By B. M. Croker.

THIRTEENTH YEAR. WEDNESDAY MORNING, JANUARY 25 1893. ONE CENT

STUMP-SPEAKERS GALORE.

THE COUNTRY ORATOR OWNED THE TOWN YESTERDAY.

He Journeyed to the Queen City from Every Voting Precinct and Every Crossroad to Attend the Liberal Organization Meeting — The Business Transacted Purely of a Formal Nature.

WHEN a well-known writer said a while ago that oratory was fast becoming a lost art he reckoned without the host of stump-speakers abroad in the land.

Three hundred and twenty-two delegates, three hundred of whom were prospective candidates for parliamentary honors in the Liberal interest from every voting precinct and every crossroad in Ontario, foregathered under one roof in Richmond Hall yesterday in response to a joint circular issued by Sir Richard Cartwright and Sir Oliver Mowat for the purpose of drafting some scheme of more thoroughly organizing the party and endeavoring to bring into line the thousands of National Policy Liberals.

There were many interesting types among the delegates, and there is no question that so long as the party possesses such a plethora of torchlight Ciceros the lamp of oratory will hold out to burn to light the way of the vacillating voter.

Sir Richard Redivivus.

The meeting was opened by Mr. James Sutherland, M.P., nominating Mr. James Young of Galt for the position of chairman, while W. Aylesworth of Addington was proposed as secretary.

Mr. Young ascended the platform and in a short speech introduced Sir Richard Cartwright. Sir Richard explained the objects of the meeting. Owing to the character of the enemies the Liberals had to fight and the material which they had at their command, it was absolutely necessary, if they were to win, the organization of the Liberals must be perfected, both for Dominion and provincial purposes. Incidentally he remarked that the policy of the Liberal party was free trade, that the platform of the party had not been changed since 1877. The various measures which had been advocated, continental free trade and partial revision of the tariff, were but means to accomplish the desired end. The Liberal leaders were willing to give the country free trade if a revenue had to be raised by direct taxation, but he did not think this practicable. It was better to bring about free trade gradually.

Ontario's Premier Speaks.

Sir Oliver Mowat, who appeared to be in particularly good spirits, followed Sir Richard and spoke with more than his usual vim. He told of the good government he had given the people during the past 20 years, and urged the necessity of a united co-operation on the part of Ontario Reformers. Some of the members of the party were, he understood, in favor of two organizations—one for the Dominion, the other for the local—but this, he thought, would be a mistake. Many Reformers had, in 1878, been led away by the protection policy of the Conservatives, and while they supported the Mowat Administration did not vote with the Liberals in Dominion politics. He thought by thorough organization and united effort these stray sheep could be coaxed back to the fold, as the time was propitious for the Liberals to give the people of the Dominion as good a Government for the next 20 years as he had given the province during the past couple of decades. He cautioned the delegates that the object of the gathering was not to discuss a party policy or to lay down a program. That would be done at a convention to be called subsequent to the session of Parliament. This meeting had been called simply for the purpose of organization.

From the Concession Lines.

After Arthur Sturgis Hardy had made a few remarks to the same effect, the stump speakers from the back townships began to get their work in, and some of their addresses outranked the stump speech that Marc Antony delivered while he stood on the steps of the Forum shedding crocodile tears over Cæsar dead and fast turning to clay. The delegates were divided as to whether it would be best to form one central organization or to divide the Province into districts with an organization in each. Despite the request of the leaders that no question of policy be discussed, quite a few of the one hundred odd speakers expressed a desire to talk on the tariff and to have resolutions passed upon it. When a village Demosthenes gets up in meetin' to expound party doctrine; when he rises in flights of fancy to portray the virtues of his cause, or bends downward with clenched fist to emphasize his point; when with dexter index finger decorously extended he points out the sinister devices of the enemy, or with both hands upraised fulminates over the foe an unpent Utica of righteous indignation—'tis then that the doubting Thomas becomes converted to the true faith, and his uncertain vote wobbles out of his lax fingers into the right ballot box. This is the real triumphant oratory, the sort that wins votes on the spot while the crowd waits. Compared with its fervid persuasiveness the speeches of those who command the applause of listening commoners are but barren flowers of rigid rhetoric. The campaign orator was on view during the next half hour in all his moods and aspects.

Mr. Riddell of Cobourg made a strong speech in favor of having a committee of five instead of 30, but Mr. Hardy pointed out that the same results could not be obtained as by means of the larger committee. More campaign literature could be distributed and a larger amount of money raised. Sir Richard Cartwright also pointed out that by having a large committee, made up of representatives from different sections of the country, the leaders could more readily get in touch with the people.

Eventually it was decided to form a central executive committee of 30 members—10 members to be elected by the meeting, 10 by the Liberal members in the House of Commons and 10 by the Liberal members in the Assembly.

The new organization is to be known as the Liberal Association of Ontario and these officers were chosen:

Hon. Presidents—Sir Richard Cartwright, Sir Oliver Mowat.

President—Robert Jaffray.

Vice-Presidents—Hon. James Young of Galt, Charles Mackenzie, M.L.A., Sarnia; D. K. Fraser of Brockville, J. C. Snell, Brampton; G. A. Cox, Toronto; John Waldie, Toronto; Thomas Murray, Pembroke; William Thompson, Orillia; A. U. Bellcourt, Ottawa.

A committee was appointed to name the ten members of the executive to be appointed by the meeting, and when it was submitted there was a commotion, the farmers present objecting to the adoption of the report on the ground that there was not a fair representation of farmers on the committee. After a good deal of discussion two professional men were removed from the committee and farmers substituted therefor.

When the Fun Commenced.

After the naming of the committee the afternoon was devoted to speeches on organization and other matters.

Among the principal speakers were: H. J. Cloran, W. T. R. Preston, Joseph Tait, J. C. Gibbons of London, W. T. Murray, ex-M.P. of Renfrew; William Paterson of Brantford. A number of the delegates, including Mr. Gibbons of London, thought that it was of the utmost importance that a policy should be clearly defined so that there would be no harking back between the leaders.

A motion by Mr. Mackenzie to make officers ex-officio members of the committee was negatived, it being pointed out by John A. Barron, Ex-M.P., that he had had some experience in courts and the result might be to bring both Sir Richard Cartwright and Sir Oliver Mowat into court.

Notes.

It was explained to the delegates by one of the speakers that the reason Mr. Laurier did not visit more constituencies was that he was a poor man and could not afford it.

The question of appointing an organizer to succeed W. T. R. Preston was left with the new Organization Committee.

The usual votes of confidence in the Liberal leaders were passed and Ex-Organizer Preston also got a vote of thanks.

These M.L.A.'s were among the delegates: Joseph Tait, N. Awrey South Wentworth, Donald Guthrie South Wellington, W. D. Balfour South Essex, G. B. Smith East York, E. L. Davis North York, Dr. Gilmour West York, James Cleland North Grey, J. D. Moore South Waterloo, William Mack Cornwall and Stormont, E. Carpenter North Norfolk, James Rayside Glengarry, James Sharpe Parry Sound, James T. Garrow West Huron.

Among the former M.L.A.'s and M.P.'s were: J. C. Dance East Elgin, Thomas Murray Pontiac, B. Allan and William Garson Lincoln.

NEW STATES.

Oklahoma, Utah and New Mexico Reported Favorably Upon.

WASHINGTON, Jan. 24.—The Republican caucus this afternoon decided by a majority vote to take favorable action upon the admission of the territories of Oklahoma, Utah and Mexico, but left Arizona out in the cold. This result was not attained until after a prolonged discussion.

It was agreed that the question of the admission should be made the order of business to follow the discussion of the Nicaragua Canal.

Thus the chances for the discussion of the bills to admit these territories this session are very slim.

A BIG SCHEME.

The Northern Pacific to Run to Russia, Through Canadian Territory.

CHICAGO, Ill., Jan. 24.—J. V. Jones, one of the California delegates to the annual gathering of the Marine Engineers' Benefit Association now in session in this city, says that among the residents of the Pacific slope there is considerable talk of extending the Northern Pacific Railway, so as to enable a man leaving Chicago to reach St. Petersburg, Russia, by land. Russia is building a road from the Ural Mountains across Siberia to Vladivostock, and this last named point is that which the extended Northern Pacific would meet. He says all engineers agree to the idea as being quite practicable. The extension would run along the coast through Alaska and over the Behring Straits.

Wardens Elected Yesterday.

Victoria—E. H. Hopkins, reeve of Ops.

Huron—Joseph Griffin, reeve of Ashfield.

Elgin—Alexander McKillop, reeve of Dunwich.

Waterloo — George Moore, reeve of Waterloo Village.

Simcoe—Joseph Wright, reeve of Beeton.

Lambton—P. D. McCallum, reeve of Bosanquet.

Prince Edward—James Gibson, reeve of Athol.

Lincoln—D. B. Rittenhouse, reeve of Louth.

Welland—C. B. Bennett, reeve of Thorold.

Perth—George V. Poole, reeve of Wallace.

Frontenac—William Gibson, reeve of Storrington.

Brant—Thomas Howden, reeve of Onondaga.

Hastings—F. Thompson, reeve of Elzevir.

Kent—R. J. Morrison, reeve of Raleigh.

Wellington — Major Nicol, reeve of Puslinch.

Halton—John Husband, first deputy-reeve of Trafalgar.

Leeds and Grenville—Andrew Gray, reeve of South Crosby.

Norfolk—J. S. Wyckoff.

Peel—R. Blain, reeve of Brampton.

Bruce—Mr. Bryan, reeve of Lucknow.

Stormont, Dundas and Glengarry—John Bennett of Roxborough.

Essex—Elisha McKee, reeve of Sandwich West.

Middlesex—Alexander Duffin, reeve of West Nissouri.

Lanark—Gavin Hamilton, reeve of Ramsay.

Renfrew—A. T. White, reeve of Pembroke Township.

Haldimand—Dr. Thompson, reeve of Cayuga.

The Latest Turf Events—Records Broken —Americans and Canadians Interested.

The American turf, both trotting and running, has become one of the fixed institutions of this continent, and any one who takes an interest in these matters can hardly expect to keep au fait with its various phases unless he reads the live turf papers. John P. McKenna, publisher and newsdealer, 80 Yonge-street, near corner King, keeps on sale the two leading turf papers, The Horseman and Clark's Horse Review. The last issues of these journals contain many articles of practical importance to horsemen, as well as entertaining stories of the turf. The work of the Executive Committee of the American Trotting Register is fully set forth in this week's Horseman.

Dempsey Wants a New Trial.

PITTSBURG, Jan. 24.—Hugh Dempsey, convicted of poisoning the Homestead steel workers, has through his attorneys made application for a new trial. The reasons given include the usual alleged errors of the court, etc., and in conclusion the attorneys say that material evidence has been discovered showing misconduct of certain jurors.

Railing Against Fashion.

In writing to an English magazine, Ouida says that "all modern society spectacles are spoiled by the attire of the men, the most frightful, grotesque and disgraceful male costume which the world has ever seen." Notwithstanding this fierce assault of such a clever authoress, men will continue to wear a costume which was devised for practical use and leave the æsthetic style of dressing to the ladies. It might be here remarked that the modern full dress costume for men is incomplete without quinn's shirts, gloves and neckties.

Wreck in Illinois.

JOLIET, Ill., Jan. 24.—Two freight trains collided on the Sante Fe Road near Millsdale, nine miles south, this morning.

Engineers A. M. Rahn and Richard Mitcheil and Brakeman M. J. Mahone were killed. The other trainmen escaped without injury. Both trains were badly wrecked and the pecuniary loss will be heavy.

THE EGYPTIAN SITUATION.

NO DANGER OF AN INSURRECTION AS YET.

The Fidelity of the Entire Native Egyptian Soldiery is Assured to Britain—British Troops on the Way to India Detained at Port Said—French Newspapers Wrathy.

LONDON, Jan. 24.—Some surprise was experienced yesterday at the news from Cairo that Lord Cromer had expressed himself so confidently in regard to the prompt suppression of any outbreak that might occur. To-day's advices give the grounds for Lord Cromer's confidence. His Lordship is assured of the entire fidelity of the native Egyptian army to the British cause, and with the British army of occupation co-operating with the native troops it is believed any attempt at insurrection would be promptly crushed.

A Cairo despatch says that Lord Cromer called upon the Khedive this morning to inform him that the British Cabinet had ordered an increase of the British garrison in Egypt. The despatch does not say how the Khedive received the news, but no doubt it had a profound impression in dissipating any idea that Gladstone intended to abandon Egypt.

Major-General Sir Francis Wallace Grenfell of the Egyptian army, who is now in London, was at the War Office to-day in consultation with the Right Honorable Campbell Bannerman, Secretary of State for War. It is officially stated at the War Office that both Sir Francis Grenfell and General Kitchener, the sirdar of Egypt, who has complete authority over the Egyptian troops, unite in guaranteeing the loyalty of the native troops to their English officers. For this reason chiefly the Government, acting largely upon the advice and opinion of Sir Francis Wallace Grenfell, will for the present limit the number of British reinforcements to 1000 men, but arrangements have been completed to draft 10,000 men on three days' notice from the British garrisons in Malta, Cyprus and India to Egypt.

British troops on their way to India to relieve British regiments about to depart from India are to be detained at Port Said until advised to proceed. The British could, therefore, in a short time bring about 15,000 troops to bear against any army insurrection in Egypt, and assuming that the native army would remain loyal, a total force of about 30,000 would be under British direction.

PARIS, Jan. 24.—The sensation in France over the action of the British in Egypt is increasing. The course taken by England is looked on as proving the determination of Great Britain to persist in the occupation of Egypt. The newspapers unanimously call upon the Government to vindicate the rights of France.

ANOMALOUS CONDITIONS.

The People of Egypt Are Certainly Not to Be Envied.

LONDON, Jan. 24.—Mr. Alfred Milner, late British Under Secretary for Finance in Egypt, is a strong advocate of English occupation and has recently published a very interesting book in which he supports his views. He resided for several years in the Delta of the Nile and during his sojourn enjoyed exceptional opportunities of getting at "the root of the matter" in relation to the difficulties against which successive Egyptian Governments have been more or less successfully struggling throughout the eventful period of the British occupation. In his opening chapter, headed "The Land of Paradox," Mr. Milner graphically describes some of the anomalous conditions under which the government of Egypt has to be carried on at the present day:

"Imagine a people the most docile and good-tempered in the world in the grip of a religion the most intolerant and fanatical. Imagine this people and this faith, congenial in nothing but their conservatism, flung into the maelstrom of European restlessness and innovation. Imagine a country full of turbulent foreigners, whom its police cannot arrest except flagrante delicto, and whom its courts cannot try except for the most insignificant offences. Imagine the government of this country unable to legislate for these foreigners without the consent of a dozen distant Powers, most of them indifferent and some ill disposed. Imagine it carrying on its principal business in a foreign tongue, which yet is not the tongue of the predominant foreign race.

"Imagine it struggling to meet the clamorous, growing needs of to-day with a budget rigorously fixed according to the minimum requirements of the day before yesterday. Imagine the decrees of this government liable to be set at naught by courts of its own creation. Imagine its policy really inspired and directed by the envoy of a foreign state, who in theory is only one—and not even the doyen—of a large number of such envoys, and the chief administrative power really wielded by a man who in theory is a mere adviser without executive functions. Yes, imagine all these things and then realize that they are no Mikado-like invention of comic opera, no nightmare of some constitutional theorist with a disordered brain, but prosaic, solid fact—an unvarnished picture of the political Egypt of to-day."

