge of obtaining money under false pretences. The boys, however, had no money to defray costs, so the magistrate advised them to communicate with their friends and obtain the very necessary wherewithal to push proceedings. They do not know where Warwick is located, but think at Ingersoll, as they say he told them that he owned half the stock of an electric company there.

Cave Up Good Salaries.

The name of the elder of the youths is Walter Culver of London, whose relatives reside at Folkstone (Kent); the younger boy is Ernest Edlington of London, aged 17. Culver had a first-class situation as librarian at the Gladstone Liberal Club Library, London, at a good salary. His health, however, not being good, he thought if he could get a situation in the open air he would improve. The advertisement, asking a premium of £18, attracted his attention. Warwick told him the work would be very light and pleasant; that he would get $10 and board the first month, $20 the second, and $30 the third, which was the average wages paid. Culver was not acquainted with Edlington in England, but met him in company with Warwick, and learned that he was going to Canada also. He learned that other boys were expected to accompany Warwick, but for some reason on the day of embarkment they did not put in an appearance. The whole affair was arranged a few days previous to sailing, when there was no time to write to Canada to inquire into matters. In the agreement with Warwick, Edlington has bound himself to pay a further sum of five guineas at the end of a year.

Fires At Guelph.

GUELPH, June 13.—A fire started in Cockburn's wood yard this afternoon and had got a good start before the firemen got there, but it was quickly extinguished. A little yellow rendering establishment and slaughter houses, outside of the city limits, were totally destroyed by fire this morning. The loss is about $200.

Only One Lady Delegate.

PHILADELPHIA, Pa., June 13.—The 40th annual convention of the International Typographical Union, which is to last a week or 10 days, began in the Music Hall of the Drexel Institute to-day. Mrs. Lola Julian of Kearney, Neb., was the sole female delegate. She represented union No. 109.

How to Avoid Sunstroke.

An old prescription advises a man to keep out of the sun. But that is not always infallible. A heavy ill-ventilated hat will bring a man pretty close to the condition of a sweltering hot day in the shade. It's the weight of the hat, the material that's in it and its construction which contribute to make it the perfection of summer comfort. At Messrs. W. & D. Dineen's, the popular hatters, corner King and Yonge-streets, gentlemen will find several special styles of lightweight straw hats and zephyrweight Derbys and soft felts that embody every feature desired in stylish and comfortable headwear for the broiling hot days of summer. The fashionable assortment at Dineens' includes all the newest shapes and the most popular shades, and none of these things are expensive.

For Europe.

The Allan Royal Mail S.S. Sardinian, which left Montreal Saturday at daylight, had the following Toronto people on board: Mr. and Mrs. J. K. Kerr, Miss White, Mr. Charlton Black, Mr. O. Gilpin, Mrs. A. C. Rankin and maid, Master Rankin, Mr. A. T. Crombie, Miss Cobban, Dr. Senkler (St. Catharines), Gordon Mackay, Miss Hunter, Mr. Daw, Miss Daw. The Sardinian had 85 cabin and a large number of intermediate and steerage passengers.

Facts Are Stubborn Things.

A visit to the Merchant Tailoring Establishment of S. Corrigan, 123 Yonge-street, will be sufficient to convince any gentleman of the FACT that he can be better dressed for less money than anywhere else. Stylishly cut and artistically finished garments are the leading features of the business. Every effort that labor and skill can devise is put forth to reflect a reputation which is widening its circle every day. 246

The Macdonald Memorial.

The Parliament of Canada intend to vote some $25,000 or a sum thereabouts for the purpose of erecting a statue in memory of Sir John Macdonald on Parliament Hill at the Capital. Already efforts have been made to try and induce the Government to give the work to some Canadian artist, and as a matter of fact the competition so far has narrowed down to two—a Toronto and a Montreal sculptor.

Whilst The World is strongly in favor of encouraging home talent of every kind, we cannot say of art what we have often said in these columns in regard to manufactures and industries, that as good work can be done here as abroad. As a matter of fact the best sculptors live in Europe, though some very fine work is now being done in the United States by native artists and by Europeans who have settled in that country. This being the case, if the Government are bent on securing the best artistic value for their money, they will at least have to put the work up to competition and leave it open to the world. If a Canadian is able to go into such a contest and secure the award from a competent jury, The World would only be too delighted to chronicle his success. But the paramount end to attain is, first, to secure some striking memorial of Sir John's person, or perhaps what is still better, some sculptured portrayal of some leading scenes in his life, and to do this the very best artists in the world must not be precluded from submitting designs.

