VICTIMS OF SMALLPOX.

TWENTY-FIVE CLAIMED IN A DAY AT MONTREAL.

Public Meetings to Urge the Authorities to do their Duty—Vaccine Matter Stopped for Customs.

MONTREAL, Sept. 4.—There were twenty-five deaths from smallpox yesterday. Seventeen new cases were authenticated by the health officers. There are at present sixty-nine patients in the civic hospital.

A meeting of over two hundred of the most prominent merchants of the city was held this afternoon in the corn exchange. John Kerry, of Kerry, Watson & Co. occupied the chair. The chairman explained that the object of the meeting was to aid the civic authorities by all the means in their power to stamp out the epidemic of smallpox. The conduct of the recorder in the Col. Hughes case was discussed very severely and three groans were given for him. One speaker went so far as to say such a magistrate should not have the magistracy long, but should lose his position without delay. This sentiment was received with long and continued applause. Resolutions were passed urging the authorities to spare no expense in stamping out the disease and to make vaccination strictly compulsory. A deputation comprising the following was appointed to wait on the corporation and the provincial government to see what measures not already enforced can be taken towards checking the disease: John Kerry, John Mayor, C. H. Smithers, Geo. Hague, W. C. Munderloh, Andrew Allan, Hollis Shorey, J. R. Dougall, John Torrance, W. Wainwright, F. G. Shaughnessy, Geo. Iles, W. W. O'Gilvey, W. Clendenning and J. B. Labelle.

At a meeting of the board of health this afternoon Dr. A. D. W. Smith was appointed to inspect all passengers leaving Bonaventure depot and to grant them certificates of health. Doctors for the other C. P. R. depots and boats will be appointed immediately.

The acting mayor has called a public meeting of citizens to-morrow to consider means of stamping out smallpox with the least possible delay.

The recorder will render judgment in the Col. Hughes and other placard cases to-morrow.

SMALLPOX IN THE CITY.

No New Cases—Patients Doing Well—A Suggestion as to Factories.

No new cases were reported yesterday.

The patients are all making favorable progress. Those on Gifford street are almost ready to be released from quarantine, and those at the hospital are doing well.

Dr. Canniff, Chairman Allen of the board of health, Commissioner Coatsworth and a deputation from St. Matthew's ward reconnoitred yesterday for a site on which to locate a hospital. A suitable and isolated spot was found on the little island in Ashbridge's bay, equidistant between the mainland and the end of the peninsula.

A meeting of the city council will be held Monday night at the request of residents of St. Matthew's ward to consider the expediency of having the smallpox hospital moved.

Vaccination is freely resorted to. In one ward the public vaccinator used nearly sixty points.

Editor World: Now since the smallpox epidemic has reached Toronto from Montreal, where it is so prevalent, and likely to become so here unless stringent measures are adopted to prevent the infection, would it not be well for the authorities to appoint a few medical men to visit every factory, workshop, etc., and compel every employe to be vaccinated. People are ignorant of the time they may contract the disease, as was the case with the young lady on Sackville street, who is now in the hospital. In such a case, were it to enter a factory it might prove disastrous. I hope, sir, this suggestion will not be ignored altogether, but kindly give it space in your valuable paper.

A CONSTANT READER.

The Disease in the States.

CHELSEA, Mass., Sept. 4.—The master of the schooner Dallas Hill was sent to quarantine to-day, with smallpox. The vessel came to Chelsea from St. Johns, N. B., where the captain's wife is down with the smallpox.

NEW YORK, Sept. 4.—Bruno Jarne, a mechanic 27 years old, who came from Malone, N. Y., went to the hospital last night suffering from smallpox. He said he had been boarding in this city for a few days, but did not know the street.

TRYING TO SAVE RIEL.

Argument in the Appeal Heard and Adjourned Until To-day.

WINNIPEG, Sept. 4.—Argument in appeal of Louis Riel was continued to-day. The papers ordered by the court on Monday were here but the crown declined to produce the prisoner, whose counsels agreed to proceed. Lemieux for Riel, raised the old question of jurisdiction and pleaded insanity. Fitzpatrick followed on the same lines; Messrs. Robinson, Osler and Aikens argued on the other side. Mr. Fitzpatrick asked permission to reply and it being accorded, the court adjourned until to-morrow.

To Supply the Dominion.

OTTAWA, Sept. 4.—Contracts for the supply of coal for the public buildings of the dominion in Ontario have been awarded as follows: Toronto, P. Burns; Kingston, Breck & Booth; London, Bowman & Co.; Windsor, Ont., Stone & Co.; Brantford, Thomas Elliott; Belleville and Gananoque, B. Rathbun & Co.; Stratford, P. R. Jarvis; Brockville, G. M. Berry; Port Hope, Brown & Co.; Winnipeg, Bell, Lewis, Yates & Walsh; Cornwall, Mr. Flock.

A Coldwater Assault Case.

COLDWATER, Sept. 4.—A dastardly attack was made here Wednesday evening on an unoffending man and his wife on Front street by John Gray, son of a village merchant, who struck the man in the face, knocking him down and otherwise illtreating him. The sufferer was a stranger from Toronto who was on a visit at his friends here. A warrant was issued next day and Gray was brought before the magistrate in Orillia yesterday, pleaded guilty and was fined.

Crushed to Death by a Cave-in.

ST. THOMAS, Ont., Sept. 4.—James Clark, aged 18, son of the postmaster of Middlemiss, and John Simmons, aged 20, adopted son of George Simmons, blacksmith of the village, were removing clay when the embankment suddenly gave way a mass of earth falling on them, the first mentioned was crushed to death, while Simmons received injuries that terminated fatally two hours afterwards.

Retiring from business. Those making preparation for visitors coming to see the Exhibition should get what they require at the Bon Marche.

ARCHBISHOP WALSH'S RECEPTION.

He Assures the People of Ireland that their Enemies no Longer Prevail at the Vatican.

DUBLIN, Sept. 4.—Archbishop Walsh arrived here to-day. Upon arrival at Kingston the archbishop was met by local bodies of Parnellites which presented him with addresses of welcome. The archbishop replying to the addresses said he had placed before the pope the wants, wishes, aims and desires of the Irish people with whom the pope expressed himself as being in full sympathy. The representations of the Irish prelates to his holiness made it impossible in future to misrepresent Ireland's cause. The archbishop made a similar reply to addresses presented to him in Dublin. When he entered his carriage the enthusiastic crowd removed the horses and dragged the carriage to the archepiscopal residence. Archbishop Walsh afterwards appeared on the balcony of the residence and blessed the assemblage. Bands paraded the streets until a late hour playing national airs. Messrs. Davitt, Harrington and Redmond were among those who welcomed the archbishop.

Archbishop Walsh, replying to the address of the municipal authorities, said he had a deep and settled conviction that the only remedy for the grievances which Ireland had long labored under was the restoration of the rights of which she had been deprived a century ago by means as shameful as any that the records of national infamy could disclose. He rejoiced with them that the flag which fell from the hands of the dying O'Connell had again been boldly uplifted, and he prayed that it would never be refurled until the Irish parliament was restored.

AN APPEAL TO AUSTRIA.

King Alfonso Fearful for His Throne—What Will Germany Do?