With regard to what he aptly terms "the veiled protectorate," Mr. Milner observes that there are three points to be considered —the British troops, the British Consul-General and the British officials in the Egyptian service.

"The position of each of these presents anomalies which would be impossible anywhere except in paradoxical Egypt. The presence of a single British regiment lends a weight they would not otherwise possess to the counsels of the British Consul-General. Take the troops away and you must either run the risk of a decline of British influence, which would imperil the work of reform, or devise, for a time at least, some new and equivalent support for that influence—a problem not perhaps impossible, but certainly difficult of solution."

He is no less energetically opposed to the "internationalization" project:

"In the boundless mercy of Providence let us hope that Egypt may at least be saved from this settlement of the difficulty. Here we have the worst of the whole list of proposed solutions. On that point all Egyptians would be unanimous. Much as some of them may dislike any foreign control, there is not one who would not agree that, whether such control be desirable or simply inevitable, it is far better that it should be exercised by one power than by half a dozen or a dozen. Some might prefer France and some England, and some, perhaps, another nation, but they would all prefer a single master."

The British force in Egypt numbered at the beginning of this year 3400 men. Major-General Forestier Walker is in command. The whole Egyptian army, however, is indirectly under British control, about 60 English officers holding commands among the 19,000 native troops, and General F. W. Kitchener having control as sirdar of the army organization. The native troops have reached a high degree of efficiency under their English drillmasters.

If you have indigestion at any time use Adams' new Pepsin Tutti Frutti. It is a prompt and absolute cure. Sold by all druggists and confectioners, 5 cents.

THE GERMAN ARMY BILL.

Caprivi Says it Does Not Imply a Doubt of the Continuance of the Triple Alliance.

BERLIN, Jan. 24.—Chancellor Von Caprivi to-day attended a meeting of the Reichstag Committee on the Army bill. He declared that the proposal to increase the number of recruits up to limits of present peace footing could not replace the Government measure.

The Chancellor added that adoption of the proposal would endanger the proposed transformation of the army and prevent its mobilization at certain periods of the year, thus imperilling defence of the country. The Government bill did not imply a doubt of the continuance of the Triple Alliance, but was due to the recognition of the fact that despite the help that would be rendered by the Triple Alliance Germany in event of war would have to face superior numbers.

A GREAT SMASH.

Passenger and Cattle Trains Collide—The Slaughter Was Terrible.

BUDA PESTH, Jan. 24.—A passenger way train and a cattle train collided near Grau to-day. The cattle train was heavily loaded, and its impetus forced the locomotive over the locomotive of the passenger train and into the first and second carriages.

The other carriages of the passenger train were partially smashed. In the first carriage three persons were killed instantly and 10 more were severely, perhaps fatally, injured. In the second carriage 15 persons were injured, two so seriously that they are expected to die. In the other carriages 18 persons were cut or bruised, but none dangerously.

The engine drivers of both trains were terribly burned, but may recover. Three hundred head of cattle were killed. Most of the injured who could be moved have been taken to the hospital in the Grau. The misplacement of a switch is supposed to have caused the accident.

FOUND DEAD IN A STABLE.

Sudden Death of An Employe At Doty's Engine Works.

William Dewsbury of 29 Niagara-street met his death yesterday afternoon under sad circumstances.

The deceased, who was a trusted employe of the Doty Engine Works Company, was unable to attend to his usual duties in the morning on account of violent pains in the region of the heart. He reclined on a couch at home until about 4.30 in the afternoon, when he prepared to go oeer to the stables to look after his horses. An hour later when another of the teamsters entered the stable he fell over the prostrate body of Dewsbury. Horrified at his discovery he communicated with the foreman and Doctor Wood was summoned. Upon examination the doctor pronounced life extinct and asserted it as his opinion that such had been the case for the past hour.

Since losing an eye by an accident in the works a year ago, Mr. Dewsbury has never enjoyed his usual good health.

The family seem to be assured of the fact that death was the result of heart failure.

An inquest will be held by Coroner Aikins at the hotel on the corner of Bathurst and Niagara-streets at 3 o'clock this afternoon.

THE LAST WEEK.

Dineen Will Close Out His Stock of Furs By Saturday.

Ladies love bargains, there is no gainsaying the fact. Gentlemen like to run across a bargain too, but they have not the system of bargain-hunting and shopping in general down to such a fine point as the fairer sex.

Instead of going from store to store looking up a bargain how much easier it is when a firm with which everyone is acquainted and in which everyone has implicit confidence comes boldly to the front and announces, giving plausible reasons therefor, that they are prepared to clear out their stock at prices below cost!

This is the course that the firm of W. & D. Dineen has taken. Without preliminary they announce that their spring goods will begin to arrive on the first of the month and that their magnificent assortment of furs must be sacrificed during the present week to make room for this new stock.

Everything must go and must go immediately, the end of the week will see the end of the bargain season in furs.

There are a thousand and one things in the way of caps, gloves, gauntlets, robes, mantles, jackets, etc., in which it will pay you to invest. Even in the remote possibility of the goods not being a necessity this year, they will be just as good next season and can be secured at bargain prices now at a saving of at least 30 per cent.

Surely bargains of this kind will repay one for the trouble of packing the fur away for the summer.

SAD ACCIDENT.

Archie McLean, Boss Cleaner at the York Roundhouse, Mangled.

There was a very sad ending to the excursion of a number of the G.T.R. employes of York to a concert in the Auditorium in this city last night. They were returning on a special coach attached to a freight train, with the van in the rear. The conductor was in the cupola of the van, and felt a jolt. He looked back and saw the form of a man on the track. He stopped the train, went back with two men and found near Jones-avenue the mangled form of Archie McLean, the boss cleaner in the York round-house.

He left the two men with the poor fellow and hurried his train to where medical assistance could be secured. He returned with the company's surgeon, Dr. Walters.

Archie was placed in the van, taken to Don Station, and from there in an ambulance to the General Hospital. His right shoulder is smashed and his skull fractured. No hopes of recovery.

He is aged over 50 years, is married and his wife lives in Wisconsin. He is a member of Cambridge Lodge, Sons of England, and is well liked by his companions. His nephew, George Butler, of East Toronto, is now with him.

It is supposed that he fell under the train while trying to climb from the coach to the van, where he was going for a smoke.

1892, "The Cream of the Havana Crop."

"La Cadena" and "La Flora" brands of cigars are undoubtedly superior in quality and considerably lower in price than any brand imported. Prejudiced smokers will not admit this to be the case. The connoisseur knows it. S. Davis & Sons, Montreal. 136

Convincing.

Persons desiring to procure a photograph of themselves superior to any they may have had, can do so by complying with our price. We guarantee satisfaction or money refunded. Herbert E. Simpson, 143 College-street. 136

Cholera in Germany.

BERLIN, Jan. 24.—One more death from cholera in Nietleban Insane Asylum, near Halle, was reported to-day.

The report of cholera cases in a working men's lodging house in Trotha on the Saale is confirmed.

A Monkey and a Jackass Time.—Will the Monkey Get the Jackass Round?

DR. OGDEN IS NOMINATED.

HE CARRIES THE CONVENTION BY A MAJORITY OF TEN.

George Lindsey's Capital Run—An Immense Convention of Over Eight Hundred Delegates Almost Evenly Divided On the Choice of a Reform Candidate For the Local in Toronto.

Dr. W. W. Ogden was last night chosen by one of the largest Reform conventions ever held in the city. Nearly 900 men were assembled at Temperance Hall, and Dr. Ogden's only opponent was Barrister G. G. S. Lindsey. The figures of the ballots were as follows:

W. W. Ogden, M.D.	435
G. G. S. Lindsey, Barrister	425
Majority for Ogden	10

Alexander Wheeler called the convention to order at 8 o'clock sharp and business was at once proceeded with.

Among those called to the platform were W. H. P. Clement, Joseph Tait, Isaac Holman of Waterloo, E. T. Malone, J. Knox Leslie, W. R. Riddell, J. E. Verral, John Charlton, M.P., John Barron, ex-M.P., Charles Marsh, G. G. S. Lindsey, Richard Caddick, J. J. Withrow, Alfred Macdougall, H. H. Cook, Hon. A. S. Hardy and Hon. J. M. Gibson and J. A. McIntosh.

In the audience W. T. R. Preston hustled round as if he forgot he wasn't organizer.

After the usual business motions, nominations were proceeded with and fully one-half of those on the platform were proposed.

The nominees were:

Dr. W. W. Ogden by E. T. Malone.
G. G. S. Lindsey by J. Knox Leslie.
J. Knox Leslie by Ald. J. E. Verral.
J. E. Verral by Ald. Carlyle.
E. T. Malone by Richard Caddick.
Dr. Lynd by Dr. McConnell.
J. A. McIntosh by Mr. Downey.
B. W. Howell by Stewart Lyon.

Also Charles Marsh, Arthur Mowat, Ald. McDougall, Ald. Carlyle, Dr. King, J. J. Withrow, Richard Caddick.

All of these except the first two retired.

Mr. Lindsey gave a bright, trenchant speech and said he had only had 48 hours to consider the question of running at all. In reply to the remarks he had heard that his health would not carry him through, he said that if nominated he would show those who said he was going to die that he could be a lively corpse.

Dr. Ogden based his claim to the convention's franchise on the fact that he had been 22 years a school trustee and had in all that time supported the Mowat Government.

Mr. E. T. Malone bore testimony that Dr. Ogden had always subscribed liberally.

The count of the ballot took 40 minutes and the result was made known at 10.30. Mr. Lindsey rose at once to move that the nomination be made unanimous, but the audience would not listen and said neither yea nor nay.

Among the crowd that left the building were many dissatisfied men. One most experienced worker of Ward 5 said that the result was due to the machine having given the "tip" that Ogden was to be nominated.

Mr. Lindsey is to be congratulated on the successful showing he made, considering that he had only decided 48 hours previously to allow his name to go to the meeting and had done no canvassing whatever.

ABERDEEN THE MAN.

He Will Succeed Lord Stanley as Governor-General of Canada.

[Montreal Star Cable.]

LONDON, Jan. 24.—To set at rest all conjectures about the successor of Lord Stanley of Preston as Governor-General of the Dominion of Canada I have the authority to state that the Right Honorable John Campbell Hamilton Gordon, the seventh Earl of Aberdeen, will succeed His Excellency.

Lord Wolseley's name, which was mentioned in connection with the position, was brought forward because of his continued association with the leading Canadians here, and by the belief that he himself would gladly go to Canada. But, in the face of this, it has been quite understood in official circles that Lord Aberdeen had been the nominee of the Cabinet, and especially the choice of Mr. Gladstone, who is his intimate friend.

I am informed that Lord Aberdeen and his Countess look forward to another term of residence in Canada with much interest, and it is the general opinion here that Canadians are to be congratulated upon the choice of their next Governor-General.

The official announcement of the appointment will be made shortly. In the meantime, however, the matter may be regarded as settled.

Lord Aberdeen told a friend not long since that he hoped to visit Canada at an early day, discreetly adding, however, "whether I go officially or not remains to be seen."

Got a Black Eye.

DUBLIN, Jan. 24.—The hostility between Parnellites and anti-Parnellites is assuming an acute phase. Pierce Mahony, the former Parnellite M.P. for North Meath, who was defeated in the late election by Michael Davitt, since unseated, had an encounter to-day in the Four Courts with Matthew Joseph Kenny, Nationalist M.P. for Middle Tyrone. Kenny received a black eye. Mahony was arrested and committed for trial, bail being accepted.

Heating Stoves specially suited for Workshops and Warehouses. Wheeler & Bain, King-street east.

FIRE-DAMP HORROR IN AUSTRIA.

Explosions That Turned a Mine Into a Trap of Death and Set the Women Crazy With Grief.

VIENNA, Jan. 24.—An explosion of fire-damp occurred to-day in the Fort Schritt mine at Dux, in Bohemia. 100 men are still entombed in the mine. Every effort is being made to rescue them.

Despatches from Dux to-night say that 80 miners were killed and scores were injured.

The explosion occurred this morning when the shifts were changing. A cage full of miners had been lowered half way down the shaft when the ground trembled, a loud rumbling report was heard and the cable attached to the cage gave such a lurch that the lowering machinery broke.

A rush of air and dust from the pit's mouth, the sounds of crashing timbers and the cries of the men in the cage gave warning to the men above of the extent of the disaster. Help was summoned, the machinery was repaired after a delay of half an hour and the cage was raised. Ten of the occupants had been killed by the shocks, 10 had suffered fractures from which they cannot recover, 5 who had broken limbs and internal injuries will live. They had been half suffocated by the gas rising in the shaft, and said that no man could live below.

An hour later the superintendent of the mine and five miners from the night-shift went down in the cage. They were unable to go more than 100 yards from the shaft into the gallery, but they found 14 dead bodies. Of the 50 men who were waiting for the cage 10 had been killed and 40 had been partially crushed by falling timbers or half suffocated by the foul air. A short distance from the shaft the superintendent found four bodies, which had been crushed beyond recognition by a falling beam. The bodies and the injured were taken to the top, where the whole mining settlement had gathered to watch the work of rescue.

The men who had been brought up from the bottom said that a few minutes after the explosion they had heard cries and groans from the mouth of the gallery, about 300 yards from the shaft. There was heavy timber work at this place, and they believed that the men in this gallery had been imprisoned by the falling beams. They believed that some 40 men had been at work there. Shortly before the cage came down they said the cries ceased. Another rescue party went down at once, and after three of them had been carried back to the shaft unconscious penetrated to the entrance of the gallery.

The entrance was completely blocked by the wrecked woodwork. The rescue party could see several dead bodies on the other side of the timbers, but were unable to get at them and returned to the top empty-handed. It is believed that all the men in the gallery were suffocated or killed by the shock of the explosion. Twelve miners who worked in the extreme interior of the mine on the night shift, and had not started for the shaft so soon as their companions, are also believed to be dead.

Despite the apparent hopelessness of the situation a rescue party is still in the mine, and thousands have gathered at the pit's mouth. When the extent of the disaster became known the women of the dead men's families attempted to mob the mine officials, accusing them of carelessness in the management of the mine.

MILAN AND NATALIE.

The Radicals Do Not Join in Rejoicing Over the Reconciliation.

BELGRADE, Jan. 24.—The announcement of the reconciliation between ex-King Milan and ex-Queen Natalie is not received here with universal acclamations of pleasure. The young Liberals are strongly opposed to the settlement of the differences of the royal couple. They declare that the whole affair was prompted by politics and that Milan has arranged a scheme with officers of the Servian army through the medium of General Tsholekontics, who is now in Paris, having for its object the return of Milan to Servia. According to the young Radicals the purpose of ex-King Milan is to establish a dictatorship, with himself at its head, during the minority of his son, King Alexander. In the overturning of the constitution the young Radicals say Milan will have the assistance of the army.

Canadian Bank of Commerce, Yonge and College Branch.