We imagine that Mr. Abbott, as Premier, will have a great deal to say on the question, and we make a direct appeal to him to see that true artistic value is got for the money voted by Parliament to secure the memorial of Sir John Macdonald. If he can find true artistic value in Canada so much the better, but let the artistic value be the first consideration and the location and home of the artist a secondary matter.

The Crops.

Secretary James of the Bureau of Industries has issued a bulletin on the state of the crops throughout this province. The reports show that fall wheat is still in a very promising condition. Warm weather, however, now would be very desirable, and if that sort of conditions prevail for the next few weeks an extra good crop may be expected. Spring wheat is not on the whole in as good condition as the fall wheat, but present prospects are up to the average and success is now dependent upon continued warm weather. The acreage of barley is decreasing. With respect to this crop the high-lands look very promising, the low lands very poor. The average condition is fair but backward. Peas are reported backward, but indications are for a heavy crop. Hay and clover will be heavy. With respect to fruit vegetation is backward. Apples promise to be a good crop, however, and strawberries will be fair. Raspberries suffered a good deal, but the majority of the reports on grapes are hopeful. The fruit prospect on the whole is encouraging.

Facts About Dyspepsia.

Wrong action of the stomach and liver occasions dyspepsia. Dyspepsia in turn gives rise to bad blood. Both these complaints are curable by B.B.B., which acts on the stomach, liver, bowels and blood, and tones and strengthens the entire system, thus positively curing dyspepsia, constipation, bad blood and similar troubles.

Parkdale v. Upper Canada College.

Parkdale journeyed to the college grounds on Saturday afternoon and succeeded in defeating the boys after a well contested game by 15 runs. Cheney, Lyall, Scott and Irving played well for their scores. Scott's 29 not out were very rapidly made. For the college McMaster, Mockridge and N. Cosby played good sterling cricket. Mockridge gave a chance at 4, but after played a faultless innings. K. Crosby showed good defence and made his 19, not out, in short order. The score:

Bass Fishing.

What sport is more exciting, more recreative or more pleasing than playing the gamy bass? The true sportsman looks forward to the 16th June, the opening of the bass season, with feelings of great pleasure in anticipation of a two weeks' holiday with the bass. Of course you cannot go fishing without tackle, and whether you intend to buy an expensive outfit or a moderate one, the proper place to go is H. P. Davies & Co., 51 Yonge-street. 249

Hanlan's Point.

Manager Conner's show at the Point this week is certainly a good one. The first feature on the program is a very clever contortion act by Master Eddie Fulton, known as the human eel, and that is followed by Prince Leo in his sensational high wire act on his 16-ths of an inch cable at the height of about 70 feet. Then Miss May Clark and George Razzillian give their pleasing mild-air trapeze act. Mons Antonia Van Gofre then appears in his great specialty, and the concluding feature of the entertainment is the introduction of Lucca, the female Hercules, whose feats of strength are truly wonderful, among which we may mention the handling of 56 pound weights and 120 pound dumb-bells with as much apparent ease as an ordinary person can handle an orange; lifting a man sitting in a chair with her teeth, lifting the combined weight of two fifty-sixes and a hundred and twenty pound dumb-bell also by her teeth, and concluding an interesting act by lifting a dumb-bell and three men, being an united weight of over 600 pounds. Add to this music by the Toronto Ferry Band and you have the program for each entertainment this week.

SALE OF

BOOK D

THE COURT HOUSE DISPUTE.

Architect Lennox and Contractor Neelon Air Their Differences.

The numerous complaints of Contractor Neelon were heard before the Property Committee of the City Council yesterday.

Architect Lennox was there too, and in a tone that showed he felt himself master of the situation read clause 10 of the contract signed by the city and Mr. Neelon to show that the committee had no right to hear complaints not laid before them by himself. The clause in question states that the architect shall be sole arbitrator to settle disputes between the city and the contractors. He therefore suggested that the committee adjourn.

The solicitor was called upon to give his opinion, and said that it would be un-British for him to say that the committee could not hear whom they chose, but according to the terms of the contract they certainly had no power to act. He afterwards modified this by saying that it depended on the trouble complained of by the contractor. If the complaints were purely of a professional character the committee would hardly set their own opinions before the opinion of the architect. But if the architect had been guilty of betraying the city's interests they might dismiss him.

