The Fergus cricket club passed through the city this morning on their way to Berlin where they play the Berlin club today.

BASE BALL.

The Clippers, of Hamilton, (formerly the Athletics) have challenged the Royal Oaks to play a game in Guelph on the 1st of July. On account of the Royal Oaks having to play in Galt that day they are unable to accept the challenge, but are willing to meet the Clippers at any time when satisfactory dates can be arranged. The secretary of the Royal Oaks has received no direct communication from the secretary of the Clippers, but so soon as a correspondence is opened up there is little doubt but a date suitable for both clubs will be decided on.

The master barbers and their employees are playing baseball on the Exhibition ground this afternoon. The game will be interesting from the fact that the nines have decided to dispense with science and play the game on its merits, as done in ye olden days.

The Leafs took another ball from Saginaw Saturday. Score 24 to 4. 10 to 6 the day before was only a draw on.

The Leafs are playing Petrolia to-day and will play Seaforth to-morrow.

The Leafs come home Wednesday.

Tug Dillon has caught the last 4 games owing to "Son" Purvis having a finger broke.

Don't be surprised if we are in the League before long.

The application of the manager of the Maple Leafs for the admission of the club into the International League has been favorably received.

On Saturday afternoon a match was played on the Exhibition grounds between the finishers of Bell's factory and the finishers of Raymond's factory. Bell's men won by a score of 17 to 4. A return match will likely come off next Saturday.

The Waterloo and Elora cricket clubs play in Guelph to-day.

The Guelph lacrosse team play Acton in Acton to-day.

Congregational Union.

OTTAWA, June 11.

The meeting was opened this morning with prayer by the Rev. J. C. Wright and the Union resumed its work at 10 o'clock.

The Membership Committee reported, recommending the following:—

That Revs. W. Cuthbertson, J. W. Pedley, and A. W. Gerrie be received into the Union.

The reception into the Union of the Church at Woodstock, St. Thomas and Hawkesbury.

That a letter of transfer be granted to the Rev. H. D. Powis to the Congregational Union of England and Wales.

That the Rev. C. C. Otis, of Washington Territory, the students of the College, and the Rev. Mr. Burgess be asked to sit as corresponding members.

On motion those recommendations were concurred in.

The Union Committee's report was then read, touching the following points;—

The meeting of the Union at the Capital of the Dominion.

The death of the Rev. Wm. Walker, our Indian missionary, and the Rev. William Burgess of Tilbury. A standing vote was taken.

The meeting of Dr. Wilkes with the Congregational Union of England and Wales.

Ecclesiastical and Ministerial Exemptions—The Union expressing itself strongly in favor of such exemptions.

The receipt of $204 from the executor of the late Mr. Duncan Bain, of Buxton, Kent County, Ontario.

The departure of Rev. W. F. Currie to the mission field of Africa.

The report as a whole was received and adopted.

The Statistical Secretary then read the annual report of the churches. The following is a summary of said report, but is not complete, inasmuch as only part of the churches reported, some nineteen failing to report:—

Number of preaching stations, 99; average attendance, 14234; total under pastoral care, 22,582.

Additions to membership—By profession, 727; by letter, 187—total 914. By losses—By death, 74; by letter, 166; by discipline, 14; dropped on revision, 130.

Present membership—Males, 2,219; females, 3,506; particulars not given, 1,591; total 7,316.

Sunday Schools—Number, 85; officers and teachers, 893; scholars on roll, 7,594; average attendance, 5,668.

Baptisms—Adult, 65; infant, 557.

Churches—Number, 85; parsonages, 32.

Finances: Value of church edifices, $575,375; value of parsonages, $43,350; debt on church property, $132,112; balance, $486,613; amount raised for local church purposes, $78,149; union, $461; C. C. M. S., $4,100; C. C. B. N. A., $1,438; foreign missions, $2,018; other denominational objects, $1,091; general benevolent purposes, $2,477; for all purposes, $110,824. Total increase, $5,861.

On the question of exemption from ecclesiastical taxation, a brief discussion was held, and the following paragraph in the annual address was greeted with enthusiasm and adopted: "We are only acting in accordance with our historical position when we raise our protest against the present system of ecclesiastical exemptions. While it may be a matter of discussion whether the building actually used for public worship should be taxable, we would take this opportunity of declaring that we should hail with delight any measure which would, in the case of the ministers of the gospel personally of all denominations, settle the question on the basis of the equality of all men before the law."

The annual meeting of the Congregational College of British North America was held at 2.30. The annual report was read by the Rev. Dr. Cornish, in which he expressed satisfaction with the examinations of the students.

In the award of the exhibitions Joseph R. Unsworth, B. A., and J. P. Gerrie took the Robert Anderson Exhibition of $30 and $20 for second and first year theological course.

The total disbursements on account of housekeeping expenses, including fuel and gas, have amounted to $1,696, whilst the receipts for board have been $1,216. The Endowment Fund now amounts to $23,609, and is well invested. There had been received from all sources $5,648, being a decrease of $638 as compared with last year. The disbursements have amounted to $6,959.

The present year is the jubilee of the Colonial Missionary Society, and the grants from its funds have amounted to nearly $50,000. The Lillie Memorial Fund have $4,750 invested in several securities. The report of the Building Committee was read, in which it was stated that the whole expenditure of the College had been fully met, and that the College was free from debt. The entire cost of the buildings and furnishing amounted to $34,000.

The report of the Provident Fund Society was read as follows:—$10,000 is its net capital; $959 had been received during the past year. There are nine widows and six children still on the fund; whose annuities amount to $1,060. The annuities paid up to date amount to $11,484.

In the retiring ministers' branch the investments show an increase of about $200. The report was adopted.

The Congregational Publishing Company reported as follows:—Over 1,100 copies of the Year Book had been sold, $1,524 had been received from all sources; there was a balance on hand of $124.91. The Canadian Independent had paid its way, and the business connected with the Boston Publishing Company had increased fifty per cent. After receiving and adopting the report the meeting closed.

A public social meeting was held in the lecture room, and was presided over by Rev. John Wood, at which a very enjoyable and pleasant time was spent.

AN illustration of how the London newspapers were deceiving themselves in imagining that their opposition to Mr. Gladstone's Home Rule Bill reflected public opinion, has been shown by the experience of the *Weekly Despatch*. This journal carried away by its fervour for Mr. Chamberlain opposed the Home Rule Bill tooth and nail. Several of its readers remonstrated; but the *Despatch* represented their objections as exceptional. A controversy arose and *The Despatch* to settle the matter took a plebiscite of its readers on this question, "Do you favor Mr. Gladstone's bill as introduced?" The form of the question was objectionable because there are thousands who favored it now, not as introduced, but as it was promised to be amended in committee to provide for continued Irish representation at Westminter. The question was put in this narrow form by *The Despatch* probably to win the verdict most favorable to its own attitude. To its astonishment, however, the plebiscite resulted in five votes favorable to the bill as introduced to one against. The circulation of that journal is a quarter of a million and its readers probably a million; and this vote may be taken as fairly reflecting the opinion of the working classes among whom it circulates upon the question of Irish Home Rule. *The Despatch* within a week after taking the plebiscite changed front and supported the second reading of the bill.

Terrible Death of a Child.

BUFFALO, N. Y., June 12.—The little three-year-old daughter of Mr. Leach, of London, Ont., last night ran out on the street and before she could be brought back was struck by a street car and run over. Her brains were crushed out on the track and she died instantly.

Fell From a Roof.

PARIS, Ont., June 13.—Charles Rider, while helping to shingle Mr. Dean's barn, near this town, yesterday afternoon, fell from the roof, and died in a few minutes afterwards from the injuries received. He leaves a wife and two children.

Three Hundred Icebergs.

ST. JOHN'S, N. F., June 12.—The steamer "St. Joseph" from Liverpool, which has just arrived, brought the crew of the schooner, "Mary Queen of the Seas," which was lost on May 3 in the middle of the Atlantic. The captain of the "St. Joseph" reports some 300 icebergs east of the Great Banks.

BIRTHS.

POWELL—In Guelph, on the 8th June, the wife of W. S. Powell, of a daughter.

Local News.

THE Board of Education meet to-night.

THE thermometer at noon to-day registered 83° in the shade.

YESTERDAY was acknowledged one of the hottest days so far this season.

THE new passenger time table on the main line of the G. T. R. came into force to-day.

THE Sunday School picnic season is approaching and is looked forward to with expectancy by the scholars.

A BULL dog fight for $25 a side is reported to have taken place in the South Ward on Saturday night.

MR. JAS. E. MEYER, of Kossuth, left on Saturday for a two months' trip to Britain. He sailed in the "Vancouver" of the Dominion Line.

THE Rev. Mr. Hamilton, of Winterbourne, preached two very acceptable sermons in St. Andrew's church, morning and evening, yesterday.

THE Rev. J. W. Totten, Markham, and the Rev. J. W. Cooley preached in the 1st Methodist church, the former in the morning and the latter in the evening.

UNLESS some attention is paid to the sidewalk on Suffolk street, it is probable that the corporation will be called upon to pay more for damages than would build a new sidewalk from end to end.

ON Sunday a number of young men were seen walking along the G. T. R. track equipped for a fishing expedition. This sort of thing is getting to be too common and the sooner it is put a stop to the better.

ON Sunday night two young men apparently the worse of liquor were seen walking on the G. T. R., coming from the direction of the freight sheds, singing ribald songs, much to the disgust of the people who live along the line of railway.

A VERY pleasant time was spent by the Eramosa picnic party at Puslinch Lake on Saturday. Dancing, quoits, croquet, swinging and other amusements was the programme of the day. The party passed through the city on ther way home about 9 o'clock well pleased with the day's outing.

ABOUT ADVERTISING.—The Berlin *News* pays the following compliment to the enterprise of Guelph business men:—"The Guelph dry goods men are evidently men of literary ability as well as experts in their business. The way they have of putting things shows a great deal of study as well as taste. To be a successful business man, in nine cases out of ten, it is necessary to be a good advertiser. And to be a good advertiser it is necessary to be intelligent, observing, well informed and especially wide awake.

THE APPLE TREE BORER.—June is the time when you may expect to see the apple tree borer set up his carpenter shop in the orchard. This mechanic you do not want. Build small fires of shavings, brush and rubbish in different parts of the orchard on some of these summer evenings and cremate the inquisitive chap. The borer also objects to cleanliness. Wash the bodies of the trees, especially near the ground, with soft soap and water—all the better if hot—or with reasonable strong lye—all the better if salt or saltpeter is mixed with it—and thus prevent the borer from depositing its eggs. The beetle is not quite an inch long, striped brown and white. Look out for the fellow!

GRASS WIDOWERS.—The gallantry of the Berlin *News* man is proverbial. Those who are acquainted with him could easily understand his taking under his sheltering wing a dozen or even more grass widows, but what in creation he has to do with a dozen grass widowers is a problem which he only can solve. This is what he says: There are at present about a dozen grass widowers in town, and we can hardly say that they are having a heavenly time. From what we hear we think it high time that some of these absent better halves had better be called home, and if any of them should receive this paper and see this item, why, well, they will have to do what they think is best.

FAREWELL SERMON.—Rev. J. H. Carson preached his farewell sermon in Dublin Street Church on Sunday evening before a large audience, who listened very attentively to an excellent discourse, notwithstanding the very warm atmosphere. The music by the choir was in keeping with the occasion, singing during the offertory "Shall We Meet," and as the congregation dispersed, "We'll all Gather Home in the Morning." During the rev. gentleman's stay in this city a host of friends, more especially among the young people, have become attached to him, and although the occasion of the sermon was not publicly announced until a few hours before, the congregation was largely made up of that class of people. Mr. Carson goes to Stratford to be the minister of the Second Church in that place, where his abilities will no doubt make him as highly popular as he was in Guelph. This evening a farewell social will be given in the Dublin Street Church, and a pleasant time may be anticipated.

THE AGRICULTURAL COLLEGE.—The London *Advertiser* says:—The Provincial Government has done the country a good service by the interest that it has taken in agriculture, and by the energy and industry it has exhibited in improving the Agricultural College, and make it in every way worthy of the confidence of the Ontario farmers. The Government a few years ago appointed a Commission that collected a vast amount of information which has been in the highest degree serviceable to those engaged in agriculture. A new stimulus was given to farming and to fruit-growing in Ontario by that commission. Since then farmers' institutes have been established, which are proving of immense value to the agricultural population. Ontario is eminently an agricultural Province, the soil is fertile and the climate healthy, and there is no reason why it should not become one of the most densely populated and prosperous portions of the North American continent.

Invisible but Instantaneous.

All pains or aches will be instantly removed by a few drops of Fluid Lightning applied over the affected parts. No time lost; no nauseous medicines needed; no poulticing or using greasy liniments. It will not blister or discolor the skin. Sold at 25c per bottle by Thos. S Petrie, Druggist. Sufferers from Neuralgia assure us that they never fear it when their house contains a bottle of Fluid Lightning.

FAREWELL social to the Rev. J. H. Carson in the Dublin street Methodist Church to-night.

A FULL meeting of the City Band is requested this evening. Practice and important business. d1

THE Salvation Army Band, and a detachment of soldiers, went to Fergus yesterday to open out a new station.

For refrigerators, wire dish-covers, wire cloth, hose, sprinklers, mangles or fishing tackle, call on John M. Bond & Co., Guelph.

MR. W. LAING shipped to-day 54 head of cattle for Messrs. Knox & Gould, Oshawa, at an average price of a little over 5 cents per pound, live weight.

THE other cases against the members of Manchester Unity, for selling liquor on the Exhibition grounds, on Queen's Birthday, will likely come up on the 17th.

A MEETING of the South Wellington Agricultural Society was held in the Commercial Hotel, on Saturday afternoon, in connection with some minor matters, which were settled in about ten minutes.

MR. WM. HEFFERNAN, confidential Clerk for Messrs. Hooper & Smith, wholesale boot manufacturers, Montreal, arrived in the city on Saturday and spent Sunday with his relations in town. He left for home this morning.

THE MIRACLE OF THE ROSES.—The delightful entertainment given last Thursday in the Church of Our Lady by the pupils of the Loretto Academy, is to be repeated to-morrow evening. [No tickets will be issued, but the admission fee will be received at the door. The City Band will add to the attractions of the evening. The doors will be opened at 7 o'clock. The concert will begin at eight o'clock. Admission 50 cents; children 25 cents.

REDUCED RATE OF GAS.—As will be seen by advertisement elsewhere the Directors of the Guelph Gas Company, from the 1st of July, will reduce the rate per 1000 feet, to $2.50, subject to a discount of 50 per cent for prompt payment, meters to be furnished free of charge. A special extra rate of discount will be allowed for gas consumed for stoves during the summer. In making these reductions the company are of the opinion that gas will be more freely used in private houses than heretofore, which will cause an extra increase of custom which may warrant a still further reduction.

THE CHILDREN'S DAY.—The Sabbath School teachers and others in connection with Knox church, have introduced a new and pleasing feature in connection with the Sabbath School, which is known as the "children's day," and will be celebrated annually. It has been the custom in the northern States for some time past, to set apart, once a year, a church service for the Sabbath School scholars, when special addresses, taking the place of the regular service, were delivered to them. These services have become so popular that they are spreading over the land, and are considered instrumental in interesting the children, the parents and the public in Sabbath School work. Yesterday forenoon each scholar brought a bouquet of flowers in their hand, which were placed in receptacles on the pulpit and pulpit platform. The effect was decidedly pleasing and attractive. The Sabbath Schools assembled in the centre of the church, when short and suitable addresses were delivered by Mr. Wm. Anderson, Dr. McGuire and the Rev. Mr. Dewey. There was a large congregation present. This morning the flowers which decorated the church were sent to the General Hospital, for which the directors of that institution return their thanks.

A Brakeman Killed.

BROOKLYN, Ont. June 12.—As a ballasting train on the Midland Railway was shunting on a siding a brakeman named Smith in operating the brake twisted the wheel off and was thrown backwards between the cars. Both legs were cut and mangled dreadfully, and were amputated, but in a few minutes after the operation Smith died. His parents live in Lindsay.

SPECIAL NOTICES.

One hundred sets field croquet. Good sound stock. Prices as follows: 4 ball set 75c., 6 ball set $1.00, 8 ball set $1.25. Best value, best stock, at Day's Bookstore.

RYAN, BERKINSHAW & Co. are turning out dresses and mantles equal to anything that can be had in Toronto, as to "fit," "style" and "workmanship." Ryan, Berkinshaw & Co.

Try Loch's unrivalled Teas and Coffees. Careful personal attention given to the blending so as to strengthen and flavour. Italian Warehouse, 89 Wyndham street.

THREE names which are a synonym for perfection in designing, modeling and constructive ability in their respective lines, Miss Todd, Dressmaker at the Lion. Miss Marriott, Milliner at the Lion. Mr. McKenzie, Cutter at the Lion.

Sporting Notes.

CRICKET.

GUELPH VS. GALT.

On Saturday the Guelph Cricket Club suffered their third defeat this season, being worsted by the Galt club on the 1st innings by 12 runs. The visitors drove up from Galt, arriving early. It was a most magnificient cricket day, and Martin had a beautiful crease, though as on the University match it was all in favor of the batters. There was quite a large number of spectators on the grounds, and if the Royal City club will attend to one or two things it will make it more interesting to the onlookers. First, if the wickets are to be pitched at ten, let us have them pitched at that hour, or nearly so, not at 11.30, an hour and a half late. The visitors in the first innings out-bowled, out-fielded and out-batted the home team, and before the next match we hope that a few afternoons in fielding will be indulged in. Some easy catches were missed and the Galt team were lucky, as they never should have got above the half century. The visitors won the toss, and elected to bat, sending Lewis and McMeachen to the wickets, Martin and Fitzgerald bowling for the home team. Both were bowled by Martin, Lewis for a duck egg, McMeachen for 4. Logan and Simpson made a good stand, scoring 32 and 31 runs respectively, Logan's 2 threes, 6 twos and 14 ones was made up of careful play. Simpson as of yore gave a good display of cricket, a drive over the horse sheds for a six, a leg hit for a four, 3 threes, 4 twos, the rest in ones. Strong made 10 runs, the extras, byes 14, making the total 104.

Guelph sent Lockwood and Finlay to the bat, Simpson and Logan bowling. Each made a fine display of cricket and played very carefully, runs coming in slow. Lockwood's 29 before being bowled by Logan, comprised 4 threes, 3 twos, and 11 ones. Finlay's 25 was made up of a six through Curzon stopping the ball with his hat, 1 three, 6 twos, balance in ones. Fitzgerald added 23 runs to the score, 1 four, 3 threes, 3 twos, rest in ones, the others went out in one, two, three order, the total being 92. The bowling was good, Logan and Simpson bowling all through the innings. Logan has 8 wickets to his credit for 39 runs. The Guelph bowling in the first innings was, Martin 3 wickets for 29 runs, and Henry 4 wickets for 22 runs.

Galt followed on the 2nd innings scoring 89, Curzon's 53 being a well played innings.

Lockwood and Guthrie went to the bat to the same bowlers who bowled the first innings. Lockwood made not out 23, and Guthrie for Guelph 30, one wicket for 54 runs, when time was called. If the match had been started at 10 a. m. as stated in the news-papers, 2 innings would have been played, and we have not the least doubt Guelph would have come off victorious.

The Fergus cricket club passed through the city this morning on their way to Berlin where they play the Berlin club today.

BASE BALL.

The Clippers, of Hamilton, (formerly the Athletics) have challenged the Royal Oaks to play a game in Guelph on the 1st of July. On account of the Royal Oaks having to play in Galt that day they are unable to accept the challenge, but are willing to meet the Clippers at any time when satisfactory dates can be arranged. The secretary of the Royal Oaks has received no direct communication from the secretary of the Clippers, but so soon as a correspondence is opened up there is little doubt but a date suitable for both clubs will be decided on.

The master barbers and their employees are playing baseball on the Exhibition ground this afternoon. The game will be interesting from the fact that the nines have decided to dispense with science and play the game on its merits, as done in ye olden days.

The Leafs took another ball from Saginaw Saturday. Score 24 to 4. 10 to 6 the day before was only a draw on.

The Leafs are playing Petrolia to-day and will play Seaforth to-morrow.

The Leafs come home Wednesday.

Tug Dillon has caught the last 4 games owing to "Son" Purvis having a finger broke.

Don't be surprised if we are in the League before long.

The application of the manager of the Maple Leafs for the admission of the club into the International League has been favorably received.

On Saturday afternoon a match was played on the Exhibition grounds between the finishers of Bell's factory and the finishers of Raymond's factory. Bell's men won by a score of 17 to 4. A return match will likely come off next Saturday.

The Waterloo and Elora cricket clubs play in Guelph to-day.

The Guelph lacrosse team play Acton in Acton to-day.

Congregational Union.

OTTAWA, June 11.

The meeting was opened this morning with prayer by the Rev. J. C. Wright and the Union resumed its work at 10 o'clock.

The Membership Committee reported, recommending the following:—

That Revs. W. Cuthbertson, J. W. Pedley, and A. W. Gerrie be received into the Union.

The reception into the Union of the Church at Woodstock, St. Thomas and Hawkesbury.

That a letter of transfer be granted to the Rev. H. D. Powis to the Congregational Union of England and Wales.

That the Rev. C. C. Otis, of Washington Territory, the students of the College, and the Rev. Mr. Burgess be asked to sit as corresponding members.

On motion those recommendations were concurred in.

The Union Committee's report was then read, touching the following points;—

The meeting of the Union at the Capital of the Dominion.

The death of the Rev. Wm. Walker, our Indian missionary, and the Rev. William Burgess of Tilbury. A standing vote was taken.

The meeting of Dr. Wilkes with the Congregational Union of England and Wales.

Ecclesiastical and Ministerial Exemptions—The Union expressing itself strongly in favor of such exemptions.

The receipt of $204 from the executor of the late Mr. Duncan Bain, of Buxton, Kent County, Ontario.

The departure of Rev. W. F. Currie to the mission field of Africa.

The report as a whole was received and adopted.

The Statistical Secretary then read the annual report of the churches. The following is a summary of said report, but is not complete, inasmuch as only part of the churches reported, some nineteen failing to report:—

Number of preaching stations, 99; average attendance, 14234; total under pastoral care, 22,582.

Additions to membership—By profession, 727; by letter, 187—total 914. By losses—By death, 74; by letter, 166; by discipline, 14; dropped on revision, 150.

Present membership—Males, 2,219; females, 3,506; particulars not given, 1,591; total 7,316.

Sunday Schools—Number, 85; officers and teachers, 893; scholars on roll, 7,594; average attendance, 5,668.

Baptisms—Adult, 65; infant, 557.

Church edifices—Number, 85; parsonages, 32.

Finances: Value of church edifices, $575,375; value of parsonages, $43,350; debt on church property, $132,112; balance, $486,613; amount raised for local church purposes, $78,149; union, $461; C. C. M. S., $4,100; C. C. B. N. A., $1,438; foreign missions, $2,018; other denominational objects, $1,091; general benevolent purposes, $2,477; for all purposes, $110,824. Total increase, $5,861.

On the question of exemption from ecclesiastical taxation, a brief discussion was held, and the following paragraph in the annual address was greeted with enthusiasm and adopted: "We are only acting in accordance with our historical position when we raise our protest against the present system of ecclesiastical exemptions. While it may be a matter of discussion whether the building actually used for public worship should be taxable, we would take this opportunity of declaring that we should hail with delight any measure which would, in the case of the ministers of the gospel personally of all denominations, settle the question on the basis of the equality of all men before the law."

The annual meeting of the Congregational College of British North America was held at 2.30. The annual report was read by the Rev. Dr. Cornish, in which he expressed satisfaction with the examinations of the students.

In the award of the exhibitions Joseph R. Unsworth, B. A., and J. P. Gerrie took the Robert Anderson Exhibition of $30 and $20 for second and first year theological course.

The total disbursements on account of housekeeping expenses, including fuel and gas, have amounted to $1,696, whilst the receipts for board have been $1,216. The Endowment Fund now amounts to $23,609, and is well invested. There had been received from all sources $5,648, being a decrease of $638 as compared with last year. The disbursements have amounted to $6,959.

The present year is the jubilee of the Colonial Missionary Society, and the grants from its funds have amounted to nearly $50,000. The Lillie Memorial Fund have $4,750 invested in several securities. The report of the Building Committee was read, in which it was stated that the whole expenditure of the College had been fully met, and that the College was free from debt. The entire cost of the buildings and furnishing amounted to $34,000.

The report of the Provident Fund Society was read as follows:—$10,000 is its net capital; $959 had been received during the past year. There are nine widows and six children still on the fund; whose annuities amount to $1,060. The annuities paid up to date amount to $11,484.

In the retiring ministers' branch the investments show an increase of about $200. The report was adopted.

The Congregational Publishing Company reported as follows:—Over 1,100 copies of the Year Book had been sold, $1,524 had been received from all sources; there was a balance on hand of $124.01. The Canadian Independent had paid its way, and the business connected with the Boston Publishing Company had increased fifty per cent. After receiving and adopting the report the meeting closed.

A public social meeting was held in the lecture room, and was presided over by Rev. John Wood, at which a very enjoyable and pleasant time was spent.

The Evening Mercury

MONDAY EVE'G JUNE 14, 1886.

Starved and Ruined.

In no department of the Dominion administration has more convicting evidence been adduced against the Government than in the treatment of the Indians of the Northwest. Not only has it been proved that in many instances these poor children of the plains have been starved to death, but worse than this, it has been shown that they are ruined physically and morally by licentious Government officials. They are allowed to starve notwithstanding the fact that ample provision for their care and nourishment is made by Parliament annually. One year $1,400,000 was appropriated for this purpose, and last year $1,109,604 was actually spent, but according to Governor Dewdney's own report only $454,000 of this large sum was expended in food and clothing. Surely the Government are blameable for this statement of affairs, as they are also for the more serious charge of the prostitution existing among Indian women, caused by agents, at whose immoral practices the Government wink and connive.

To give all the evidence from one source and another implicating the Government as the chief sinners in this deplorable state of affairs would require many columns of a newspaper. We will only pretend to give some of it briefly.

Archbishop Tache in his memorable letter stated that the Indians were defrauded of great part of what they were entitled to, and that what they did get was thrown to them as if they were dogs. He stated also that some of the farm instructors andother officials treated the Indians with shameful brutality, and that it was endeavouring to protect the men who had thus provoked the hatred of the Indians that two missionaries were killed. Rev. Mr. Cameron, at a meeting of the Presbytery at Brandon, Manitoba, said that some of the officials "treated the Indians like dogs, never speaking to them without an oath." Reliable witnesses state that the clothing supplied to the Indians was so poor in quality that it went to pieces after a few days' wear; yet the the prices charged were enormons. An agent reported in 1882 that the flour and bacon furnished to the Indians were in most cases bad. Much of the flour supplied every year was unfit for human food. Pork sickens the Indian, who is accustomed to fresh beef and game. Bad pork was only given, however, in several instances, and when they offered to take a smaller quantity of fresh meat, Dewdney was said to be interested in the sale of 80,000 lbs of pork, and he told the Indians they would have to eat it or die. This was done not to effect a saving. Beef was about half the price. One missionary stated that pork diet meant death to the Indians. Perhaps the Government gave it with the charitable intention of exterminating them and thereby relieving them from the misery their policy was causing.

Mr. Herchmer reported in 1883 of the Indians at Fort Macleod:—"A great deal of sickness has visited them lately, caused by the want of fresh meat. * *" Beef is life to the Indian; salt pork is death to him. In July, 1885, Mr. Herchmer reported at Oak Biver eleven men have died out of 88 heads of families, and seventeen children under three years, the change of diet being probably the cause. In 1882, Mr. McDonald, Indian Agent, reported that there was great distress in his band, the rations having been suspended for 21 days, and that the Indians were roving or hunting, finding it impossible to work on an empty stomach. On March 14th, 1884, the Moosejaw *News* described the fearful condition of Indians in that neighborhood, who were starving to death and almost without clothing. A warrior lay dead of hunger, and the living were skeletons. In the June following the same paper said that the Indians were dying by scores, partly from semi-starvation and partly from the bad quality of the food supplied by the agents. Mr. Jackson, a member of the Northwest Council, stated as a matter within his own knowledge, that of the Indians on the Indian Head Reserve two per cent. died of starvation within six months. Rev. James Robertson, under date of August 8th, writes, stating that the Indians were actually eating the contents of swill barrels and of refuse heaps. He says: "I have seen Indians eating horses that had died of disease, when the flesh was half rotten. I have seen them picking up the entrails of animals about slaughter houses—when these entrails were fast decomposing—aye, and eating them without cooking, or even washing They may prefer such carrion to good beef, well bled and cool when killed, but I doubt it." Mr. Dewdney himself, addressing the Northwest Council on December 10th, 1884, admitted that Dr. Edwards had reported to him that some of Pie-a-Pot's people had died of starvation; that they were ill and could not eat the bacon and flour. In his report of the present year he makes use of the following language: "The bands implicated in the rebellion were those of One Arrow, Beardy, Okemasis, and part of Petequakey's, in the Carleton district, and the whole of the Indians in the Battleford and Fort Pitt districts, excepting Moosomin's and part of Thunder Child's, the latter refusing to approach the rebel camps until starvation drove him and his followers to do so."

So much for the charge of maladministration in connection with the Indian supplies. But bad as the results of the one, they are nothing in comparison with the equally well authenticated charges against Government officials of all descriptions who have drawn women into a life of shame and degradation. Rev. Mr. McDougall, Methodist Missionary, in an interview with a *Mail* reporter said: "We could not find, nor did we try to find any excuses for the promises made but not fulfilled, for the cut-throat policy of late exhibited and sometimes enforced by officials of the Indian Department, for the shameful and immoral lives of many of the employees of the same. Some of them were a disgrace to the lowest barbarism, let alone civilization." He asks for the appointment of men who will teach the Indians thrift, industry and obedience to the law and who will refrain from licentiousness, blasphemy, drunkenness and laziness.

Rev. Mr. Trivett, also interviewed by the *Mail*, advocated the appointment of married men. He continues:—"Again, put a stop to white men living with Indian women unless they are lawfully married to them. Where are the young girls from 13 to 16 that have been partly taught in our schools; and others before them? Sold to white men from $10 to $20. Where are their children? Running about the reserves wearing rags! Where are the women themselves? They are prostitutes hanging around the towns. Stop the sale of Indian girls to white men, and another great step is taken." The *Mail* also published an interview with Mr. James Grier, who said: "I know any amount of corruption exists in the Indian Department, and I know that many of the officials have one squaw or two. This is a matter of public notoriety." The *Mail* further said that the Indian "is dying a miserable death from whiskey and disease, brought in by those who, with ghastly irony, are called the pioneers of civilization, but who to the Indian are known as the heralds of his physical and moral ruin." Mr. Cameron, of Huron, in his speech on the Indian question in the House of Commons, stated, on the authority of a North-west organ of the Government, that a young Englishman, one of those specially imported by Sir John or some of his colleagues, and provided for at the expense of Canada, was living beneath the shadow of a Methodist mission in open adultery with three young squaws, and that the Government did nothing to put an end to this shocking state of things. Mr. Cameron also showed from the official reports that 45 per cent. of one class of officials in the North-west suffered from a nameless disease in one year. The Rev. Mr. Robertson, in a letter of April 8th, says:—After the frightful disclosures in the Rev. Mr. Trivett's and the Rev. Mr. McDougall's letters, and in the MacLeod *Gazette*, would Mr. Andrews expect easy work in Christianizing Indians? Mr. Andrews must know that venereal diseases are widespread in that region, and are not confined to Indians; that a virtuous Indian woman or one free from disease, is very rarely to be found. With Paul as missionary success could scarcely be expected. Syphilis and spirituality do not associate."

Such revolting disclosures ought to cause Sir John Macdonald to make an effort to stamp out so deplorable a state of things, but he does not seem disposed to bring about a reform. The moral people of Canada should therefore resolve to bring about a better order of things themselves, and since Sir John Mcodonald will not lend the powerful assistance which he might in this direction, then it is their duty to find a Premier and a Government who will.

OTTAWA *Free Press*: The various departments of the public service are allowed to look after themselves, and that too, at a time when the presence of the minister is most needed. The session was not over when Mr. Thompson, Minister of Justice, accompanied by Mr. McLelan, Minister of Finance, were on their way to Nova Scotia to take part in the provincial elections now going on there. Sir Hector Langevin is trying to heal up the political wounds of Quebec, but latest accounts show he is succeeding badly. Mr. Pope now goes to the Eastern townships. Sir Adolphe Caron has just returned from a jaunting tour in Quebec, and will in a few days leave for British Columbia. Mr. Thomas White is stumping it in Cardwell, and Sir Alexander Campbell is on a tour in Europe. The Premier is incapacitated from duty owing to ill health, and as for Mr. Costigan he has been more or less out of gear ever since he betrayed his countrymen by opposing Home Rule in the House of Commons. With the exception of a trip to Toronto in the interest of the Orange Order, Mr. Bowell has been pretty steadily at the helm. The same thing may be said for Mr. Carling. As for Mr. Chapleau he is, as is generally the case, between here and Quebec. Altogether the Cabinet is allowing the business of the country to look after itself.

LADIES, READ THIS.

Better Know Nothing than Know what isn't so

Was remarked by a celebrated American humorist, and if truth was ever spoken in jest it was then, but when that *knowledge* which is not knowledge, but ignorance, is at the same time none of your business, it is then doubly important that it should be confined to the inmost recesses of one's own breast.

We are not careful to deny the wholesale charges made by a certain firm against the Dry Goods trade of Guelph. We leave it to the public to judge who is in the best position from their business experience, their knowledge of the market and their financial standing to go to the "fountain head of production," and pay cash for their goods. With these few remarks we proceed to more congenial topics.

Our Market Days.

We are sorry to tate that our Wednesday Market has not fully realized the expectation of those who were the means of having the days changed. At the same time, we see a great and growing improvement, now we have TWO market days, then we had only one (Saturday), although nominally we had three. Of course we do not expect to see the Wednesday market reach the proportion of Saturday's at a bound, but we should reasonably look for its steady growth, until it is very nearly equal in the volume of business done. We think here is a matter for both rural and city population to consider.

It must be a great advantage to our citizens to do their marketing on two days of the week rather than buying supplies to last from Saturday to Saturday. If the population of Guelph would recognize the fact that they can be supplied on Wednesday, and come out with that expectation it would be the means of bringing many farmers to the city who do not come on Saturday, because there is such an over supply that day that they cannot sell their produce. If on the other hand the farmers would bring in their produce on Wednesday, the people would soon form the habit of marketing on that day, and the supply being distributed over the week, the amount thrown on the market not being so great in one day, it would be more easily disposed of at reasonable rates.

As an inducement to bring this state of things about, we will for the next few months, offer special inducements to purchasers on Wednesday,

AT THE LION.

J. D. Williamson & Co.

Congregational Union.

The following is a synopsis of the address of the president, Rev. D. McGregor, M.A., Guelph, delivered before the Congregational Union in Ottawa, on the morning of the 10th instant :—

After referring to the pleasure they felt at being once more permitted to gather after another year's work, he said :—It is fitting that reference should be made to the fact of this being the first time the union has met in the Capital of our Dominion. As from this city the words of lawmakers go forth to the remotest corners of the land, so now may the gospel of love and sympathy be so proclaimed in our assembly, so that its sound may reach our common brotherhood everywhere, and its sweet cadences keep time with the rippling notes of the Pacific, on the one side, and the hoarse sound of the stormy Atlantic on the other. But let no outsider for a moment suppose that we have come to Ottawa at this time, to take our first lesson in ecclesiastical law making, or to draw up a code of laws for the better government of our ministers and churches. Whatever inspiration the sight of the parliament buildings may give us, it will not certainly be in this direction for we are not to the "manner born." If any present had a longing for the passing of coercive measures, for the regulation of their churches, he sincerely hoped they would recover from such mental hallucination, before the final vote was taken upon such measures as the genius of Congregationalism was liberty and its governmental issues before the world "Home Rule" and "Universal suffrage." (Applause). As a union they gave and took advice *ad libitum*. His subject, he said was more especially "The church in the world" and "the world in the church." The doctrine of the church to-day was one of earnest discussion both on the platform and in the public prints. This discussion, instead of lessening, would rather grow in intensity and interest until the position, character and authority of the church was rightly understood. In the first place, the church had a representative mission. In his idea, there were implied in this mission representation, choice, qualification and responsibility. The chosen and qualified representative of any interest would be anxious not to misrepresent that interest. The sense of responsibility would be felt in proportion as he realized the possibility of his jeopardising the cause he represented by unfaithfulness, or by the contribution of a temporizing, truckling spirit. The position of the prime minister was referred to, and showed that the want of appreciation on his part of his responsibility may involve the country in the most serious consequences. Honor was also implied in the same idea. The incumbent of certain representative positions was addressed as "the honorable," even though the style of address might do violence to the code of morality. It was an honor to represent one's country or city or fellow countrymen. He then proceeded to show that the members of the church were responsible, from their very profession and should occupy the most honorable and responsible positions in this world. The church had to represent God and the Divine ideal of Christian and social life. It had also a social mission, which necessitated its being deeply interested in all the moral and social movements of the day, and it must also bring to bear up in the discussion and final settlement of all social questions, the full weight of its own moral influence. The church must be actually engaged in the attempt to shape all movements, so as eventually to promote the highest welfare of society at large. The social condition of the world at the present time loudly called for action on the part of the church. Respecting the political question, he said, that if politics had to do with the peace, improvement and general moral and temporal prosperity of the people, then the church ought to make its powerful influence felt in all political movements of the age. Some of the laws were glaringly unjust and grievious to be borne, and as Christians they were not to submit to such a yoke. He asked, where under the whole heavens, was the statute book, framed by man, concerning every law, of which it could be said, that it was just and right and true. Laws were enacted which were inspired of hell, though framed by man and passed by parliament. It might be said without fear of a successful contradiction, that "for ways that are dark and tricks that are vain" the average politician "is peculiar." (Applause.) The various Christian associations, such as the Y. M. C. A., etc., were not separated from the churches, but really should be taken under their care. The reverend gentleman treated eloquently and at length on the missionary work and internal church work, and concluded amid enthusiastic applause.

Fires in the Month of May.

During the last eleven years, the damage done by fire in Canada and the United States in the month of May has averaged $8,000,000. In May, 1886, the loss was about $7,000,000, indicating an improvement of about $1,000,000 on the May average. This is to a certain extent encouraging, when taken as a whole, but the saving has not been in Canada, which stands ahead of the average through the $350,000 fire in Hull, Quebec. Only one conflagration—that in Chicago, which destroyed $1,000,000 of property—took place during last month. The current year, so far, is ahead of 1885; for, up to this time last year, the aggregate fire waste was $44,000,000; whereas, for the first five months of 1886, it is $44,150,000. Insurance experts say that all their researches tend to but one conclusion; that to sheer carelessness on the part of occupants of property can be traced the large majority of the fires recorded. How to secure a reform is the difficulty.

The Dairy Interests of Quebec

The Montreal *Journal of Commerce* says: In his report on the dairy interests of the Province of Quebec for 1885, the Government Inspector gives the result of his inspection of 45 factories; 13 creameries, 29 cheese factories and 3 butter and cheese factories combined. The report is on the whole unsatisfactory, and shows a lack of enterprise on the part of butter and cheese makers; in a great many establishments the product is not what it should be as regards quality. The creameries are proportionately in better condition than the cheese factories. Thus, in the 13 visited, nine were found well kept, and four were more or less in bad shape; whilst out of the 29 cheese factories, hardly 16 were found in proper order, leaving a balance of 13 where the cheese turned out was defective. In the combined butter and cheese factories the butter is well made, but the cheese is not altogether first-class. The causes of defective manufacture are numerous. One of the principal, however, is bad or improperly handled milk. Through the want of knowledge and lack of superintendence on the part of the maker, much cheese is made from bad milk, and most of the poor cheese turned out is due to this cause.

DESIRE to thank the Public for their princely patronage since taking over the Dry Goods business of MESSRS. JOHN HOGG & SON.

We are pleased to know that the public are appreciating our efforts to furnish them with *Good Honest Reliable Goods* at *Moderate Prices*. We do not say that we sell without a profit, nor do we say that we sell at a less profit than other Houses, although our prices in many cases have been less. Profits to-day are not any higher than they ought to be, but the trouble with a great many Houses, is, that they are not in a position to buy right, and the result is, when they mark their goods with only the ordinary profit added they are then too high. Men to-day, to make the Dry Goods Business a success must reach (as near as possible) the fountain head of production. Yes, and have the money when they get there, for the old way of buying on four and six months, and then renewing the paper, is but a shorter way to failure. The time is fast approaching when to make a success of the Dry Goods trade men must pay cash or buy on very short time, know where to buy, and as well thoroughly understand every line of goods they handle. Our facilities to-day are such as to enable us to sell *Good Honest Reliable Goods* under ordinary Houses, and then make as much profit. Being Direct Importers we save the middle man's profit, and as well in almost every case we have paid *Spot Cash* for our Goods, not even taking thirty days. By so doing we have made a large saving in the way of discounts, which puts us in a position to sell our goods just that much less than the man who is compelled to take time and lose the discount, and then another advantage we have over some other merchants, is that we do not own the store that we occupy, as we find it a profit to us to allow someone else to own the building, and we pay them about 4 per cent. on the money invested rather than have the place in our name with a large amount borrowed on it at 6 or 7 per cent. Now notwithstanding the fact that some Houses in the trade have talked loud about the amount they have imported this spring, we are in possession of information which enables us to know for a fact, that not more than five cases of goods have been imported from England, Ireland or Scotland this spring, by any other House in Guelph, not even by the House that has talked so much about "Importing," "Paying Cash," and a lot of other nonsense. While our importations have been moderately large this spring (about five times as much as all the other Houses combined), yet it is a small amount compared with what it will be this fall. Our Mr. Ryan will leave for the English Market by the "Aurania," July 10th, from New York.

GLADSTONE'S MANIFESTO.

An Appeal to the Electors of Midlothian.

Scotland Asked to Support Home Rule and Condemn Coercion.

LONDON, June 13.—Mr. Gladstone has issued the following manifesto to the electors of Midlothian :

"Gentlemen,—In consequence of the defeat of the bill for the better government of Ireland, the Ministry advised and Her Majesty was pleased to sanction the dissolution of Parliament for a decision by the nation of the gravest and likewise the simplest issue that has been submitted to it for half a century.

"It is only a sense of the gravity of this issue which induces me at a period of life when nature cries aloud for repose, to seek, after sitting in thirteen Parliaments, a seat in the fourteenth and with this view to solicit for the fifth time the honor of your confidence.

"At the last election I endeavored in my addresses and speeches to impress upon you the fact that a great crisis had arrived in the affairs of Ireland. Weak as the late Government was for ordinary purposes, it had great advantages for dealing with that crisis. A comprehensive measure proceeding from that Government would have received warm and extensive support from the Liberal party, and would probably have closed the Irish controversy within the present session and have left the Parliament of 1885 free to prosecute the now stagnant work of ordinary legislation, with the multitude of questions it includes. My earnest hope was to support the late Cabinet in such a course of policy.

"On January 26 last the opposite policy of coercion was declared to have been the choice of the Government, the Earl of Carnarvon alone refusing to share in it. The Irish question was thus placed in the foreground to the exclusion of every other. The hour as all felt was come, the only point remaining to determine was the manner in which it was to be dealt with.

"In my judgment the proposal of coercion was not justified by facts and was doomed to certain and disgraceful failure. Some method of governing Ireland other than coercion ought, as I thought, to be sought for and to be found. Therefore, I viewed with regret the fall of the late Cabinet, and when summoned by Her Majesty to form a new one I undertook it on the basis of an anti coercion policy with the fullest explanations to those whose aid I sought as colleagues, when I proposed to examine whether it might not be possible to grant Ireland a domestic legislature and maintain the honor and consolidate the unity of the Empire. A Government was formed and the work was at once put in hand.

You will now, gentlemen, understand how and why it is that the affairs of Ireland, and not for the first time, have thrust aside every other subject and adjourned our hopes of progressive and useful legislation. As a question of the first necessities of social order it forces itself into the van.

The late Cabinet though right in giving it that place, were, as we thought, wrong in their manner of treating it. It was our absolute duty in taking the Government if we did not adopt their method, to propose another. Thus, gentlemen, it is that this great and simple issue has come upon you and demands your decision. Will you govern Ireland by coercion, or will you let Ireland manage her own affairs?

"To debate in this address this and that detail of the lately defeated bill would only be to disguise this issue, and would be as futile as to discuss the halting, stumbling, ever shifting and ever-vanishing project of an intermediate class which have proceeded from the seceding Liberals.

"There are two clear, positive intelligible plans before the world—there is the plan of the Government and there is the plan of Lord Salisbury. Our plan is that Ireland should under well considered conditions, transact her own affairs. His plan is to ask Parliament to renew repressive laws and enforce them resolutely for twenty years, by the end of which time he assures us Ireland will be fit to accept any government in the way of a local government on the repeal of the coercion laws you may wish to give her. I leave this Tory project to speak for itself in its unadorned simplicity, and I turn to the proposed policy of the Government.

Our opponents, gentlemen, whether Tories or seceders, have assumed the name of Unionists. I deny them the title to it. In intention, indeed, we are all Unionists alike, but the union they refuse to modify is in its present shape a paper Union obtained by force and fraud, and never sanctioned or accepted by the Irish nation. They are not Unionists, but paper Unionists. True union is to be tested by the sentiments of the human beings united. Tried by this criterion we have less union between Great Britain and Ireland now than we have had under the settlement of 1782.

Enfranchised Ireland, gentlemen, asks through her lawful representatives for the revival of her domestic legislature—not, on the face of it, an innovating, but a restorative proposal. She urges with truth that the centralization of Parliament, has been the division of peoples. But she recognizes the fact that the Union, lawlessly as it was obtained, cannot and ought not to be repealed. She is content to receive her legislature in a form divested of prerogatives, which might have impaired her Imperial interests, and better adapted than the settlement of 1782 to secure regular control of her own affairs. She has not repelled but has welcomed the stipulations for the protection of the minority.

"To such provisions we have given and shall give careful heed, but I trust Scotland will condemn the attempts so singularly made to impart into the controversy a venomous element of religious bigotry. Let her take warning by the deplorable riots in Belfast and other places in the north.

Among the benefits, gentlemen, I anticipate from your acceptance of our policy are these:—The consolidation of the United Empire and great addition to its strength; the stoppage of the heavy, constant, and demoralizing waste of the public treasure; the abatement and gradual extinction of ignoble feuds in Ireland, and that development of her resources which experience shows to be a natural consequence of free and orderly government; the redemption of the honor of Great Britain from the stigma fastened upon her almost from time immemoral; the respect of Ireland by the judgment of the whole civilized world; and lastly, the restoration of Parliament to its dignity and efficiency, and the regular progress of the business of the country.

"Well, Gentlemen, the first question I now put to you is: How shall Ireland be governed? There is another question behind it and involved in it: How are England and Scotland to be governed?

"You know how for the last six years especially, the affairs of England and Scotland have been impeded and your Imperial Parliament disorganized and disabled. All this happened while the Nationalists were but a small minority of the Irish members, without support from so much as a handful of members not Irish. Now they approach ninety and are entitled to say, 'We are speaking the views of the Irish nation.' It is impossible to deal with this subject by half measures. They are strong in their numbers, strong in British support, which brought 313 members to vote for their country; strongest of all in the sense of being right.

But, Gentlemen, we have done our part, the rest remains for you. Electors of the county, may you be able to see through and cast away all delusions; refuse evil and choose good.

I have the honor to be, gentlemen, your faithful and grateful servant,

W. E. GLADSTONE.

The Liberal Council of Rossendale by an enormous majority has passed resolutions of confidence in Mr. Gladstone and opposing the candidature of the Marquis of Hartington.

It is stated that Parliament will be dissolved the 24th inst. and that the writs for the new elections will be issued on the 25th.

Lord Salisbury addressed an immense meeting of the Primrose League at Hatfield on Saturday.

Earl Carnarvon replies to Mr. Parnell still denying the construction which the latter placed upon their interview regarding Home Rule.

Joseph Arch and Joseph Leicester, Liberal Members of Parliament, on behalf of the labour element of the House calls upon the sons of toil and artizans of England to support Gladstone.

At a meeting on Saturday of 8,000 citizens of Melbourne, Australia, resolutions were unanimously passed thanking Mr. Gladstone for his wise and generous policy for removing the unhappy difference with Ireland: deploring the adverse vote of the House of Commons, and trusting that that vote would speedily be reversed after the coming elections.

Sermon to Foresters.

Last evening the Ancient Order of Foresters, to the number of about 80, assembled in their hall above the old Bank of Commerce, Market Square, and marched in a body to Knox Church, to listen to a special sermon to be preached to them by the Rev. R. J. Beattie, pastor. On the dais and in front of the choir, were flowers of all sizes and grades, from massive lillies down to minute geraniums. Around a portion of the galleries and on the wall behind the pulpit, evergreens were tastefully twined, and these also were arranged around the gas chandeliers. The perfume around the pulpit and throughout the church was exhilarating, and would have rivalled a more noted climate for its exotics than ours. The flowers were exquisitely arranged and betrayed the taste of female hands. It would require Flora herself or the assistance of her guide, to describe in detail the various kinds of flowers. After singing by the choir, under the leadership of Mr. Hugh Walker, the Rev. Mr. Dewey, Quebec, offered up an earnest prayer, followed by the reading of a portion of Scripture by the Rev. Mr. Patterson.

The Rev. Mr. Beattie chose for his text the last chapter of Hebrews, the 1st and 3rd verses:—"Let brotherly love continue. Remember them that are in bonds, as bound with them; and them which suffer adversity as being yourself also in the body." The precepts laid down in the text were shown to be precepts that should be observed by all Christians, and in this brotherly love was set down the social duty of man. From the command let brotherly love continue it was assumed that it was in existence, and that it had to be kept in continuous exercise. In the second verse was shown the benevolent aspect of brotherly love, and in the third complacency of brotherly love, which is the practical view of it. The preacher in graphic language pointed out the weighty reasons why the precepts of the text should be observed, and if charity, which was love, reigned in our hearts, they would be observed. Brotherly love grew out of the fraternal relations which exist between men. We were all creatures of the same necessities, and depending to a great extent on each other. He then spoke of the different kinds of ties, such as color, tribe, tongue, nationality, political creed, etc., setting forth that if we would learn the whole lesson of brotherly love, we must not limit ourselves to certain bounds. Our sympathy must be extended to all men, for all men were our brethren, and it must also be allowed to operate towards friend and foe, thus following out Christ's example, who prayed for the forgiveness of his enemies when on the cross. Brotherly love was to be exercised towards all men—the evil and the good. God exercised his mercies to all alike, made his sun to shine on the evil and the good alike, and we should follow His example. We had not only God's word for this, but his command. Love was the fulfilment of the law. Attention was then drawn to the world of happiness that would be derived from relieving the poor, assisting the needy and comforting the distressed. The members of the society were in a sense missionaries, and had a field of their own to work in, on their right hand and on their left. It was explained that the highest kind of brotherly love could only exist in Christianity and the perfection of this love was heaven. We should look forward to that place of blessing, and the time when we would no longer walk by faith but by sight. So much as we develope brotherly kindness we have so much heaven on earth. The sermon throughout was earnest and practical, and was listened to with much interest. At the close of the service a collection was taken up in aid of the general hospital.

Now Open for the Season

Preston Mineral Baths.

AND

SUMMER RESORT

BEAUTIFULLY situated in the County of Waterloo, on the G. W. R., three miles from Galt, twelve miles from Guelph and eight from Berlin.

The hotel attached to this favorite summer resort has been recently enlarged and fitted up with an especial view to the comfort of guests and invalids. Beautiful lawn, capacious billiard parlor and croquet grounds.

The Arcadian Mineral Spring has proved of great benefit to invalids suffering from Gout, Nervous Debility, Diseases of the Stomach Liver and Kidneys, but more especially Skin Diseases.

Sufferers from Rheumatism will fin that using these waters will almost effect a cure. New baths have been added this season.

Mr. H. Rcat, former Manager, has resumed his responsible position, and will be pleased to welcome his old friends.

Terms moderate. Omnibus to all trains.

Tickets to the Baths and return good for days from all stations on the G.T.R.

C. KRESS, Proprietor

m11d1f Preston Ontario

BEWARE

OF WORTHLESS IMITATIONS

As there are many inferior goods, corded with jute, hemp, etc., offered and sold as Coraline by some unprincipled merchants trading on the reputation of our genuine Coraline, we warn the ladies against such imposition by drawing their attention to the necessity of seeing that the name

'CROMPTON CORSET CO.'

is stamped on inner side of all Coraline goods, Without which none are genuine.

THROUGH WONDERLAND WITH LIEUTENANT SCHWATKA.—The Northern Pacific Company, with their customary enterprise, have just published a beautifully illustrated and handsomely printed description of the country traversed by that railway with Schwatka's Alaska and the inland passage. The Northern Pacific is the road which goes directly to the famous Yellowstone Park, with its scenery and geysers and hot springs as found no other where, and which also gives the traveller the benefit of the scenery of the Columbia and the Pacific Slope. For a free copy of this little work, valuable for its own sake, or for detailed information of the Northern Pacific, write James E. McDougall, Travelling Passenger Agent, 154 St. James street, Montreal, or Chas. S. Fee, General Passenger Agent, St. Paul, Minn.

WELLINGTON BOYS ABROAD.—The Chicago *Canadian American* has the following on a couple of Fergus boys now residing in the garden city of the west: John R. Steele, whose home is Fergus, Ont., is now with the Wheeler & Wilson Sewing Machine Company. Mr. Steele is said to be the most valuable employee in the service of the company, especially in the capacity in which they usually place him. Mr. A. J. Teevin, who is from Fergus, has been forced to increase his staff of workmen and several new chairs have had to be purchased to accommodate his large and increasing trade. He has the finest shaving parlors on the West Side and is very popular among the gentlemen who visit his parlors.

Drab shell, light coloured Felt Hats, Manilla, Mackinaw and Straw Hats, Pith Helmets in great variety at Shaw & Grundy's.

For refrigerators, wire dish-covers, wire cloth, hose, sprinklers, mangles or fishing tackle, call on John M. Bond & Co., Guelph.

Handsome goods at Nelles' City Bookstore. Our place is full of new, nice, cheap goods for the trade. Call and see them.

FRESH strawberries, tomatoes, cucumbers, pine apples, bananas, etc., at George Williams', 81 and 83 Upper Wyndham street.

THE phenomenal June Mark Down Sale now going on at Hughes', 33 Lower Wyndham St.

New wall paper, borders and decorations at the City Bookstore, and all the praise they require is to say we have a larger stock, nicer goods and cheaper prices than last year, and we astonished people last year. Come and see them before buying. J. A. Nelles.

Children's carriages, new, stylish and cheap, at Nelles' City Bookstore. Don't be misled. You get the best value in the city from J. A. Nelles.

Try Loch's unrivalled Teas and Coffees. Careful personal attention given to the blending so as to strengthen and flavour. Italian Warehouse, 89 Wyndham street.

THREE names which are a synomym for perfection in designing, modeling and constructive ability in their respective lines, Miss Todd, Dressmaker at the Lion. Miss Marriott, Milliner at the Lion. Mr. McKenzie, Cutter at the Lion.

Local News.

THE Caledonian Society meet to-night at Ellis' hotel at 8 o'clock.

MR. J. RAINER shipped to-day two of his celebrated pianos for Toronto.

MR. F. H. MACPHERSON, manager of the Beeton *World*, has taken to himself a better half.

THE Miracle of the Roses will be performed in Our Lady's Church again to-night.

ROYAL Lodge No. 60, A.O.U.W., will on Friday night unveil a tablet dedicated to the memory of their late Bro. Benjamin Fairley.

A CONTEMPORARY remarks; "The commencement season has now fairly begun." This is better than to say that the begunment season has now fairly commenced.

"ELLA, say good-night to the governess and give her a kiss." "No mamma, I don't want to kiss her.', "Why not?" "Because she'll box my ears. She did papa's.

MR. W. W. GOODALL, of Galt, clipped from 9 sheep this fall, 79 lbs. of wool. Five of these were three year old and four year old Shropshire Downs, four of them being imported and five from imported stock.

THE farmers say that they fear the potato bugs will do a great deal of damage this season. Already large numbers are on the warpath and it is thought that in order to prevent any damage active steps should be taken at once.

MR. JOHN HOOPER, blacksmith, left Guelph this morning to sail by the Dominion Line steamer Vancouver for old England. This is the first holiday that Mr. Hooper has had since the Fenian Raid, and he is certainly entitled to one now.

A LADY whose name is not ascertained caught her foot in a defective plank at the crossing which covers the drain leading from Yarmouth to Norfolk street, near the coal yard and received a bad fall. This is a nasty place and should be looked after.

MR. WM. CRAWFORD, one of the men employed by Mr. James E. Merlihan, preparing his union garden, on the property once occupied by Sheriff Gow, near Gow's bridge, had the little toe of one of his feet cut off this morning through a misdirected blow while pointing a post.

Mr. J. R. COOK, of Garafraxa, met with a rather severe accident on Monday last. On driving to Orangeville the horses were frightened near the railway crossing, in the west end, and running away upset the driver out of the democrat wagon and the plow on top of him.

THE London *Free Press* says:—"Mr. G. A. Gustin has purchased the hotel property of Mr. J. Biggins, on Richmond street, north, and will conduct the house in future." The above named gentleman is brother-in-law to Mr. Joseph Soper of the European hotel, Guelph, and is well known here, having been for some time clerk of the European.

PRICE OF GAS.—In mentioning the change in the price of gas yesterday the discount was stated at 50 per cent. It should have been 20 per cent or 50 cents per 1,000 feet, making the net, after deducting discount, $2. It is to be hoped that this concession to the public will result in a large increase in the Company's customers and business. The meter rents are equal to a reduction of 15 cents per 1,000 feet.

A CREDITABLE PAPER.—The last issue of the Goderich *Signal*, in addition to the usual amount of local and other reading matter, contained a vast amount of matter descriptive of Goderich as a summer resort and otherwise, and altogether it was a most creditable paper and reflected well upon country journalism. It also contained a double column poem by Thomas McGillicuddy of the *Signal*, entitled "The Huron's Bride," an Indian legend of the "Healing Waters," the ancient site of Goderich, which forms a very attractive feature of the paper.

GRAND LODGE I. O. G. T.—The 32nd annual session of the Ontario Grand Lodge I. O. G. T. will be held on Tuesday next at Stratford. The Hon. J. B. Finch, R. W. G. T., has promised to be present. F. S. Spence, G. W. C. T., has promised to bring before the session a scheme for the organization of district lodges, a proposition that the per capita tax be shared between the Grand and District lodges, that delegates be paid out of the Grand Lodge funds, and that arrangements be made for a Grand Lodge lecturer to visit each subordinate lodge at least once a year. The representatives from Beaver Temple are Robt. McDonald, Wm. Graham and Fannie Penfold.

SCIENTIFIC OUTING.—It has been proposed that the members of the Guelph Scientific Society make a trip to Elora, Tuesday next, 22nd inst. Owing to the inconvenient time at which the trains leave Guelph, it is necessary to make special arrangements. In order to do this all intending to accompany the party are requested to leave their names at Mr. Day's bookstore or with Mr. Panton before next Saturday forenoon. If this is not attended to it will be impossible to complete satisfactory arrangements. The company will leave about 8:30. The fare for round trip will not exceed 45 cents. Further notice will appear in the papers Saturday or Monday. This will afford an excellent opportunity for the study of Botany and Geology.

FAREWELL SOCIAL.—On Monday evening there was a large gathering of the members of the Young People's Union and others, in the Dublin street Methodist church, to do honor to the Rev. J. H. Carson, who is leaving Guelph for Stratford. Large tables were erected, tastefully decorated with flowers, on which was spread a lot of delicacies, and ice cream and lemonade was dispensed to all who wished to partake of those cooling beverages—and the evening being excessively hot the tables were liberally patronized. Readings and music were given in excellent style by members of the Union. The most interesting feature of the evening was the presentation of an address and purse to Mr. Carson. The address referred to the valuable services Mr. Carson had rendered the Union as well as the Church during the past year, and regret that they were now to lose one who had contributed so much toward making the Union a success, and expressed hopes for his future welfare. Mr. Carson responded in a felicitous manner, thanking the friends for their kind address and handsome purse, which he hoped was well filled. Rev. Dr. Griffin followed in his usual happy manner, and after the company singing "We'll all gather home in the morning," the meeting closed with the benediction by the Rev. J. W. Cooley. We understand the purse contained about $60.