LONDON, Sept. 4.—The Spanish ironclad Arragon has landed troops on Pelew islands, and the Spanish admiral has been likewise ordered to occupy Yap, Babelthuap, Ponapo and other islands of the Caroline group. The German officials in those groups have been instructed not to interfere with the carrying out of the Spanish admiral's orders.

It is reported that King Alfonso will ask the emperor of Austria to use his influence with the German government in behalf of Spain to persuade Prince Bismarck to abandon the scheme of occupation of the Caroline islands. King Alfonso, it is further reported, says that the affair has so aroused the Spanish people that he would lose his throne if he should recede from the claim of Spain to the islands, and Spain would be ruined if he should push it forward.

IRISH CONVICTS.

A Parliamentary Return of All Prisoners Undergoing Penal Servitude.

LONDON, Sept. 4.—A parliamentary return was issued yesterday of all prisoners undergoing penal servitude in any prison of the United Kingdom who had been convicted of treason felony or murder, conspiracy to murder, or Whiteboy offences in Ireland since Jan. 1, 1880. Thirteen prisoners were convicted of treason-felony and sentenced to penal servitude for life, one sentence being for 20 years and seven sentences being for seven years. These are confined in English convict prisons, while in Irish convict prisons are fifteen who were sentenced to death for murder, but whose sentences were commuted to penal servitude for life. Thirty seven are undergoing from five to ten years' penal servitude for conspiracy to murder, and twenty six are undergoing from five to fifteen years' penal servitude for Whiteboy offences.

A Noticeable Substitution.

DUBLIN, Sept. 4.—Much comment has been made among the nationalists and loyalists about a noticeable feature in the banqueting hall of the Mansion house the other evening, viz.: the removal of the crown and letters V. R., which have always been heretofore on the top of the canopy erected over the dais. Their place was occupied by a harp and shamrock, with the words "Cead mile failthe."

Immense stock of Dry Goods, Millinery and Mantles to be cleared out at once. Bargains, bargains at the Bon Marche. Retiring from business.

In Hard Luck.

From the New York Sun.

"I think I'm the unluckiest man in town," said a husband to his wife. "Smith has owed me $20 for three months, and he promised to pay me to-day."

"Didn't he pay?" she asked, anxiously.

"Yes, he paid, but while he was in the act of giving me the money Brown came in—you know I've owed Brown $20 for more than a year—and, of course, I had to turn the money over to him. That's what I call hard luck."

CABLE NOTES.

Kassala has not surrendered.

Riots are reported in Bohemia between the Germans and Czechs.

The steamer Great Eastern will be offered for sale at auction in October.

The government of Holland is about to adopt additional protective duties.

The Spanish government declines to submit the Carolines dispute to arbitration.

Cholera is said to be abating in Spain. There were 2500 new cases and 768 deaths on Thursday, however.

The Japanese government have resolved to withdraw paper money in 1886 and introduce silver currency and to retain the gold.

The government of India is making arrangements to introduce the territorial system in the native army, as far as possible.

The pope on Thursday assisted at the ceremonies attending the erection of a bronze statue of St. Peter on the summit of the monument erected to the memory of the Ecumenical council of 1870, which stands in the gardens of the vatican.

U. S. Minister Phelps at the cutlers' banquet in Sheffield, Thursday night, attributed the depression in trade to too much haste to get rich, and to the flooding of the world with goods that are not required.

Lord Churchhill in another speech at Sheffield last evening declares the tories had decided not to coerce Ireland, even before they had entered upon office. He contended that Lord Hartington in his inmost heart leaned toward the Irish.

Hy Duff, an alleged fenian and murderer of one Gately in 1880, was arraigned in London yesterday and committed for trial. The prosecution declared that Gately had revealed fenian secrets and that Duff was detailed to murder him.

Timothy M. Healy, member of parliament, made a speech at Londonderry yesterday, in the course of which he said that Ireland had gained concession after concession, which it had been deemed impossible for her to obtain and would ultimately secure all that she desired.

BY THIRTEEN TO THREE.

TORONTO GIVES LONDON A LESSON IN BALL.

Beaten by the Supposed Weakest On Day and Victorious Over the Strongest the Next—Mr. Stroud's Team Beats Mr. Henigan's by One Run.

The Toronto baseballists covered themselves with glory yesterday. They fielded admirably and batted immensely. The Londons on the other hand evidently had an off day. While Horner was hardly up to his usual standard of pitching, at the bat he was simply great, getting in three base hits and three runs. Warner as usual was invincible behind the bat and also distinguished himself with the stick in hand, his first crack being over the fence for two bags. Manning and Kavanaugh also did some capital work, both in the field and at the plate. Donald made one unfortunate error at third, but a two-base hit more than made atonement. Macklin fielded second base to perfection, working all through like a Trojan and, as is his custom, covering a vast deal of ground. Sheffler made a couple of good catches in centre field.

Seward pitched the first three games for the Londons and was slugged all over the field. In the second innings the team were completely rattled, while the Torontos, under Manning and Warner's judicious guidance, availed themselves of the opportunity to score to the utmost, getting in six runs, only one of which was earned. Knight was put into the box in the fourth innings, but he seemingly had not recovered from the effects of the previous rattling. At any rate he was hit pretty freely, Horner getting in a good single bagger and Kavanaugh a cracking two bagger, the total yield of the innings being four with one mere run earned. Subsequently Knight settled himself, but still the Torontos scored two more singles. It will thus be seen that while the disaster will probably be put down by London's friends as Seward's fault, enough runs were got while Knight was in the box for the Torontos to win by 6 to 3. Thompson, the catcher, was suffering from a bad hand and depressed spirits. Between the two his work was away off its usual excellence. Quest, a new man from Detroit, and a high-priced one too, played short and did nothing beyond making a costly error and retiring with wonted regularity, except in the first innings, when he got his base on balls and by some close decisions succeeded in making the circuit. The prettiest piece of fielding was undoubtedly made by Campau at first. O'Rourke hit to Quest, who threw wild above Campau's head. That player jumped high in air and held the ball. It was an exceedingly clever feat and was deservedly applauded.

On Umpires.

The Toronto baseballists are evidently a badly used lot. They have lost several close games through wretchedly bad umpiring and now they appear in danger of being made the victims of something worse, of umpires whose own financial interest is on the side of the opposing club. The World is not prepared to say that Dilks is no good, or allowed himself to be bulldozed by the Clippers recently, and who by so doing has become the bane in reality of the Torontos—spare us for the pun—had money on the Hamilton club in the particular match in question but it does know that the man has previously placed his shekels in that direction. Again, while perhaps no one can object to his riding with whom he likes, it was doubtful taste, to say he least of it, to leave the grounds in the same hack as Mr. Agar Stroud, giving the spectators the idea that he was under his especial aegis. Then Jeffers, of whom better things might have been expected, his name being on the official list of umpires, had a bet yesterday of two to one on the Londons. It is true he did not officiate, but he might have been called on to, and he would, in that case, have afforded a pretty spectacle of a man deciding the course of his own money. The whole principle of the thing is wrong. If a man accepts a responsible position as umpire, he should not be known to have sympathies one way or the other. All this, however, only furnishes an additional argument in favor of regularly salaried umpires, who can be reached and punished if guilty of any unbecoming conduct.