This bank has just added another to its numerous attractions in the way of handsome offices throughout the city by the removal of its branch at Yonge and College-streets to new quarters in the Oddfellows' Hall building, immediately north of the premises occupied for the past three years. The manager's room, banking office proper, and vault are models of convenience, ample room being afforded both to customers and the staff.

The general effect of the decorations, woodwork, counters and electroliers is most pleasing, reflecting credit upon the taste of the manager, Mr. T. S. Harrison, under whose charge the business of the branch has grown to such large proportions as to demand these increased facilities for its customers.

Almost a Centenarian.

MONCTON, N.B., Jan. 24.—Rev. David Crandall, a father of the Baptist denomination in the Maritime Provinces, died last night at Springfield, King's County, in his 98th year.

Symmetrical Perfection.

For the most symmetrical conception of your face and figure patronize Herbert E. Simpson, 143 College-street. 136

THE PANAMA SCANDAL TRIAL

BUYING FAVORS FROM NEWSPAPERS NOT SWINDLING.

What the Counsel for the Defence Argues—Count de Lesseps Never Played the Double Part Attributed to Him—A Newspaper Man Says He is Not to Be Ordered By Judges.

PARIS, Jan. 24.—The Panama trial was continued to-day. Interest in the case increases as the end approaches. Maitre Barboux resumed his argument in behalf of his clients.

He indicated no new line of defence, but proceeded to justify the assurance which the directors of Panama Canal Company had given to the shareholders and the public in relation to the Panama enterprise.

He declared the payments made to the press to obtain the approval of the newspapers for the Panama enterprise could not be held to constitute swindling.

The figures as to the amount of shipping that would pass through the canal and the consequent profit of 6 or 7 per cent. on the investment of 1,200,000,000 francs, M. Barboux continued, were the estimates of competent men. Ferdinand de Lesseps had never played the double part attributed to him. He had not concealed the mistake made in the original estimates of the cost of the canal.

In 1884 he had told a general meeting of shareholders that 600,000,000 francs more would be required to finish the canal. His statement had been so explicit that those who persisted in misunderstanding him had only themselves to blame.

A Unique Contention.

Chairman Brisson informed the Parliamentary Commission of Enquiry to-day that Arthur Meyer, director of the Royalist daily, The Gaulois, had refused to appear before them to testify as to the charges made against him by Charles de Lesseps. Meyer's excuse for refusing to testify was that the commission has no authority over journalists, and he has sent an open letter to the press syndicate arguing in support of this unique contention.

The case of Clemenceau occupied most of the commission's attention to-day. M. Franquéville has finished his examination of 18 persons connected with the Panama scandal. He has decided that Ferdinand de Lesseps, Charles de Lesseps, Henry Cotlu, Marius Fontane, Ex-Deputy Sans-Leroy, Ex-Deputy Gobron, M. Arton and M. Blondin are culpable. His decision as to the other 10 is not yet known.

Ex-Deputy Gobron is supposed to have received a Thierree check for 20,000 francs. The specific charge against Arton is that he bribed M. Sans-Leroy. M. Blondin, as M. Baihaut's private secretary, handled the money that passed between the Panama people and the Minister of Public Works, besides having other compromising dealings with the Canal Company.

In the Chamber of Deputies to-day Le Provost de Launay gave notice during the discussion of the military estimates that tomorrow he would move that the secret service fund of the war office be not used in future for political purposes, as had been done formerly.

PREFERENTIAL TARIFFS.

The Exporters of Birmingham Adopt the Idea.

LONDON, Jan. 24.—In response to a call from the Birmingham Chamber of Commerce the exporters of Birmingham met the members of that body yesterday and discussed Canada's offer of preferential tariffs to Great Britain. A motion in favor of accepting the offer was passed by a vote of 76 to 61, and the meeting resolved that the Chamber of Commerce do all in its power to induce the Government to take similar action.

Coalition in Spain.

MADRID, Jan. 24.—A manifesto signed by Senores Zorilla, Salmeron and Picy Margall, the leaders of three Republican sections in Spain, was issued to-day announcing that they had formed a coalition. A central committee, the manifesto adds, will be appointed in Madrid, the members of which will constitute the First Ministry when the Republic shall have been established.

Making It Official.

ROME, Jan. 24.—The Congregation of the Propaganda sent on Saturday to the American archbishops the announcement of Archbishop Satolli's nomination to be permanent papal delegate to the church in the United States and directed the archbishops to communicate this announcement to their suffragans.

The Czarewitch In Germany.

BERLIN, Jan. 24.—The Czarewitch arrived in this city this evening and was warmly welcomed by the Emporer, after which he was escorted to the Russian legation, where he was received by the Embassy.

No more suffering from Indigestion. Adam's Pepsin Tutti Frutti is an absolute cure. Sold by all druggists and confectioners, 5 cents.

BIRTHS.

McGOVERN—At Cedarburg, Wis., the wife of W. P. McGovern, M.D., of a daughter.

DEATHS.

DEWSBURY—On the 24th inst., William Dewsbury, in the 56th year of his age.

Funeral on Thursday, 2.30 p.m., from his late residence, 29 Niagara-street. Friends and acquaintances are requested to attend.

SANDERS—On Tuesday, Jan. 24, Michael Sanders, aged 81.

Funeral will leave the residence of his son-in-law, Joseph Gosse, 110 Duke-street, for Union Station at 8 p.m., Wednesday, Jan. 25. Friends and acquaintances please accept this intimation.

FANATICAL NEGROES AMUCK.

BRUTAL MURDER OF POLICEMAN RANKIN OF CHATHAM.

His Body Hewn by a Chopping Ax—Policeman Dezelia Passes Through a Fusillade of Bullets—Constable McDonald Shot in the Leg—An Enraged Populace on the Warpath.

CHATHAM, Ont., Jan. 24.—News has just reached here of the brutal murder of Policeman Rankin of this city.

He and Policeman Dezelia went out to the Township of Raleigh to assist County Constable McDonald to arrest a colored man named George W. Freeman, charged with the seduction of a white girl under 14 years of age named Jane Lezzett.

Arriving at the house of Freeman's father they were met by Freeman, who is a large and powerful negro, and some other colored men, who attacked them with axes and revolvers.

Rankin was shot and struck on the neck and head with a chopping ax and sank to the ground dead.

Dezelia was driven off and shot at, three bullets passing through his clothes—one through the back of his coat, one through his sleeve and another through the leg of his trousers.

Dezelia returned the fire, emptying his revolver, shooting one of the negroes, who was assaulting poor Rankin.

Constable McDonald was shot in the leg. He and Dezelia had a most wonderful escape.

A posse of special constables have just been sworn in and accompanied by about 100 enraged citizens are now on their way to the scene of the murder.

A number of mill hands from Byram's Mill, who had gathered around, were driven off by the negroes. Police Constable Rankin was the largest man on the force, very powerful and courageous, about 30 years of age, and was very popular. He leaves a wife and one child.

She Worked the Hoe.

Detective Alexander McDonald had been out to Raleigh Township last night with a warrant to arrest Freeman.

The scoundrel is living with a mulatto woman, and has the white girl in his charge.

Freeman had the house barricaded, but the detective broke in. The desperado reached for a gun, but before he succeeded in getting it McDonald had him down.

Freeman is very powerful and weighs about 275 pounds. A desperate struggle took place for over an hour and a half. During the melee the man's wife assaulted the detective with a hoe

Mr. McCarthy and His Constituents.

Mr. D'Alton McCarthy will address his constituents in North Simcoe to-day. A great deal of interest is centered on the event, and especially are the Liberals looking in that direction, for they imagine that Mr. McCarthy will sever his connection with the Conservative party.

In this we think they will be disappointed. Mr. McCarthy is too shrewd a man to break with a party with which he has always been identified without a sufficient reason, and he is not going to condemn a new government before it has had a trial. Were he to do that he would come down to the level of The Empire, which on its own responsibility and without any inspiration from the Conservative leaders at Ottawa proceeded to read him out of the party before he had opened his mouth!

Mr. McCarthy is certainly entitled to liberty of thought and expression, and surely there is room in Conservative ranks for a very considerable divergence on many points.

As for the Conservatives of North Simcoe, we imagine that they will take this view of the matter, and that they will both express their fullest confidence in the Conservative party and the right of their member to hold any opinion that he has up to date given utterance to.

The Baptists and Church Union.

The troops which are going round the citadel of church disunion, "marking its bulwarks and telling the towers thereof," as they approach within hailing distance of the fort, are discovering difficulties greater than they anticipated.

At the last meeting of clergy of different churches to consider the question of amalgamation the Rev. Mr. Grant stated the position of the Baptists in this relation. His address might be expressed by either of two phrases, "Non possumus," or "No surrender." This avowal excited great surprise; but it is a more natural ground for surprise that a body of theologians should have been astonished at holders of the Baptist fort defying assault and declining to consider terms for its abandonment.

The incident shows how little the churches know of each other. Clergy and people of each body revolve round their own centre of attraction, which is some pet theory of church government or discipline or some phase of a doctrine, like the moons of Jupiter. Their whole interests and thoughts are centered on some isolated and partial aspect of Christianity. Thus they fail to realize that *their* tiny world is a mere speck in the universe of truth, and that they are receiving no more attention and light from the sun than hosts of others whose existence they choose to ignore.

The position held by the Baptist body needs to be fully understood, as all efforts to bring about organic reunion of the churches outside the communion of Rome which assume the assent of the Baptists will be abortive, unless their unique position is recognized and provided for. We hold no brief for this body, but simply state their case from an impartial standpoint, as this question is exciting very great interest.

It is a common sneer to speak of the Baptists as basing their church upon a ceremony; they have been styled the most obstinate of Ritualists, they are said to make the mere quantity of water used in baptism a vital issue. All this is shallow. The Baptist position is this: The flock of Christ is made up of those who by faith are united to Him, and who by baptism have shown their obedience and been admitted to the fold. Now the first clause confines baptism to adults and excludes unconscious infants, and as baptism means, in the judgment of this body, total immersion in water, those only have been baptized who have been so immersed. It is manifest then that this is no question of mere ritual, it touches the whole sphere of Christian doctrine at every point, it is a fundamental principle, as that theory to which it is opposed is said by one Baptist authority to "subvert the very base of the Christian Church," and by another, "it subverts the great principle of the Christian religion."

To set forth the bearing of the Baptist doctrine upon every phase of polemical controversy would need a volume. To realize its importance as a factor in the question of church union we need to have some knowledge of the literature this dispute has inspired: Between those who hold that every child is born in a state of alienation from God, that until a certain change in its spirit has taken place it has no right to say "Our Father," and those who believe every child is one of the Divine Father's family there is no common ground. Hence the consistency of Baptists in refusing to share the communion symbols, which are the outward and visible signs of family unity, with those who have not by immersion been admitted into the family. This is called bigotry by some, but it is only the same bigotry which Oddfellows, Masons and Foresters show by excluding from their assemblies and their privileges all who have not been regularly initiated into the order.

What, then, could be done to bring the Baptists into a scheme of church union? We fear they would have to be allowed a private parlor car all to themselves on this train. Against their method of baptism no church has objections; it has been practised in all ages and is recognized as regular and valid, but not essential. The Baptist, however, refuses to recognize any partial immersion, or affusion, or sprinkling, to be true baptism. The gulf is deep and unbridgeable, then, between this body and the rest of Christendom, as the theory which differentiates the Baptist Church is regarded as being a vital and fundamental part of the Christian faith.

Honest or Scared.

Messrs. Hollinrake, Son & Co., drygoods merchants, King-street east, were yesterday morning in receipt of a parcel by post containing four pairs mitts with an enclosed memo.: "These mitts were stolen from your store."

Are your corns harder to remove than those that others have had? Have they not had the same kind? Have they not been cured by using Holloway's Corn Cure? Try a bottle.

A HUSBAND'S NOVEL DEFENCE.

Peculiar Case Heard At Osgoode Hall Yesterday.

Before the Court of Appeal yesterday was argued an appeal from the County Court judge in favor of the plaintiff in the action of Mary Ann Cosgrove against her husband, William Cosgrove, who was proprietor of the British Hotel, St. Mary's. The parties were unable to live amicably together and in 1887 an agreement of separation was drawn up by which the wife was to leave the husband alone, and he was to pay her $400 a year. He lost his license and the payment fell behind, and the wife suing, got a judgment for $250. The marriage took place in 1865, and the husband now contends that the wife being a married woman without property was unable to contract and that he should not be compelled to carry out his part of the agreement.

The Globe and the Tariff.

Editor World: On Monday last an article appeared in The Globe in reference to the tariff. It was intended to show that high-class goods, such as would be purchased by wealthy people, bore lighter duties than the cheaper goods which people of limited means would buy.

Now, if The Globe had confined itself to the truth no objection could be taken to such a course, for it is desirable that the people should be well acquainted with the tariff. But I find that as far as those goods are concerned with which I am acquainted, I find the article very misleading. It states, for instance, that wall paper at $2 per roll only bears 1½ per cent. duty. Now, one would think that even a Globe editor, little as he may know about business or the tariff, would know that such a statement was incorrect.

In the first place there are no wall papers at $2 per roll. The finest burnished gilt papers out this year are only 35 cents per roll. The duty on those is 6 cents per roll, which is about 17 per cent. There is another kind of wall decoration called pressed goods, which have been selling the last two seasons. But the highest price of those goods is only 90 cents per roll, and the duty is 35 per cent. These pressed goods are made on cardboard.

The Globe also states that a paper which costs 9 cents only bears a duty of 33 1-3 per cent. Now 9 cent papers are either gilt or embossed gilt. If the former, the duty is 6c per roll, which is 66 2-3 per cent. instead of 33⅓. If the latter, the duty is 8c per roll, which is nearly 90 per cent. The article goes on to show that a paper costing 20c per roll has a duty of 100 per cent., which would be quite true if there were any imported papers at that price, but I know of none. The cheapest imported paper with which I am acquainted is 3c per roll, and this has a duty of 2c, which is 66 2-3 per cent.

I submit that no public good can be served by misleading the people. It is the truth that we want, and nothing but the truth. There are many defects in the wall paper tariff. There is even a good deal of injustice in it. But it is evident that Mr. N. C. Wallace is investigating the tariff generally, and I fully expect to see all its faults eliminated and a just protective tariff substituted for it. PROTECTIONIST.

Inspector Hughes' Staff.

Editor World: An oft-repeated falsehood may come to be accepted as truth if not corrected.

A statement has been made several times recently to the effect that the inspector's department in connection with Toronto public schools is an expensive one, with too many officers. This statement is absolutely incorrect, and I call on those who make it to justify it by facts. There is no other public office in Toronto where so much business has to be transacted in which there is so small a staff, or one that is so poorly paid.

I know no city in the United States in which the supervision of the schools costs as little proportionally as in Toronto. In most of them it costs a great deal more, and in some of them fully four times as much proportionally. These statements can be investigated, and I am fully prepared for the investigation. I think I can do as much work in the same time as any man I have met, and yet I have not been able to leave my office as early as 6 o'clock this year, although my office hours close at 4.30. The same is practically true of the officials in every department of the School Board service. JAMES L. HUGHES,
P.S. Inspector.

No Politics.