Ald. Atkinson moved that Mr. Neelon be heard. This was carried and Mr. Lash, his solicitor, came forward to speak for him. Mr. Lash went very fully into the history of the work and enunierated the many changes which the architect had made in the specifications. He referred to the substitution of one sort of stone for another, how Mr. Lennox had wavered between Credit Valley grey stone, Orangeville stone and New Brunswick brown stone. These were ample reasons why the work had not progressed. He also complained that work passed by Inspector Moore had been condemned by Inspector Hunter; $30,000 worth of stone which had been paid for by the city with Mr. Lennox's approval was now refused. Mr. Lennox had objected to Mr. Neelon's taking Mr. Pigot as a partner, and yet he did not see by what legal right Mr. Lennox did so.

During all this exposition Mr. Lennox interspersed sundry interruptions, denying or correcting the statements of Mr. Lash. He also made a short explanation of his side, or as he put it the city's side of the dispute. He had only paid for the $30,000 worth of stone because the City Solicitor had said he must do so. The stone was small and would have to go in the top of the building.

Mr. Myers, the quarryman who has the contract for the Credit Valley stone, stated that he would have been able to have all the stone on the ground by the present time if he had had the dimensions required. Mr. Neelon had not furnished this and he expressed the opinion that it might end with a "friendly law suit" between him and Contractor Neelon.

The whole matter was referred to Mr. Lennox and the City Solicitor, though Mr. Lash vigorously protested that that would not solve the difficulty.

Deserter Walsh Gets Off Easy.

Owen Walsh, the deserter from the Northwest Mounted Police, who recently gave himself up to the authorities here, was yesterday fined $100 and costs or 10 days in jail by Police Magistrate Denison. Mr. Fortescue of the comptroller's office, Ottawa, was present, and said that the Government had no desire to deal harshly with Walsh, hence the imposition of the lowest penalty.

JAS. EATON'S FIRE SALE

AS GREAT AND GRAND AS EVER.

As was announced we opened the second sale of the Damaged Goods Yesterday Morning. Long before the hour of opening—10.30—many people wanted to get in; 25 minutes to eleven the store was crowded and it continued so till we closed the doors at 5.45 p.m.

How long will it last? How much money are you losing by this sale? How can you afford to sell these goods so cheap? are some of the questions put to us. We answer: "Till every dollar's worth is cleared out, let the loss be what it will."

We shall continue to place on the counters cash goods far below anything ever seen before. This is without a doubt the greatest sale that has ever taken place in Toronto before. Fourteen days have gone since we opened and we are almost staggered at the enormous figures, and best of all, last night's rolled up as high as any preceding day. What does it all mean?

UNDERWEAR:

Last January we made arrangements to handle nearly seventy-five thousand garments in ladies' whitewear. It was a great quantity; more to sell at retail than any concern in all Canada, except one, but we tackled and the way we're dealing them out these days we'll have to order more, but the profit is gone—has gone in water, fire and smoke. There's the daily crowds around the underwear counters.

Our counters are crowded. We haven't half enough room to show the goods; even the goods that were in boxes that are not damaged, but there's no room to show, but hundreds of garments are daily going and we shall try and serve those better who do not want damaged goods.

The centre corset table is filled every morning; we put the price 50c and keep placing on that fifty-cent table 75c and $1 corsets; it's your gain, it's our loss, but what care you so long as you get the bargain.

Come any time of the day, but if you don't like crowds you should trade in the mornings. 2000 copies of Sheet Music. Nordheimer sold this music at 40 and 60c a copy. We sell it at 3c. Hundreds sold yesterday.

World, News and Telegram contain our thrice-weekly advertisements.

UNMERCIFUL PRICES.

In the dress goods we have learned by experience that the first lot is the best loss.

4500 yards of fifty centers, real good goods, all-wool, splendid to wear, the newest goods in the store, will be slaughtered at 25c a yard.

And along with these follow in procession 10c Linings at 5c yard.

THOSE SATEENS.

A perfect jam all day yesterday. Did you ever see French Sateens at 12½c before, worth 25c? Is there a store inside the limits of Toronto that is selling Sateens at 12½? No! Nor either would we only we had a fire. Our goods were damaged. We got money from the Insurance Companies and we can afford to sell at half-price. Now you have the secret.

Handsome patterned Bedford Cords, what you paid us 18 and 20c for, are being sold at 12½c yard.