THE 30th Wellington or Jumbo Rifle Batt. are relieved from drill this year.

THE thermometer at noon to-day registered 20° in the shade. One degree higher than yesterday.

MR. JOHN CROWE received this week 200 tons of pig iron from Britain, and Mr. Chas. Raymond received to-day 100 tons of the same metal.

MR. ROBT. GEMMELL, express agent here, left to-day for a short trip to the Old Country. His many friends wish him a pleasant voyage.

CITIZENS would greatly improve the appearance of the streets if they would take the trouble to cut the long grass on the boulevards in front of their residences. Now is the time to do so.

LIEUT. COL. ARMSTRONG passed a bad night and is not so well to-day. There is little improvement in the condition of Mr. W. S. G. Knowles, while Prof. Philp is gradually getting better.

A FULL meeting of the Fire Brigade is requested to-night for practice. Two streams will be in operation at the corner of the Wellington, and also two from the hydrant in front of the English Church.

MR. DAVID KENNEDY, formerly of Guelph Township, a well known resident of this locality, has purchased a fruit farm near Bronte, where he intends to reside in future. He leaves Guelph this week for his new home.

THE house of Mr. Samuel Tweedy, 5th line, Amaranth, was destroyed by fire about noon on Sunday. The origin of the fire is unknown, and Mr. Tweedy's loss will be heavy, there being only a slight insurance on the building.

GOLD IN AMARANTH.—Mr. McBride, of Amaranth, thinks that he has discovered gold equally as rich as the find in Melanchton. Mr. McBride discovered the precious metal in one of the Government drains. His neighbors say that he is quite elated over his prospects.

PROVIDE a fund of $5 a week for yourself in case of sickness at a cost of 25 cents a month when well, and $1,000 for your family at your death at a cost of 50 cents a month when living. The Royal Templars provide the means for you to do this. Attend their meeting in the Norfolk street Methodist Church to-night. d1

GEO. COGHLIN for the past few days has been travelling through the country buying sheep for Mr. Brown, of Galt. To day a number of carloads will be shipped to Montreal and from thence to the old country market. The sheep purchased are first-class in every respect, and were bought at good prices.

POLICE COURT.—Adam Hamilton was on Monday morning charged by Jon. Kelly with disorderly conduct during the services of the Salvation Army at their barracks on the 6th of June. He pleaded not guilty by his counsel, Mr. W. H. Wardrope, and upon the evidence being gone into, the case was dismissed by His Worship.

THE TORONTO MUSICAL FESTIVAL.—This monster affair begins this evening with a performance of Gounod's Mors et Vita, and to-morrow there will be a matinee and in the evening a performance of Handel's colossal work, Israel in Egypt. Cheap rates bo the G. T. R. are to be had, and all lovers of good music should take in the festival. A number of Guelph musical talent leave this evening on the 5.15 express for the purpose of taking in the festival.

COLLEGE CONFEDERATION.—At Monday's meeting of Toronto Conference of the Methodist Church, it was resolved to pass the question of University Federation on to the General Conference, without any discussion. A motion was also adopted commending the principle of the sustentation fund schemes proposed by Rev. Dr. Sutherland and Rev. James Gray to the favorable consideration of the General Conference.

THE PALMERSTON BANK AFFAIR.—The facts in connection with the recent attempt to rob Scott's bank in Palmerston are still fresh in the minds of the public. The prisoner Benjamin C. Briggs, charged with the offence, is now lying in the County jail. Yesterday he was brought before His Honor Judge Drew on the charge of assaulting Bert Boomer, the teller of the bank, and also of attempting to rob the bank. The prisoner pleaded guilty. The Judge remanded him until the 28th instant for sentence. Mr. A. M. Clarke, Palmerston, appeared for the prisoner, and Mr. H. W. Peterson for the Crown.

NEARLY DROWNED.—Last evening a young man employed in Worswick's machine shop had a narrow escape from drowning in the Speed in rear of Mr. Robt. Parker's carriage works. He went into the river with the idea of having a bath, but got beyond his depth. He was seen floundering around by other bathers who took little notice of the man at first, being under the impression that he was ducking himself to wash the soap from his head. When he went down the third time, a cry was raised that there was something wrong. Mr. Fred. Evans who was near by swam to the spot, and was deliberating whether to dive for the man or not, when he arose again to the surface, and made a grab for Mr. Evan's arm. That gentleman, being an expert swimmer, eluded the grasp and dexterously pushed the half unconscious bather to shallow water, and with assistance got him safely landed. The young man was very sick for some time afterwards having swallowed quite a quantity of water.

A DARING TRICK.—The Brampton *Times* says:—One day this week a number of boys of the town were playing on the Grand Trunk Railway track, and through some mishap a quarrel ensued, ending in one of the boys about 14 years of age taking hold of another about 11 years and laying him across the track and holding him there until a freight train that was coming up approached within but a few yards of him. The engineer seeing the perilous position of the boy whistled on brakes, whereupon the daring scamp pulled the boy away just in the nick of time, for one minute longer and the boy would have been run over and probably killed. The younger boy was so frightened that he became so weak he could not struggle, and after getting home vomiting from the stomach set in, and lasted some time, caused by fright. Had the elder boy made a mis-step in the act of pulling him away no doubt the younger might have been killed. This act is deserving of punishment by law.

BE sure to attend the free entertainment under Royal Templar auspices in the Norfolk St. Methodist church, to-night. See programme in another column. d1

Foreign.

The Comte de Paris will settle in England.

It is expected that Bulgaria and Roumelia will unite.

Seven hundred rioters have been arrested at Perth, Hungary.

Lord Carnarvon has published a letter replying to Mr Parnell.

It is said the Imperial Parliament will be dissolved on the 24th instant.

The revenues for the coming fiscal year of Spain are estimated at about 940,000,000 pesetas.

Severe storms with much damage to property and loss of life are reported in France.

Summonses have been issued against several gentlemen at Armagh, Ireland, for illicit distilling.

A hundred natives and ten English speaking people lost their lives through the eruption of the volcano of Tarawera.

The coroner's jury in the case of a Belfast riot victim has returned a verdict of wilful murder against the police.

Mr. Gladstone has arranged to supplement his manifesto by speeches at Edinburgh on Friday and Monday next, and at Glasgow on the following Wednesday.

The once famous steamer "Great Eastern" will have her engines taken out at Liverpool before going to Gibraltar to end her days as a coal hulk.

The death of King Ludwig will greatly strengthen the Catholic party in Germany, and materially assist a complete settlement between the German Empire and the Vatican.

The coroner's jury in the case of Mr McKenzie, the American vice-consul at Dublin who killed himself on Friday after trying to kill his wife, rendered a verdict to the effect that he was insane.

Mr Gladstone has gone to spend a holiday at the country seat of George Granville Leveson Gower, nephew of Earl Granville, at Dorking, in Surrey. He will return to London to-morrow.

On hearing that the French Chamber of Deputies had passed the Expulsion Bill, Prince Jerome Napoleon (Plon Plon) exclaimed: "I shall soon return to save those who proscribed me from being guillotined by their friends to day."

At the Pavilion Theatre, Hastings, England, on Saturday, while "The Shaughran" was being produced, one of the spectators fainted when "Con" fired the gun. An alarm of fire was given and the audience, numbering 1800 persons, became panic stricken and rushed for the door. A number of women fainted and were crushed, but no lives were lost.

The British Postoffice Department has notified the steamship companies of the trans-Atlantic trade that the existing contracts for the American mail service will be renewed after the expiration of December 1. The new arrangement announced provides for a monthly or quarterly arrangement with the most efficient vessels and payments per voyage on a basis of actual amount of mail matter carried.

Sporting Notes.

BASE BALL.

Yesterday afternoon the master barbers and employees met on the Exhibition dround and after a few hour's hard work the employers were defeated by a score of 30 to 16.

The Leafs play Seaforth to-day.

The boys will be accorded a hearty welcome when they arrive. They deserve it.

At Petrolia yesterday the Maple Leafs defeated the club of that town by a score of 18 to 4.

G. W. Bradley, who played with the Leafs last season, has been released by the Rochesters.

President Sleeman is endeavoring to arrange a game with the Philadelphia League team fer Tuesday next.

Yesterday the games of the International League resulted as follows:—At Oswego, Oswego 1, Utica 4. At Rochester, Rochester 21, Buffalo 1. At Syracuse, Syracuse 13, Binghamton 1.

Syracuse now leads the League with 19 games to their credit and 6 lost. Toronto second with 15 won and 10 lost. Rochester is pushing them hard for second place, while poor Hamilton occupies fifth place.

This is what the *Canadian-American*, of Chicago, says about us:—"Guelph is still the best baseball town for its size in the world. Watkins, the manager and organizer of Detroit's great ball team, is an old Guelph player.

LACROSSE.

Last evening the Guelph Lacrosse Club boarded the 5:15 G. T. R. train going east for Acton to play a game with the club of that town. The game commenced at 6:40, and after 40 minutes hard play the game was won by the Acton boys. After a short rest play was again commenced and resulted in favour of Guelph in the short space of 8 minutes, the ball being put through the goal by a neat drop shot, W. Bailey being the lucky thrower. The third game was won by Acton in 15 minutes, but it was disputed. After 10 minutes further play in which neither club gained any advantage, time was called, and the match resulted in a draw. The Guelphites were then taken in tow by their opponents and marched to the Bennett House where a first-class supper awaited them, and to which ample justice was done. toast, song and sentiment being the order of the programme. The Guelph boys arrived home on the midnight train, and voted their opponents first-class jolly good fellows. The return match will be played in Guelph in about two weeks. Arrangements are being made to have a match here on the 1st July.

Invisible but Instantaneous.

All pains or aches will be instantly removed by a few drops of Fluid Lightning applied over the affected parts. No time lost; no nauseous medicines needed; no poulticing or using greasy liniments. It will not blister or discolor the skin. Sold at 25c per bottle by Thos. S Petrie, Druggist. Sufferers from Neuralgia assure us that they never fear it when their house contains a bottle of Fluid Lightning.

TO BE WELCOMED.—On Wednesday evening the City Band will perform on the Market Square until the arrival of the 9 o'clock train from the west, which will bring the Maple Leaf base ball club home after their trip to the other side. The band will march to the station, and meet the players, who will be dressed in uniform. Hacks will be in waiting for the nine. A procession will be formed at the station and a march through the streets will take place. The display will no doubt be attractive and witnessed by a number of citizens.

THE CITY OF VANCOUVER IN ASHES.

3000 People Homeless.

Mayor Howland, of Toronto, last evening received this telegram:

NEW WESTMINSTER, B. C., June 14.—Vancouver is in ashes. Three thousand people homeless. Please send us aid at once. Please repeat this message to other Canadian cities.

M. A. McLEAN, Mayor.

ANOTHER REPORT.

BELLEVILLE, June 14.—A telegram received in the city this morning by Mr. Matheson, Superintendent of the Institute for the Deaf and Dumb, from his son Robert, stated that the entire city of Vancouver, British Columbia, was destroyed by fire on Sunday. The despatch was dated from Westminster, a neighboring town, the telegraph office in Vancouver having been burned with the other buildings. Many of the inhabitants barely escaped with their lives.

Very Latest.

HEAVY LOSS OF LIFE.

Urgent Need of Prompt Assistance.

(Special to the Daily Mercury).

NEW WESTMINSTER, B.C., June 15.—The city of Vancouver, situated at the Pacific end of the Canadian Pacific Railway, is in ashes. Not half a dozen houses remain out of five hundred, and worst of all is the heavy loss of life. One short hour did the whole work. Ten bodies have been found and numerous persons inquired for. The property saved was insignificant. "A clean sweep" defines the situation. A thousand men are at work clearing up for C. P. R. Twenty contracts for rebuilding are already let. Only three out of the ten bodies have been identified. Many men are ruined but determined to start in again on old locations. Widows, widowers and orphans are among the sufferers. The property loss falls directly upon the pioneer element of the new town. Hundreds of people were camped out. There are meagre facilities for relief of sufferers, but the people of this rival sister city are especially open handed and liberal. Prompt aid from the Canadian Pacific Railroad is expected. Heroism and hardship characterized the whole dreadful affair. Families were compelled to abandon their homes with but a moment's warning and flee for their lives. Business men in search of valuables were compelled to rush through flames and smoke or perish. The whole city was ablaze and the population was panic stricken. Numbers sought refuge in the water and some were found in a well to which they had betaken themselves. It was a terrible Holocaust which defies description. Few people have escaped with more than the clothes they stand in. All the frame buildings in town will be rapidly rebuilt, mostly of brick. The contracts for a large hotel and other extensive buildings representing half a million dollars were let just before the fire.

American.

A substantial improvement in ex-President Arthur's health is reported.

It is said that President Cleveland contemplates a yachting tour of the lakes.

The Brotherhood of Telegraphers has decided to join the Knights of Labor.

A local assembly of the Knights of Labo has been formed in St. Louis, composed entirely of servant girls.

A severe shock of earthquake was felt at Sandy Hook and at New York quarantine station at midnight on Friday.

Chauncy R. Winslow, a wealthy Californian, has entered suit for absolute divorce from his wife, Sophie Eyre.

President Cleveland has accepted the honorary presidency of the American Exhibition to be held in London next year.

Heavy rains in Jamaica have made great havoc throughout the island. In Kingston the damage is estimated at £20,000.

Dr. R. V. Pierce of Buffalo arrived in Toronto Saturday from his Muskoka camping excursion. He left for home the same day.

Capt Francis Jeffry Dickens, son of the late Charles Dickens, English novelist, died suddenly in Moline, Ill., Saturday night, of paralysis of the heart. He was 41 years of age.

It is said Mrs. Ysult Dudley, the woman who shot O'Donovan Rossa, will leave for England soon. An old friend of social prominence has intervened in her behalf.

The death is announced at Moline, Ill., of Francis J. Dickens, formerly Superintendent of the Northwest Mounted Police, and second son of Charles Dickens, the celebrated novelist.

Row at a Barn Raising.

WALKERTON, Ont., June 14.—On Friday evening at the conclusion of a barn raising on the 16th con. of Elma, a serious riot occurred, in which a man named Jas. Broughton was struck on the head with a handspike by Robert Robbie, felling him and causing concussion of the brain. Immediately after the occurrence Robbie made for the woods. Dr. Hamilton was sent for and pronounced Broughton's injuries fatal, and a warrant was issued for Robbie.

STEAMBOAT ASHORE ON LAKE SUPERIOR.—A Port Arthur despatch says:—On Friday night the "Ontario" ran ashore four miles from Verte Isle, and the tug "Mary Ann" took a lighter and went to her assistance, but so far has been unable to get her off. The tug "Safety Jack" went down to her assistance this morning. The passengers were brought to Nepigon and proceeded by rail.

The Evening Mercury

TUESDAY EVE'G JUNE 15, 1886.

THE Liberals of East Hastings (Mr. John White's riding) have filed six hundred appeals to be heard at the final revision of the Dominion voters' list this month.

IT is reported in a despatch from Ottawa that Principal Wood, of the Ottawa Ladies' College, has caused it to be announced that he is an aspirant for the Conservative nomination for the House of Commons in the county of Addington. He thinks he can push Mr. Bell, the present member, aside and secure the nomination. Mr. C. H. Mackintosh has promised to aid Mr. Wood.

A DESPATCH from Halifax says it is stated on the best authority that the British Government has issued orders to make no more seizures of American vessels except when the violation of the treaty of 1818 is so open and flagrant that it cannot be winked at. So far as learned from guarded official utterances here, the Imperial instructions do not sustain the Canadian construction that the three mile limit is to be reckoned from headland to headland.

THOSE liquor dealers who took out licenses under the defunct McCarthy Act are clamoring to have the license fees returned to them, and the inspectors appointed under that Act are also demanding their pay. The money necessary to refund the license fees and pay off the inspectors has been granted by Parliament, but the Order-in-Council authorizing the payments cannot be passed until the Minister of Inland Revenue returns from a fishing excursion.

SOME of the Tory papers seem to be jubilant over the fact that a quantity of campaign literature, which was to be sent out from Ottawa by Reform members of the House of Commons, was mailed too late to get the benefit of the franking privilege, which is in force during the sitting of Parliament, and that the pamphlets were sent back from the post office. In this respect the advantage is all on the side of the Tories. Whether Parliament is in session or not they can always send out their campaign literature through the departments of the Government, or through Ministers, who have the franking privilege all the year round. This is the way the post-office department is defrauded of its just revenue and an invidious distinction made between the two parties, the one being favored in every way possible and the other being made to conform strictly to the law.

SAYS the London *Advertiser*:—The editor of our esteemed contemporary the Waterloo *Chronicle* makes an amusing slip that perhaps no one will relish more than the members of the Methodist Conference, though the lapse is at their expense. Speaking of the observance of the Scott Act in Goderich, the editor says he spent nearly a week in the town, yet he observed no signs of drinking either out of flasks or otherwise during the stay, and a good deal of inquiry failed to discover any other stranger who had seen any. And this notwithstanding that the town was filled with visitors, including the delegates to the Methodist Conference. What adds to the joke is that the editor was himself one of the delegates. He will be in great luck if the humorists among his fellow delegates do not give him a roasting.

THE session just finished at Ottawa has been nothing but a series of shocking disclosures of immorality and gross waste. Its close affords a relief to the people akin to awaking from a horrible nightmare, and a feeling of thankfulness prevails that the strings of the public purse are drawn for a season. The session lasted but three months, but a glance at the following summary will show what political crookedness can do to deplete the public pocket even in that period:

Supplementary estimates for the year ending June 30th, 1886	$ 3,501,921
Estimates, capital and ordinary, for year ending June 30th, 1887	38,542,609
Supplementary estimates for ditto	2,060,000
For Cape Breton Railway	2,090,000
Paid Canadian Pacific to release lands	10,000,000
Subsidies to local railways	4,000,000
Land grants to railways	10,000,000
	$70,104,530

THERE is rebellion in the Tory camp in South Grey. Mr. Jenkins, of the Durham *Chronicle*, has had an eye on the riding for some time, and at one period thought he was sure of the nomination, but it seems his fellow Tories were not of his mind, and in May last he warned the party that attempts were being made to pack the convention, and that if he did not get the nomination he would make it hot for the Tory candidate. Well, the convention met on the 8th of this month when Dr. Jamieson got the nomination, Mr. Jenkins being left out in the cold. Previous to that date he was very profuse in his threats as to what he would do if Jamieson got the nomination, but since then the indignant Jenkins has been as quiet as a mouse. He may, however, be only lying low to wait the proper time for wreaking his vengeance both on the Tory party and the Tory candidate. Meantime, it is a pretty quarrel and we wait for the upshot with anxiety.

THE Report of the Northwest rebellion, laid before the House in the last days of the session, contained much information which the Government did not wish to make public, and it is understood they will suppress it. A large number of copies of the report have been printed at the cost of many thousands of dollars, and this money, which goes to subsidize the Quebec *Chronicle*, has been spent for nothing. When the Minister of Militia was questioned in reference to the matter he said that the report had been found so full of "inaccuracies" that it had not been distributed. It is hinted that the report is to be mutilated, and the correspondence in reference to the Stewart-Bell-Boultbee scandals, as well as Sir Adolphe Caron's comments upon some rejected accounts, cut out. But the Government cannot suppress those portions of the Blue Book which they may consider "damaging," as enough copies of the report have been obtained to make that impossible.

In Reply to a "Lover of Order."

To the Editor of the MERCURY.

SIR,—In your issue of the 10th inst. appears a letter over the signature of a "Lover of Order," which should not be allowed to pass without comment. It should not be allowed to pass without comment because in it the writer violates those very principles of which he professes to be such a staunch friend and advocate, and because it unjustly casts aspersions on one who has been, with as few exceptions as possible, an upright, fair and impartial officer. Does not this "Lover of Order," who, forsooth, takes refuge behind an assumed name, and from the cover of this cowardly protection strikes bravely out at a man who, by his very position is gagged and mute, does he not know that a judicial officer, no less by common courtesy than the principles of English Law, is exonerated from hostile criticism in the discharge of his duty? It is wrong, it is contemptible, to criticise Mr. Saunders in the spirit and upon the grounds this writer criticizes him. Indeed, unless some recent decisions in Toronto are reversed it may be more than a disregard of fair play and courtesy, and the writer may find himself amenable to the law of the land for what he has done.

To sit long hours and patiently jot down and weigh conflicting evidence; to decide nice points of law; so that an appeal will not lie; and amid it all to arrive at a calm and impartial conclusion is not an easy task under any circumstances, and if a "Lover of order" were to try it, in all probability, judging from his letter, he would have even smaller success than in his wisdom he thinks has fallen to the lot of Mr. Saunders.

Let us examine the qualifications of this pure and upright judge—this immaculate Daniel—who thinks he is so far removed from the sins that beset other men's paths that he can publicly through the public press arraign officers of justice for not properly doing their duty. We will try him by his own evidence, we will judge him by his own standard. Let us see how infinitely better a delinquent would fare at his hands than at those of our Police Magistrate. He says: "Recently you published the evidence of men before His Worship in which barefaced perjury was shown" &c. This is the lofty and magnanimous sentence of our modern Daniel who writes a letter to your columns, the whole tenor of which is "I thank God I am more impartial than other men are." Now, Mr. Editor, perjury is a serious charge. It is rather a more serious charge than that it was on the occasion in question by the Police Magistrate. Surely, then, there must be conclusive evidence upon which a "Lover of order" rests his verdict. Well Mr. Editor I find, on referring to the reported evidence upon which this Daniel bases his charge, there is no evidence that the accused in Holliday's case took one cent of money for any liquor. Witness after witness was called. There was no conflict of evidence; there was no man swore he paid for beer at Holliday's, but they were all unanimous in swearing they did not. How can it happen while oaths are as uncontradicted, while the testimony of the very witnesses called to convict is the testimony that explains away the charge and clears the accused? While no one swore liquor was paid for, and nearly half a dozen swore it was, how can it happen that a man so pure, so immaculate, so above the slightest tinge of bias as a "Lover of Order," makes up his mind that perjury was committed? Had these witnesses wished to commit perjury there was no necessity for doing so. There was no evidence to contradict, there was scarcely any case to overthrow, and there was no personal benefit to be gained by having Mr. Holliday acquitted, as far as any of the witnesses were concerned. Now, on what authority does a "Lover of Order" assume perjury? Verily, an ornament to the Bench would he be, and Heaven best would be the region over which he wielded the benign sceptre of the blind Goddess.

But, again, a "Lover of Order" is about as correct in his views of what is right and wrong legally as he is obtuse in his ideas of carrying out the Golden Rule. He says, referring to the words imputed to the Police Magistrate in reference to the witnesses in the Holliday trial, and says it in a fine burst of frenzy in comparison with which the poets is nowhere, "either mode of expression manifests a desire to blame the Scott Act for the demoralization of liquor drinking witnesses who admit they were resorting to a place for liquor where they ought not to have been given it." Now, if a "Lover of Order" will shake off a few of the cobwebs which obscure his mental vision, and take the trouble to examine the Scott Act, he will find there is no reason why these witnesses should not be given beer by Mr Holliday. Mr Holliday is at liberty to treat his workmen and their friends seven hundred times a day if he pleases as long as they pay nothing for it, and no man can legally say nay, and it was only the legal rights of Mr Holliday the Police Magistrate had to deal with. Because if he went outside the legal rights he would have no jurisdiction at all, and his conviction would be quashed.

Again "A Lover of Order" is somewhat exercised about the Magistrate not tearing his hair in case his judgment is reversed. A modest expression uttered no doubt partly out of courtesy to counsel, is seized on as a damning sin for which our Police Magistrate is to be held unworthy, I suppose, of office. Surely this is carrying party strife too far. "A Lover of Order," I do not imagine, has read much ancient literature, or, judging from his letter, very much literature of any kind outside of temperance periodicals, otherwise he might have struck somewhere a sentiment of Horace that "a man who is just remains calm, though the Heavens fall." It must have occurred even to "A Lover of Order" that a man may have a quiet conscience and be satisfied, as well as on account of having acted right, as on account of a desire that his judgment be reversed.

And, now, I think we have examined his letter enough to show that "A Lover of Order" would not be a vast improvement on Mr Saunders, of whom it must in justice be said that although mortal, and therefore liable to mistakes, he has always discharged his duties in a fair, upright and impartial manner, and with a courtesy and, wherever it could be shown a kindness, appreciated. I venture to say, not more by the bar of Guelph than by our citizens in general.

Thanking you, Mr Editor, for the space occupied in the publication of this letter.

Yours truly,
ANOTHER LOVER OF ORDER.

Guelph, June 14th, 1886.

A Farce that is an Imposition.

To the Editor of the Mercury.

SIR,—We are a longsuffering people but have endured the farcical make-up of our Police force long enough. Our Chief of Police has had the unpleasant and difficult task of enforcing the law with the dead weight upon him of, at least, one member of his force acting as a hindrance. Truly our Chief has done well in the circumstances. On the morning of the last Queen's birthday this policeman enjoyed a whispered consultation with one of the leading law-breakers of that memorable occasion, and this same officer did all that he dared do to hinder the enforcement of the laws of the land that day. His regard for the rights of others may be gathered from the way in which he puffs his tobacco smoke in the face of ladies in the Post Office and other public places. How long will the citizens of Guelph submit to be taxed to pay a man whose place might far better be vacant, and how long will our Council perpetrate this serious farce.

Yours, etc.,
CITIZEN.

Guelph, June 12, 1886.

McGregor's Lung Compound.

Have you a bad cough, a chronic hoarseness a feeling of lightness in the chest, weak lungs, or any similar complaint? If so, buy at once a bottle of McGregor's Lung Compound. It will cure you. It contains entirely new specifics, of which one dose is more effectual than a whole bottle of the old time remedies is put up in 50c. and $1.00 bottles. Sold by Thos. S. Petrie, Druggist. Try it, and you will never have reason to complain.

The hospital in Hamilton erected for contagious diseases, has been destroyed by fire.

THE GENERAL ASSEMBLY.

HAMILTON, June 11.—Overtures were read respecting the control of Home Missions in the North West. The first was an overture from Brandon Presbytery urging that the present missions of Manitoba and the North West were controlled by a Synodical Committee involving cumbrous machinery and great and unnecessary expense.

Rev. Mr Bruce, after a few remarks, moved that the overture be referred to the committee on Home Missions, Western section. Carried.

In the afternoon the reports from the different colleges were read, which were of a very encouraging character.

Mr Charlton then presented the report of the committee on the consolidation of colleges. It is as follows:—

Your Committee beg to recommend to the General Assembly,

1. That the Presbyteries of the Church be asked to consider and report to the next General Assembly upon the desirability and feasibility of the following proposal, to wit:—That the Theological Faculty of Queen's University be united with the Faculty of Knox College, Toronto; that Knox College be henceforth made the Theological Faculty or branch of Queen's University; that the Professors of Knox College be appointed by the General Assembly, or in a manner to be determined by the General Assembly, and that Queen's University be brought into closer relation with the Church.

2nd. That when the Synod of the Maritime Provinces gains general consent, Pine Hill Seminary, of Halifax, be consolidated with Montreal College at Montreal or with any other Theological school in the Dominion that may be preferred by the said Synod.

The minority report is as follows:—

The Committee having carefully considered the whole subject of college consolidation, and the various proposals submitted for that purpose, are of opinion that it is impossible to devise any practicable scheme for accomplishing any measure for consolidation. They also believe that the interests of the Church will be best preserved by the various colleges being maintained by the Church in increased efficiency, and respectfully suggest to the Assembly the propriety of continuing to recommend these institutions to the generous support and liberality of the Church.

It was arranged that the discussion on the reports take place to-morrow.

It was carried by a large majority that that the next General Assembly be held at Winnipeg.

Rev. Dr. Wardrope presented the report on Foreign Missions. It is an ably drawn up and lengthy document, and reports all the missions to be in a flourishing condition.

HAMILTON, June 12.

The debate on the reports on College consolidation was continued, when several able speeches were made. At last a vote was taken on the question resulting in the minority report—to let matters remain as they are—being carried by 116 votes, as against 87 for the majority report.

Horsford's Acid Phosphate.

For Alcoholism.

Dr J. S. Hullman, Philadelphia, Pa., says: "Is of good service in the troubles arising from alcoholism, and gives satisfaction in my practice."

NEW RAILWAY PROJECT.—A number of capitalists, including Mr. Alexander Manning, of Toronto, have applied for a land subsidy to enable them to construct a railway from Winnipeg to Fort Simpson on the Pacific Ocean, via the Narrows of Lake Manitoba, Fort a la Corne, Lac la Biche and Peace River Pass, the lands to be located in Peace River district. The projected line follows the old Marcus Smith route as far as Peace River. If it is possible to build such a road for the subsidy asked, it is evident that a great deal too much has been paid to the Stephen Company for the construction of the Canadian Pacific road by the southern route.

100°
IN THE SHADE.

If it has not reached that point yet it soon will. It's coming, and coming fast. Merchants are excited, customers are talking about it. We had no idea that our "few shots at random," sent forth from this paper during the past week would produce such a sensation. But the fact of our reducing the price of our lovely new 40c., 45c. and 50c. Dress Goods to 25c., the line of elegant Summer Silks we offer at 66⅔c. on the $, the reduction in price of Tweeds and Cloths, the cash discount of 25 per cent on Lace Curtains, the Bargains in Parasols, Hosiery, and Gloves, and the many attractive lines offered much under regular prices, have created a wonderful excitement. As they are not all cleared out there is no doubt of its continuance and increase. In addition to the lines mentioned, we direct special attention to a beautiful range of

Cream and White Victoria Lawns, Cream and White India Linens, White Satin Stripe Lawns, Elegant White Brocades, Printed Muslins, Lovely Swiss Brocades, Hamburg Nets, White, Cream, Tabac, and Drab Madras Laces, Oriental Flouncings, Plain and Tufted Chambrays, Beautiful Oatmeal Cloths, Fine Zephyr Checks, All-over Embroideries in colors and white, and an almost endless variety of Seasonable DRESS GOODS for the warm weather. Our stock is very large and choice, and we are certain will commend itself for lowness of price and good value.

Specially large range of Plain and Fancy Parasols and Sunshades bought cheap, and will be offered very low. Our *Hosiery and Glove Stock* containing direct importations from the markets will be found the very best value in the trade.

Pleasant treatment, honest value, no boring to buy, and terms cash, together with the marvellous value in the aforementioned lines, are drawing crowds to No. 27.

E. R. Bollert,

27 Lower Wyndham Street, Guelph, Ontario.

The Intolerance of Orangeism

KINGSTON, June 14.—Mr. R. Montgomery, late County Master, and Mr. Callaghan withdrew from the Orange Order some time ago because, as they contended, it was being used and prostituted for political purposes. Mr. Montgomery lately placed his views in print before the public, which were published. The gentlemen named, though not active, were regarded as good Orangemen, and only awaited its political purification in order to return to it. At a meeting on Saturday they were expelled from the Order entirely after the matter had been very warmly discussed. A third member was thought to merit expulsion, but he had good Conservative friends and they saved him. Montgomery and Callaghan are clearly the objects of political malice.

THE lobsters are larger and more numerous this season than any previous season, says the Liverpool, N. S. *Times*. About 10,000 lobsters were taken by the packing firms at Port Mouton in one day last week; and about the same number at Black Point. They are worth to the fishermen $1.25 per hundred.

One hundred and fifty-nine boys and girls from England and Scotland arrived at the Marchmont Home, Belleville, last week.

Important News Item.

COCKSTOWN.—Mrs Campbell had for a number of years been troubled with indigestion and constipation, and was induced to try McGregor's Speedy Cure and found it all that was needed and would recommend its use to any person similarly troubled. This invaluable remedy is sold in every part of Canada at 50c. and $1.00 per bottle. Sold at Thos. S Petrie's Drug Store.

On Sunday last Mr. S. H. Blake, Q. C., preached two sermons in the Leslieville Presbyterian church, Toronto, and Mayor Howland preached in the Richmond street Methodist church in that city in the evening.

Better Know Nothing than Know what isn't so

Was remarked by a celebrated American humorist, and if truth was ever spoken in jest it was then, but when that *knowledge* which is not knowledge, but ignorance, is at the same time none of your business, it is then doubly important that it should be confined to the inmost recesses of one's own breast.

We are not careful to deny the wholesale charges made by a certain firm against the Dry Goods trade of Guelph. We leave it to the public to judge who is in the best position from their business experience, their knowledge of the market and their financial standing to go to the "fountain head of production," and pay cash for their goods. With these few remarks we proceed to more congenial topics.

Our Market Days.

We are sorry to tate that our Wednesday Market has not fully realized the expectation of those who were the means of having the days changed. At the same time, we see a great and growing improvement, now we have TWO market days, then we had only one (Saturday), although nominally we had three. Of course we do not expect to see the Wednesday market reach the proportion of Saturday's at a bound, but we should reasonably look for its steady growth, until it is very nearly equal in the volume of business done. We think here is a matter for both rural and city population to consider.

It must be a great advantage to our citizens to do their marketing on two days of the week rather than buying supplies to last from Saturday to Saturday. If the population of Guelph would recognize the fact that they can be supplied on Wednesday, and come out with that expectation it would be the means of bringing many farmers to the city who do not come on Saturday, because there is such an over supply that day that they cannot sell their produce. If on the other hand the farmers would bring in their produce on Wednesday, the people would soon form the habit of marketing on that day, and the supply being distributed over the week, the amount thrown on the market not being so great in one day, it would be more easily disposed of at reasonable rates.

As an inducement to bring this state of things about, we will for the next few months, offer special inducements to purchasers on Wednesday,

AT THE LION.

J. D. Williamson & Co.

BOARD OF EDUCATION.

Long Discussion on Changing the Rules.

The regular monthly meeting of the Board of Education was held on Monday evening. Present—Mr. Newton, chairman; Messrs. Kilgour, Murton, Bruce, Cottis, Rev. Father Doherty, Mitchell, Skinner, Peterson, Burgess, Mackenzie, Bollert, Dr. McGuire, Myers, Fairbank, Stewart, Sprague.

In the absence of the Rev. Dr. Torrance, Mr. Geo. Murton acted as Secretary pro tem.

Mr. Skinner objected to the correctness of the minutes. There was a finance report which had not been recorded in full, and a particular item of some $12 worth of goods that had been got from Mr. Knowles. He held that Mr. Knowles or any other member of the Board, had no right to supply the Board with anything whatever.

Mr. Kilgour said that the minutes were simply a record of the facts.

He moved, seconded by Mr. Bruce, that the minutes be confirmed.

Mr. Peterson said that the minutes were merely a record, and were not supposed to detail every item in every report. Mr. Knowles' reputation was too high for any wrong motives to be imputed to him, and he did not think it was just or right to bring up such charges against one of the oldest and most respected members of this Board who was even now probably at the point of death, and had not even an opportunity of defending himself. At the special meeting was the time to have raised the objections, when the matter was before the Board, and not to bring it up now. Mr. Knowles was a man who would discharge with honesty and integrity everything he took in hand, and it was unbecoming of Mr. Skinner to impute any motive of wrong doing to a man old enough to be his grandfather. He considered the proceedings irregular, improper, undignified and unjust.

Dr. McGuire said that the minutes were simply a record and he would vote for their confirmation.

Mr. Skinner moved that the minutes be amended by inserting the finance report in the minutes.

There was no seconder, and Mr. Newton declared the minutes confirmed.

Mr. Skinner said that the Chairman was a little too hasty in putting the resolution.

Mr. Peterson said that Mr. Skinner had no seconder to his resolution, consequently it was out of order.

Mr. Skinner said he was not going to be bulldozed by any one.

COMMUNICATIONS.

From Capt. Clarke, withdrawing his resignation as drill instructor.

From the same gentleman stating that the proceeds of his entertainment so far for the Collegiate Institute gymnasium were $609.26.

From Robt. R. Orr resigning his position as a teacher in the Collegiate Institute.

An account of $17 from George Pike for building a retaining wall between the Central School vaults and McCrae's property, after some discussion, was ordered to be paid.

Mr. Tytler's report of the Collegiate Institute showed whole number of pupils on register 232, number in attendance in May, 155, average attendance of boys, 911; girls 78, total average 172.

Moved by Messrs. Stewart and Burgess, that the resignation of Mr. Orr be accepted, and that the Secretary be instructed to advertise for a gentleman to fill his place as a teacher of modern languages.

THANKS TO CAPT. CLARKE.

Moved by Mr. Cottis, seconded by Mr. Myers, that whereas Capt. Clarke has generously raised a sum of money for the purpose of building a gymnasium in connection with the Collegiate Institute, Therefore, be it resolved:

That the thanks of this Board are due, and are hereby tendered to him for his valuable services and handsome donation; and the consent of this Board is hereby given to Capt. Clarke to expend this money in the erection of a gymnasium according to his own plan and under his personal supervision, subject to the approval of the Sites and Buildings Committee. Carried.

CLOSING THE SCHOOLS.

Moved by Dr. McGuire, seconded by Mr. Myers, that the schools of this city be closed on the 30th June, instead of the 2nd of July. Carried.

Mr. Skinner then read his motion, of which notice had been previously given. It is as follows:

ABOUT THE RULES.

Moved by Mr. G. H. Skinner, seconded by Mr. E. R. Bollert, that the chairman of the several Standing Committees of this Board of Education are hereby instructed to bring in and lay before this Board at its next meeting, a report from their respective Committees containing an estimate of the amount of money required to be appropriated to their respective credits to carry out their work for the year. The same to be referred to the Finance Committee for examination, said Finance Committee to report on these estimates at the next succeeding regular meeting of this Board. Pending such report of Finance Committee the various standing Committees may, if necessary, apply for a sum in advance on account to meet contingent expenses. And that thereafter no Committee shall enter into any contract without first submitting the same to the approval of this Board, and that all accounts shall be examined and reported correct by the proper Committees to which they belong before being passed by this Board, provided that the chairmen of the several Committees, if necessary, may expend the sum of $5 cash for calls of emergency without being required to consult their Committees, said expenditure to be reported in the accounts presented to this Board.

Mr. Skinner in moving the motion said that the business of the Board was not carried on in a business like manner. He imputed no wrong motives to members of the Board. It was the system that he objected to. In looking over the City Treasurer's books he found that several members of the Board had received cheques for articles supplied to the Board, which he considered was wrong.

Myers—Name them.

Bruce—Name them.

Others.—Name them, name them.

Having the privilege of the Board Mr. Skinner mentioned the names of Mr. Bruce, Mr. Murton, Mr. Cottis and Mr. Knowles. Mr. Knowles on different occasions drew the caretaker's salary in cheques.

Mr. Bruce said that his son had last year received the contract for winter sash to the Central School. His tender was accepted because it was the lowest. He did not think the stirring up of these trifling matters came well from Mr. Skinner. Perhaps he was a little jealous because he could not sell a chair.

Mr. Cottis explained that all the transaction he had with the Board was collecting the insurance for one of the schools, which he was authorized to do from the head office. He was only the agent of the Company.

Mr. Murton stated that he did not tender for the coal for himself but for Murton & Co., Hamilton.

Mr. Peterson had no doubt but Mr. Skinner was actuated by a sense of duty in bringing this matter before the Board, yet he thought his resolution was impracticable. He had been a member of the Board for the past twenty-five years and also had the honor of sitting at the Council Board and filling the Mayor's chair, so he considered that he was equal-

DESIRE to thank the Public for their princely patronage since taking over the Dry Goods business of MESSRS. JOHN HOGG & SON.

We are pleased to know that the public are appreciating our efforts to furnish them with *Good Honest Reliable Goods* at *Moderate Prices*. We do not say that we sell without a profit, nor do we say that we sell at a less profit than other Houses, although our prices in many cases have been less. Profits to-day are not any higher than they ought to be, but the trouble with a great many Houses, is, that they are not in a position to buy right, and the result is, when they mark their goods with only the ordinary profit added they are then too high. Men to-day, to make the Dry Goods Business a success must reach (as near as possible) the fountain head of production. Yes, and have the money when they get there, for the old way of buying on four and six months, and then renewing the paper, is but a shorter way to failure. The time is fast approaching when to make a success of the Dry Goods trade men must pay cash or buy on very short time, know where to buy, and as well thoroughly understand every line of goods they handle. Our facilities to-day are such as to enable us to sell *Good Honest Reliable Goods* under ordinary Houses, and then make as much profit. Being Direct Importers we save the middle man's profit, and as well in almost every case we have paid *Spot Cash* for our Goods, not even taking thirty days. By so doing we have made a large saving in the way of discounts, which puts us in a position to sell our goods just that much less than the man who is compelled to take time and lose the discount, and then another advantage we have over some other merchants, is that we do not own the store that we occupy, as we find it a profit to us to allow someone else to own the building, and we pay them about 4 per cent. on the money invested rather than have the place in our name with a large amount borrowed on it at 6 or 7 per cent. Now notwithstanding the fact that some Houses in the trade have talked loud about the amount they have imported this spring, we are in possession of information which enables us to know for a fact, that not more than five cases of goods have been imported from England, Ireland or Scotland this spring, by any other House in Guelph, not even by the House that has talked so much about "Importing," "Paying Cash," and a lot of other nonsense. While our importations have been moderately large this spring (about five times as much as all the other Houses combined), yet it is a small amount compared with what it will be this fall. Our Mr. Ryan will leave for the English Market by the "Aurania," July 10th, from New York.

BOARD OF EDUCATION.

Long Discussion on Changing the Rules.

The regular monthly meeting of the Board of Education was held on Monday evening. Present—Mr. Newton, chairman; Messrs. Kilgour, Murton, Bruce, Cottis, Rev. Father Doherty, Mitchell, Skinner, Peterson, Burgess, Mackenzie, Bollert, Dr. McGuire, Myers, Fairbank, Stewart, Sprague.

In the absence of the Rev. Dr. Torrance, Mr. Geo. Murton acted as Secretary pro tem.

Mr. Skinner objected to the correctness of the minutes. There was a finance report which had not been recorded in full, and a particular item of some $12 worth of goods that had been got from Mr. Knowles. He held that Mr. Knowles or any other member of the Board, had no right to supply the Board with anything whatever.

Mr. Kilgour said that the minutes were simply a record of the facts.

He moved, seconded by Mr. Bruce, that the minutes be confirmed.

Mr. Peterson said that the minutes were merely a record, and were not supposed to detail every item in every report. Mr. Knowles' reputation was too high for any wrong motives to be imputed to him, and he did not think it was just or right to bring up such charges against one of the oldest and most respected members of this Board who was even now probably at the point of death, and had not even an opportunity of defending himself. At the special meeting was the time to have raised the objections, when the matter was before the Board, and not to bring it up now. Mr. Knowles was a man who would discharge with honesty and integrity everything he took in hand, and it was unbecoming of Mr. Skinner to impute any motive of wrong doing to a man old enough to be his grandfather. He considered the proceedings irregular, improper, undignified and unjust.

Dr. McGuire said that the minutes were simply a record and he would vote for their confirmation.

Mr. Skinner moved that the minutes be amended by inserting the finance report in the minutes.

There was no seconder, and Mr. Newton declared the minutes confirmed.

Mr. Skinner said that the Chairman was a little too hasty in putting the resolution.

Mr. Peterson said that Mr. Skinner had no seconder to his resolution, consequently it was out of order.

Mr. Skinner said he was not going to be bulldozed by any one.

COMMUNICATIONS.

From Capt. Clarke, withdrawing his resignation as drill instructor.

From the same gentleman stating that the proceeds of his entertainment so far for the Collegiate Institute gymnasium were $609.26.

From Robt. R. Orr resigning his position as a teacher in the Collegiate Institute.

An account of $17 from George Pike for building a retaining wall between the Central School vaults and McCrae's property, after some discussion, was ordered to be paid.

Mr. Tytler's report of the Collegiate Institute showed whole number of pupils on register 232, number in attendance in May, 195, average attendance of boys, 941; girls 78, total average 172.

Moved by Messrs. Stewart and Burgess, that the resignation of Mr. Orr be accepted, and that the Secretary be instructed to advertise for a gentleman to fill his place as a teacher of modern languages.

THANKS TO CAPT. CLARKE.

Moved by Mr. Cottis, seconded by Mr. Myers, that whereas Capt. Clarke has generously raised a sum of money for the purpose of building a gymnasium in connection with the Collegiate Institute, Therefore, be it resolved:

That the thanks of this Board are due, and are hereby tendered to him for his valuable services and handsome donation; and the consent of this Board is hereby given to Capt. Clarke to expend this money in the erection of a gymnasium according to his own plan and under his personal supervision, subject to the approval of the Sites and Buildings Committee. Carried.

CLOSING THE SCHOOLS.

Moved by Dr. McGuire, seconded by Mr. Myers, that the schools of this city be closed on the 30th June, instead of the 2nd of July. Carried.

Mr. Skinner then read his motion, of which notice had been previously given. It is as follows:

ABOUT THE RULES.

Moved by Mr. G. H. Skinner, seconded by Mr. E. R. Bollert, that the chairman of the several Standing Committees of this Board of Education are hereby instructed to bring in and lay before this Board at its next meeting, a report from their respective Committees containing an estimate of the amount of money required to be appropriated to their respective credits to carry out their work for the year. The same to be referred to the Finance Committee for examination, said Finance Committee to report on these estimates at the next succeeding regular meeting of this Board. Pending such report of Finance Committee the various Standing Committees may, if necessary, apply for a sum in advance on account to meet contingent expenses. And that thereafter no Committee shall enter into any contract without first submitting the same to the approval of this Board, and that all accounts shall be examined and reported correct by the proper Committees to which they belong before being passed by this Board, provided that the chairmen of the several Committees, if necessary, may expend the sum of $5 cash for calls of emergency without being required to consult their Committees, said expenditure to be reported in the accounts presented to this Board.

Mr. Skinner in moving the motion said that the business of the Board was not carried on in a business like manner. He imputed no wrong motives to members of the Board. It was the system that he objected to. In looking over the City Treasurer's books he found that several members of the Board had received cheques for articles supplied to the Board, which he considered was wrong.

Myers—Name them.

Bruce—Name them.

Others.—Name them, name them.

Having the privilege of the Board Mr. Skinner mentioned the names of Mr. Bruce, Mr. Murton, Mr. Cottis and Mr. Knowles. Mr. Knowles on different occasions drew the caretaker's salary in cheques.

Mr. Bruce said that his son had last year received the contract for winter sash to the Central School. His tender was accepted because it was the lowest. He did not think the stirring up of these trifling matters came well from Mr. Skinner. Perhaps he was a little jealous because he could not sell a chair.

Mr. Cottis explained that all the transaction he had with the Board was collecting the insurance for one of the schools, which he was authorized to do from the head office. He was only the agent of the Company.

Mr. Murton stated that he did not tender for the coal for himself but for Murton & Co., Hamilton.

Mr. Peterson had no doubt but Mr. Skinner was actuated by a sense of duty in bringing this matter before the Board, yet he thought his resolution was impracticable. He had been a member of the Board for the past twenty-five years and also had the honor of sitting at the Council Board and filling the Mayor's chair, so he considered that he was equal-

DESIRE to thank the Public for their princely patronage since taking over the Dry Goods business of MESSRS. JOHN HOGG & SON.

We are pleased to know that the public are appreciating our efforts to furnish them with *Good Honest Reliable Goods* at *Moderate Prices*. We do not say that we sell without a profit, nor do we say that we sell at a less profit than other Houses, although our prices in many cases have been less. Profits to-day are not any higher than they ought to be, but the trouble with a great many Houses, is, that they are not in a position to buy right, and the result is, when they mark their goods with only the ordinary profit added they are then too high. Men to-day, to make the Dry Goods Business a success must reach (as near as possible) the fountain head of production. Yes, and have the money when they get there, for the old way of buying on four and six months, and then renewing the paper, is but a shorter way to failure. The time is fast approaching when to make a success of the Dry Goods trade men must pay cash or buy on very short time, know where to buy, and as well thoroughly understand every line of goods they handle. Our facilities to-day are such as to enable us to sell *Good Honest Reliable Goods* under ordinary Houses, and then make as much profit. Being Direct Importers we save the middle man's profit, and as well in almost every case we have paid *Spot Cash* for our Goods, not even taking thirty days. By so doing we have made a large saving in the way of discounts, which puts us in a position to sell our goods just that much less than the man who is compelled to take time and lose the discount, and then another advantage we have over some other merchants, is that we do not own the store that we occupy, as we find it a profit to us to allow someone else to own the building, and we pay them about 4 per cent. on the money invested rather than have the place in our name with a large amount borrowed on it at 6 or 7 per cent. Now notwithstanding the fact that some Houses in the trade have talked loud about the amount they have imported this spring, we are in possession of information which enables us to know for a fact, that not more than five cases of goods have been imported from England, Ireland or Scotland this spring, by any other House in Guelph, not even by the House that has talked so much about "Importing," "Paying Cash," and a lot of other nonsense. While our importations have been moderately large this spring (about five times as much as all the other Houses combined), yet it is a small amount compared with what it will be this fall. Our Mr. Ryan will leave for the English Market by the "Aurania," July 10th, from New York.

JOHN CROWE, Proprietor

ly able to know how both the bodies were governed as well as Mr. Skinner. The School Board had distinct rules and regulations from that of the Council and were governed by them. If Mr. Skinner's resolution had been brought in at the commencement of the year when the Board had not fully organized, any desirable change might have been made, but now it would upset the whole Board. There was not one member who ever furnished the Board with anything who defrauded it of one sixpence, and the ratepayers knew and had confidence in the trustees. We had one of the best school systems in Ontario, and this was due to the management of the trustees, many of whose locks had grown grey since they first sat the Board. The speaker showed that the rules covered everything in the resolution, and held the resolution irregular.

Moved in amendment by Mr. Peterson, seconded by Mr. Spragge, that it is not expedient to initiate any alteration or change in the existing system as respects committees, at the present time, their arrangement, management and conduct for the present year being established, and regulated under the existing rules and regulations of the Board, and the duties and functions of committees therein prescribed, and that if any changes are to be made as respects the future it will necessitate the remodelling of the rules and regulations *in toto*, a work of no trifling magnitude and character—and which cannot be accomplished without serious consideration and deliberation affecting as well the ordinary and special functions of the committees and their powers, as well as the general powers and duties of the Board.

Mr. Skinner remarked that the gentlemen seemed to forget that it was the system not the gentlemen that he drew objection to. He also drew attention to the enormous amount that was paid for coal for the High and Public Schools, and also to the fashion of bringing in reports on a piece of paper, precluding future reference, instead of a book as ought to be done.

Mr. Murton said that all the coal was weighed on the market scales, and vouchers given for every weighing.

Mr. Skinner thought that the price for coal was outrageous, and probably that the extra expense had been charged in this way to meet some other expenditure.

Mr. Bollert thought that a member of the Board should not receive a contract from the Board. He had looked into the working of the Board and found that many things would be the better of a change. The business was not transacted as a man would transact his own private business.

The amendment was put and carried by a vote of 10 to 4.

Mr. Skinner called for the yeas and nays. They are as follows:

Yeas—Messrs. Cottis, Kilgour, Mitchell, Bruce, Father Doherty, Spragge, Peterson, Stewart, Burgess, McKenzie, Murton and the Chairman—12.

Nays—Messrs. Myers, Fairbank, Skinner and Bollert.—4.

On motion of Mr. Fairbank, Messrs. Myers, Bruce and Cottis, were appointed a committee to arrange for the annual cricket match with the Council.

The Board then adjourned.

THE CRISIS IN BRITAIN.

The Press on Gladstone's Manifesto.

LONDON, June 14.— The Conservative papers bitterly criticize Mr. Gladstone's manifesto. The *Daily News* highly praises it. The Irish papers do not make their comments on the manifesto a feature of their issues, but criticize it as a matter of course according to their party leanings.

Without expressing a distinct opinion as to the expediency of the Tuam Catholic clergy thanking Mr. Gladstone for his defence of the Irish cause, the Pope has intimated to the Irish Bishops his desire to have them abstain from political party strife.

The Edinburgh *Scotsman* says Mr. Gladstone, in his manifesto, misrepresents the issue. "Parliament," the *Scotsman* contends, "never voted on the question of coercion versus Home Rule. If it had it would never have defeated the Government on this issue.

The Riots in Ireland.

BELFAST, June 14.—Rev. Hugh Hanna, D. D., Presbyterian minister of St. Enoch's Church, this city, preached a sermon last evening on the recent riots. In the course of it he said:—"If the Government thinks that Ulster will be easily subjugated by a seditious parliament, it has signally failed in its estimate of us. The people of the north have effective means of resistance, but the time has not come yet to employ them. The humblest of the seven victims who succumbed last Wednesday under the murderous fire of Mr. Morley's militia, presented a higher and nobler type of character than does Mr. Morley."

The Catholic clergy of Belfast yesterday congratulated their people upon their "patience and forbearance under the provoking circumstances," and urged them to continue to keep the peace."

SLIGO, June 14.—The rioting was originated by Catholics who were very angry because somebody had destroyed the rails surrounding the bishop's palace. They gathered in thousands and attacked the houses of Protestants, and molested and hooted many persons. The windows of every house in which it was known a Protestant dwelt were smashed. The County Club House, the Constitutional Club House, the Methodist manse, the residence of the Congregational minister and several chapels were attacked and wrecked. The Orangemen made no attempt to retaliate. The Mayor, a Nationalist, and several Catholic Magistrates penetrated to the front and tried to appease the mob, but without avail. The Riot Act was then read, and the soldiers were ordered to clear the streets with their bayonets. A general stampede ensued, during which sixteen rioters were arrested.

A house at Larkhill, belonging to Mathew Smith, an Englishman, and a large manufacturer of boots, was destroyed by fire. The fire was started by incendiaries with paraffin, the keyholes having been previously stuffed by the miscreants. The family, including five children, were nearly burnt to death before they could be rescued.

All the cheese made in the six factories immediately surrounding Norwich, Oxford county, up to the middle of May has been sold. The price was moderate, but the sales materially loosen the financial strain existing in agricultural circles.

J. B. Lampman, of Thorold, was taken suddenly ill at Hamilton station on Monday and died before medical aid could be summoned.

Annie A. Stewart, B. Sc., of Dalhousie College, N. B., has been appointed to a mathematical fellowship in Bryn Mawr College, Philadelphia, an honor for which graduates of ladies' colleges throughout the United States competed. The names of Canadians who have attained distinction in the United States would fill a long list.

DUNN'S
BAKING
POWDER
THE COOK'S BEST FRIEND

KING LUDWIG COMMITS SUICIDE.

His Physician Also Drowned.

MUNICH, June 14.—Ludwig, who was recently deposed from the Bavarian throne, committed suicide at 6 o'clock yesterday evening. He had gone out for a promenade in the park of Berg Castle, accompanied by Dr. Gridden, his physician. The King suddenly threw himself into Starnberg Lake and was drowned. The physician jumped into the water to rescue him, and was also drowned. On the park and shore lake being searched His Majesty and VanGridden gave faint signs of life, but all the attemps of Dr. Muller to restore animation were fruitless. At 12 o'clock last night His Majesty was medically proved dead and the same was the case with Dr. VanGridden.

Kings have exceptional privileges, and it never seems to have occurred to the good people of Bavaria to protest against the vagaries of their spendthrift monarch till it was evident that Ludwig had entered on a spell of melancholia that rendered it dangerous for him to be at large. Then the Landtag—the Bavarian Parliament—met, and formally agreed to his deposition, and Prince Luitpold, his uncle, was appointed regent. The deposed King was placed in partial captivity, and sent to Berg Castle, on Lake Stanberg, a short distance from Munich, his journey thither being attended by feeling outbursts of sympathy on the part of the populace who appear to have been very fond of their King, despite his long-continued squandering of their hard-earned money.

Sir Charles Dilke's Case.

LONDON, June 14.—The decision in the Divorce Court is a serious blow to Sir Charles Dilke, whose application to be allowed to reappear as a party to the suit was rejected. The object was to enable him to call witnesses and to reopen the whole case. Mr. Justice Hannen's refusal leaves him still under obligation to appear with his witnesses and to submit to cross-examination. Mrs. Crawford's petition was likewise rejected, but her counsel stated that she means to testify and to confirm her original confession. Sir Charles Dilke in the meantime presents himself for re-election at Chelsea.

Storms and Tornados in the States.

TEXAS, June 14.—A severe wind and rain storm raged in Galveston, on Sunday night and yesterday morning. Great damage was done in the city, and only a sudden change in the direction of the wind yesterday morning saved the island from being entirely submerged.

HUNTER, Dak., June 14.—Further details of the tornado north of this place on Friday show that H. Houston's house was smashed. Nine persons in it were carried ten rods and all killed or badly injured. Reports are current of great destruction of property in the surrounding country, and several lives are said to have been lost.

CROOKSTON, Minn., June 12.—A tornado of wind and rain struck the city last night. The Germania Hotel was completely demolished, injuring Mr. Charles Notzer, proprietor, and eight others, but not fatally. There were 25 people in the hotel at the time. The new Catholic Church, partly completed, was rased. The west front of the Crookston House was severed from the rest of the building, and all the windows on the south side of the Commercial Hotel were blown in.

Crops in the States.

The *Farmer's Review* of this week says:—The great fear of drouth which has been threatening the spring wheat sections still continues, and has become in some respects a serious menace to the growing grain. Dry hot winds have prevailed in Dakota and Minnesota, adding to the already serious outlook in many portions of that State and territory. The effects of the drought have begun to be felt in Wisconsin, Iowa and Nebraska, and very few of the reports received down to Saturday night dwell much but upon this subject. Many fields of oats are reported turning yellow, and the injury to that cereal threatens now to be more severe than even to wheat itself. The rains which have prevailed in the sections named, while saving many fields from ruin, have not given the relief which according to nine-tenths of the reports would appear to be imperatively needed. Reports of damage from insects come from portions of Iowa, Illinois, Indiana, Ohio, Kansas and Michigan, but none indicate that any general injury is likely to result either to the winter or spring wheat crops, and that it is to be confined in the main to isolated localities.

Last Saturday night the residence of Councillor Daintry, of Cobourg, was entered by burglars and a quantity of silverware stolen. This is three times Mr. Daintry has been the victim of burglaries in six months.

MUGGINS CARDS FOR SALE AT THE MERCURY Office. Price 50 cents a pack.

Maryborough Correspondence.

LAWN SOCIAL.—The Methodist people of Zion Church intend holding a lawn social on the 15th inst., in James Farrow's grove. The proceeds will be given in aid of the Sabbath School. A brass band has been engaged for the evening. The grounds, and willow hedged land, will be lit up with Chinese lanterns. A pleasant time may be expected.

SCOTT ACT.—Mr. Sullivan, hotel-keeper, Boswortb, has been selling intoxicants under the Scott Act since May, it appears, but such a thing as that was too good to last long. He was informed upon. The case came before the magistrate who had sufficient proof against him to convict. The finishing trial, on Monday last, proved Sullivan guilty, and a fine of $50 or sixty days in jail was his sentence. He has accepted the latter and is at present in Guelph jail.

COUNTY LODGE.—The I. O. G. T. of this county meet in Drayton on Dominion Day to transact business. A number of lodges in the adjoining counties have joined in with them, to meet at the one lodge every three months. A concert will be given in the evening. Members from the different Lodges will be expected to take part in the entertainment.

SICKNESS.—The German measles are quickly spreading through the village. It seems to be very taking, and rather severe. Dr J. Cassiday is busily engaged trying to remedy the infected.

WEDDING.—Miss A. Rule was married on Monday last to a young gentleman from Carlton Place, near Ottawa.

LAMBS.—A good price is being paid for early lambs. Mr Bellamay bought J. Mitchell's lambs for $3 a piece, and had them delivered two weeks ago.

Rothsay, June 14, 1886.

THE RANK IS BUT THE GUINEA STAMP.—The Kingston *Whig* says:—Mr. Gladstone is a greater man to-day than any Duke or Earl or Marquis in the British Empire, and plain Mr. Mackenzie will live in the affections of the Canadian people when the Sir Knights of the Canadian Parliament have been forgotten. They will pass away from public life, to which they lent no glory, unwept, unhonored and unsung.

Now Open for the Season

Preston Mineral Baths.

AND

SUMMER RESORT

BEAUTIFULLY situated in the County of Waterloo, on the G. W. R., three miles from Galt, twelve miles from Guelph and eight from Berlin.

The hotel attached to this favorite summer resort has been recently enlarged and fitted up with an especial view to the comfort of guests and invalids. Beautiful lawn, capacious billiard parlor and croquet grounds.