Editor World: Having just returned from the Old Country to-day my attention was directed to an article in The Empire of this date relative to the Board of Trade elections, and in justice to my many friends in both political parties beg to say that as far as I am concerned as candidate for the second vice-presidency utterly repudiate the statement that the contest is or will be fought out on party lines. I enquired from the few gentlemen, both Conservative and Reform, who have kindly solicited votes on my behalf, and they state emphatically that the first intimation they had that such was the case was the article referred to. I should certainly be very sorry to see politics in any shape or form introduced into the Board of Trade elections, as in my opinion it cannot be other than extremely detrimental to the future well-being of the Board.

Regarding the remarks made about the C.P.R. and Mr. Osler's connection therewith, have only to say that my attitude to that corporation and any other railroad was to afford them every facility for the opening up of the country, consistent with what was just and right in the premises.
S. F. McKINNON.

Six Oils.—The most conclusive testimony, repeatedly laid before the public in the columns of the daily press, proves that Dr. Thomas' Eclectric Oil—an absolutely pure combination of six of the finest remedial oils in existence—remedies rheumatic pains, eradicates affections of the throat and lungs, and cures piles, wounds, sores, lameness, tumors, burns and injuries of horses and cattle.

Yes. Pain in Back, Constipation, Sick Headache, etc., are cured by using Membray's Kidney and Liver Cure sold by all dealers. Try it. 136

ANOTHER HALF MILLION.

Engineer Keating Brings Down His Supplementary Estimates—The Streets Which Will Require to Be Paved.

The Committee on Works held its first meeting yesterday afternoon at 2.30 o'clock. Ald. Lamb presided, and there were present Ald. Bell, Burns, Hill, Small and Maloney.

The Chairman, after thanking the committee for conferring the chairmanship upon him, said that while economy would be the watchword it should not be characterized by parsimony. There were several public works, such as the reclamation of the marsh, the extension of the waterfront, the building of the new Union Station, etc., to be dealt with.

Ald. Hill, Small, Maloney and the chairman were appointed a sub-committee to confer with the property-owners interested in the proposed Rosedale drive.

At the suggestion of Ald. Burns the Engineer was requested to report upon the advisability of establishing a harness-repairing shop in connection with the corporation stables.

Engineer Keating submitted a supplementary report regarding pavements and track allowances. He pointed out that it is the intention of the Toronto Railway Company to lay new rails for an electric service on certain streets during the year, and in order that the city may be in a position to proceed with the paving of the track allowances he recommends that before the work is undertaken an agreement shall be taken from the Toronto Railway Company (somewhat similar to that under which the track allowance in Spadina-avenue from King to Queen-streets was paved) whereby the company will consent to the work being done by the city now, and that the court shall afterwards be appealed to by the city and the company to decide which party, under the meaning of the said clause 11, shall pay the entire cost. These are the streets referred to:

Front, Simcoe to Sherbourne, granite on concrete	$35,650
Church, Front to King, granite on concrete	3,880
Church, King to Queen, asphalt with toothing	7,850
Yonge, Front to King, granite on concrete	6,650
York, King to Queen, asphalt	7,940
Dovercourt, Bloor to College, cedar and granite	12,930
Bloor, Yonge to Bathurst, asphalt	44,000
Church, Bloor to Queen, asphalt	44,460
Bathurst, Queen to C.P.R., asphalt	66,000
Dovercourt, Bloor to Union, cedar and granite	14,448
Dufferin, Bloor to Union, cedar and granite	14,400
Bloor, Bathurst to Dufferin, cedar and granite	29,500
York, Front to King, granite on concrete	7,630
Gerrard, Parliament to River, asphalt	14,400
Queen, Yonge to River, asphalt	41,000
Winchester, Parliament to Sumach, asphalt	10,400
Bathurst, King to Queen, asphalt	7,900
Parliament, Winchester to Queen, asphalt	25,500
Union, Dufferin to Dovercourt, cedar and granite	7,620
Broadview, Queen to Danforth, cedar and granite	30,340
Dundas, Queen to Arthur, cedar and granite	8,640
Total	$440,908

The lifetime of the pavements above recommended are estimated at 10 years.

He also recommends the construction of pavements on the track allowances on these streets and in manner and at approximate cost as set out:

College, Bathurst to Jameson, cedar and granite	$39,940
Jameson, College to Dundas, cedar and granite	1,584
Dundas, Arthur to Dundas-street bridges, cedar and granite	26,200
Elm, Sherbourne to Glen-road, granite and cedar	1,780
Glen-road, Elm to Hill, cedar and granite	1,100
Hill, Glen-road to South-drive, cedar and granite	1,500
	$71,504

The probable lifetime of these pavements the Engineer estimates to be 10 years, and the whole cost to be borne by the city generally.

He recommends that the work be at once advertised. The above recommendations can only be carried out in the event of the city obtaining legislation whereby the percentage and other revenue derived from the street railway can be utilized for such pavements or debentures issued based upon such percentages and other revenue, as asked by the Executive Committee last year.

The report was concurred in.

Ald. Small wanted to know the reason for the slow progress being made in the strengthening of the King-street bridge over the Don.

Mr. Williams, the bridge engineer, having been sent for, explained that the contract had not yet been signed owing to some technicality. The work, however, was going on. There was delay in starting because the contractors, the Hamilton Bridge Co., had been compelled to send to Scotland for some material.

In reply to a question from Ald. Hill Mr. Williams said that the break in the conduit at Hanlan's had been made tight and in a few days all the pipe between Hanlan's and the well would be laid back in its place again. They would then turn their attention to the five-foot pipe in Blockhouse Bay.

"Yesterday we found another break in the five-foot conduit in Blockhouse Bay," he added, and the members of the committee looked at each other in surprise.

The Engineer wrote requesting the committee to ask the council to authorize the City Treasurer to provide and set apart the sum of $42,950 to meet outstanding liabilities in connection with the work carried out by the department during the year 1892. There is yet material in stock to the value of $15,000.

He Wears a Cod Fish.

A gentleman who was given up to die with consumption happened to receive a visit from a friend, who recommended "Miller's Emulsion of Cod Liver Oil." Although having little faith he bought a bottle, and before he was through taking it, found he was gaining flesh. He continued taking the Emulsion until he regained nearly fifty pounds. He is the heartiest man in town today. To commemorate his restoration to health he has had a beautiful golden cod fish manufactured, which he wears as a charm upon his watch chain. That is pretty good testimony for "Miller's Emulsion of Cod Liver Oil." Everybody is sounding its praises. In big bottles 50c and $1.00, at all Drug Stores.

California or Mexico.

The Wabash Railway have now on sale round trip tickets at very low rates to southern points, including Old Mexico and California. The only line that can take tourists via Detroit through St. Louis and Kansas City and return via Chicago and (vice versa) finest equipped trains on earth, passing through six states of the Union. Spend a winter in Mexico, the land of the Aztecs and Toltecs, finest climate and scenery in the world and older than Egypt. Time tables and all information about side trip at new ticket office, northeast corner King and Yonge-streets. J. A. Richardson, Canadian Passenger Agent, Toronto. ed

The great demand for a pleasant, safe and reliable antidote for all affections of the throat and lungs is fully met with in Bickle's Anti-Consumptive Syrup. It is a purely vegetable compound, and acts promptly and magically in subduing all coughs, colds, bronchitis, inflammation of the lungs, etc. It is so palatable that a child will not refuse it, and is put at a price that will not exclude the poor from its benefits.

Through Wagner Vestibule Buffet Sleeping Car Toronto to New York via West Shore Route.

The West shore through sleeping car leaves Union Station, Toronto, at 4.55 p.m. daily except Sunday, arriving in New York at 10.10 a.m. Returning this car leaves New York at 5 p.m., arriving in Toronto at 10.25 a.m. Sunday leaves Toronto at 12.50 p.m.

Membray's Kidney and Liver Cure has been dispensed by a prominent chemist and druggist for years and hundreds of his customers have freely testified to the beneficial effects and wonderful cures of Kidney and Liver complaints. Ask your druggist for it. 136

PROVINCIAL HEALTH BOARD

Come to the Assistance of the City on the Ice Question.

The local and provincial medical authorities are becoming restless because of the slowness with which the legal machinery is revolving in the matter of enforcing the ice regulations of the Local Board of Health.

They hold that the law as it now stands is sufficient for the enforcement of these regulations, but with a view to strengthening their position a special meeting of the Provincial Board of Health was held yesterday afternoon for the purpose of drafting certain clauses, which the Ontario Government are to be asked to put into force by an order-in-council.

Dr. Cassidy presided, and there were present Dr. Rae of Oshawa, Dr. Kitchem of St. George, Dr. Allen, local Medical Health Officer; Acting City Solicitor Caswell and Ald. Lamb. Messrs. Fairhead and Clarke were there in the interests of the ice dealers.

Dr. Allen held that what was urgently needed was a provision for the seizure and confiscation of ice that had been cut and stored contrary to the regulations. He was afraid that there would be some difficulty in proving that the ice so stored is a nuisance.

Dr. Bryce: Not at all. The fact that the Local Board of Health declared some two months ago that ice should not be taken from the Don or bay because it was detrimental to the public health establishes it as a nuisance. It seems to me that it would be well to go and clean out some of the icehouses and throw their contents into the gutter. This would test the matter. Furthermore, the magistrate has acknowledged that the regulations were proper from the fact that he imposed a fine in the first instance.

Mr. Caswell, acting City Solicitor, concurred, but he held that it would have been better if in the first instance an injunction had been taken out restraining the icemen and brewers from cutting ice instead of bringing them into the Police Court.

After some further discussion these clauses were adopted, and they will forthwith be submitted to the Ontario Government with a view to their being put into operation by an order-in-council:

1. The local Board of Health of any municipality shall make regulations, with regard to the source of supply and the place of storage of ice which is intended either for domestic use or cooling purposes only within such municipality.

The power and duties of any local Board of Health in this respect shall extend to the supervision of the cutting and storing of ice supplies, whether obtained from or without the municipality, whenever the ice cut is intended for use within the municipality in which any such board has jurisdiction.

2. A local Board of Health may appoint inspectors, who (as constables under the act shall have authority to take such action as shall effectually prevent the cutting or storing of ice at places other than those approved of by the local or provincial boards of health.

3. Whenever any local Board of Health is unable to decide as to purity of source from which the proposed ice supply for the municipality is to be taken it is hereby required to submit the matter to the consideration of Provincial Board of Health. After investigating the question and taking such evidence as may be necessary to show quality of source of such ice supply the Provincial Board of Health shall decide upon the question submitted to it and such decision shall be final.

4. Any ice supplies obtained from a source not approved by the Provincial Board of Health and of the Local Board of Health in any municipality in which ice is to be stored or used shall be liable to seizure and confiscation by the said Local Board of Health.

5. Any person who violates any of the regulations made by a Local Board of Health or by the Provincial Board of Health in the cutting and storage of ice supplies shall, on conviction before any two Justices of the Peace or a Police Magistrate, be liable to a fine of not less than $50 nor more than $500 and costs, the same to be recovered in the manner provided for in R.S.O. Cap. 205, sec. 107.

At the close of the meeting, The World found Mr. Robert Davies, president of the Dominion Brewing and Malting Company, standing outside the Provincial Secretary's office. He wore his usual nonchalant air and remarked that he feared neither an order in council nor the threatened confiscation of the ice already stored.

'TWAS A BRILLIANT SCENE.

President Baird of the Board of Trade Banquets the Council.

Mr. H. N. Baird, the retiring president of the Board of Trade, last night entertained the members of the council and a few select friends at a banquet in the council room.

The affair was brilliant and the company select and few. About 30 sat down to an excellently prepared menu by mine host Barnett. The decorations were superb. Wreaths of smilax were gracefully drooped above the table, while the appearance of the table was artistic; mirrors were arranged to represent miniature ponds, on the bosom of which rested tasty little bouquets. Plants were promiscuously arranged about the room and the beauty of the whole was heightened by the glamor affed by the subdued electric lights. The decorations were the handiwork of Mr. H. Williams.

The rotunda was utilized as a reception room, and arranged around its ponderous swinging glass doors were numerous palms and rare exotics.

Two York Estates.

William F. Nichols and Thomas Brown of Markham have petitioned for probate of the will of Mrs. Ann Nichols, who died there on Dec. 22. The estate is valued at $8104 and is left to the two sons, two daughters and the niece of the deceased.

Mordecai Widdifield of Stouffville has petitioned for letters of administration to the estate of his deceased wife, Polly Widdifield, who died intestate on Feb. 22 last. The estate is worth $950 and is to be divided between three sons and one daughter.

Excited Tea Market.

"All teas are firmer," said a Front-street man to The World yesterday, "but more particularly Japans and medium and low grade blacks. There is not a tea on the list but what we can get more money for now than ten days ago. There is also a big enquiry from Chicago and New York."

At 3 Score and 10.

I was a peevish, cross, crabbed old dyspeptic. I ached all over, I growled so bad every body shunned me. The cure was so simple I tell everybody the secret, I drank St. Leon Water, am now on my eighth barrel in eight years, and gaining still, not an ache or pain. Happy and strong. On sale all over, enquire for it. 36

A Fake Reporter.

JOHNSON CITY, Tenn., Jan. 24.—For fear of arrest J. W. Hyams, the world's champion liar, who victimized the press of the whole country by his origin of the alleged Bakeraville lynching riot, has decamped, leaving his hotel in the lurch to the amount of his board during his stay here.

The report that he was connected with The Daily Comet of this city is untrue.

Mr. Thomas Bell of Messrs. Scott, Bell & Co., proprietors of the Wingham Furniture Factory, writes: "For over one year I was not free one day from headache. I tried every medicine I thought would give me relief, but did not derive any benefit. I then procured a bottle of Northrop & Lyman's Vegetable Discovery, and began taking it according to directions, when I soon found the headache leaving me, and I am now completely cured."

A Great Mistake.

Why do you pay 20c. for a package or a pound of bad Baking Powder when you can buy the Borwicke for the same price? Proven by Dominion Government to be absolutely pure. 135

THE AMUSEMENT WORLD.

At the Grand.

"Variety is the spice of life," says an old proverb, and the people want some of that spice. The reign of farce-comedy and other light matter is seemingly at an end, and the public is now looking around for something substantial, and a better opportunity to satisfy that craving could not occur than that which will be offered local theatre-goers next Thursday, when Thomas Keene, the great tragedian, and his carefully-selected company will be seen in his great scenic revival of Richard III., which, is said by the press of the States as the most superb historical production ever accorded a Shakespearean in America.

Railway Boys' Concert.

A most successful concert, under the auspices of the G.T.R. employes, was held in the Auditorium last night.

The Mayor was chairman, while on either side of him sat Alderman Baxter and Mr Robert Patterson of the G T.R. Among the artists who contributed their efforts towards the success of the program were the Mehan Lady Quartet of Detroit, composed of Miss Jessie Corlett, Miss Nellie Goodwin, Mrs. J. D. Mehan and Mrs. B. Shute-Younghusband; Mrs Powell, Mr. W. H. A. Adamson, Miss Helen Mar Patterson, Miss Jessie Corlett, Mr. John Kidner, Mr. Charles Baker, Mr. Harry W. Rich, Mr. Charles Dimmock and Messrs. McGrath and Adamson and the G.T.R. Glee Club.

Old Scotland's Songs.