Beautiful patterns in all-wool Delaines, dark and light colors, at 25c, would be a big loss was it not for the insurance money.

1500 Ladies' Silk Ties, worth 25c, to be sold at 12½c.

EPPS'S COCOA

BREAKFAST.

"By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected Cocoa, Mr. Epps has provided our breakfast tables with a delicately flavored beverage which may save us many heavy doctors' bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and a properly nourished frame."—*Civil Service Gazette.*

A RAILWAY ITEM.

MR. H. M. LOCKWOOD, of Lindsay, Ont., whose portrait follows, is a well-known Railway employee, and has lived in Lindsay for the past three years.

Mr. Lockwood was born and brought up in Hastings County, where his kindly disposition and sterling qualities have made for him a large circle of warm friends.

The incidents which are related by Mr. Lockwood are vouched for by numerous friends in Lindsay who are acquainted with all the facts.

MR. H. M. LOCKWOOD.

Mr. Lockwood writes as follows:

"I was terribly afflicted with boils, having no less than 53 in eight months, during that time I tried many remedies without relief, Doctors' medicine did not relieve me, in fact I could not get rid of them at all until I began using B.B.B. It completely cured me, and I have not had a boil since taking the first bottle. I write this to induce those afflicted with boils to try B.B.B. and get cured, for I am confident that but for Burdock Blood Bitters I would still have had those terrible boils, which shows plainly the complete blood cleansing properties of this medicine, because everything else that I tried failed.

"A Friend of mine who also suffered from boils, took one bottle by my advice and thanks to B.B.B. his boils all disappeared."

As a perfect blood purifier, cleanser and tonic, Burdock Blood Bitters excels all others. In addition to this it has properties not possessed by any other remedy; it regulates the bowels, thus curing constipation; it tones the liver and removes biliousness; it strengthens the stomach and cures dyspepsia. In a word it regulates, tones and strengthens every organ of the body in a natural and effective manner and thus restores perfect health.

JUDGMENT DAY.

The Queen's Bench Divisional Court Wipes Off a Number of Cases.

The Queen's Bench Divisional Court delivered judgment in the following cases yesterday:

Re Solicitor.—An appeal by a solicitor from the order of Chief Justice Galt dismissing by the solicitor from a ruling of Mr. S. B. Clark, taxing officer, upon a taxation of the solicitor's bills of costs against the Messrs. Bouthier, a father and two sons, in respect of three separate actions for assault and false imprisonment brought by the solicitor against one McLaurin, in which actions the father and two sons were respectively plaintiffs. The taxing officer ruled that the three actions should have been combined in one and allowed the solicitor only one bill of costs. The court dismissed the appeal with costs.

Chapman v. County of York.—An appeal by the defendants from the judgment of Chancellor Boyd at the trial at Toronto in favor of the plaintiff in an action to restrain the defendants from trespassing on land, being part of the Lake Shore road west of the city of Toronto, which, the plaintiff claims, as surveyed, encroaches on her land. Appeal dismissed with costs.

Rolston v. Rolston.—An appeal by the plaintiff from the judgment of Chief Justice Armour, who varied the action at Walkerton, in so far as it was against the plaintiff. The action, so far as this appeal is concerned, was brought against the defendants Elliott & Co. for damages for selling and against the defendants King Bros. for damages for buying certain machinery in a felt mill alleged to be covered by the plaintiff's mortgage upon the mill site and property. The defendants Elliott & Co. and Carter were chattel mortgagees of the machinery. The trial judge held that the intention of the parties to treat the machinery as chattels was shown by the chattel mortgage, which was first in time, and against this the plaintiff appealed, on the ground, principally, that the defendants lost any rights they may have had by reason of their chattel mortgage not having been refiled in time. Appeal dismissed with costs.

Vigeon v. Northcote.—An appeal from the report of the registrar of the Q.B.D. upon a reference to him of all the matters in question, in an action by a purchaser for specific performance of an alleged contract for the sale and purchase of land in Hayden-street, in the city of Toronto. The referee found that there was a binding contract which should be carried out. The defendant derived title under the will of his father, who devised the land in question to the defendant, his heirs and assigns forever, but added that the defendant should not sell or mortgage the land during his life, but with power to devise the same to his children. In re Northcote, 18 O.R., 107, it was held that the defendant took an estate in fee simple with, however, a valid prohibition against selling or mortgaging it during his life. By 53 Vic. ch. 19, O., provision was made for the sale of these lands and for payment of part of the purchase money into the hands of a trust company. Appeal dismissed with costs.