The Arcadian Mineral Spring has proved of great benefit to invalids suffering from Gout, Nervous Debility, Diseases of the Stomach Liver and Kidneys, but more especially Skin Diseases.

Sufferers from Rheumatism will fin that using these waters will almost effect a cure. New baths have been added this season.

Mr. H. Rout, former Manager, has resumed his responsible position, and will be pleased to welcome his old friends.

Terms moderate. Omnibus to all trains.

Tickets to the Baths and return good for days from all stations on the G.T.R.

C. KREES, Proprietor
Preston Ontario

BEWARE

OF WORTHLESS IMITATIONS

As there are many inferior goods, corded with jute, hemp, etc., offered and sold as Coraline by some unprincipled merchants trading on the reputation of our genuine Coraline, we warn the ladies against such imposition by drawing their attention to the necessity of seeing that the name

'CROMPTON CORSET CO.'

is stamped on inner side of all Coraline goods, Without which none are genuine.

I CURE FITS!

When I say cure I do not mean merely to stop them for a time and then have them return again. I mean a radical cure. I have made the disease of FITS, EPILEPSY or FALLING SICKNESS a life-long study. I warrant my remedy to cure the worst cases. Because others have failed is no reason for not now receiving a cure. Send at once for a treatise and a Free Bottle of my infallible remedy. Give Express and Post Office. It costs you nothing for a trial, and I will cure you. Address DR. H. G. ROOT,
Branch Office, 37 Yonge St., Toronto.

BOARDERS WANTED ... Three gentlemen can be accommodated with furnished warm rooms and board at 25 Cardigan-st. o12dtf

BOARD AND ROOMS—Ladies and gentlemen can have comfortable rooms and board by applying at the corner of Dublin street and Waterloo Avenue f18dtd

BOARDING — Two nicely furnished front rooms. Also parlor bed room, suitable for two gentlemen. Apply at No. 146, Norfolk street. a26dtf

CONSUMPTION.

I have a positive remedy for the above disease; by its use thousands of cases of the worst kind and of long standing have been cured. Indeed, so strong is my faith in its efficacy, that I will send TWO BOTTLES FREE, together with a VALUABLE TREATISE on this disease to any sufferer. Give Express and P. O. address.
DR. T. A. SLOCUM,
Branch Office, 37 Yonge St., Toronto

Mr. and Mrs. Cleveland's First Reception.

WASHINGTON, D.C., June 15.—The White House never presented a more brilliant spectacle than to-night, on the occasion of the first official reception given by the President and Mrs. Cleveland.

Indispensable—There are some simple remedies indispensable in every family. Among these, the experience of years assures us, should be recorded Perry Davis' Pain Killer. For both internal and external application we have found it of great value; especially can we recommend it for colds, rheumatism, or fresh wounds and bruises.—*Christian Era.*

Drowned While Bathing.

ROTHSAY, June 15.—Last night a very sad drowning accident happened near the village of Bosworth, three miles from here. Peter Mason, school teacher, and John Graham, blacksmith, went into the river to bathe. Mr. Mason being unable to swim ventured in too far and was drowned.

Invisible but Instantaneous.

All pains or aches will be instantly removed by a few drops of Fluid Lightning applied over the affected parts. No time lost; no nauseous medicines needed; no poulticing or using greasy liniments. It will not blister or discolor the skin. Sold at 25c per bottle by Thos. S Petrie, Druggist. Sufferers from Neuralgia assure us that they never fear it when their house contains a bottle of Fluid Lightning.

Try Loch's unrivalled Teas and Coffees. Careful personal attention given to the blending so as to strengthen and flavour. Italian Warehouse, 89 Wyndham street.

THREE names which are a synonym for perfection in designing, modeling and constructive ability in their respective lines, Miss Todd, Dressmaker at the Lion. Miss Marriott, Milliner at the Lion. Mr. McKenzie, Cutter at the Lion.

Local News

A MEETING of parties interested in the Crown Cemetery, Puslinch, will be held in Duff's Church, on the 22nd June.

MR. L. H. KNOWLES, son of Mr. F. B. Knowles, left this morning for Toronto to enter the employ of Messrs. Ogilvy & Co., wholesale dry goods.

LICENSE COMMISSIONERS.—Mr. Walter S. Cowan has been notified by the Ontario Government that they have appointed Messrs. John Hogg, Wm. Watson, and W. H. Jacomb, License Commissioners in room of those recently resigned.

MR PETER RENNIE, of Nichol, and Mr. Robert Phillips, of Fergus, start for Scotland, on Thursday. They sail from New York on the *Anchoria*, and will spend three or four months in Scotland, seeking health. We wish them a pleasant trip and safe return.

CALEDONIAN SOCIETY.—The members of the Guelph Caledonian Society held a meeting last night in order to arrange for a concert on the 1st of July. It was decided, seeing the little interest that had been lately taken in the affairs of the society, not to hold a concert on the 1st of July.

A BIG BEAR.—According to a Montana paper Mr. Chas. Soper, formerly of Guelph, has purchased a fine residence in Bozeman. The same paper also states that Mr. Soper recently shot a bear weighing 1,600 pounds, and he received $50 for the hide. It must have been a monster, as it is agreed that it was the largest that has ever been killed in those parts.

LEFT FOR TORONTO.—Mr. J. Innes McIntosh, late of the MERCURY staff, left for Toronto to-day to become Private Secretary to the Hon. Mr. Pardee, Commissioner of Crown Lands. He takes the place of Mr. Thos. W. Gibson, who for some years has been Mr. Pardee's most efficient Private Secretary, but who was obliged to resign his position in order to attend to his father's business at Broxeter.

POLICE COURT.—Yesterday afternoon a young man named A. H. Cranston was brought up on an information, charging him with having embezzled $50 in March last, while he was acting as teller in the branch of the Trader's Bank at Drayton. It appeared that he had been paid the money by a man named Stewart, who was a stockholder in the bank, on account of his stock, but it is alleged had made no entry of it in his books. He was committed for trial at the next Court of competent jurisdiction, although the Magistrate remarked that if he had to decide upon his guilt or innocence he might hesitate to find him guilty on the evidence before him. Bail was received. Mr. Watt appeared for the prosecution, and Mr. Durand, of Galt, for the defendant.

OUR LADY'S CHURCH.—"The Miracle of the Roses" was repeated in the church of Our Lady last evening to a fair audience. The decorations were similar to that of the first production and presented a pretty scene. The City Band also lent their assistance and rendered two selections in good style. Miss Rose Braniff displayed her magnificent voice in two selections, and received a hearty recall, which was kindly acknowledged. Two selections on three pianos and harp, etc., was quite a feature in the programme and was well received. The acting and singing of the young ladies all through the play were decidedly good, and met with marks of approval from the audience from time to time. A vocal trio, in alto, soprano and tenor voices, by three ladies, received well deserved applause. The programme concluded with the national anthem by the City Band.

RUNAWAY.—Yesterday afternoon, shortly after three o'clock, the horse attached to Goldie's delivery waggon took it into its head to have a little excursion on its own account. While the driver was getting mail matter in the post office the horse started up street at a lively trot. When opposite Little's dry goods store the animal ingeniously passed two rigs standing there, and no sooner had it done so than it wheeled around as on purpose and ran in between them, knocking down one horse and nearly upsetting the buggy on the other side, occupied by a lady. No sooner was this feat completed than the horse dashed down and along to Quebec street, where it ran against a horse belonging to the Agricultural College, standing in front of Mrs. Wright's store. The College horse resented the insults, and bit viciously at its aggressor. While this biting match was in progress the runaway horse was caught. No damage was done of any account.

PUMP TEST.—Last evening the new pump at the waterworks was tested by the Fire Department. Two hydrants on Woolwich street were used. At the Wellington Hotel, 50 feet of hose was laid and an inch nozzle used and water was thrown clear over the building and at a height test it was thrown over 20 feet higher than the flagstaff on the mansard. At the hydrant opposite St. George's church 100 feet of hose was laid and an inch and one-eight nozzle used, and water was thrown more than two-thirds up the spire of the church. At the works 120 lbs water pressure was registered. A train taking water at the G. T. R., made very little difference in the pressure. The test was witnessed by a number of ratepayers who expressed themselves in a very satisfactory manner, and who were also highly pleased with the efficiency of the Department.

PRESENTATION TO AN OLD GRAND TRUNK AGENT.—We copy the following from the Peterboro *Examiner* of the 10th inst.:—Mr. F. R. Jennings, who has occupied the position of station master at the C. P. R. station in town since the opening of the road, and who left on Tuesday evening to occupy a similar position at the North Station, Toronto, was surprised at the station a few minutes before his train moved off, by a number of the merchants and manufacturers of the town, who hustled him into a corner of the station. Mr. P. Hamilton, representing the deputation, read a highly complimentary address and handed Mr. Jennings a well filled purse. Mr. Jennings made a brief and appropriate reply, and was about to get on board when those employed at the station took the opportunity of presenting him with a handsomely engrossed address accompanied by a beautiful gold-headed ebony cane. Mr. Jennings' reply to his late associates was brief, as he had to make a break for the train, which soon whirled him away, filled with pleasant recollections of the place he was leaving. Mr. Jennings sent a written reply to the stationmen. Mr. Jennings has always been a most obliging and efficient servant of the company and richly deserves the handsome send-off he received, as well as his promotion.

THE farmers and gardeners welcomed the fine growing shower which fell early this morning.

MESSRS. TYSON BROS. have sold to Mr. Geo. Thurtell their chestnut driving mare for $180.

MR. JAGO, passenger and freight agent of the West Shore railway route, was in the city to-day.

THE Detroit Grand Haven & Milwaukee railway official car passed through the city to-day on its way to Montreal.

MR. E. Devereaux has recently purchased a light pair of matched blacks for his hack from Mr. John Holman, Pilkington.

MR. WM KEOUGH, an employee of Raymond's factory, had one of his wrists severely scalded yesterday, while testing steam pipes in the factory.

A RECEPTION will be given to the Maple Leafs to-night on their arrival home after their recent victorious tour in the States. All those who care to take part in the procession are welcome to do so.

MR. C. E. HORNING, formerly ticket agent at the W. G. & B. branch of the line, has been appointed ticket agent at the main line station of the G. T. R here. The young man is well known and popular.

AN examination for Deacon's orders is going on to-day and the rest of the week at St. George's church rectory. Bishop Hamilton arrives on Friday to conduct the ordination services on Sunday.

LITTLE girls' summer hats will have broad brims. Mull shirred around the side and brim, and embroidered mull will cover the brim. A ribbon bow with long ends, fastened on the centre of the crown, is very stylish.

Y. W. C. T. U.—The regular meeting of the Young Women's Christian Temperance Union, was held Monday evening, June 14th, in the W. C. T. U. rooms, on Macdonald St. Miss Parker was appointed Superintendent of the flower mission work taken up by the Union. After the regular business meeting, a most interesting and instructive Bible reading was held. The Rechabites were mentioned as being the first temperance society. Out of the 261 times which wine is mentioned in the Bible, 121 of these are warnings, 71 are warnings and reproofs, 12 times it is spoken of as poisonous, and 5 times to be entirely abstained from. The meeting was well attended. All those interested in temperance are invited to attend these meetings. Any one wishing further information concerning the work of the Union, may inquire of Miss McLaren, President, or Miss Girdwood, Secretary.

HYMEN'S BOND'S.—At one o'clock this afternoon Miss Gertrude Deitz, was united in the holy bonds of matrimony to the Rev. John H. Carson, who has been for some time assistant minister in the Dublin street Methodist Church. At the hour mentioned the bride, tastefully dressed in ivory cashmere, with oriental lace draperies and orange blossoms, accompanied by her bridesmaids, entered the church. The bridesmaids were Miss Lola Wells, Waterloo, and Miss Alice Fields, Toronto. The former was dressed in pale coral brocade and satin, and the latter in cream cashmere and lace. The groomsmen were Rev. G. F. Salton, Goderich, and Mr. T. Carson, Toronto. The bridal party and their attendants assembled in front of the pulpit, when the Rev. Dr. Griffin arose and performed the marriage ceremony. Mr. J. H. Deitz, father of the bride, gave her away. The church was crowded to its utmost capacity, the majority of those present being ladies. After the marriage the happy couple received the kind congratulations of friends and wishes for their future success. During the short time that the Rev. Mr. Carson has been in Guelph he has won for himself many friends, in and outside of the Methodist church. The bride, Miss Deitz, may be termed a Guelphite, and she carries away with her the well wishes of all who have the pleasure of her acquaintance. The wedding party was large, and after the nuptial knot had been tied the company repaired to the residence of the bride's father on Paisley street, where a social hour or two was spent, and the numerous and handsome presents given to the bride were examined with evident interest. Mr. and Mrs. Carson leave this afternoon for a short trip on the lakes, after which Mr. Carson will settle down to his recently appointed charge in Stratford.

The Toronto Musical Festival.

The Caledonian rink was filled to overflowing by about 3,000 people, who were present at the opening concert in connection with Toronto's first Musical Festival. The *World* says that those who were present will never forget the scene that charmed them. The platform with its fifteen tiers of seats occupied by the chorus, the grand orchestra, the able leader and the famous artistes from abroad, was a sight in itself which would be quite a task to duplicate in any one city, big or little, on this continent. The arrangement of the seating capacity of the rink was admirable, the decorations were tasty, and the air was profuse with the perfume of plants. Fourteen arc electric lights were suspended from the ceiling, which rendered the view from every part of the great building all that could be wished for. The external and internal plans were carried out to perfection, and notwithstanding the immense crowd there was no jam, bustle or excitement. Gounod's Oratorio, "Mors et Vita" was rendered in grand style. Besides the soloists the chorus was composed of three hundred sopranos, two hundred altos, one hundred tenors and two hundred bassos. The orchestra was composed of 17 first violins, 13 second violins, 7 violas, 8 violoncellas, 10 double bassos and 26 wind instruments, drums etc.

The performance was given by the largest body of singers ever brought together at one time in Toronto, and the result of the opening concert of the first musical festival must have been gratifying to not only those who listened, but also to those who took an active part in developing the scheme.

Orangemen Still Drilling.

BELFAST, June 15.—It is stated that the injunction of the Grand Master against the drilling by Orangemen during the continuance of the troubles in Belfast does not prevent the Orangemen drilling at Rich Hill, in Antrim Co., where it is alleged 12,000 Loyalists continue to practise military tactics regularly.

Important News Item.

COOKSTOWN.—Mrs Campbell had for a number of years been troubled with indigestion and constipation, and was induced to try McGregor's Speedy Cure and found it all that was needed and would recommend its use to any person similarly troubled. This invaluable remedy is sold in every part of Canada at 50c. and $1.00 per bottle. Sold at Thos. S Petrie's Drug Store.

THE GENERAL ASSEMBLY.

HAMILTON, June 14.

The unfinished business in connection with Home Missions and Sustentation (Western section) was taken up.

Rev. Dr. Cochrane explained that this was to deal with a recommendation of the Committee, that in view of the deficiency last year, and a probability, under ordinary circumstances, of a deficit this year, the Committee be allowed to make supplemented salaries up to $700 and a manse, instead of up to $750 and a manse, as hitherto done.

Rev. Prof. Bryce moved, seconded by Rev. Mr. McPherson, that unless the deficiency next year be greater than this year, this power be not granted to the Home Mission Committee.

Rev. Mr. Bruce moved, seconded by Principal Grant, in amendment to the amendment, that the Assembly regret to hear that the contributions to the Augmentation Committee, Western section, have failed, and empower the Committee to make what recommendation may be necessary for the present year, and again earnestly appeal to the congregations to increase their liberality to this scheme.

The latter amendment was carried.

Rev. Dr. Caven moved, that the Moderator of this Assembly be requested to prepare an address to the members of the Church on the duty of heartily supporting this most important fund, and that Presbyteries and Sessions shall see to it that the address be fully circulated amongst our people. Carried.

Rev. Dr. Cochrane presented the report of the committee appointed to consider the overtures from the Presbyteries of Brandon and Rock Lake, respecting the control of Home Missions. It recommended that the work be gone on with as at present. The report was adopted.

An overture was read from the Presbytery of Owen Sound representing that the rule that each student should spend six months in the home mission fields had not secured the desired result of keeping the home mission stations supplied. The Presbytery recommended that the rule should be that each student should give twelve months in the winter season, under direction of the Home Mission Committee.

After considerable discussion Rev. Dr. Torrance moved that it would not be advisable in the interests of the Church or the interests of vacant congregations, that the request of this overture be granted.

Rev. Principal Caven moved, in amendment to the amendment, that the General Assembly necessarily desires to secure the best possible method of having a continuous supply of the Home Mission field, sends these overtures to the Home Mission Committees east and west, with instructions to consider them carefully, as well as the whole question, and report to the next General Assembly.

Rev. Dr. Torrance afterwards added to his amendment a clause referring the question of supplying mission stations to the Committee for consideration, and it was ultimately carried.

In the evening the report of the French Evangelization Board was presented by Rev. Principal MacVicar, Montreal. During the year 2,652 copies of complete Bibles or parts, 500 French pamphlets, and about 22,700 tracts were distributed by the colporteurs and other missionaries of the Board. In the past month (April) alone the colporteurs visited 6,223 families, of whom 6,039 were French Roman Catholics, and distributed 272 copies of the Scriptures and 2,450 tracts. The number of schools reported last year was 21, with 26 teachers and 707 scholars. The number this year is 26, with 29 teachers and 804 scholars. There are in all, 78 stations with 26 churches, about 2,650 in attendance, and 1,198 members. The number of members received during the year was 222, the number of meetings held, 906. During the year, 2,552 Bibles and 22,700 tracts were distributed. Respecting finances, the report shows a balance on hand of $849 on account of ordinary fund, and $1,421 on account of Pointe aux Trembles schools.

The report was adopted.

The Rev. C. Chiniquy then gave an interesting address. He assured them that in the United States and Canada there were 35,000 Roman Catholic French Canadians who had become Protestants through the instrumentality of such organizations as the French Canadian Evangelization Board of this Church. He closed with a strong and eloquent plea for this work.

News Items.

The directors of the Toronto Industrial Exhibition Association have decided to ask his Excellency the Governor General to formally open this year's exhibition.

The Northern and Pacific Junction Railway will be opened for freight traffic as far as Sundridge, 73 miles north of Gravenhurst, at once, and probably for passenger traffic by the end of this week.

A party of three young men who went out for a sail in Toronto bay on Sunday afternoon have been drowned, the body of one having been found Monday afternoon on the lake shore, two miles west of the Humber.

The Methodists of British Columbia want to be formed into a separate Conference.

The benefit on Monday tendered by Toronto Island ferries to the street car men will net them about $1,200.

Canada has 534 newspapers of which 79 are daily and 479 weekly and twenty semi-weekly. That is a respectable showing for four millions of people.

Sporting Notes.

Brown, of Pittsburg, says he has made the circuit of the bases in 15 seconds; he thinks Latham, of the Browns, is the only player who can beat that time—120 yards with three turns in 15 seconds.

ST. LOUIS, June 15.—A despatch has been sent to William Beach challenging him to row Jacob Gaudaur, who defeated John Teemer at Pullman, Ill., on Saturday, for the championship of the world and $10,000. Richard Roche has put up the money. Gaudaur is to go to England if the match is made.

BASEBALL.

The Maple Leafs defeated Seaforth yesterday by 8 to 0. Only five innings were played, owing to the Seaforth catcher getting broke up.

President Sleeman has made all arrangements for Harry Wright and his celebrated League club to appear in a game against the Leafs here next Tuesday. As the visitors hold fourth position in the National League a fine exhibition of ball playing may be expected.

THE Artillery Brigade will go to camp Guelph on the 21st inst.

Royal Templars' Meeting in the Norfolk-st. Methodist Church.

The oppressive heat on Tuesday evening, the entertainment in the Roman Catholic Church and other meetings, no doubt prevented a great many from attending the Royal Templars' meeting in the Norfolk street Methodist Church, and as a consequence the audience was not as large as was desirable. Owing to the unavoidable absence of Select Councillor Scroggie, Mr. A. C. Steele filled the chair. The Rev. J. W. Holmes, when called upon, stated he was a member of the Order and very cordially endorsed its objects and principles. These principles were founded in right. The society endeavored to protect the young from the temptations of vice—especially from the drinking customs of society. It aimed to reclaim the fallen and to inculcate total abstinence principles. All were welcomed into the Order who could be in any way benefitted by it or who could be of any advantage to the Order. In addition to these there are various benefit departments open to those members who desire to enter them. Sick benefits and death benefits can be carried by members at actual cost, and total abstainers have the advantage of a cheaper insurance than any other class on account of the lower death rate amongst them. The benefit societies are an improvement on the straight life insurance companies and a total abstinence benefit society is the cheapest and safest of all.

Miss Griffiths gave a temperance reading in her usual vivacious style which was well received.

Rev. Mr. Legeer, of the Goderich Conference, was not a member of the Order, but dropped into the meeting for information. From what he had heard he believed the Order to be an excellent one and well worthy of the sympathy and support of any community. He liked the idea of treating both sexes alike and allowing the lady members to partake of the sick and death benefit departments as well as the sterner sex. He thought this alone would decide him to become a member.

Mr. Steele thought the time had gone by for treating the temperance question as a matter of sentiment. The general public knew that a great deal of crime and misery resulted from the traffic in intoxicating liquor. The question had to be treated as a business matter and on a business basis. Communities had to be taught that the prohibition of the sale of liquor did not diminish the value of property or decrease the population, but rather the reverse. Milton, Woodstock, Ingersoll, Tilsonburg, &c., had increased in assessed value and in population under the Scott Act, whilst St. Thomas, London, &c., had gone back in the same period under a license law. In the same way individuals have to be taught that it is to their advantage to be total abstainers, and in no way had this been more clearly shown than in the experience of life insurance companies which are not given to sentiment or romance, but deal with solid facts. Several English companies were cited which have two departments—a general department and a total abstinence department—and it was ascertained after from 15 to 20 years' experience that the death rate in the total abstinence sections was only about two-thirds of that in the general sections. In the ordinary life insurance companies and benefit societies the total abstainer did not get the advantage of this greater longevity, but had to pay the same rates as non-abstainers who were shorter lived. The Royal Templars gave temperance men this advantage. A member of the order under 35 can carry a sick benefit of $5 a week and a funeral benefit of $50 at the trifling cost of 25 cents a month. This is open to both sexes. A member under 25, male or female, can carry $1,000 death benefit at a cost of 50 cents per month, and so on in proportion to age. A young couple starting life could each carry the sick benefit and $1,000 death benefit for 75 cents a month, or $1.50 for both, and would then feel safer in living up to their income, and not be obliged to stint themselves to provide a fund in case of sickness or death. This was taking a practical view of the temperance question.

Rev. Dr. Griffin wanted to be in line. He was not a member of the order but intended to be. This kind of a temperance society just suited him. He could see how temperance people should be insured at a cheaper rate than others, and they had a right to have the advantage of their principles. He liked the idea of the members helping each other and of providing funds to be used in case of sickness or death of the members. He had received an anonymous letter accusing him of not practising what he preached, of putting in a barrel of whiskey into his cellar, &c., and purporting to be written by an old woman. He wouldn't like to bet that this old woman wore trousers and had whiskers. In conclusion he announced his intention of uniting with the order at an early date, and advised those present to do the same. They would be aiding in a good work and would also find it to their own personal advantage if they chose to enter any of the benefit departments.

The Norfolk street church choir kindly furnished a supply of music at intervals during the course of the evening, and the meeting broke up about 10 with the doxology and the benediction pronounced by Dr. Griffin.

The Fire at Vancouver.

The latest with regard to the fire at Vancouver, B. C., is that ten persons are reported to have been killed by the fire, and many others are missing. The total loss is estimated at one million dollars.

The City Council of Toronto on Monday sent $1,000 in aid of the sufferers. In addition Mayor Howland states that he has received a number of subscriptions for the relief of the sufferers by the Vancouver fire. Some $300 was rent to him in small sums. At the suggestion of President Darling, of the Board of Trade, Mayor Howland will call a public meeting to further the object in procuring aid for these homeless ones. The calamity has aroused profound sympathy amongst the citizens not only in Toronto but throughout the country.

McGregor's Lung Compound.

Have you a bad cough, a chronic hoarseness, a feeling of lightness in the chest, weak lungs, or any similar complaint? If so, buy at once a bottle of McGregor's Lung Compound. It will cure you. It contains entirely new specifics, of which one dose is more effectual than a whole bottle of the old time remedies it is put up in 50c. and $1.00 bottles. Sold by Thos. S. Petrie, Druggist. Try it, and you will never have reason to complain.

A. J. Little & Co are selling Dry Goods, cheaper than any other house in Guelph. Get their June prices before buying. w1

The Evening Mercury

WEDNESDAY EVE'G JUNE 16, 1886.

The Reform Victory in Nova Scotia.

The Liberal Government in Nova Scotia carried the elections on Tuesday by a large majority in spite of the efforts of the Dominion Government. There are thirty-eight seats in the Legislative Assembly, and the supporters of Mr. Fielding and his Government claim that out of these they have carried twenty-nine. At the present juncture this Liberal victory is of special significance, as it betokens a great change of opinion in that Province, which will tell in an unmistakeable manner against the Government at Ottawa, whenever the Dominion elections come off.

Reform Nomination in South Wentworth.

The Reformers of South Wentworth met in Convention at Hamilton on Saturday. Dr. Springer, the present member, announced that he would not again be a candidate for the riding, being obliged to retire on account of personal and business relations. We regret that the Dr. has been obliged to take this step, for there is no truer or more faithful Reformer in Parliament, or one who has given more constant or earnest attention to the discharge of his duties. Dr. Springer is extremely popular in the riding, and could easily have been re-elected by a large majority. The Convention nominated Mr. Joseph Rymal, ex-M. P., and Dr. Russell of Binbrook. The former retired and the latter was then declared the unanimous choice of the meeting.

The Hamilton *Times* says that the Reformers have acted wisely in choosing Dr. Russell and in making their choice early. Personally popular, he will make a strong candidate and he has assurances from every part of the riding that his friends will set to work at once, and continue that work earnestly and vigorously until his election is secured. Mr. Joseph Rymal, the well known Reform veteran, roused the enthusiasm of the meeting with one of his old time vigorous speeches, which appeals alike to Reformers throughout the Dominion as well as to those living in South Wentworth. In the course of his speech he said:—

"This was a time when patriotism should come to the front. The battle must be well fought. This Government has its limits, and the Reformers of Canada cannot forever consent to be tyrannized over by the puppets of Toryism. Some of the dearest rights of citizenship have been wrested from the people. The gerrymander of 1882 was aimed at the Reformers of Canada. In ten or twelve hives 7,000 Reformers are fenced in, shorn of all their political influence, robbed of their birth right to please Toryism. Are you content that that thing should go on? If no, wake up to the necessities of the hour and see that there are no laggards in the camp. The gerrymander failed of its work in South Wentworth in 1882. Would it fail again? Or would the Reformers bow their neck to the yoke? He urged all Reformers to work unitedly to secure their rights. The Dominion debt is now $50 a head for each man, woman, and child in the country. Such a burden cannot be tolerated. The money has been squandered on contractors and jobbers. The public lands have been squandered in the Northwest. Rykert, of St. Catharines, one of the smallest yet one of the meanest of the Tory gang, had made a great speculation in timber, because he was a tool of Sir John Macdonald. There are 30 or 40 more subsidized members of Parliament who have done the same as Rykert. Are you willing that that should continue? Sir John Macdonald had determined to entrench himself in such a way that he could hold office despite the will of the people. Every man should make up his mind to act as if the fate of the election depended upon his individual efforts. The Liberal leaders were men without a stain, and the Reformers owed it to such leaders to emulate the spirit of their fathers."

The fishery troubles were discussed on Monday by the United States Cabinet. It is reported that there is every prospect of a satisfactory adjustment of the existing complications.

It is said that Mr. Patterson, M. P. for Essex, is strongly urging the appointment of Dr. Casgrain, of Windsor, to the senatorship vacant by the death of Mr. Benson, of St. Catharines, but as Messrs. Rykert and McCallum are after the place. Dr. Casgrain's chances are regarded as slim.

The Hon. Mr. Blake last week concluded a series of meetings in West Durham, which were very successful, and before the close of the season he will traverse the remaining portion of the constituency. Mr. Blake is enjoying excellent health, and never was in better spirits. He is already announced to deliver a large number of addresses in various parts of the country, and will probably devote the greater part of the summer to campaigning.

It is a significant fact that the General Assembly of the Presbyterian Church in Canada have fixed on Winnipeg as their place for meeting next year. Ten years ago they would as soon have thought of holding it at the North Pole as at the capital of Manitoba, but the construction of railways and the march of civilization have brought Winnipeg within a reasonable distance of Ontario. The holding of the Assembly there next year will give a great impetus to Presbyterianism in the North West.

Horsford's Acid Phosphate.
For Alcoholism.

Dr. J. S. Hullman, Philadelphia, Pa., says: "It is of good service in the troubles arising from alcoholism, and gives satisfaction in my practice."

Congregational Union.

OTTAWA, June 12.—The first business was the consideration of the state of religion in our churches, a paper being read by Rev. Mr. McCallum on "Why are there not more conversions in our churches?"

Rev. W. H. Warriner read a paper on "How to secure the right material for the ministry," which was followed by a discussion.

Letters of admission were granted to Rev. H. Hughes of Paris and Rev. W. Burgess of Listowel.

The invitation of the Bond street Congregational Church, Toronto, for the Union to meet there next year was cordially and unanimously accepted.

Rev. E. M. Hill read a paper on "How shall we reach the churchless?"

OTTAWA, June 14.

The Nomination Committee reported as follows:—

That the Rev. Hugh Pedley be Secretary-Treasurer, and Rev. Geo. Robertson Statistical Secretary.

That the following be delegates to the National Council of Congregational Churches meeting in Chicago this year, viz:—Rev. D. McGregor, W. Cuthbertson Hall, H. Pedley, G. Fuller, J. Morton, and D. Beaton.

That the following be delegates to the Congregational Union of Nova Scotia and New Brunswick, viz:—Rev. Messrs. Sanderson, Hall and Willett.

A resolution was moved and unanimously carried in favor of the efforts made for the adoption of the Scott Act, and urging continuous and increased exertion for carrying it in counties where it had not yet been adopted. It also gave expression to the conviction that the influence of Christian men should be exerted in the domain of politics to secure the election of representatives opposed to the liquor traffic, and the appointment of officials who will loyally enforce the Act when it has been adopted. That Congregationalists in Canada are ready for a prohibitory law to apply to the whole Dominion.

Rev. John McKinnon was received into the Union.

Mr. J. C. Field, of Cobourg, generously offered the magnificent sum of $500 toward sending a missionary to the Northwest, provided four others could be found who would give the same amount each.

The closing meeting was held in the evening, the Rev. D. McGregor presiding. The Chairman said he felt he was only expressing the sentiments of the Union, when he said that the anticipations of the brethern with reference to the meeting in Ottawa had been fully realized. The Secretary of the Union then gave a *resume* of the work done since the meetings began. He was glad to notice that the various reports from the churches indicate the fact that they are in a healthy and sound condition. It was also worthy of note that one of our most useful societies is that of our Foreign Missionary Society. We had taken our first plunge into the dark continent of Africa, and altogether our work is in a most encouraging state.

Several addresses were then given, and after singing "Blest be the Tie that Binds," the Union adjourned, to meet in Bond street Church, Toronto, June, 1887.

ATTACHMENT TO NEWSPAPERS.—The strong attachment of subscribers to a well conducted newspaper is fully confirmed by all newspapers. "Stop my paper," words of dread to all new beginners in business, lose their terror after a paper has been established a few years. So long as a paper pursues a just, honorable and judicious course, meeting the wants of its customers in all respects, the ties of friendship between the subscribers and the papers are as hard to break by an outside third party as the link which binds old friends in business or social life. Occasional defects and errors in a newspaper are overlooked by those who have become attached to it through its perusal for years. They sometimes become dissatisfied with it on account of something which has slipped into its columns, and may stop taking it; but the absence of the familiar sheet at their homes and offices for a few weeks becomes an insupportable privation, and they hasten to take it again and possibly apologise for having stopped it. No friendship on earth is more constant than that contracted by the reader for a journal which makes an honest and earnest effort to merit its continued support. Hence, a conscientiously conducted paper becomes a favorite in the family.

A Standard Medical Work

For Young & Middle-Aged Men.

ONLY $1 BY MAIL, POSTPAID.

Illustrative Sample Free to All.

KNOW THYSELF.

A GREAT MEDICAL WORK on MANHOOD

Exhausted Vitality, Nervous and Physical Debility, Premature Decline in Man, Errors of Youth, and the untold miseries resulting from indiscretion or excesses. A book for every man, young, middle-aged and old. It contains 125 prescriptions for all acute and chronic diseases, each one of which is invaluable. So found by the Author, whose experience for 25 years is such as probably never before fell to the lot of any physician. 300 pages bound in beautiful French muslin, embossed covers, full gilt, guaranteed to be a finer work in every sense—mechanical, literary and professional—than any other work sold in this country for $2.50, or the money will be refunded in every instance. Price only $1 by mail, post paid. Illustrative sample free to any body. Send now. Gold medal awarded the author by the National Medical Association, to the President of which the Hon. P. A. Bissell, and associate officers of the Board the reader is respectfully referred.

The Science of Life is worth more to the young and middle aged men of this generation than all the gold mines of California and the silver mines of Nevada combined.—*S. F. Chronicle.*

The Science of Life points out the rocks and quicksands on which the constitution and hope of many a young man have been fatally wrecked.—*Manchester Mirror.*

The Science of Life is of greater value than all the medical works published in this country for the past 50 years.—*Atlanta Constitution.*

The Science of Life is a superb and masterly treatise on nervous and physical debility.—*Detroit Free Press.*

There is no member of society to whom The Science of Life will not be useful, whether youth, parent, guardian, instructor or clergyman.—*Argonaut.*

Address the Peabody Medical Institute, or Dr W. H. Parker, No. 4 Bulfinch Street, Boston, Mass., who may be consulted on all diseases requiring skill and experience. Chronic and obstinate diseases that have baffled the skill of all other physicians a specialty. Such treated successfully without an instance of failure. Mention MERCURY Guelph, Ont. m16dcodwly

100°

IN THE SHADE.

If it has not reached that point yet it soon will. It's coming, and coming fast. Merchants are excited, customers are talking about it. We had no idea that our "few shots at random," sent forth from this paper during the past week would produce such a sensation. But the fact of our reducing the price of our lovely new 40c., 45c. and 50c. Dress Goods to 25c., the line of elegant Summer Silks we offer at 66⅔c. on the $, the reduction in price of Tweeds and Cloths, the cash discount of 25 per cent on Lace Curtains, the Bargains in Parasols, Hosiery, and Gloves, and the many attractive lines offered much under regular prices, have created a wonderful excitement. As they are not all cleared out there is no doubt of its continuance and increase. In addition to the lines mentioned, we direct special attention to a beautiful range of

Cream and White Victoria Lawns, Cream and White India Linens, White Satin Stripe Lawns, Elegant White Brocades, Printed Muslins, Lovely Swiss Brocades, Hamburg Nets, White, Cream, Tabac, and Drab Madras Laces, Oriental Flouncings, Plain and Tufted Chambrays, Beautiful Oatmeal Cloths, Fine Zephyr Checks, All-over Embroideries in colors and white, and an almost endless variety of Seasonable DRESS GOODS for the warm weather. Our stock is very large and choice, and we are certain will commend itself for lowness of price and good value.

Specially large range of Plain and Fancy Parasols and Sunshades bought cheap, and will be offered very low. Our *Hosiery and Glove Stock* containing direct importations from the markets will be found the very best value in the trade.

Pleasant treatment, honest value, no boring to buy, and terms cash, together with the marvellous value in the aforementioned lines, are drawing crowds to No. 27.

Better Know Nothing than Know what isn't so

Was remarked by a celebrated American humorist, and if truth was ever spoken in jest it was then, but when that *knowledge* which is not knowledge, but ignorance, is at the same time none of your business, it is then doubly important that it should be confined to the inmost recesses of one's own breast.

We are not careful to deny the wholesale charges made by a certain firm against the Dry Goods trade of Guelph. We leave it to the public to judge who is in the best position from their business experience, their knowledge of the market and their financial standing to go to the "fountain head of production," and pay cash for their goods. With these few remarks we proceed to more congenial topics.

Our Market Days.

We are sorry to tate that our Wednesday Market has not fully realized the expectation of those who were the means of having the days changed. At the same time, we see a great and growing improvement, now we have TWO market days, then we had only one (Saturday), although nominally we had three. Of course we do not expect to see the Wednesday market reach the proportion of Saturday's at a bound, but we should reasonably look for its steady growth, until it is very nearly equal in the volume of business done. We think here is a matter for both rural and city population to consider.

It must be a great advantage to our citizens to do their marketing on two days of the week rather than buying supplies to last from Saturday to Saturday. If the population of Guelph would recognize the fact that they can be supplied on Wednesday, and come out with that expectation it would be the means of bringing many farmers to the city who do not come on Saturday, because there is such an over supply that day that they cannot sell their produce. If on the other hand the farmers would bring in their produce on Wednesday, the people would soon form the habit of marketing on that day, and the supply being distributed over the week, the amount thrown on the market not being so great in one day, it would be more easily disposed of at reasonable rates.

As an inducement to bring this state of things about, we will for the next few months, offer special inducements to purchasers on Wednesday,

AT THE LION.

J. D. Williamson & Co.

Elora Correspondence.

PIC-NICS.—The fine weather sets everybody agog with a desire to spend the passing days in the open air. Pic-nics, therefore, crowd upon each other with frequency. On Wednesday last old and young from Belwood drove over in a large crowd to enjoy the scenery of our rivers In a few days a large party of school children and others will come up from Galt for a similar purpose, and on the 23rd inst. one of the largest pic-nics of the season, under the auspices of the managers of St. Mary's (R. C.) here, will muster in the large and attractive grove at the back of the Elora drill shed. Preparations on an extensive scale for an afternoon of fun, frolic and feasting are now being made, and a capital entertainment will be given in the drill shed in the evening. The League of the Cross, a temperance association in connection with the Catholic Church, Guelph, will pic-nic at Elora before the close of the month, and will doubtless turn out in large force. Other parties, on a less extensive scale, are also spoken of, and our rocks will re-echo the laughter of merry children and the loud praises of their delighted elders for two or three months to come. It is needless to say that "The Rocks" have now become, as they deserve to be, the most popular summer resort in the County. The Guelph Natural History Society will pic-nic here on Saturday. I

THE FIRST.—The active committee having charge of the arrangements for the celebration of Dominion Day in Elora are actively stirring themselves in their efforts to secure a good day's sport. Several "events" which cannot fail to excite the interest of the large crowd sure to be present are already on the programme, and others will shortly be added. As yet no fixture has been made for a baseball match. In the absence of a club here with which outsiders can compete, would it not be well to offer a cup to be played for by the clubs of Fergus and Belwood, probably the two best amateur clubs in the county? A concert will be given in the evening for which first-class performers have been engaged, one of them being "Fax," of Toronto, whose name will certainly ensure a crowd.

FOR EUROPE.—In a few days the popular Reeve of Elora, who has not re-visited the old land since he left it in the now long ago, will start for Scotland, and "do" the Colonial Exhibition before his return to Canada. It is probable that two of his daughters will accompany him. Everybody wishes him and his *bon voyage*, a pleasant visit to the land o' cakes, and a safe return.

VISITORS.—John Smith, Esq, for some years Warden of Wellington, for many years a resident of Pilkington and Elora, and for some time a settler in Manitoba, arrived here last week, and intends to make a visit of some duration. Mr Smith looks well, and has been warmly received by his many friends who remember him as an excellent Reeve, a good neighbor and a genial companion.—On Wednesday last A B Davidson, Esq, B A, for some time High School teacher here, but recently of Manitoba, paid a visit to his friends in Elora. He speaks highly of the new land where he has been engaged in farming, but has been compelled to temporarily leave it owing to the ill health of Mrs Davidson. Since his return he has applied for and obtained the appointment of Inspector of Schools for the county of York.—On Friday last Mr John Fraser, of Toronto, formerly connected with the firm of Notman & Fraser, and agent for the Boston Portrait Painting Association, visited Elora for the purpose of delivering portraits of the late Charles Allan, M. P. for North Wellington, and of Mrs Kirk, of this village. Both portraits are pronounced excellent likenesses by the friends of the deceased. Mr Fraser, in a canvass of a few hours, secured orders for twelve other portraits, and will return to Elora at an early date, when he hopes to secure many more.—Yesterday Frank Blythe and A Veitch returned from Manitoba, where they have been living for about twelve months, and report the existence there of hard times, with a scarcity of labor, and a plethora of men looking for something to do.

SAD DEATH.—Intelligence has reached Nichol of the death of Wm Archibald, son of Mr John Archibald, of that Township, who was recently drowned while engaged in fishing off St Joseph's Island. The grief of his relatives is increased by the fact that about six months ago his brother James, a settler in St. Joseph's Island, was also drowned there, and his body was never recovered. Both were fine young men, whose future seemed bright, and who promised to be valuable and prosperous citizens.

SERENADE.—The Battalion Band serenaded Mr R. H. Bell, of Elora, on Friday last, and the newly made bridegroom with his handsome bride were delighted with the sweet strains, and accorded the players a hearty welcome.

IMPROVEMENTS.—The sound of the hammer is heard once more in the land, and sundry improvements prove that Elora is not by any means stagnant. Mr Tetrie, head master of the Public School, has made an extensive addition to his house. A new dwelling is being erected on the lot in front of Stuart's ashery. A new fence, of substantial character and neat design has been erected in front of St. Mary's Church, and numerous other improvements are in progress or are contemplated. The Council deserve thanks for the construction of various new sidewalks, and altogether there are signs of progress, which it is pleasing to see.

SWEET SCENTS.—Clover is in bloom, the syringa sheds sweet fragrance on the air, the roses are displaying their blushing beauty, and the gardens emit sweet odors from countless blossoms. The rural nose is smiling with appreciation the balmy air of June. But alas! while there is no rose without a thorn, there is no unmixed blessing vouchsafed to humanity. On Friday night last, open doors and windows were closed with a bang, for there was a terror in the land, in the shape of an odoriferous little black and white animal, which somebody had stirred up or killed, which filled the nose with unpleasant tinglings, and the mind with a longing for other climes. Elora was skunked and everybody knew it. N B.—Order once more reigns on the banks of the Grand, and the place that knew that polecat knoweth it no more.

HOW TO DO IT.—West Wellington License Commissioners know how to raise the wind, and hope to receive about four hundred dollars in license fees. By the side of them Centre Wellington is nowhere, but then Centre Wellington Commissioners don't issue either druggists or wholesale licenses by wholesale.

CATTLE SHIPMENTS.—Numerous shipments of cattle and live hogs have taken place during the past week, and to-day Rogers, of Toronto, is sending off several car loads of prime stock.

RE ENGAGED.—Mr. Donald McKay, the popular head master of the Elora High School, has been re-engaged for another year, at an increase of his salary from $900 to $1,000. Mr. McKay fully deserves this mark of approval of his services, and nobody in Elora will begrudge the advance of a salary so thoroughly earned.

WILD CAT.—John, son of Mr. Michael Smith, of Salem, killed a wild cat near that village on Sunday last, and so rid the community of a pest.

GAINING GROUND.—Sergt. Forbes, of the Salvation Army, is steadily working his way towards further promotion. He may be said to have actually led the assault on the strongholds of Satan in Fergus on Sunday last, he confidently believes that he inflicted many. Go ahead George.

PUT HIM ON THE LIST.—If the besotted fool who smashed up the green seat in Kissinachick cove, on the Grand river, on Saturday last, were placed thereon and set adrift, and permitted to work his way to Kingston—the ultimate goal of all such scamps—he never would be missed.

GRAVELLING.—On Friday last the road commissioners met at Biggar's hotel and let gravelling on the Elora road as follows:—From Alma to Ewing's, 175 yards; from Ewing's to Elora, 175 yards; from Elora to Ponsonby, 200 yards, and from Ponsonby to the Junction, 150 yards. This will make the road better, although insufficient to render it really good in spring and fall.

LACROSSE.—This evening a match will be played on the grounds near the English Church parsonage between Grits and Tories, and an exciting game is expected.

MASONIC.—At the meeting of the Elora Lodge, A. F. & A. M. held last week, the following brethren were elected office bearers:—Edward Burns, W. M.; Thomas Biggar, S. W.; Peter Gerrie, J. W.; T. P. Smith, Treasurer; John McDonald, Secretary; and Isaac Kerfoot, Tyler. Installation, 24th inst.

Elora, 15th June, 1886.

Rockwood Correspondence.

RUN OVER.—On Saturday last a little boy son of Mr Charles Pasmore, had a narrow escape from being killed. He was playing on the road, and did not notice the approach of a horse and buggy until it was too late for him to get out of the way. He was knocked down and trampled under the horse's feet, two wheels of the buggy also passing over his chest. The child is badly cut and bruised, but no fears are entertained that his injuries will prove fatal.

THAT EXCURSION.—The excursion to Puslinch Lake on Saturday last was the event of the season. The party consisted of the essence of the youth and beauty of Rockwood. Everything connected with the affair, from the nosegay in the master of ceremonies' button hole, down to the extra twists in the horses' tails, betokened good taste and refinement. In view of the fact that the party had ventured so far from home unprotected, much anxiety was expressed during the day for their safety, but beyond a couple of cases of sea sickness, nothing occurred to mar the day's pleasure.

SAD BEREAVEMENT.—Some six months ago James McCutcheon, with his family resided in Arthur, where he was well known, having had business relations with a number in that section. He died some time in January last leaving a wife and two children. After the death of her husband Mrs McCutcheon removed to Rockwood, the home of her girlhood, where she had not long resided when her youngest child took sick and died, and, to add to her misfortunes, her remaining child was buried on Monday last, thus being deprived by death of husband and children within the space of five months. It is needless to add that Mrs McCutcheon has the sympathy of the community in her great affliction.

Rockwood, June 15, 1886.

JOHN CROWE, Proprietor

Fergus Correspondence.

CONCERT.—The free musical entertainment, given by Mr. Ketcham and assistants on Thursday night last, was quite a success. The singing was pretty good, some pieces first-class and others not up to the mark. During the evening Mr Ketcham explained his method of teaching, and then names were taken down to the number of 30 to form a class. The class has been taught twice a day since. Those belonging to the class are taught twice a day for five days—ten lessons in all—for $2 a member. When the teaching winds up a concert is given, the proceeds of which go to Mr Ketcham. The concert of the class is to morrow night.

SAD.—We regret to hear of the death of Mr. P Mason, school teacher near Rothsay, and son of Mr O Mason, of Eramosa, once our constable. The deceased was a young man in the prime of life. He attended our High School here two or three years since. He was drowned while bathing in the river near where he has been teaching, last night.

COMFORT.—Our front streets are now watered every day when required, making the village cleaner, cooler and more comfortable.

SPORTS.—At last we are to have a real sporting ground. The contract for a close board fence around the lacrosse grounds has been let to Mr T Hughes, who puts up a seven foot high fence all around for $150. A grand stand covered and seated will also be built, and we will then rank with the cities. The work will be completed as soon as possible, in two or three weeks at the outside.

BASE BALL.—The Belwood boys came down on Saturday last in the best of spirits. We had predicted a defeat or next thing to it for our base ballers at their hands, and of course they were right to believe in us. The two games played before between the clubs had been very close, and the Belwood boys knew they were as good, or better than before, while Fergus was somewhat weaker, one or two good men being off the home team. The game throughout proved to be anyone's, but the finish settled once more on our home team, and Belwood was defeated by one run and one innings, the score standing Belwood seven runs, Fergus eight and the last innings to bat. This innings might have given Fergus 4 or five runs, or it might have produced none. The day was a good one for playing, though it threatened rain in the early part of the afternoon. The game was started a little before four, with Belwood at the bat, Bennet in the box for Fergus, Johnson behind the bat, Tovell at first, French second, D. McNamara third, Howard short stop, and Hamilton, Hinds and J. McNamara in the field. Bennet's pitching was a little irregular, but on the whole most effective, scarcely a base hit being made of him during the game. His play in professing to throw a man out at first and then suddenly turning and catching the runner from third to home was much admired, as he easily threw to third when the runner attempted getting back when he saw Bennet had not thrown to first. Tovell played first in good style. He is a decided help to our club. The work was nearly all done for Fergus by the pitcher, catcher and first base. Of course the Fergus fielders had nothing to do, but we do not think they could have done as well as Belwood. Aelwood plays an excellent game in the field and need not be afraid to meet any ordinary club. The batting on both sides was weak. M. Currie from Belwood umpired the game and did his duty impartially. At first he appeared to favor Belwood, but Fergus was quite satisfied before the game was over that he was doing his best and giving justice to both sides. Belwood wants to play again soon and Fergus had better improve. The following is the score by innings:

Belwood	0	2	1	2	0	0	2	0	0	—7
Fergus	0	1	3	2	0	0	0	0	2	—8

The Ontario Agricultural College Club was expected to play here this afternoon, but failed to come as examinations had begun and they could not get away. We hope they will come up soon. A match may be arranged for Saturday with Speedside, and we understand that Hespeler and Mt. Forest want a game with Fergus.

LACROSSE.—The boys are practising hard for the game with Shelburne on the 25th, and they will need it all, but we expect to see the medal remain in Fergus this year at least.

The village is looking splendid. St Andrew's street is much improved. Music is plentiful every night.

Mr. Semple's mill will soon be running again as the flume is about finished.

Messrs. Rennie and Phillip start for the Old Country on Thursday, and we understand Mr. Hamilton and his mother start about the end of the month. Mr. Pattieson also intends going soon. We wish all a pleasant trip.

Fergus, June 15th.

The Late Social in Eramosa.

To the Editor of the Mercury.

DEAR SIR,—In reading the Fergus correspondence of last week I find an account of the social held at Adam A. Armstrong's, Eramosa, a sentence or two I feel it my duty to contradict. He says, "In the evening tea was served in the orchard, which was followed by dancing, &c." Now, there was no dancing whatever as it was a church social, and the programme consisted of vocal and instrumental music, readings, speeches, &c. I am not aware who your Fergus correspondent is, but feel sure he was not at the social or he would not make such a statement, and I think it would be in better taste to give a correct account of such an entertainment or none at all. Thanking you for your valuable space.

Yours, &c.,
SECRETARY OF COMMITTEE.

Speedside, June 10, 1886.

Rothsay Correspondence.

Maud Lowes, the daughter of Mr W. H. Lowes of this village, took the measles a few days ago and after a short illness died on Friday night. Her corpse was carried to its last resting place on Sunday afternoon, and by the large number of people who were at the funeral it was shown that Mr Lowes and family have the sympathy of a large number of sincere friends in their great trouble.

On account of the absence of Rev. Mr Edmison, last Sunday, the pulpit of the Presbyterian Church was occupied by Mr Robertson, a young student, who is stopping at Cotswold.

Mr W. J. Falconer, who has been at Collingwood since last Christmas, attending the Collegiate Institute, is now at home. He intends to remain and review his work until the 12th of July, when he will go to Toronto to write in his final examination. We wish him every success.

Mr John Campbell, who has been working for Mr Stacey for a long time, is now working for Mr Cash, but we understand that he intends to leave our village soon and go to work in Harriston.

Mr John Taylor, with the help of his neighbors and friends, raised a fine large barn on his place last Friday. The timbers went together nicely, and was well framed, which speaks well of the framer, Mr John McLaughlin. No accident happened, and a jolly good dance at night, with plenty of the best provisions, made the day and night pleasant and enjoyable.

The patrons of the Maryboro cheese factory shipped their first lot of cheese last Friday. On account of the cheese market being so dull this year they only got 6½ cents.

Mr David McKay has bought a lot in the east end of our village and is preparing to erect a fine new house on it this summer. Mr McKay is a first-class carpenter and we are glad to know that he intends making our village his future home.

Rothsay, June 14.

PERRY DAVIS'
PAIN-KILLER
IS RECOMMENDED BY
Physicians, Ministers, Missionaries, Managers of Factories, Work-shops, Plantations, Nurses in Hospitals, —in short, everybody everywhere who has ever given it a trial.
TAKEN INTERNALLY MIXED WITH A WINE GLASS OF HOT MILK AND SUGAR, IT WILL BE FOUND A NEVER FAILING CURE FOR
SUDDEN COLDS, CHILLS, CONGESTION OR STOPPAGE OF CIRCULATION, CRAMPS, PAINS IN THE STOMACH, SUMMER AND BOWEL COMPLAINTS, SORE THROAT, &c.
APPLIED EXTERNALLY, EXPERIENCE HAS PROVEN IT THE MOST EFFECTIVE AND BEST LINIMENT ON EARTH IN REMOVING THE PAIN ARISING FROM
SPRAINS, BRUISES, RHEUMATISM, NEURALGIA, SWELLED FACE, TOOTHACHE, BURNS, FROST BITES, &c., &c.
25cts. per Bottle.
Beware of Imitations.

BRISTOL'S PILLS
The Infallible Remedy for all Affections of the Liver and Kidneys.

CAMPBELL'S TONIC ELIXIR
This agreeable yet potent preparation is especially adapted for the relief and cure of that class of disorders attendant upon a low or reduced state of the system, and usually accompanied by Pallor, Weakness and Palpitation of the Heart. Prompt results will follow its use in cases of Sudden Exhaustion arising from Loss of Blood, Acute or Chronic Diseases, and in the weakness that invariably accompanies the recovery from Wasting Fevers. No remedy will give more speedy relief in Dyspepsia or Indigestion. For Impoverished Blood, Loss of Appetite, Debilitated Nervous Systems, and in all cases where an EFFECTIVE and CERTAIN STIMULANT is required, the ELIXIR will be found INVALUABLE.
Price $1 per Bottle or Six Bottles for $5
Sold by all Dealers in Medicines.
DAVIS & LAWRENCE CO. (Limited)
SOLE AGENTS, MONTREAL, P.Q.

ALLEN'S LUNG BALSAM

THE remedy for curing Coughs, Colds, Asthma, Croup, Diseases of the Throat, Bronchitis, Pains and Oppression of the Chest or Lungs, Difficult Breathing, and all the Diseases of the Pulmonary Organs. *No better remedy for Whooping Cough can be found.*
CAUTION.—Don't experiment with new and untried medicines, but always keep on hand this sold and sure remedy,—**Allen's Lung Balsam.**
MOTHERS, have you delicate, weakly children, who are always TAKING COLD, and subject to CROUP? Remember, there never was a case of CROUP which did not originate in a COLD.
ALLEN'S LUNG BALSAM IS YOUR REMEDY.
Physicians who have failed to cure their patients should try this medicine before they give the case up, as we know many valuable lives have been saved by being persuaded to give it a trial.
DO NOT DESPAIR because all other remedies have failed, but try this remedy, and you will not be deceived. *It will cure when all others fail.*
Allen's Lung Balsam is now put up in Three Sizes, Price 25c., 50c., and $1 per Bottle.
The 25c. bottles are put up for the accommodation of all who desire simply a Cough or Croup remedy. Those desiring a remedy for Consumption or any Lung Disease should secure the Large $1 Bottles.
Sold by all Medicine Dealers.

BEWARE
OF WORTHLESS IMITATIONS

As there are many inferior goods, corded with jute, hemp, etc., offered and sold as Coraline by some unprincipled merchants trading on the reputation of our genuine Coraline, we warn the ladies against such imposition by drawing their attention to the necessity of seeing that the name
'CROMPTON CORSET CO.'
is stamped on inner side of all Coraline goods, Without which none are genuine.

Our remaining Stock of Baby Carriages are now all reduced in Prices

10 CENT STORE, Jas. F. Kidner

Owed to the Man Who Has Said Unto His Brother, "Is It Warm ?" Etc.

Sing hey! for a cauldron of boiling oil,
And a basin of molten lead,
Where this obdurate sinner may sizzle and boil
And tropically soak his head.

Who says to his brother in sweltering stew,
With a gurgle of fervid glee,
"Is it torrid enough to-day for you?
It's not warm enough for me."

May he singe and toast and simmer and roast,
And char and kindle and burn,
And scorch and singe and ever cringe
And his body to cinders turn.

Then the blistering heat of a furnace fire
Shall accomplish his just cremation,
And fagots and peat be his funeral pyre
To finish his incineration.

And thus this felon we'll ardently kill,
And listen with joy to his moans;
And when he has carbonized all that he will,
We'll each take one of his bones.

And waving the calcined remains of him,
A Parseean dance we'll do;
And shout this jocular requiem,
"Is it hot enough now for you."

THE EVENING MERCURY is printed and published every afternoon at 4 o'clock; THE WEEKLY MERCURY is issued every Thursday morning. INNES & DAVIDSON, Publishers and Proprietors, 54 Macdonnell street, Guelph, Ont.

THIS PAPER may be seen on file at GEO. P. Rowell & Co's Newspaper Advertising Bureau (10 Spruce st.), and William Young, 41 Park Row, where advertising contracts may be made for it in NEW YORK.

Local News

AN eagle measuring five feet from tip to tip, was shot at Meaford recently.

THE fine, growing shower which fell this morning was cordially welcomed by farmers and gardeners.

A NEW plank sidewalk was laid to-day in front of Mr. John Davidson's insurance office on the Market Square.

MR. C. J. LITTLE has shipped from here during the past two weeks on an average a car load of cattle and sheep for the Old Country.

MAYOR MCKAY, of Hamilton, has telegraphed $500 to Vancouver, B. C., in aid of those rendered homeless by the terrible fire there this week.

A LARGE majority of the members of the Peel County Council arrived by the three o'clock train this afternoon on a visit to the Agricultural College.

MRS. JAS. CLARKE presided at the organ in the Dublin street Methodist Church yesterday afternoon at the marriage ceremony of the Rev. Mr. Carson.

THE Boating Club will officially open their park to-night. Carryalls will leave St. George's Square during the evening. The City Band will be in attendance.

ROYAL Lodge No. 60, A.O.U.W., will on Friday night, 25th June, unveil a tablet dedicated to the memory of their late Brother Benjamin Fairley.

THE weekly *Tocsin* is the name of a small paper published in Hamilton in the interest of temperance. It is neatly got up. J. G. Y. Burkholder & Co., are the publishers.

MR. JOHN COUGHLIN has received a shipment of fresh oysters. He says that every one of them would half sole a pair of boots. Of course toughness must be taken into consideration.

THE special committee to investigate the charges against the Chief of Police meets to-morrow afternoon at 3.30 in the Council Chamber. Their proceedings are open to the public.

NEW YORK is considerably torn up, so to speak, over the question of whether the girls who clerk in stores are saleswomen or salesladies. We don't know what they are in New York city, but in this town they are both.

DON'T miss the Boating Club concert to-night at the new park up the river. City Band, refreshments, &c. Conveyances will start from St. George's Square during the evening. The event of the season. All invited. d1

MARKET gardeners inform the St. Catharines *News* that the onion crop will be a dead failure this season. The periodical onion bug has commenced to bore and spring onions are now dearer than have been known for years.

AN exchange says:—"People with very fine complexions have been known to travel on their face. Yes, neighbor, you are right, for only last evening we beheld a young man with a complexion as fair as a girl's take a header from a bicycle, and travel about twenty feet on his face through a lot of gravel."

AMONG the pensions passed at the late session of Parliament, was one of $750 a year to Capt. H. H. Swinford, late of Guelph, father of Lieut. Swinford, who was wounded at Fish Creek during the Northwest rebellion last year, and who afterwards died of his wounds.

THE St. Quintin Dramatic Company will appear here on Monday and Tuesday next in "Lady Audley's Secret" and "Caste." As Miss St. Quintin is an old favorite in Guelph and has a strong support play goers may expect a treat. Reserved seats can be secured at Pringle's.

THE Supreme Lodge of the Ancient Order of United Workmen began its session in Minneapolis on the 16th inst. Delegates from the Grand Lodges of thirty-one States and Territories and Ontario, to the number of 246, are in attendance. Mayor Ames welcomed the visitors and tendered them the freedom of the city.

FIREMEN'S TOURNAMENT.—A large number went through this morning on the cheap excursion to the firemen's demonstration being held to-day in Stratford. The Georgetown and Aurora firemen were in full force, accompanied by the Georgetown band, which played a tune during the short stay at the station. Georgetown has reason to be proud of its band, as the music furnished was excellent.