The Caledonian Society concert at the Pavilion last night drew an audience that filled the house in every part. The utmost enthusiasm prevailed, the singing of the good old Scottish songs together with the dancing being applauded to the echo. The reading of Miss Jessie Alexander, so popular with Scotchmen, was missed owing to the illness of that talented young lady. The program, however, was interesting. It included songs by Mrs. Maggie Barr-Fenwick, Mr. Sackville S. Bain, Miss Jardine Thompson, Mr. A. M. Gorrie, comic songs by Mr. James Fax and dancing by Master Bertie Alexander to music by the piper. It was a festival of Scottish song. Many of the popular Scottish melodies were sung in a manner that touched the hearts of the sturdy Scots. "McGreggor's Gathering," "Cam Ye By Athol," "Afton Water," "Robin Adair," Ye Banks and Braes," "Highland Mary," "Castles in the Air" were sung in a manner that reached the Scotchman's heart in every case. The comic work of Mr. James Fax kept the audience in roars of laughter, particularly the rendition of "A Nicht wi' the Circus." The committee, Messrs. G. W. Grant, Hugh Miller, Andrew McIntosh, Douglas Scott, Alexander Fraser, J. C. McMillan, Inspector Stephen, Robert Green, William Campbell, George Vair and David Walker, are to be congratulated on the success of the entertainment.

Reilly & Wood's Big Show.

Next Monday Reilly & Wood's big aggregation will appear at Jacobs & Sparrow's Opera House for the entire week, presenting an unabridged program which so recently charmed and dazzled New York, Boston and Philadelphia. This season Manager Reilly has outdone all his previous efforts, and it is claimed by contemporaries that Reilly & Wood's show and "Hades and the 400" is the grandest spectacular vaudeville extravaganza now traveling. The program offered is entirely new and every act and feature likewise.

Souvenir Day.

Friday afternoon next is again souvenir day at the popular Musee. Every lady in attendance on that day will have a choice of articles in the souvenir bazaar, and every little girl will be presented with a beautiful fan made by the Sailor whittlers.

"OLD HUTCH."

Good at Buying Groceries, But a Failure When He Comes to Sell.

NEW YORK, Jan. 24.—"Old Hutch" wants to sell out. He has been in the grocery business at No. 31 Pearl-street for nearly a year and the trials and tribulations incident to such a career have told somewhat upon his spirits. He has grown moody and a trifle restless. He still dresses in what he considers the appropriate garb for a grocerman. His trousers are of dark heavy material and waistcoat to match. He doesn't wear a coat, but his brown flannel shirt is usually surmounted by a paper collar.

It must be confessed that "Old Hutch" has not made a brilliant success in the grocery line. His forte seems to be in buying rather than selling. Sheriff's sales constitute a weakness with him and he has purchased very largely. His stock, as a consequence, covers a wide range.

Now a sign stencilled in blue on a piece of flour sack occupies a prominent place in the window of the door. It tells the whole sad story thus:

Store to let. Stock for sale at half price.

It is hinted that "Old Hutch" may write a book to be entitled "The Mistakes of a Groceryman." The neighborhood tells tales of a number of these mistakes. On one occasion an irate coal heaver of herculean build entered the store and demanded to know why his son had been given five pounds of salt instead of sugar. The proprietor was dumfounded, but before he could collect himself sufficiently to explain the coalheaver had kicked in one of the front windows. The old man was moved to sorrow at his own blunder rather than to anger towards the customer. A policeman came in to arrest the disturber, but "Old Hutch" intervened. "Never mind," he said, "he's given the store a black eye, but I reckon I'd do the same thing if I got salt instead of sugar."

At another time it is alleged a composition he sold for coffee was found to contain a quantity of snuff.

Canadian Press Association.

The annual meeting of the Canadian Press Association will be held on Thursday and Friday, Feb. 9 and 10, in the Board of Trade building. The attendance of Mr. Joseph Howard, jr., of New York, will greatly add to the interest of the business sessions. There will be three business sessions—the opening one at 1.30 o'clock Thursday afternoon, the second Friday morning and the third Friday afternoon. On Thursday evening the annual dinner will be held. At the session on Thursday afternoon, besides the president's and other interesting addresses, a proposed important change of the constitution of the association will come up for discussion.

Kneeling at the Bedside Dead.

FT. ERIE, Ont., Jan. 24.—Mrs. Walker, an elderly lady who lived in a little cottage by herself in this village, was found dead this morning by her grandson, young Hagarty, who had been to Ridgeway on business and called to see her on his way back to Buffalo. When found she was kneeling by the side of the bed, where it is supposed she had fallen in her attempt to reach it. Heart failure was the cause of death.

Red-Coated Soldiers Dine.

Many red-coated soldiers feasted and feted in Webb's spacious dining hall last night. It was the tenth annual banquet of D Co., Royal Grenadiers. Col.-Sergeant Scully presided, and among the invited guests were Major Mason, Capt. Gibson, Lieut. Sweatnam, Lieut. Chadwick, Major Cox, Sergeant Smith, Messrs. Sims Richards and Frank Wright. The menu was first-class, the company jovial and everybody voted the banquet a success.

Another Half Million.

"Board of Trade" Envelopes, and they are better than the last, 85 cents per thousand. H. M. Blight, 51 Yonge-street. 246

What this warm weather suggests is something that will boil the kettle, cook an egg, or fry a beefsteak in a hurry. Harvie's kindling wood is just the thing. Try 6 crates for a dollar delivered c.o.d. Harvie & Co., 20 Sheppard-street. Tel. 1570. 136

A GRIMSBY CAMPER SUES.

Claims That She Received Injuries Owing to Defective Approaches.

Messrs. Meredith & Co., acting for Margaret Trothen, who resides near London, have commenced an action against the Ontario Methodist Camp Ground Company for $2000 damages for injuries sustained by her while a guest at Grimsby Park. She alleges that the approaches to certain parts of the premises were defective and insufficiently lighted.

Richmond Hill Agricultural Society.

At the annual meeting of the Richmond Hill Agricultural Society the following officers and directors were elected for 1893: William Trench, president; H. Q. St. George and John Clarke, vice-presidents; H. A. Nicholl, secretary-treasurer; W. H. Pugsley, B. Redditt, T. F. McMahon, J. H. Sanderson, W. Atkinson, J. Palmer, T. Boynton, P. Boynton, J. Slater, R. Elliott, D. Lynet, J. Russell, F. Jackes, S. Ritter, A. Russell, W. Clubine, T. L. L. T. Lloyd, Thomas Frisby, W. Herrin, A. Newton and W. Scott directors. The officers' report was read, showing a nice balance in the hands of the treasurer. A committee was appointed to make arrangements for the annual concert, to be held on the night of Feb. 24.

Hon. G. W. Ross Returns.

Hon. G. W. Ross has returned from his four months' absence and has buckled down to work. He spent a considerable length of time in London and in Bath, England, and a month traveling in German cities. He investigated the German school system and found many excellent features therein. He also spent some time in the South of France recuperating his health. Altogether his health was much benefited by his travels, but his medical advisers caution the Minister of Education against working too hard at the start.

Loaded Up The Telegram.

"Somebody was loading up an evening paper yesterday when he said that there are less than 25 drygoods men in the Board of Trade and that the grain section is 230 strong," remarked a Board of Trade man to The World last night. "As a matter of fact there are 37 drygoods men and less than 100 grain men. Then the list named for the council is an excellent one only that it does not contain the name of Mr. Michael McLaughlin, President of the Dominion Millers' Association, whom that body wish to see elected."

January Supplementals at Varsity.

The following have completed the examinations necessary to allow them to proceed with the work of the succeeding year of their course:

Second year—R. T. Andrews, J. Bailey, E. Gillies, J. J. Hannahson, T. Hunt, A. McNabb, Miss L. Watson, Miss L. Wigle, W. S. Wright.

First year—A. P. C. Addison, F. J. O'Brien, W. H. Williams.

The following have passed in the subject indicated: Third year—A. W. S. Garden in psychology; second year—R. S. Strath in Latin; first year—A. A. Vicars in German.

No Costs. No Papers.

In the case of Beck v. Tune the master in chambers yesterday dismissed with costs an application by the plaintiff for an order that the solicitor who formerly acted for Beck deliver to his present solicitor all papers and documents belonging to the client. Beck will have to pay his former solicitor's costs before he can have the papers. The master also directed certain parts of the affidavit filed by the plaintiff to be struck out as scandalous.

Uninteresting Civil Assize Cases.

In the Assize Court yesterday the case of Fleming v. Ryan, an action for money owed on account, was dismissed after nearly the entire day had been wasted on it.

Smith v. Hillock, malicious prosecution, was settled out of court by the defendant paying the costs.

McCausland v. Conway, nuisance, is still on.

LIKE A THIEF IN THE NIGHT, Consumption comes. A slight cold, with your system in the scrofulous condition that's caused by impure blood, is enough to fasten it upon you. That is the time when neglect and delay are full of danger. Consumption is Lung-Scrofula. You can prevent it, and you can cure it, if you haven't waited too long, with Dr. Pierce's Golden Medical Discovery. That is the most potent blood-cleanser, strength-restorer, and flesh-builder that's known to medical science. For every disease that has to be reached through the blood, like Consumption, for Scrofula in all its forms, Weak Lungs, Bronchitis, Asthma, and all severe, lingering Coughs, it is the only *guaranteed* remedy. If it doesn't benefit or cure, you have your money back.

The proprietors of Dr. Sage's Catarrh Remedy *know* that their medicine perfectly and permanently cures Catarrh. To prove it to *you*, they make this offer: If they can't cure your Catarrh, no matter what your case is, they'll pay you $500 in cash.

TRUST'S CORPORATION
OF ONTARIO
SAFE DEPOSIT VAULTS
BANK OF COMMERCE BUILDING
TORONTO, ONT
Capital Authorized - $1,000,000
Capital Subscribed - 600,000

President, Hon. J. C. Aikins, P.C.; Vice-Presidents, Hon. Sir R. J. Cartwright, Hon. S. C. Wood; Manager, A. E. Plummer.

This Company is accepted by the High Court of Justice under sanction of the Ontario Government, and may be appointed to and undertakes all manner of TRUSTS, and acts as GUARDIAN, COMMITTEE, RECEIVER, ASSIGNEE, etc.

The employment of the Corporation as EXECUTOR, named in will or transfer from retiring Executor, Trustee under any form, ADMINISTRATOR in case of intestacy, or with will annexed, will be found a prompt, economical and satisfactory course, relieving individuals from responsible and arduous duties, as well as the necessity of finding security. Appointing the Corporation also prevents any given Trust passing into the hands of strangers.

Solicitors placing Estates or other business with the Corporation are continued in the professional care of the same.

Deposit Safes to rent. Valuables of all kinds, parcels, etc., received for safe custody at a small charge. Inspection invited. 13

TRY BALA LICORICE FOR THE VOICE. 135

SNIDER, Market Drug Store, 155 King-street East.

Doctors, Nurses and Mothers

Ask your druggists for DR. KIRKWOOD'S SCIENTIFIC FORCE AND SUCTION SYRINGE. Buy no other. Something new and thorough! Will last a lifetime. A matter of the utmost importance to the female sex. Mention this paper or address, Canadian Agency, Kirkwood Rubber Co., 4 Lombard-street, Toronto, Ont.

OVERHEARD.

A Street Car Chat.

Coming down in the cars the other morning we could not help listening to a conversation carried on by two well-known business men of the city. They spoke on various topics, the water, the ice, the new council, the prospects of better times in the city and the present state of trade. "Well, I don't know," said one, "what to think of the times. I have been a long while in Toronto; I came here in '54 and Toronto was

SWANSEA AND THE LEAFS

THEY'RE IN THE FINAL FOR THE LEMON PRIZES.

York County Curlers' Fifth Annual Tournament—Sixty-Four Players on the Ice—Osgoode Hall Wins and Loses at Hockey—General Sporting News and Gossip.

The fifth annual tournament for prizes presented by Mr. H. Lemon, proprietor of the Clyde Hotel, Toronto, was commenced yesterday at the Parkdale rink, eight clubs from the county of York furnishing two rinks each, making 64 players in all.

The following were the clubs represented: Markham, winners of last year; Scarboro, Scarboro Maple Leaf, York, Aurora, Richmond Hill, Swansea and Little York.

The game was played on outside ice, kindly placed at the disposal of the curlers by Messrs. Boust and Pearse, managers of the rink. The ice was in good condition and the day a perfect one for open air curling and was thoroughly enjoyed by all who took part in the contest.

The first draw was called for 10 a.m., but owing to late arrivals it was 11 before al the rinks were formed.

The following are the players and scores for the first draw:

RICHMOND HILL.		AURORA.	
J. McConnachie.		H. Hastings.	
D. Boyle.		J. R. Clubine.	
H. Nicholls.		J. Gower.	
J. Morgan, skip.....	17	T. H. Brunton, skip.	7
J. Tindall.		H. Dashbrook.	
J. Brownlee.		W. Taylor.	
C. McLean.		J. Boddy.	
W. H. Atkinson, skip	15	E. Braund, skip.....	13
Total.....	32	Total.....	20

Majority for Richmond Hill, 12 shots.

SCARBORO.		YORK.	
J. Ramsey.		W. Bowman.	
A. Fleming.		G. Patterson.	
J. Elliott.		W. Walton.	
D. Brown, skip.....	26	J. Richardson, skip...	11
J. Britan.		W. Taylor.	
D. Purdie.		G. Ormerod.	
T. Ellis.		T. Ormerod.	
J. Maxwell, skip.....	15	J. Tidsberry, skip....	15
Total.....	41	Total.....	26

Majority for Scarboro, 15 shots.

SCARBORO MAPLE LEAF.		MARKHAM.	
H. Thomson.		J. Courtney.

J. Slatter.		S. Arthur.	
J. Isaacs.		T. Hood.	
E. S. King, skip.....	16	Adam Hood, skip....	9
Total.....	33	Total.....	19

Majority for Swansea, 14 shots.

Dinner and the Second Draw.

When the first match was finished at 1.30 p.m. all the curlers took the King-street trolley cars to the Clyde Hotel, where a sumptuous dinner awaited them, which, it is needless to say, was done ample justice to by the keen curlers' keen appetites, and after toasting mine host in true curling style the four winning clubs returned to the rink, where the second draw commenced at 3 p.m. in the following order:

SCARBORO MAPLE LEAF.		SCARBORO.	
A. Patterson, skip.....	11	D. Brown, skip.....	10
R. McCowan, skip.....	15	J. Maxwell, skip.....	10
Total.....	26	Total.....	20

Majority for Maple Leaf, 6 shots.

SWANSEA.		RICHMOND HILL.	
W. Rennie, sr., skip..	17	W. D. Atkinson, skip..	10
E. S. King, skip	11	J. Morgan, skip.....	6
Total.....	28	Total.....	16

Majority for Swansea, 12 shots.

The Final To-day.

The final match for the possession of the handsome pair of curling stones for the season will be played on the Parkdale rink this morning at 9 o'clock between Scarboro Maple Leaf and Swansea.

The first six clubs mentioned played on Moss Park rink, corner King and Close-streets, and the latter two clubs in the covered rink of the Parkdale Club, Dufferin-street.

CHAMPIONSHIP HOCKEY.

Osgoode Hall Showed Up Strongly and Defeated Trinity By 9 to 1.

There were championship hockey matches galore yesterday.