Armstrong v. Hemstreet.—An appeal by the plaintiffs, so far as the defendant Murray is concerned, from the judgment of Mr. Justice Ferguson at the trial dismissing the action, which was brought by the assignees for creditors of one Lementine, who carried on business at the village of Springfield, in the county of Elgin, and of T. B. Escott & Co., creditors of Lementine, to set aside a transaction between Lementine and the defendants as a preference. Lementine then insolvent, sold his stock-in-trade to one E. A. Hemstreet, and transferred the debts which the latter gave him in payment to the defendants, who were creditors of Lementine. The learned trial judge held that the transaction came within the exception in sec. 3 of the Assignments and Preferences Act R.S.O., ch. 124, as a payment of money. The plaintiffs appealed principally on the ground that checks are not money. Appeal dismissed with costs.

Kent v. Hollingshead.—An appeal by the defendants from the judgment of Mr. Justice Macmahon at the trial in favor of the plaintiff in an action for breach of the terms of a written instrument, containing a receipt for rent paid by the plaintiff to the defendant and a guaranty that the rent paid was due and owing. The plaintiff under a chattel mortgage seized the goods of one Crone, who was the defendant's tenant, and paid $375 to the defendant as rent, taking the receipt and guaranty referred to. The rent was claimed as then due by virtue of an acceleration clause in the lease, and the question is as to the construction of the written instrument. Appeal dismissed with costs.

John Hickcock is suing Henry P. Lawson for $5000 damages for alleged slander of title of goods and chattels.

WEALTH LEFT BEHIND.

The Last Will and Testament of the Late Sir Alexander Campbell.

The will of the late Sir Alexander Campbell was filed in the Surrogate Court yesterday. The total value of the estate is placed at $84,665.66, of which $31,079.69 is cash, stocks $20,716, and life insurance $18,562.50.

The nieces, Mary Strange and Mary Campbell, get $1000 each, and Audrey Allan is bequeathed $500. The son and daughter of deceased have the privilege of dividing between them "anything in the nature of books, pictures, furniture and plate which is of any special family or other value." The residue of the estate is to be divided into two equal parts, one-half of which is given to the son Charles, he to take the land in Manitoba at $2.25 an acre. He is to hold the other half for the benefit of his sister Marjorie, either by disposal or investment, the income thereof to be given to Miss Marjorie and subject to her wishes. Should she wish a residence purchased or built for herself the trustees are to gratify her wish. Should she die without issue her portion reverts to the children of her brother.

"The share of any of these not then living shall go to the Sisterhood of St. John the Divine."

The executors and trustees are the late Sir Alexander's son, Charles Sandwith, advocate, of Montreal; Edwin H. Kertland, manager of the Imperial Loan of Toronto, and Henry Hopkirk of Stratford, postoffice inspector. The will was signed April 9 last, and witnessed by Messrs. C. J. Campbell and Allan Cassells.

Mrs. Eliza Prittie, widow, who died recently, left real estate valued at $10,000 and a personality of $1917.50. A daughter, Mrs. Thomas Mishaw, receives one of the houses; Mrs. Elizabeth Dodds, another daughter, receives two of the Simcoe-street houses; she is the executrix of the will, and also receives all the personality. The son, George Prittie, and his wife, receive the Richmond-street houses, while the grandchildren are also remembered.

Fred Elphie, butcher, died intestate, leaving $300, which his widow desires to administer.

A YEAR WITH THE GUILD.

Encouraging Reports Presented and Hopeful Addresses Delivered.

A large assemblage of ladies, with a sprinkling of the sterner sex, filled the beautiful auditorium of the Young Women's Christian Guild last night on the occasion of the annual meeting of the members of the guild. Interesting and appropriative of the aims of the institution were the addresses delivered by Messrs. Samuel Blake, Q.C., W. H. Howland, Rev. James Henderson and Dr. James Beaty, Q.C. Mr. Blake in a few words explained the aims and present financial condition of the Guild.

The new building, with the land on which it stands, cost the sum of $36,000, of which $10,000 has already been subscribed and paid. Of the balance $20,000 consists of a mortgage on the property, the $6000 being carried over by a few friends of the Guild. Of the furnishing fund there is yet $1000 to be raised. This amount, however, will not be long unpaid if the activity displayed last year by the working members is continued. There is now a membership of 660, which is rapidly increasing. During the past year 243 situations have been provided for girls in need of employment, and 108 have been directed to suitable boarding houses. Many girls have been assisted in various ways, and the Guild has proved a blessing to great numbers of working girls in the city, by providing for them a place of resort and recreation as well as means for the development of their spiritual and mental faculties.