AID TO THE VANCOUVER SUFFERERS.—Additional subscriptions for the sufferers in Vancouver, B. C., amounting to $65, were received by Mayor Howland on Wedday from citizens of Toronto. The city of Hamilton has contributed $500. The Waterloo County Council has voted $300 for the same purpose, and the Canadian Pacific Railway directors have instructed their western agent to give relief to all in distress in the unfortunate city.

HARPER'S FOR JULY.—The strongest article in the forth-coming July Harper's is on "The New York Produce Exchange," by Dr. Richard Wheatly. Like his article in the previous volume on "The New York Stock Exchange," it is carefully written, replete with information, and highly interesting. Every live business man will welcome such a thorough exposition of the great centre of our mercantile system. The history of the institution is traced from the rude thatched shed in Peter Stuyvesant's time, about which the tradesmen clustered, to the present magnificent temple of commerce costing three and a quarter millions. The features of this colossal structure are detailed, and the method of its gigantic operations is fully explained. Twenty superb illustrations adorn the article, five of them being full pages, and one of these represents the interior of the Chicago Board of Trade.

Important News Item.

COOKSTOWN.—Mrs Campbell had for a number of years been troubled with indigestion and constipation, and was induced to try McGregor's Speedy Cure and found it all that was needed and would recommend its use to any person similarly troubled. This invaluable remedy is sold in every part of Canada at 50c. and $1.00 per bottle. Sold at Thos. S Petrie's Drug Store.

SCOTT ACT VIOLATIONS.

Other Cases in Connection with Manchester Unity Pic-nic.

This morning Wm. C. Patterson, Toronto, appeared before Police Magistrate Saunders on a charge of violating the Scott Act, by the sale of intoxicating liquor on the Exhibition grounds on the 24th of May. Messrs. Biglow and McGregor, Toronto, appeared for the defence, and Mr. Guthrie, Q.C., and Col. Macdonald for the prosecution.

W. S. Cowan, sworn:—Am Inspector of licenses for South Wellington; was on the Exhibition ground on 24th May last; part of the main building was occupied by the Oddfellows from Toronto; quite a number of Guelph people were there; the defendant, Wm. C. Patterson, was serving out refreshments; there was a sort of bar made with boards laid on trestles; there were beer kegs behind the bar; people asked for lager beer and were supplied from these kegs; Sleeman' name was on some of the kegs; saw the defendant serve lager beer as drawn from kegs on tap; was there several times and the defendant was serving beer and other refreshments; the defendant gave beer in return for refreshment tickets; can't name the persons who got beer for tickets; Toney Gillie was serving beer also; there were four serving altogether; don't know whether any other refreshments were served for these tickets; counted 22 kegs near where the beer was being served; was a witness in the case against Gillie; was not asked where I lived when I was served with beer; I was not served by defendant; saw other Guelph people getting beer, but can't say they were served by defendant; I gave Toney Gillie a ticket for beer; all four waiters appeared to be alike busy, and all were serving the the same kinds of refreshments; can't say from my own knowledge who was in charge of the refreshments.

Cross-examined—Didn't get anything from this defendant: saw money pass for other refreshments, but none for lager beer; saw defendant serving what appeared to be lager to other people; can't swear it was lager; can't swear it was intoxicating: lager beer was asked for, and what was supplied looked like lager; can't say what was on the tickets taken in by the defendant; don't know to whom the kegs belonged.

James Dowrie, sworn:—Was at the Exhibition ground on the 24th of May and in the Exhibition building; was where the refreshments were served; was there more than once; saw refreshments served out by all four; saw Mr. W. C. Patterson serve refreshments; there were cigars, temperance drinks and lager beer; the lager was in kegs and was served in glasses; had some lager beer myself; gave a ticket for it—a refreshment ticket; saw other similar refreshment tickets; didn't see any punched marks in the ticket I used; got my ticket from Thomas Hewer; didn't pay him for it; got two tickets later on from some one; did not know who but gave ten cents for them; I got a glass of lager for one of those tickets, from that gentleman over there (Mr. Smart); saw defendant serving beer, but don't know to whom—can't say how many glasses I saw him serve; There were quite a number of people being served; the defendant appeared to take tickets for the beer; was a distiller at Allan's distillery for a number of years; whiskey is intoxicating; won't say lager beer is intoxicating; lager beer is a malt liquor.

Cross-examined—The beer I drank was out of a similar keg to that served by the defendant; don't know anything about spruce beer; the ticket I got appeared to be broader than the one produced; didn't expect to get any beer when I went there; would swear to the people serving; recognise the defendant; what I got was lager beer; I know the difference between lager beer and other beer; can't swear what I got was intoxicating; have tasted home brewed ale; saw other refreshments served also; the defendant was serving what I took to be lager beer; I don't think lager beer is intoxicating unless taken in quantity; never took it to excess; have seen a man drink half a gallon of it.

F. W. Randall, sworn.—Saw W. C. Patterson behind the bar in the exhibition buildings, on the 24th of May, serving out lager beer, cigars and sandwiches—he served any one who had a ticket, something like the one produced; heard the defendant asked for lager, and he handed out a glass with what appeared to be lager, and received in exchange a ticket; I believe lager to be intoxicating; the defendant, Patterson, Smart and Gillie, were selling; Welch was there too; the defendant, I think, was there when Welch was; they had stopped giving out lager then; saw Welch, Healey and Wm. John Everson getting lager; Welch was drunk; didn't search him for a flask.

Chas. Pettiford, sworn. — Reside in Guelph; was at the exhibition grounds on the 24th May; didn't see defendant there to my knowledge; didn't see any one I knew; saw young Patterson; saw what I supposed to be lager served; got at least two glasses of lager myself; didn't pay any attention to the party serving me; gave a ticket for the beer; had the ticket given to me; bought cigars and paid for them; got the tickets from Mr. Norris, of Toronto; got some from a stranger: don't know who he was; gave no money for any tickets; I suppose the tickets were similar to the one produced.

James Welch, sworn.—Was at the exhibition grounds on the evening of the 24th after 5 o'clock; it was after half-past four when I started to hitch up the team to drive out there; had not been there that day before; got beer tickets; don't know how many tickets I had; got cigars too for tickets; don't know from whom I got the beer; wouldn't swear I have seen him in court.

Thomas Healey, sworn—Live in Guelph; was on the grounds last 24th May and in the main building; had something to drink; either ale or lager; had several drinks; suppose it was lager; had also a drink before the stand was put up; was going to get some ice and defendant asked me to take a glass of lager; the ice was put on the kegs of lager; had a drink when I came back with the ice; Patterson gave me the first drink and one of the other men gave me the other, after I came back; Patterson paid me for bringing the ice; don't know who paid for the other drink I got; got a sandwich with one of the tickets; saw other parties getting lager; can't remember whether I saw other parties giving tickets for lager; there were four men serving; the three here now and a Frenchman; they were all serving lager and other refreshments; don't know how many drinks I had; may have had a dozen; can't tell exactly; they were busy serving from 12 until about 5 o'clock; I brought back some stuff to the cars; can't say who asked me to take the stuff; Mr. Patterson paid me for bringing the ice and also for taking back the stuff; brought back some empty bottles and some full kegs; there were about 14 or 15 kegs of lager; they were Sleeman's kegs; they appeared the same sort of kegs that beer was drawn from on the grounds; don't think I took any empty kegs away; the railroad team took them afterwards; I had tickets that day; got them from strangers; don't know their names.

The case is proceeding as we go to press.

Foreign.

Col. Campbell, a Conservative, will oppose Mr. Gladstone in Midlothian.

The Conservatives of Rosendale have decided to support Lord Hartington.

Earl Rosebery and Lord Wolverton have each subscribed £50,000 to the Gladstonian election fund.

The Midlothian Liberal Association has adopted, by a vote of 52 to 15, a resolution expressing confidence in Mr. Gladstone.

Patti begins her wedded life in great style. She is already supporting a brood of five children of Nicolini by his former wife.

Mr. A. C. Mackenzie, the composer of "Columbia" and "The Rose of Sharon," has just produced, under Mr. Carl Rosa's management, in London, a new opera called "The Troubadour."

Mr. Harris gave a banquet to Dr. Oliver Wendell Holmes at Drury Lane Theatre on Monday night. Fifty leading members of the London Literary Society were present. Several cordial speeches of welcome to Dr. Holmes were made.

Canon Liddon, probably the greatest living preacher whom the Episcopal Church of England possesses, has been elected to the Bishopric of Edinburgh, the vote of the Synod in his favor being 44 to 4.

In the annual congress of the members of the Iron and Steel Institute Dr. Percy, the President, referred to the increasing development of the resources of China, and looked before many years to see Chinese iron and steel competing in the markets of the world.

The *North German Gazette* (Bismarck's organ) says Gladstone's manifesto is an eloquent and able defence of the Home Rule policy, and that the adverse comments on the manifesto by the London newspapers are rather dogmatic than reflective and convincing.

The Late Riots in Ireland.

BELFAST, June 16.—In the inquest in the case of McCormick, who was shot in the recent riots, the jury rendered a verdict of wilful murder against the policemen, whose names are unknown.

The coroner's jury have found another verdict of wilful murder against the police, in the case of a person who has died from buckshot wounds received in the recent riots.

SLIGO, June 16.—The town continues quiet, but many arrests are being made.

The Orange Grand Lodge of Ireland has issued a manifesto protesting against the betrayal of the loyal minority of Ireland at the bidding of Mr. Gladstone and Mr. Parnell in the interest of rebels, outrage-mongers, and other violaters of the law.

The Late King of Bavaria.

Closer investigation into the details of the King's suicide makes it clear that the King threw or dragged Dr. Gudden into the water. The bushes and pathway near the scene of the suicide shows signs of a desperate hand to hand struggle. A hat was lying in one place and a coat in another. The latter seemed to have been hurriedly torn off and flung on the ground.

It is stated that Ludwig had for a long time contemplated suicide. He told his mother of his intention, and asked the royal physcians to give him something that would quietly terminate his existence.

Ludwig was perfectly crazy about the moon, whose presence was indispensable to his happiness. Artificial moons are to seen arranged in almost every one of his sleeping apartments.

The self-killed Bavarian monarch was the fourth of the kings who during the present century, on account of mental or physical breakdown, had to surrender the sceptre. George III. of England, Oscar I. of Sweden and Frederic William IV. of Prussia were the three others.

Queen Mary, mother of the late King, is seriously ill and has not yet been informed of her son's death.

The East Ontario Association of Baptist Churches began its 69th anniversary on Wednesday at Brooklin.

The 26th annual Synod of the German Lutheran Church of Canada opened on Wednesday at Hamilton.

Governor Hill on Wednesday signed the bill passed by the New York Legislature abolishing perpetual imprisonment for debt.

A cargo of rails for the Hudson's Bay railway has been shipped to York Factory from Winnipeg.

The first Canadian Pacific through train for the Pacific coast will arrive in Winnipeg on Dominion day.

Sheriff Springer, of Waterloo, was married at Berlin on Tuesday to the widow of the late Lewis Zoeger, of Waterloo.

Messrs. Ogilvie & Co. are just completing a new elevator in Montreal having a capacity of two hundred and fifty thousand bushels. The same firm will commence, on Monday, a new flour mill exceeding in capacity any of the mammoth mills in Minneapolis.

MR. A. B. PETRIE left yesterday for Little Current. He owns the Isle of Beauty near there, and is this season to erect a handsome two story summer resort, 10 rooms, after the Queen Anne style of architecture. Mr. John Day, of Guelph, is the architect.

MR. GEO. BAYNES, a clerk in Mr. P. Anderson's store, while attending to the hoist this morning, missed his footing and fell a distance of some twelve feet into the cellar. He escaped without a scratch, which is a wonder, seeing the distance that he fell.

THE Rev. J. C. Smith, pastor of St. Andrew's Church, sails for Scotland on the 3rd of July by the Anchor Line steamer Furnessia. He purchased his ticket from Capt. John Davidson. His many friends in Guelph hope that the voyage will materially improve his health.

BRIGADE GENERAL ORDERS.

1st Provisional Brigade Field Artillery—Lt.-Colonel Macdonald Commanding.

1. The commanding officer regrets to have to announce than it has been impossible to obtain proper accommodation for the brigade at or near Galt.

2. The brigade will assemble in camp at Guelph on the 21st inst., for the performance of the annual drill, and as laid down in general orders.

3. Majors commanding batteries will assemble their men at the gun shed Guelph, at such time as will enable them to march into camp at the Exhibition grounds at 1 p.m. on that day.

4. The officers and non-commissioned officers detailed for duty and the Quarter-Master Sergeants of the brigade and batteries will report themselves at the brigade office on the evening of the 18th to receive their orders at 8 o'clock.

5. Majors commanding batteries are to furnish the brigade office with alphabetical rolls of their batteries, which at 3 p.m. on the 21st the subdivisions to which the men belong are to be shown. Any men joining after that are to be at once reported and their names added.

6. Brigade standing orders are to be observed in all matters connected with the camp when not otherwise ordered.

7. A guard consisting of 1 non-commissioned officer and six gunners will be paraded and marched off to take charge of the ground at 12 o'clock noon.

8. One cook and one cook's orderly for battery will be detailed and report at gun shed to the officer on duty and will proceed to the ground in time to have the men's dinners prepared at 1:30 p.m. on the 21st.

9. The guard will be mounted at 6 p.m. each day, and the guard report will be sent to the officers on duty on the day on which the guard is dismounted. Captain on brigade duty on Monday, Captain Murchison; subaltern on brigade duty on Monday, Lieutenant Tuck; next for duty Lieutenant Hall.

10. Brigade office hour 11:30 a.m., by which hour all reports and states are to be in.

By order, WALTER CLARKE, Captain and Adjutant.

Sporting Notes.

BASEBALL.

Last evening the Maple Leafs received a most flattering reception from the citizens on their arrival home from their recent successful tour through the States. Shortly before the arrival of the train, the Band which had been playing for a short time on the Market Square, marched to the station playing as they went. Where all the people sprang from so suddenly is a mystery, but there they were by the hundreds. Not even an official visit of the Governor-General would have drawn a larger crowd. After considerable hand shaking the nine took their seats in cabs provided for them, when the Band headed a procession of carriages and other vehicles along east Market Square and Wyncham street to the Wellington Hotel, the dense crowd following as best they could. President Sleeman and a few of the directors were in front of the procession.

The Maple Leafs are pic-nicing at Puslinch Lake to-day.

During the ten games which the Maple Leafs played while on their tour they made 133 to their opponents 39 and 124 hits to opponents 45.

Luther Frank, 13 year-old son of Judge Frank, Dayton, Ohio, was killed on the 15th inst, by being hit with a baseball.

The International League games to-day are: Oswego at Hamilton, Utica at Buffalo, Syracuse at Rochester, and Binghampton at Toronto.

A bet of $1,000 to $100 was made last night in Toronto, that Toronto would not win three straight games from Binghamton, that is, to-day, to-morrow and Saturday.

President Wykoff, of the American Association, has sentenced Latham and Bushong, of the St. Louis Ball Club, to pay a fine of $100 each or stand suspended for thirty days. The men came to blows recently during the progress of a game.

Yesterday the Torontos were defeated by the Hamilton's by a score of 5 to 1.

Toronto Musical Festival.

The second night of this festival was even more successful than the first. At the afternoon concert the rink was comfortably filled and at night it was jammed as full as it could hold. There must have been nearly four thousand persons present. Such a grand collection of culture and beauty has certainly never been seen before in this flourishing province. Nearly all of the principal cities and towns of Ontario were represented. Hamilton sent down a goodly deputation. The concert in the afternoon was of a miscellaneous character and was very successful. At night "Israel in Egypt" was produced with the full strength of the chorus and orchestra. It is a grand production and it was rendered as it has never before been in Toronto. In the course of the evening the members of the chorus presented an address to Mr. Torrington, the conductor, accompanied with a handsome black marble clock and statuettes.

Libel Suit Against the Stratford "Beacon."

At the Toronto Assizes on Wednesday Elizabeth Alleva Vermilyea, a rather good looking young woman, appeared as plaintiff against Mr. A. Matheson, proprietor of the Stratford *Beacon*, in an action for slander. She claimed $3,000 damages. The evidence was of a spicy nature and several prominent citizens of Stratford were summoned as witnesses. Miss Vermilyea was a book agent in Stratford and left that place last April. About the same time Roy, teller of the branch of the Montreal Bank in Stratford, disappeared with over $2,500 of the bank's funds, and the *Beacon* published a paragraph stating that the teller was gone and that "rumour has it that he left in company or shortly after a female book agent, an alleged grass widow, who has been in the city for weeks. The paper also indicated that she was a designing female. As a result of the paragraph Miss Vermilyea was discharged from her situation as book-keeper in the International Publishing House at Toronto. Two witnesses were examined for the plaintiff. The defendant called several witnesses to convince the jury that the paper was justified in referring to the woman in the manner complained of.

10 CENT STORE, Jas. F. Kidner

Owed to the Man Who Has Said Unto His Brother, "Is It Warm ?" Etc.

Sing hey! for a cauldron of boiling oil,
And a basin of molten lead,
Where this obdurate sinner may sizzle and boil
And tropically soak his head.

Who says to his brother in sweltering stew,
With a gurgle of fervid glee,
"Is it torrid enough to-day for you ?
It's not warm enough for me."

May he singe and toast and simmer and roast,
And char and kindle and burn,
And scorch and singe and ever cringe
And his body to cinders turn.

Then the blistering heat of a furnace fire
Shall accomplish his just cremation,
And fagots and peat be his funeral pyre
To finish his incineration.

And thus this felon we'll ardently kill,
And listen with joy to his moans;
And when he has carbonized all that he will,
We'll each take one of his bones.

And waving the calcined remains of him,
A Parsecan dance we'll do;
And shout this jocular requiem,
"Is it hot enough now for you."

MARRIED.

CARSON—DEITZ—At the Dublin Street Methodist church, Guelph, on the 16th June, by the Rev. W. S. Griffin, D. D., Rev. John H. Carson, to Gertrude, eldest daughter of Mr. J. H. Deitz, of Guelph.

MAYOR MCKAY, of Hamilton, has telegraphed $500 to Vancouver, B. C., in aid of those rendered homeless by the terrible fire there this week.

A LARGE majority of the members of the Peel County Council arrived by the three o'clock train this afternoon on a visit to the Agricultural College.

MRS. JAS. CLARKE presided at the organ in the Dublin street Methodist Church yesterday afternoon at the marriage ceremony of the Rev. Mr. Carson.

THE Boating Club will officially open their park to-night. Carryalls will leave St. George's Square during the evening. The City Band will be in attendance.

ROYAL Lodge No. 60, A.O.U.W., will on Friday night, 25th June, unveil a tablet dedicated to the memory of their late Brother Benjamin Fairley.

THE weekly *Tocsin* is the name of a small paper published in Hamilton in the interest of temperance. It is neatly got up. J. G. Y. Burkholder & Co., are the publishers.

MR. JOHN COUGHLIN has received a shipment of fresh oysters. He says that every one of them would half sole a pair of boots. Of course toughness must be taken into consideration.

THE special committee to investigate the charges against the Chief of Police meets to-morrow afternoon at 3.30 in the Council Chamber. Their proceedings are open to the public.

NEW YORK is considerably torn up, so to speak, over the question of whether the girls who clerk in stores are saleswomen or salesladies. We don't know what they are in New York city, but in this town they are both.

DON'T miss the Boating Club concert to-night at the new park up the river. City Band, refreshments, &c. Conveyances will start from St. George's Square during the evening. The event of the season. All invited. d1

MARKET gardeners inform the St. Catharines *News* that the onion crop will be a dead failure this season. The periodical onion bug has commenced to bore and spring onions are now dearer than have been known for years.

AN exchange says:—"People with very fine complexions have been known to travel on their face." "Yes, neighbor, you are right, for only last evening we beheld a young man with a complexion as fair as a girl's take a header from a bicycle, and travel about twenty feet on his face through a lot of gravel."

AMONG the pensions passed at the late session of Parliament, was one of $750 a year to Capt. H. H. Swinford, late of Guelph, father of Lieut. Swinford, who was wounded at Fish Creek during the Northwest rebellion last year, and who afterwards died of his wounds.

THE St. Quintin Dramatic Company will appear here on Monday and Tuesday in "Lady Audley's Secret" and "Caste." As Miss St. Quintin is an old favorite in Guelph and has a strong support play goers may expect a treat. Reserved seats can be secured at Pringle's.

THE Supreme Lodge of the Ancient Order of United Workmen began its session in Minneapolis on the 16th inst. Delegates from the Grand Lodges of thirty-one States and Territories and Ontario, to the number of 246, are in attendance. Mayor Ames welcomed the visitors and tendered them the freedom of the city.

FIREMEN'S TOURNAMENT.—A large number went through this morning on the cheap excursion to the firemen's demonstration being held to-day in Stratford. The Georgetown and Aurora firemen were in full force, accompanied by the Georgetown band, which played a tune during the short stay at the station. Georgetown has reason to be proud of its band, as the music furnished was excellent.

AID TO THE VANCOUVER SUFFERERS.—Additional subscriptions for the sufferers in Vancover, B. C., amounting to $65, were received by Mayor Howland on Wedday from citizens of Toronto. The city of Hamilton has contributed $500. The Waterloo County Council has voted $300 for the same purpose, and the Canadian Pacific Railway directors have instructed their western agent to give relief to all in distress in the unfortunate city.

HARPER'S FOR JULY.—The strongest article in the forth-coming July Harper's is on "The New York Produce Exchange," by Dr. Richard Wheatly. Like his article in the previous volume on "The New York Stock Exchange," it is carefully written, replete with information, and highly interesting. Every live business man will welcome such a thorough exposition of the great centre of our mercantile system. The history of the institution is traced from the rude thatched shed in Peter Stuyvesant's time, about which the tradesmen clustered, to the present magnificent temple of commerce costing three and a quarter millions. The features of this colossal structure are detailed, and the method of its gigantic operations is fully explained. Twenty superb illustrations adorn the article, five of them being full pages, and one of these represents the interior of the Chicago Board of Trade.

Important News Item.

COCKSTOWN.—Mrs Campbell had for a number of years been troubled with indigestion and constipation, and was induced to try McGregor's Speedy Cure and found it all that was needed and would recommend its use to any person similarly troubled. This invaluable remedy is sold in every part of Canada at 50c. and $1.00 per bottle. Sold at Thos. B Petrie's Drug Store.

SCOTT ACT VIOLATIONS.

Other Cases in Connection with Manchester Unity Pic-nic.

This morning Wm. C. Patterson, Toronto, appeared before Police Magistrate Saunders on a charge of violating the Scott Act, by the sale of intoxicating liquor on the Exhibition grounds on the 24th of May. Messrs. Biglow and McGregor, Toronto, appeared for the defence, and Mr. Guthrie, Q.C., and Col. Macdonald for the prosecution.

W. S. Cowan, sworn:—Am Inspector of licenses for South Wellington; was on the Exhibition ground on 24th May last; part of the main building was occupied by the Oddfellows from Toronto; quite a number of Guelph people were there; the defendant, Wm. C. Patterson, was serving out refreshments; there was a sort of bar made with boards laid on trestles; there were beer kegs behind the bar; people asked for lager beer and were supplied from these kegs; Sleeman' name was on some of the kegs; saw the defendant serve lager beer as drawn from kegs on tap; was there several times and the defendant was serving beer and other refreshments; the defendant gave beer in return for refreshment tickets; can't name the persons who got beer for tickets; Toney Gillie was serving beer also; there were four serving altogether; don't know whether any other refreshments were served for these tickets; counted 22 kegs near where the beer was being served; was a witness in the case against Gillie; was not asked where I lived when I was served with beer; I was not served by defendant; saw other Guelph people getting beer but can't say they were served by defendant; I gave Toney Gillie a ticket for beer; all four waiters appeared to be alike busy, and all were serving the the same kinds of refreshments; can't say from my own knowledge who was in charge of the refreshments.

Cross-examined—Didn't get anything from this defendant: saw money pass for other refreshments, but none for lager beer; saw defendant serving what appeared to be lager to other people; can't swear it was lager; can't swear it was intoxicating: lager beer was asked for, and what was supplied looked like lager; can't say what was on the tickets taken in by the defendant; don't know to whom the kegs belonged.

James Dowrie, sworn:—Was at the Exhibition ground on the 24th of May and in the Exhibition building; was where the refreshments were served; was there more than once; saw refreshments served out by all four; saw Mr. W. C. Patterson serve refreshments; there were cigars, temperance drinks and lager beer; the lager was in kegs and was served in glasses; had some lager beer myself; gave a ticket for it—a refreshment ticket; saw other similar refreshment tickets; didn't see any punched marks in the ticket I used; got my ticket from Thomas Hewer; didn't pay him for it; got two tickets later on from some one; did not know who but gave ten cents for them; I got a glass of lager for one of those tickets, from that gentleman over there (Mr. Smart); saw defendant serving beer, but don't know to whom—can't say how many glasses I saw him serve; There were quite a number of people being served; the defendant appeared to take tickets for the beer; was a distiller at Allan's distillery for a number of years; whiskey is intoxicating; won't say lager beer is intoxicating; lager beer is a malt liquor.

Cross-examined—The beer I drank was out of a similar keg to that served by the defendant; don't know anything about spruce beer; the ticket I got appeared to be broader than the one produced; didn't expect to get any beer when I went there; would swear to the people serving; recognise the defendant; what I got was lager beer; I know the difference between lager beer and other beer; can't swear what I got was intoxicating; have tasted home brewed ale; saw other refreshments served also; the defendant was serving what I took to be lager beer; I don't think lager beer is intoxicating unless taken in quantity; never took it to excess; have seen a man drink half a gallon of it.

F. W. Randall, sworn.—Saw W. C. Patterson behind the bar in the exhibition buildings, on the 24th of May, serving out lager beer, cigars and sandwiches—he served any one who had a ticket, something like the one produced; heard the defendant asked for lager, and he handed out a glass with what appeared to be lager, and received in exchange a ticket; I believe lager to be intoxicating; the defendant, Patterson, Smart and Gillie, were selling; Welch was there too; the defendant, I think, was there when Welch was; they had stopped giving out lager then; saw Welch, Healey and Wm. John Everson getting lager; Welch was drunk; didn't search him for a flask.

Chas. Pettiford, sworn. — Reside in Guelph; was at the exhibition grounds on the 24th May; didn't see defendant there to my knowledge; didn't see any one I knew; saw young Patterson; saw what I supposed to be lager served; got at least two glasses of lager myself; didn't pay any attention to the party serving me; gave a ticket for the beer; had the ticket given to me; bought cigars and paid for them; got the tickets from Mr. Norris, of Toronto; got some from a stranger: don't know who he was; gave no money for any tickets; I suppose the tickets were similar to the one produced.

James Welch, sworn.—Was at the exhibition grounds on the evening of the 24th after 5 o'clock; it was after half-past four when I started to hitch up the team to drive out there; had not been there that day before; got beer tickets; don't know how many tickets I had; got cigars too for tickets; don't know from whom I got the beer; wouldn't swear I have seen him in court.

Thomas Healey, sworn—Live in Guelph; was on the grounds last 24th May and in the main building; had something to drink; either ale or lager; had several drinks; suppose it was lager; had also a drink before the stand was put up; was going to get some ice and defendant asked me to take a glass of lager; the ice was put on the kegs of lager; had a drink when I came back with the ice; Patterson gave me the first drink and one of the other men gave me the other, after I came back; Patterson paid me for bringing the ice; don't know who paid for the other drink I got; got a sandwich with one of the tickets; saw other parties getting lager; can't remember whether I saw other parties giving tickets for lager; there were four men serving; the three here now and a Frenchman; they were all serving lager and other refreshments; don't know how many drinks I had; may have had a dozen; can't tell exactly; they were busy serving from 12 until about 5 o'clock; I brought back some stuff to the cars; can't say who asked me to take the stuff; Mr. Patterson paid me for bringing the ice and also for taking back the stuff; brought back some empty bottles and some full kegs; there were about 14 or 15 kegs of lager; they were Sleeman's kegs; they appeared the same sort of kegs that beer was drawn from on the grounds; don't think I took any empty kegs away; the railroad team took them afterwards; I had tickets that day; got them from strangers; don't know their names.

The case is proceeding as we go to press.

Foreign.

Col. Campbell, a Conservative, will oppose Mr. Gladstone in Midlothian.

The Conservatives of Rosendale have decided to support Lord Hartington.

Earl Rosebery and Lord Wolverton have each subscribed £50,000 to the Gladstonian election fund.

The Midlothian Liberal Association has adopted, by a vote of 52 to 15, a resolution expressing confidence in Mr. Gladstone.

Patti begins her wedded life in great style. She is already supporting a brood of five children of Nicolini by his former wife.

Mr. A. C. Mackenzie, the composer of "Columbia" and "The Rose of Sharon," has just produced, under Mr. Carl Rosa's management, in London, a new opera called "The Troubadour."

Mr. Harris gave a banquet to Dr. Oliver Wendell Holmes at Drury Lane Theatre on Monday night. Fifty leading members of the London Literary Society were present. Several cordial speeches of welcome to Dr. Holmes were made.

Canon Liddon, probably the greatest living preacher whom the Episcopal Church of England possesses, has been elected to the Bishopric of Edinburgh, the vote of the Synod in his favor being 44 to 4.

In the annual congress of the members of the Iron and Steel Institute Dr. Percy, the President, referred to the increasing development of the resources of China, and looked before many years to see Chinese iron and steel competing in the markets of the world.

The *North German Gazette* (Bismarck's organ) says Gladstone's manifesto is an eloquent and able defence of the Home Rule policy, and that the adverse comments on the manifesto by the London newspapers are rather dogmatic than reflective and convincing.

The Late Riots in Ireland.

BELFAST, June 16.—In the inquest in the case of McCormick, who was shot in the recent riots, the jury rendered a verdict of wilful murder against the policemen, whose names are unknown.

The coroner's jury have found another verdict of wilful murder against the police, in the case of a person who has died from buckshot wounds received in the recent riots.

SLIGO, June 16.—The town continues quiet, but many arrests are being made.

The Orange Grand Lodge of Ireland has issued a manifesto protesting against the betrayal of the loyal minority of Ireland at the bidding of Mr. Gladstone and Mr. Parnell in the interest of rebels, outrage-mongers, and other violaters of the law.

The Late King of Bavaria.

Closer investigation into the details of the King's suicide makes it clear that the King threw or dragged Dr. Gudden into the water. The bushes and pathway near the scene of the suicide shows signs of a desperate hand to hand struggle. A hat was lying in one place and a coat in another. The latter seemed to have been hurriedly torn off and flung on the ground.

It is stated that Ludwig had for a long time contemplated suicide. He told his mother of his intention, and asked the royal physcians to give him something that would quietly terminate his existence.

Ludwig was perfectly crazy about the moon, whose presence was indispensable to his happiness. Artificial moons are to seen arranged in almost every one of his sleeping apartments.

The self-killed Bavarian monarch was the fourth of the kings who during the present century, on account of mental or physical breakdown, had to surrender the scepire. George III. of England, Oscar I. of Sweden and Frederic William IV. of Prussia were the three others.

Queen Mary, mother of the late King, is seriously ill and has not yet been informed of her son's death.

The East Ontario Association of Baptist Churches began its 69th anniversary on Wednesday at Brooklin.

The 26th annual Synod of the German Lutheran Church of Canada opened on Wednesday at Hamilton.

Governor Hill on Wednesday signed the bill passed by the New York Legislature abolishing perpetual imprisonment for debt.

A cargo of rails for the Hudson's Bay railway has been shipped to York Factory from Winnipeg.

The first Canadian Pacific through train for the Pacific coast will arrive in Winnipeg on Dominion day.

Sheriff Springer, of Waterloo, was married at Berlin on Tuesday to the widow of the late Lewis Zoeger, of Waterloo.

Messrs. Ogilvie & Co. are just completing a new elevator in Montreal having a capacity of two hundred and fifty thousand bushels. The same firm will commence, on Monday, a new flour mill exceeding in capacity any of the mammoth mills in Minneapolis.

MR. A. B. PETRIE left yesterday for Little Current. He owns the Isle of Beauty near there, and is this season to erect a handsome two story summer resort, 10 rooms, after the Queen Anne style of architecture. Mr. John Day, of Guelph, is the architect.

MR. GEO. BAYNES, a clerk in Mr. P. Anderson's store, while attending to the hoist this morning, missed his footing and fell a distance of some twelve feet into the cellar. He escaped without a scratch, which is a wonder, seeing the distance that he fell.

THE Rev. J. C. Smith, pastor of St. Andrew's Church, sails for Scotland on the 3rd of July by the Anchor Line steamer Furnessia. He purchased his ticket from Capt. John Davidson. His many friends in Guelph hope that the voyage will materially improve his health.

BRIGADE GENERAL ORDERS.

1st Provisional Brigade Field Artillery—Lt.-Colonel Macdonald Commanding.

1. The commanding officer regrets to have to announce than it has been impossible to obtain proper accommodation for the brigade at or near Galt.

2. The brigade will assemble in camp at Guelph on the 21st inst., for the performance of the annual drill, and as laid down in general orders.

3. Majors commanding batteries will assemble their men at the gun shed Guelph, at such time as will enable them to march into camp at the Exhibition grounds at 1 p.m. on that day.

4. The officers and non-commissioned officers detailed for duty and the Quarter-Master Sergeants of the brigade and batteries will report themselves at the brigade office on the evening of the 18th to receive their orders at 8 o'clock.

5. Majors commanding batteries are to furnish the brigade office with alphabetical rolls of their batteries, which at 8 p.m. on the 21st the subdivisions to which the men belong are to be shown. Any men joining after that are to be at once reported and their names added.

6. Brigade standing orders are to be observed in all matters connected with the camp when not otherwise ordered.

7. A guard consisting of 1 non-commissioned officer and six gunners will be paraded and marched off to take charge of the ground at 12 o'clock noon.

8. One cook and one cook's orderly for battery will be detailed and report at gun shed to the officer on duty and will proceed to the ground in time to have the men's dinners prepared at 1:30 p.m. on the 21st.

9. The guard will be mounted at 6 p.m. each day, and the guard report will be sent to the officers on duty on the day on which the guard is dismounted. Captain on brigade duty on Monday, Captain Murchison; subaltern on brigade duty on Monday, Lieutenant Tuck; next for duty Lieutenant Hall.

10. Brigade office hour 11:30 a.m., by which hour all reports and states are to be in.

By order,
WALTER CLARKE.
Captain and Adjutant.

Sporting Notes.

BASEBALL.

Last evening the Maple Leafs received a most flattering reception from the citizens on their arrival home from their recent successful tour through the States. Shortly before the arrival of the train, the Band which had been playing for a short time on the Market Square, marched to the station playing as they went. Where all the people sprang from so suddenly is a mystery, but there they were by the hundreds. Not even an official visit of the Governor-General would have drawn a larger crowd. After considerable hand shaking the nine took their seats in cabs provided for them, when the Band headed a procession of carriages and other vehicles along east Market Square and Wyndham street to the Wellington Hotel, the dense crowd following as best they could. President Sleeman and a few of the directors were in front of the procession.

The Maple Leafs are pic-nicing at Puslinch Lake to-day.

During the ten games which the Maple Leafs played while on their tour they made 133 to their opponents 39 and 124 hits to opponents 45.

Luther Frank, 13 year-old son of Judge Frank, Dayton, Ohio, was killed on the 15th inst, by being hit with a baseball.

The Internntional League games to-day are: Oswego at Hamilton, Utica at Buffalo, Syracuse at Rochester, and Binghampton at Toronto.

A bet of $1,000 to $100 was made last night in Toronto, that Toronto would not win three straight games from Binghamton, that is, to-day, to-morrow and Saturday.

President Wykoff, of the American Association, has sentenced Latham and Bushong, of the St. Louis Ball Club, to pay a fine of $100 each or stand suspended for thirty days. The men came to blows recently during the progress of a game.

Yesterday the Torontos were defeated by the Hamilton's by a score of 5 to 1.

Toronto Musical Festival.

The second night of this festival was even more successful than the first. At the afternoon concert the rink was comfortably filled and at night it was jammed as full as it could hold. There must have been nearly four thousand persons present. Such a grand collection of culture and beauty has certainly never been seen before in this flourishing province. Nearly all of the principal cities and towns of Ontario were represented. Hamilton sent down a goodly deputation. The concert in the afternoon was of a miscellaneous character and was very successful. At night "Israel in Egypt" was produced with the full strength of the chorus and orchestra. It is a grand production and it was rendered as it has never before been in Toronto. In the course of the evening the members of the chorus presented an address to Mr. Torrington, the conductor, accompanied with a handsome black marble clock and statuettes.

Libel Suit Against the Stratford "Beacon."

At the Toronto Assizes on Wednesday Elizabeth Alleva Vermilyea, a rather good looking young woman, appeared as plaintiff against Mr. A. Matheson, proprietor of the Stratford *Beacon*, in an action for slander. She claimed $3,000 damages. The evidence was of a spicy nature and several prominent citizens of Stratford were summoned as witnesses. Miss Vermilyea was a book agent in Stratford and left that place last April. About the same time Roy, teller of the branch of the Montreal Bank in Stratford, disappeared with over $2,500 of the bank's funds, and the *Beacon* published a paragraph stating that the teller was gone and that "rumour has it that he left in company or shortly after a female book agent, an alleged grass widow, who has been in the city for weeks. The paper also indicated that she was a designing female. As a result of the paragraph Miss Vermilyea was discharged from her situation as book-keeper in the International Publishing House at Toronto. Two witnesses were examined for the plaintiff. The defendant called several witnesses to convince the jury that the paper was justified in referring to the woman in the manner complained of.

The Evening Mercury

THURSDAY EVE'G JUNE 17, 1886.

Reform Meeting in Bruce.

A most successful Reform demonstration was held at Chesley on Wednesday. The Hon. Mr. Blake and the Hon. Mr. Pardee arrived in the village by the ten o'clock train, accompanied by Dr. Landerkin, M. P., Mr. Allen, M. P. for North Grey, Mr. John Gillies, M. P. P. for North Bruce, Dr. Bonar and others. The party was welcomed by the 42nd Battalion band from Walkerton, after which Mr. Blake was presented with an address from the Chesley Liberal Association. A procession was then formed and paraded the principal streets, which were gaily decorated with evergreens, banners and mottos, one of which bore the following: "Beaty and the Boy must go." After lunch the meeting was formed, Mr. Archibald Ewart, President of the North Bruce Liberal Association, taking the chair. Able addresses were then given by Mr. Blake, Mr. Pardee, Dr. Landerkin, Dr. Bonar, Mr. Gillies, and Mr. O'Connor, M. P. P. for South Bruce. The demonstration was successful in every respect, and thoroughly aroused the enthusiasm of the Reformers in Bruce.

The Reform Elections in Nova Scotia.

Although the returns of the Local elections in Nova Scotia are not yet complete, enough is known to assure us that the Liberals in that Province have nearly swept the Conservatives out of existence. There is reasonable expectation that thirty Liberal members have been returned out of thirty-eight, and it is quite certain that at least twenty-eight Liberals have been elected.

The Liberals have returned one candidate at least in seventeen out of the eighteen counties, and in twelve counties the full Liberal ticket was elected. The full Conservative ticket was carried in only one county, that of Cape Breton. The majority for the Repeal candidates in Halifax is about 1,000.

The news of this sweeping victory in Nova Scotia has had a most dispiriting effect on the Conservatives all over the country, but especially on the members of the Government at Ottawa. The Cabinet Ministers and satellites turned out in force on Tuesday night to jubilate over the victory that Messrs. McLelan and Thompson assured them was certain. They congregated around the telegraph offices, and when it was announced that Halifax city had given about a thousand Liberal majority they refused to believe it. As the news from the country districts came in, however, and it was found that the Tories were completely routed, the Ministers went home with sad hearts. They could not plead that the Dominion issues were not involved in the election, because the people who declare for secession are not satisfied with the Dominion Government. The most notable circumstance is that the counties represented by Thompson and McLelan, two Nova Scotia Cabinet Ministers, have been carried by the Liberals. A story comes from Ottawa that Sir John Macdonald was so enraged over the result of the elections that he is seriously thinking of asking Messrs. McLelan and Thompson to resign. We can scarcely credit this, but there is no doubt that these Ministers have grossly deceived the Premier, and that they and he have been completely taken aback by this extraordinary change of feeling in Nova Scotia.

The cry of repeal of the Union and the breaking up of Confederation was to some extent a factor in the elections but this has been brought about in a large measure by the reckless and extravagant course of the Government at Ottawa, by their corrupt practices, and by the exaction of oppressive taxes which have told heavily on the people in the Maritime Provinces, and which have been most injurious to their commercial interests and to trade generally. Under a better and a purer government much of the present cause for discontent would be removed, and the people would in a large measure be reconciled to their present political position.

Sir Richard Cartwright will visit East Huron in the course of a fortnight and address his constituents.

It is said that three of the leading French Ministers in the Dominion Cabinet, Sir Hector Langevin, Sir Adolphe Caron and Mr. Chapleau are at present in the city of Quebec urging Cardinal Taschereau to give his sanction to the issuing of a collective pastoral by the Roman Catholic Bishops of the Province, forbidding the use of the Riel question in the coming Provincial elections.

With respect to the much discussed book of Extracts from the Bible, prepared for the use of Public Schools, a correspondent in the *Mail* lately charged Archbishop Lynch with mutilating portions of the Scriptures contained in these Extracts. The Archbishop has now written a letter, in which he states he did not suggest the preparation of a book of Extracts from the Bible, that the manuscript which was submitted to the Protestant ministers wes also submitted to him, as a great many Catholic children attend the Public Schools; that he did not think it in his province to pronounce upon Protestant Scriptures, and that he merely suggested the adoption of the reading of the revised version, "Our Father who art in Heaven, instead of the old reading, Our Father which art in Heaven."

The final revision of London City voters' lists was concluded on Wednesday with the result of again to Liberals over all of thirty-seven votes. The Conservatives fared badly in St. James' Ward, Toronto, at the final revision there. They applied to have a hundred and seventy-six names put on the list, but Judge McDougall allowed only seven. Nor did they fare any better in St. John's Ward. They applied to put seventy-four names on and the Judge allowed only three. The Tory mode of procedure in these wards in Toronto is pretty much the same as that adopted by their fellow Tories in other constituencies in Ontario. They get together an array of names of parties whether qualified or not, leaving to the Liberals all the trouble and expense of securing sufficient evidence to have them put off. This is the general policy followed by the Tories in connection with the Franchise Act.

Another Reply to a "Lover of Order."

To the Editor of the Mercury.

Sir.—In your daily of the 10th a letter appears signed "Lover of Order," which he commences by a dissertation upon law where he states that "a community cannot exist without law and that law is of very little value unless properly supported and administered." He then indulges in an attack upon the conduct of our Police Magistrate, and goes the length of stating that the "remarks of the magistrate in dealing with Scott Act cases are unjust and demoralizing and require to be stopped in the interest of the community at large." This whole letter only goes to show what fanatical and tyrannical feelings actuate the mind of this so called "Lover of Order," and woe be to any community if it were cursed by having a magistrate empowered to administer law animated by such feelings as this "Lover of Order" exhibits. Justice in his hands would be a farce, bigotry not law would be the principle upon which he would convict offenders against the liquor law.

The attack made upon our respected Police Magistrate is mean and cowardly, as "Lover of Order" knows full well that he from his position cannot reply through the press, and therefore "Lover of Order" thinks he is safe in making the aspersions he does upon him.

Now, a few words upon the subject of law introduced with such a flourish in the opening sentence of "Lover of Order," letter, in which he assumes he has produced an incontrovertible axiom. What he says is true to a certain extent, but not wholly correct. The foundation of all human law ought to be based upon the eternal principle of right and justice, and so to a large extent the laws of civilized nations are based upon the commandments in the Decalogue and the authority of Divine revelation in Scripture. The authority of such laws is at once recognized by all good citizens and their enforcement is necessary for the good order and preservation of society.

But in reference to the so-called "Scott Act" it is not of any Divine or Scriptural authority, but merely a sumptuary law, not national but only local in its application. It is simply a means by which a nominal majority who have fanatical ideas upon the subject of total abstinence are enabled to tyrannize over and deprive of their natural liberty the minority who are numerically weakest in a vote polled upon the subject, but, nevertheless, may not be, as I feel satisfied the case is in Guelph, a minority of the whole population.

The Scott Act is not based upon principles of right and justice, and thence arises the difficulty of its enforcement. Men who use wine, beer or spirits temperately, and who have never done themselves or their neighbors any harm by their use, feel naturaly aggrieved when deprived of their natural rights, and are either under the necessity of lacking the use of that which is beneficial to them, or resorting to a mean subterfuge of obtaining a medical certificate to get what they require and having to pay much more than its value at a druggist's.

Our Police Magistrate and Chief Constable a short time ago were the recipients of pæans of praise for doing what was only their duty. Now the former has fallen under the displeasure of "Lover of Order," but I think he will survive it as he has the satisfaction of being regarded by the majority of our citizens as a high-minded, able and just Magistrate, who will do his duty fearlessly and faithfully, in cases under the Scott Act, or any other act, that come before him, and will give to the best of his ability a righteous judgment.

With regard to the Chief, if he had been half as assiduous in carrying out the law under the Crooks Act as he has been under the Scott Act it would have been much better for the city.

In closing these few remarks I would ask, what has been the effect of the passing of the Scott Act? Has it diminished intemperance? As many drunkards are seen in the streets as before the Act passed. Private drinking is encouraged; clubs for such purposes are being formed; and instead of peace, concord and harmony which should dwell among us, hatred, malice and uncharitableness are being matured, and our citizens are being divided into two parties, one party feeling that they are deprived of their just rights, and consequently they do not feel very amiably disposed to those whom they regard as their oppressors. Many who voted for the Act now see their folly, carried away as they were by the specious talk of paid Yankee orators, and the clerical pressure brought to bear upon them at the time of the election. And I doubt not, Mr. Editor, that could the vote be taken to-day the Act would be repealed by as large a majority as that which carried it.

Thanking you, Mr. Editor, for the space given,

I am, yours,
Lover of Justice.

Guelph, June 16.

Invisible but Instantaneous.

All pains or aches will be instantly removed by a few drops of Fluid Lightning applied over the affected parts. No time lost; no nauseous medicines needed; no poulticing or using greasy liniments. It will not blister or discolor the skin. Sold at 25c per bottle by Thos. S. Petrie, Druggist. Sufferers from Neuralgia assure us that they never fear it when their house contains a bottle of Fluid Lightning.

A rollicking Irishman fell in love with a maiden whose father's antipathy was undisguised. "Well, I suppose you have met your fate?" said a friend to him one day. "Me fate! and by the powers I haven't," he exclaimed. "It's the ould gintleman's fate that I met."

Anti-Gladstone Manifestos.

Lord Derby and Lord Hartington's Addresses.

London, June 16.—Lord Derby and other prominent Liberals have issued a manifesto to the electors of Liverpool, in which they say "Liberals must choose between allegiance to Mr. Gladstone and allegiance to principles. Hesitation is impossible. We appeal to those who prefer patriotism to party, to support the Unionist Association, and to follow approved Liberals like Mr. Bright, Lord Hartington, Mr. Chamberlain, Lord Selborne, Mr. Goschen, Mr. Collings, Sir Henry James, and many others. England is bound to protect loyal Irishmen of whatever creed. It would be repugnant to employ the Queen's forces to compel loyal people to submit to Government arising out of a system of cruel outrage and terrorism. How long would the so-called safeguards last? The re-conquest of Ireland would become inevitable. Home Rule and the land purchase schemes mean disaster to Ireland and injustice to England. They are pregnant with strife, collision, and danger involving many millions of the hard-earned money of the taxpayers.

London, June 16.—Lord Hartington, in a manifesto just issued to the electors of Rossendale, says: "It is easy to dismiss with contempt the alternative plans suggested by those who decline to accept the separatist scheme of the Government, but who are willing to concede reasonable demands. The difficulties are great. I am certainly not prepared to commit myself to the details of any of the plans proposed, but certain conditions may be clearly stated which are essential to any plans. Parliament ought to continue to represent the whole and not a part of the Kingdom. Powers which may be conferred upon subordinate local bodies should be delegated not surrendered. The subjects delegated should be clearly defined, and the right of Parliament to control and revise the action of subordinate legislative and administrative authorities should equally be clearly reserved, and lastly, the administration of justice ought to remain in the hands of authority responsible to Parliament. It is asserted that such a limited measure would not satisfy Ireland, but if a majority of the people of the United Kingdom distinctly and firmly declare that they will not assent to any measure which would loosen the bonds of union, it remains to be proved whether the Irish people can be persuaded to maintain a hopeless and unnecessary contest. The alternative schemes are dismissed without discussion in order to show that coercion is the only alternative. Nobody has advocated coercion as a policy. But there is a point where any government may be compelled to resort to what may be called coercion. The Government measure is no alternative to coercion because it is certain that without coercion the Protestants of Ulster would not submit to the authority which it is proposed to impose upon them.

McGregor's Lung Compound.

Have you a bad cough, a chronic hoarseness a feeling of lightness in the chest, weak lungs, or any similar complaint? If so, buy at once a bottle of McGregor's Lung Compound. It will cure you. It contains entirely new specifics, of which one dose is more effectual than a whole bottle of the old time remedies it is put up in 50c. and $1.00 bottles. Sold by Thos. S. Petrie, Druggist. Try it, and you will never have reason to complain.

The bright light of advancing civilization is shining in the dark places of the earth. The Emir of Afghanistan has the gout.

100°

IN THE SHADE.

If it has not reached that point yet it soon will. It's coming, and coming fast. Merchants are excited, customers are talking about it. We had no idea that our "few shots at random," sent forth from this paper during the past week would produce such a sensation. But the fact of our reducing the price of our lovely new 40c., 45c. and 50c. Dress Goods to 25c., the line of elegant Summer Silks we offer at 66⅔c. on the $, the reduction in price of Tweeds and Cloths, the cash discount of 25 per cent on Lace Curtains, the Bargains in Parasols, Hosiery, and Gloves, and the many attractive lines offered much under regular prices, have created a wonderful excitement. As they are not all cleared out there is no doubt of its continuance and increase. In addition to the lines mentioned, we direct special attention to a beautiful range of

Cream and White Victoria Lawns, Cream and White India Linens, White Satin Stripe Lawns, Elegant White Brocades, Printed Muslins, Lovely Swiss Brocades, Hamburg Nets, White, Cream, Tabac, and Drab Madras Laces, Oriental Flouncings, Plain and Tufted Chambrays, Beautiful Oatmeal Cloths, Fine Zephyr Checks, All-over Embroideries in colors and white, and an almost endless variety of Seasonable Dress Goods for the warm weather. Our stock is very large and choice, and we are certain will commend itself for lowness of price and good value.

Specially large range of Plain and Fancy Parasols and Sunshades bought cheap, and will be offered very low. Our *Hosiery and Glove Stock*, containing direct importations from the markets will be found the very best value in the trade.

Pleasant treatment, honest value, no being to buy, and terms cash, together with the marvellous value in the aforementioned lines, are drawing crowds to No. 27.

E. R. Bollert,

27 Lower Wyndham Street, Guelph, Ontario.

Guelph Advertisers.

We see by the Mercury that the Berlin *News* has been giving the Guelph merchants high praise for their literary attainments in the advertising line. We are glad to think that they are worthy of such praise, and that outside papers are taking notice of the fact. We attribute the success of Guelph in a large measure to the enterprizing class of merchants she has always had. We believe in advertising on principle, but, while their is a class of advertising that is admirable, there is a class that is anything but that. Advertising should be done in an open straightforward manner, what you have to say, say it out without beating about the bush, as if you would like people to see the hidden sarcasm, but are at the same time quaking in your boots for fear they do. If your goods are cheaper than others, say so, do not say they are as cheap—there is no virtue in such false modesty—but do not say so unless you know for a fact that they are cheaper. We are aware that this course may be the means of raising the ire of your brother merchants, but that is their misfortune, and will always be the way while human nature remains the same.

We quote prices below to prove our position that we sell cheaper than others.

Silk and Satin Department.

Black and Colored Silks ..... 37½, 45, 50, 60, 75, 90c. and up.

Armstrong's Patent Tempered Steel Buggy and Carriage Gears.

Corning Body Buggy on Improved Eureka Gear.

After a long and thorough trial of the "Improved Eureka" the driving public call for it as the easiest riding of all Buggy Gears. Over six thousand now in use throughout Canada, and the demand still continues large and steadily increasing. It is equally suitable for open or top buggies and phaetons, rides easy with light or heavy load, and has no complicated or weak parts to get out of order. Thoroughly warranted throughout. Call and see sample carriages on these gears at our warerooms, or send for descriptive circular. Catalogue with full particulars regarding all the parts and prices, freely mailed to carriage builders on application to

J. B. ARMSTRONG Mfg. Co. Limited,
Guelph, Canada

A Free Entertainment
—IN THE—
CITY HALL, GUELPH.
On Thursday Evening, 24th June, 1886.

At the request of a number of prominent gentlemen deeply interested in Life Insurance, I have engaged the City Hall, for the evening of the 24th inst., when by means of Diagrams, Charts and Tables, specially prepared for the occasion and gathered from the experience and statistics of Assurance Companies of nearly fifty years standing, I will give a complete exposition of the various systems, showing the merits and demerits of each, and will demonstrate without fear of contradiction that Life Assurance has been and can be furnished by The Mutual Reserve, one of the largest and most reliable companies in the world, at less than one half the rates charged by "Old Liners." As this is the system reduced to a science so successfully practised by Friendly and Benevolent Societies, such as the Workmen, Royal Arcanum, Chosen Friends, Royal Templars, &c., a cordial invitation is extended to all the officers, members and friends of the Benevolent Societies of the city. Representatives of rival Assurance Companies are also invited and requested to correct misrepresentations if any are made. Ladies are specially invited. A number of prominent Insurance men are expected, including J. D. WELLS, General Manager of the Mutual Reserve. His Worship the Mayor has kindly consented to act as chairman. Doors open at 7.30 p. m. Chair taken at 8 Admission Free. See large posters and dodgers.

J. T. PATERSON, Manager for Western Ontario, Office St. George's Square, P. O. Box 625, Guelph.

The Evening Mercury

THURSDAY EVE'G JUNE 17, 1886.

Reform Meeting in Bruce.

A most successful Reform demonstration was held at Chesley on Wednesday. The Hon. Mr. Blake and the Hon. Mr. Pardee arrived in the village by the ten o'clock train, accompanied by Dr. Landerkin, M. P., Mr. Allen, M. P. for North Grey, Mr. John Gillies, M. P. P. for North Bruce, Dr. Bonar and others. The party was welcomed by the 42nd Battalion band from Walkerton, after which Mr. Blake was presented with an address from the Chesley Liberal Association. A procession was then formed and paraded the principal streets, which were gaily decorated with evergreens, banners and mottos, one of which bore the following: "Beaty and the Boy must go." After lunch the meeting was formed, Mr. Archibald Ewart, President of the North Bruce Liberal Association, taking the chair. Able addresses were then given by Mr. Blake, Mr. Pardee, Dr. Landerkin, Dr. Bonar, Mr. Gillies, and Mr. O'Connor, M. P. P. for South Bruce. The demonstration was successful in every respect, and thoroughly aroused the enthusiasm of the Reformers in Bruce.

The Reform Elections in Nova Scotia.

Although the returns of the Local elections in Nova Scotia are not yet complete, enough is known to assure us that the Liberals in that Province have nearly swept the Conservatives out of existence. There is reasonable expectation that thirty Liberal members have been returned out of thirty-eight, and it is quite certain that at least twenty-eight Liberals have been elected.

The Liberals have returned one candidate at least in seventeen out of the eighteen counties, and in twelve counties the full Liberal ticket was elected. The full Conservative ticket was carried in only one county, that of Cape Breton. The majority for the Repeal candidates in Halifax is about 1,000.

The news of this sweeping victory in Nova Scotia has had a most dispiriting effect on the Conservatives all over the country, but especially on the members of the Government at Ottawa. The Cabinet Ministers and satellites turned out in force on Tuesday night to jubilate over the victory that Messrs. McLelan and Thompson assured them was certain. They congregated around the telegraph offices, and when it was announced that Halifax city had given about a thousand Liberal majority they refused to believe it. As the news from the country districts came in, however, and it was found that the Tories were completely routed, the Ministers went home with sad hearts. They could not plead that the Dominion issues were not involved in the election, because the people who declare for secession are not satisfied with the Dominion Government. The most notable circumstance is that the counties represented by Thompson and McLelan, two Nova Scotia Cabinet Ministers, have been carried by the Liberals. A story comes from Ottawa that Sir John Macdonald was so enraged over the result of the elections that he is seriously thinking of asking Messrs. McLelan and Thompson to resign. We can scarcely credit this, but there is no doubt that these Ministers have grossly deceived the Premier, and that they and he have been completely taken aback by this extraordinary change of feeling in Nova Scotia.

The cry of repeal of the Union and the breaking up of Confederation was to some extent a factor in the elections but this has been brought about in a large measure by the reckless and extravagant course of the Government at Ottawa, by their corrupt practices, and by the exaction of oppressive taxes which have told heavily on the people in the Maritime Provinces, and which have been most injurious to their commercial interests and to trade generally. Under a better and a purer government much of the present cause for discontent would be removed, and the people would in a large measure be reconciled to their present political position.

Sir Richard Cartwright will visit East Huron in the course of a fortnight and address his constituents.

It is said that three of the leading French Ministers in the Dominion Cabinet, Sir Hector Langevin, Sir Adolphe Caron and Mr. Chapleau are at present in the city of Quebec urging Cardinal Taschereau to give his sanction to the issuing of a collective pastoral by the Roman Catholic Bishops of the Province, forbidding the use of the Riel question in the coming Provincial elections.

With respect to the much discussed book of Extracts from the Bible, prepared for the use of Public Schools, a correspondent in the *Mail* lately charged Archbishop Lynch with mutilating portions of the Scriptures contained in these Extracts. The Archbishop has now written a letter, in which he states he did not suggest the preparation of a book of Extracts from the Bible, that the manuscript which was submitted to the Protestant ministers wes also submitted to him, as a great many Catholic children attend the Public Schools; that he did not think it in his province to pronounce upon Protestant Scriptures, and that he merely suggested the adoption of the reading of the revised version, "Our Father who art in Heaven, instead of the old reading, Our Father which art in Heaven."

The final revision of London City voters' lists was concluded on Wednesday with the result of again to Liberals over all of thirty-seven votes. The Conservatives fared badly in St. James' Ward, Toronto, at the final revision there. They applied to have a hundred and seventy-six names put on the list, but Judge McDougall allowed only seven. Nor did they fare any better in St. John's Ward. They applied to put seventy-four names on and the Judge allowed only three. The Tory mode of procedure in these wards in Toronto is pretty much the same as that adopted by their fellow Tories in other constituencies in Ontario. They get together an array of names of parties whether qualified or not, leaving to the Liberals all the trouble and expense of securing sufficient evidence to have them put off. This is the general policy followed by the Tories in connection with the Franchise Act.

Another Reply to a "Lover of Order."

To the Editor of the Mercury.

Sir,—In your daily of the 10th a letter appears signed "Lover of Order," which he commences by a dissertation upon law where he states that "a community cannot exist without law and that law is of very little value unless properly supported and administered." He then indulges in an attack upon the conduct of our Police Magistrate, and goes the length of stating that the "remarks of the magistrate in dealing with Scott Act cases are unjust and demoralizing and require to be stopped in the interest of the community at large." This whole letter only goes to show what fanatical and tyrannical feelings actuate the mind of this so called "Lover of Order," and woe be to any community if it were cursed by having a magistrate empowered to administer law animated by such feelings as this "Lover of Order" exhibits. Justice in his hands would be a farce, bigotry not law would be the principle upon which he would convict offenders against the liquor law.

The attack made upon our respected Police Magistrate is mean and cowardly, as "Lover of Order" knows full well that he from his position cannot reply through the press, and therefore "Lover of Order" thinks he is safe in making the aspersions he does upon him.

Now, a few words upon the subject of law introduced with such a flourish in the opening sentence of "Lover of Order," letter, in which he assumes he has produced an incontrovertible axiom. What he says is true to a certain extent, but not wholly correct. The foundation of all human law ought to be based upon the eternal principle of right and justice, and so to a large extent the laws of civilized nations are based upon the commandments in the Decalogue and the authority of Divine revelation in Scripture. The authority of such laws is at once recognized by all good citizens and their enforcement is necessary for the good order and preservation of society.