It is understood that the game at Guelph on Thursday has been protested on the ground that the Maple Leafs did not engage a league umpire. Billy Smith, the old time pitcher for the Leafs, acted, and his decisions are said to have been pretty bad.

Baseball Decisions.

Editor World: 1st. In a game of baseball there is a runner on third base, another on second, when the batter bats a ball to the pitcher, who fumbles it, but recovers it and throws to the catcher to try and put out the base runner coming from third—who had started for the plate when the ball was hit—but in place of the catcher getting the ball it hit the umpire and bound out of the catcher's reach, the runner from third having in the meantime crossed the plate without being touched with the ball. Is he out or not? 2d. The conditions are the same as in the first in regard to men on bases, and the batter bats a ball to the pitcher who throws it to the catcher to try and catch the runner from third (who started for the plate when the ball was hit), but the ball went past the catcher and struck the umpire, the catcher getting it in time to touch the runner from third before he reaches the plate. Is he out? or should he be given his run because the ball hit the umpire, which he and the runner on second would have scored had the umpire not been in the way?

HARRY CLARKE, Dundas, Ont.

1—Not out. There is no rule that applies to the case, and while the umpire was alone to blame in not permitting the fielders to make the play, he could not call the runner out, as the fact remains that the runner was not touched by the ball in the hands of a fielder.

2—He is out. The ball is not a "block" or "dead" ball, and is in play. Rule 31 reads: "A block is a batted or thrown ball that is stopped or handled by any person not engaged in the game." The umpire is a person engaged in the game, consequently the rule does not apply to the point you mention.

Fall Races of the T. R. C.

The annual fall races of the Toronto rowing club take place this afternoon on the bay, in front of the club house, commencing at 2.30 o'clock. Four gold medals will be given to the winning crew, and four silver cups to the second. The following crews will compete:

First Heat.

H. Pierce, stroke,	W. O'Connor, stroke,
J. Harkley,	F. H. Thompson,
F. W. Nye,	J. Hallworth,
J. A. Carvith,	—— Pearce.

Second Heat.

J. Wright, stroke,	J. C. McGee, stroke,
W. H. Black,	W. Davidson,
J. S. Keith,	A. Ormistead,
W. B. Hamilton.	J. Doran.

Third Heat.

C. Enwright, stroke,	E. A. Thompson, stroke
R. Douglas,	J. E. Knox,
C. Dunning,	—— Gormalley,
W. H. Hunter.	G. Gowinlock.

In connection with the races the club will hold one of their enjoyable "at homes."

The Toronto Dog Sports Club.

One of the largest and most enthusiastic meetings the Dog Sports club has had was held last night at Joe Taylor's place, the Dog and Duck, Colborne street. Several new members were elected and the meeting then concluded all the necessary preliminary arrangements for the great race meeting on the exhibition grounds Sept. 14. The program, as before stated, includes races for greyhounds, setters, spaniels and terriers, the distance being 200 yards. Entries which are free to club dogs only close on Monday with the secretary, Robert Junor, 207 Seaton street. A big day's sport is assured, as the entries already made are numerous. Alderman Piper was present at the meeting and urged members to make entries for his dog show on the grounds in connection with the Zoo.

National League Games Yesterday.

BUFFALO, Sept. 4.—Two league games, both of them postponed, were played to-day. The Chicagos and Buffalo wrestled at Milwaukee, and for five innings the game was a very pretty one. Then Wood weakened and Chicago batted him just about as they pleased, while the nervous Bisons went sadly to pieces and failed to give him that support at critical points which was necessary.

At New York—New York, 6 r., 9 b. h., 9 e.; Boston, 3 r., 7 b. h., 3 e. Called in the eighth inning on account of rain.

At Milwaukee—Chicago, 12 r.; Buffalo, 4 r.

Second race, 1 mile—Irish Lass won with Gold Ban second and the Utah third; time 1.45½. Third race, 1½ miles—Wellington won with Virgie Hearne second and Fleur de Lis third; time 2.10½. Mutuels paid $70.90. Fourth race, 1½ miles—Exile won with Effie H. second and Glendolia third; time 1.57½.

The Lacrosse Match To-day.

Play for to-day's lacrosse match will be called sharp at 3.30. James Carruthers will be referee, and Messrs. Smart, Brockville, and Manning, Brampton, umpires. Fifteen cents only will be charged for the grand stand.

H. P. Davies, by instruction of Dr. Canniff, the health inspector of the city, went down to Cobourg last night and required the Montrealers to sign "a clean bill of health."

General Notes.

The boat race for $1500 which was to have taken place at Sheepshead bay yesterday between Ross, Hanlan and Lee was postponed until Monday on account of roughness of the water.

A greyhound occasionally visits the baseball grounds, and it is a noticeable fact that when he appears on the field the Toronto's invariably score. He is their Hassot and should be subsidized. He was around yesterday.

The employes of the Bell Telephone company would like to play a friendly game of baseball with the employes of the Great Northwestern Telegraph company, or the Electric Light company at a date to be mutually agreed upon.

Toronto and Hamilton cricket clubs meet today on the Toronto cricket grounds, and the spectators will probably be treated to a close contest and some fine playing. The Toronto team will be: Allan, Boyd, Collins, Creelman, Cooper, Campbell, Daly, Jones, Lindsay, Shanly and Winslow.

At Providence, R. I., yesterday, starters in the free-for-all trotters were Maxey Cobb, Majolica and Felix. Maxey Cobb won the first heat easily in 2.17¼, but after that he seemed tired and was beaten by Majolica in the second and third heats in 2.17¾ and 2.18¼. On account of darkness the race was not finished.

The following will represent the Oxford juniors in their match with the Whitting cricket club to-day at 2 p.m. on the Oxford cricket grounds: S. Wilkey, E. F. Foley, R. McKay, A. Smith, S. Durham, A. McKay, H. Thomson, A. Reed, H. Chandler, J. E. Thompson and H. Lambe.

"Prof." J. M. Lund old complains that J. D. Patrp did not show up to make the ornamental match that the former proposed. Mr. Landfield thinks that under the circumstances Mr. Patrp was not justified in kicking over the referee's decision in the late tournament of the Dolphins. Those two gentlemen must understand that The World has no room for the hand ing of words. If either thinks the match we will be glad to chronicle that fact as well as the result, but if not this must end the matter as far as The World is concerned.

The Wanderers' challenge cup presented by W. H. Beatty to the Wanderers Bicycle club, will be competed for at the races of the Toronto Bicycle club on the 19th inst. The committee who have these races in hand are working hard to ensure success. They are in communication with several of the fastest riders in the States, also with the English bicyclists who are there visiting, and it is expected that several of them will be here.

UNITED STATES NEWS.

Considerable damage to crops from frost is reported from Minnesota.

The Knights of Labor have won the day against the Gulf, Colorado and Santa Fe railroad.

Nicholas Webber's morocco factory at Lynn, Mass., was burnt yesterday. Loss $1,0 0,000.

Chas. Hayes, a negro, living at Boston, cut his mistress' throat from ear to ear, and managed to escape. The woman lived long enough to tell the story.

Chas. H. Brown, John Goines and John Clark, three township trustees of Davis Co., Ind., are said to have absconded to Canada with $50,000 each of the taxpayers' money.

An epidemic of typhoid dysentery is reported in Washmart, Wayne county, Pa. Thirty five cases, with seven deaths, have developed. Cause, impure water and bad drainage.