Mrs. John Harvie, the president of the Y. W. C. G., addressed the audience briefly, giving many details of the institution's work. She spoke hopefully of the prospects for the future, and urged the members and their friends to increase their efforts for the furtherance of the good work undertaken by the Guild.

THEIR ANNUAL EXCURSION.

The County Council Goes to Hamilton To-Day—The New Electric Scheme.

A pleasant incident of the County Council's session yesterday was the invitation extended to the councillors by Warden Foster for a trip to Hamilton. As guests of the warden the members of the council will leave by the 7.30 boat this morning. They will take dinner at the St. Nicholas Hotel, and intend to enjoy themselves thoroughly while in the Ambitious City.

A petition asking the council to grant the right of using the York roads to the Toronto and Scarboro Electric Railway and Light Company will be presented at next Wednesday's meeting of the council.

James Cullen, Pool's Island, N.F., writes: "I have been watching the progress of Dr. Thomas' Eclectric Oil since its introduction to this place, and with much pleasure state that my anticipations of its success have been fully realized, it having cured me of bronchitis and soreness of nose; while not a few of my rheumatic neighbors' (one old lady in particular) pronounce it to be the best article of its kind that has ever been brought before the public. Your medicine does not require any longer a sponsor, but if you wish me to act as such, I shall be only too happy to have my name connected with your prosperous child."

"August Flower"

Dyspepsia. There is a gentleman at Malden-on-the-Hudson, N. Y., named Captain A. G. Pareis, who has written us a letter in which it is evident that he has made up his mind concerning some things, and this is what he says:

"I have used your preparation called August Flower in my family for seven or eight years. It is constantly in my house, and we consider it the best remedy for Indigestion, and Constipation we have ever used or known. My wife is troubled with Dyspepsia, and at times suffers very much after eating. The August Flower, however, relieves the difficulty. My wife frequently says to me when I am going to town, 'We are out of August Flower, and I think you had better get another bottle.' I am also troubled with Indigestion, and whenever I am, I take one or two teaspoonfuls before eating, for a day or two, and all trouble is removed."

Gluff From Gotham.

Henry Allen & Co. to John J. Dixon & Co.: There was a sharp rally in the market this morning, wholesale covering by shorts and generally a better feeling all round. All the granger stocks are up and all apparently ready to go higher, yet the new bull confidence continues to be asserted. The only conspicuously weak spot has been in New England, which has dropped five points on the discovery that New York and New Hampshire has been able to grab the Housatonic away from the New England. Generally this market is in good shape and anything like further concentrated move by bulls will result in pushing up of prices. There is no longer any fear of western crops pestering out, and money being easy there is every reason for bull confidence.

Gossip from Chicago.

Kennett, Hopkins & Co. to R. Cochran: Parbridge was supporting wheat to-day, having covered largely of July. Foreign advices begin to reflect our weakness. Outside markets have been materially weaker than Chicago, some hot wind damage reports from Kansas, but it is thought they come from parties who sent the damage reports last month on account of rain. The situation is not promising for holders. Corn and oats—The opening was very weak, but shorts covered freely, advancing corn 2 cents from the bottom. The weather is extremely hot for corn. Receipts are increasing rapidly and it looks as if lower prices were in store. Provisions opened heavy in sympathy with other markets, but the heavy buying by a local speculator rallied the market and sustained it fairly well.

Swartz, Dupee & McCormick to John J. Dixon & Co.: July wheat opened at 79c to 79¼c, gradually advancing through the day and closing at 79¾c. The buying to-day was mostly for short account. Pardridge was a buyer from the start to the finish. The cables were weak, the receipts were large at all points west, and decrease in the visible supply only 1,200,000 bushels. The report from Kansas of firmness at the close, though a reaction after a 10 cent decline, was only fair to expect. Weather conditions continue to influence prices. Corn opened very weak with free selling for outside account on stop orders, buying was to cover shorts and by local traders who thought it a purchase. Oats followed the other grains, July opened at 24½c, sold between 24c and 30c, and closed at 30½c bid. The rise in wheat has been very strong with large purchases by the local operators selling by commission houses. Pork opened weak but soon recovered.