But in reference to the so-called "Scott Act" it is not of any Divine or Scriptural authority, but merely a sumptuary law, not national but only local in its application. It is simply a means by which a nominal majority who have fanatical ideas upon the subject of total abstinence are enabled to tyrannize over and deprive of their natural liberty the minority who are numerically weakest in a vote polled upon the subject, but, nevertheless, may not be, as I feel satisfied the case is in Guelph, a minority of the whole population.

The Scott Act is not based upon principles of right and justice, and thence arises the difficulty of its enforcement. Men who use wine, beer or spirits temperately, and who have never done themselves or their neighbors any harm by their use, feel naturally aggrieved when deprived of their natural rights, and are either under the necessity of lacking the use of that which is beneficial to them, or resorting to a mean subterfuge of obtaining a medical certificate to get what they require and having to pay much more than its value at a druggist's.

Our Police Magistrate and Chief Constable a short time ago were the recipients of pæans of praise for doing what was only their duty. Now the former has fallen under the displeasure of "Lover of Order," but I think he will survive it as he has the satisfaction of being regarded by the majority of our citizens as a high-minded, able and just Magistrate, who will do his duty fearlessly and faithfully, in cases under the Scott Act, or any other act, that come before him, and will give to the best of his ability a righteous judgment.

With regard to the Chief, if he had been half as assiduous in carrying out the law under the Crooks Act as he has been under the Scott Act it would have been much better for the city.

In closing these few remarks I would ask, what has been the effect of the passing of the Scott Act? Has it diminished intemperance? As many drunkards are seen in the streets as before the Act passed. Private drinking is encouraged; clubs for such purposes are being formed; and instead of peace, concord and harmony which should dwell among us, hatred, malice and uncharitableness are being matured, and our citizens are being divided into two parties, one party feeling that they are deprived of their just rights, and consequently they do not feel very amiably disposed to those whom they regard as their oppressors. Many who voted for the Act now see their folly, carried away as they were by the specious talk of paid Yankee orators, and the clerical pressure brought to bear upon them at the time of the election. And I doubt not, Mr. Editor, that could the vote be taken to-day the Act would be repealed by as large a majority as that which carried it.

Thanking you, Mr. Editor, for the space given,

I am, yours,
Lover of Justice.

Guelph, June 16.

Invisible but Instantaneous.

All pains or aches will be instantly removed by a few drops of Fluid Lightning applied over the affected parts. No time lost; no nauseous medicines needed; no poulticing or using greasy liniments. It will not blister or discolor the skin. Sold at 25c per bottle by Thos. S. Petrie, Druggist. Sufferers from Neuralgia assure us that they never fear it when their house contains a bottle of Fluid Lightning.

A rollicking Irishman fell in love with a maiden whose father's antipathy was undisguised. "Well, I suppose you have met your fate?" said a friend to him one day. "Me fate! and by the powers I haven't," he exclaimed. "It's the ould gintleman's fate that I met."

Anti-Gladstone Manifestos.

Lord Derby and Lord Hartington's Addresses.

London, June 16.—Lord Derby and other prominent Liberals have issued a manifesto to the electors of Liverpool, in which they say "Liberals must choose between allegiance to Mr. Gladstone and allegiance to principles. Hesitation is impossible. We appeal to those who prefer patriotism to party, to support the Unionist Association, and to follow approved Liberals like Mr. Bright, Lord Hartington, Mr. Chamberlain, Lord Selborne, Mr. Goschen, Mr. Collings, Sir Henry James, and many others. England is bound to protect loyal Irishmen of whatever creed. It would be repugnant to employ the Queen's forces to compel loyal people to submit to Government arising out of a system of cruel outrage and terrorism. How long would the so-called safeguards last? The re-conquest of Ireland would become inevitable. Home Rule and the land purchase schemes mean disaster to Ireland and injustice to England. They are pregnant with strife, collision, and danger involving many millions of the hard-earned money of the taxpayers.

London, June 16.—Lord Hartington, in a manifesto just issued to the electors of Rossendale, says: "It is easy to dismiss with contempt the alternative plans suggested by those who decline to accept the separatist scheme of the Government, but who are willing to concede reasonable demands. The difficulties are great. I am certainly not prepared to commit myself to the details of any of the plans proposed, but certain conditions may be clearly stated which are essential to any plans, Parliament ought to continue to represent the whole and not a part of the Kingdom. Powers which may be conferred upon subordinate local bodies should be delegated not surrendered. The subjects delegated should be clearly defined, and the right of Parliament to control and revise the action of subordinate legislative and administrative authorities should equally be clearly reserved, and lastly, the administration of justice ought to remain in the hands of authority responsible to Parliament. It is asserted that such a limited measure would not satisfy Ireland, but if a majority of the people of the United Kingdom distinctly and firmly declare that they will not assent to any measure which would loosen the bonds of union, it remains to be proved whether the Irish people can be persuaded to maintain a hopeless and unnecessary contest. The alternative schemes are dismissed without discussion in order to show that coercion is the only alternative. Nobody has advocated coercion as a policy. But there is a point where any government may be compelled to resort to what may be called coercion. The Government measure is no alternative to coercion because it is certain that without coercion the Protestants of Ulster would not submit to the authority which it is proposed to impose upon them.

McGregor's Lung Compound.

Have you a bad cough, a chronic hoarseness, a feeling of lightness in the chest, weak lungs, or any similar complaint? If so, buy at once a bottle of McGregor's Lung Compound. It will cure you. It contains entirely new specifics, of which one dose is more effectual than a whole bottle of the old time remedies. It is put up in 50c. and $1.00 bottles. Sold by Thos. S. Petrie, Druggist. Try it, and you will never have reason to complain.

The bright light of advancing civilization is shining in the dark places of the earth. The Emir of Afghanistan has the gout.

100°

IN THE SHADE.

If it has not reached that point yet it soon will. It's coming, and coming fast. Merchants are excited, customers are talking about it. We had no idea that our "few shots at random," sent forth from this paper during the past week would produce such a sensation. But the fact of our reducing the price of our lovely new 40c., 45c. and 50c. Dress Goods to 25c., the line of elegant Summer Silks we offer at 66⅔c. on the $, the reduction in price of Tweeds and Cloths, the cash discount of 25 per cent on Lace Curtains, the Bargains in Parasols, Hosiery, and Gloves, and the many attractive lines offered much under regular prices, have created a wonderful excitement. As they are not all cleared out there is no doubt of its continuance and increase. In addition to the lines mentioned, we direct special attention to a beautiful range of

Cream and White Victoria Lawns, Cream and White India Linens, White Satin Stripe Lawns, Elegant White Brocades, Printed Muslins, Lovely Swiss Brocades, Hamburg Nets, White, Cream, Tabac, and Drab Madras Laces, Oriental Flouncings, Plain and Tufted Chambrays, Beautiful Oatmeal Cloths, Fine Zephyr Checks, All-over Embroideries in colors and white, and an almost endless variety of Seasonable Dress Goods for the warm weather. Our stock is very large and choice, and we are certain will commend itself for lowness of price and good value.

Specially large range of Plain and Fancy Parasols and Sunshades bought cheap, and will be offered very low. Our *Hosiery and Glove Stock*, containing direct importations from the markets will be found the very best value in the trade.

Pleasant treatment, honest value, no being to buy, and terms cash, together with the marvellous value in the aforementioned lines, are drawing crowds to No. 27.

E. R. Bollert,

27 Lower Wyndham Street, Guelph, Ontario.

Guelph Advertisers.

We see by the Mercury that the Berlin *News* has been giving the Guelph merchants high praise for their literary attainments in the advertising line. We are glad to think that they are worthy of such praise, and that outside papers are taking notice of the fact. We attribute the success of Guelph in a large measure to the enterprizing class of merchants she has always had. We believe in advertising on principle, but, while their is a class of advertising that is admirable, there is a class that is anything but that. Advertising should be done in an open straightforward manner, what you have to say, say it out without beating about the bush, as if you would like people to see the hidden sarcasm, but are at the same time quaking in your boots for fear they do. If your goods are cheaper than others, say so, do not say they are as cheap—there is no virtue in such false modesty—but do not say so unless you know for a fact that they are cheaper. We are aware that this course may be the means of raising the ire of your brother merchants, but that is their misfortune, and will always be the way while human nature remains the same.

We quote prices below to prove our position that we sell cheaper than others.

THE GENERAL ASSEMBLY.

HAMILTON, June 16.—Rev. Dr. Torrance presented the report of the Committee on Statistics, a compilation of the statistics of the church, from which the following is taken:

It will not cause any degree of surprise if your committee state that they begin the preparation of their report with the anticipation that the returns received from congregations through Presbyteries will show not merely that the church has not made progress during the past year in proportion to what she had made in previous years, but that there has been an actual decrease to a greater or less extent. When the year began the sounds of discord and contention were rolling through the land. In one portion of it there had been open revolt against constituted authorities. Blood had been shed, and although the immediate scene of this was distant from the centres of population and industry and commercial activity, yet every Province of the Dominion was affected by it, and thus the ordinary sources of prosperity suffered. Manufactures and trade have not been flourishing, on the whole, in such measure as could be desired. The income usually derived from them has not met the expectations or wishes entertained. Labor and capital have not been co-operating with the harmony and energy necessary to secure the interests of the representatives of each. Taking these things into consideration, is there not ground for the apprehension that the church has felt the effects of them, both as regards her membership and finances? The total number of pastoral charges is 773. There are 748 ministers' names on the rolls of Presbyteries, and 68 residing in bounds, whose names are not on the roll. There is an aggregate of 1,648 stations throughout the church, which shows a decrease of 154, but that would be reduced if there had been returns from the Presbytery of Regina. Sitting accommodation for those in attendance on public worship has been provided for 380,199, being an increase of 3,149 on the number reported last year. The number of families reported last year was 71,883, this year they are 71,911, an increase of 28. The number of single persons not connected with families of congregation is reported as 9,643, being an increase of 926 on the number reported last year. The total number of communicants on the roll is reported as 127,611, being an increase of 4,167 on the previous year, and giving an aggregate increase for the last three years of more than 11,000. In all the Synods there is an increase, with the exception of that of Montreal; but the decrease in the last instance can be accounted for by their being no report from one of its Presbyteries. The number of communicants added during the year was 15,765, of whom 10,555 joined the Church on their own profession, and 5,210 on certificate, showing an increase on each of these items as compared with the previous year. The number of communicants removed from whatever cause—death, removal to other congregations, or through the exercise of discipline—was 8,517. Nine thousand nine hundred and five infants and 1,008 adults were baptized during the year, an aggregate of 10,913 instances in which this important sacrament has been administered. In each of these items there is an increase on the previous year—in the former of 427, and in the latter of 216. In the item of elders there is an increase on the number reported last year of 144, the number being 4,770; and on "other office-bearers" an increase of 483, the number being 7,767. The reported average attendance at weekly prayer meetings shows an increase of more than 3,000 (3060) on that reported the preceding year, the actual number being 39,625. In Sabbath School and Bible Class 100,937 were under religious instruction, being an increase of 1,878 on last year. The volumes reported in congregation and Sabbath school libraries show a falling off of 2,155, the number given being 183,527, against 185,682 the previous year.

Finances—The stipend for ministers promised from all sources was $690,819. The sum expended on church or manse during the year was $349,267, against $398,439 last year, a decrease of $49,172, and on other incidental, but strictly congregational, purposes $238,530, against $276,321 last year, a decrease of $37,791. The total payments for these two objects last year were $674,760, this year $587,797, making a decrease on the two of $86,963. Last year the total contributions to the schemes of the Church were $188,741. This year they have been $192,736, an increase of $3,995. For all purposes the average contributions per family has been $21.50, very nearly; last year it was $21.70, and per communicant $12.12; last year it was $12.68, so that there has been a considerable falling off in the average rate of giving generally.

Subjoined is a statement of the total income, and of the increase or decrease—the first time this word has had to be written in this part of the reports of your committee for past years—since the union in 1875:

	Total Income.	Increase.
1875-76	$ 982,672	.....
1876-77	986,115	$ 3,443
1877-78	1,030,386	44,271
1878-79	1,110,381	79,995
1879-80	1,162,154	51,773
1880-81	1,246,459	83,341
1881-82	1,409,748	164,253
1882-83	1,422,783	13,035
1883-84	1,453,624	30,841
1884-85	1,558,218	104,594
		Decrease
1885-86	1,545,906	12,312

The total amount contributed by the Church for all purposes in the course of the ten years now completed since the union has been $13,907,182, an average of $1,390,748 a year. The committee close with the recommendation that Presbyteries be enjoined to see to it that congregations in their bounds which report arrears of stipend be at once dealt with for the removal of the same, and to send in full returns from all charges, whether vacant or settled, and mission stations. They would further recommend that it be an injunction to Presbyteries to instruct congregations to change their year, where necessary, so as to coincide with the calendar year.

The report was adopted.

Professor McLaren introduced an interim report of the Committee on the Unification of the Foreign Mission Committees, recommending the union of the Foreign Mission Committees east and west, and that the Foreign Mission work of the Church be conducted in future under this committee.

Dr. Wardrope was appointed convener for the western section and Alex. McLean for the eastern section—being joint conveners.

A telegram was read from Rev. T. G. Thompson, of Vancouver, as follows:—"City, church and house burned. Appeal for aid to rebuild."

Dr. Cochrane explained that Rev. Mr. Thompson had gone there from Bruceville and opened the first church in Vancouver. It was worth $4,000 and there was little if any insurance on it. The Home Mission Committee would assist the congregation to rebuild.

Principal Caven, of Knox College, offered the following resolution:

The General Assembly, whilst disclaiming all political party aims, feels bound to give expression to its convictions regarding the treatment of the Indians in the Northwest by the Dominion of Canada. No judgment is here expressed on our general policy towards the Indians, and the meritorious character and services of many servants of the Government in the Indian Department are gladly recognized, but it seems to be established by irresistible evidence that in too many instances a

people who are wards of the Government are being wronged and defrauded by those who are especially appointed to care for them and promote their interests; whilst flagrant immorality is too often chargeable upon public servants, as well as upon traders and other whites who come much in contact with the Indian population. Thus the missionary efforts of the churches are counteracted and hindered, many sufferings brought upon the Indians, and a state of disaffection towards the Dominion is to some extent engendered.

The General Assembly would earnestly represent to the Government of Canada the imperative necessity of at once cancelling all appointments of agents or instructors who are known to be tyrannical, unjust or immoral, and of filling their places with men of integrity, sobriety and purity. Further, the Presbyterian Church pledges itself, as far as may be in its power, to co-operate with the public authorities in promoting the social improvement and the temporal well-being of the Indians, whilst in common with other churches seeking to bring them under the holy influences of the Christian religion.

A copy of this resolution, signed by the Moderator and the Clerk, shall be respectfully transmitted to the Minister of the Interior.

After speeches from the mover, Rev. Robt. Hamilton and Rev. W. S. Ball, at Principal Grant's suggestion the motion was adopted by a standing vote, the only standing vote since the opening of the Assembly.

It was ordered that a copy should also be sent to Sir John A. Macdonald, who is Superintendent of Indian Affairs, having reserved that department for himself.

The report of the Committee on Reception of Ministers from other Churches recommended the reception of the following ministers under various conditions:—W. E. Archibald, A. A. McKenzie, G. L. Howie, D. McKay, J. H. George, Wm. Whitefield, H. C. Ross, J. A. Bloodsworth, Thos. A. Patchell, Alex. Dunn. Mr. Joseph Watt was received as a missionary, and the application on behalf of Mr. Dargent was referred to the Presbytery of Orangeville. The report was adopted.

Rev. Dr. Jardine presented the report of the Sabbath Schools Committee, showing that almost ten thousand teachers and officers were engaged in Presbyterian Sabbath Schools from week to week instructing a host of more than 88,000 children and youths.

Rev. W. J. McMullen presented the report of the Committee on Sabbath observance.

Mr. Geo. Murray moved, seconded by Mr. Walter Paull, that the Assembly strongly urge the discontinuance of parades and processions, with bands of music, on the Lord's Day.

This was carried and the report was adopted.

HOW ETNA LOOKS IN ERUPTION.

A Sublime an Awful Scene Presented to Tourists.

A letter from Catania, dated May 24th, says: You have probably heard of the eruption of Etna which is going on. I left Palermo on Saturday, and came here to see it. We left here about 3 o'clock (six of us, English), on Saturday afternoon, and drove to Nicolosi, which we reached about five o'clock, and got mules and went up to the scene. There were crowds of people going there, but we took a different road and went up much higher than the general crowd. We had a guide with us, and after about three hours climbing we got to within about a couple of miles of the crater itself.

It is at the side of Etna, you know, not near the top, that this eruption has broken out, and we got on to a bit of high ground overlooking the whole scene. It was still daylight when we got up there, so that we saw the whole thing by daylight. We then settled ourselves down to dinner, which we had brought with us from Catania, and of course it was soon dark, and here we were comfortably feeding before the most glorious and indescribable sights I ever saw in my life. It is perfectly impossible to describe it, as no one can have any conception of what it is like until he sees it, and also until he sees it from where we did, which was on high ground overlooking nearly the whole of it. At the top is this enormous crater throwing out flames and throwing up stones some hundreds of yards, with a continual roar like any number of battles going on, and just below is another mouth, from which the lava comes, travelling at a tremendous pace. It divides into several streams and follows the valleys.

Now imagine from where we were that night, with our backs to Catania, what we saw. On our right this enormous flame going hundreds of feet into the air, making the whole sky bright red, and all down past us from our right and extending down miles to the left streams of red hot lava moving downward in a mass for miles, and looking like an enormous sea of red hot coke. The width across the lava where we were was, perhaps, three or four miles, and it started about two miles above us and flowed some four miles or so below us, so you must imagine a sea of angry, red hot lava five or six miles long, and three or four wide, and about thirty or forty feet deep, but all bright red. You can judge whether it was a sight worth seeing. I would not have missed it for worlds.

The lava is not liquid, as most people suppose, but consists of many millions of large and small blocks of rocky-looking stuff rolling onward. We saw one huge rock of old lava standing in the middle of the stream of lava, which was divided by it and ran around it; the rock was about the size of, say, Quidenham Church, and this rock suddenly split into two parts, the smaller half crumbled up, and the other half was carried bodily down with the stream, slowly and steadily. We watched it until we left, and it moved about three quarters of a mile in about three quarters of an hour. We waited there until nearly midnight, as we could not venture down until the moon got up, and then we reluctantly left this magnificent sight, which, as I tell you, no description can give you any idea of. As we went up we had all gone into a little house to see it, and walked round it, and thought it was unpleasantly close to the lava. Well, as we came down, this house was in flames and caught by the stream. In many places we had to take different paths, so quickly had the lava spread as it came down; and from below it is awful (quite close to it) to see this mass, thirty or forty feet high, coming slowly toward you. I brought a piece of red hot lava down with me, which the guide got hold of for me, as I could not get it myself; it was so fearfully hot I could not go close enough. We put wire round it, and I carried it down on the end of my stick. In fact, we each brought a bit down, and also some ashes or cinders which rained down on us whenever the wind was our way. We got back to Catania at about 4.15 a. m. We were up near the crater nearly for four hours. We saw other people go up to see the lower end of the lava, stay there a few minutes and go down again; but the way to do it is to go right high up, arriving by daylight and then stay there to see it by night and watch the changes going on. It was glorious.

Horsford's Acid Phosphate.
For Alcoholism.

Dr. J. S. Hullman, Philadelphia, Pa., says: "It is of good service in the troubles arising from alcoholism, and gives satisfaction in my practice."

Hespeler Correspondence.

VOLUNTEERS' SOCIAL.—On Friday evening last the Volunteers' social was held in Glick's Hall. The evening was exceedingly pleasant, and a large number turned out. The tables literally groaned with good things prepared promptly and on short notice by the young ladies of the town. After doing ample justice to what was decidedly palatable, all adjourned to the large hall which was suitably decorated with bunting, mottoes, &c. The chair was occupied by Mr. John Cunningham, acting Captain of the Hespeler Volunteer Company, who all appeared in uniform. On the platform were the Hon. Jas. Young of Galt, Lieut.-Col. Geo. Hespeler, of Galt, Mr. Collie, editor of the Dumfries *Reformer*, and Dr. McIntyre, of Hespeler, surgeon of the Company. After a few introductory remarks by the chairman, Lt.-Col. Hespeler briefly delivered an address of welcome which was very well received. Mr Hespeler was long a resident of this town, and his appearance amongst us on this occasion was welcomed by all. Later in the evening a splendid address was delivered by the Hon. James Young whose musical and eloquent voice is always listened to with interest and pleasure by a Hespeler audience. We regret that time does not permit us to go into details of the programme at all. The musical part of it consisted of music by the 29th Battalion Band, and songs, duets &c., by Mesdames Whitehead and Kelcher, the Misses Maitland, and Mr. Maitland of Guelph, Miss Cope of Dumfries, and our own Misses Anderson and Mr. Scott. Many of the songs were lustily encored, and suffice it to say that the audience listened to one of the best and most accomplished musical entertainments it has ever been our privilege to hear. Mr. Cunningham, the acting Captain and his Committee of Management deserve great credit for the expeditious and successful manner in which the grand entertainment was carried through.

ENTERTAINMENT BY LADIES' AID SOCIETY.—Social entertainments are to be somewhat prevalent here for the next two weeks. On Thursday evening of this week, a grand lawn social is to be held under the auspices of L. A. Society, in Dr. McIntyre's orchard, a beautiful and pleasant spot. The Band is to be in attendance and altogether a most joyous time is anticipated. Tea (ice cream, &c.) served from 7 till nine p.m. Proceeds to be applied to the building fund of the Methodist Church. Admission 15 cents. Come.

ST. MARY'S CHURCH CONCERT.—The Congregation of St. Mary's R. C. here intend erecting a large addition to their sacred edifice, and in aid of their building fund a grand concert is to be held in Glick's Hall, on Tuesday evening, June 22nd. The church choir under the supervision of Mr Charles T. Lang, assisted by well known local talent, eminent and accomplished vocalists from Guelph, and Preston Liederkranz singing class, will constitute the musical part of the programme. It is not at all difficult to conceive that this is likely to be a musical treat of a very high order, and one such as the lovers of music can richly enjoy. The Rev. Father Doherty, S. J., of Guelph, will deliver an address on the occasion which of itself will no doubt be well worth the price of admission asked. As our R. C. friends here but seldom call on the public to patronize any entertainment whatever in their behalf, we hope that on this occasion our citizens generally will be liberal in extending their patronage.

R. T. OF TEMPERANCE STRAWBERRY FESTIVAL.—This is the entertainment that affords so much enjoyment to every one, and is to be held in the orchard of Mr D. Rife, Reeve of this town, on the evening of Friday the 25th inst. Tea served from 6:30 till 9 o'clock. This orchard is one of the best adapted and most joyous spots in all the town for a moonlight entertainment, and those attending last year have not forgotten what a grand time they spent. Music in rich variety will of course be dispensed. Come.

FINAL COURT OF REVISION.—The final Court of Revision of the Dominion Lists for this municipality was held in the Council Chambers here on Saturday last. His Honor Judge Lacourse presiding. The names of about 15 Conservative voters were ascertained to be wrongly spelled, and the Judge ordered the Clerk to rectify them. With the exception of this there were no other alterations made in the list, as it had been very carefully revised and examined previously. Mr Blackaby, of Galt, was present to represent the interests of the Conservative party, and Mr D J O'Keefe, President of the Reform Association of Hespeler, represented the interests of the other side.

ELECTION OF OFFICERS OF R. T. OF TEMPERANCE.—On Monday evening last was the election of officers of New Hope Council, No 66, R T of T:

Select Council, Bro Aaron Stager
Vice " " Thos McMasters
Past " " James Hamer
Chaplain, " Joseph Panabaker
Rec.-Sec, " Emanuel Wildfong
Assistant Rec.-Sec, Sister Mrs E Wildfong
Financial Secretary, Bro A Marchant
Treasurer, " D Rife
Herald, " Wm Hortop
Deputy Herald, Sister Alice Parks
Guard, " K Fisher
Sentinel, Bro Jacob Schwartz.

All good officers, and regular in attendance on the Council.

PULPITS.—Rev Wm Mills, who has been our esteemed pastor here for the last three years goes to fill the Methodist pulpit in the town of Waterloo; the Rev Mr Henders, of Nassagaweya, fills the pulpit rendered vacant here by Rev Mr Mills. We welcome Mr Henders to town.

HANDSOME.—The book and stationery store of A. J. Brewster, has just been fitted up with the equipment and attractions of a city establishment.

PURCHASE OF REAL ESTATE.—Mr Hugh Marlatt, operative in the Star Woollen Mills, has purchased for $1,550 the handsome stone residence on Quebec street, recently vacated by Mr E Copeland.

HYMENEAL.—To-day Mr V. R. Conway, formerly of this town, but now druggist at Sault Ste. Marie, is to be wedded to Miss Carrie, third daughter of Mr John Martin, of Waterloo, near Fisher's Mills. Mr Conway is much esteemed in this place, and we congratulate him on securing one of Waterloo's fair and most respected young ladies. The happy pair, we know, will have the good wishes of all in this place.

Hespeler, June 16th, 1886.

Wellesley Correspondence.

CREAMERY.—The Crosshill creamery, which was built this season is now in operation. Mr. Good is the manager and about 400 lbs. of superior butter are manufactured daily.

ACCIDENT.—Mr. John McFadden, of concession 7, Wellesley, was assisting at a neighbor's raising one day last week, and while at work a beam about 40 feet long was dropped upon his foot, bruising it very severely. Had it not been that he was standing on a thin board at the time, which gave when the weight came upon it, he would not have escaped as well as he did.

SOCIAL.—The Presbyterians of Crosshill purpose holding a social some time in July to raise funds for the Sunday School.

RUNAWAY.—Considerable excitement prevails in the village of Crosshill on account of the hurried departure of the village storekeeper, Mr. Wm. Campbell. About a week ago he went away, saying to his wife that he was going to order some goods, and that he would be back in two or three days, but did not come back as was expected. Some of those who had been trusting him too freely began to look anxious when he did not show up on Saturday. On that evening his wife received a communication from him, telling her that he did not intend coming back, and that she might tell his securities to do what they liked about the business. His financial standing is not exactly known, but sufficient has been brought to light to conclude that his liabilities are over $10,000 and his assets considerably below that figure. No reason can be assigned for his hasty departure, as there were no bills due and the creditors were not pushing him and he kept on sending money to them up to the time he left. He was an energetic business man, and he will be much missed in Crosshill.

Now Open for the Season

Preston Mineral Baths.

AND

SUMMER RESORT

BEAUTIFULLY situated in the County of Waterloo, on the G. W. R., three miles from Galt, twelve miles from Guelph and eight from Berlin.

The hotel attached to this favorite summer resort has been recently enlarged and fitted up with an especial view to the comfort of guests and invalids. Beautiful lawn, capacious billiard parlor and croquet grounds.

The Arcadian Mineral Spring has proved of great benefit to invalids suffering from Gout, Nervous Debility, Diseases of the Stomach Liver and Kidneys, but more especially Skin Diseases.

Sufferers from Rheumatism will fin that using these waters will almost effect a cure. New baths have been added this season.

Mr. H. Rost, former Manager, has resumed his responsible position, and will be pleased to welcome his old friends.

Terms moderate. Omnibus to all trains.

Tickets to the Baths and return good for days from all stations on the G.T.R.

C. KRESS, Proprietor
m11dtf Preston Ontario

BEWARE

OF WORTHLESS IMITATIONS

As there are many inferior goods, corded with jute, hemp, etc., offered and sold as Coraline by some unprincipled merchants trading on the reputation of our **genuine Coraline**, we warn the ladies against such imposition by drawing their attention to the necessity of seeing that the name

'CROMPTON CORSET CO.'

is stamped on inner side of all Coraline goods, Without which none are genuine.

MURDOCH & WILSON,
Real Estate Agents,
8 Victoria Street
d6w1 Toronto.

BUTTERMILK.

I BEG TO NOTIFY THE PUBLIC THAT Fresh Buttermilk can only be had from me as other dealers cannot get any in the city, and must necessarily haul it from the country and keep it over night in cans, while that which I deliver is

Fresh from the Ontario Agricultural Creamery each Day.

Buttermilk delivered to any part of the city three times a week at 10 cents per gallon.
j17d2 JAMES MORRISON.

ADMINISTRATOR'S NOTICE.

PURSUANT TO THE REVISED STATUTES of Ontario, Chapter 107, Section 34, the Creditors of John Hall, late of the City of Guelph, in the County of Wellington, and Province of Ontario, Architect, who died on or about the Twenty second day of February, A. D. 1886, are required to send postpaid to William Sunley, of the said City of Guelph, tinsmith, Administrator of the estate of the said deceased, on or before the 6th day of July, 18 X. their names in full, addresses and descriptions, the full particulars of their claims, a statement of their accounts, and the nature of the securities if any held by them. And notice is hereby given that the said administrator will immediately after the last mentioned day proceed to distribute the assets of the said John Hall, deceased, among the parties entitled thereto, having regard only to the claims of which he shall then have had notice.

GUTHRIE & WATT,
Solicitors for the said Administrator.
Dated Guelph, 7th day of June, 1886. j18d3

In France a certificate of birth must be produced before a marriage can take place. You have to prove that you have been born or you can't get married, that's all there is about it.

Our remaining Stock of Baby Carriages are now all reduced in Prices.

News Items.

The traffic receipts of the Canadian Pacific railway for the week ending June 14th were $194,000, an increase of $48,000 compared with the corresponding week last year.

The Toronto Conference of the Methodist Church closed its annual session on Thursday.

Stratford celebrated its first anniversary as a city on Thursday. The streets were gaily decorated. There was a parade by the city and visiting firemen and a torchlight procession at night.

On Thursday Thos. Whitlock was carrying a bunch of shingles to the roof of a house he was shingling in Seaforth, he slipped and fell, fracturing his skull so badly that he died almost immediately.

Mr. Kirkpatrick, Speaker of the Dominion Commons, goes on a trip to Europe next week.

Inspector Mewburn, of the Customs Department, has discovered a number of frauds in the importation of granite at Hamilton and Clinton. It is said that thousands of dollars of duty have been recovered in this way.

Harriett Beecher on Monday passed the 75th mile post in her journey of life, and "Uncle Tom's Cabin" is still devastating the land.

THE EVENING MERCURY is printed and published every afternoon at 4 o'clock; THE WEEKLY MERCURY is issued every Thursday morning. INNES & DAVIDSON, Publishers and Proprietors, 54 Macdonnell street, Guelph, Ont.

THIS PAPER may be seen on file at GEO. P. Rowell & Co's Newspaper Advertising Bureau (10 Spruce st.), and William Young, 41 Park Row, where advertising contracts may be made for it in NEW YORK.

Fine, Cooler Weather.

Westerly and northerly winds, ocreasing in force; fine, cooler weather.

Local News

THE farmers are now sowing their turnips.

THE G. T. R. passenger platform, at Acton, has been extended some 60 or 80 feet westward. A new sidewalk has also been laid through the yard.

THE International Sangerfest and Choral Societies' re-union at Berlin on 11th, 12th and 13th of August, promises to be an occasion of special interest.

THE farmers are coming in with the season's wool, and during the past few days a considerable quantity has been delivered. The prices are very low.

THERE is said to be a town in Maine that has no Church, temperance society, drunkard, pauper or saloon. An exchange thinks it must be used as a cemetery.

THE Georgetown *Herald* is agitating for a public park in that town. It appears that at present there is no suitable place there for holding Sunday School pic-nics, etc.

THE editor of the Durham *Chronicle* advertised his baby carriage for sale last week, which either means that Mr. Jenkins' babies will hereafter have to walk or that he has a sufficient supply on hand to last him the rest of his life.

A STRAWBERRY social under the aupices of the Young People's Literary Association of St. George's Church, will be held in the Speed Skating Rink on the evening of Thursday, the 24th of June. The doors will be open from half past four o'clock. City Band will furnish the music.

A YOUNG girl, about 17 years age, from Esquesing, was placed in the Milton gaol last week on a charge of insanity, and became so loving with the gaoler that she gave him an embrace on Tuesday. Before he could free himself she twisted his arm and sprained his wrist.

ANDREW ELLIOTT, jr., son of Mr. Andrew Elliott, of Nassagaweya, having completed his four years course in Toronto University, passed his final examination in May last, and on Wednesday last at the convocation of the University received his degree of B. A.

A HEN belonging to a resident of Ayr hatched out a brood of chickens and then died, and now the rooster has taken the chickens under his parental wing and is discharging the duty of parent with credit to himself and satisfaction to the chicks. Here we are reminded of the difference between the "upper" and "lower" animals.

THE following is said to be good for staying the ravages of the canker worm: A solution of Paris green pumped on the branches will destroy the operations of the moth, and papers or rags covered with printers' ink, molasses or other sticky substance, tied around the base of the tree effectually entrap the pests.

THE Galt *Reformer* says:—Messrs. G. & W. Amos have disposed of their farm of 140 acres in North Dumfries and 50 acres in Waterloo Township, near Blair, to Mr. J. J. Daley, of Guelph. It is understood that the farm was purchased for another party, whose name we are unable to learn. The price paid was in the neighborhood of $11,000.

ASSAULT.—On Saturday last Henry Weiland, Harriston, was arraigned before the Beak at the Council Chamber on a charge of assaulting and endeavoring to kill John Fry, who boards with Mr. Hallday. The evidence was strong against Weiland, and he was sentenced to stand his trial at Guelph assizes in November. Bail was taken for his appearance.

IT PAYS.—There is no use talking about advertising not paying. The wealthiest and most prosperous business men in the world to-day are those who have spent scores of thousands of dollars in advertising. The argument that a man has been so long in business and is so well known that it is not necessary for him to advertise, is nonsense; keep your business before the people.

COMMENDABLE.—At the meeting of the Waterloo County Council on Wednesday a grant of $800 each was made to the Berlin High School and Galt Collegiate Institute. The sum of $300 was also granted to aid the sufferers by the disastrous fire at Vancouver, British Columbia. The action of the County Council on these matters is very commendable, and will, we are sure, meet with the approval of the people of the county.

NEWSPAPER MEN BOYCOTTED.—At the June meeting of the County of Bruce Publishers' Association considerable business of interest to the craft was transacted. A resolution was unanimously carried, after being moved and seconded by two hard shell Tory editors, that in future no advertisements will be received nor business transacted, by the publishers of this county, through the Toronto *Mail* advertising agency. The reason assigned is because of business received from that quarter not being deemed desirable.

SAD FATAL ACCIDENT.—The Acton *Free Press* says:—On Wednesday, 26th May, while Thomas Lane was working for Messrs. Stafford & Robinson of this place, in the quarry on the 4th line, below the Dominion Kilns, he met with an accident which has since proved fatal. A heavy block of stone was being turned over to facilitate its cutting, and Lane with an iron crowbar was standing behind the stone intending to break its fall. The block came down with more force than he could resist, and the bar struck him violently in the left side, injuring him internally. Good medical aid was summoned, but his injuries were found to be incurable and he died on the 9th.

Important News Item.

COOKSTOWN.—Mrs Campbell had for a number of years been troubled with indigestion and constipation, and was induced to try McGregor's Speedy Cure and found it all that was needed and would recommend its use to any person similarly troubled. This invaluable remedy is sold in every part of Canada at 50c. and $1.00 per bottle. Sold at Thos. S Petrie's Drug Store.

MR. J. STETON, dentist, has received six beautiful gold fish from Toronto.

THERE is a bad hole in the sidewalk on Paisley street, opposite the stone house fronting on Nelson Crescent.

MESSRS. MCKAWN & COLLINS, implement agents, Guelph, received to-day a car load of Sylvester Bros.' binders from Lindsay.

AN immigration special train went through Guelph last night containing over a hundred passengers, seven of whom remained over in Guelph.

THE excursion train from the firemen's demonstration at Stratford, passed through Guelph on its return east about one o'clock this morning.

THE Rev. Mr. Dewey, of Richmond, Yuebec, is spending two weeks' holidays in Guelph, He came here after attending the General Assembly of the Presbyterian Church in Hamilton.

THIS morning Mr. John Davidson received from Messrs. Goldie & McCullough, of Galt, a heavy safe door to be placed in his office vault. He has also had a fine awning put up.

ANCIENT ORDER OF FORESTERS.—The half-yearly election of officers for Court Perseverance Ancient Order of Foresters, took place in the rooms of the Court, over the old Bank of Commerce. They are as follows:—H. Nicholson, C. R.; A. Maddaugh, S. C. R.; J. Watling, S. W.; A. Campbell, J. W.; C. Hallett, S. B.; J. S. Loree, J. B.; Robt. Howie, sec.; W. Marcroft, treas.; Dr. McPhatter, surgeon; F. Armstrong, S. S.; E. Ryde, agent E. F.

HANDSOME DELIVERY WAGGON.—Mr. Robt. Parker, carriage builder, has to-day completed for Messrs. Hugh Walker & Son a very handsome delivery waggon, after the "Toledo" delivery style. The front of the body is original, dispensing with the original front extension of sills, and making a complete protection for the driver during sunshine and rain fall. It is constructed with an extra deck so as to carry double the number of articles in a common delivery waggon. The lettering and painting is very neatly and tastefully done, and the whole reflects credit on the builder.

TO DESTROY THE CURCULIO.—This is the time to fight with the curculio by spraying the fruit trees. It is now found that the spray remedy is not only effectual against curculio, but is equally fatal to the canker worm, codlin moth and tent caterpillar on the apple trees, and in fact the whole tribe of insect pests. London purple is better and cheaper than Paris green. Half a pound of purple to six gallons of water is plenty. The purple should be wet like paste before putting in the barrel, and then it will mix easily and not float on the water. It does not settle in the water as the green does, and does not need one person to stir it.

SUIT AGAINST A LATE GUELPH GROCER.—On Monday at the Toronto Assizes Mr. E. R. C. Clarkson, the assignee, brought suit against Charles O'Donnell to recover possession of a grocery business in Guelph for the benefit of creditors. David Tees carried on business in Toronto and in Guelph, and employed the defendant as clerk at the latter place. He made an assignment of the Guelph business on May 30, 1885, for the benefit of his creditors, after which he left Guelph. A few days afterwards Mr. Clarkson sent a man up to Guelph to take possession of the store, but he did not get it. Mr. O'Donnell told him that some time before the assignment he had purchased the business from Mr. Tees, and he therefore did not propose to give it up. The case was settled next day between the parties.

BARN RAISING.—Mr. James Elmslie, of Nichol, raised the framework of his new bank barn Tuesday afternoon. About two hundred men and seventy-five ladies were present to assist in the different parts of the work. While the men were busy putting up the building the ladies were engaged in making the necessary arrangements for the tea. The tables were laden with a full supply of provisions of the very choicest varieties and a quantity in the back ground for future reference. Everything went nicely—the building went up and the provisions off, and only a few certain visible marks of their presence and those not serious. During the evening musical talent was procured and a floor cleared, and—"the boys went home with the girls in the morning."

BOATING CLUB CONCERT.—The new pleasure grounds of the boating club at Victoria bridge was last night the scene of one of the most pleasant and sociable gatherings that has been held for some time. The grounds naturally are the ideal of romance and beauty, and when to this is added the excellent landing places, sidewalks, winding stairways, seats, swings, &c., makes it really a picturesque spot and one which the Boating Club are to be congratulated upon obtaining. It is excellently adapted for picnic parties as it is within a few minutes drive, and half an hours row of the city. The grounds last night were beautifully lighted up with Chinese lanterns, torches, &c., and a large number of the youth and beauty of the city were present to enjoy the opening festivities. The City Band entertained the party with their excellent music. About 9 o'clock Commodore Jones mounted a platform and in a few terse and well chosen remarks welcomed all and explained the object and intentions of the Club in regard to these grounds. The party returned about ten o'clock.

THE DROWNING ACCIDENT AT BOSWORTH.—The following particulars in addition to those already given, in connection with the drowning of Mr. Peter Masson, son of Mr. Charles Masson, Eramosa, in the Connestoga river, near Bosworth, will be read with interest:—The unfortunate young man was teaching school at Bosworth and on Monday evening after school he and a Mr. Graham, with whom he boarded, went to the river to bathe. It appears Mr. Masson could not swim, but the water being shallow, as they thought, apprehended no danger in wading the middle of the stream. However there happened to be a deep hole, where the quicksand had been washed out, and left a ledge of slanting clay. So soon as he set foot on this he slipped in and before his body could be recovered an hour had elapsed. Mr. Graham made an attempt to help him out, but in their struggles both lives came near being lost. Mr. Masson had only been in that section since January last but had formed many friends and associates in that neighborhood. Shortly after the sad occurrence the people came in crowds until the place was literally thronged. Mr. Masson was a steady, earnest young man of unquestioned morals. Much sympathy is felt for the almost heart broken parents over their heavy loss and sad bereavement.

IT is understood that the following applications have been made for the position of city assessor: Ald. Chadwick, Messrs. Doran, Dutton, Flaws, Cottis, Davies, E. Stovel and Wylie.

IN the garden of Ald. Keough there is a crab apple tree which blossomed six weeks ago, and the result now is apples of the size of a lage marble. This week the tree has put forth a second flower of blossom.

W. F. NOBLE has opened out in the Masonic Block with a choice stock of Union Cigars and Cigarettes, Tobacco and Tobacco pouches, Cigar holders, fancy match boxes, pipes, walking sticks, &c. His store is very neat and attractive and his stock fine. d1

YESTERDAY afternoon about twenty members of the Peel County Council visited the Agricultural College. They inspected the farm, the creamery and the college building, and appeared highly satisfied with the working of the institution generally.

ALEX. BARNETT, one of the old pioneers of Galt and North Dumfries, died at his residence in Galt on Wednesday, in the 91st year of his age. For a number of years he occupied the position of Market Clerk until the frailties of old age compelled him to resign. He was the father of Mrs. John Turnbull of this city.

G. T. R.—At present there are some temporary alterations being made at the station at the diamond. It is being moved back from the platform to allow of more room and addition of some fifteen feet square will be added on to the building. From this it may be concluded that the scheme of having all the passenger trains run into the main line station has been abandoned for some time at least.

BARN RAISING.—Yesterday afternoon a barn about 56 by 76 feet, stone foundation, was raised on the farm of Mr. James Aikens, near Puslinch Lake. There were over a hundred men present and quite a proportion of the fair sex. Before work was started, Messrs. John Gilchrist and Thos. Aikens were elected captains. The lotter had his portion raised first. After the barn had been raised a tug of war took place between a picked team captained by Messrs. S. Jackson and Thos. Aikens, Jackson's side winning. There were several from Guelph present, and all are loud in their praise of the hospitable treatment they received.

CHEAP MILK.—A resident of John street has a fine milch cow, which, up to a short time ago gave a large supply of milk, when there was noticed a large falling off. Little attention was paid to the circumstance for a few days. After a time the owner thought there was something wrong and set a watch in the pasture field. The result was that he discovered that his cow was regularly milked every day by a party living in another portion of the city. It is not the intention to take any proceedings, but the party who has a mania for milking cows in this fashion had better take a hint in time.

NEARLY RUN OVER ON THE RAILWAY.—Conductor Brown, in charge of a special going west, which arrived here about 11 o'clock last night, says that when ascending a grade a short way on this side of Brampton, a farmer near that town had a narrow escape from being run over. It was about dusk, and the driver noticed something on the track ahead, but could not in the uncertain light make out what it was. He whistled down brakes and reversed his engine. When the train drew near it was found to be a man lying apparently asleep across the rails. The train was brought to a standstill about four feet from the man. On being wakened up he was found to be dead drunk, and is supposed to have been overcome by the liquor and laid down and fallen asleep on the track. He had a very narrow escape.

POLISH MISSIONS.—The Rev. Father Francis X. Shulak, S. J., is at present engaged in giving missions in the Church of Our Lady, to the Polish Catholics in Guelph and vicinity. The morning mass is held at 5 o'clock, followed by an instruction in Polish. A second instruction for the women is given at half-past eight, and in the evening a rosary and sermon. The Rev Father has this special work in charge—to give missions to the Poles throughout the country. The children preparing for the first communion and confirmation are also in retreat. The Rev Father Doherty gives the instructions of the retreat at half-past nine in the morning and three o'clock in the afternoon. There are about 120 children following the retreat. Besides the above mission work, instructions for grown persons to be confirmed are given each evening at half-past seven in the rectory.

VOLCANIC ERUPTION IN CENTRAL AMERICA.

The Capital of Nicaragua in Ruins.

SAN FRANCISCO, June 17.—On May 22 there was a terrific eruption from the volcano of Momotombo. The city of Managua, the capital of Nicaragua, has been practically destroyed by a violent earthquake which accompanied the eruption. The earth upon which the city was built suddenly sank three feet below its former level. All buildings of any considerable value were completely wrecked. It was reported that there was loss of life. A town at the terminus of the railway, forty miles from Realjo, is being fast buried beneath hot volcanic ashes, and many lives are lost. The situation in Realjo began to grow somewhat threatening, and the departure of the steamer was hastened on that account. The sky became dark, of a strange gray tint, a fire of volcanic ashes began to fall, and the atmosphere became oppressive and breathing painful. The fall of ashes increased as the ship left the harbor, and they continued to sift down upon the decks until the vessel was fully forty miles out. Over the interior of the country towards the volcano there appeared to hang dense dark clouds.

Great Mortality Among the Troops in Egypt.

CAIRO, June 17.—An appalling mortality is reported among the British troops stationed at Assouan. One hundred and six men of the Dorset regiment have died within the past two months, and of five hundred invalids on their way to Cyprus ten dropped dead from heat on Sunday last.

The Armagh magistrates have dismissed the charge of illegal drilling entered against the Rich Hill Orangemen. Henceforth the Orangemen will drill openly.

SCOTT ACT VIOLATIONS.

Patterson Fined $50 and Costs

(CONTINUED FROM YESTERDAY.)

Wm. Smart, sworn.—Don't live anywhere: live all over in Toronto; was with excursion party on the 24th May; don't know how many were with the party; am not an Oddfellow; Mr. Patterson asked me to go with the excursion and gave me a railway ticket; he said he would give me a ticket if I would go to Guelph; I shoved out the lager as fast as I could when I got here; Patterson asked me to serve the beer; he and Toney Gillie and young Patterson were also serving; there were other refreshments besides lager; can't tell how many kegs were emptied; can't tell how long I was serving out lager; took punched tickets for lager, similar to one produced; took money for cigars and sandwiches, and sometimes tickets also; the tickets were good for anything we had; didn't intend to break the law; wasn't told in Toronto by Patterson that he wanted me to deal out lager; a man had to pay 5c or give a ticket for a cigar or a sandwich; gave the money to Patterson or Gillie; Patterson was the boss; didn't know a soul I served; they were all strangers to me; any man presenting a ticket and calling for lager got it; those were my instructions; don't know how the tickets were disposed of; I only came as Patterson's friend.

Cross-examined. — Didn't know there was an excursion until I met Patterson; supposed the refreshments belonged to the Oddfellows; Patterson pointed out the committee to me and showed me they had badges; supposed when a man had a ticket that he belonged to the party; and that he was entitled to refreshments; don't know whether any tickets were necessary to get into the grounds; Patterson was acting under the Committee.

Re-examined—There were others besides Oddfellows in the party; didn't ask whether a man was an Oddfellow or not; I ladled it out with both hands and asked no questions; I shoved the beer into them.

James Hewer, sworn—Don't know defendant; had no communication with him about the excursion; it was Adjutant Clarke who told me to rent the building for the excursionists; said he did not want to do so himself, as he had the school children there that day; Clarke objected to have it in his name on account of the dancing which was to be there.

Wm. Carter, sworn—Don't know defendant; don't know anything about the beer being taken to the grounds; was at the station when the beer arrived; don't know anything about the whole transaction; had nothing to do with the beer.

Wm. Cameron Patterson.—Evidence taken at the trial of Tony Gillie read over to witness and admitted. Additional evidence:—Could not swear tickets were not sold; the tickets were good for cigars, sandwiches, &c., as well as for liquor.

Cross examined:—I purchased the refreshments on behalf of the committee; the tickets were intended for distribution amongst ourselves; we did not want others to use our refreshments; would know what to get back from members by the tickets returned; the tickets were to be punched to prevent forgery; all the tickets taken in were punched as far as I know; the beer was owned by the Oddfellows; I was simply in charge of it.

Re-examined:—I charged 5 cents for a sandwich in money; for $10 a member would get 200 tickets and if he returned 100 tickets he would have to pay me $5 in cash as well; there was a large number in the excursion who were not Oddfellows; about 16 kegs were used and 2 wasted; there were 6 gallons per keg; have not paid for the beer yet—not till this thing is settled; did not barter beer for anything that day; there was no device to evade the law as far as I was aware.

Mr. Bigelow contended that the lager beer was intended for the Oddfellows and was distributed amongst them, that they are incorporated and have a right to purchase beer for their own use.

Mr. McGregor contended that there was no evidence to show the defendant guilty of barter. The case was different from that of Gillie, in which a witness proved getting beer in exchange for a ticket. The beer was purchased outside of the County and distributed by means of tickets amongst the Oddfellows in Guelph. The Oddfellows, as an incorporated body, were privileged in doing this. It was equivalent to several friends bringing in beer for their own use, and dividing it into shares represented by tickets. These tickets might be given to friends and used by them in getting beer. The Oddfellows were partners and each had an interest in the beer which was represented by the number of tickets he held. They had no intention of making any profit out of it. Patterson said the profits were to go to the refreshment fund. A man can't make a profit out of himself. If the lodge ceased to exist the assets would be distributed amongst the members. We don't know that the amount realized will cover expenses. The intention was to bring their own provisions and refreshments to Guelph and take their own money to Toronto with them. The men were buying back their own goods. If my friend Bigelow and I buy a dozen bottles of beer in partnership and represent each bottle by a ticket, we have each a right to give away one of these tickets to a friend if we choose. There was no exchange of commodities here, and hence no barter. A commodity is something of value. The word "barter" has not been officially construed. The law is not settled on that point. This is the first case of the kind under the Scott Act. The tickets had no value except to transfer the custody of the goods from one member of the Order to another. Mr. Patterson was a trustee or warehouseman or bailie for the other members of the Order.

The defendant was fined $50 and costs.

Adoption of the Twenty-four Hour System by the C. P. R.

The General Manager of the Canadian Pacific Railway Company has issued a circular stating that in view of the new conditions that have to be met by the Canadian Pacific Railway Company, in establishing a continuous train service on a line of railway covering fifty-three degrees of longitude and soon to cover sixty degrees (or four hours of time), it has been found necessary for convenience and to avoid confusion to adopt what is known as the "twenty-four hour system," that is to substitute the numbers 13 to 24 for the present p. m. hours 1 to 12, so that the hours from midnight to midnight will be numbered from 1 to 24.

The Evening Mercury

FRIDAY EVE'G JUNE 18, 1886.

Who Vanished Oleomargarine from Canada?

It seems that some of the Tory papers, as well as some of the Tory members of Parliament, are still giving the Government credit for putting a stop to the sale or manufacture of oleomargarine. Any one who chooses to look over the debates in Parliament will see how utterly unfounded these claims are, and how it was entirely due to the course taken by the Opposition that the Government was at last obliged to prohibit its manufacture and sale under severe penalties. In proof of this we need only quote the remarks made by Mr. Costigan, the Minister of Inland Revenue, when the subject came up for discussion in the House of Commons, in connection with amendments to the tariff. Mr. Mills had made some remarks denouncing oleomargarine as injurious to health. Mr. Costigan in reply said:—"With regard to the remarks of the honorable member for Bothwell that if the Government had looked into the matter and become satisfied that this substitute for butter was injurious to health, it was their duty to prohibit its manufacture as well as its importation, the Government have looked into the matter. They have not come to the conclusion that it is necessarily injurious to health, although it may become so in the process of manufacture. I think it is necessary, in its manufacture in this country, it should be subject to inspection. That is the only way by which we can secure a reliable product. This is an industry which will claim the consideration of this House as to its privilege of exporting."

From the above it will be seen that the Governmen were not so strongly opposed to the manufacture and sale of the vile stuff as they now pretend to be. In fact they had introduced resolutions regulating its sale and manufacture, and providing for its inspection. The parties who engaged in the manufacture were to be exempt from all burdens upon exportation, and so we find that it was the deliberate intention of the Government to encourage the production of this article for exportation abroad, the very course that would have proved in the highest degree injurious to the manufacturers of Canadian butter. All this the Government would have done but for the energetic protests of the Opposition, who in this matter defended not only the interests of the farmers but were also solicitous for the public health. It is needless, therefore, for any one in the Tory ranks to lay claim to any credit in this matter. The official debates, as we have said, tell a different story, and they are borne out by the *Farmers' Advocate*, the editor of which is himself a pronounced Tory. In his last issue he says:

A few weeks ago a Bill was introduced into the Canadian House of Commons imposing an import duty of 10 cents a pound and 8 cents a pound excise duty on a kind of stuff dignified by the name of butterine, but also enjoys many other high-toned names. It was the purpose of our paternal Government to license its manufacture in the Dominion; but we are pleased to find that the pressure brought upon the Government was so great that it recently passed a Bill prohibiting its manufacture and importation.

MR. MORRISON in Congress on Thursday moved that the House go into Committee of the Whole on his Tariff Bill but the motion was negatived. This will likely be the last of it we will hear of this year.

THE latest returns of the Nova Scotia elections make no change in the situation. The strength of the parties in the new Assembly will probably be thirty Liberals, one Independent Liberal, and seven Conservatives.

THE Provincial elections in British Columbia are to be held almost immediately. Nominations are to be held on the 23rd and polling fourteen days later. The Local elections for Prince Edward Island and Manitoba take place on the 30th inst. Those for Quebec will likely soon follow.

THE architect for the Ontario Parliament buildings is pushing on with his plans so as to enable the Government to advertise for tenders and get the work started this summer. One of the ministers said the other day that the Government would hurry the work through once the plans were completed.

It is said that the C. P. R. company will not open their through service to British Columbia until the 28th June on account of the recent fire at Vancover City. In referring to this delay the Montreal *Star* pertinently remarks:—"Why not let the guns which salute the anniversary of the union of the Canadian Provinces also salute the consummation of that Union in the opening of the railway which binds those Provinces together by creating between them a community of material interests?"

THE *Globe* has it "that Dr. Oronhyatekha, a salaried Government official, a travelling Orange organizer, and accredited manipulator of the Indian vote, is acting as one of John White's counsel at the final revision of the Dominion voters' list for East Hastings. The fact that there is an Indian vote in East Hastings, and the probability that no expedient will be left untried to neutralize the Blind Share revelations, no doubt explains the circulating Pooh-Bah's presence in the riding."

THE Montreal *Star* (Independent) says: "Explain it as the Conservatives may, the result of the Nova Scotia elections is the most smashing blow the Conservatives have received for years. In Nova Scotia, Provincial and Dominion politics have always been closely allied. In the late campaign, two Dominion Cabinet Ministers stumped the country in the local Conservative interest. Leading Dominion Liberals did the same on the other side. The secession cry was one aimed directly at the Dominion Conservatives. The elections have practically wiped out the Conservative representaion in the Provincial Legislature, and the blow goes home to the Dominion Government. The chances are two to one that the result of the approaching Quebec elections will be similar, and, as with Nova Scotia, the Dominion Conservatives will be struck through the local ones."

AN Ulster Presbyterian writes to the Detroit *News* stating that as a Presbyterian, proud of his native Province of Ulster, he is most decidedly in favor of Home Rule. The concluding paragraph of his letter throws some light on the recent Belfast riots. He says:—The telegraph brings us tidings of sectarian fights betwixt Orangemen and Catholics. Who are the Orangemen and who are the Catholics who engage in this much to be deplored fighting? Both factions are outside the pale of any religion. The Orangemen are an excrescence on the good name of Ulster Protestantism. They are the rag, tag and bobtail of the Protestant party, fostered under the tuition of the Tory aristocracy, and the respectable Protestant population of the north of Ireland despise them. The Catholics, too, who take part in the faction fights are of the same stamp, low, ignorant and prejudiced, and are not countenanced by the best portion of the Catholic community. These two varieties bring into ridicule the good name of intelligent, law-abiding Catholics and Protestants, and should not be permitted to reflect on the masses of the Irish people.

MR. THOMPSON, the new Minister of Justice, is not such a great man now in the estimation of the Tories as he was some weeks ago. Before the elections in Nova Scotia he left Ottawa with assurances to his colleagues that he would re-unite their shattered forces in that Province. He worked and harangued, he even descended to a personal canvass, but he did not conquer. He has been beaten even in his own county, for Antigonish has returned two Liberals in spite of Mr. Thompson's bulldozing. All this shows how feeble his influence is. Poor McLelan, the Minister of Finance, also went down to his own Province, with the notes of victory on his lips, but he also found that his influence was gone. His record in the past no doubt neutralized any good that he might otherwise do for his party, for it is not many years since he was one of the most pronounced enemies of Confederation. In a letter published in the Halifax *Chronicle* in the latter part of 1868 he "gave it as his opinion and advice that it would be better to accept an addition to our revenue for the present; but he adds, we should continue the fight till we are clear of our Canadian masters, and seek the co-operation and assistance of the Maritime Provinces to accomplish our freedom." Now let the Tory press preach upon loyalty.

THE libel suit of Vermilyea against the Stratford *Beacon*, in which the woman got the verdict of $1 damages, has again drawn attention to the unjust and anomalous state of the law of libel as it relates to newspapers. In this case it was shown that the *Beacon* had reasonable grounds for making the statement it did respecting the young woman in question, and that what appeared in its columns did no material damage to the plaintiff else the jury would have awarded higher damages. We have no doubt that the editor of the *Beacon* considered he made the statements in the interest of the public and of morality. Even had they been unfounded or too highly colored he had no opportunity of making a correction or an apology, for the first intimation that he had of any supposed grievance was the service of the writ. Now he has been put to all the trouble and annoyance of what may be an expensive suit, for the judge has not yet decided whether or not he shall pay the costs. It is high time that such changes were made in the law of libel as would prevent newspaper publishers from being harrassed by suits for libel by every one who has a supposed grievance. We heartily agree with the remarks of the *Globe* on this case when it says:—"Newspapers are an indespensable adjunct of modern civilization, and the public look upon them with friendly eyes. But our laws are founded on the supposition that newspapers are nuisances which should be worried, and harrassed and left open as much as possible to the attacks of lawyers desirous of making out long bills of costs. An end should be put to the ridiculous legal quibble that a newspaper's correction does not travel as far as its mistake, and generally speaking the law ought to be made more equitable, especially as to costs."

The Toronto Musical Festival.

The third and last day of the festival was set apart for the children's jubilee. The audience was nearly as large as on Wednesday night. There were 1,400 children on the platform, 1,200 of whom were girls. They were also accorded a splendid reception by the audience, and in the different pieces they acquitted themselves admirably. An original composition by Mr. Torrington entitled "Canada" was well rendered. At a particular part in the closing verse each child waived a small Union Jack in the air and the beautiful sight, together with the patriotic sentiment and excellent singing of the song, created the greatest enthusiasm and the last verse had to be repeated. The *World* says:—There is every reason to believe that the Festival has proved a financial success and that the guarantors will not be called upon to pay in anything. As near as could be judged last night the receipts for the four concerts have been $14,700. They may be more. It is estimated that the expense will be under $14,000. The chief item of the expense were the orchestra, the soloists and the rent, and fixing up the rink."

100°

IN THE SHADE.

If it has not reached that point yet it soon will. It's coming, and coming fast. Merchants are excited, customers are talking about it. We had no idea that our "few shots at random," sent forth from this paper during the past week would produce such a sensation. But the fact of our reducing the price of our lovely new 40c., 45c. and 50c. Dress Goods to 25c., the line of elegant Summer Silks we offer at 66⅔c. on the $, the reduction in price of Tweeds and Cloths, the cash discount of 25 per cent on Lace Curtains, the Bargains in Parasols, Hosiery, and Gloves, and the many attractive lines offered much under regular prices, have created a wonderful excitement. As they are not all cleared out there is no doubt of its continuance and increase. In addition to the lines mentioned, we direct special attention to a beautiful range of

Cream and White Victoria Lawns, Cream and White India Linens, White Satin Stripe Lawns, Elegant White Brocades, Printed Muslins, Lovely Swiss Brocades, Hamburg Nets, White, Cream, Tabac, and Arab Madras Laces, Oriental Flouncings, Plain and Tufted Chambrays, Beautiful Oatmeal Cloths, Fine Zephyr Checks, All-over Embroideries in colors and white, and an almost endless variety of Seasonable DRESS GOODS for the warm weather. Our stock is very large and choice, and we are certain will commend itself for lowness of price and good value.