James B. Staples, a freight conductor on the Virginia Midland railway, married Rose Colvin, the daughter of a citizen of Culpepper, Va., and a quarter of an hour afterwards was arrested for bigamy.

The strike inaugurated on Thursday by the river coal miners for an advance of half a cent a bushel is spreading rapidly. It is estimated nearly 4000 men are idle. The strikers are greatly encouraged and claim that by Monday every mine in the Monagohela valley will be closed and 7000 miners be out.

A fire in a tenement at New York yesterday caused a big scare. Nine persons were rescued from imminent peril by the firemen, four of whom were hurt by a ladder breaking at the third story. They were taken to the New York hospital, along with James Murray, upon whom they fell and who was also badly, and possibly fatally, injured.

To Protect the Mails but Not the Chinese.

WASHINGTON, Sept. 4.—The governor of Wyoming territory to-day telegraphed the president and secretary of war requesting the assistance of the federal troops in suppressing the disturbance at Rock Springs, caused by the massacre of Chinese laborers by the miners. Orders were issued for troops to proceed to the scene of the disturbance for the purpose of protecting U.S. mails. The soldiers are to keep open the route over which the mails are carried and prevent any interference with them. It is expected the presence of the troops will send to prevent any further trouble.

Vaccine Matter is Merchandise.

WASHINGTON, Sept. 4.—A man living in Marietta, Pa., has telegraphed to the attorney-general that $500 worth of vaccine matter mailed by him to Canada is detained at Buffalo, and asking how he can secure its delivery. The telegram was referred to the postoffice department, and the sender will be informed that the matter, which is held to be merchandise and therefore unmailable to Canada can, only be delivered through the express after examination at the custom house.

THE ELECTRIC RAILWAY.

JUDGE O'CONNOR DECIDES FOR THE INDUSTRIAL EXHIBITION.

Car Painters' Convention—Funeral of Pte. Hughes—Dr. Macdonald's Inquest—Testing the New Waterworks Engine.

A motion which caused some excitement among those interested in exhibition matters was heard at Osgoode hall yesterday by Judge O'Connor. The Industrial exhibition association have built an electric railway from Strachan avenue along Exhibition road to the centre of the grounds. The Street railway company claiming the exclusive right to operate street railroads in Toronto, objected to this proceeding and commenced an action against the exhibition committee, in which Mr. Shepley for the street railway yesterday applied for an injunction to restrain the association from constructing or operating an electric tramway or street railway of any kind on Exhibition road. Attorney-General Mowat appeared for the association and City Solicitor McWilliams for the corporation, who were made defendants pro forma. After hearing several long affidavits and the arguments of Mr. Shepley, and the attorney-general, the judge dismissed the motion and also refused to order the defendants to keep an account of their receipts, etc. The electric railway (which is said to be the largest of its kind in the world) will therefore be one of the features of the exhibition and will doubtless prove a great convenience to the visitors.

The Car Painters' Convention Closed.

The master car painters closed their convention at the Rossin house yesterday. A paper on the best method of cleaning brass and plated car trimmings was read by E. L. Fetting and laid over for consideration next year. The reports of several committees were adopted. It was resolved that the association should subscribe for and distribute among active members fifty copies of the Painters' magazine. The secretary's salary was raised from $75 to $100. The name of the association will henceforth be the Master Car and Locomotive Painters' association of Canada and the United States. The thanks of the meeting were tendered to the Rossin house and railway authorities for courtesies shown to delegates during the convention, which was then adjourned to meet on the second Wednesday of September, 1866, at Chicago.

Funeral of Grenadier Hughes.

The remains of the late Pte. Isaac Hughes, who died at Battleford, August 1, from illness contracted on active service, will be interred in Mount Pleasant cemetery this afternoon with military honors. The Grenadiers will parade in review order at 3.15 p.m. in the armory. The firing party, consisting of thirteen rank and file under a sergeant, will be detailed from No. 4 (service) company. The officers will wear a piece of black crape round the left arm above the elbow. The funeral will take place from the residence of deceased's parents 6 Buchanan street at 4.30 o'clock. The mayor and aldermen will attend; several clergymen will officiate. All the volunteer corps in the city are expected to be represented.

Insurance on Exhibition Buildings.

The exhibition committee yesterday discussed the question of insurance on the annexes and new buildings just erected by the Industrial association on the grounds. The work has been done without the insurance companies having been notified, as set forth in the policies. The city, therefore, stood a chance to lose the insurance money in case of one of the reconstructed buildings being burned. The committee at once came to the decision to make the matter right with the companies. Ald. Maughan, who is in the insurance business, undertook to explain the case to the board of underwriters.

Dr. Macdonald's Death.

When Coroner Johnson was about to open the postponed inquest on the body of Dr. W. H. Macdonald, who was found dead in bed August 20th, he learned that the foreman of the jury, J. T. Macdonald, was, on account of illness, unable to be present. The coroner therefore adjourned the inquest until Monday evening, when the report of Dr. Ellis on the analyzed contents of the stomach of deceased will be received, together with other important evidence. The jury will sit at Duff's hotel, Church and Carlton streets.

Liberal Temperance in St. Kitts.

St. Catharines organized in the temperance hall on Thursday a branch of the Liberal Temperance union, with W. J. Keating, pres.; Josiah Holmes, Dr. Elliott, J. T. Carey, vice-presidents; A. B. Shaw, sec., and Thos. B. Hart, treasurer. Vigorous addresses in support of the union were made by Dr. Ollie, Ald. Towers, Gordon Mowat and W. W. Holmes. The union is preparing to vigorously oppose the Scott act and secure legislation in support of its method of dealing with the liquor traffic.

Sympathy With a Fellow Member.

The trades and labor council met last night, President Thomas Tracy on the throne. The following gentlemen were installed as delegates from assembly 3490 Knights of Labor: John Jeffers, John Field, Thomas Handley. Some accounts were ordered paid. On motion of John Armstrong a resolution was passed tendering C. J. O'Donoghue the sympathy of the council in his bereavement caused by the death of his mother.

Test of the New Pumping Engine.

The test of the new pumping engine, which commenced at 1.30 Thursday, was brought to a sudden stop between 8 and 9 the same night, by the displacement of a small valve belonging to one of the air pumps. Trifling as this may appear to the uninitiated, it was sufficient to stop proceeding with the test performance. While working it pumped at the rate of between eleven and twelve million gallons per twenty-four hours.

How the Industrial Lost an Exhibitor.

Editor World: At last year's exhibition at Toronto I was awarded a gold medal in the class I exhibited in. I waited and waited for the medal; I got the ticket but no medal. I think it was a very mean piece of business to not give me the medal, consequently I do not exhibit this year. AN EXHIBITOR.

The Scott Act in Halton.

Information concerning the working of the Scott act is always of interest to people still living under the license law, but who expect to be called upon, sooner or later, to vote yea or nay upon the act.

We learn from the Milton Sun, a neutral authority, that the Halton advocates of the act held an experience meeting on the Milton camp grounds one day last week, for the purpose of testifying to the merits of the law. The Rev. Mr. Brethour deplored the lack of interest taken, as evidenced by the very slim attendance. He believed the act to be a success, although different people had different notions of what constituted success. Several other speakers asserted that although drinking had not been entirely suppressed there was less of it than there had been under the Crooks act. Mr. Watson, editor of the Sun, announced himself as a teetotaller, and opposed to licensing the liquor traffic, but he felt compelled to admit, from personal observation in Milton, that the act was not a success.