At the Granite Rink Osgoode Hall defeated Trinity in the Senior O.H.A. contest by 9 goals to 1. The scorers were: Smellie (5), Cunningham (3) and Anderson for Osgoode and Robertson for Trinity. The teams:

Osgoode Hall (9): Goal, Sankier; point, McCarthy; cover, Kerr; forwards, Smellie, Cunningham, Patterson, Anderson, and Gwynne.

Trinity (1): Goal, McMurrich; point, Wadsworth; cover, Bedford Jones; forwards, McCarthy, Henry, Robertson, Southern.

Referee—G. C. Brown, Imperial Bank.

Toronto Juniors' Victory.

The match between the second Toronto and Osgoode Hall teams in the Junior O.H.A. series on Granite ice last night resulted in a victory for Toronto by 8 to 0. The scorers were: Lillie (4), Langtry (2), Elliott and Phymister.

Toronto II. (8): Goal, McHardy; point, Darrell; cover, Phymister; forwards, Langtry, Lillie, Elliott.

Osgoode Hall II. (0): Goal, Blake; point, Small; cover, McLaughlin; forwards, Price, Thompson, White.

Referee—H. M. Watson, Bank of Toronto.

In the City Junior League.

A match was played at the Granite Rink last night between the Granite colts and Varsity second in the City Junior League series. The game was well contested in the first half, when the colts scored 5 to the students' 3 goals. But in the second Varsity couldn't get a point, while Granite added two more. Thus the colts won by seven points to three. Crawford, Lillie Keith and Langley for the winners and Robinson and Brown for Varsity were most conspicuous.

Chips from the Ice.

The Imperial Bankers and New Fort sevens play hockey at Prospect Park to-night at 9 o'clock.

Brampton and Scarboro Maple Leaf play their Tankard game in group 8 at Prospect Park next Monday, commencing at 1.30 p.m.

Prospect Parkers will not go to Galt to-morrow, as intended, as the Galt Granites have a Tankard game on that day. They may go next Monday.

A practice match last night at the Granite Rink between New Fort and a scratch Victoria seven resulted in favor of the military men by 7 goals to 3. The team from the barracks played a pretty combined game.

The second draw in Group 9 Ontario Tankard series between the Toronto and Moss Park Clubs will be played to-day on Victoria ice, commencing at 1.30 p.m.

The Hamilton Thistles are going very strong this year. In their preliminary tankard draw with West Flamboro they won by 37 shots, the veteran Harvey's rink being up 41 to 7.

The Richmond Hill and Scarboro Maple Leaf curling clubs protested against Swansea being recognized as a County of York club on the ground that the Swansea players belonged to city clubs. The trophy donated by Mr. Lemon of the Clyde Hotel is intended for clubs in the County of York, outside of the city of Toronto.

GRAND CIRCUIT DATES.

The Arrangements Made Yesterday at New York—Buffalo Gets Two Weeks.

NEW YORK, Jan. 24.—The board of stewards representing the various tracks on the Grand Circuit held a meeting to-day at the Murray Hill Hotel and settled all their differences. The meeting was a secret one.

The most important matters to come up before the board were demands of Buffalo for a two-weeks' meeting, which was allowed them, and the admission of New York Driving Club to membership in the circuit with a date following Hartford meet. All the associations in the circuit were represented at the meeting to-day. The Detroit Club, of which Daniel Campau is the leading spirit, was also admitted to the Grand Circuit.

Dates were agreed upon for the season as follows: Pittsburg, July 11 to 14; Detroit, July 17 to 21; Cleveland, July 24 to 28; Buffalo, Aug. 1 to 12; Rochester, Aug. 15 to 18; Springfield, Aug. 22 to 25; Hartford, Aug. 29 to Sept. 1; New York Driving Club, Sept. 5 to 8; Philadelphia, Sept. 12 to 15. All the foregoing dates are inclusive.

This assignment of dates was agreed to unanimously with the understanding that no changes of date should be made without a majority vote of the association in the circuit. The agreement under which this assignment of dates was made is to cover a period of five years. No other track will be admitted to the circuit except by a two-thirds vote of all the members. The President will call a meeting of the Board of Stewards early in December of each year. Ex-Governor Bulkeley got through a resolution providing that each association in the circuit should offer a series of stakes for two, three or four-year-olds, the conditions governing the events to be decided upon later, but the purses offered to aggregate at least $75,000. Just before the meeting closed Secretary Archer had a resolution passed, which apparently nullified the foregoing by giving each association the right to change its program and stakes as it saw fit. After appointing a committee to draft resolutions on the death of Thompson O. King, the board adjourned subject to call of the president.

THE RUNNING TURF.

Nashville's Rich Prize—A Plethora of Cracks Entered for the Race.

NASHVILLE, Tenn., Jan. 24.—The opening event of the Cumberland Park races will be the contest, April 29, for the Cumberland prize, which amounts to $70,000.

The race promises to be the greatest affair of the early season for 3-year-olds.

The distance will be 1 1-16 miles. Following are some of the horses that will be entered for the race: Helen Nichols, Hugh Penny, Governor Fifer, Bo Peep, The Reaper, Buck McCann, Shadow, Dutch Oven, Michael, Nannie Lord, Tom Reed, Roslyn, Morello, Fitzsimmons, Joe Murphy, Sterling, The King, Bjur, Lola A., Maid Marion, King Lee, Leona S., Afternoon, Bob Speed and Lady Jane.

The Hill Top Card.

GUTTENBERG, Jan. 24.—First race, 6½ furlongs, selling, beaten horses—Vanwart 107, Boyle Rhodes 106, Atlas 102, Malachi 102, Thanks 99, Narbonne colt 99, Tillie 94.

Second race, 5½ furlongs, selling—Play or Pay 119, Heads or Tails 114, Leigh 111, Tom Edison 106, Helen 106, Bob V. 106, Bryan (Narka colt) 105, Lizzie T. 104, Athelena 95.

Third race, 6½ furlongs, selling, beaten horses—Laurestan 114, St. Dennis 107, Ben March 106, Sweetbread 106, Peralto 106, Addie B. 105, Brooklyn 99.

Fourth race, 4½ furlongs, selling—Johannes 108, Bon Voyage 108, Ravelos 108, Duke John 108, Trophy 108, April Fool 104, Antrim Jr. 96, Lucy Clark 91.

Fifth race, 3-8 mile, selling—Jersey Lass filly 101, Lucy Wallace gold 100, Beatitude gold 97, Annie Morton gold 97, Bike and White 95, Annie G. filly 95, Tody Smith 95, Miss Marie 92.

Sixth race, ¾ mile—Rockaway 139, Vera 113, Carracus 112, Vandyke 112, Adalgisa colt 112, Laurenska 107.

The Results At Guttenberg.

GUTTENBERG, Jan. 24.—First race, ⅝ mile—Out of Sight 1, Repeater 2, Miss Olive 3. Time 1.03.

Second race, 3-4 mile—Innovation 1, Woodchopper 2, Blackburn 3. Time 1.23.

Third race, 1-2 mile—Hymn 1, Marilla 2, Elite 3. Time .50½.

Fourth race, 1 mile—Panway 1, Mohammed 2, Gladiator 3. Time 1.44¾.

Fifth race, 5-8 mile—Remorse 1, Prince Howard 2, Uncertainty 3. Time 1.02 1-4.

Sixth race, 7-8 mile—Rightaway 1, Freedom 2, Annie W. 3. Time 1.32¼.

Waiting for the Handicap Weights.

NEW YORK, Jan. 24.—Within a month racegoers will be able to scan the weights in the Brooklyn and Suburban handicaps and speculate on the probable result of these great contests. Greater races from a sporting and speed standpoint are decided in this country, but these stand unequalled in the popular interest and attention which they excite.

Once the weights are announced they will be the magnet which will attract the attention of all racegoers, despite the fact that New Yorkers have races every day. Even the passage of Mr. Guenther's amendment to the Ives Pool bill will not alter or detract from the popular interest. The fields engaged in both these events this year are as great as any that ever faced a starter or struggled for victory.

THE AQUATIC WORLD.

Oxford-Cambridge Race—Australia's Sympathy—Hosmer and Bubear at Work.

The Oxford and Cambridge boat race it is rumored this year may probably take place on Wednesday, March 22. On the usual date, the Saturday before Palm Sunday, March 25, the tide would serve at Putney at 7.30 a.m. On Wednesday it will be high water at Putney at 5.33 p.m., which means that the race would be started about 4.30. Cambridge has already commenced practice.

I have received a letter dated Sydney, Dec. 5, from Messrs. T. and J. Spencer, who, with Chris Crane, Dan Carter and other colonial patrons of aquatics, desire to express their deep regret and sympathy in connection with the untimely death of O'Connor, from the same fever that carried off Searle. During O'Connor's stay in Sydney he made a host of friends by his manly, straightforward conduct, and the New South Welshmen are anxious to record their vote of condolence with the Canadians.—Pegasus from The News of the World.

A London exchange of Saturday, Jan. 14, says:

With the happy disappearance of the ice from the river George Hosmer is still located at Barnes, and has been obtaining some good rowing between Mortlake and Putney during this week. Since Monday last Tom Green, sen. and jun., have accompanied him in a double sculler and consequently the practice has been of the most useful character. Hosmer now feels thoroughly acclimatized and is fast getting into fine shape for his race for the sculling championship on Jan. 30. George Bubear remains at Shoreham in company with W. Haines, the pair getting some capital rowing on the two-mile course at Portslade, and they probably will not return until next week.

The race takes place next Monday.

A Hard Times Success.

The Royal Canadian Bicycle Club held a very successful "Hard Times" sleighing party Monday night. The boys turned out, some 60 in number, and their grotesque make-up and comical appearance created much amusement down town. After paying fraternal visits to the Toronto and Wanderers' Bicycle Clubs the party proceeded east to their club rooms in Queen-street, where they enjoyed a sumptuous repast, a stag dance and a very interesting concert. Alf Rubbra sang some comic songs and was encored many times. Sam Ridout's songs were much appreciated. Messrs. Harrison, Welsman, Humphrey and Walker also contributed to the program. After presenting Mr. Ridout with the prize for being the toughest-looking specimen of Nature's carelessness present, the usual votes of thanks were passed and the boys bid each other good-night, all voting "Hard Times" a grand success.

Australia's Cricketers For England.

MELBOURNE, Jan. 24.—The team of Australian cricketers which is to visit England this year will sail in the Orient steamer Orizaba on March 11.

The team is thoroughly representative and includes Messrs. J. Blackham, W. Bruce, H. Trott, H. Trumble, R. McLeod, Graham, G. Giffen, W. Giffen, J. Lyons, A. Jarvis, C. Turnor, A. Bannerman and S. Gregory.

Lacrosse at Cornell.

ITHACA, N.Y., Jan. 24.—An effort is being made to put a strong lacrosse team in the field for Cornell this year. Manager Hubby has begun systematic training with the team candidates. A Canadian expert in lacrosse will coach the men.

Sporting Notes.

A meeting of the Scots Football Club will be held at Scholes' Hotel to-night at 8 o'clock.

Articles of agreement have been signed between Jack Fitzpatrick, styled a Canadian, and Tom Wilson of Leicester for a fight for $1750, to take place at Manchester, Eng., Feb. 21.

The baseball men of the State of Connecticut are talking of a State league the coming season, and from the present outlook it seems quite probable that steps will be taken shortly to form such an organization.

Prof. J. J. Dymond, who calls himself champion swordsman of America, has issued a challenge to Duncan Ross, who is about to arrive in this country. He challenges him or any other man in America or Canada for the sum of $10,000.

Jake Shaefer has accepted Slosson's challenge, and he will play Slosson a three nights' match at balk-line, 600 points a night, in New York, and a match at cushion caroms, 400 points up, in Chicago, for $2000 a side each match, making the total stakes for the two matches $4000. The "Wizard" will leave Paris for New York on Feb. 4.

Lake Simcoe Water Again.

Editor World: A word in answer to several comments in our daily papers lately, endeavoring, as it would seem, to decry this very important enterprise, and one of such vital importance to the health and prosperity of the city.

It does seem a pity that our best interests should be sacrificed for party principle.

It is difficult to conceive how anyone having the welfare of the city at heart could get off such ideas, and further, claim the sympathy of the ratepayers against this enterprise for the reason that it would incur a debt on the city.

I do not think that Mr. Sheppard had the slightest idea of taxing the city for it, the intention being to form a stock company with ample capital to well and fully do and carry out all its claims, and which would of itself be a guarantee for their so doing.

As to the practicability of the work there is no question about that, and it is silly in this age to say that such a thing cannot be done. It is only a matter of cost.

As to not being able to obtain legislation, that is another thing, as it has been hinted that any effort in that direction migut be blocked, and even that there had been an application for a charter. But if so, why, if the thing is not practical?

There is no difficulty in connecting the waters of Lake Simcoe with the mains of this city and giving us an abundance of fine water for all purposes and for all time to come without any pumping.

As to the quality of the water required, there is no use arguing that at present. There can be all the water that is, or would be, required furnished from there for all purposes without even materially affecting the amount going over the Severn, and it would be to the interests of the company to construct their waterways as to have regard to the future, and which of course can be controlled to the present requirement.

Some wise one has even presumed to say that it would not furnish more than 1000 horse power. Well, that is too absurd for anything. Do such people think that the present system of water supply is or ever will be what the supply from Lake Simcoe would be? It is a danger and an injustice to the city as it is.

Then the idea is advanced that the water of Lake Simcoe is full of vegetable matter. Then where does it come from? Where does the large body of water come from that goes over the Severn every day. Surely not from that little creek up in King? No. There is nothing there to impregnate it with vegetable matter. On the other hand, if Lake Simcoe were sounded and the temperature taken in the summer time, it would be found deep and cold, showing that it was fed by springs at the bottom of the lake. It is virtually spring water.

Then, as regards drainage from Barrie and other towns on the north shore, that is even more inconsistent than the other faults. It is not possible that anything could come south when the flow is all going northeast to the Severn, and the supply must be taken from the south shore in deep water.

The argument as to the quality of the water might better be applied to our present source of supply. Follow its course down from Lake Huron, through the St. Clair Flats, taking in Detroit sewage, then all the cities on Lake Erie, the shallowest of all our lakes, to Buffalo and down, and then add to these the drainings from Dundas and Hamilton and other lake cities, all passing up going east, and then compare it to such a body of fine water as Lake Simcoe. And supposing our water here was good, it would not be of any use for generating power, which is wanted to make Toronto a great city, by furnishing cheap water and cheap motor power.

It is to be hoped that now that the elections are over all may unite in their approval of this great work. We have got the means within our reach of making this a great city. Nor would the company ask anyone to put their hands in their pockets to assist them, nor would the company expect pay for what they did not furnish, and any loss must be their own, not the consumers' nor the ratepayers'. Then why oppose so good a work?

It should be apparent to all that in looking to Lake Simcoe for our water supply we are tapping a lake between 35 and 40 miles long, of great depth, and being at an elevation of 475 feet above Lake Ontario; that the advantages are enormous as to power, and as to supply, such a body of water should speak for itself.

It is certainly more a question of controlling it than that of supply. But that, as well as the construction, is quite practicable, and it is hard to conceive the great future there would be to this city through such an enterprise.

The very low pressure of water that we have had should be a warning to those advocating our present system of supply.