Specially large range of Plain and Fancy Parasols and Sunshades bought cheap, and will be offered very low. Our *Hosiery and Glove Stock* containing direct importations from the markets will be found the very best value in the trade.

Pleasant treatment, honest value, no boring to buy, and terms cash, together with the marvellous value in the aforementioned lines, are drawing crowds to No. 27.

INSPECTION INVITED.

Now Open for the Season

Preston Mineral Baths.

AND

SUMMER RESORT

BEAUTIFULLY situated in the County of Waterloo, on the G. W. R., three miles from Galt, twelve miles from Guelph and eight from Berlin.

The hotel attached to this favorite summer resort has been recently enlarged and fitted up with an especial view to the comfort of guests and invalids. Beautiful lawn, capacious billiard parlor and croquet grounds.

The Arcadian Mineral Spring has proved of great benefit to invalids suffering from Gout, Nervous Debility, Diseases of the Stomach Liver and Kidneys, but more especially Skin Diseases.

Sufferers from Rheumatism will fin that using these waters will almost effect a cure. New baths have been added this season.

Mr. H. Rose, former Manager, has resumed his responsible position, and will be pleased to welcome his old friends.

Terms moderate. Omnibus to all trains. Tickets to the Baths and return good for days from all stations on the G.T.R.

C. KRESS, Proprietor
Preston Ontario.

Guelph Advertisers.

We see by the MERCURY that the Berlin *News* has been giving the Guelph merchants high praise for their literary attainments in the advertising line. We are glad to think that they are worthy of such praise, and that outside papers are taking notice of the fact. We attribute the success of Guelph in a large measure to the enterprizing class of merchants she has always had. We believe in advertising on principle, but, while their is a class of advertising that is admirable, there is a class that is anything but that. Advertising should be done in an open straightforward manner, what you have to say, say it out without beating about the bush, as if you would like people to see the hidden sarcasm, but are at the same time quaking in your boots for fear they do. If your goods are cheaper than others, say so, do not say they are as cheap—there is no virtue in such false modesty—but do not say so unless you know for a fact that they are cheaper. We are aware that this course may be the means of raising the ire of your brother merchants, but that is their misfortune, and will always be the way while human nature remains the same.

We quote prices below to prove our position that we sell cheaper than others.

Silk and Satin Department.

A Free Entertainment

—IN THE—

CITY HALL, GUELPH.

On Thursday Evening, 24th June, 1886.

At the request of a number of prominent gentlemen deeply interested in Life Insurance, I have engaged the City Hall, for the evening of the 24th inst., when by means of Diagrams, Charts and Tables, specially prepared for the occasion and gathered from the experience and statistics of Assurance Companies of nearly fifty years standing, I will give a complete EXPOSITION of the various systems, showing the MERITS and DEMERITS of each, and will DEMONSTRATE without fear of CONTRADICTION that Life Assurance has been and can be furnished by The MUTUAL RESERVE, one of the largest and most reliable companies in the world, at less than one half the rates charged by "Old Liners." As this is the system reduced to a science so successfully practised by Friendly and Benevolent Societies, such as the Workmen, Royal Arcanum, Chosen Friends, Royal Templars, &c., a cordial invitation is extended to all the officers, members and friends of the Benevolent Societies of the city. Representatives of rival Assurance Companies are also invited and requested to correct misrepresentations if any are made. Ladies are specially invited. A number of prominent Insurance men are expected, including J. D. WELLS, General Manager of the Mutual Reserve. His Worship the Mayor has kindly consented to act as chairman. Doors open at 7.30 p. m. Chair taken at 8 Admission Free. See large posters and dodgers.

J. T. PATERSON, Manager for Western Ontario, Office St. George's Square, P. O. Box 625, Guelph.

THE GENERAL ASSEMBLY.

HAMILTON, June 17.—After routine business Rev. James Bryant, of asked, through Barrie Presby sanction of the Assembly to his himself to labor as an evangelist. He was eight years minister at Glenallan, in the Presbytery of Guelph, and for three years past was minister at Bradford. Referred to a committee to report next year.

Rev. Dr. Laing, of Dundas, presented the report of the Committee on the Book of Forms. The work of revising the book is going on, and a final report will probably be ready next year.

An overture was received from the Presbytery of Guelph to the effect that the book of selections from the Bible which was prepared for use in the public schools did not meet the general want, and that the Bible as a whole should be used.' It was laid on the table.

Prof. Scrimger then introduced the report of the committee on co-operation o the different churches in home mission work. He said that the Protestant population in the Province of Quebec and in the eastern part of Ontario was very rapidly diminishing and before long it would be necessary to withdraw from many of the missions. What was desired was to unite missions of different evangelical churches and leave the Protestant population able to support at least one congregation.

The report presented details of co-operation which were sent down to Presbyteries without any opinion being expressed by the Assembly.

Dr. Macdonald supported an overture from the Presbytery of Hamilton asking for a change in the election of Moderator of the Assembly.

Rev. Robt. Campbell, of Montreal, urged the Assembly to reaffirm the present mode of election. His suggestion was adopted.

An overture was read from the Synod of Montreal and Ottawa in favour of taking steps for more stringent legislation against lotteries. Referred to a Special Committee.

Rev. Dr. McLaren read an estimate of the amounts required for various missionary schemes as follows:—Trinidad and Demarara, $11,000; New Hebrides, $7,000; Central India, $21,000; Northwest, $10,000; Formosa, $18,000; unforeseen expenses, Eastern and Western Divisions, $4000. So that altogether it would be necessary to ask this great Church during the coming year for $71,000 for Foreign Missions. Miss Oliver was to be sent to India. He moved that the estimate be approved. Carried.

An overture was read from the Presbytery of Toronto on the subject of the evangelization of Roman Catholics. It set forth the necessity of undertaking evangelistic work among Roman Catholics in the West, as well as in Quebec. Referred to Committee on French Evangelization.

It was agreed that Jewish Missions be placed among the schemes of the Church, so that a channel for voluntary contributions might be formed.

It was ordered that the name of Rev. Father Chiniqy be placed on the roll of Chatham Presbytery as an ordained missionary.

After the customary votes of thanks the Moderator gave a short closing address and the Assembly of 1886 was brought to a close by the Moderator pronouncing the benediction. After the Assembly had been disolved, Rev. Thomas Alexander, the oldest minister in the church, rose and expressed the very great pleasure which he had felt in attending the meetings.

COUNTERFEITING IN OWEN SOUND.

Clever Arrest of the Culprit.

OWEN SOUND, June 17.—On Monday night last Detective McGowan, well known here in connection with the Keppel murder case, arrived here in company with Detective O'Leary, of Ottawa, and at once communicated with the town police. Up to a late hour last night or early this morning their movements were an entire secret. About four o'clock yesterday the detectives, in company with Police Constable Spence and Daly, went to the residence of John Smart, who runs a soda water factory, commenced a search of the premises, and found ladles, punches, counter-punches, blocks, metal, and other articles used in making counterfeit money. They had just finished the search when Smart came in, and was at once placed under arrest. The detectives and police left the place, and lodged Smart in the lock-up. The work of securing the moulds and other tools now had to be done. Detective McGowan laid a little plan. He believed there was more to be found, and by putting up a little job on the interested parties a further seizure of articles was made as they were being carried away to be destroyed. A complete mint was found. Moulds and queer looking machines, a quantity of unfinished coin, quarters and fifty-cent pieces in various stages of completion, were lying over the stand and dressing case, making it look like a workshop. The tools were evidently of home manufacture, and much of the work was cleverly done. Letters were also found in Smart's possession connecting him with this business, and placed things more clearly. On coming before Police Magistrate Spencer this morning, the case was adjourned till the Crown Attorney was ready to proceed. Great credit is to be attached to the conduct of the detectives in this job.

Suspicion has been attached to this place for years, which, till now, has baffled all efforts at discovery, and everybody was astonished at the case being so quickly terminated.

The Libel Suit Against the Stratford Beacon.

The slander case preferred by Elizabeth Alleva Vermilyea against A. Matheson, the Stratford *Beacon* man, occupied the greater part of Thursday at the Assize Court. There was the usual curious crowd in attendance, and they seemed to enjoy the evidence very much. The jury went out at 3.30 and in about an hour returned a verdict of $1 for plaintiff. Judge Rose reserved judgment as to costs.

A Difficult Word to Pronounce.

Nothing has excited more amusement during the debate on the Oleomargarine Bill than the efforts of some members to pronounce the word aright, says a Washington letter. At first most of those who spoke pronounced the word as if the "g" were given the sound of "j," but one or two who are authority generally on the question of orthography gave the "g" a hard sound, and the example has been followed by nearly all who have had the floor later on in the debate. Randolph Tucker made desperate efforts to get the word right when he was speaking. "O-le-o-mar-mar-gerine," he managed to ejaculate after a struggle in which the last syllable was emphasized more than the others, and the house fairly roared. The Reading Clerk is one of those who have reformed their pronunction of the word since the debate began. He now gives "g" a hard sound, and the adherents of the soft "g" are dwindling out of notice.

Horsford's Acid Phosphate.

OEN CROWE, Proprietor

GLADSTONE'S JOURNEY TO SCOTLAND

Greeted by Great Crowds All Along the Route.

A GRAND RECEPTION AT EDINBURGH.

LONDON, June 17.—Mr. Gladstone started this morning at 11 o'clock on his Scotch campaign. He was accompanied by Mrs. Gladstone. Thousands of people congregated at the railway station to witness his departure. The crowd was enormous. It seriously blocked and delayed the approach of the Premier's carriage. When Gladstone finally succeeded in reaching the station platform he found it packed with people who welcomed him with enthusiastic cheering. At last he reached his seat in the special coach assigned for his conveyance. The window at his seat was open. When the crowd saw him through the window they set up another cheer, which was repeated several times. The people appeared desirous of having the Premier address them with some parting words before going away on his arduous errand. He arose and spoke from the coach window. He thanked the people for the honor of their "extraordinary demonstration." He adjured them to allow nothing to hide the bare question of the hour. "Attempts have been made," the venerable orator exclaimed, "and will be made, to divert your attention from the real question at issue. This question is solely whether Ireland shall be trusted to manage her own affairs. Those who deny Ireland this right admit that Canada and other British colonies enjoy such rights. Are we to trust our fellow subjects in Ireland and govern by love, or are we to adopt the policy of the Government's enemies and introduce into Ireland Government by force?"

Mr. Gladstone then bade his hearers goodbye and the train moved away. Enthusiastic and prolonged cheering accompanied its departure and hundreds of people, waving handkerchiefs and hats and God-speeding the Premier, ran along the platform beside his coach until the train out sped them.

At the first stopping place, Leicester, there was an immense crowd. In reply to an address he said: "During my 54 years of public life I never saw enthusiasm to equal that which there has been in this great cause. The eyes of the world are now upon us in a degree never equaled before; not only the whole British race, but the whole of civilized mankind have testified liveliest interest in the question. If, as I have every reason to believe, the verdict is favorable to the people of Ireland, there will be nothing less than a thrill of joy throughout the civilized world. I place before you this noble object—human sympathy combined with justice—and commend it to your deep and deliberate consideration, for you have never had an issue to determine more charged with good or evil to the future advancement of this great Empire."

At Trent, in reply to an address from the Primitive Methodist Conference which is now sitting at Derby, Mr. Gladstone said he saw that they were deliberately set upon complying with the reasonable, determined, and traditional desires of their fellow subjects in Ireland. If the nation performed its part at the polls, of which he had the strongest expectations, they should see the matter brought to a speedy and happy termination. At Normanton Mr. Gladstone received vociferous cheers of welcome from the large crowds assembled. The train employees had the utmost difficulty in preventing the people from falling under the wheels of the cars. There was a repetition of the great struggle to get near the carriage, of the eagerness to shake Mr. Gladstone's hands, and of the anxiety to entice him to speak manifested at other points. Those in front of the crowd only were able to hear him. In replying to addresses from the Normanton and Castleford Liberal Societies, Mr. Gladstone referred to the part that Yorkshire had taken in the last election. The conditions then, he said, were somewhat untoward, because the Irish vote, by tactics now perhaps regretted, was not given to the Liberals. The question which should be clearly understood was whether to let the Irish people manage their own affairs. This was asking nothing new. Ireland possessed that right prior to 1800. He believed the Government would be successful in the coming elections.

Enormous crowds are greeting Mr. Gladstone at all the towns on the route from Carlisle to Skipton, also at Hawick and Galashiels. At Edinburgh forty thousand people lined the route from the railway station to the hotel, and the police had great difficulty in making a passageway for the Premier's carriage. The crowds cheered incessantly until Mr. Gladstone re-appeared on the balcony of the hotel to bow his acknowledgments. He did not address the assemblage. Mr. Gladstone says he feels no ill effects from his journey, and that he is extremely gratified at the reception he has met with at every place he has spoken.

Powderly on Boycotts and Strikes.

A Philadelphia report says: General Master Workman Powderly, of the Knights of Labor, and Mr. John W. Hayes, of the General Executive Board, arrived in the city late last night. When questioned to-day, Mr. Powderly said: As far as the boycott is concerned, I think it is a thing of the past. There is no necessity for it. The same ends can now be obtained by peaceful arbitration. The local assemblies now no longer have the power to place the boycott on a firm for every trifling offence. The power to declare a boycott now rests entirely with the General Executive Board, and you may depend on it they will use that power advisedly.

"No strike in which more than twenty-five hands are concerned will be sanctioned unless the General Executive Board has been represented in person in the effort to settle trouble by arbitration, and even then the hands can only be ordered out by a majority vote of the General Executive Board. In case where twenty four hands or less are directly or indirectly involved, a strike may be ordered by a local assembly, providing that two-thirds of its members in good standing so decide by secret ballot.

"This great hub bub over the relations of the Knights and the open unions is a great mistake. There was never any trouble with these unions. There is but one exception to this, and that is the International Cigarmakers' Union. There is as much clashing in our local assemblies as there is between the Knights and the trades unions."

BRITISH CATTLE COMPANIES.—Eleven British cattle companies with a total capital of $20,000,000 own 572,013 heads of cattle and lease or own 3,319,072 acres of grazing land in the Western States. In 1883 one of these companies paid dividends amounting to 20½ per cent., but for two years past it has only paid 10 per cent. Of nine of these British-American companies, in 1885 one paid 7 per cent., one 6, two 5, one 4, and four nothing at all. The reason for decreased profit is in part due to the action of the President, who obliged owners to vacate public lands and pay for their grass. Besides in 1885 the yield of calves was behind that of the year before and the decline in the selling price of steers owing to depressed trade reached in some cases $5 a head.

WITH the *BEST MACHINERY, LATEST* styles of Type and artistic workmen, the MERCURY Job Office ranks A 1.

Sporting Notes.

BASEBALL.

Yesterday's games in the International League resulted as follows: At Hamilton, Hamilton 13, Oswego 11; At Toronto, Toronto 22, Binghampton 5; at Rochester, Rochester 8, Syracuse 3. At Buffalo the game was called on the 3rd innings on account of rain, and stood Buffalo 1, Utica 1.

The following is the International League standing:

	Won.	Lost.		Won	Lost
Syracuse	20	7	Hamilton	14	17
Toronto	16	11	Buffalo	11	14
Rochester	15	11	Oswego	7	20
Utica	14	10	Binghampton	7	20

This afternoon the baseball clubs of the G. T. R. and Goldie's employees are trying conclusions with the bat and ball on the Exhibition grounds.

Rochester is now only one game behind Toronto. The contest for pride of place between Toronto, Rochester, Utica and Hamilton from this out will be pretty keen. Toronto club had better wake up or they will be badly left at the end of the season.

Stratford and London played a game in the Western Amateur League series Thursday, Stratford won by 8 to 3.

The Preston baseball club will play the Royal Oaks here to-morrow on the Exhibition ground. An interesting game may be looked for. The Oaks are in good trim and confident of winning.

The Royal Oaks, Guelph, have made application for admission into the Western Amateur Baseball League. If they succeed there is little doubt but they will make things interesting for the other clubs.

The Maple Leafs spent a very pleasant time at Puslinch Lake yesterday. There were about a couple of hundred people present. A portion of the City Band furnished music. The company arrived home about eleven o'clock, and expressed themselves more than satisfied with the manner in which they were entertained by President Sleeman, who appeared to have left nothing undone for the comfort and amusement of his guests.

Philadelphia on Tuesday.

The boys didn't forget to take Toney, the Mascot, along to the pic-nic.

There is considerable betting being done on Tuesday's game. In some instances the money has gone up even, but the odds are usually on the Philadelphias.

All the fun is over and the Maple Leafs have settled down to practice again.

The following is the score of the cricket match played between Guelph and Listowel, in Listowl on the 17th June.

Foreign.

Mr. John Morley announced in the House of Commons on Thursday that the Government had decided to appoint a commission to inquire into the Belfast riots.

The elections in Holland have resulted in the return of 47 Liberals and 39 Anti-Liberals. The previous Chamber consisted of 43 on each side.

An extensive raid for arms is being made at Kanturk, Ireland, where 5 persons have been arrested. The police are scouring the district.

In reference to the reported seizure of the New Hebrides islands by France, M. de Freycinet has repeated his former assurances to Lord Lyons that France has no intention to attempt to effect the political condition of the islands, but would hold herself bound to respect their independence.

A circular signed by Thomas Power O'Connor, M. P., has been issued to 400 branches of the Irish National League in Great Britain. It orders the formation of election committees and other preparations for the coming struggle and says explicit instructions to cordially and energetically support Gladstonian Liberals will be forwarded later.

w THOMAS SIMPSON.

OH NO!

A LITTLE old man has been telling the people that D. Spragge has sold his pump business. But it is not true, he only sold some surplus machinery. He has removed to Dr. Cowan' buildings adjoining McConnell's carriage works, and is better prepared than ever to execute all orders entrusted to him. Come along boys.
D SPRAGGE.

Wedding Invitations.

BEWARE

OF WORTHLESS IMITATIONS

As there are many inferior goods, corded with jute, hemp, etc., offered and sold as Coraline by some unprincipled merchants trading on the reputation of our genuine Coraline, we warn the ladies against such imposition by drawing their attention to the necessity of seeing that the name

'CROMPTON CORSET CO.'

is stamped on inner side of all Coraline goods. Without which none are genuine.

Accident Tickets and Policies issued.

THE INDIANS IN THE NORTHWEST.—Grip is out to-day with a fine cartoon entitled "Blind and Deaf" emblematic of the wrongs practised on the poor Indians of the Northwest. The picture represents one Indian in the act of supplication and another standing with a scroll on which is written "Bad pork and flour or starvation to the benefit of official thieves. Disease and death to Indian women and girls by the acts of official scoundrels, and this is a Christian country." While in the back ground is to be seen a contractor with hand in pocket smoking a cigar, and in the foreground the Hon. K. C. B. stands with arms folded and eyes looking heavenward, expressing that he is not as other men are. The whole is a good take off on the maladministration of the Dominion Government.

THE EVENING MERCURY is printed and published every afternoon at 4 o'clock; THE WEEKLY MERCURY is issued every Thursday morning. INNES & DAVIDSON, Publishers and Proprietors, 54 Macdonnell street, Guelph, Ont.

THIS PAPER may be seen on file at GEO. P Rowell & Co's Newspaper Advertising Bureau (10 Spruce st.), and William Young, 41 Park Row, where advertising contracts may be made for it in NEW YORK.

Local News

THE Rev. James Kilgour and Dr. Kennedy attend the general hospital next week.

THE Guelph Scientific Society have an excursion to Elora on Tuesday to examine the rocks and flora at that place.

THE County valuators, Messrs. Prain and Mair will commence their duties next week, starting with the Township of Luther.

MR. AUGUST MILLER, Aberfoyle, brought 15 pounds of beautiful trout to the city today which he sold to one of the fish dealers of the city for a good price.

MRS. WM. CARTER and Mrs. Drayton had the first green peas of the season, grown near Guelph, on the market this morning. They were sold rapidly at 50 cents a peck.

FARM laborers and domestic servants are in great demand at present, and many applications for suitable persons are daily received by the Ontario Immigration Agent, Toronto.

THERE have been seventeen entries for the prize farm competition in connection with the Agricultural and Arts Association of Ontario. The judges will start out on Monday to visit the competing farms.

THERE is little improvement in the health of Col. Armstrong since our last report, and if anything to-day Mr. W. S. G. Knowles is a little worse. Mr. W. Philp has sufficiently recovered so as to be about, and hopes to be able to resume his classes next week.

N. G. BIGELOW will move for a *certiorari* to quash the convictions obtained at Guelph under the Scott Act against certain members of the Oddfellows' Society, who, on an excursion to this city recently, violated the law by introducing and selling lager beer on the exhibition grounds on the 24th May.

WELLS' bridge is at present undergoing repairs. The chairman of the Roads and Bridge Committee, Ald. Maddock, expects that the work will be completed by Wednesday or Thursday. The three bridges mamaunae, in length 246 feet, and it will take about 12,000 feet of 16 feet long 3 inch tamarack for the bridges.

MARKETS.—This morning one of the old time markets was recognizable. Farmers having got pretty well through their turnip sowing had more time to visit the city than for some weeks past. The grain market was firm, oats bringing from 30 to 33 cents for prime. All other produce remains at former quotations.

THE Knights of Labor on Friday discharged all the 'bus teams which have been running in Toronto, except those owned by themselves. Some of the owners of those which have been discharged are still driving them, but only 'busses bearing the sign K. of L. are run in the interest of the striking street car men.

THE closing exercises of the Ontario Agricultural College will take place on Wednesday, June 30th. The granting of the diplomas and presentation of prizes will be made by the Hon. A. M. Ross, Commissioner of Agriculture. The public are cordially invited to be present.

DASTARDLY.—The railing on the sidewalk on Northumberland street leading from Harris' stable to the Dublin street crossing was yesterday afternoon torn down by a number of lads. If the police exercise a little precaution they will be able to arrest the depredators. Let it be replaced before any accident occurs.

ON A VISIT.—Mr. Thomas Holliday, Miss Harriet Holliday and Miss Sarah Hayward, of Guelph, leave New York for Liverpool on the 23rd June, on the Anchor Line steamship *City of Rome*, for a short tour in the old country. Mr. John Davidson furnished the tickets. A large number of Guelphites intend visiting the old country this season.

BOY DROWNED IN BERLIN.—At about seven o'clock on Wednesday evening some boys went into Jac. Y. Shantz's pond in Berlin to bathe, amongst them being Henry Reitz, aged about thirteen. The latter got too near the floodgate and was carried into the deep water below and was drowned. The other boys tried to help him out but did not succeed. The body was found about an hour afterwards and brought home to his sorrowing parents.

VISIT TO THE SENIOR GIRLS' SCHOOL.—Dr. McVicar, Principal of the Presbyterian College, Montreal, visited the senior girls department of the Central School yesterday, (p. m.,) and addressed a few words to the pupils on thoroughness in every line of study, urging them at the same time not to neglect physical development, working earnestly during the session and not to be pressed with studies immediately before examinations but, on the contrary to take plenty of exercise in the open air.

KICKED BY A HORSE.—On Monday evening, says the Fergus *News Record*, a lad 6 years of age, a son of Mr. P. Heffernan, of Nichol, below Ennotville, was sent out to bring home the cows. He took a whip along and in passing through a field went up behind a horse and struck him a cut with a whip. The horse, taken by surprise, kicked out, and hit the boy almost half an inch below the right eye, cutting a frightful gash, and making an indentation in the cheek bone. Had the blow been half an inch higher, the eye must have been destroyed.

A VETERAN ORANGEMAN.—The Dufferin *Post* has the following: A meeting of Loyal Orange Lodge, No. 250, was held in their hall here on Monday night. David Spiers was initiated to the first degree. Amongst the Brethren present was Brother Samuel Warnock, who has been a member of the Order for seventy-five years. He became a member in county Armagh in the year 1811. He was then 19 years of age. He sits in the Lodge with his son Joseph Warnock, his grand son John Warnock, his grand son-in-law David Spiers. We think that no other Lodge in Canada can beat this, or come up to it. The old man has always been able to take his place in the Lodge, and at present is quite smart and attends all meetings of the Order.

ALLEN'S ocal yard property will be offered for sale on Tuesday.

THE Council will soon have to do something towards repairing Allan's bridge.

MR. D. MCDOUGALL, cattle buyer, London, is shipping a car load of export cattle from here to-day.

THE midsummer examinations at the Ontario Agricultural College will likely be concluded to-day.

A WATER HEN has been added to the Zoological collection of the European Hotel. The bird was captured near Puslinch Lake.

LIEUT. HIGINBOTHAM, No. 2 battery, returned this morning from Kingston, after a two months' course at the School of Gunnery, Kingston.

The hydrant, on the street in front of Bell's organ factory, facing the G. T. R. passenger station is being removed to-day, and will be placed at the Homewood Retreat.

THE Artillery Brigade go into camp on Monday at the exhibition grounds. The tents will be pitched at the back of the exhibition building this year, and not in the horse ring.

MR. JAMES QUINN, teamster, who was unfortunate in losing a valuable horse a short time ago, has just purchased a fine five year old mare from Mr. Martin Dooley for $156.

JOHN J DALEY & Co., the well known enterprising Real Estate Dealers, of this City, have removed to the office formerly occupied by Messrs Macdonald & Macdonald, in Cutten's Block.

PRESBYTERIAN SERVICES.—The Rev. D. H. McVicar, D. D., LL. D., Principal of the Presbyterian College, Montreal, is in the city, the guest of his brother-in-law, Mr. D. Guthrie. He will preach in Knox church at 11 a. m., to-morrow. At 3.30 p. m., he will speak to a union meeting of the Sabbath Schools, in St. Andrew's church, and at 7 p. m. will preach at a union service in Chalmers' Church.

AT the meeting in Hespeler on Tuesday night last, under the auspices of the local assembly of the Knights of Labor, after an address by Mr. A. Wright, of Toronto, Mr. E. J. O'Brien, of Guelph, also spoke for a short time, and created a favourable impression in the minds of his hearers by the straightforward manner in which he pointed to the necessity of united action on the part of the labouring classes.

SUPPLIES FOR THE BRIGADE CAMP.—Messrs. Jackson & Hallett have been awarded the contract for the supply of groceries for the soldiers of the Artillery Brigade, who go into camp here on Monday. Mr. R. Mitchell will supply the officers mess; Mr. Buckle will furnish the bread; Mr. T. Simpson, the meat and Ald. Hewer potatoes and horse feed. The contracts were awarded last night.

FROST.—Farmers to-day state that there was quite a heavy frost throughout the country surrounding Guelph this morning. In several instances a slight skin of ice was seen on pools in hollows and in troughs around barn yards, while the grass was covered with a heavy white frost. In some parts of the city quite a frost was noticeable. On the whole it is considered that little damage will result to crops or garden produce from the effects. A frost of this kind is a rarety so late in the month of June, and especially following so close on the recent warm spell.

NEW DELIVERY WAGGON.—Mr. John McConnell completed to-day a handsome delivery waggon for Mr. George Williams, grocer and fruit dealer, known as McConnell's "Eclipse." There are three tiers for groceries, thus giving three times the delivery capacity formerly provided for in the old waggons. The covering also projects so as to cover the driver. The lettering and finishing are remarkably well done. This makes another acquisition to the recent fine delivery waggons which have been made for the grocers and dry goods men of the city within a short time.

ST. GEORGE'S CHURCH.—Special services will be held in this church to-morrow (Trinity Sunday), as follows: Morning prayer at 8.30, a. m.; an ordination service at 11 a. m., at which the Lord Bishop of Niagara will ordain Messrs. Sloggett and Kemp to the Diaconate; a choral Sunday School service will be held in the church at 3.30 p. m., when his Lordship will address the Sunday School. The singing at this service will be by the new S. S. choir, in the chancel, conducted by the Rev. Mr. Harvey. All are invited to attend this service. The evening service will be held at the usual hour 7.00. The bishop will preach.

LIGHTNING.—About six o'clock Thursday morning, a lad about 12 years of age, named Wm. S. Williams, employed by Mr. James Taylor, auctioneer, Moseborough, had a narrow escape from being struck by lightning. While bringing the milch cows home, and crossing the bridge, a chain of forked lightning, followed by a heavy crash of thunder, struck a maple tree near the banks of the stream. The tree was totally shattered and splinters flew in every direction, one large piece, about the size of a cordwood stick, being thrown fully thirty yards away. Fortunately the boy and the cattle were a short distance ahead and escaped. Mr. Alex. Dunn, who saw the occurrence says had they been a couple of minutes later the result would have undoubtedly proved disastrous to the driver or the cattle.

THE ORANGEVILLE COLLECTOR.—The defalcations of the Collector for the town of Orangeville have been investigated by a committee which reports that the aggregate deficit for the 5 years was $789.97, of which $352.35 has been paid in, leaving a balance of $432.62, of which $101 will be paid by Mr. Sutton's sureties, leaving a balance of $337.82 to be accounted for, and which is supposed to be a total loss. The cause of the deficit is the recklessness of the clerk, the dishonesty of the collector; the auditors not examining the sources of revenue, and the finance committee accepting the work of the officials as correct without scrutinizing it. The remedy recommended for the repetition of the errors was, that the assessor's roll be handed to the finance committee before the final revision, to be checked by them or some person to be engaged for that purpose and that the aggregate be handed to the treasurer; that the chairman of the Court of Revision hand a list of the changes made by the court to the treasurer; that the auditors examine all books, as well as vouchers; that when the work of any official was found incorrect, the cost incurred in rectifying the error should be deducted from their salary, and that the finance committee see that these recommendations are carried into effect. The report was adopted.

CHARGES AGAINST CHIEF RANDALL.

Preliminary Investigation of One of Them.

The Evidence not to be Made Public Until Wednesday.

Yesterday afternoon at half-past three o'clock the Special Committee appointed by the Council to investigate charges preferred against Chief of Police Randall met in the committee room off the Council chamber. Present, Ald. Keough, chairman, Skinner, Coffee, Smith, Read and the Mayor.

After the minutes of the last meeting had been read, Mr. Fields, who appeared for the prosecutor, Wm. Hawkins, threw up the case on the ground that one of his partners, Ald. Coffee, was on the committee and it might have an ugly appearance to the case outside. He would say, however, that Mr. Coffee had not the least interest in the case one way or another. He would do his best to have the private prosecutor represented by legal advice. He accordingly procured Messrs. McLean and Murphy. Mr. A. H. Macdonald appeared for the defence.

The Committee then entered into a discussion as to whether they should go into the Council room and read the charges publicly. Alds. Keough, Skinner and Coffee held that everything should be done above board, and that the public had a perfect right to hear what was going on.

Mr. Macdonald stated that this was the first that he or the Chief had seen of the charges, and time was required to get up a case for the defence.

Ald. Keough mentioned that the Chief had been furnished with a copy of the charges, and also that every time he met the gentleman on the street he seemed most anxious to have the case pushed ahead.

After considerable discussion the charges were read.

Mr. Macdonald objected to the charges being published in specific form until Wednesday when they will be published in full along with the evidence.

Mr. Macdonald objected to the charge made by Sergt. Dooley as not being known to the Council at the time of the other charges.

Ald. Keough said that he was certainly aware of it at the time.

Mr. Murphy urged going on with the case and having it made public.

Mr. Macdonald said that so far as the Chief was concerned it did not make a bit of difference whether the investigation was public or private, but he was entitled not to be prejudged by evidence which would be published before he was ready to go on with the defence. Another thing he considered that it was of the greatest importance that the Chief should be above suspicion, and if the evidence went out it would have a tendency to hurt his case and would lessen his influence with the force.

Mr. Murphy remarked that it was to be assumed that charges were brought with no ill will, and the good sense of the people could be left to judge for itself. He thought that it was a wise thing that the ratepayers and the public should know what was being done, and they were entitled to know as well as the committee. The Chief's justification would go as far as the evidence that was brought against him.

Mr. McLean also held that it was to the interest of the ratepayers to hear the evidence.

Ald Smith understood at last meeting of the committee that this meeting was only for the purpose of hearing the charges, and that the evidence was to be taken at an after meeting. He had no objection to the matter being made public if the case was ready to be proceeded with.

Mr. Macdonald said he was not ready to go on with the case and objected to hearing evidence.

Ald. Keough said that he was willing to give the Chief all reasonable time.

Mr. Macdonald said he would be ready on Wednesday.

Messrs. Murphy and McLean were anxious to find out if the witnesses from the country, John Hawkins, William Hawkins and John McLean were to receive any remuneration for coming in here. If they went home to-day they might not be able to get them back.

The committee appeared to be undecided about the paying of the witnesses without the consent of the Council.

Ald. Coffee was in favor of taking the evidence to-day.

Mr. Macdonald had no objection to hearing the evidence of the witnesses provided it was taken in private and not published until Wednesday, so that it would not interfere with his case.

Moved by Ald. Coffee, seconded by Ald. Skinner, that the investigation in the Hawkins case be proceeded with privately, and be kept private until Wednesday, when the investigation will be continued in public. Carried.

Ald Coffee was appointed to write down the evidence.

Mr. Macdonald objected to having P. C. Flowers, who it was shown had taken an active part in bringing one of the charges, and the witnesses, staying in the room during the investigation.

After some wrangling they were sent out.

The committee sat from half-past three until half-past eight. During that time the evidence of John Hawkins, Wm. Hawkins, John McLean and James Hawkins was taken. The evidence of these witnesses will appear on Wednesday.

The committee adjourned till 2 o'clock on Wednesday afternoon.

COUNTY STUDENTS FOR THE AGRICULTURAL COLLEGE:—The Educational committee of the Ontario county council passed the following motion anent the new regulation empowering county councils to nominate students for the Agricultural College:—We feel pleased that the incentive of nominations to scholarships in the college is now offered to the sons of farmers throughout the province, and we trust that the hope of being honored with a nomination by the council representing the whole county, will stimulate them to specially apply themselves to the acquirement of a thorough training in the science and practice of agriculture and to endeavor to avail themselves of the advantages in that respect which the Guelph College affords.

For Sore Throat, Sudden Colds and Diphtheria, no remedy has ever been discovered so powerful to cure as Davis' Pain Killer. As a Liniment it has no equal in curing Rheumatism or Neuralgia, Burns and Bruises, and wounds of every description. It is the cheapest and best remedy ever offered to the public.

Sporting Notes.

BASEBALL.

On Friday afternoon a game of baseball took place on the Exhibition grounds between the G. T. R. employees and those of Goldie's mill. Up to the fourth innings a fine game of baseball was witnessed, the score being 7 to 7. Frew, the catcher of the railway team, having got his hand badly injured in the fifth innings, the mill team secured an easy victory, and on account of passed balls the railway men were badly defeated. During the game the G. T. R. club had 29 base hits to their opponents' 11. The following is the score:

G. T. R.	O.	R.	GOLDIE'S.	O.	R.
D Sweeney, 1 f	2	3	Snyder, p. & l f	4	3
Gallagher, p & c	1	3	J Goldie, 2b	3	5
Kelly, c & f	4	1	Neslin, c	3	4
A Frew, ss & c	5	0	Wilson, r f	4	4
Laing, 3b	3	1	Elliott p2	1	7
Scott, 1b	4	0	R Goldie, 1b	0	7
H Frew, c & ss	2	2	Hall, 3b	2	5
Mulrooney, 2b	3	1	Cunningham, c f	5	3
Clancey, r f	3	1	Garceau, ss	5	1
	27	12		27	39

The game occupied three hours and a half, and was lost to the G. T. R. by passed balls and bad fielding. The game was ably umpired by Wm. Bardwell, and Robt. Howie did the scoring.

Dan Connors of Guelph is captain of the Stratford team.

The batting and fielding averages of the Leafs will appear in Monday's issue.

It is likely Dillon will catch Tuesday's game, as Purvis' finger is still in bad shape.

Stephens leads the Leafs in batting on their recent tour, with an average of 440.

Tuesday's game ought to bring out the largest crowd that has attended a ball game here for years, owing to the great ability of the visitors.

Williams hasn't had an error yet and Campau only one.

The Royal Oaks are playing the Preston club baseball on the Exhibition ground this afternoon.

Yesterday's games in the International series resulted as follows:—At Toronto, Toronto 16, Binghamton 9. At Hamilton, Hamilton 18, Oswego 10. At Rochester, Syracuse 1, Rochester 2. At Buffalo, Utica 12, Buffalo 3.

Pete Wood, the Buffalo pitcher, has been put on the suspended list for an "indefinite period." Weir, the shortstop, was fined $30 for 3 errors.

Robinson, the second baseman of the St. Louis Browns, went on a spree at Louisville and talked back to Captain Comiskey. He was fined $300, about $25 a word.

Toronto will have a surfeit of baseball next week, Oswego playing there on the first three days and Utica the last three days of the week following.

Manager Ormsbee, of the Oswegos, thinks Hamilton has the best base runners in the League, but that the Stars play the steadiest game.

On Thursday the Guelph and Hamilton cricket clubs play in Guelph. Both elevens are strong.

SPRINTING.

James Quirk, of Brantford, and Frank Lewis, of Oregon, ran a 75-yard race at San Francisco lately for $250 a side. Quirk won in 7½ seconds.

Latest Business Changes.

NEW YORK, June 18.—The business failures occurring throughout the country during the last seven days, as reported to R. G. Dun & Co., number:—For the United States, 144; for Canada, 11; or a total of 155; as compared with 209 last week and 187 the week previous. The large decrease in the number of casualties is spread over all sections of the country about evenly.

McGregor's Lung Compound.

Have you a bad cough, a chronic hoarseness a feeling of lightness in the chest, weak lungs, or any similar complaint? If so, buy at once a bottle of McGregor's Lung Compound. It will cure you. It contains entirely new specifics, of which one dose is more effectual than a whole bottle of the old time remedies it is put up in 50c. and $1.00 bottles. Sold by Thos. S. Petrie, Druggist. Try it, and you will never have reason to complain.

The Evening Mercury

SATURDAY EVE'G JUNE 19, 1886.

Reform Meeting at Owen Sound.

After the meeting at Chesley on Wednesday Mr. Blake remained all night at Tara and next day drove to Owen Sound accompanied by a number of prominent Liberals, to whom large additions were made as the party got nearer the town. They entered it in procession, and the Liberal leader was loudly cheered as the party passed along the streets. An immense throng was convened at the place of meeting early in the afternoon. Mr. James Cleland, President of the Reform Association of North Grey, occupied the chair. The large audience, represented by all shades of political opinion, gave close attention to the excellent speeches made by Hon. Mr. Blake, Hon. M. Anglin, Mr. Allen, M. P. for North Grey, Mr. Bain, M. P. for North Wentworth, and Dr. Landerkin, M. P. for South Grey. The same night the Young Men's Liberal Club gave a banquet in honor of Mr. Blake, which was argely attended. Able speeches were given by the gentlemen above named and others.

The U. S. Senate has passed a Bill fixing April 30th as the date of commencement of Presidential terms.

THE Senate Committee of the French Chambers has rejected, by a vote of 6 to 3, all the proposals for the expulsion of the Princes from that country.

THE Liberals of South Huron will hold a convention at Brucefield, on Tuesday, the 29th inst., at one p. m., for the purpose of selecting a candidate to represent the riding at the next Dominion election.

MESSRS MEREDITH and Creighton had a long interview with Sir John Macdonald at Ottawa on Thursday and the following day John Small, Tory whip, F. D. Barwick and a number of other party wire pullers arrived. Everybody is asking what all this means.

THE Montreal *Herald* thinks there will be no Dominion elections this year in consequence of the rout of the Tories in Nova Scotia. It may be so, or it may not, but Reformers should not trust to this, for Sir John Macdonald's tactics are as crooked as his policy. Reformers should be on the alert in any case, so that they can meet the enemy at any moment.

EVERYBODY is asking who Colonel Campbell Walker is, who is to oppose Mr. Gladstone in Midlothian. He is a gentleman wholly unknown to public life, and, except that he is occasionally puffed in the *St. Stephen's Review*, with which he has some family connections, and for which he used to do the theatrical criticisms, he is probably unknown, even by name, to the Conservative leaders. Mr. Gladstone will have as easy a task in beating him as he had his former opponent.

LADY MACDONALD has gone to Regina, where she will remain as the guest of Lieut.-Governor and Mrs. Dewdney until the arrival of the Premier on his way to the Pacific Province. The report is that it is largely through her influence that Mr. Dewdney is retained in his post in the Northwest. Mrs. Dewdney is a pet of Lady Macdonald's and spent a portion of last session in Ottawa as her guest. No matter how incompetent Mr. Dewdney is, Sir John, through this female influence, and for other reasons, keeps him in office in spite of the protests of the people.

MR. FIELDING, Premier of the Nova Scotia Government, is daily receiving telegrams from all parts of the Dominion, congratulating him on the result of the elections. On the other hand the Tory papers are saying very little about the elections. They feel that the result is a serious blow to their party, not only in that Province but throughout the Dominion. It is said, and the report no doubt is true, that Sir John Macdonald regards the result in Nova Scotia as the greatest political blow he has received since the days of the Pacific Scandal. The Montreal *Gazette* in trying to explain the defeat of the Tories in that Province says:—"The management of the campaign seems also to have been faulty on the part of the Conservatives, who lacked the energy, the prestige and organizing powers of their great leader, Sir Charles Tupper, the first Nova Scotian of the day, and whose influence in the Province is unrivalled." This is a hard blow on Messrs. McLelan and Thompson, the two Nova Scotia members of the Dominion Government, who were engineering the elections in their own Province, and it is all the more stinging, coming as it does from the paper controlled by their colleague, Mr. Thomas White. The result of these elections is no surprise to those people in the west who know of the commercial depression which prevails in that Province at present. It is said that in Halifax alone there are about four hundred houses for sale for taxes. If this is true the city must be in a terrible condition, and it is indicative also of the state of affairs throughout the Province.

The Provincial Exhibition.

The prize list of the forty-first Provincial Exhibition, to be held in Guelph from the 20th to the 25th of September under the auspices of the Agricultural and Arts Association of Ontario, has just been issued. It is a neat little volume. On the front cover is a pretty little scene of the River Speed, a church, etc., and on the back cover a cut of the Guelph public market. Any person who has not received a copy of the prize list may obtain one by sending a post card to the Agricultural and Arts Association, Toronto. As soon as they arrive copies can also be had of Mr. Robert McKenzie, Secretary of the South Wellington Agricultural Society, or at the MERCURY office. The Council of the Association will meet in Guelph on Thursday next to make arrangements for the Exhibition.

BRISTOL'S Sarsaparilla

The Great Purifier OF THE BLOOD AND HUMORS.

CAMPBELL'S TONIC ELIXIR

This agreeable yet potent preparation is especially adapted for the relief and cure of that class of disorders attendant upon a low or reduced state of the system, and usually accompanied by Pallor, Weakness and Palpitation of the Heart. Prompt results will follow its use in cases of Sudden Exhaustion arising from Loss of Blood, Acute or Chronic Diseases, and in the weakness that invariably accompanies the recovery from Wasting Fevers. No remedy will give more speedy relief in Dyspepsia or Indigestion. For Impoverished Blood, Loss of Appetite, Despondency, and in all cases where an EFFECTIVE and CERTAIN STIMULANT is required, the ELIXIR will be found INVALUABLE.

Price $1 per Bottle or Six Bottles for $5

Sold by all Dealers in Medicines.

DAVIS & LAWRENCE CO. (Limited)

OLD STAND.

The Value we give in Millinery has created a big sensation. All Goods marked in Plain Figures.

REID & BAYNE,

BUCHAM'S OLD STAND.

Retail—8½ Upper Wyndham-st., Guelph. Wholesale—9 and 11 Wellington Street, East, Toronto.

100° IN THE SHADE.

If it has not reached that point yet it soon will. It's coming, and coming fast. Merchants are excited, customers are talking about it. We had no idea that our "few shots at random," sent forth from this paper during the past week would produce such a sensation. But the fact of our reducing the price of our lovely new 40c., 45c. and 50c. Dress Goods to 25c., the line of elegant Summer Silks we offer at 66⅔c. on the $, the reduction in price of Tweeds and Cloths, the cash discount of 25 per cent on Lace Curtains, the Bargains in Parasols, Hosiery, and Gloves, and the many attractive lines offered much under regular prices, have created a wonderful excitement. As they are not all cleared out there is no doubt of its continuance and increase. In addition to the lines mentioned, we direct special attention to a beautiful range of

Cream and White Victoria Lawns, Cream and White India Linens, White Satin Stripe Lawns, Elegant White Brocades, Printed Muslins, Lovely Swiss Brocades, Hamburg Nets, White, Cream, Tabac, and Drab Madras Laces, Oriental Flouncings, Plain and Tufted Chambrays, Beautiful Oatmeal Cloths, Fine Zephyr Checks, All-over Embroideries in colors and white, and an almost endless variety of Seasonable DRESS GOODS for the warm weather. Our stock is very large and choice, and we are certain will commend itself for lowness of price and good value.

Specially large range of Plain and Fancy Parasols and Sunshades bought cheap, and will be offered very low. Our *Hosiery and Glove Stock* containing direct importations from the markets will be found the very best value in the trade.

Pleasant treatment, honest value, no boring to buy, and terms cash, together with the marvellous value in the aforementioned lines, are drawing crowds to No. 27.

A Free Entertainment

—IN THE—

CITY HALL, GUELPH.

On Thursday Evening, 24th June, 1886.

At the request of a number of prominent gentlemen deeply interested in Life Insurance, I have engaged the City Hall, for the evening of the 24th inst., when by means of Diagrams, Charts and Tables, specially prepared for the occasion and gathered from the experience and statistics of Assurance Companies of nearly fifty years standing, I will give a complete EXPOSITION of the various systems, showing the MERITS and DEMERITS of each, and will DEMONSTRATE without fear of CONTRADICTION that Life Assurance has been and can be furnished by The MUTUAL RESERVE, one of the largest and most reliable companies in the world, at less than one half the rates charged by "Old Liners." As this is the system reduced to a science so successfully practised by Friendly and Benevolent Societies, such as the Workmen, Royal Arcanum, Chosen Friends, Royal Templars, &c., a cordial invitation is extended to all the officers, members and friends of the Benevolent Societies of the city. Representatives of rival Assurance Companies are also invited and requested to correct misrepresentations if any are made. Ladies are specially invited. A number of prominent Insurance men are expected, including J. D. WELLS, General Manager of the Mutual Reserve. His Worship the Mayor has kindly consented to act as chairman. Doors open at 7.30 p. m. Chair taken at 8 Admission Free. See large posters and dodgers.

J. T. PATERSON, Manager for Western Ontario, Office S. George's Square. P. O. Box 626, Guelph.

Choice and Carefully Selected.

China, Glass and Printed Ware.

INSPECTION INVITED. d

Guelph Advertisers.

We see by the MERCURY that the Berlin *News* has been giving the Guelph merchants high praise for their literary attainments in the advertising line. We are glad to think that they are worthy of such praise, and that outside papers are taking notice of the fact. We attribute the success of Guelph in a large measure to the enterprising class of merchants she has always had. We believe in advertising on principle, but, while their is a class of advertising that is admirable, there is a class that is anything but that. Advertising should be done in an open straightforward manner, what you have to say, say it out without beating about the bush, as if you would like people to see the hidden sarcasm, but are at the same time quaking in your boots for fear they do. If your goods are cheaper than others, say so, do not say they are as cheap—there is no virtue in such false modesty—but do not say so unless you know for a fact that they are cheaper. We are aware that this course may be the means of raising the ire of your brother merchants, but that is their misfortune, and will always be the way while human nature remains the same.

We quote prices below to prove our position that we sell cheaper than others.

THIS ORIGINAL DOCUMENT IS IN VERY POOR CONDITION

THE CAMPAIGN OPENED IN EDINBURGH.

Mr. Gladstone's Speech.

EDINBURGH, June 18.—Mr. Gladstone spoke in the Music Hall here to-night. Tickets of admission had been issued, and the hall, which is capable of holding 2,000 persons, was filled to its utmost capacity. The audience cheered for Mr. Gladstone and Lord Rosebery, and groaned for Mr. Chamberlain and Lord Hartington and other Unionists. But Mr. John Cowen, chairman of Mr. Gladstone's election committee, who presided over the meeting, called for silence when he began his speech.

Mr. Gladstone's voice seemed less powerful than formerly. He said that Inkerman was a soldier's battle. It was not won by the general's tactics or ability, but by the soldier's valor. Equally were the present dissolution of Parliament and the general elections the people's battle. I am strongly convinced, said he, that the people have resolved to carry the day, notwithstanding the defection of prominent leaders of the Liberal party. This contest was fought against us by the officers of our own army. The Conservatives were content to leave the work in the seceders' hands. They call themselves Unionists and us disintegrators. They wish to preserve the paper union unaltered. We feel that it should be specially conserved so far as it is valuable. We seek the union of heart and mind, which we are struggling to restore. It is desirable to speedily close this great controversy for every interest in this country. The position of all parties will be deplorable, public business will be interrupted and public confidence shaken, social order in Ireland will not be restored unless the people speak clearly, manfully and decisively, such as the question merits. (Cheers.) Do not let it be said that the nation is unequal to the task of dealing with the question. Some flinch difficulty, some turn their backs in the hour of trouble. Let the nation's voice be given in defence of our cause.

It is important that the electors should realize the true issue, which is much disputed. Is it a choice between opposite policies regarding Ireland, between opposite principles of action, or a choice upon the details of a large and complicated bill? Important journals urge you not to consider the policy to be pursued, but to entangle yourselves in the details of this or that particular method of establishing that policy. The question you are asked to decide is the proposition to establish a legislative body in Ireland to manage exclusively Irish affairs. It is a principle upon which you are called to vote and not details and particulars or even a bill. I propose to reduce the issue to a point from which there can be no escape. The case is this:—We had before us a principle to establish—an Irish statutory legislative body, or parliament, to manage exclusively Irish affairs. We laid down several conditions essential to a safe application of that principle. It must be compatible with and conducive to the union of the Empire, must be founded upon political equality, embrace an equitable distribution of Imperial burdens and reasonably safeguard the minority, to afford any rational prospect of being accepted as a settlement of the question. It is now idle to say that the country will be asked to vote on the details of the bill. The bill is dead with parliament. [Cheers]. The principle of the bill survives. (Loud cheers). Ministerial candidates must not be tested by the bill we introduced in parliament, because it was the best we could frame. Doubtless they are better men than we, and if so, they will frame a better bill or put us in a way of doing it, and if they do this they will not be more happy than we, perhaps not quite so happy. What the nation has to decide is not a clause, detail or the method of the bill, but the policy and principle embodied in it. He who accepts them is our brother in arms. He who repels them, shirks them and uses fictitious means to falsify them is an adversary in the fight, whom we must without injury to his life, limb or reputation, endeavor to defeat.

I read in London that Scotland was doubtful or adverse to Home Rule. I answered that I did not believe it. (Cheers.) I hoped for an opportunity to test it, and I saw enough in my progress yesterday to show me that the heart of Scotland is more deeply and profoundly touched than Scotland's will, and that Scotland was never more earnestly bent on a work of policy and justice than it is to accomplish the present enterprise. (Loud cheers.) Regarding the Parnell-Carnarvon incident, I blame neither. It is extremely important to know what happened. Lord Carnarvon told his colleagues that he favored a plan that would fully meet the wants of Ireland in respect to local self-government, and would to some extent satisfy her national aspirations. Lord Carnarvon may dislike it, but in substance he is our man, not theirs, if he is ready to meet the wants of Ireland for local self-government, (disturbance, and cries of "Turn them out.") These are Lord Carnarvon's opinions, and this is what he said, but I call his attention, and shall call it repeatedly if necessary, to what he did not say. He has not stated what he did say to Mr. Parnell. I shall believe until he contradicts it that he told Mr. Parnell he favored satisfying the wants of Ireland fully with regard to local self-government, and that he desired to satisfy Ireland's national aspirations. Why did not the Cabinet expel the disunionist for his misdeeds, but for the fact that they were sorry to lose him. I believe Earl Carnarvon's statement that he never told the cabinet, but I feel sure he told Lord Salisbury because it was his absolute duty and because he was not entitled to make such a statement to Mr. Parnell and withhold it from the Premier if he did so. We know that Earl Salisbury until August knew that his colleague was in communication with the great 'disintegrator,' and 'dismemberer.' I do not find fault with Earl Salisbury if he entertained a wish in the same direction as Earl Carnarvon. I think it very wise of Earl Salisbury. The summit of my ambition would have been to support him and give effect to his wise inclinations.

After giving the pretences of Lord Hartington and Mr. Chamberlain a scorching, Mr. Gladstone continued: "At another time I will discuss the plan of government for England, Ireland and Scotland as a mode of dealing with the great and crying subject of social disorder in Ireland. The one broad, blazing, glaring differences between these countries is, that whereas these are well governed, well constituted and contented communities, Ireland has not attained the primary purposes of civilized life. There are only two policies before the country, and it remains with you to decide between them. Reflect each one of you in the name of Almighty God, each one in the sanctuary of his chamber, in the sanctuary of his heart, his soul, what it is; in this year of 1886, after nearly a century of continued coercion, becoming weaker and weaker, more and more odious, and less and less effective as we go along, repudiated by a large majority of the Irish members—what it is to propose coercion as an alternative to local government in Ireland. (Cheers.) Do not allow yourselves to be carried away by craven fears, but believe that by acting justly you will act strongly. (Cheers.) Justice is always strong. Join us in our effort to close this painful, terrible, awful chapter of the relations between England and Ireland, which for centuries and centuries has been the opprobrium of our country in the eyes and judgment of the world. Join us in this happy, yea holy, effort, and rely upon it, if we attain our end, it shall be done more,

OHN CROWE, Proprietor

perhaps, to the honor of Great Britain than even the happiness of Ireland." (Loud and prolonged cheers.)

Mr. Gladstone spoke for an hour and a half. At the end of his speech a vote of confidence in Mr. Gladstone was carried unanimously amid great enthusiasm.

LORD SALISBURY'S CAMPAIGN SPEECH.

LEEDS, June 18.—Lord Salisbury made a campaign speech at Leeds to-day. Enormous crowds awaited his arrival and cheered him loudly. The hall was packed, there being 5,000 persons present. Fully double that number of tickets had been applied for. He began his address by stating that in most cases of an appeal to the tribunal of the people there was a cause with an antagonist to defend it, "but now," said the speaker, "we have a very living and vigorous antagonist defending a shadowy, immaterial, unsubstantial cause." He then proceeded to argue on the impracticability of establishing an Irish Legislature.

THE POLITICAL CRISIS IN BRITAIN.

Interesting Items From All Over.

LONDON, June 18.—Earl Rosebery addressed a crowded meeting at Glasgow last night. He said that although the Liberals in Parliament were divided he did not believe the masses of Liberals in the country were divided. The Government appealed to them with the watchwords, "Union and Liberty," as against "Centralization and Coercion." He asked them to remember that they were not asked to vote for the details of a Government scheme. The Hartington manifesto inculcated the old policy of "Brimstone and Treacle."

BIRMINGHAM, June 18.—At a crowded meeting last night of persons in favor of granting Home Rule to Ireland, Mr. Cowen, M. P. for Newcastle-on-Tyne, said he was sure that Ireland would show an aptitude for self-government if Home Rule were granted, and that even the Fenians would assist in promoting order and unity.

LONDON, June 18.—The Liberal Association of Aylesbury, Buckinghamshire, today heard read the election address of Ferdinand de Rothschild, the Aylesbury member of the House of Commons. He was returned as a Liberal, but opposes Gladstone's Home Rule Bill, and endorses the "Unionist" policy. The address was rejected, and the association adopted a resolution declaring that it would reject any candidate who would not give reliable pledges that he would support Gladstone in the House of Commons.

Sir William Vernon Harcourt, in his election address to his Derby constituents, says:—"The British people could not expect that the Irish would quietly submit to the Marquis of Salisbury's policy of 'twenty years' resolute and unflinching Government' in Ireland."

The *Times* this morning, referring to Gladstone's campaign tour, says:—"It is undeniable that within its limits the Pilgrimage of Passion has thus far been a success. The crowds to meet Gladstone have been greater than ever before, and the personal enthusiasm as great. This surprises nobody, but the pushing and cheering of workmen is no answer to the great question."

The Dilke-Crawford Case.

LONDON, June 18.—Sir Charles Dilke has given notice of appeal from the decision of Justice Hannen denying Sir Charles and Mrs. Crawford the privilege of being made parties to the Dilke-Crawford case as re-opened by the Queen's Proctor. Sir Charles insists upon his right to deny, under oath, the charges made by Mrs. Crawford, and to have her subjected to a cross-examination.

France and the New Hebrides.

LONDON, June 18.—Mr. Bryce, Under Foreign Secretary, referring to the New Hebrides affair, said that M. de Freycinet, the French Prime Minister, had informed Lord Lyons, the British Ambassador to France, that France had as yet received no news of the alleged hoisting of the French flag over the New Hebrides. M. de Freycinet had telegraphed to the Governor of New Caledonia asking if the French flag had been hoisted, and ordering that if it had it, be pulled down forthwith.

How the Riots in Sligo Originated.

SLIGO, June 17.—Patrick Kelly, a carpenter, has turned informer in connection with the recent troubles in this city. He states that Pat. Curran James Cleary and himself emerged from a tavern on Friday night and committed the outrage at the Roman Catholic Cathedral. On Saturday they collected crowds of people and harangued them, charging the outrage on the Protestants, and inciting their hearers to avenge the victims of the riots at Belfast. Curran has been arrested and admits his guilt. Cleary has fled.

Cleary has been arrested and confesses his guilt. It is stated that the three men are all anxious to turn informers in order to obtain the reward of £100 offered for the discovery of the perpetrators of the outrage. The people are very much excited. Two Catholic tradesmen have been arrested on the charge of damaging the Bishop's palace and afterwards leading the mob that destroyed the houses of the Protestants.

The Hungarian Colony in the North West.

Count P. d'Esterhazy writes from Whitewood, N.W.T., that the first Hungarian colony, which was established in August last at Hungarian Valley, Minnedosa, Man., is in a flourishing condition. It now contains a post office, church, and 17 well built dwelling houses with their outbuildings. Twenty families are completely settled there, with cattle and farm implements, and they seem to enjoy the esteem of their members. This settlement was made by Mr. G. de Dory, and Count d'Esterhazy hopes soon to visit it. He continues by saying: "I am now here encamped with 21 Hungarian families—42 souls. We have 22 oxen, the admiration of the inhabitants, 20 cows in milk and one bull, 22 wagons, 12 ploughs and other farming and garden implements, churns, &c., 300 bushels seed potatoes, every description of vegetable and root seeds, stoves, and furniture, plenty of supplies and provisions for subsistence, good tents and splendid guns with ammunition, and sufficient lumber for building purposes. Equal provisions are made for 30 more families who are to join us by the end of this month from Pennsylvania, U. S. I believe that but very few colonists have been before us so well equipped with everything needful in commencing farming operations than the people now here under my special charge. . . . It is my intention to leave Whitewood with my people early to-morrow (June 13) for the Qu'Appelle valley, to take up there the homesteads available in township A. and 19 range 2 W. 2nd meridian." The people have asked Count d'Esterhazy to allow the colony to be called after his birthplace, Estuhazy, in Austria. He expects 565 Hungarian families to arrive from Europe shortly to join this colony. Count d'Esterhazy expresses sincere thanks to Mr. Bedford, of the Northwest Land Company, for his kindness and assistance.

News Items.

The traffic receipts of the Grand Trunk railway for the week ending June 12th were $327,376, an increase of $56,537 compared with the corresponding week last year.

The Ontario College of Physicians and Surgeons have decided to erect a new building in Toronto.

Dr. Duhamel, M.P.P., for Ottawa county, has, it is understood, been appointed Registrar of the district of Ottawa, vice Washburn, deceased.

The New York General Committee of the Irish Parliamentary Fund sent $20,000 to Justin McCarthy on Friday.

Thomas Bickle, of Cobourg, was killed the other day by the accidental discharge of a revolver.

A Belleville despatch says:—Since the last Cheese Board the market has been going about from bad to worse, until business has about come to a standstill.

The total value of exports of butter from Montreal from May 1 to May 31 was $7,813, of which $5,883 was Canadian, against $16,919, all Canadian, in the same period in 1885.

Mr. J. E. Seagram, of Waterloo, is putting up three large stables—each with a capacity of 200 head of cattle—on his farm on the Bridgeport road, and will convey all the slops from the distillery by underground pipes. The expense of the whole change will run up well to $20,000.

Shipping on the St. Lawrence route is very active this season, probably as a result of the reduction made in canal tolls. Over a million bushels of wheat have passed down this season in excess of the same period last year.