Now for the other side of the picture.

The champion is an unrelenting opponent of the act, and every issue of the paper contains paragraphs describing the debauches which take place in and about Milton. We condense from its latest issue: "A levee of drunkenness, fighting and singing is held regularly now every Saturday evening and Sunday morning. * * * * Last Saturday night's racket is a disgrace to the town, and Sunday evening was no improvement. * * * * On Tuesday morning last, about 3 o'clock, some poor creatures, wending their way homeward after a night's debauch in some of the shebeens of the town, broke four large panes in the windows of Hollingrake & Sons, twelve panes in the store of McKay Bros. and four panes in the office of Brothers & Sons." The Champion further describes how a wagon load of drunken fellows lost their way early Sunday morning while leaving Milton for Boyne. One of the party fell out of the wagon and was helpless for an hour afterwards.

It goes for the saying that if these weekly reports are true the act is not a success in Halton. If they are not true they ought to have been, and no doubt would have been, disproved before now.

Apropos of our remarks upon the toll gate question, the Hamilton Spectator says that "many farmers are so constituted that they would rather pay three dollars in the shape of tolls than one dollar in the shape of taxes." It is undoubtedly true that they often do bite off their noses to spite their faces, but we fail to see how they can expect the city people to provide them with free market accommodation when they are so niggardly with respect to roads necessary to their own purposes. The Spectator thinks that the provincial government ought to intervene and suppress the nuisance, but the agricultural vote is too much of an object with the politicians for that to be done, although there is a large percentage of farmers who have outgrown the delusion that they gain anything by paying men to collect tolls from them everytime they drive to their market town.

Lord Randolph Churchill appears to be very well satisfied with the political situation. He boasts that the lapse of the Crimes act in Ireland has produced none of the frightful consequences predicted by the alarmists. But he played his trump card when he stated that the government had secured a considerable modification of Russia's views concerning the Afghan question, and that that source of danger might be considered as almost, if not quite, removed. If the tories shall be able to show in November next that their advent to power was followed by an increase of British prestige abroad their hands will be greatly strengthened in the campaign, and the present indications are that they will be able to make such a showing.

The Montreal recorder's partiality in dealing with the violators of the smallpox regulations has brought upon him uncomplimentary criticisms from the press. He retorts by an action for libel against the Witness, and threats of similar actions against several other papers. In this case the press has done its duty to the public, and the public will, no doubt, stand by the press. The authorities ought to bring the recorder up with a short turn and teach him to attend to business with promptness and impartiality instead of wasting his time in unseemly squabbles with the newspapers.

The plantation of a Hungarian colony in the Northwest means the creation in that country of a Hungarian vote, with all that the term implies. Surely Canada has sufficient variety of class votes already without adding to the number. Settled in masses immigrants and their descendants retain their old world characteristics, and constantly bring foreign ideas and influence to bear upon politicians. The policy is not a wise one.

The Bradford Witness says that Riel should "have expatiated his crime on the gallows long ago." Louis "David" is very fond of expatiating, but he has no ambition to address his fellow citizens from a scaffold.

"Assessment System."

The following is from the New York Journal of Commerce, of July 10th, 1885; one of the oldest, most reliable and most conservative financial and commercial journals published:

A HEALTHY GROWTH.

The successful career of the Mutual Reserve Fund Life Association is marvelous in the annals of life insurance enterprise. Its name has become a tower of strength—and has been well earned by the untiring devotion of President Harper and his associates. Its astonishing prosperity has provoked attacks which are best repelled by a frank and full exhibit of its greatly increasing line of business. Up to July 1, 1885, it shows a gain of no less than $13,214,500 over that of the corresponding period last year. In June alone its mortuary receipts exceeded $250,000, of which over $60,000 went into the reserve fund—that triple buttress upon which the association justly prides itself. This reserve now amounts to $425,000, and is employed for three purposes only—to pay death claims if any should occur in excess of the American experience mortality tables; to make good any possible deficiency in the death fund account; and to be apportioned among those who have been members of the association over fifteen years, etc. As the first and second contingencies named are not likely to arise, the third object is the one upon which the fund is practically expended. It is full of other good points, among which may be mentioned the economical salary list—less than $50,000 for carrying on the whole work of the vast institution—and payments to widows and orphans at the rate of over $2,000 cash each day.

The Finance Minister at Ottawa has issued a license to the Mutual Reserve to transact business in the Dominion of Canada, the association having deposited with the insurance department the sum of $50 000 and complied with all the requirements of the new insurance bill.

The New Traction Engine.

From the Oshawa Reformer, Sept. 4.

The new traction engine of the Joseph Hall works has been submitted to various severe tests since our last issue and thus far the extent of its power has not been reached. That it can be used for plowing has been demonstrated by its having hauled a load of four tons over a newly plowed field, and ten tons could as easily have been taken across the same field.

We have made some estimates of the cost of hauling heavy freight by horse power and by the new traction engine, which we think will be interesting to some of our readers. A 16 horse power traction engine can easily haul 25 tons of coal from Port Oshawa to the C. P. railway at Myrtle, 12 miles, with an ascent of at least 600 feet, and as easily haul back to the port 1000 bushels of barley the same day at a cost of say: Engineer $1 50 and half ton of steam coal, $2 25, or say total $3.75.

With horses and wagons at present the cost would be, 12 teams at 50c. each per day for feed $6 and 12 men at $1 per day each, or in all, $18, showing an advantage of $14 25 per day in favor of the traction engine.

Cost of steam outfit: 16 h. p. engine $1600, 5 cars $500, shed for engine and coal $50, or a total cost complete say $2150.

Cost of horse power outfit—12 teams of horses, say $4000; 12 wagons, $960; 12 sets of harness, $500; 12 barns, $4000; blankets, robes, etc., $240; total, $11,000, or an advantage in favor of the iron horse of $8850.

Profit and loss account—Cartage 25 tons of coal to Myrtle station, at 30c. per ton, and return freight of barley 1000 tons at 5c. per bushel $12 50; cost of engineer and coal $3.75; net earning of the engine $8.75 per day.

At the same rates the horses and wagons would only show an earning power of $12.50, while the cost would be $18.50 per day, or a nett loss of $5.50 per day, showing clearly that the new traction engine has the advantage of $14.25 per day, $85 50 per week, or $3420 per year of 40 week, with an investment of $2150 as against $11,000. We have not taken into account the interest on the investment, the liability of the horses to sickness, accident and death, cost of repairs to 12 sets harness, shoeing 24 horses, etc., etc.

Millers who are some distance from a railway station must see the advantage of possessing a new traction engine, while lumbermen who wish to be abreast the times will be obliged to provide their establishments with this modern mechanical wonder. One practical man this week, in giving an order to the works for a traction, said he would thresh with it during the season, then use it cutting his lumber in the bush this winter, and in the spring haul the lumber to the depot. That man understands true economy.

The new traction engine will be on exhibition at the Toronto and London fairs, and no doubt will excite much interest amongst threshermen, lumbermen, millers, freighters and all who take an interest in mechanical improvements.