When it has come to the pass that there is not sufficient to supply ordinary house purposes it is time something was done to guard against a recurrence of this another season. It is too serious a matter to be trifled with, and the same trouble occurs in summer.

The city cannot afford to take the risk.

It may be argued that there has been an excessive demand. Perhaps so, but householders and others must be protected. Water is a thing that cannot be done without, and it is dangerous for the city to be in that position.

There is always a danger in the present system of breaking pipes or engines and by sand and other casualties. It is far too feeble and uncertain a source of supply for a city of this size, and does not fill the bill.

Let us go to the fountain head and get an abundant supply without pumping.

W. D. BURN.

HE SCARED THE MAGISTRATE.

But He Only Wished to Shake Hands With Him.

WINDSOR, Ont., Jan. 24.—Levi Cowell was tried by Magistrate Bartlett this morning on the charge of placing a railroad tie on the Michigan Central track near Essex on Dec. 11. The magistrate, in passing sentence, said he had it in his power to send him up for life, but on account of his weak mental condition would only give him a sentence of 23 months in the Central Prison at Toronto. As soon as the last word was pronounced the prisoner made a rush towards Mr. Bartlett, who, thinking his life in danger, tried to take refuge in his office, but before he could do so Cowell caught hold of his hand and heartily shook it.

Local Jottings.

The Sons of Scotland had a very success ful concert at the Junction Monday night.

John Nagle, 132 Jarvis-street, was arrested last night by Acting-Detective Harrison on a charge of stealing an overcoat from John Faulkner, 30 Hayter-street.

Adam Strong, 12 Henderson-street, charged with the larceny of a quantity of meat from Edward O'Brien, 205 St. Patrick-street, was arrested by Detective Porter yesterday.

Mr. Grant Helliwell gave an excellent paper on the "Elements of Design" last Monday evening to the members at the Toronto Architectural club rooms, in The Forum.

Rev. Prof. Clark, D.C.L. of Trinity University, lectured in St. George's Hall last night to an appreciative audience on "The Poetry of Lord Tennyson." The proceeds were devoted to the charitable funds of the society.

Mount Lebanon Lodge No. 15, I.O.G.T., held its usual meeting on Monday evening, 23rd inst. There was a large attendance. Seven accepted candidates were initiated and seven others proposed.

The cutters employed in A. R. Clark & Co.'s glove factory, 12 in all, have gone out on strike in sympathy with the sewing girls. The strikers deny that their earnings have been increased as the result of the introduction of steam power, but claim that the increase has been the result of overtime.

A League of Mercy has just been started in connection with the Salvation Army, the object of which will be to visit the various prisons and hospitals, hold meetings in them and help as far as possible both prisoners and patients. Subscriptions toward the cause will be thankfully received.

Mr. M. F. Brown, president of the Ontario Coal Company, has been nominated by the Board of Trade as one of that body's representatives on the Board of Management of the Industrial Exhibition. Mr. Brown, if elected, will make an energetic worker for the Industrial Association.

Rev. Robert Monteith, for many years clerk of Toronto Presbytery, died yesterday at his residence, 232 Brunswick-avenue, after a protracted illness. He was 78 years of age and with one exception was the oldest ordained minister in the Presbytery.

An illustrated lecture was given in the New Richmond Methodist Church last evening by Rev. W. F. Wilson and Mr. Frank Whitemore, the subject being England, Ireland and Scotland. The lecture was given under the auspices of the Young People's Society and listened to by a large and appreciative audience.

Hayes' Will.

FREMONT, O., Jan. 24.—The last will of the late ex-President Hayes, probated today, provides for an equal distribution of the estate after the payment of the just debts among the five children. The interest of his daughter Fanny is to be held in trust by his eldest son, Birchard, and his three oldest sons are appointed executors.

It gives the home place, known as Spiegel Grove, and all the personal property connected therewith to the five children, to be held by them in common without sale or division until all parties agree to a sale.

By a former will, made in 1874, Gen. Hayes made bequests intended to carry out the intentions of his uncle Birchard, but Gen. Hayes subsequently carried these out himself.

James Armstrong, M.P., Seriously Ill.

Mr. James Armstrong, M.P. for South Middlesex, is dangerously ill at his residence near Wilton Grove. The malady is a critical one, and on Friday hope was almost given up. On Sunday he was somewhat easier and prospects were brighter.

CONSUMERS CORDAGE CO.

(LIMITED.)

HEAD OFFICE, MONTREAL.

Incorporated by Letters Patent of the Dominion of Canada, under the "Companies Act,"

CAPITAL, - $3,000,000.

[In thirty thousand (30,000) Shares of one hundred dollars each.]

DIRECTORS.

JOHN F. STAIRS, M.P., Halifax, President.
A. W. MORRIS, M.P.P., Montreal, Vice-President.
EDWARD M. FULTON, Montreal, Treasurer.
GEORGE STAIRS, Halifax.
JAMES M. WATERBURY, New York.
CHAUNCEY MARSHALL, New York.
WILLARD P. WHITLOCK, Elizabeth.

SECRETARY.

CHARLES B. MORRIS, Montreal.

BANKERS.

THE CANADIAN BANK OF COMMERCE.
THE UNION BANK OF HALIFAX.

SOLICITORS.

MACMASTER & McGIBBON, Montreal.

The Directors, who are now the owners of the entire Capital stock, have decided, at the request of numerous friends of the Company throughout Canada, to enlarge the proprietorship of its stock, and to offer for sale, at par, ten thousand shares, of one hundred dollars each, fully paid and non-assessable.

Payments are to be made as follows:—Five per cent. on application; fifteen per cent. on allotment; twenty per cent. each in one, two, three and four months from the date of allotment. Applicants have the right to pay in full on allotment.

Applications for shares will be received until February 15th, 1893, at any of the offices of the Canadian Bank of Commerce, at the offices of the Union Bank of Halifax, and at the head office of the company, N. Y. Life Building, Montreal.

Forms of application for shares may be obtained at any of the above places, or they will be sent by mail on request.

Should no allotment of stock be made to any applicant for shares, the amount paid will be returned in full, and in the event of the Directors finding it impossible to allot the full number of shares applied for, the surplus of the deposit will be credited toward the amount payable on allotment.

The right is reserved of withdrawing the offer in whole or part at any time before allotment, and of allotting to any applicant any less number of shares than the number applied for.

As the dividends of the Company are payable quarterly, beginning with the first day of March next, allottees of stock will be entitled to receive a proportion of the quarterly dividend as declared, corresponding to the amount paid upon their subscription.

It is proposed to apply to the Stock Exchanges of Montreal and Toronto for official quotations of the shares of the Company.

The Consumers Cordage Company was organized in June, 1890, with a Capital of one million dollars, to operate several of the largest Cordage and Binder Twine Factories in Canada. It, at first, operated these under leases, but its operations having been successful, the Capital Stock was subsequently increased to Three Million Dollars, and the leased properties were purchased.

The Company has no mortgage indebtedness; and, according to the law under which it was incorporated, none can be created without the consent of two-thirds of the shares holders, represented at a meeting called for the purpose.

The Company has placed in the hands of its Bankers:—

(a) Full statements of its affairs, certified to by Messrs. Caldwell, Tait & Wilks, Chartered Accountants.

(b) The following letter from Messrs. Abbotts, Campbell & Meredith, advocates, Montreal, upon the legality of its incorporation, and the issue of its stock:—

MONTREAL, January 5, 1893.

Consumers Cordage Co., Ltd., Montreal:—

GENTLEMEN,—We have examined the books and documents connected with the organization of the Consumers Cordage Company, Limited, and are of opinion that it has been properly incorporated, and that its capital stock of $3,000,000, as issued, is fully paid up and non-assessable, according to the provisions of the "Companies Act."

We are, yours truly,

(Signed), ABBOTTS, CAMPBELL & MEREDITH.

(c). A report from Messrs. Macmaster and McGibbon, Solicitors of the Company, that the titles to its Mills have been duly examined, and that no encumbrances exist.

Applicants for shares may examine these documents, copies of which may be seen at the Company's offices, and at the various offices of the Banks mentioned above.

The Consumers Cordage Company is probably the second largest Manufacturer of Cordage and Binder Twine in the world, and claims the following very material advantages over its competitors:—

1st. Ample capital to conduct its business which enables it:—

(a) To buy its raw material in larger quantities, and at lower prices.

(b) To use only the latest and most improved machinery, thus keeping its mills in the highest state of efficiency.

2nd. Economy in selling and distributing its manufactured product.

3rd. The business covers so wide a territory (its manufactured goods go to almost every civilized country in the world) that it cannot be seriously injured by local troubles; and its Manufacturing establishments are so scattered that the danger of severe loss by fire is very slight.

4th. Lower cost of production.

(a). By maintaining the sharpest competition between its several mills, it is enabled to introduce in all the best methods found in each.

(b). By spreading its commercial expenses over a larger output.

(c) By placing in one hand the purchasing of the Raw Materials and Manufacturing supplies for the several Mills, thus securing lowest prices.

(d). By manufacturing for themselves many of their supplies.

The Company has always found it in its interest to divide the economies effected in production and distribution with the Consumer, and since its existence the Consumer has, upon the average, had a better article at a lower price than previously.

The Company does not claim to have any monopoly, or to earn monopoly profits; in fact, it has not done so. Since its organization it has been able, owing to the advantages above referred to, to earn a net return on its present capital of not less than 10 per cent. per annum (as statements in their Bankers' hands will show), and the Directors believe that these profits will be maintained in the future, as the cost of production and distribution shows each year a marked decrease.

The Dividend for the year ending 31st October, 1892, was at the rate of 8½ percent. per annum. The past record of the Company and its present position justify the Directors in believing that quarterly dividends of one and three-quarters per cent. can be paid and should the profits for the present year be as large as the outlook promises, the final quarter's dividend might be increased.

Any further information may be had at the head office of the Company at Montreal.

PATENTS.

BUSINESS CHANCES.

A L

WARDEN RUSSELL.

The Reeve of Vaughan Carries the County Council.

County Clerk Eakin occupied the chair at the meeting of the York County Council yesterday afternoon.

The council settled down to business promptly at 2 o'clock. John A. Macdonald nominated S. T. Humberstone, reeve of York, for the position of warden. Mr. Tyrrel, reeve of Weston, seconded the nomination, claiming that the nominee should go in by acclamation on account of the service which he had rendered the county at different periods, while a member of the council.

Andrew Russell, reeve of Vaughan, was nominated by Jonathan Slater, who stated that Mr. Russell had been elected to the council by acclamation no less than seven times. A gentleman so popular with his constituents must surely possess qualities which would fit him to fill the warden's chair creditably. Mr. Evans seconded the nomination.

Messrs. J. C. Stokes and D. G. Stephenson were also nominated

Messrs. Ressor and Hagerman were appointed scrutineers.

On the first ballot Mr. Humberstone was declared out of the race, as out of the 48 ballots cast he received only 19 votes.

Mr. Russell's name was second on the list, and the result of the count showed that the majority of those present favored his candidacy, as he received 27 votes, two more than were absolutely necessary to elect him.

He was escorted to the chair by the gentlemen who moved and seconded his nomination, and after thanking his supporters for electing him drew the attention of the council to the fact that the question of the disposal of the tollgates would need their earnest attention during the coming year, as the city had proposed abolishing the market fee system if the gates would be removed by the county.

A special committee was then elected, composed of Messrs. Richardson, Evans, Davis, Humberstone, Slater, Yule, Pegg, Stephenson, Sanders, who will appoint the standing committees.

While the scrutineers were counting these ballots the Warden vacated the chair for half an hour and the members smoked cigars at his expense.

The county commissioners will be appointed Thursday and the auditors of county and school accounts to-day.

A SHORT SESSION.

The Technical School Board Decide To Ask For An Interim Appropriation.

The last meeting of the Technical School Board for 1892 was held last night in the school in College-street.

A letter was received from the Grand Trunk Railway workmen proposing the amalgamation of their school for apprentices and the Technical School, and asking for a seat in the Board for a representative from their body. The proposition was laid on the table for future discussion. The subject of amalgamation was first broached to the City Council, from where the petition was forwarded to the Board.

President Orr drew the attention of the Board to the fact that an interim appropriation would have to be asked from the City Council to tide them over the next three months, by which time the regular appropriation might be expected. It was decided to ask for $2500 to be advanced.

The estimates for 1893 foot up to $7450. Of this sum $2320 goes on the capital account and $5130 for maintenance.

There being no further business brought up for discussion the Board adjourned.

The Thaw.

"When frost gives way to sudden thaw
And all your pipes have got a flaw,
And through your house the waters flow,
You wish yourself in Jericho."

After a frost of unwonted severity and eqally unwonted duration, we are now experiencing the discomforts which follow as a natural sequence a change from frost to thaw. That the thaw has at last set in few, if any, will regret. True, there are undoubted enjoyments to be got from a frost such as we have had for the past two weeks in the shape of skating, curling, etc. But it has its drawbacks. Severe weather in any shape or form is a positive hardship to the aged, delicate and numbers of poor people who are ill provided with the things of this world best adapted to cope with it. It would seem to be a moot question whether the raw cold weather experienced at the setting in of a thaw is not as bad in its effects on the human constitution as is the clear, though piercing weather of a frost. It is difficult to determine the point with any exactitude. But it is not a matter needing any special insight to arrive at the conclusion that an open winter, or as our fathers were wont to term it, "a green Yule," is by far the best for mankind. Fresh, open weather allows numbers of people to be healthily and lucratively employed, who during a frost are frozen out if not starved out. Usually it is the case that these are the very people who can least afford to lose any money, or do without the little comfort it would bring in the winter time. With the inconveniences of a sudden change in the weather like the present, every householder who happens to be at the mercy of these modern appliances which are doctored by the plumber, is fully and also too painfully cognizant. We wish them to depart as speedily as they came.

Carpet Manufacturers Meet.

The carpet manufacturers of the province have for some time felt that while the tariff was fostering them some of its regulations were galling.

Lack of uniformity in the system of valuing imports at the different ports of entry is held to be one of the chief anomalies. Then they contend that some of the features of the tariff itself bear unnecessarily heavy upon their industry.

Yesterday the carpet manufacturers of the province held a meeting in the office of the Manufacturers' Association, Canada Life building, to discuss ways and means of seeking relief. Some eight or ten mills were represented.

As an outcome of the deliberations, Messrs. James P. Murray of the Toronto Carpet Manufacturing Company, Henry Stround of the Paris Carpet Company, Dodds of the J. & A. Armstrong Co. of Guelph, and J. J. Cassidy, secretary of the Manufacturers' Association, were appointed to wait upon the Government at Ottawa in regard to their grievances. The deputation left for the Capital last night.

Found Business Unprofitable.

D. F. Armstrong, boots and shoes, Kingston, has suspended.

H. Haken, a Norwich boot and shoe dealer, has assigned.

George Halliday, general merchant of Arnprior, has assigned to A. Mutchmor of Ottawa. The creditors will meet Feb. 6.

Joseph Cote, hatter of Ottawa, is offering to compromise.

An Ottawa furniture dealer named B. Haram is offering to compromise at 55c on the dollar.