The report of the Custodian of the St. Mary's Falls Ship Canal, giving a statement of the the traffic through that water way for the month of May, shows that more registered tonnage passed through the canal during that period than any other month in its history.

While witnesses were being examined in a case in the County Court Ottawa on Thursday it was found that the Judge was found asleep and that he had not taken the slightest notice of the proceedings for some time. The lawyers, officials and spectators were afraid to arouse him lest they should be committed for contempt, and so everybody went away, leaving the Judge to enjoy his siesta.

Important News Item.

COOKSTOWN.—Mrs Campbell had for a number of years been troubled with indigestion and constipation, and was induced to try McGregor's Speedy Cure and found it all that was needed and would recommend its use to any person similarly troubled. This invaluable remedy is sold in every part of Canada at 50c. and $1.00 per bottle. Sold at Thos. S Petrie's Drug Store.

Foreign.

Mr. Chamberlain has been elected President of the new Radical Union in England.

The Queen will review the troops at Aldershot on July 2nd.

Thirty soldiers were killed in a quarrel between a national battalion and the prison guard, at Bogota, Colombia.

The cholera has appeared at Codigora, on the Po, eight miles from the Adriatic. At Venice the daily average of new cases is 16.

It is stated that Mr. Gladstone has promised dissenters that he will disestablish the English Church if they support his Home Rule policy.

At a meeting of Loyalists held in Belfast on Friday it was decided to send fifty men to stump England, explaining the dangers of Home Rule.

Scotch crop prospects are very gloomy, owing to the backwardness of the season. The Grampians are still covered with snow, which is phenomenal in June.

Sir Robert Peel, member of Parliament for Blackburn, hitherto a leading Tory, will be a Gladstone candidate for Parliament in the coming elections. He will probably contest Bury against Sir Henry James.

A semi-official communication from Berlin says Germany's patience to French chauvinism is exhausted, that France is plainly striving to provoke a feeling hostile to Germany, not merely transient, but likely to lead to grave results.

The Scotch hotelkeepers, who after two bad seasons expected a splendid business this summer, are now bewailing the stagnation sure to be caused by the elections, which will certainly ruin the tourist trade.

In the debate on Disestablishment in the late Scottish Free Church Assembly, the vote in favor of Disestablishment was 450 to 99—so rapidly is public opinion being educated on that subject.

The arrivals of Canadian and American cattle at Liverpool for the week ending 4th of June, 1886, were 1,016, mortality 8. The total arrivals since the 31st May were 21,177 cattle and 2,373 sheep; mortality, 624 cattle and 186 sheep.

The latest advices from India are to the effect that large arrivals of wheat are being received at the shipping ports, and the quantities would be still larger if the railways were equal to the demand on their traffic.

The cablegrams inform us that the Greeland seal fishery has this year been a total failure. This will be a hard blow to an industry giving thousands of men employment on the east coast of Scotland.

Horsford's Acid Phosphate.
For Alcoholism.

Fresh Instructions About the Fisheries.

HALIFAX, N. S., June 17.—It is understood that an important change has been made in the policy of the Dominion Government in regard to the fishery question within the past few days. Six weeks ago a fleet of cruisers were established and instructions given to the captains and to all Collectors of Customs for a vigorous enforcement of the treaty of 1818, including power to seize American vessels buying bait or other supplies, shipping men or transhipping their cargoes. It was under these instructions that the seizures of the schooners "Adams" and "Doughty" were made a few days ago. That circular was cancelled, and a new one issued, which, it is understood, omits all reference to the purchase of bate or other supplies, the transhipping of the cargo or the shipping of men. After reciting the clauses of the treaty, it instructs Canadian fishery officials that all American vessels visiting Canadian ports are to be supplied with a copy of the official warning, and if at the expiration of twenty-four hours, they are still found in port or inside the three mile limit, fishing or preparing to fish, then an officer is merely to be placed on board and the facts telegraphed to the Minister of fisheries. This is generally understood here to be in deference to the wishes of the Imperial Government for a conciliatory enforcement of the treaty, in the hopes of a speedy appointment of a commission to settle the whole question permanently; but in case those hopes are not realized, Canada will doubtless enact such legislation as is necessary to fully protect her interests and enforce her local laws, independently, whatever, of the treaty.

North West Exhibits in England.

The Devon county show, held this year at Axminster, was attended by the movable stand of the Canadian Pacific Railway Company. Among Devonshire farmers, knowledge of the Canadian Northwest has been greatly extended during the past two or three years. Formerly Canada was not regarded at all favorably, from sheer prejudice and want of knowledge, and whenever emigration was at all thought of, Australia was the only place to which they cared to go. Judiciously distributed literature, such practical efforts as these county shows permit, and also a measure of emigration to the province, have happily changed this, and, for the first time in this part of England, Manitoba might, last week, have been heard spoken of as "the place to go," while the farmers and rustics showed in many cases a fair knowledge of the geography and characteristics of the Northwest. The weather was not, unfortunately, of the most favorable nature, though the attendance of the farming classes reached a total of some 25,000 to 30,000, among whom a satisfactory distribution of publications was made. After the Devon meeting the Wharfdale show was attended at Oxley. This is one of the oldest of Yorkshire shows, and good work was done among the west riding farmers.—*Canadian Gazette.*

Injurious Insects.

The report of the Gov't. Entomologist, James Fletcher, F. R. C. S., Ottawa, for 1885, has been published and distributed. It treats in a very able way on the ravages done by the injurious insects, and points out the methods of prevention. To farmers and gardeners the book is of the greatest value. In this connection it may be said that a special circular has been issued treating on the large amount of loss caused every year by the clover seed midge alone. This loss was estimated by Mr. Glen, M.P., at $1,000,000. Mr. Fletcher shows that if the clover be removed from the fields before the first brood of midge matures a good crop of seed may be secured. With each copy of the report Mr. Fletcher encloses a letter calling particular attention to the loss annually to farmers from these pests, and so that systematic steps should be taken to put a stop to this as soon as they may make their appearance, he asks the co-operation of agriculturalists and others. He will be glad to answer all questions put to him. Specimens should accompany enquiries. Packages can be sent to him free of postage.

THE MORMONS IN SWITZERLAND.—Reports from Switzerland show unusual activity among Mormon missionaries throughout the country. That their preaching has not been wanting in fruits is shown by the fact that in 1885 there were in Switzerland 28 elders, 16 priests, 34 teachers, 11 servants and 521 members, and 95 converts were baptized and 52 emigrants sent to Utah. Mormonism, it will be seen, has taken deep root among the Swiss people. The headquarters of Swiss Mormonism are to be found at Berne, from which point the enrolment of the saints is carried on throughout the land. Even children of tender years are enrolled. General assemblies are held at Berne, Jura, Bieberist and Winterhuret, the exercises consisting of praying, preaching and singing.

Little Ada—Are you coming around to call on sister Nellie to-night?

Young Simpkins (delighted)—Indeed, I would like to, but you know I was at your house only last night, and I don't think it would do to call again so soon.

"Oh! I guess it wouldn't make any difference. Nellie said she wished you would come every night except Saturday and Sunday."

"I should be only too glad to do so but I am afraid you have misunderstood your sister."

"Oh! no. You see, when Nellie has a caller she doesn't have to study, and she's in Greek verbs now."

A discovery of great antiquarian interest has been made in Aberdeen by a number of laborers excavating in Ross' court, one of the oldest parts of the city. Three feet under the surface the laborers came upon a large bronze urn filled to the brim with silver money. The number of coins was about 15,000, and they are in excellent preservation. They are all English money of the reigns of Edward I. and Edward II., and are supposed by the antiquaries to have been part of the booty secured during one of the raids into England during the 13th century.

An Atlanta reporter who once "pulled a hand press" on a country weekly tells this:

One day while the paper was being worked off a man from the country came in and walked all around the room, finally stopping near the press and watching the work very earnestly.

"Anything I can do for you?" asked the man at the lever, pausing between impressions.

"Naw," was the reply, "I don't want nothin', jis come in to see ye edit."

Invisible but Instantaneous.

All pains or aches will be instantly removed by a few drops of Fluid Lightning applied over the affected parts. No time lost; no nauseous medicines needed; no poulticing or using greasy liniments. It will not blister or discolor the skin. Sold at 25c per bottle by Thos. S Petrie, Druggist. Sufferers from Neuralgia assure us that they never fear it when their house contains a bottle of Fluid Lightning.

A Standard Medical Work
For Young & Middle-Aged Men.
ONLY $1 BY MAIL, POSTPAID.
Illustrative Sample Free to All.

A GREAT MEDICAL WORK on MANHOOD
Exhausted Vitality, Nervous and Physical Debility, Premature Decline in Man, Errors of Youth, and the untold miseries resulting from indiscretion or excesses. A book for every man, young, middle-aged and old. It contains 125 prescriptions for all acute and chronic diseases, each one of which is invaluable. So found by the Author, whose experience for 23 years is such as probably never before fell to the lot of any physician. 300 pages bound in beautiful French muslin, embossed covers, full gilt, guaranteed to be a finer work in every sense—mechanical, literary and professional—than any other work sold in this country for $2.50, or the money will be refunded in every instance. Price only $1 by mail, post paid. Illustrative sample free to any body. Send now. Gold medal awarded the author by the National Medical Association, to the President of which the Hon. P. A. Bissell, and associate officers of the Board the reader is respectfully referred.
The Science of Life is worth more to the young and middle aged men of this generation than all the gold mines of California and the silver mines of Nevada combined.—*S. F. Chronicle.*
The Science of Life points out the rocks and quicksands on which the constitution and hope of many a young man have been fatally wrecked.—*Manchester Mirror.*
The Science of Life is of greater value than all the medical works published in this country for the past 50 years.—*Atlanta Constitution.*
The Science of Life is a superb and masterly treatise on nervous and physical debility.—*Detroit Free Press.*
There is no member of society to whom The Science of Life will not be useful, whether youth, parent, guardian, instructor or clergyman.—*Argonaut.*
Address the Peabody Medical Institute, or Dr. W. H. Parker, No. 4 Bulfinch Street, Boston, Mass., who may be consulted on all diseases requiring skill and experience. Chronic and obstinate diseases that have baffled the skill of all other physicians a specialty. Such treated successfully without an instance of failure. Mention MERCURY Guelph, Ont. m16deodwly

OVER WORKED Women.

For "worn-out," "run-down," debilitated school teachers, milliners, seamstresses, housekeepers, and over-worked women generally, Dr. Pierce's Favorite Prescription is the best of all restorative tonics. It is not a "Cure-all," but admirably fulfills a singleness of purpose, being a most potent Specific for all those Chronic Weaknesses and Diseases peculiar to women. It is a powerful, general as well as uterine, tonic and nervine, and imparts vigor and strength to the whole system. It promptly cures weakness of stomach, indigestion, bloating, weak back, nervous prostration, debility and sleeplessness, in either sex. Favorite Prescription is sold by druggists under our positive guarantee. See wrapper around bottle. Price $1.00, or six bottles for $5.00. A large treatise on Diseases of Women, profusely illustrated with colored plates and numerous wood-cuts, sent for 10 cents in stamps. —Address, WORLD'S DISPENSARY MEDICAL ASSOCIATION, 663 Main Street, Buffalo, N. Y.

SICK HEADACHE, Bilious Headache, and Constipation, promptly cured by Dr. Pierce's Pellets. 25c. a vial, by druggists.

The Artillery Camp.

"A" and "B" Batteries 1st Provisional Brigade Field Artillery, assembled at the gun shed, at 9 o'clock this monring, to go into camp on the Exhibition grounds. They marched out shortly after eleven o'clock, and the men presented quite a soldierly appearance. Their uniforms, notwithstanding the drizzling rain, were neat and clean. The chief officers of the brigade are, Col. Macdonald in command; Major Nicoll in command of "A" Battery and Major Hood in command of "B" Battery.

Local News

THE City Council meets to-night.

THE Listowel band glories in new uniforms.

National league club to-morrow. Don't fail to see them. d1

GALT is endeavoring to get the Grand Trunk pic-nic there again this year.

Harry Wright, the veteran ball player, and his accomplished ball players to-morrow. Don't fail to see them. d1

MR. Thomas Galer has purchased the Wellington Hotel from Mr. P. Spragge, and took possession on Saturday afternoon.

IT has been within three days of six months since a fire occurred in the city. The fire then was on Christmas eve, in the Guelph and Ontario Investment Society's office. This is a good record so far.

The Ladies Aid Society of the Norfolk St. Methodist church, will hold a strawberry festival at the residence of James Mills, Esq., Agricultural College, on the afternoon and evening of Dominion Day, Thursday July 1st. d1

MR. WALTER LAING, who is shipping a carload of sheep to-day, for the old country, lost a valuable ram on the fair ground this morning, by having his neck broken while fighting with another. The above gentleman ships two carload of cattle to-day, also for the British markets.

FOR THE OLD COUNTRY.— Mr. Robert Melvin and his eldest daughter, Miss Janet Melvin, leave by the 4 o'clock train this afternoon *en route* for New York, from whence they sail on Thursday by the State of Georgia for the Old Country. Early last spring Mr. Melvin and a serious attack of illness from which he is not yet wholly recovered. We trust that the trip will thoroughly restore his health, and that he and his daughter will have a pleasant visit to the old land and a safe return.

HORSES RUN OVER.—Early on Sunday morning Mr. James Ker, wood dealer, missed his span of delivery horses from the pasture field near the Great Western station. On making enquiry he discovered that two horses had been killed by a train about one o'clock in the morning near Ford's crossing. On going to that place he found that they were his. One of them was lying in the cattle guard and the other on the siding with three legs broken. The gate of the pasture field seems to have been opened by some one during the night, as both teamsters are positive that the gate was shut when they put them in. The cattle guard where they got on to the track had been boarded over, so that the horses had no difficulty in crossing. It seems as if they had run about four hundred yards before they were struck, and would have probably escaped had it not been for running into the other cattle guard. The animals are valued at $250.

CURIOUS ACCIDENT. — The Brampton papers tell of a singular accident which occurred in the Main Street (north) Methodist church there on Sunday the 13th. Mr. Bell, the sexton, had just completed lighting the large chandelier, when a nut on the end of the rod passing through the frame gave way, and the chandelier and lighted lamps, twelve in all, fell with a terrible crash on the pews below. Instantly the oil caught fire, and the next moment that portion of the church was in a blaze. The fire was subdued by the caretaker after great exertions. The constant turning of the chandelier in lighting is supposed to have turned the nut to the end of the thread on the rod, and the last lighting finished the job. The damage will not amount to over $70. What might have resulted had the accident taken place half an hour later when the congregation had assembled is frightful to contemplate. Nothing short of a panic, and in all probability loss of life would have ensued.

WAS IT A LOVER'S MEETING?—The steam from the whistle of the fast express yesterday morning had not blown away when a young lady neatly dressed came out from among the trees on the Market Square and stood on the platform of the G. T. R. as the train came in. The Pullman had not stopped when from the rear door a young man, rather tall, well built, and neatly attired, stepped out on the platform, and no introduction appeared to be necessary. The young people at once entered into conversation and for a few minutes this Romeo and Juliet held earnest communion. Several eyes took in the happy scene, conductor and engineer appearing loth to break the pleasant moments. But the whistle toots, the wheels roll, and the Pullman moves noiselessly away before the last good-bye was said. A lingering shake of the hand is given, a look, the young man quickly steps into the car, and the young people gaze, he from the window, and she from the shade of the trees, until the last car had rounded the curve. Such is life.

DEATH OF AN OLD RESIDENT OF PUSLINCH. —We regret to record the death of Mr. Walter Cowan, an old and respected resident in the Gore of Puslinch, which took place on Sunday last from an internal trouble. The deceased was born at Yarrow Feus, Scotland, on the 31st of October, 1817. He came to Canada with his father and family in the year 1829 and settled on a farm near Galt, on which his youngest brother still lives. Before leaving the Old Country he was shepherd for two years to Jas. Hogg, the Ettrick Shepherd, and always cherished fond recollections of the renowned poet. He was a resident in Puslinch for the last thirty-five years and was a staunch Reformer, but never took any active part in politics. He was an Elder in Duff's Church for many years and always took an active interest in its work and in everything tending to promote the growth of religion. He was held in much respect by all who knew him for his many good qualities. Deceased was uncle to Dr. Cowan, of Guelph.

The "Favorite Prescription" of Dr. Pierce cures "female weakness" and kindred affections. By druggists.

Manager Buckenberger and his hard hitters vs. Harry Wright and his dandies to-morrow. Be sure and attend. d1

GEO. PATTERSON was before the Police Magistrate on a charge of a breach of the highway act. He did not appear, and a warrant was issued for his arrest.

A LADY and gentleman from Fergus were thrown from a carriage in front of the Western Hotel, yesterday afternoon, by the horse bolting. The animal was caught by the bystanders. The occupants escaped unhurt.

ST. QUINTEN, supported by a select company of New York artists, appear in the City Hall to-night and to-morrow night, when the plays of "Lady Audley's Secret and "Caste" will be produced. See advt.

THE YORK PIONEERS.—This venerable body of gentlemen will hold their annual excursion in Guelph to-morrow. The Special Committee of the Council composed of Ald. Smith, chairman, Cutten, Hewer, Chadwick, W. Carter and the Mayor, have prepared an address to be presented to the members of the York Pioneer Society to-morrow afternoon at 2 o'clock on the Exhibition Grounds. After the reply to the address a number of the oldest pioneers are expected to make short speeches. The Mayor and corporation will meet the Society on the arrival of the special train about ten o'clock. The Special Committee have sent invitations to a number of the oldest pioneers in this section, and also to the city and county officers, but it was quite impossible for them to remember all the names and any one whose name has been omitted and who is desirous of being present is cordially invited to attend. After the reception on the grounds the members of the Association will engage in athletic sports. The York pioneers have presented to the corporation a handsomely framed photograph of some 200 members of the society. This picture is on exhibition in Ald. Smith's drug store this afternoon, and to-night will be presented to the Council.

Sporting Notes.

BASE BALL.

To-morrow Guelphites will have a chance for the first time of witnessing a National League Club giving an exhibition of the game. President Sheeman has gone to considerable expense in securing the Philadelphia club, which stands fourth in the National League race. No doubt there will be a large turn out to witness this game.

The Maple Leafs play London on the 23rd, Brantford 24th, Stratford 25th. If they lose the game to-morrow with the Philadelphias they will have a chance to redeem themselves before the week is out.

It is likely Tileomb, the clever left handed twister, will pitch for the Philadelphias.

The following is the batting record of the Maple Leaf players to date:

	GAME	AT BAT	R.	H.	AVERAGE
Stephens	5	23	11		.440
Dillon	10	39	15		.384
Mulholland	13	61	28		.377
Campau	15	60	24		.348
Buckenberger	13	46	16		.347
Scheibeck	13	49	18		.326
Williams	13	61	19		.312
Zell	7	29	8		.276
Purvis	6	22	6		.272
Miller	15	60	14		.233
George	15	59	13		.169
Hewer	9	37	7		.184

The Royal Oaks and Preston Club played a game on the Exhibition grounds on Saturday afternoon. There was a good crowd of people present. The Oaks defeated the Preston club by a score of 35 to 6 in seven innings. The following is the score by innings:—

Oaks	5	3	9	5	7	6	*—35
Preston	0	0	1	0	0	0	5—6

Oaks 21 base hits, Preston 3. Oaks 7 errors, Preston 17.

Galt and Hespeler played a game in Galt on Saturday. Score—16 to 6 in favor of Galt.

Fire at the Gun Shed.

Not half an hour after the 1st Provisional Brigade of Field Artillery left the gun shed to go into camp for their annual drill on the Exhibition grounds, it was discovered that the building so recently vacated was on fire. The hose reel was out in a trice, and two lines of hose were laid in short order. The fire soon broke out of the roof at the west end of the building over the harness room. The firemen speedily broke the doors of the building open, and threw a powerful stream in at the door on the west side and also through the window in the corner of the building, on the second story, which was reached by a ladder. A large crowd gathered in an instant, but the majority satisfied themselves by remaining at a respectable distance from the burning building, being under the impression, or at least giving the doubt the preference, that there was quite a quantity of powder in the gun shed. Soon, however, these fears were dispelled by the arrival of Capt. Clarke, who informed the firemen that there was only a small quantity of powder in the building and it was in the east end near the door. It was immediately removed. In the meantime the new harness, which was only received a short time ago was safely brought out, in the boxes from which it had not been unpacked, toge her with several other stores. As soon as the news reached the camp ground the officers of the brigade mounted their horses and rode to the fire, followed by a company of the men at the double quick. Before the arrival of the latter the fire was under control, and all that they had to do was to form a circle around the front of the building and keep the crowd back. The damage done to the stores on the whole, as there were not many in the building, is trifling. Several saddles with their accompaniments are destroyed, knapsacks, overcoats, &c. The fire seems to have originated in the harness room, and worked its way upward very quickly, for Capt. Clarke and Veterinary Surgeon Reed had not left the office above the harness room ten minutes before the alarm was given. The theory of the origin of the fire is that it was caused from smoking. The officers state that they had to put one civilian under arrest for this offence. So far as known there is no insurance on the building. The west end of it is considerably damaged, as may be imagined from the fact that the flames broke through the roof several times, but as soon as they appeared were drowned out. Were it not for the slightly blackened appearance of the walls and roof it would be hard to tell from the outside that there had been a fire, everything in as hour afterwards around the building presenting its usual quiet with the exception of a few men attending to the stores. The firemen deserve credit for their prompt arrival and the energy they displayed in subduing the fire. There was not the least hitch, and everything seemed to work like a charm.

The Churches.

Below will be found what was done at the various churches in the city on Sunday:

BAPTIST CHURCH.

In this church yesterday morning and evening the pulpit was occupied by Rev. Mr. Bosworth, one of the five missionaries of the Baptist denomination in the Muskoka and Parry Sound District. Good congregations were present at both morning and evening services. The discourses given were earnest and most attentively listened to. The rev. gentleman at the close of the evening's discourse addressed the congregation for a few minutes on the subject of his mission. The Baptist people in that district through his influence had erected a couple of places of worship, and the great object of his travels in this part of the country at the present time was to secure subscriptions, large or small, to pay a debt of $500 on these buildings. An exceedingly interesting account of the extent of his work and the country through which he travelled was given, and at the close of the service a number went forward and handed in their offerings for that purpose. The musical portion of the service was above the ordinary, a selection from the "Pilgrim's Song of Hope" being rendered as a prelude to the service, and during the offertory the anthem "Cast thy burden on the Lord" was sung very feelingly by the excellent choir of the church. Mrs. John Crowe presided at the organ. Rev. Mr. Weir, the new pastor of the church, was also present, and after the service extended cordial greetings to all present.

SABBATH SCHOOL SERVICES.

Yesterday afternoon a special address was given to the Sabbath school scholars of the three Presbyterian churches, in St. Andrew's Church, by the Rev. Dr. McVicar, Principal of the Presbyterian College, Montreal. Three o'clock was the hour appointed for the opening but it was half-past three before the scholars arrived from the other churches and were comfortably seated. The large church was filled to its utmost capacity. The Rev. Mr. Paterson presided, assisted by the Rev. Dr. Wardrope. Principal McVicar addressed the children in a plain and easily understood manner for about half an hour. During his address he remarked that there were one and a quarter million French people in the Province of Quebec, and it was difficult to find enough of missionaries. There were at present 76 missionaries in this field, and 20 had gone to the United States to follow French Canadians who had gone thither. There were some 800,000 French people in the States. There were 14 colporteurs who had distributed 2,652 Bibles, or portions of the Bible, and 500 pamphlets, and 2,700 tracts had been distributed. They had 26 mission schools with 804 pupils, 2 boarding schools, one for boys and another for girls, with 94 scholars, and of these 18 were in full communion with the church. Suitable hymns were sung during the service.

UNION SERVICES.

In the evening Principal McVicar preached a powerful sermon at the union meeting of the three Presbyterian churches in Chalmers' church. He took for his text the 12th chapter of Romans, from the 6th to the 8th verse (revised edition): "And having gifts differing according to the grace that was given to us, whether prophecy, let us prophesy according to the proportion of our faith; or ministry, let us give ourselves to our ministry; or he that teaches to his teaching; or he that exhorteth to his exhortations; he that giveth, let him do it with liberality; he that ruleth with diligence; he that showth mercy, with cheerfulness. Let love be without hypocrisy." The preacher took up each of the above heads and handled them ably, showing that notwithstanding all the diversity in the church the whole was unity. The sermon was listened to with the utmost attention throughout. At the close of his discourse he made a few remarks similar to those uttered in St. Andrew's Church in the afternoon regarding the missions of the church among the French Canadians. He said it was the intention to extend the mission to other nationalities of the Roman Catholic persuasion. There was one and a quarter million Catholics in the Province of Quebec, and by the law of the land they had to pay for tithes, etc., $4,000,000, and for pew rents, masses, etc., $6,000,000 more, so that it cost the French people about ten million dollars to go to church. He strongly advocated the disestablishment of this Latin Church. The best way to set these people free was by sending missionaries, and teaching them the Word of God. At the close of the service a collection was taken up in aid of the French missions.

Dr. McVicar also preached an able sermon in Knox church in the morning to a good congregation.

ST. GEORGE'S CHURCH.

Yesterday being the day, Trinity Sunday, on which ordinations are usually held in the English church, there was one held in St. George's in the presence of a very large congregation. Morning prayers, including those for the Queen's accession, were said at 8.30. At 11 a.m. the Lord Bishop of Niagara, attended by the clergy and candidates proceeded up the centre aisle singing the Trinity hymn "Holy, holy, holy," the organ and choir having commenced. The Archdeacon then taking the pulpit read the Bidding Prayer and gave out for a text Ephesians 2nd, 20 and 21st verses: "Built upon the foundations of the Apostles and Prophets, Jesus Christ himself being the chief corner stone, &c. From the Apostle's description of the Church we learn that even in his day it was not a mere disciplined body of troops or a loose pile of stones, but, as the simile of St. Paul declares "a temple having lofty walls on a solid foundation, a building fitly framed together." The same divinely established order prevailed in the Jewish Church of old. Rigid enactments and ceremonial rites hedged in the people. For the Christian Church is a continuation of the Jewish but with infinitely more glorious privileges. The forms and ordinances of the old Dispensation were types and shadows of Christian ordinances being spiritualised by the Gospel. The Archdeacon then proceeded to show how the Church of to-day possessed in all the vital efficacy of primitive days the Apostle's doctrine and fellowship, the breaking of bread and the prayers. Having addressed the candidates on the responsibilities that devolved on them in regard to their life and conversation, the preacher dwelt on the anomia, the lawlessness of the times. He said that anomia had become incarnate in these latter days, both in church and state. The words of St. Paul are fulfilled, "Men cannot endure sound doctrine." Infidelity is abroad stalking with brazen front,

"Licentious, loud, and turbulent of tongue."

The old landmarks of the Bible are torn up by some, by others reduced to vain myths and fanciful delusions. Mutilated fragments of the sacred volume are thrust upon our public schools, having been sanctioned by a Roman Catholic prelate. That church is seeking by making use of politicians to climb to spiritual domination in addition to the temporal she has already achieved in this Dominion.

Further, like burning lava seething under the crust of social life, in the great cities of this continent as in Europe, anarchy, thirsting for blood and plunder, finds vent at times in the most atrocious crimes. To-day we have commemorated the accession to the throne of our beloved Queen. To-day the grandest Empire the world ever saw is threatened with disruption, and we may, if the plotters succeed, never again be able to commemorate the Royal Sovereignty over a United Empire.

At the close of the sermon the ordination took place, Mr. C. O. Kemp and Mr. R. L. Sloggett being presented by the examining chaplain, and duly ordained. The Holy Communion was then celebrated.

CHORAL SUNDAY SCHOOL SERVICES.

At 3:30 about 450 Sunday school children were present in church and a choir of 40, organized by Mr. Harvey, led the singing and music which was very pleasing. The Bishop then gave a very touching address to the young folk, profitable to the adults present as well as the children.

EVENING SERVICE.

The church was attended by a large congregation and the two newly ordained gentlemen conducted the services, while the Bishop preached an admirable and impressive sermon on the Trinity. The whole of the musical services were admirably rendered. At the close of the evening service "God Save the Queen" was sung with great enthusiasm, the choir leading and the bulk of the congregation joining in the loyal song.

In addition to these services there was a funeral at 1.30, and a large number of children baptised at 4.30. The Bishop was much gratified with his visit, and left for Hamilton this morning.

OUR LADY'S CHURCH.

At 7.30 in this church, yesterday, Bishop Carberry, Hamilton, celebrated mass. There were about two hundred children and quite a few adults present for confirmation, and they occupied the front pews of the old church. The girls presented a very nice appearance, all being dressed in white. They all went to of communion. After mass the Bishop returned in his pontificals and confirmed the candidates. At half past ten high mass was said by the Rev. Father Doherty, assisted by Father Shulak, who is at present conducting missions to the Poles here, and Father Macdonald. His Lordship occupying the throne. After mass the Bishop addressed the congregation, instructing them in the duties of the church. He remarked that it was his official visit, and if any of the parishioners had complaints he was willing to hear them. Judging from the large congregations and the large number at mass there was little appearance of complaint. In the afternoon those confirmed renewed their baptismal vows and received a baptismal instruction from Father Doherty. At vespers the altar was beautifully illuminated with candles forming three triangles. Being Trinity Sunday, Father Doherty addressed the congregation in an able and eloquent discourse on the Trinity. Bishop Carberry was also present at this service. The music by the choir of Our Lady was very fine and Miss Braniff, the leader, deserves credit in this respect.

An Indian Wedding

A tourist in Dakota recently attended an Indian wedding, and describes it in a letter to the Boston Traveller. He says that there was a large tent, with the front opened, and a row of stakes covered with canvas, making a fence upon each side leading to it. Outside was quite a small tent trimmed with all kinds of pretty flowers, and over the door a wildcat's skin trimmed with beads and porcupine quills. In the large tent, back in the center, against a very gay curtain, sat a young girl, a half breed not more than 15 years old, dressed in a skirt and jacket with bright buttons and boar's teeth, her hair long and black and falling in front, while a wreath of feathers on her head completed her wedding outfit. All around were ornaments, and yards of pink, red and yellow calico as drapery, and on a little green trunk near the bride sat the old chief wrapped in a buffalo robe, looking like a great bear.

Along on one side of the tent sat the women and girls, and upon the other side the men young and old. They were all painted frightfully and wore dreadful ornaments, bright blankets and feathers, and most of the men had on but little clothing. Near the middle of this group were piled the provisions of the feast, meat bread and boiled corn.

The ceremonies began with the old chief drumming upon a drum and making a shout and noise like an animal. He then rose and walked around the girl several times, got on his knees, and again walked around her, knocked her from side to side, then smoothed her hair, gave her something that he called medicine, then took a dish and placed it before her, knelt down and took a sip of what was in it, as she did also. He then stood up, went through with some sort of mumbling over her head, and then began to pass the feast, first to the women and then to the men.

The girl took off her gay outside robe, and it was given to her mother. Underneath she had a short blue dress, which was taken off, and when the eating was concluded the poor little girl slipped out of the tent in a plain pink calico dress, and, with bare feet and legs, looking frightened and cold went to her own tent all alone. Then they were ready for the dance.

ADVICE TO MOTHERS.—Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of Cutting Teeth? If so send at once and get a bottle of "Mrs. Winslow's Soothing Syrup" for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers; there is no mistake about it. It cures Dysentery and Diarrhœa, regulates the Stomach and Bowels, cures Wind Colic, softens the Gums, reduces Inflammation, and gives tone and energy to the whole system. "Mrs. Winslow's Soothing Syrup" for children teething is pleasant to the taste and is the prescription of one of the oldest and best physicians and nurses in the United States, and is for sale by all druggists throughout the world. Price twenty-five cents a bottle. Be sure and ask for "MRS. WINSLOW'S SOOTHING SYRUP," and take no other kind.

Don't fail to see the Philadelphia-Leaf game to-morrow. d1

THIS ORIGINAL DOCUMENT IS IN VERY POOR CONDITION

The Evening Mercury

MONDAY EVE'G JUNE 21, 1886.

Mismanagement in the North-west.

In a late article we gave a pretty full exposure of the disgraceful manner in which the Indians of the North-west have been treated by the Government at Ottawa, and by Mr. Dewdney and his subordinates. The facts contained in that article were given from evidence furnished by missionaries and others, who live in the North-west, and by statements gathered from other reports and blue books. The charges were made in specific form by Mr. M. C. Cameron in Parliament last session, and not one of them was denied by any member of the Government or any supporter of it. The General Assembly of the Presbyterian Church in Canada at its late sitting in Hamilton passed a very strong resolution condemnatory of the policy of the Government in the management of the Indians. The Assembly adopted this resolution by a unanimous standing vote, so strongly did they feel on the subject. We are glad to see that such an influential body has at last taken cognizance of this matter, which the Opposition in Parliament and out of it have been directing public attention to for years, but the Government has hitherto turned a deaf ear to all the reports and scandals and protests that have been filling the papers for a long time. The Premier so far back as 1882 refused to investigate the serious charges made against Mr. Dewdney, and even now the Government, as far as we know, are doing nothing to check the gross immoralities prevalent among the Indians in the Northwest, the white employees of the Government being the chief culprits. It is high time that public indignation was aroused, and that a change was made in the way of administering affairs in the North west. In spite of the defence that Sir John Macdonald always makes when Mr. Dewdney is attacked, there is not the slightest doubt but that he is mainly the cause of all the mismanagement and troubles which have marked the administration of affairs in the Territories. In proof of this we quote the following from an article in a late number of the Edmonton *Bulletin*, which is couched in very plain language, and which is of all the more weight, appearing as it does in a paper published in the Territory. It says:—

"His Honor Edgar Dewdney will soon cease to be Lieut. Governor of the North-West. With little experience and less ability—except the ability to be agreeable—his elevation to such an important office was and is yet a mystery to both friends and opponents of the Government. * * * * * During his term of office discontent among the original settlers of the country, the half-breeds, began and culminated in a bloody and costly rebellion; and the whites are accused of being very much of the same mind and intention; the Indians throughout the length and breadth of the country have been taught to look upon the white man and his government as their enemy, as they never did before; the police force deteriorated from the finest in the world to a nondescript institution. neither fish, flesh, nor good red herring; and the prohibitory law, which before his advent had been an unmixed and acknowledged benefit, became little better than a farce and was brought into utter disrepute. It would be nonsense to say that he was responsible for all these things, although nominally under his control or supervision, but had he been a man of principle or spirit he would not have allowed them to go under his eyes and with his full knowledge without demanding either that proper measure be taken by those who had the power or that he be relieved from the apparent responsibility. He did neither. He misrepresented the Government to the people of the North-West and misrepresented the people to the Government, with the result matters went from bad to worse until the explosion came and the country at large was put to untold cost and loss. His appointment was a calamity, his administration a crime, its results a disaster, and his retirement his most acceptable act."

Mr. J. H. Coyne has been nominated as the Reform candidate for West Elgin, for the Ontario Legislature.

It is reported by the Dundas *Standard* that Dr. McMahon, M. P. P., for North Wentworth, will not seek re-election, and that Mr. Begue, of Dundas, will be his successor.

Active correspondence on the Canadian fisheries question continues between London and Washington, the tenor of which is extremely cordial, both countries evincing a desire to arrive at a permanent settlement as quickly as possible.

The Reform Convention of the North Riding of Essex, to nominate candidates for the Dominion House of Commons and the Ontario Legislature, was held in Windsor on Saturday. Ex-Mayor Francis Cleary received the nomination for the Dominion House, and Editor Gaspard Pacaud was made standard bearer for the Ontario House.

The Sarnia *Observer* shows that but for the vigilance of the Liberals in Lambton County the Tory agents, appointed under the Dominion Franchise Act, would have stuffed the rolls by the wholesale. The appeals entered by the Reform agents, our contemporary says, total nearly 500, and if the proportion sustained in Wyoming is maintained throughout the rest of the riding, over 400 bogus Conservative entries will be cancelled. Evidently the Lambton Tory wirepullers were heartily in sympathy with the intention of the men who passed this unnecessary and expensive measure.

Mr. Costigan, Minister of Inland Revenue, refused to attend a meeting held in Ottawa on Friday night on behalf of the Home Rule election fund. He seems to have abandoned the cause completely. No excuse was given for his absence.

One of the local Conservative papers hints that Senator Plumb is to be taken into the Cabinet as Secretary of State in place of Mr. Chapleau, who becomes Postmaster-General, vice Sir Alexander Campbell, who is to be made Lieut-Governor of Ontario.

The City Council will likely to-night appoint an Assessor in place of Col. Armstrong, who for the long period of twenty-six years performed the duties of that office. The position is one of great importance and responsibility, in which is involved the just and equitable valuation of property in the city. To do this properly requires a man of character, strict impartiality, judgment and experience in the values of property—one who will not be swayed either one way or the other, but who will to the best of his ability and as a matter of conscience do what is right between the ratepayers and the city. The Council have, therefore, an important duty to perform in the selection of a man for this office, and we trust they will be guided by no other considerations than a single eye to the fitness of the applicants for the office as indicated above.

A. O. U. W.

Meeting of the Supreme Lodge.

The Supreme Lodge A.O.U.W. met in Minneapolis last week.

From the very able and exhaustive report of Supreme Master Dr. Brooks, of Kansas City, the following is taken:—"I am happy to be able to say that the general condition of the Order is most prosperous. Our growth, notwithstanding the financial pressure everywhere felt, has been constant and healthy. The oldest of similar institutions, we are to-day the most popular and have the unwavering confidence of the public.

From the report of the Relief Board it is learned that an assessment of 50 cents per member was called for during the past year, and the amount of $74,484.54 was realized.

From the report of the Supreme Recorder the following interesting facts are culled:—The membership on 31st December, 1885, was 157,375, an increase of 14,548 during the year. The number rejected during the same time was 1,978. At the date above mentioned the membership in Ontario was 10,130; increase, 1,597; this being the second largest increase in supreme jurisdiction. The total amount paid for benefits during the fiscal year was $2,580,468.85, and since the organization of the society $13,875,147.05 to the widows, orphans, or relatives of 7,009 members The average death rate by jurisdictions ranges from 5.39 per 1,000 to 17.32. Ontario occupying second lowest position, the rates being 5.63. Claims were settled on an average of two months from death.

ELECTION OF OFFICERS.

The following officers have been elected:—Supreme Master Workman, George W. Badgerow, Toronto, Ont.; Supreme Foreman. W. H. Jordan, Oakland, Cal.; Supreme Overseer, C. M. Masters, Sparta, Wis.; Supreme Recorder, M. W. Sackett, Meadville, Pa.; Supreme Receiver, J. H. Henhart, Meadville, Pa.; Supreme Guide, W. R. Graham, Cedar Falls, Ia.; Supreme Watchman, John A. Child, Portland, Or.; Supreme Trustee for three years; D. P. Loomis, Buffalo, N. Y; Supreme Medical Examiner, Hugh Doherty, M.D., Boston, Mass.

The "Order" Question.

To the Editor of the Mercury:—

Sir,—If I supposed that my remarks on the comments of the Police Magistrate, when giving his decisions in recent Scott Act cases, would have called for so much space in subsequent numbers in your journal, I might not have troubled you with them, but after what your correspondents say, I am constrained to ask for a small space in reply.

I may premise, that both of your correspondents expend much more space in heaping abuse on me than they occupy in confuting my statements; and both write anonymously, although in reference to my doing so the first denounces it as a "cowardly protection," and then adopts the same "protection" himself. I leave such to apply their own language to themselves, but not as an objection on my own part. I hold that personality is better excluded from public questions, when they alone are referred to, though highly objectionable as a cover for the security such as your correspondents appear to delight in.

The same writer, although full of invective against myself, does not controvert my statements, does not pretend to justify the remarks I object to, has in reality no defence therefor, but wishes to clothe His Worship with invulnerability if not infallibility! The day, I imagine, has gone by when such positions can be sustained, or would even be assumed by men of common sense, for the "contempt of court" business is being brought into contempt even by the decisions of the High Court Judges.

I regret, that in substance, the Police Magistrate charged the witnesses in the Holliday case with perjury; not apparently for the purpose of condemning their conduct so much as to have a fling at the Scott Act, which was on his part at least unbecoming. Whether he likes or dislikes the law he is for the time being appointed to administer it, and should not attempt to bring it into disrepute and lower his own position. Neither would a judicious man lead his hearers to suppose that he was not satisfied with his own judgment, even on the chance of pleasing one of the lawyers in the case. The Magistrate should uphold the law, should support his position and judgment, rather than pander to the weaknesses and errors of those who violate law, or flatter their paid advocates. Such defence, or rather such apologies, for what is essentially wrong in an administrator of the law, rather weakens than sustains his position, and had better not be repeated. Had our Magistrate have made his remarks to accord with his judgment, no one would have been more willing to commend him than

A Lover of Order.

Guelph, June 19.

Hundreds of tons of crushed and ground mineral phosphate are now being shipped to St. Catharines, Ont., for grape culture, from the mines near Ottawa.

Henry Ward Beecher sailed for England on Saturday. Mr. Beecher expects to lecture in England, but will avoid, as far as possible, any political discussion, though his leaning toward Home Rule is well known.

Advices from Winnipeg report a constant stream of immigrants passing through that city to the Northwest Territories. They include English, Irish, Scotch, of the comparatively well-to-do class, Finlanders and Scandinavians.

Two head young cattle belonging to Mr. John McCullough, of Blanshard, died from nerve poisoning, caused by eating the leaves and blossoms of a balsam poplar which had been cut down on the farm.

Horsford's Acid Phosphate.

Specific Virtues in Dyspepsia.

Dr. A. Jenkins, Great Falls, N. H. says: "I can testify to its seemingly specific virtues in cases of dyspepsia, nervousness and morbid vigilance or wakefulness."

THE LION

Guelph Must Boom.

Times are on the mend. Let us rise equal to the occasion and improve our opportunities. We have within ourselves all the requisites for building up a large, wealthy and prosperous city, but we are just now at that stage of development when all our resources must be called into play and used to advantage, or else we sink into that lethargic state that so often overtakes places that once had the prospect of developing into a prosperous community.

We would raise the warning signal now while there is time to retrieve our past mistakes and profit by our experience. If we let the cycle of prosperous years, which we believe are soon to visit Canada, roll round without improving our opportunities the next prosperous term may see us so far in the van that it will be a hopeless chase to overtake towns that are now behind us in everything, except a desire to see their own community increase. If we allow our manufactories to close up and move away without any effort on our part to retain them; if we see manufactories starting up in other places, which we might have had for very little cost to the city; If we sit calmly by in indolent lassitude and allow the G. T. R. to have a monopoly of our trade and the C. P. R. to cut off a large section of country, with which we at one time did a large trade, without any effort on our part to construct a line of railroad which would break the monopoly of the G. T. R. on the one hand, and reconstruct a large trade which we have lost on the other, and which we have reason to believe would prove a paying speculation from the first.

It seems to us very strange that a large place like Guelph occupying such a central position in the country of railroads should have actually only one line and that the greatest monopoly perhaps, with one exception, in the land.

We can have the proposed railway, but we have got to build it, and furthermore we can build it and make it pay. If the city will not take the responsibility let a joint stock company be formed. We have confidence enough in the good judgment of the ratepayers of Guelph to believe that they would see it to their interest to bonus such a company handsomely.

The advantages of such a line would be innumerable. Some of the immediate benefits would be the reopening of Mr. Spence's mill, enlarging the trade of all our manufacturers, especially in the iron and milling line, where the freights are heavy, the cultivation of a wholesale and the increase of the retail trade of our merchants, our market would increase and Guelph would become more of a shipping port. Manufacturers would settle here without any further inducements than those offered by the natural advantages of Guelph. We have no doubt that this railway would make Guelph boom for years to come, and would give her such a start as would enable her soon to take rank among the first cities in the land. Then let her boom, to boom she must. If we could only recognize the value of our heritage there is no place like her in Ontario

"Where every prospect pleases
And naught but man is vile."

Let us prove worthy sons of noble sires, and all must be well for our city.

J. D. Williamson & Co.

We quote prices below to prove our position that we sell cheaper than others.

All this Week

Monday, June 21, 1886.

We shall continue the excitement caused by our reduced prices during which we are clearing out many lines of seasonable goods, regardless of what they cost. Last week was an immensely busy week with us testifying to the fact that when we announce "Cheap Goods" the people expect to and do get them.

ALL THIS WEEK

We shall offer our still well assorted stock of Millinery & Straw Goods, at prices that must clear the last article off our shelves. Great inducements in this Department.

ALL THIS WEEK

We shall offer our large stock of Ladies' and Misses' Parasols and Sun Umbrellas at a very great reduction on regular prices. We are bound to clear them out.

ALL THIS WEEK

We shall offer our immense variety of Ladies' and children's Silk, Taffeta and Lisle Gloves, Silk, Lisle and Cotton Hosiery, at such low prices as to create a great rush in this department.

ALL THIS WEEK

We shall offer the choicest lines of Muslins, Lawns, Oriental Flouncings, All over Embroideries, Plain and Fancy Chambrays, Madras Laces, and Light Summer Goods at popular prices in very attractive styles.

ALL THIS WEEK

We shall continue our great sale of French Dress Goods, at which 40c. 45c. and 50c. goods are all put into one pile and offered at 25 cents per yard for your choice.

ALL THIS WEEK

We shall offer a special line of Lovely Summer Silks much under regular price. Also Beautiful Black Surahs just to hand in full range of prices.

Terms strictly cash.

—IN THE—

CITY HALL, GUELPH.

On Thursday Evening, 24th June, 1886.

At the request of a number of prominent gentlemen deeply interested in Life Insurance, I have engaged the City Hall, for the evening of the 24th inst., when by means of Diagrams, Charts and Tables, specially prepared for the occasion and gathered from the experience and statistics of Assurance Companies of nearly fifty years standing I will give a complete Exposition of the various systems, showing the merits and demerits of each, and will demonstrate without fear of contradiction that *Life* Assurance has been and can be furnished by The Mutual Reserve, one of the largest and most reliable companies in the world, at less than one half the rates charged by "Old Liners." As this is the system reduced to a science so successfully practised by Friendly and Benevolent Societies, such as the Workmen, Royal Arcanum, Chosen Friends, Royal Templars, &c., a cordial invitation is extended to all the officers, members and friends of the Benevolent Societies of the city. Representatives of rival Assurance Companies are also invited and requested to correct misrepresentations if any are made. Ladies are specially invited. A number of prominent Insurance men are expected, including J. D. WELLS, General Manager of the Mutual Reserve. His Worship the Mayor has kindly consented to act as chairman. Doors open at 7.30 p. m. Chair taken at 8 Admission Free. See large posters and dodgers.

J. T. PATERSON, Manager or Western Ontario, Office S. George's Square. P. O. Box 636, Guelph

Armstrong's Patent Tempered Steel Buggy and Carriage Gears.

Corning Body Buggy on Improved Eureka Gear.

After a long and thorough trial of the "Improved Eureka" the driving public call for it as the easiest riding of all Buggy Gears. Over six thousand now in use throughout Canada, and the demand still continues large and steadily increasing. It is equally suitable for open or top buggies and phetons, rides easy with light or heavy load, and has no complicated or weak parts to get out of order. Thoroughly warranted throughout. Call and see sample carriages on these gears at our warerooms, or send for descriptive circular. Catalogue with full particulars regarding all the parts and prices, freely mailed to carriage builders on application to

J. B. ARMSTRONG Mfg. Co, Limited, Guelph, Canada

5,000 BARRELS OF BEER.

A Railroad Declines to Carry Them Into Iowa and is Sued for Damages.

A Chicago despatch says:—Suit for $10,000 damages was begun to-day by George A. and Frederick W. Bowman, beer sellers, of Marshalltown, Iowa, against the Chicago & Northwestern Railroad for its refusal to transport 5,000 barrels of beer for the plaintiffs from Chicago to Marshalltown. The railroad declines to carry the beverage for fear of the Iowa statute making it a penal offence to take liquor into the State. Bowman Bros. bought 5,000 barrels at $6.50 per barrel, the payment being conditional on their getting it into Iowa. The Northwestern Road refuse to take it. Bowman Bros. assert that beer is sold all over Iowa, and if once they succeed in getting it into the State they could sell it for $8 per barrel and not be molested. The refusal of the company to transport it is to be made the occasion of a test of the validity of the Iowa law.

The Roman Catholic Church and the Knights of Labor.

OTTAWA, June 19.—Decrees of the Council of the Roman Catholic Church recently held at Quebec having been cabled to Rome and met with the approval of the Pope, Cardinal Taschereau has issued a pastoral letter containing them, which will shortly be read in the churches of the diocese. The following quotation is from this letter:

"The cosmopolitan character of secret societies, and that of the Knights of Labor in particular, necessarily exposes many of their members to execute the orders of a council residing in a foreign country, which interests at variance with those of the government to which its members owe allegiance, but may even be at war with God. For these and other reasons the church could not consistently tolerate the organization or approve of the means resorted to in order to attain the desired end.

"The Council also deemed it prudent in the interests of the church and Christianity, to consider the secret aims of the promoters of Freemasonry and to warn the adherents of the Catholic Church against joining such organizations and especially the Knights of Labor, on the pain of excommunication."

Trades and Labor Council on the Hon. Frank Smith.

At the meeting of the Toronto Trades and Labor Council on Friday the Committee on Legislation heartily recommended concurrence in the resolution of the Oshawa Trades and Labor Council to the effect that steps be taken by the labor organizations to ostracise Hon. Frank Smith for having spoken of several Toronto workingmen as a "lot of thieves," such statement not having been substantiated or retracted, and recommending that workingmen should refuse to hear him should he attempt to stump the country. The Toronto Council added a further recommendation of the demand that Hon. Frank Smith be retired from the Dominion Government, his presence therein being recognized by organized labor, and by all who value their rights as citizens, as inimical to the liberties of a free people.

The Birth of Home Rule.

It is now sixteen years since "Home Rule" was first promulgated at a meeting of prominent Irishmen held in Dublin, May 19th, 1870, when the following resolution was unmanimously adopted: "That it is the opinion of this meeting that the true remedy for the evils of Ireland is the establishment of an Irish Parliament with full control over our domestic affairs." This was the birth of the Irish Home Rule movement, and it is remarkable to find that this meeting was composed of a large majority of "Protestants." There were about sixty gentlemen assembled, and not more than twenty Roman Catholics among them. It will surprise people now to find the following representative names in the list of those present at this meeting: Sir John Barrington, D. L., Protestant Conservative; E. H. Kinahan, ex-High Sheriff, Conservative; J. V. Mackay, Orangeman; Sir William Wilde, Protestant Conservative; Rev. Joseph Galbraith, Trinity College, Protestant Conservative; R. W. Boyle, banker, College Green, Conservative; W. W. Harris, L. L. D., ex-Sheriff county Armagh, Protestant Conservative; Major Knox (*Irish Times*), Protestant, Conservative; Dr. Maunsell, (*Evening Mail*), Tory; The Ven Archdeacon Gould, D.D., Protestant Conservative; William Shaw, M. P., (Munster Bank), Protestant; Capt. E. R. King-Harman, Protestant Conservative; Hon. L. H. King Harman, Protestant Conservative; G. F. Shaw, F.T.C.D., Protestant Conservative; Alfred Webb, "Friend;" H. H. Stewart, M. D., Protestant Conservative; W. L. Erson, J. P., Orangeman. These gentlemen, and those who acted with them, stated: "We must be frank and clear; we will have no part in disloyal plans; we will have no separation from England. But we feel that the scheme of one Parliament for all purposes, Imperial and local, has been a failure, that the attempt to force consolidation on the Irish people, to destroy their national individuality, has been simply disastrous. However attractive in theory for the Imperial statesman, the project has utterly broken down in fact and reality. It has cost us perpetual insecurity, recurrent insurrection. It may suit English politicians to cling to the experiment still, and pursue it through another fifty years, always 'just going to succeed this time;' but for us Irish Protestants, whose lot is cast in this country, and whose all in the world is within these seas, it is time to think whether we cannot take into our own hands the solution of the problem. We want peace, we want security, we want loyalty to the Throne, we want connection with England, but we will no longer have our domestic affairs committed to a London Parliament. The aspiration for national autonomy is one which has sound reason and justice as well as historical right behind it."

THE QUEEN'S JUBILEE.—To morrow will be the fiftieth anniversary of the day on which Queen Victoria came to the throne. It has been said that the reign of the present Queen is the longest in British annals, with the exception of those of Henry III, Edward III, and George III. But while formally this may be the case, Her Majesty has really reigned for a longer period than any of her predecessors. Henry III was a boy of ten years when he succeeded to the throne, and if the years of his minority be deducted, his reign was shorter than that not yet finished. The same may be said of Edward III, and though George III was nominally on the throne for sixty years yet his fits of insanity were so many, and some of them were continued so long, that his granddaughter has really reigned longer than he did.

The latest remedy for coughs, colds, croup, whooping cough, bronchitis, etc., is McGregor's Lung Compound. There is no remedy in existence containing any one of the active ingredients composing McGregor's Lung Compound so do not say you have taken everything until you have tried this for your cold or cough, and your opinion will be the same as all who have used it, viz., that it is the best. Sold in 50c and $1.00 bottles by T. S. Petrie, Druggist.

JOHN CROWE, Proprietor

THE CRISIS IN BRITAIN.

Preparations for the Elections.

Mr. Childers' manifesto advocates an Irish elective Parliament to deal with purely local matters. He says he cannot consent to any plan for dividing the power between the Irish and the Imperial Parliament inconsistent with the supremacy of the latter.

The Parnellites appointed to take charge of the Irish vote in Great Britain will leave on Tuesday for the various districts to which they are assigned.

EDINBURGH, June 19.—The *Scotsman*, commenting on Mr. Gladstone's speech, says:—"Mr. Gladstone has rent the Liberal party, and he is keeping it asunder. If he would accept Lord Hartington's four conditions a large and liberal measure of Home Rule would be granted. Mr. Gladstone cannot be trusted now as unreservedly as he would have been six months ago to embody the Home Rule principle in a plan that would be acceptable to Liberals.

Mr. Gladstone, returning from a visit to-day, alighted a mile outside of Edinburgh, his intention being to walk the remainder of the distance. He was recognized by the people along the road, and soon had such a crowd at his heels that he was compelled to take refuge in a tram car. He could not escape the crowd though, and two thousand women and children, cheering and yelling, followed him until he entered his hotel and disappeared.

The Liberals of Gloucestershire have rejected the Hon. Henry R. Brand as an unfit candidate for re-election to Parliament, and have appointed a committee to select a man who favors Mr. Gladstone's Irish schemes.

Portions of Armagh and Tyrone counties, in the Province of Ulster, have been proclaimed under the Peace Preservation Act.

Mr. Jesse Collings has issued a manifesto to the agriculturists, appealing to them to oppose the Government, and stating that their interests are being neglected for the Irish question.

Lord Randolph Churchill has issued a manifesto bitterly denouncing Mr. Gladstone. The *News*, commenting on the Churchill manifesto, says:—"We may well ask Mr. Chamberlain whether he is prepared to commit the destinies of the country to this political spirit. The manifesto is as insulting to Ireland as to Mr. Gladstone, and is such an expression of party passion as is happily unusual in English politics."

Funeral of the King of Bavaria

MUNICH, June 19.—The excitement among the Bavarian people over the death of King Ludwig remains unabated. The lower classes up to the hour of the funeral to-day thronged the gate of the royal palace awaiting admission to the chapel, and exhibiting all the signs of sincere grief and sympathy. People from the country and the mountains flocked into the city all day long.

The King was buried this afternoon. The concourse of people at the funeral was immense. A number of persons were crushed in the crowd and injured. Many of the people wept and sobbed aloud as the King's coffin was borne along to its last resting place. Immediately preceding the coffin, according to ancient custom, were posted twenty-five Gugelmaenner clad from head to foot in black monks' habits, covering their faces except their eyes, following the great crucifix. Behind the coffin walked Prince Luitpold, the Regent, and the members of the Royal Family, together with the foreign envoys. After the consecration the remains were deposited in the ancestral vault. The mourners throughout evinced the deepest sorrow. At the conclusion of the impressive ceremonies the dense crowds dispersed quietly.

The funeral pageant is described by foreign newspaper correspondents as the most imposing they ever witnessed.

Foreign.

Lord Salisbury advises Conservatives not to oppose Liberal Unionists at the poll.

Fifty thousand acres of crops and two villages have been destroyed by floods in Hungary, and greater damages are threatened.

The Primacy of All Ireland, vacant since the death of the late Archbishop of Armagh, has been filled by the election of Dr. Knox, the Bishop of Down, Connor and Dromore. Dr. Reeves, the Bishop-elect of Armagh, will succeed Dr. Knox in his late diocese.

Father Grealy, parish priest at Newport, County Mayo, writes as follows:—"The work of relieving the starving fishermen on the West Coast is at a standstill, and I and my curates are in a state of siege with crying applicants craving food to save the lives of their little children."

After much dallying and hesitation, the British War Office has decided to adopt the machine gun for the army. Three-barrelled Nordenfeldts, each weighing sixty pounds and firing 400 bullets in one minute, and five-barrelled guns of 136 pounds and firing 600 rounds a minute are to be sent to Egypt and India.

Hobart Pasha, Marshal of the Turkish Empire, is dead. Like Baker Pasha, Hobart Pasha was an Englishman, though his reason for leaving the English service and entering that of the Sultan was not, like Col. Baker's due to scandal. His name was Charles Agustus Hobart. He was the third son of the Earl of Buckinghamshire, and was born in 1833.

Sir Charles Edward Trevelyan, son of the late Archdeacon Trevelyan, of Taunton, died on Sunday. He became connected with the East India Company's Civil Service, and to the end of his life maintained a warm interest in the welfare of the natives of India. He married, in 1834, a sister of the late Lord Macaulay.

THE FUNCTIONS OF THE QUEEN'S PROCTOR.—The question has frequently been asked of late, "What are the purpose and effort of intervention by the Queen's Proctor in a divorce case?" An Act of Parliament authorizes the Queen's Proctor to intervene when there is ground for belief that a decree of divorce has been obtained by collusion. The Proctor acts as the representative of the Crown, in behalf of society and to the interest of justice. The case is re-opened, witnesses summoned and evidence taken. In short, there is a new trial. The divorce granted at the first trial may be sustained or it may be set aside. In the Crawford-Dilke case the parties to the proceeding will be the Queen's Proctor on one side and Mr. Crawford, with his counsel, on the other. Mrs. Crawford and Sir Charles Dilke may take the stand as witnesses, but the Court has refused to allow either to appear by counsel or parties to the action. Much new evidence is promised on the next trial, but whether Mr. Crawford's divorce will be affirmed or denied remains to be seen.

This is to certify that I have used McGregor's Speedy Cure for Dyspepsia and Liver Complaint, and do honestly say that if it cost me one hundred dollars ($100.00) a bottle I would not be without it, as it has done me more good than all the medicines I ever used, and I feel like a new man.—Yours truly, Alex Steel, Carleton Place, Ont. This medicine is for sale at 50c. and $1.00 per bottle at Thos. S. Petrie's Drug Store.

District Attorney—Do you consider that a correct statement, Mr. Quimby? I know that you do not. You are a lawyer, I believe? Witness—Yes, sir. "Then I wish you would lose sight of your professional character long enough to tell the truth."

A June Song.

A song for June, whose breath is sweet
With blossoms opening at our feet;
Whose voice is heard in brooks that run
Through meadows glad with song and sun
Oh, happy, happy June!

The robin in the apple trees
The nest among the branches sees,
And, bubbling from his silver throat,
What wordless songs of rapture float.

Above the world the firmament
Spreads out the azure of its tent;
How blest are we, whose dwelling is
Beneath so kind a roof as this

Our hearts are glad, with bird and bee,
For what we hear and feel and see;
Life seems a song to sweetest tune,
Oh, would it were for ever June.

THE Teeswater *News* reports that one of the village bakers, Mr. Batte, has left for parts unknown, and a number of creditors are mourning his departure.

THE young man Taite, of Luther, who was shot in the face on Queen's Birthday, is recovering, and will probably have the use of both eyes again. A grain of shot pierced one of the eyes.

MR. RICHARD BOYLE, contractor, has completed the bridge over the Canestoga, near the upper end of the 2nd concession of Garafraxa.

MR. W. A. MCWHINNEY has left the Bank of Commerce, at Galt, with which he has been connected for some years past, to secure a position as travelling agent in the freight department of the Chicago, Milwaukee & St. Paul Railway.