FINANCIAL AND COMMERCIAL.

FRIDAY, Sept. 4.

The transactions on the Toronto stock exchange were few. At the morning board 3 Commerce were taken at 127½ 3 Consumers' Gas at 162½, and 1 Canada Permanent new stock at 195. The sales in the afternoon were 20 20 of Northwest at 40.

AYER'S Sarsaparilla

Is a highly concentrated extract of Sarsaparilla and other blood-purifying roots, combined with Iodide of Potassium and Iron, and is the safest, most reliable, and most economical blood-purifier that can be used. It invariably expels all blood poisons from the system, enriches and renews the blood, and restores its vitalizing power. It is the best known remedy for Scrofula and all Scrofulous Complaints, Erysipelas, Eczema, Ringworm, Blotches, Sores, Boils, Tumors, and Eruptions of the Skin, as also for all disorders caused by a thin and impoverished, or corrupted, condition of the blood, such as Rheumatism, Neuralgia, Rheumatic Gout, General Debility, and Scrofulous Catarrh.

Perfect Spiral Trusses. Inventor and Manufacturer of Appliances for Relief and Cure of all Deformities of the Human Frame.

Mr. G. Morgan, editor Maple Leaf, Port Dover, says:

"Having known Mr. Cluthe for several years, and used his instruments, I have no hesitation in saying that his work is far superior in every respect to any of the instruments of the best makers in New York Philadelphia or Indianapolis, for which much higher charges are made. Mr. Cluthe is an adept and enthusiast in his business, and for ease of fit and adaptability for the purpose designed, his superior in America is hard to find. As an instrument maker and fitter I can most cordially recommend him to any unfortunately in need of his services. He is thoroughly honest and reliable, and will do what he says."

A WONDERFUL SCARF-PIN.

From a Saratoga Letter.

Simon Wolf, a former consul-general in Egypt, when he was here last week showed a very beautiful scarf-pin which was given to him by one of the higher officials of Egypt. This pin is made of the body of a scarabee. This, in plain words, is a petrified Egyptian beetle. It is over four thousand years old. It has a cutting upon the back representing one of the high priests standing before the king. The color of this scarabee is a faint greenish blue. The marks of the beetle are as perfect in this petrifaction. This beautiful object was found in the tomb of one of the Pharaohs. It is one of the most perfect specimens of these very rare and much coveted relics. Mr. Wolf says that he was offered £1000 for it by the British museum. A number of people have tried to tempt Mr. Wolf to part with this keepsake, but he refuses to give it up for friendship or money. The grateful Egyptian official who gave it to him had been befriended by Mr. Wolf to this extent: The khedive was very friendly to Mr. Wolf, and it was through the influence of the latter that the khedive gave the ribbon of the legion of honor to the ambitious Egyptian official. He in his burst of gratitude for this favor pressed this royal present upon Mr. Wolf. One evening when Mr. Wolf was exhibiting this jewel a beetle identical in size, shape and marking lighted upon the dark coat sleeve of a gentleman who a moment before had been looking at Mr. Wolf's prize. This Saratoga beetle was a perfect specimen of the Egyptian scarabee, save that the American beetle was light yellow in color. It is possible that the process of petrifaction, however, would have changed this color.

"Over and Over Again."

—Repetition is sometimes the only way to impress a truth upon the mind. Accordingly take notice that Dr. Pierce's "Pleasant Purgative Pellets," (the original Little Liver Pills) continue to be wonderfully effective in cases of sick and nervous headaches, constipation, indigestion, rush of blood to the head, cold extremities, and all ailments arising from obstruction of the bodily functions. Their action is thorough yet gentle, and the ingredients being entirely vegetable, they can be taken with impunity into the most delicate stomach. All druggists.

Corsets to Order.

—Ladies, the manufacture of neat fitting corsets is one of the most intricate as well as the most exact of mechanical genius. If not properly made and constructed in every part to fit the figure it is practically useless. In a neat fitting corset we claim to have revolutionized the old styles, and to produce such an article we use in the manufacture of those goods the very best material. Corsets to order a specialty. The Van Stone Corset Company, 354 Yonge street. 615

—Cottenham & McFarland write as follows: WAPAKONETA, O., June, 1877. Gents: Having been in the livery business for the past ten years, and having many cases of colic in horses under our treatment, and having tried many remedies and liniments to cure it, we found that the best, cheapest and quickest remedy for colic in horses is Perry Davis' Pain Killer, and we honestly affirm that we never failed to cure the worst cases of colic we ever saw, and we cheerfully recommend it to every body, as the best medicine to cure colic in horses. 36

Known by These Signs.

—Dyspepsia may be known by heartburn, sour eructions of food, wind belching, weight at the stomach, variable appetite, costive bowels, etc. Burdock Blood Bitters will positively cure dyspepsia, although in its worst chronic form. 246

Thanks.

—Thanks to The World for sending me up to 360 Queen street west, to have my watch fixed. I have been hawking it from shop to shop all over the city, spending dollar after dollar, and it never kept good time until I took it to Doherty's. Since then it has proved itself a good reliable watch and gives me every satisfaction. 135

—Mr. S. Lachance, a leading French druggist of Montreal, says: During my holiday trade the new perfume, the "Lotus of the Nile," was much called for, the result as I found of the ladies who had used it, talking so much about it to their friends. I never saw a perfume that seemed to please everybody so effectually. 36

A Cure for Drunkenness.

—Opium, morphine and kindred habits. Valuable treatise sent free. The medicine may be given in a cup of tea or coffee, and without the knowledge of the person taking it, if so desired. Send two 3c. stamps for full particulars and testimonials of those who have been cured. Address M. V. Luban, agency, 47 Wellington street east, Toronto, Canada. ed

Just the Thing.

—W. J. Guppy, druggist of Newbury, writes: "Dr. Fowler's Wild Strawberry is just the thing for summer sickness. I sold out my stock three times last summer. There was a good demand for it." Dr. Fowler's Extract of Wild Strawberry is infallible for dysentery, colic, sick stomach and bowel complaint. 246

—Is there anything more annoying than having your corn stepped upon? Is there anything more delightful than getting rid of it? Holloway's Corn Cure will do it. Try it and be convinced.

—Don't despair of relief, if troubled with chronic dyspepsia or constipation. These ailments, as well as biliousness, kidney infirmities and feminine troubles, are eradicated by Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure, an alterative of long tried and clearly proven efficacy. It is a fine blood depurent as well as corrective, and contains no ingredients which are not of the highest staudard of purity.

—Its unfailing power entitles Ayer's Sarsaparilla to be considered the only sure specific for blood disorders.

Lovers and burglars have some things in common. They both laugh at locksmiths, and they both have a good deal of cupidity about them.

—Worms cause feverishness, moaning and restlessness during sleep. Mother Graves' Worm Exterminator is pleasant, sure and effectual. If your druggist has none in stock, get him to procure it for you.

Cannibalism is still practiced by 1,250,000 people, and it is very evident that the demand for missionaries will long exceed the supply.

—Cleanse the blood with Ayer's Sarsaparilla, and realize how far down in the scale of health you have been living.

Fogg speaks of the government warehouse as "Purgatory," inasmuch as spirits are there held temporarily in bond.