P. W. Lavoie, cigar dealer of Ottawa, is asking his creditors to accept 75c on the dollar.

S. J. Vanstone, jeweler of Palmerston, has succeeded in securing a compromise at 30c on the dollar cash.

At Suckling's auction rooms yesterday afternoon the stock of Mr. J. Leaf, general storekeeper, Orillia, was sold to Mr. Christopher Moore at 66c on the dollar. The stock of J. F. Copland, the King-street grocer, who assigned a short time ago, valued at $10,000, was sold to R. Peters, Toronto, at 66c on the dollar.

"August Flower"

How does he feel?—He feels cranky, and is constantly experimenting, dieting himself, adopting strange notions, and changing the cooking, the dishes, the hours, and manner of his eating—August Flower the Remedy.

How does he feel?—He feels at times a gnawing, voracious, insatiable appetite, wholly unaccountable, unnatural and unhealthy.—August Flower the Remedy.

How does he feel?—He feels no desire to go to the table and a grumbling, fault-finding, over-nicety about what is set before him when he is there—August Flower the Remedy.

How does he feel?—He feels after a spell of this abnormal appetite an utter abhorrence, loathing, and detestation of food; as if a mouthful would kill him—August Flower the Remedy.

How does he feel?—He has irregular bowels and peculiar stools—August Flower the Remedy.

BUSINESS DOINGS OF A DAY.

LIGHT TRADING IN LOCAL STOCKS WITH PRICES STEADY.

Speculative Markets Dull—Wheat Firmer in Chicago—Pork Fairly Steady—Local Wheat Steady—Provisions Firm—London Wool Sales—Larger Receipts of Live Stock Coming on the Market.

May cotton opened in New York yesterday at 9.60 and closed at 9.69.

Consols are quoted at 98 for money and 98 1-16 for account.

C.P.R. is quoted at 91¾ in London, 88½ bid in Montreal and 86½ bid in Toronto.

Grand Trunks are quoted steady at 64¼ for first preference and 46½ for second preference.

A cable to R. Cochran quotes Hudson's Bay at 16¾.

Silver is steady in London at 38⅝d.

A cable to J. S. Fisher says: "The first series of auctions of colonial wool opened in London today with an average attendance of buyers. There was fair competition on the basis of last auction's closing rates."

JOHN J. DIXON & CO STOCK BROKERS Canada Life Assurance Building.

Stocks, Bonds, Grain and Provisions bought and sold for cash or on margin.

Private wires to New York and Chicago. Telephone 2212.

TUESDAY EVENING, Jan. 24.

Trade in local stocks was light to-day. The sales were 474 shares at the morning session and 60 shares at the afternoon session—a total of 534 shares. Prices were about steady, inclining to easiness. Montreal was quoted ¼ lower without sales. A few small lots of Dominion sold at 278. Commercial Cable was steady at 180 and Bell Telephone at 154. The heaviest sale of the day was a block of Consolidated Land Investment Co. at 146. Quotations are:

MONEY TO LOAN at 5 and 6 per cent. on Farm and City Properties.

J. WATT & CO., 8 Lombard-street. 136

TIPS FROM WALL-STREET.

John J. Dixon & Co. received the following despatch over their private wire from Henry Allen & Co. to-day:

NEW YORK, Jan. 24.—The stock market has been very active all day. Whisky trust braced up in the afternoon and got above 52, but it proved to be a false start, and while all the little traders on the Stock Exchange loaded up with the stock quotations did not hold and the closing price was within a fraction of the bottom for the day. Most of the short interest has been eliminated and it begins to look as if recent tales about big earnings may be officially revised. Incidentally it leaks out that a combination of New York capitalists and politicians are preparing to put a large amount of money into new opposition distilleries in the vicinity of this city. The general market has been active and fairly firm to-day, except for the antics of D.C.F. It is not improbable that many of the important grangers would have advanced. There has been important buying for the foreign account in Union Pacific. The money market is easy. Gold export talk is not much heard now.

HOCKEY SKATES REDUCED TO $1.70 AND $2.25 PAIR.

RICE LEWIS & SON (Limited) TORONTO.

THE MONEY MARKET.

Rates are as follows: Bank of England rate, 3 per cent.; open rate for discount in London, 1¼ per cent.; call loans in New York, 2½ to 3 per cent.; call loans in Toronto, 5½ to 6 per cent; commercial paper, 5 to 7 per cent.

FOREIGN EXCHANGE.

Rates of exchange are reported by Wyatt & Jarvis, stock brokers, as follows:

Bank of England rate—3 per cent.

REMOVAL SIDNEY SMALL Real Estate and Insurance Agent, has removed from 15 Victoria-street to Freehold Loan Building, 20 ADELAIDE-STREET EAST

Grain and Produce.

Wheat—Trade is dull, owing to the spread between buyers and sellers. Holders are asking 57c for white wheat north and west and 66c for red, and only odd lots are let go at buyers' prices. A few sales of white at 66c are reported to-day. Spring wheat is nominal at 61c. Manitoba is firm at 87c for No. 1 hard, 85c for No. 2 and 78c for No. 3 North Bay. No. 2 hard f.o.c. Fort William is offering at 79c.

Rye—Dull, but rather firmer, quoted at 50c to 52c outside and at 58c for May delivery.

Barley—Steady at 36c to 38c for No. 3 extra, 42c for No. 2 and 47c to 48c for No. 1. Good No. 3 extra is bringing 38c. A round lot of 8000 bushels old barley by sample sold to-day 35c outside.

Peas—Firmer. Holders are asking 59c, with 58c bid for lots lying west.

Oats—Steady, with sales of white west at 28c and of mixed at 27½c.

Buckwheat—Unchanged, sell ng at 43c to 43c east and 43c west.

Bran—Steady, selling at $12.50 on track and at $13 in jobbing lots.

Flour—Rather firmer, holders asking $3.15 to $3.25 for straight roller.

CAMPBELL & MAY W. A. CAMPBELL. GEO. H. MAY Assignees in Trust, Accountants, Auditors, Collecting Attorneys, Etc. 136 32 FRONT-ST. WEST

THE STREET MARKET.

Receipts to-day were as follows: Wheat, 200 bush: barley, 4000 bush; peas, 100 bush; oats, 1700 bush. Quotations are: White wheat, 65 to 66c; spring wheat, 60c; red wheat, 66c; goose wheat, 58c to 60c; barley, 44c to 47½c; oats, 31½c to 32½c; peas, 56c to 59c; rye, 50c; hay, $8 to $9.75 for timothy and $7 to $8 for clover; straw, per ton, $7 to $8 for bundled, and $5 to $6 for loose; eggs, 30c per doz. for new laid; butter, 16c to 18c for tub, 20c to 24c for choice dairy rolls; chickens, 50c to 60c; turkeys, per lb, 12c to 13c; ducks, 70c to 85c; dressed hogs, $8.50 for round and $8.75 at $9 for select weights; potatoes, 90c; beef, fore, $3 to $5.50; hind, $5 to $6.50; mutton, $6 to $7; lamb, 7c to 8c per lb; veal, $6 to $8.

PROVISIONS.

Prices to-day are: Eggs, new laid, 30c; fresh cold storage eggs, 21c to 22c; limed eggs, 16½c to 17½c; butter, choice pound rolls, 18c to 20c, choice dairy in tubs, 17c to 19c; medium in tubs, 14c to 16c, inferior 12c to 14c; long clear bacon, 10c for large lots and 10½c for small lots; spiced rolls, 10c; hams, 13½c to 13½c; Canadian mess pork $20.50 to $21 perbbl., short cuts $22; lard, 12c tubs and 12½c in pails; evaporated apples, new 7 1-2c and old 7c; dried apples, new 5c.

The Bankers' Co-Operative Indemnity Company, 335 Broadway, New York, are the trustees of the trust and loan fund of THE ANGLO-AMERICAN LOAN & SAVINGS CO., 60½ ADELAIDE-ST. EAST, TORONTO, capital $1,000,000. They say, "We wish to say to our patrons that the Anglo-American Loan and Savings Company of Toronto is one of the best institutions of the kind we know of doing business in the United States. Our acquaintance with the above company has been sufficient that we may recommend them to all people who wish to invest or borrow money."

MONEY TO LOAN at Lowest Rates. 136 DR. SAMUEL GINNER, Manager.

POULTRY.

Receipts are light and the demand continues active. Prices are accordingly strong, turkeys bringing 12½c to 13½c per lb, geese 9½c per lb, ducks 75c to 90c, and chickens 50c to 60c per pair.

SEEDS.

Red clover seed is firmer, selling outside at $7.50 to $8, and for extra choice 10c to 15c a bushel higher. Alsike is quoted at $5 to $6, according to quality, and timothy from $1.25 to $2.25.

CHICAGO GRAIN AND PRODUCE.

Fluctuations in the Chicago grain and produce markets, as received by John J. Dixon & Co., were as follows:

ALEXANDER & FERGUSSON, Members of Toronto Stock Exchange, American and Canadian STOCKS Bought and Sold. 23 Toronto-st. - Toronto

GOSSIP FROM CHICAGO.

John J. Dixon & Co. received the following despatch over their private wire from Walker & Co. to-day:

CHICAGO, Jan. 24.—There was nothing in the number of hogs or the price to indicate the early decline in product except the fact that the quality of hogs was better. This gave some large local traders an excuse to sell freely and pound prices down. At the decline there were large buying orders, but very little stuff was obtained, as the effort to buy caused quick reaction. When these weak places come we advise our friends to load up with hog product. Wheat after a weak opening sold up and closes at about the top price of the day. Early long stuff broke market, the lower cables, big receipts, light clearances, and increase on passage causing an uneasy feeling on their part. At 78 cents there was enough long buying by private wire houses to turn the tide. The crowd had got short on the way down, and when they saw the offerings so well absorbed they took fright and covered. The clique brokers helped prices along by buying on way up. On every easy spot the offerings are so well taken care of that we are inclined to believe wheat is scraping the bottom again. Corn higher, but the trade light and has followed wheat, the market heavy, snow storm prevailing, and may retard receipts for a while.

R. Cochran received the following despatch from Kennett, Hopkins & Co. to-day:

CHICAGO, Jan. 24.—Wheat opened weak on larger receipts than expected and increase on ocean passage instead of the expected decrease. Cables were easier. Around 78c there was good speculative support, a prominent local operator picking up a good line, and it is said the old clique brokers were in the market. Suddenly was mentioned as a buyer, but as he is out of town he is probably not interested in the market. Local traders got too unanimously bearish, oversold themselves and were forced to cover at higher prices. A decline in English Consols was used as a bull argument, but as closing cables were weak, especially Paris, there would seem to be nothing in that. The situation is growing more discouraging and lower prices seem probable. Corn and oats were weak at opening in sympathy with wheat, but railied later. Provisions—Offerings were so free on the hard spots that top prices could not be maintained. Local traders were doing a moderate scalping business, and market was without special feature.

JAMES DICKSON, FINANCIAL AGENT, ASSIGNEE, ETC. Special Attention to Collections. 136 MANNING ARCADE.

LIVERPOOL MARKETS.

LIVERPOOL, Jan. 24.—Wheat steady, demand fair, holders offer moderately. Corn firm, demand fair. Spring wheat, 6s 3d; No. 2 red winter, 5s 11½d; No. 1 Cal., 6s 5½d; corn, 4s 8d; peas, 5s 4d; pork, 83s 9d; lard, 55s 6d; bacon, heavy, 52s; bacon, light, 53s 6d; cheese, white and colored, 56s.

BEERBOHM'S REPORT.

LONDON, Jan. 24.—Floating cargoes—Wheat slow, corn nill. Cargoes on passage—Wheat weaker, corn quieter. Mark Lane—No. 2 Calcutta wheat unchanged; spot, present and following month, 3d lower; mixed American corn unchanged; flour, 6d lower; No. 1 Cal. wheat, off coast, 3d lower: Australian wheat, off coast, unchanged; present and following month, 3d lower: London—No. 1 Cal. wheat, prompt sail, 3d lower; red winter, prompt steamer, 3d lower; present and following month, 3d lower. French country markets generally dearer. Liverpool—Spot wheat moderate demand, corn firmly held; red winter 1d cheaper; India unchanged. On passage to United Kingdom—Wheat 2,847,000 quarters; corn 216,000 quarters. To Continent—Wheat 454,000 quarters; corn 138,000 quarters.

PROTECT YOUR HOME. USE SPOONER'S PHENYLE The most effective powdered disinfectant, deodorizer, germicide known to modern science. Ask for it always. It is the best disinfectant in the world. AIKENHEAD HARDWARE CO'Y, 136 6 Adelaide-street east.

The Live Stock Market.

Receipts at the Western Cattle Market for the week were heavier than at any market here since the beginning of the year. 35 loads having come to hand. There were 275 hogs in, 103 sheep and lambs and the balance of the receipts were cattle. Prices were rather easier for cattle under larger offerings, but not quotably so. Montreal buyers did not appear to be very anxious to purchase, but nevertheless picked up about 10 loads for that market.

Cattle—There was a lot of rough stock in the yards and few of the best quality. Prices were about the same as on Friday, but the feeling was easier. Two or three more days of heavy receipts would have the effect of breaking prices. Best fat cattle brought 3¾c to 4c; fair to good, 3¼c to 3½c, and bulls and inferior stock, 2½c to 3c. Some of the sales are as follows:

One load,	averaging	1000 lbs.	$3.40	per cwt.
"	"	1150	3.62½	"
Twenty-one head	"	1020	3.60	"
Twenty "	"	1020	3.37½	"
Twenty-one "	"	1000	3.40	"
Twenty "	"	1050	3.62½	"

Twenty-four head averaging 1025 sold at $36 a head, and one load averaging 1075 sold at $37 each. Milch cows were easier; top price being $40. Fair cows sold at $32 to $35.

Calves—Only about a dozen calves were in. Prices ranged from $2 to $9 a head, good average stock weighing 140 lbs. bringing $7 a head. The demand is active for good stock.

Sheep and Lambs—There was an active demand for lambs, all offerings being quickly taken. Good grain-fed lambs sold from 5c to 5¼c per lb. and sheep at 4c.

Hogs—There was a continued active demand at firm prices. Best fat hogs, off car, sold at $6.70 to $7. There is a ready sale at these prices for all offerings.

C. C. BAINES (Member of the Toronto Stock Exchange.) Stock Broker, No. 21 Toronto-st. Telephone 1009. 136

NEW YORK MARKETS.

NEW YORK, Jan. 24.—Cotton, spots dull; uplands 9⅝c, gulf 9⅞c; futures steady; sales 118,500 bales; Jan. 9.40, Feb. 9.43, March 9.53, April 9.61, May 9.69, June 9.75. Flour—Lower. Rye—Nominal, western 62c to 64c. Barley—Firm, state 65c to 80c. Peas—Inactive. Canada nominal 86c to 70c. Wheat—Receipts 31,000, exports 8000, sales 1,250,000 futures, 180,000 spot. GRATEFUL—COMFORTING EPPS'S COCOA BREAKFAST.

"By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected Cocoa, Mr. Epps has provided our breakfast tables with a delicately flavored beverage which may save us many heavy doctors' bills. It is by the judicious useof such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and a properly nourished frame."—*Civil Service Gazette.*

Made simply with boiling water or milk. Sold only in packets by Grocers, labelled thus: JAMES EPPS & CO., Homœopathic Chemists, London, England. ed