—West Toronto Junction is within a few minutes walk of the Union station by the trains of either the Ontario and Quebec and the Grand Trunk or the Northern. Real estate in the neighborhood has steadily risen in value and promises to advance still more rapidly. Some of the best lots in West Toronto are to be had from Geo. Clarke, 295 Yonge street.

—James Cullen, Pool's Island, N.F., writes: I have been watching the progress of Dr. Thomas' Eclectric Oil since its introduction to this place, and with much pleasure state that my anticipations of its success have been fully realized, it having cured me of bronchitis and soreness of nose, while not a few of my rheumatic neighbors' (one old lady in particular) pronounce it to be the best article of its kind that has ever been brought before the public. Your medicine does not require any longer a sponsor, but if you wish me to act as such, I shall be only too happy to have my name connected with your prosperous child.

Ginger ale is said to be good for the blood. That's the reason the dude drinks ginger ale. The dude is a blood.

—No one need fear cholera or any summer complaint if they have a bottle of Dr. J. D. Kellogg's Dysentery Cordial ready for use. It corrects all looseness of the bowels promptly and causes a healthy and natural action. This is a medicine adapted for the young and old, rich and poor, and is rapidly becoming the most popular medicine for cholera, dysentery, etc., in the market.

When a miser has been eaten by a grizzly the western people speak of him as being admitted to the b'ar.

—Cholera morbus, cramps and kindred complaints annually make their appearance at the same time as the hot weather, green fruit, cucumbers, melons, etc., and many persons are deparred from eating these tempting fruits, but they need not abstain if they have Dr. J. D. Kellogg's Dysentery Cordial, and take a few drops in water. It cures the cramps and cholera in a remarkable manner, and is sure to check every disturbance of the bowels.

YOU HAVE

BRIGHT'S DISEASE OF THE KIDNEYS.

The above symptoms are not developed in any order, but appear, disappear and reappear until the disease gradually gets a firm grasp on the constitution, the kidney-poisoned blood breaks down the nervous system, and finally pneumonia, diarrhœa, bloodiseness, heart disease, apoplexy, paralysis or convulsions ensue, and then death is inevitable. This fearful disease is not a rare one—it is an every-day disorder, and claims more victims than any other complaint.

It must be treated in time or it will gain the mastery. Don't neglect it. Warner's SAFE Cure has cured thousands of cases of the worst type, and it will cure you if you will use it promptly and as directed. It is the only specific for the universal

If you are suffering from nervous or any chronic disease, by getting a phrenological examination you will be greatly benefited. No child is too young to be examined, the sooner the easier they can be improved. Every one before commencing a trade or profession should see if they are adapted for it, which can only be learned from a competent phrenologist. Owing to the large profits usually made from sales of Tea and Coffee, dealers in these necessary beverages resort to different methods to force sales, and so-called prizes are offered in different forms as inducements to buy a pound of Tea or Coffee. The prizes in many instances being of greater value than the Tea. DEVLIN, THE GROCER, gives no prizes, and in consequence housekeepers are enabled to buy their TEA AND COFFEE AT THEIR TRUE VALUE. In Coffee I recommend my Blended, Mocha, and Java at 35c. and 40c. per pound. In TEA MY 40 AND 60 CENT IS REALLY CHOICE. A reduction of 5c. per pound is always allowed on a purchase of one pound. $2oo IN CASH

As Extra Prizes

THE LI-QUOR TEA CO. of Canada (Geo. Clarke, Proprietor) have determined to offer the following PRIZES, viz.:

1st Prize	$100 in cash.
2nd Prize	$50 in cash.
3rd Prize	$25 in cash.
4th Prize	$25 in cash.

To the person sending in before September 1st, 1885, the longest list of words made from the letters composing the following:

The Li-Quor Tea Co.

In this phrase, as it stands above, there are ELEVEN DIFFERENT letters, five of them vowels, and many words can certainly be found in such a combination with ease. The prize will, however, probably find its way to one of the enterprising readers of these lines who goes beyond the obvious words. There is a chance for every industrious mind, as mere cleverness will not go for so much in this competition as perseverance. Boys and girls may occupy themselves with this problem as well as their elders, and there is no limit to the number of lists which may be sent from one family.

Any patron of the Li-Quor Tea Co. is free to mail us his list, and it is to be hoped that many will be heard from, one having as good a chance as another in this competition. Those not already customers may become eligible to compete by sending with their lists six Half-pound Vouchers taken from our packets of tea at either 50 cents, 60 cents, 70 cents, or 80 cents per lb., for which they may select as usual the books or bonuses to which they are entitled.

Rules of the Competition.

1. The words as printed above must be used as they stand. "Co." is intended to go for but TWO letters, and may not be expanded into "Company."

2. No letter may be used in one word more frequently than it occurs in the phrase Li-quor Tea Co." O and E, for instance, may be employed twice, but L only once.

3. Proper names are excluded, but any word found in Webster's Dictionary (not a proper name) will be allowed, the actual words of the phrase excepted.

4. Words must be neatly written in columns and numbered thus—

1 Ace	4 Queer
2 Ache	5 Other
3 Lie	6 Rat

—Total..6

The total must invariably be set down.

5. Envelopes containing lists (which should reach the office of the Li-Quor Tea Co., 295 Yonge street, not later than noon Sept. 1st), should be endorsed "Li-Quor Tea Co. Prize Competition," and directly beneath must be written *the number of words on the enclosed list.* The list itself must bear at the top the name and full address of the sender. An accompanying letter is unnecessary. The names and addresses of the successful competitors will be published in the Evening Telegram on Thursday, Sept. 3rd.

6. To EVERY list must be pinned six half-pound vouchers for our tea, for which the bonuses may be selected.

Failure to comply with one of the three first rules will result only in the cancellation of words gained by offending against them, but we cannot promise attention to lists not made out and sent in in accordance with rules 4, 5 and 6.

'TWAS NO EARTHQUAKE,

BUT A TERRIFIC EXPLOSION OF DYNAMITE.

Two Men, Two Horses and a Wagon Blown Into Fragments and Scattered for Half a Mile Around.

LAKEFIELD, Ont., Sept. 4.—A fearful explosion of dynamite occurred this morning about two miles south of Lakefield. A load of 1000 pounds for the Trent valley works at Burleigh in charge of two men exploded while passing through a dense tamarack swamp. A hole sixty feet across and eight or ten feet deep marks the spot where the waggon was when the explosion took place. The trees for forty yards on each side are cut down and reduced to dust. Pieces of the iron work of the wagon, harness and the bodies of the men and horses have been picked up half a mile from the spot. None larger than a man's hand has been found. The victims' names are unknown. The shock in the village was terrific, people deserting their houses in dread, as no one could tell the cause, there being no steam boilers stored in or near the village and no explosives used. Until the truth was ascertained it was thought an earthquake had struck the district.

Michael Strogoff at the Grand.

Charles L. Andrews, manager of the Michael Strogoff company, has been in the city all week arranging with Manager Sheppard for his splendid production of the piece. Mr. Andrews says that several changes for the better have been made in the company and a large ballet added, led by three premieres, while the drama has been considerably revised by Max Freeman, the stage manager:

Michael Strogoff is a piece novel in plot, situation and business, and affording legitimate opportunity for fine scenic effects. The story of the play briefly is this: Michael Strogoff is one of the couriers of the czar, and is commissioned to convey intelligence of a relieving force which will attack the Tartar invading force investing Irkutsk. It is absolutely necessary that his identity should remain unknown, as he has to pass through a hostile country. He is insulted and submits, accused by his mother of cowardice for refusing to aid in the defence of his country and denies his identity, but is discovered as prisoner among the Tartars while attempting to defend his mother from the knout. He is compelled to be blinded as a spy, but the punishment is imperfectly performed and through the guidance of a young girl whom he is protecting reaches his destination, and accomplishes his mission. The story is purely sensational in character, but nevertheless the numerous dramatic situations are quite as much of a moral as of a physical character. The play is not so worthless as a piece of dramatic work as might be supposed, the startling occurrences being brought about naturally, and the impossible not being brought into any special prominence. The comedy part of the play is supplied in the persons of German and American war correspondents, who are continually endeavoring to beat each other in despatching news.

A Yonge Street Dry Goods Palace.

The World paid a visit to the dry goods establishment of Edward McKeown, Yonge street, yesterday, and was shown through by the genial and enterprising manager, Mr. Crichton, under whose supervision the house is being renovated from top to bottom, inside and out. The ground floor has been lately lighted by an ingenious lantern roof of Mr. Crichton's own invention. By means of this roof an equal and brilliant, but not dazzling, light is shed over the entire flat. The second floor is being handsomely carpeted, furnished and fitted up generally as a mantle warerooom. The most convenient devices are employed to display the goods to advantage. The third story will be taken up by the dress and mantle cutting rooms and ladies' fitting room. All these improvements were found necessary to meet the demands of a growing trade. Mr. McKeown is now merely waiting for the workmen to vacate the premises to take out of the custom house a large consignment of fall goods. In every respect Mr. McKeown's establishment commends itself to the public notice.

The Wholesale Millinery Room.

D. McCall of McCall & Co. was so pressed with business when called on yesterday with regard to the condition of the fall trade and millinery that he had scarcely a moment's time to give to The World reporter. He said that since the opening day the establishment has been crowded with buyers, who have been placing heavy orders. They all appeared to be well satisfied with the class of goods shown. Mr. McCall said that the smallpox epidemic in Montreal might in part account for the great influx of purchasers, but not entirely. The presence of such hosts of buyers was mainly to be attributed to the fact that Canadian storekeepers are yearly acquiring greater confidence in Toronto dealers and know that they can get the very best goods here.

'Tis Fashion Makes the Man.

The demand of the public of the present day is for good fitting well made garments of fashionable materials. In order to anticipate the wants of their patrons for the coming season, Petley & Petley have made a special effort to place before them a very superior stock of fine woolens, selected by their Mr. J. W. Petley in the best markets of Europe. They have also made a complete change in their cutting department, and have secured the services of Mr. Wm. Brookland (late of London, England) as principal cutter, and they have every reason to congratulate themselves on the wisdom of their choice. We would, therefore, advise our readers in want of first class clothing for the coming season to visit the well known house of Petley & Petley, where elegant, perfect fitting and well made garments are to be had at very moderate prices.

For Volunteers.

Volunteer land grants, scrip and pensions with suggestions showing how a grantee may realize to best advantage, by Capt. C. W. Allan, Toronto: The Toronto News Co. Montreal: The Montreal News Co. Price 15 cents.

Every volunteer who served in the Northwest, and who is entitled to a land grant scrip or pension, ought to have this little hand book which contains a lot of useful information, including instructions how to manage scrip.

Very Encouraging.

—The past six months has been a very successful season for the Waterloo House The sales of each month have almost doubled those of last year and so Mr. McKendry has been warranted in providing a stock for the fall trade which for bulk and beauty has never before been attempted. 246

Lotta at the Grand.

The incomparable little lady made another hit last night. The house was filled with the best of people; the performance was charming and delightful. Lotta was encored and recalled. Stuart and Bradshaw divided honors in the male caste. M'lle Nitouche will be reproduced at the matinee and to-night.

Chang at Albert Hall.

The Mongolian giant will be at Albert hall for the last time to-day; receptions from 2 to 5 and 7 to 10. A cup of real Chinese tea for everybody.

Police Court Yesterday.

William P. Dobbie, disorderly, $50 and costs or five days; Margaret Stinson, using threatening language, bound over to keep the peace; Thomas Benson, fighting, $1 and costs; Frederick Thorn and Arthur Collins, stealing green peas, $2 or four hours in the cells; James Sloan, George Roebuck, James H. Faherty, violating liquor law, $20 and costs each; James Frowley, same offence, $40 and costs or thirty days; Henry Fraser, assault, $5 and costs or thirty days; Mrs. Fraser, same charge, $1 and costs or ten days; Stefano Bonafazio, assault, $1 and costs or ten days.

Exhibition Notes.

—We believe the Canadian Harness Co. are going to have one of the finest displays in the exhibition. Their exhibit will be composed of harness taken out of their regular stock and not got up on purpose, which will give all those using harness a grand opportunity to prove that they use nothing but the best of stock and all hand stitched. They guarantee all work turned out of their factory, 104 Front street east. 246

Settling Up for the Site.

The court house committee yesterday instructed the city solicitor to proceed at once with an examination of all titles to the site and to report at an early day with a view of settling up the award and taking possession of the land.

An Open Challenge to All.

—J. W. Cheeseworth has determined to keep up his reputation for fine ordered clothing, as can be seen by any one visiting his establishment. The most fastidious task can be satisfied equal to London or New York, if people are only willing to pay a reasonable price for their goods. J. W. C. challenges competition at home or abroad. Sample garments can be seen at his establishment, 106 King street west.

Is It Acting Right?

—If you are troubled with inactive liver your complexion will be sallow, frequent sick headache, aching shoulders, dizziness, weariness, irregular bowels, and many other serious complaints. Burdock Blood Bitters regulate the liver and all the secretions to a healthy action. 246

Do Not Delay.

—Do not delay, if suffering any form of bowel complaint, however mild apparently may be the attack, but use Dr. Fowler's Extract of Wild Strawberry. It is the old reliable cure for all forms of summer complaints that require prompt treatment. Ask your druggist and all dealers in patent medicines. 246

Smallpox Caution.

—The public are cautioned against the use of goods, cigars in particular, coming from any city where smallpox is raging. We hear it is very bad in Montreal We also hear that the majority of the labor in the manufacture of cigars in Montreal live in the smallpox districts of that city. By using the General Middleton and Brave Boys you will avoid the contagious disease and get a first-class cigar. Manufactured by W. E. Dobson, Toronto. 246

GEO. MOORE, HENRY WADE,
President, Waterloo. Toronto. 36

TORONTO, Sept. 4, 1885.

Gentlemen:

We are directed by Mrs. Conger to acknowledge the prompt and courteous settlement through you, of her claim on the British Empire Mutual Life Insurance Company for $20,000 secured by policy in her favor on the life of her husband, the late Mr. P. D. Conger. Although the conditions of your policy allow the period of one month for payment after the necessary proofs are furnished, yet in this case a cheque for the full amount without any discount was furnished as soon as the proofs were accepted.

Yours Sincerely,
MOSS, FALCONBRIDGE & BARWICK.

Messrs. J. E. & A. W. Smith, Agents British Empire Mutual Life Insurance Co., Toronto.