A CURIOSITY.—Mr. John Allan, of Egremont, had a mare which recently gave birth to a colt which had only three legs, two behind and one in front, the animal was otherwise well developed. Mr. Allan killed the colt as he did not think it would ever be any use and he did not propose to go into the show business.

MESSRS. Grey, Young & Sparling, the well-known salt manufacturers of Seaforth and Blyth, have made a verbal proposition to work the newly discovered Wingham salt wells. It is to the effect that if the Council would hand them over the well and pump, give them two and one-half acres of land and exempt them from taxes for ten years, they would erect a large block and supply all the salt the C. P. R. could carry away, and at current prices.

RAINING TOADS.—The Ingersoll *Chronicle* says:—On Monday morning Mr. James Chapman, River Road, while driving to town was surprised to see the road strewn with small toads. The wagon tracks in the fresh gravel were full of them, and as the milk wagons passed on their way to and from the factory, they were crushed by thousands. He thinks they must have fallen in the shower on Sunday evening.

THE Galt *Reporter* says: From a letter lately received in Galt from Dr. Henderson, of Calgary, N. W. T., we learn that that gentleman has lately been engaged in rather an interesting undertaking. He was sent down to the Reserve of the Blackfeet Indians to vaccinate them, and as the crowd numbered, big and little, some 2,700 souls, he had a lively time of it before he got through.

ONE of the largest photographic views ever taken is to be seen in the New South Wales Court at the Indian and Colonial Exhibition. It is twenty feet in length, and furnishes a complete panoramic representation of the city of Sydney, Port Jackson, and the suburbs. It was taken from the cupola of the Garden Palace, subsequently destroyed by fire, and is a magnificent specimen of photographic skill.

GRANTS TO SCHOOLS.—Kent County Council has acted with commendable liberality to High Schools. Ridgetown received $3,400 towards the cost of the building, and Chatham, though separated from the County, gets $5 000. In the case of the latter grant the Council evidently attaches little value to the idea that their county town is not a part of Kent. It is quite possible that in good time it will also be felt that Guelph is actually a part of Wellington and that its Collegiate Institute is doing county work.

News Items.

Montreal has given $3,000 to the Vancouver sufferers.

The citizens of Quebec on Sunday presented Cardinal Taschereau with a purse of $5,574.

Tammany Hall, New York, will collect subscriptions for the Parnell Fund.

"Gentlemen," said a farmer, writing to the chairman of an Agricultural Society, "put me down on your list of cattle for a calf."

Grain shipments from the west over the Canadian Pacific Railway have increased so enormously that the company intend building another mammoth elevator in Montreal, to cost $200,000.

The crops throughout the Province of Quebec are in a most flourishing condition, and give promise of a larger yield than for many years past. The harvest will be ten days or a fortnight earlier than usual.

Mr. Archibald Forbes, the war correspondent of the London press, was married in Washington on Saturday to the daughter of General Meigs.

On Saturday evening a freight train was derailed near Brantford by a misplaced switch, five cars being thrown over a steep embankment and badly wrecked.

A telegram received in Ottawa announces that the Roman Catholic diocese of Ottawa has been created an arch-bishopric, and that Bishop Duhamel had been elevated to be the first archbishop.

It is said that a banking house in London is considering the project to construct a railway from Winnipeg to the Nelson River Hudson Bay, with the guarantee of the Province of Manitoba upon £1,000,000 sterling of its bonds, bearing interest at the rate of four per cent. and maturing in twenty-five years.

The *Canadian Gazette*, of London, Eng., of the 3rd instant, contains this announcement:—"A party of seventeen young men left for Canada last week, under the auspices of the Manchester Young Men's Christian Association. This is, we believe, the twelfth consecutive weekly despatch of this nature."

One hundred head of fine cattle weighing on an average 1,600 pounds were received in Montreal by Edward Devlin, via the Canadian Pacific Railway this morning from Calgary. They will be shipped on Monday from Montreal to London, via the Allan line. They were bred by Major Stewart on his ranch. Several other large shipments will follow soon.

Twenty-four cargoes of wheat, aggregating 1,069,000 bushels, have been shipped by lake out of Milwaukee during the last month. This is an enormous shipment as compared with any month for many years, and nearly equal to the aggregate charters from May to December of last year.

Advices from the New England summer resorts are of the most cheering description. A great many rooms have already been engaged at the Quantabagcook house, and the Mooselucmaguntic house is turning guests away. The Nampashemet hotel has laid in 200 cots in anticipation of a rush in August, the Wesogulnus reports things looming, and the Aliquipagpa will be crowded as usual. The Checknewagin is filling up rapidly, there is an increased demand for apartments at the Inarhalpoen and the Mattewamkeag has all the guests it can accomodate. Reports from the Bentufrenga, the Rockemacku and the Winnisimmett are equally encouraging. The season is wide open.—*Philadelphia Press.*

Standard Medical Work

For Young & Middle-Aged Men.

ONLY $1 BY MAIL, POSTPAID.

Illustrative Sample Free to All.

KNOW THYSELF.

A GREAT MEDICAL WORK on MANHOOD

Exhausted Vitality, Nervous and Physical Debility, Premature Decline in Man, Errors of Youth, and the untold miseries resulting from indiscretion or excesses. A book for every man, young, middle-aged and old. It contains 125 prescriptions for all acute and chronic diseases, each one of which is invaluable. So found by the Author, whose experience for 25 years is such as probably never before fell to the lot of any physician. 300 pages bound in beautiful French muslin, embossed covers, full gilt, guaranteed to be a finer work in every sense—mechanical, literary and professional—than any other work sold in this country for $2.50, or the money will be refunded in every instance. Price only $1 by mail, post paid. Illustrative sample free to any body. Send now. Gold medal awarded the author by the National Medical Association, to the President of which the Hon. P. A. Bissell, and associate officers of the Board the reader is respectfully referred.

The Science of Life is worth more to the young and middle aged men of this generation than all the gold mines of California and the silver mines of Nevada combined.—*S. F. Chronicle.*

The Science of Life points out the rocks and quicksands on which the constitution and hope of many a young man have been fatally wrecked.—*Manchester Mirror.*

The Science of Life is of greater value than all the medical works published in this country for the past 50 years.—*Atlanta Constitution.*

The Science of Life is a superb and masterly treatise on nervous and physical debility.—*Detroit Free Press.*

There is no member of society to whom The Science of Life will not be useful, whether youth, parent, guardian, instructor or clergyman.—*Argonaut.*

Address the Peabody Medical Institute, or Dr. W. H. Parker, No. 4 Bulfinch Street, Boston Mass., who may be consulted on all diseases requiring skill and experience. Chronic and obstinate diseases that have baffled the skill of all other physicians a specialty. Such treated successfully without an instance of failure. Mention MERCURY Guelph, Ont. m15deodwly

I CURE FITS!

When I say cure I do not mean merely to stop them for a time and then have them return again. I mean a radical cure. I have made the disease of FITS, EPILEPSY or FALLING SICKNESS a life-long study. I warrant my remedy to cure the worst cases. Because others have failed is no reason for not now receiving a cure. Send at once for a treatise and a Free Bottle of my infallible remedy. Give Express and Post Office. It costs you nothing for a trial, and I will cure you. Address DR. H. G. ROOT, Branch Office, 37 Yonge St., Toronto.

BEWARE

OF WORTHLESS IMITATIONS

As there are many inferior goods, corded with jute, hemp, etc., offered and sold as Coraline by some unprincipled merchants trading on the reputation of our genuine Coraline, we warn the ladies against such imposition by drawing their attention to the necessity of seeing that the name

'CROMPTON CORSET CO.'

is stamped on inner side of all Coraline goods, Without which none are genuine.

MUGGINS CARDS FOR SALE AT THE MERCURY Office. Price 50 cents a pack.

Mr. Goschen's Manifesto.

Mr. Goschen has issued his manifesto to the electors of Edinburgh. He says:—"I have said nothing in my speeches which I wish to retract. I deny that there is no alternative between Gladstone's scheme and coercion. I deny that the Parnellites must be the sole arbiters, or that a separate Irish Parliament and executive is the only feasible solution of the Irish question. I favor large measures of decentralization, relieving the Imperial Parliament of a portion of its work, but they should always be subject to the control of the Imperial Parliament. I especially object to giving the Dublin Parliament the control of the police and magistracy, because long standing differences of race, creed and class unfits a partisan Government for exclusive and unrestricted power. The Imperial Parliament would not be authorized in handing the minority, amounting to one-third of the population of Ireland, over to a Government against which that minority made a passionate protest. The autonomy of other homogenous colonies presents an analogy to Ireland where a portion of the people, including the best energies of the country, prefer the Imperial connection. Justice to Ireland must not include injustice to one-third of her population. Gladstone's scheme is indefensible in principle and unworkable in practice. It only reserves to the Imperial Parliament a paper supremacy. The adherents of Gladstone do not defend the details of his scheme. They simply maintain the abstract principle of Home Rule. Therefore their accusation that the opponents of the scheme have no definite alternative recoils on their own heads. But Unionists are willing to extend local powers of self-government equally applicable to England and Scotland, such powers to be always subject to Imperial control. No desire or momentary relief, no appeal of party or class ought to divert the people from defending the supremacy of Parliament, which is the real issue at stake. Therefore, I ask you, electors of Edinburgh, to return me to Parliament, and thus indicate your desire for a defence of its supremacy.

The Judge Travis Investigation.

CALGARY, N. W. T., June 20.—The Travis investigation causes great excitement here. The two factions of the town are taking an active part in the proceedings. Cayley and Davies have been examined as to the treatment received by them from Travis, by which some of their clients have withdrawn from them, and municipal business likewise has been brought to a standstill. Travis replied that he treated all brought before him courteously. The whole of the trouble is being caused by Bleeker being defeated in the whiskey case. The case against Travis will close Monday and the defence begins.

As a means of poking fun at the "highly scientific age of adulteration in which we live," a theatrical journal tells the following story: "Give me some bicarbonate of magnesia and sulphate of potash," said a stranger to the polite barkeeper at a prominent hotel recently. "Very sorry," he replied suavely, "we're just out of it; but you will find our bromide of sodium and silicic acid an elegant morning refresher." "I don't use it," said the visitor, "but I'll take a lithia cocktail with a little bicarbonate of lime." "Got me again," said the barkeeper, "but how would some sulphuretted hydrogen and acetate of lead suit you?" "That'll do," said the visitor. And handed out two bits for three fingers of whiskey.

OVER WORKED Women

For "worn-out," "run-down," debilitated school teachers, milliners, seamstresses, housekeepers, and over-worked women generally, Dr. Pierce's Favorite Prescription is the best of all restorative tonics. It is not a "Cure-all," but admirably fulfills a singleness of purpose, being a most potent Specific for all those Chronic Weaknesses and Diseases peculiar to women. It is a powerful, general as well as uterine, tonic and nervine, and imparts vigor and strength to the whole system. It promptly cures weakness of stomach, indigestion, bloating, weak back, nervous prostration, debility and sleeplessness, in either sex. Favorite Prescription is sold by druggists under our positive guarantee. See wrapper around bottle. Price $1.00, or six bottles for $5.00.

A large treatise on Diseases of Women, profusely illustrated with colored plates and numerous wood-cuts, sent for 10 cents in stamps. Address, WORLD'S DISPENSARY MEDICAL ASSOCIATION, 663 Main Street, Buffalo, N. Y.

Considerable surprise was expressed by the shipping community at the action of the owners of the Island of Anticosti, in seizing salvage from the wrecked Dominion Line Steamer Brooklyn. The owners of the Island claim that they became the proprietors of all vessels wrecked on their shores, and they have seized the goods at full value. The Dominion Line are going to fight the seizure to the bitter end.

The freshets on the Fraser River have been higher this year than for many years past, being twenty feet over the walking road.

THE EVENING MERCURY is printed and published every afternoon at 4 o'clock; THE WEEKLY MERCURY is issued every Thursday morning. INNES & DAVIDSON, Publishers and Proprietors, 54 Macdonnell street, Guelph, Ont.

THIS PAPER may be seen on file at GEO. P Rowell & Co's Newspaper Advertising Bureau (10 Spruce st.), and William Young, 21 Park Row, where advertising contracts may be made for it in NEW YORK.

Local News

REMEMBER the strawberry festival in the Dublin St. Methodist Church this evening.

THERE will be an excursion from Guelph to Toronto on the Civic Holiday. Wait for it.

TAXES.—Nearly a thousand dollars were taken at the Collector's office yesterday. See the Collector's advertisement in another column. d1

A GRAND pic-nic will take place on Dominion Day in Shady Grove, Lower Pilkington. The amusements will be provided.

THE sum of $100,000 and a plot of ground have been given by a Philadelphia lady for a home for aged Presbyterian ministers who do not use tobacco.

REGULAR meeting of the Guelph Catholic Union in their hall this evening. Business—Nomination of officers, etc. Full attendance requested. d1

MISS ST. QUINTIN, owing to fright occasioned by the cry of "fire" in the Wellington Hotel yesterday, was so upset that she was unable to take her part last night, and her place was filled by Miss Flint. d1

JUDGE ROSE, in addressing the Grand Jury in Toronto on Monday, referred to the agitation for shorter hours of labor, and said the object would never be attained until there was less selfishness on the part of both employer and employee. Mutual toleration was needed, and without it nothing could be done

THAT SIDEWALK.—The railing on Northumberland street sidewalk, near Dublin street crossing, which was torn down lately, has not as yet been replaced. Last evening during the rain a gentleman returning home inadvertently slipped off, and in falling injured his side severely. Let it be replaced before an action for damages is brought against the city.

LADY AUDLEY'S SECRET.—A company travelling under the name of the St. Quintin Company from New York appeared in the City Hall last evening in the drama of Lady Audley's Secret. They tried to peform it and did it in such a manner that all the ladies, before the prologue was finished, got up from their seats and left the hall, and before the first act was three parts through a number more of the audience also left. This will give the public some idea of the character of the acting. The attempt to play Lady Audley's Secret with such a company was ludicrous.

DUBLIN STREET CHURCH SUNDAY SCHOOL TEACHER'S MEETING.—The regular meeting of the above Board was held last night. In the absence of Rev. Dr. Griffin, Mr. Bollert occupied the chair. The chief business transacted was the arrangements for the annual pic-nic, which is to be held this year on the 8th of July, and the formation of committees for the successful carrying out of the same. The resignation of the Treasurer, Mr. H. Welch, who is leaving the city with his family for Toronto, was tendered and accepted, and a resolution of thanks to Mr. Welch for his work in the school was heartily carried. Several members of the Board spoke to the resolution, expressing regret that Mr. Welch, who had occupied positions of Assistant Superintendent, Treasurer, and Leader of Class, was about to leave the Board, and paid a high compliment to that gentleman for his Christian deportment and wishing him success in his new home. Mr. R. Payne was unanimously elected to fill the vacant office. The finances of the school were reported to be in a good condition, and after other minor matters were disposed of the meeting adjourned.

Sporting Notes.

SCULLING AND ROWING.

Teemer has challenged Hanlan to row another race, July 25, as the latter feels dissatisfied at the result of the race at Pleasant Island last October. Teemer says that this will be his last race before sailing for London to row Beach, Sept. 30 or Oct. 1st, on the Thames, for $2,500 a side.

A notable event has been arranged at Bayridge, Baltimore, in which Teemer, Courtney, Gaudaur, Ross, Lee and Hamm are entered in a single scull race for $1,500, and also in double scull races.

Another single scull race between James Griffin and C. T. Enright, of Toronto, has been arranged to take place over Silver Lake course in three weeks.

BICYCLING.

Howell, of England, recently did a mile in 2 min. 39 2-5 secs. at Leicester, starting from a stool, a performance equal to about 2 mins. 29 secs. with a push off. He also did the half mile in 1 min. 17 secs., both of which performances are English professional records.

S. P. Hollingsworth, of Russiaville, Ind., was wonderfully successful in his attempt on Thursday to beat the long distance amateur record of this country and Great Britain. In the twenty-four hours he scored a total of 281 9-10 miles. His actual riding time was twenty-one hours and twenty-three minutes, two hours and thirty-seven minutes being lost in eating and being rubbed down.

The season has come when a man who finds a twelve room house and a half acre of ground too small for him at home will live with his family in a three room shanty surrounded by 1,000 feet of glaring sand for three months and call it happiness.

Bob Ingersoll recently was talking with an old colored woman in Washington upon religious matters.

"Do you really believe, aunty," said he, "that people are made out of dust?"

"yes sah; the Bible says dey is, an' so I b'lieves it."

"But what is done in wet weather when there's nothing but mud."

"Den I s'pects dey make infiduls an' sich truck.'

Mumps have been epidemic down in the township of Mulmur, and it is said that one credulous young man had a halter put around his neck, was led to the creek to drink, and was then led seven times around the barn. All this was to prevent an attack of the dreaded disease. There is a good deal of superstition in the world, and Mulmur has its full share.

Jottings from Camp.

Tuesday, June 22nd.

The tents were pitched in short order between four and five last night, and when the work was finished the camp presented a very soldierly appearance. At nine o'clock the boom of the gun was the signal for retiring and shortly after that hour the boys were apparently all quiet. This morning before breakfast standing gun drill and saluting drill was performed, and on parade at 8.30 Col. Macdonald presented Sergt. Snyder with the badge given by the Dominion Artillery Association for the highest individual score made in the Artillery competition at Toronto last fall. In making the presentation, the Col. spoke a few words of congratulation and complimented Sergt. Snyder on his splendid score. Sergt. Newstead and Sergt. Merryweather were also presented with badges for shooting.

The Sergeants held a meeting this morning and organized the mess.

To Capt. Clarke and Sergt.-Major Ross belongs the honor of rescuing the powder at the fire in the gun shed yesterday.

A NUMBER of the Pioneers visited the fire hall in charge of Ald. F. B. Skinner, and a "hitch-up" was given for their benefit. They expressed themselves pleased and paid a high compliment to the quickness of the "hitch-up" and the looks of the horses and other apparatus of the Department.

News Items.

The stonecutters are on strike in Detroit.

Parsons, the anarchist of Chicago, gave himself up on Monday.

The Quebec Legislature was prorogued on Monday.

The Toronto City Council has decided to annex to the city East Rosedale, the Toronto Annex and portions of the County of York.

The Papal embassy bringing the beretta and zuchetta presented by the Pope to Cardinal Gibbons, of Baltimore, arrived in New York on Monday morning and left for Baltimore.

Five cases of smallpox have developed in one house in Stalwart, Michigan, causing almost a panic in the town for fear of the disease spreading.

On Sunday morning a fire occurred at Brantford in the premises occupied by Thomas Ramsay, sash, blind and door manufacturer; E. Schmidlin, machinery; and J. Stubbs, blacksmith. The building and contents were completely destroyed.

The Significance of the Colonial Exhibition.

(From the London Times.)

It would be difficult to overate the significance and interest of the ceremony (the opening of the Colonial and Indian Exhibition,) which took place at South Kensington. For the first time since our brothers began to leave their narrow island home to rear a greater Britain beyond the seas, do they all assemble under the old rooftree, bringing the choicest of their hard-won treasures to lay at the feet of the "Great White Mother," as a proof of how amply they have sustained the family reputation for dogged courage and hard and successful work. The Queen-Empress has seldom exercised a more queenly, a more imperial function; and she might be excused for cherishing a feeling of pride as she walked through the splendors of India, the treasures and trophies of Australasia, the varied products of Canada and the multifarious spoils of her other widely scattered domains; as she looked upon the loyal and devoted faces of the thousands of subjects, white and dark, many of them come from the ends of the earth to do her homage; and reflected that in the long history of our world to no monarch has such a measure of honor, power and glory, we may add with truth, devotion been vouchsafed. This unparalleled Empire began hesitatingly some 300 years ago, under the reign of another great Queen, with a precarious footing on an area of 40,000 square miles, amid a population of savages; it culminates to-day with an area of 9,000,000 square miles and a population, including feudatories of something like 270,000,000, one-seventh of the landed surface of the globe, and one-sixth of its inhabitants, and that excluding the mother country.

THESE names which are a synomym for perfection in designing, modeling and constructive ability in their respective lines, Miss Todd, Dressmaker at the Lion. Miss Marriott, Milliner at the Lion. Mr. McKenzie, Cutter at the Lion.

The Owen Sound Counterfeiters.

They are Committed for Trial.

OWEN SOUND, June 19.—This morning John Smart was again brought before P. M. Spencer on the charge of counterfeiting: John Creasor, Q. C., appearing as counsel for the defence, and Alfred Frost, County Crown Attorney, for the prosecution. The first witness called was Detective O'Leary, of Ottawa, who testified that on the 16th inst., in company with Detective McGowan and Constables Egerton, Spence and Dealey, of Owen Sound, provided with a search warrant, proceeded to the prisoner's house. They searched the house and factory, and found a punch, counter punch, ladles, a quantity of metal, a counterfeit 25 cent piece partially milled, several blanks, the size of 50 cent pieces; one of which had the impression of the obverse side of a Canadian silver half dollar quite plainly stamped on it; two 50 cent blanks, with milled edges, with other articles and tools for counterfeiting. Detective McGowan and Constable Spence were also examined, after which the prisoner was committed for trial.

Shot Dead in Cleveland.

On Sunday morning Mr. A. Sievert, of Hamilton, received a telegram conveying the startling information that his brother Charles, who kept a saloon and billiard hall in Cleveland, O., had been fatally shot on Saturday night by his bartender, Louis Hoen. The intelligence has been confirmed. Hoen had for some time been paying attentions to Sievert's wife, and is alleged to have alienated her affections from her husband. Mr. Sievert resented his bartender's conduct; a quarrel occurred on Saturday night, and Hoen shot his employer. Mr. Sievert died Sunday morning. The deceased was born in Milton, but lived in Hamilton until he was 16 years old. He moved to Cleveland with his parents about fifteen years ago, and lived there ever since. He had charge of the Cleveland baseball grounds, and was well known to sporting men throughout the country.

THE QUEEN'S ACCESSION.

Celebration of the Event by the Benchers of England.

LONDON, June 21.—The 49th anniversary of Her Majesty's accession to the English throne was celebrated Saturday night by the Benchers of the Temple by a series of amateur dramatic performances. The audience was select and notable, including the Marquis of Lorne and the Princess Louise, as well as most of the leaders of the London bar, and metropolitan society. After the choir had rendered a number of part songs, a curtain was drawn revealing a temporary stage, on which was placed a splendid life-sized bust of the Queen, the pedestal and figure being ingeniously lighted by electricity. Upon this stage a company composed entirely of Benchers played in antique style, without scenery, Pyramis and Thisbe, from "A Midsummer Night's Dream."

Hamilton's Fat Woman Dead.

Annie Morrison, the biggest woman that Hamilton ever produced, is dead. For over six years she has been travelling with a circus. Before her marriage with John McLaughlin—which event occurred at Christ Church Cathedral shortly before she went into the show business—Annie used to live with her parents on Elgin street here. She has been in Hamilton several times since. A couple of years ago she was here with Doris' show and in the evening was driven down to see her friends. Her demise occurred at Lowell, Mass., on Thursday last. John McLaughlin, her husband, was also connected with the circus. Deceased weighed 615 pounds and was 5 feet 2 inches in height. The casket, which was specially constructed for her, is 30 inches wide, 24 inches deep and 5 feet 10 inches long. For the ordinary person the dimensions are 18 inches wide and 12 inches deep. In the show business she was known as Rose Leslie.—*Hamilton Times.*

Fatal Fire in Boston.

BOSTON, Mass., June 21.—A terrible fire, accompanied by loss of life, this afternoon destroyed the New England Institute Fair Building on Huntington-avenue. The flames refused to surrender until they had conquered everything combustible within the building, and the work of rescue was attended with great danger. Seven bodies in all have been removed from the ruins, three of which were so badly charred and disfigured that identification is impossible. The body of a negro known to have been burned has not been recovered. This makes eight fatalities known to have been caused by the fire. Four persons were also seriously burned.

The Right to Escheat Property.

OTTAWA, June 21.—Mr. Æmilius Irving, Q.C., appeared before the Chief Justice, Sir William Ritchie, in the Exchequer Court this morning, asking for an order to have the question as to whether the Dominion or the Provincial Government possess the right to escheat as regards the personal property of deceased persons, the Ontario Government being anxious to establish their rights to certain escheated moneys now held by them. He held that the Ontario Government might safely retain possession of escheated personal property until a demand was made upon them by the Dominion authorities for it. Acting on the suggestion of the Chief Justice, Mr. Irving will appeal from his judgment to the full Supreme Court.

Any Small Boy, With a Stick,

can kill a tiger,—if the tiger happens to be found when only a little cub. So consumption, that deadliest and most feared of diseases, in this country, can assuredly be conquered and destroyed if Dr. Pierce's "Golden Medical Discovery" be employed early.

Between 30 and 40 brush hands employed at the brush and broom factory of C. Boeckh & Sons, on Adelaide street, Toronto, quit work on Monday morning. The men gave as their reason that the firm were weeding out their employees on account of their having formed a union some months ago.

SUNDAY was the forty-ninth anniversary of the Queen's accession to the throne, not the fiftieth as stated in several papers.

CITY COUNCIL.

No Liquor to be Allowed in the Public Parks.

F. J. CHADWICK APPOINTED ASSESSOR.

A Grant to the City Band.

The regular meeting of the City Council was held on Monday evening. Present—Ald. Lamprey, Keough, Bruce, Maddock, Cutten, Hewer, Smith, Hearn, Raymond, J. Carter, Read, Hamilton, Husband, Skinner, W. Carter, Hortop.

COMMUNICATIONS.

From J. T. Paterson, asking for the use of the City Hall on Thursday, the 24th, for a lecture to be delivered by him on insurance. He considered the subject was in the interest of humanity, and consequently he should get it free.

From A. Piers, of the Canada Pacific Railway, stating that Mr. Van Horne was absent for a week. From the communication it appears that the number and pressing nature of his engagements prevented him from attending sooner.

From Ald. Chadwick tendering his resignation as alderman.

From the York Pioneers asking the Council to accept a large photograph of the members.

From Henry Wade stating that the Executive Committee of the Ontario Agricultural and Arts Association will visit Guelph on the 24th, to confer with the Exhibition Committee of the City Council.

From Walter Macdonald tendering his resignation as a member of the Free Library Board.

PETITIONS.

From John Lambert and others asking for improvements on Nottingham street.

From Thomas Merlihan asking that the assessment on his property, formerly used as an hotel, be reduced.

From Thomas Goldie and others promising to subscribe the sum of $100 to pay for a drain on McTague street, from the Exhibition ground to Woolwich street, the work to be done under the direction of the Board of Works, provided the Council assist in the work.

RESIGNATIONS ACCEPTED.

Moved by Ald. Cutten, seconded by Ald. Lamprey, that the resignation of Messrs. John A. Wood and Walter Macdonald, as directors of the Free Library Board, be accepted, and that Messrs. Charles F. Leonard and James Watt be appointed in their place. Carried.

Moved by Ald. Lamprey, seconded by Ald. Keough, that the resignation of Ald. Chadwick be accepted, and that the Mayor issue his writ for a new election. Carried.

FINANCE.

Ald. Cutten, chairman, presented the following report:—We recommend the payment of the following accounts: H. Gummer, account for March, April and May, $63.70; H. Gummer, advertising Junction Railway notice, $5.25; J. J. Sutton, bill posting, 75 cents. Your Committee recommend no action to be taken with regard to W. H. Mills' petition for abatement of street watering assessment for 1884 and 1885. We have obtained the City Solicitor's opinion with regard to the City Band for a grant. It is as follows:—"My opinion is asked whether the City Council has authority by law to make a grant of money to the City Band. I am informed that this band is a voluntary association of citizens of Guelph to furnish instrumental music for the entertainment of the inhabitants without charge on public holidays and other occasions, and that they sometimes charge for their services. The musical instruments are the property of the members of the band. I have been unable to find authority giving the Council power to make the grant of money to such an association as the City Band. Signed, Donald Guthrie, City Solicitor." In view of such opinion your Committee cannot recommend any grant to the City Band. The application on behalf of the Artillery Brigade for a grant has been referred to the City Solicitor for his opinion as to the power of the City Council in the matter and he has not yet reported.

Ald. Hewer thought that the Chairman of the Finance Committee was getting down to little technicalities about making grants which had been customary to make and to which he was sure no citizen would object. The Council had always given a grant to the volunteers, and he was sure that it was the desire of the city that it should be continued.

Ald. Smith strongly advocated the claims of the band, and later on brought in a resolution for the passage of a by-law legalizing the grant.

Ald. Cutten, with reference to the volunteers, did not think that there was another county or city in the Province that gave a grant to the volunteers. The matter required to be looked into, and the City Solicitor was not at present prepared to give an opinion.

Ald. Bruce said that he had been a soldier once himself and did not want to go back on the volunteers. He was quite willing that the matter should be left over for a time. He thought there was no danger but that the usual grant would be given, and might just be as well for the men to receive the grant after they went home than when in camp. When the question came up he would vote for the grant.

Other members spoke, after which the report was adopted.

BOARD OF WORKS.

Ald. Maddock, chairman, reported: In reference to the petition received from Alexander McQueen and James McQueen, complaining of defective drainage, we recommend that the respective drains be examined and attended to at once. That the petition of Thomas Rickley be considered to at a future meeting. In reference to the communication from Wm. Wells, asking damages from the corporation for injuries received by his child falling off the sidewalk at the Pound Creek in April last, your Committee recommend that the sum of $30 be paid to Mr. Wells, which we consider will be sufficient compensation for any loss he may have sustained by the accident. Your Committee recommend that they be allowed to purchase one-quarter of an acre of gravel from Mr. Hall, at $35, with the privilege of removing it in from one to five years, said gravel to be used for the Eramosa Road and Delhi street, etc., as may be required and to be paid for from this year's appropriation on both streets in proportion to amount granted. The following accounts were recommended to be paid; D. Porter, $24.33; Scott & Scott, $91.39; Robt. Stewart, $69.80; A Birge, $105.14. Adopted.

THIS ORIGINAL DOCUMENT IS IN VERY POOR CONDITION

WATER WORKS.

Ald. Keough reported, recommending payment of the following accounts:—Stevens, Turner & Burns, brass, etc., $124.70; Harvey & Co., $2.64; F. Heffernan, $6; Feek & Kirkwood, $5.44; Robt. Ward, for damages by water from service pipe, $8. Money paid out to 31st May, $2,320.35. Yet to their credit, $4,379.65. Adopted.

MARKET HOUSE.

Ald Hearn presented the report of the Committee, which recommends the payment of the following accounts: McCandless & McQueen, $7.08; Feek & Kirkwood, $10.24; Kloepfer & Richardson, $7.49; W. H. Mills, $3.50; W. Lawrence, $6.50—$34.81 Adopted.

SPECIAL COMMITTEE.

Ald. Smith, chairman of Special Committee to receive York Pioneers reported: Your committee have prepared an address to be presented to the President of the Society, by His Worship the Mayor, on behalf of this corporation, to-morrow afternoon at 2 o'clock on the Exhibition grounds.

Your committee have issued invitations to some of the old pioneers of this section of the country, to the city and county officials and representative citizens to be present and assist in extending a cordial welcome to the York Pioneers.

Your committee would ask as many of the Aldermen as can find it convenient to be present with His Worship at the station to-morrow morning upon the arrival of the train from Toronto, and welcome the York Pioneers, and also to be present at the grounds in the afternoon when the address will be presented. Adopted.

APPOINTING AN ASSESSOR.

Moved by Ald. Cutten, seconded by Ald. Hearn, that a by-law to appoint an assessor for the year 1886 be now read a first and second time. The by-law was read.

The Clerk then read the names of the applicants which are as follows: Chadwick Fred. J., Cottis Charles, Davis John, Doran Michael J., Dutton, J. W., Flaws Robert, Stovel E., Wiley Thomas.

A ballot was then taken which resulted in the election of Mr. F. J. Chadwick who secured eleven votes on the first ballot. Mr. Cottis received 4 and Mr. Flaws 2 votes.

The Council went into Committee of the Whole on the by-law appointing an assessor, Ald. Read in the chair. The blank was filled up with the name of Frederick Jasper Chadwick. The Committee rose and the by-law was read a third time and passed.

EXHIBITION COMMITTEE.

Moved by Ald. Cutten, seconded by Ald. Maddock, that Ald. John Lamprey be placed on the Exhibition Committee instead of Ald. Chadwick, resigned. Carried.

YORK PIONEERS.

Moved by Ald. Smith, seconded by Ald. Hearn, that this Council hereby accept the handsomely framed photographs of the pioneers of York, sent by W. H. Doel, Esq., Secretary of the pioneers of York, and presented to this Council, for which we tender them a hearty vote of thanks. Carried.

THE CITY HALL.

On motion of Ald. Hearn and Lamprey, it was decided that the City Hall be granted to Mr. Paterson on Thursday night, for the sum of $10.

THE CITY BAND.

Moved by Ald. Smith, seconded by Ald. Skinner, that the By-law Committee be instructed to prepare a by-law to enable the Parks and Shades Committee to enter into any arrangement or contract with the members of the City Band to play in the Parks and Trafalgar and Market Square as often as may be agreed upon between them and upon such terms as may be agreed upon between the Committee and the City Band, and the cost to the city corporation not to exceed the sum of $200 per annum.

Ald. Bruce brought forward the claims of the Salvation Army band which discoursed music in his section of the town, and then again there was the Bell band. It would be a good idea to give them $50 each and let them puff and blow as long as they liked.

Ald. Smith took exception to the remarks of Ald. Bruce, setting forth that he had little taste for music when he would compare the City Band with the Salvation Army band.

After some further discussion the motion was carried.

NO LIQUOR IN THE PARKS.

Moved by Ald. Read, seconded by Ald. J. Carter, that on and after this date no intoxicating liquor of any kind be admitted into any of the parks and public buildings of the city.

There was a short and spirited discussion on this resolution. Many of the members thought that it did not cover the ground required, and was impracticable. Others held that the idea was to give more force to laws now in existence and strengthen the hands of the authorities to prevent the re-occurrence of such a disgraceful scene as was witnessed on the Exhibition ground on the 24th May last. The motion was lost on a vote of 9 to 6.

Ald. Read called for the yeas and nays. They are as follows:—Yeas—Husband, J. Carter, Read, Raymond, Smith, Bruce—6. Nays—W. Carter, Hortop, Skinner, Hewer, Hearn, Cutten, Maddock, Keough, Lamprey—9.

Moved by Ald. Smith, seconded by Ald. Raymond, that the proper authorities shall prevent the carrying of liquors in quantities of a barrel or more into or on any of the public buildings or Exhibition grounds of the city for the purpose of drinking. Carried by 7 to 6.

Moved by Ald. Maddock, seconded by Ald. Read, that the planks, etc., furnished by the corporation for the purpose of boulevarding be not more than 8 inches wide and 2 inches thick. The Council considered that the chairman and the committee were quite capable of attending to the matter without the Council interfering. However at the earnest request of the chairman the motion was carried.

The Council adjourned at half-past nine.

Custom Duties Again.

To the Editor of the Mercury.

DEAR SIR.—In my communication to you last week, headed "Custom Duties," I stated that I had written to the Commissioner of Customs at Ottawa but had received no reply. Since I last wrote to you I have received a letter from Ottawa, stating that since no evidence of fraud has been discovered against me, the fine of 50 per cent of the whole duty shall be remitted to me, by applying at Guelph. This is some satisfaction at least, although I was hanged before I was judged. When the fine is remitted I still shall have paid over 63 per cent of the real value of the article to the Custom House.

Yours, etc.,
AN ERIN FARMER.

Mimosa, June 21st, 1885.

Canada's National Park.

WINNIPEG, June 19.—The survey of the proposed national park at Banff, conducted by Mr. G. A. Stewart, C. E., has been completed. Roads, drives, paths and avenues, are now being laid out. The engineer is also making a survey of the prospective town site at the Springs. The medicinal value of the celebrated health giving waters has been appreciated by various capitalists, whose offers to establish mammoth hotels at Banff are being considered by the Government. The Canadian Pacific railway is also bidding for a lease of the Springs. The interior department has given permission to Dr. Brett, late of the C. P. R. medical staff in the Rockies, to conduct a small hotel at the park this season. The Government recently despatched Mr. Hall, of the Interior Department, to the Arkansas Hot Springs, for purpose of studying the working of the system adopted there.

Halifax, Nova Scotia, on Monday celebrated the 137th anniversary of its settlement.

The Evening Mercury

TUESDAY EVE'G JUNE 22, 1886.

The Indian and Colonial Exhibition.

We do not know what authority the Montreal *Star* has for the statement, but it says that the cost of the Canadian department at the Indian and Colonial Exhibition will be about a quarter of a million dollars. We cannot see how this can be. In the session of 1885 $50,000 were voted on account, and last session a like sum was voted. When the item was before the Committee of the whole House Sir Richard Cartwright, before allowing it to pass unopposed, enquired whether this sum would cover the expense. He was told that it would, and he thereupon expressed his confidence in the country's approval of the vote, if the business in hand was properly carried out. In the face of this statement we cannot see how the Government could have the face to ask for more money. However, as Sir Charles Tupper has the management of the business we would not like to say how much money he will require, as it is known he is very extravagant and reckless of other people's money but not of his own. So far Canada has had poor recompense for all her outlay owing to the inexcusable bungling in delay of articles for the Exhibition. The Government alone are to blame for this. One vessel, loaded exclusively with exhibits, did not leave Halifax until about the time the exhibition was opened. On the opening day great spaces were vacant in the Canadian department on account of the non-arrival of exhibits, and many of these were not in their places till the first of June. The Minister of Agriculture, who had special charge of the business, and the Government as a whole, are responsible to the people, who will demand to know why these delays happened, and why the Dominion has been placed at such great disadvantage on account of them.

IT is reported that the Government have determined to give "Boy" Beaty another chance to get possession of the contract of the new Central Railway. Beaty is now in New York endeavoring to form a company to build the road, and he has telegraphed that he is getting on well. The Government will await the result of Mr. Beaty's efforts before giving the contract to another company.

AN article in the last number of *Bradstreet* on the debt of the Dominion hits the nail on the head with respect to the motives of the Government in subsidising some new railway lines. It says they were put where they would do the most good politically and gives the following as an instance:—"Thus $250 000 has just been voted for a railway from Ingersoll via London to Chatham, Ont. This is nothing more or less than the proposed extension of the Canada Pacific to Detroit. The line will be parallel with the Grand Trunk for the whole distance of eighty miles between Ingersoll and Chatham, and will be of no more real utility than the 'Nickel Plate' road, on the opposite side of Lake Erie, has ever proved to be. Other expenditures to greater or less amounts have been no better considered than this one."

THE St. John *Globe*, whose editor was lately elected to the Legislative Assembly at the head of the poll, despite the efforts of the Dominion Government, says:—"The result of the Nova Scotia contest is to revive a hope in the hearts of many thousands of our people that it will be possible for us to get out of the Confederation, and, by the formation of a Maritime Union, retrace the steps we have wrongly taken, and recover the ground we have lost. There is no doubt that much of the existing dissatisfaction is due to bad government. Bad government has dissatisfied the East and caused rebellion in the West. It has given form to the secession feeling in Nova Scotia. It was possible to heal the difficulty which a forced union has caused, and which the first six years of bad government helped. But Tory misrule, unbridled extravagance, dishonest administration and every form of corruption have sown the land with dragon's teeth, and there is danger that they may spring up armed men. Let the people of Ontario and Quebec take heed. *They* are responsible."

MONTREAL *Herald*:—"To the discredit of our Indian Department, it must be said that the charges Dr. Caven brought in a general way in the General Assembly have been already specifically made in Parliament and in the press, but they might as well have been spoken to the winds for all the effect they have upon the action of the great chief of all the Indians, and others, at Ottawa. We have waited in vain for the first endorsation of the Government's deputy, Mr. Dewdney, in the press of the North-west, or for approval of him from independent residents of that place, yet Sir John is so satisfied with matters as they are that he tells the country Mr. Dewdney's appointment was the best he ever made. When the most conclusive evidence of things being wrong and gross neglect occurring in the administration of Indian affairs is brought forward in Parliament, no excuse is made with a promise that reforms shall follow; but, on the contrary, some Government supporter, on the strength of a flying visit to the country, is put up to deny everything and to declare that it is only a wicked Opposition invention. There is no desire to cure evil; only to hide it. It is the discovery, not the commission, of the wrong that is objected to at Ottawa."

THE LION

Guelph Must Boom.

Times are on the mend. Let us rise equal to the occasion and improve our opportunities. We have within ourselves all the requisites for building up a large, wealthy and prosperous city, but we are just now at that stage of development when all our resources must be called into play and used to advantage, or else we sink into that lethargic state that so often overtakes places that once had the prospect of developing into a prosperous community.

We would raise the warning signal now while there is time to retrieve our past mistakes and profit by our experience. If we let the cycle of prosperous years, which we believe are soon to visit Canada, roll round without improving our opportunities the next prosperous term may see us so far in the van that it will be a hopeless chase to overtake towns that are now behind us in everything, except a desire to see their own community increase. If we allow our manufactories to close up and move away without any effort on our part to retain them; if we see manufactories starting up in other places, which we might have had for very little cost to the city; If we sit calmly by in indolent lassitude and allow the G. T. R. to have a monopoly of our trade and the C. P. R. to cut off a large section of country, with which we at one time did a large trade, without any effort on our part to construct a line of railroad which would break the monopoly of the G. T. R. on the one hand, and reconnect a large trade which we have lost on the other, which Line we have reason to believe would prove a paying speculation from the first. The result must prove disastrous.

It seems to us very strange that a large place like Guelph occupying such a central position in this country of railroads should have actually only one line and that the greatest monopoly, perhaps with one exception, in the land.

We can have the proposed railway, but we have got to build it, and furthermore we can build it and make it pay. If the city will not take the responsibility let a joint stock company be formed. We have confidence enough in the good judgment of the ratepayers of Guelph to believe that they would see it to their interest to bonus such a company handsomely.

The advantages of such a line would be innumerable. Some of the immediate benefits would be the reopening of Mr. Spence's mill, enlarging the trade of all our manufactories, especially in the iron and milling line, where the freights are heavy, the establishment of a wholesale and the increase of the retail trade of our merchants, our market would increase and Guelph would become more of a shipping port. Manufacturers would settle here without any further inducements than those offered by the natural advantages of Guelph. We have no doubt that this railway would make Guelph boom for years to come, and would give her such a start as would enable her soon to take rank among the first cities in the land. Then let her boom, for boom she must. If we could only realize the value of our heritage there is no place like her in Ontario

"Where every prospect pleases
And naught but man is vile."

Let us prove worthy sons of noble sires, and all must be well for our city.

J. D. WILLIAMSON & Co.

We quote prices below to prove our position that we sell cheaper than others.

Silk and Satin Department.

A Free Entertainment
—IN THE—
CITY HALL, GUELPH.
On Thursday Evening, 24th June, 1886.

At the request of a number of prominent gentlemen deeply interested in Life Insurance, I have engaged the City Hall, for the evening of the 24th inst., when by means of Diagrams, Charts and Tables, specially prepared for the occasion and gathered from the experience and statistics of Assurance Companies of nearly fifty years standing I will give a complete EXPOSITION of the various systems, showing the MERITS and DEMERITS of each, and will DEMONSTRATE without fear of CONTRADICTION that Life Assurance has been and can be furnished by The MUTUAL RESERVE, one of the largest and most reliable companies in the world, at less than one half the rates charged by "Old Liners." As this is the system reduced to a science so successfully practised by Friendly and Benevolent Societies, such as the Workmen, Royal Arcanum, Chosen Friends, Royal Templars, &c., a cordial invitation is extended to all the officers, members and friends of the Benevolent Societies of the city. Representatives of rival Assurance Companies are also invited and requested to correct misrepresentations if any are made. Ladies are specially invited. A number of prominent Insurance men are expected, including J. D. WELLS, General Manager of the Mutual Reserve. His Worship the Mayor has kindly consented to act as chairman. Doors open at 7.30 p.m. Chair taken at 8 Admission Free. See large posters and dodgers.

Armstrong's Patent Tempered Steel Buggy and Carriage Gears.

Corning Body Buggy on Improved Eureka Gear.

After a long and thorough trial of the "Improved Eureka" the driving public call for it as the easiest riding of all Buggy Gears. Over six thousand now in use throughout Canada, and the demand still continues large and steadily increasing. It is equally suitable for open or top buggies and phætons, rides easy with light or heavy load, and has no complicated or weak parts to get out of order. Thoroughly warranted throughout. Call and see sample carriages on these gears at our warerooms, or send for descriptive circular. Catalogue with full particulars regarding all the parts and prices, freely mailed to carriage builders on application to

THE CRISIS IN BRITAIN.

Gladstone's Second Speech in Edinburgh.

LONDON, June 21.—Parliament will be prorogued on Friday, and dissolution will take place on Saturday.

The London *Times* publishes an alleged Fenian manifesto.

Michael Davitt pronounces the so-called Fenian manifesto published by the *Times* an election dodge. Mr. Davitt says the document was written by the ex-editor of an extinct Irish weekly paper which pretended to represent extreme Nationalist views.

EDINBURGH, June 21.—Mr. Gladstone addressed another large and enthusiastic meeting here to-day. In the course of his speech he said:—"It was irksome to always be compelled to refer to Ireland, but that this was due to the Tories, who blocked the way so that the Government could not get rid of the question and proceed to the other business of the Empire He relied, he added, upon the people's energy to clear the line now and allow the train of progress to go on to its destination."

Continuing, Mr. Gladstone said that he did not complain of the secession of Lord Hartington and Mr. Bright. They were a small fraction of the Liberal party. They had abandoned its traditions which were honourable regarding Ireland, as Fox's speeches and the actions of Fitzwilliam and Cavendish showed. Their descendants were trying to resist that policy which, if it had been carried out, would have saved years of trouble. The Land Purchase Bill was applicable at the time when he introduced it in the House of Commons, but he had failed to receive the support of Lord Hartington and others. He did not think England and Scotland received it so favourably as they received the Home Rule Bill. The Cabinet were now free to reapproach the whole subject. If they continued in office the Cabinet would carry out the Home Rule programme with due regard to their obligations. They desired to secure local self-government for Ireland with perfect security to the Imperial Union. He had never, he declared, concealed his ideas from the country when a great crisis had come. People had had the audacity to say that he had endeavoured to force this question forward. Last autumn he said he foresaw an Irish demand which would sweep into the shade all other legislation. He foreshadowed, but did not foresee, that the demand would be so wise and moderate. Mr. Gladstone further said that he hoped they would not let slip a golden opportunity which does not often occur, especially in the case of Ireland. The rejection of Home Rule would not settle the question and bring peace, but there would be the same miserable round of contention. He asked them to listen to a prayer reduced to the limits of reason and safety.

GLADSTONE'S RECEPTION AT THE FIRST MEETING.

EDINBURGH, June 21.—The scene in the Music hall on the occasion of Mr. Gladstone's speech on Friday night was impressive and memorable. The hall was packed to the extreme limit. All parts of the realm were represented in the great gathering—even the United States, many tourists from which had expressly journeyed here for the occasion. The propinquity of the auditors was quite suggestive of the progress toward universal suffrage. Laborers bronzed by the sun sat side by side with large landlords. I surveyed the scene from a side platform, where a proscenium box had been extemporized for journalists to see the curtain rise upon the first act of the election drama. Just as a great vase of magnificent orchids was being deposited upon a table on the platform a huge roar from tens of thousands of people outside, unable to get any standing room, announced the arrival at the doors of Midlothian's pride. Then the audience took up the cry as Mr. Gladstone and his wife, attended by Mr. and Mrs. Childers, were seen moving toward the platform, and the roar of welcome was really magnificent when the orator's slender, tall figure, clad in irreproachable evening dress, stood erect against the table, with its background of waving hats and handkerchiefs. The clean cut face of the apostle of Home Rule seemed to take on a softer outline than was usual, although the face was very ashen. His hair seemed thinner, and although his eyes had their olden lustre dimmed, they sparkled and seemed looking into futurity as he faced the audience. He began with short breath, as if fatigued, and spoke with nervous gasps, but soon, encouraged by the stormy enthusiasm that accentuated his first sentences, his mobile upper lip folds resolutely upon the flexible lower lip, and his eyes grow keener as the orator, with increasing power and almost pathetic earnestness, alternates argument with searching sarcasm and realizes his sobriquet of the "Grand Old Man." His courtesy in his expression towards Chamberlain was marked, and when the audience groaned at the Birmingham leader Gladstone seemed much annoyed and twice made a deprecatory gesture towards Lord Hartington, and his voice had a genuine ring of kindliness. When he came to his peroration the Gladstone "bell" voice of old returned, the youthful play of earnestness was again recognized and age seemed to retire. At the end of the last sentence—which you may coldly read, but which was tunefully uttered—the audience broke into such applause as one hears when, at the opera, a great diva unites vocal power and dramatic force in some grand finale. He spoke an hour and forty minutes, but seemed only half that time. Then he put on his large grey Inverness cloak and the proceedings terminated. No midget of a speaker dared to break the uproar with any traditional vote of thanks.

Horsford's Acid Phosphate.

Specific Virtues in Dyspepsia.

Dr. A. Jenkins, Great Falls, N. H. says: "I can testify to its seemingly specific virtues in cases of dyspepsia, nervousness and morbid vigilance or wakefulness."

DISCOVERIES IN JERUSALEM.—Prof. Hayter Lewis, who has just returned to England from Jerusalem, brings the news that the find of the wall north of the "Citadel" in the Holy City promises to be a discovery of the very highest importance. The wall is from eight to ten feet thick; it is built of masonry exactly similar to that in the lower courses of 'David's Tower," that is, of large stones with the well-known and characteristic marginal drift, and there is a deep rock scarp at its foot. These circumstances point very strongly to the presumption that there is here the long lost second wall. How important it is may be gathered from the single fact that if the wall runs outside the Church of the Holy Sepulchre, and if it be accepted as the second wall, all the sites covered by that venerable church are thereby proved and must be acknowledged to be false.

This is to certify that I have used McGregor's Speedy Cure for Dyspepsia and Liver Complaint, and do honestly say that if it cost me one hundred dollars ($100.00) a bottle I would not be without it, as it has done me more good than all the medicines I ever used, and I feel lik ea new man.—Yours truly, Alex Steel, Carlaton Place, Ont. This medicine is for sale at 50c. and $1.00 per bottle at Thos. S. Petrie's Drug Store.

A general strike of all the street car drivers in Minneapolis was inaugurated on Sunday evening, the cause being the prohibition made by the company against the drivers sitting down.

YORK PIONEERS.

Eleven Hundred Excursionists Visit the Royal City.

ADDRESS OF WELCOME.

The Reply Contains Reminiscences of Guelph's Early Days.

This morning, from the lowering appearance of the day, city people were of the opinion that it would materially interfere with the York Pioneers, excursion from Toronto, but fortunately it did not. The special train was expected to arrive at eleven o-clock, but as is usual with all excursion trains, it was an hour behind time. On the arrival of the train the veterans were most cordially welcomed by the Mayor and Corporation of Guelph, together with quite a number of the early settlers of this locality. The cordial handshaking, when introductions were made, between venerable, gray-haired veterans who had taken an active part in reclaiming this country of ours from a wilderness, and causing it to blossom and bloom like the rose was pleasing to see. Dr. Scadding, the venerable President of the pioneers, requested to be conducted to the spot where the first tree was cut, near by the present passenger station, as he had visited it some 40 years ago, and was anxious of again revisiting the spot. After all the introductions had been made at the station, the party were taken in charge by Ald. Smith, chairman of the reception committee, His Worship, Mayor Stevenson, and members of the City Council. When all was in readiness, the Royal Grenadier Band, who accompanied the 1096 excursionists, struck up, and marched along Market Square and Wyndham street to the Wellington Hotel.

At 2 o'clock in the afternoon the Exhibition Park was thronged with visitors and citizens. Shortly after that hour the following address of welcome was read on behalf of the Corporation, which was replied to in a most admirable address by Dr. Scadding:—

ADDRESS OF WELCOME.

To the President and members of the York Pioneers :—

We, the citizens of Guelph, in our individual and corporate capacity, welcome you to the Royal City.

Although in existence little longer than that of a middle aged man, like you we fondly look back to the early days of our city, recount its early history and the adventures of its founders and builders up, we revere them for their labors and the efforts they so successfully made to cause the wilderness to blossom as a rose, to replace the forests with fine streets and substantial buildings. We feel honest pride in the name and literary fame of the founder, John Galt, and glory in the name he gave our city as one of the sentimental ties which yet bind us to the glorious fatherland.

In all these feelings we know that Toronto and Guelph are one. You represent the early pioneers of your progressive city, the metropolis of our noble Province, you glory in her past history, and endeavour to preserve the local points of interest, whilst justly priding yourselves on the immense strides she is yearly making in wealth, in commercial importance and in literary as well as scientific standing.

United as our cities are by the iron bond over which you travelled this morning, by oceness of feeling and of interest, glorying in the histoy of the past, in the doings of the present, and the prospects in the future of our fatherland and our young Dominion, we can heartily fraternize with you and repeat the tender of a hearty welcome to the City of Guelph.

Signed on behalf of the city corporation.

Council Chamber, Guelph, June 22nd, 1883.

WM STEVENSON, Mayor.
RICH MITCHELL, Clerk.

DR. SCADDING'S REPLY.

Mr. Mayor and Gentlemen of the Corporation :—

On behalf of the Association which I have the honor to represent, I return you sincere thanks for this friendly address welcoming us to Guelph, and for the trouble which you have taken to render our visit pleasant and instructive.

By many of our Society this locality, so flourishing, so variedly picturesque, and for numerous reasons so specially interesting is seen for the first time, which is also to be said of much of the splendid country passed through in our rapid transit hither. To us, familiarylyy cognizant, as so many of us are, of what the aspect of all Western Canada was when in a state of nature, the changes wrought by human enterprise, human industry and skill and taste, within a few short years, are more striking than they can possibly be to others, and what we see around us everywhere in these our holiday outings never fails every year to inspire fresh gratitude within us to Almighty God for the good land which he has allotted to the Canadian people; and every year we feel fresh pride in the condition to which it has attained, and fresh confidence in the future which is before it.

For myself I was very glad when our society decided this year to make Guelph the scene of our annual excursion. I was desirous of seeing once more, and of having my associate pioneers see with me, the remains, or at all events the site, of that grand old maple tree, into the solid stem of which John Galt, your founder, as you so justly style him, was the first to drive the axe, on St. George's day, 1827. Dr. Dunlop following him, and Mr. Prior and his men vigorously continuing the process until at length with a thuncering crash the giant fell, the earliest of his fellows so to fall, in the midst of that was then magnificent, unbroken, primeval forest for leagues and leagues around. Once before I visited the spot, now more than forty years ago, when spending a pleasant time here as guest in the house of one who I doubt not there are those amongst you who will recall with affection and respect, a man of mark in this region and elsewhere, the late Rev. Arthur Palmer.

Often have I pictured to myself in the mind's eye the group assembled on the memorable occasion just referred to; Galt, tall, of aspect highly refined and scholarlike, the man of imagination, but well-skilled at the same time in plain matters of fact, in finance and political science; author of works of fiction, some of them ranking with those of Scott; historian, Eastern traveller, friend and biographer of Byron and "Lawrie Todd." Dunlop, a Hercules of fiery energy and action and inexhaustible humor; the "Tiger" as he was familiarly styled in the London clubs from having, by way of diversion, wholly cleared certain islands in the river of the Ganges, of that noxious animal, during a brief residence in India; with exterior corresponding to the spirit within, rugged, bizarre, unconventional; a literary man too, well known to Blackwood and Fraser, author of the Backwoodsman of Upper Canada, a work which continues to be read with pleasure and profit. Prior and his attendants, a party of rough and ready lumbermen, headed by vigilant superiors.

But all these matters are common place to you as intimated in your address, having been again and again brought before you, especially, doubtless, during the recent celebration of Guelph's fiftieth birthday.

Standing there with axe resting on the base of the fallen maple, and realizing in his prophetic view, that here was the focus of a future queenly city, Galt pronounced the name of the place to be that of which you justly boast—a name chosen as he himself tells us in compliment to the Royal Family—both because it seemed to him auspicious in itself, and because he could not recollect that it had ever before been used in the King's dominions. And there can be no doubt that when Dr. Maginn, editor of Fraser's Magazine, afterwards while facetiously discoursing of Dr. Dunlop and his doings, spoke of Gualtpolis, Guelph was the place really intended, the town of Galt at that time being only "Shade's Mills."

We as a society exist for the purpose of reviving just such recollections as these, in the several localities to which our influence may extend; gathering them together and getting them, so far as may be, to be written for those that come after, so that they may be handed down as heirlooms from generation to generation. Our Province for this purpose is the County of York, but the County of York as defined in David William Smyth's Gazetteer of 1797, reaching west as far as the river Thames; so that we take the banks of the Speed and those of the whole of the Grand River, from source to outlet noted in Indian story, to be within our bounds.

We only wish all the settlements in which we feel an interest had been as fortunate as Guelph is in regard to its initial history. With the first formation of all our settlements however, men of strongly marked character have been connected, otherwise those settlements would never been successfully established; men noticeable, some for their great force of will and tenacity of purpose; others for striking traits appealing to our sense of the noble, the loveable, or the singular in humanity.

But in innumerable instances these men like the many braves who lived prior to Agamemnon, have become nonentities to the majority of their descendants, just because they had no chronicler, poetic or otherwise, to embalm their names in memory. We therefore, as a society, exert ourselves to awaken in every Canadian locality to which we have access, a fresh interest in those who there bore the brunt of the first attack on the savagery of nature; and we desire to blend their names and the recollection of their acts and sayings, with the comfort and conveniences, amenities and luxuries which now surround those who have entered into their labors.

What is it that makes every nook and corner of the Old Country across the sea to be invested with such interest? What is it that, independently of considerations arising out of just laws and political constitution, makes so many there as they go forth to their duties every day to say to themselves with such fondness, "This is my own, my native land!" What but the human associations connected with the objects that are seen as they pace along—the castle or the cottage, as the case may be, the farm house, the mosted grange, the old church, the old school, the ancient grove, the ancient field, the hill close by, of historic fame, the river close by, legend haunted? Even so, by recovering, fostering and maintaining memories and associations similar to those which clung about so many places and things in the land of our fathers we may hope gradually to create among our people here in Canada, especially among our native born population, something more than a mere satisfaction with a lot fallen in pleasant places, but a real love of country, a true affection for hearth and home; and some of that genuine enthusiasm which gives nobleness to the spirit, and prompts so often to generous, unselfish, patriotic action.

Few settlements, indeed, will be able to boast of such fine surroundings and so many physical advantages as you enjoy here; few will ever be able to boast of so romantic a start as Guelph had; few will ever be able to name men connected with their origin so famous in the outside world as Guelph can name; but almost every one of our settlements will be found on investigation to have had connected with it, as I have already said, men—and women too—of strong individuality, of brave and chivalrous temperament fitting in well as the *dramatis personæ* of primitive history, notable for their wise, and sometimes witty, words, for their sagacious and exemplary deeds. Let not, we say, the memory of such perish. On the contrary, let it be revived from time to time, and let all be combined so far as practicable in a common stock, for the distinct purpose of enriching the store of Canadian local history, to the great reputation of particular neighborhoods and the honor of the country at large.

We wish also the reports of these our visitations to different localities every year to have an encouraging effect on the pioneers of the present day in all the newly opened up parts of Canada. Let the young Reguls, for example, yet grappling with things in the rough out in the Northwest, gather assurance from our experience here this day in a city bearing a royal name like itself. There are those in the ranks of our Society this day who have seen and conversed with the Galt and the Dunlop who felled the first tree here. I was perfectly familiar with their forms and their voices myself aforetime in York, the embryo Toronto. If Guelph in one generation has been enabled to attain to the importance and dignity which we see it enjoying to-day, with how much confidence may Regina calculate on what its position may be in a much less time, now when the means and appliances of civilization have been brought so much more within the reach of every one? And so of course may calculate a countless number of other places springing up and destined to spring up in every portion of the vast area of our Dominion. Let new comers resolve to go forward on the wise and prudent lines to which the experience of successful pioneers in the past points everywhere in Canada. Let them take Honour, Loyalty and Progress for their watchwords as Guelph has done; (I take that fleet white horse of the Guelphic house to be an apt symbol of the same thing) and they in due season will find themselves surrounded by the solid and satisfactory fruits of their labours, as certainly as the inhabitants of this neighborhood to-day find themselves so surrounded, as certainly as the present inhabitants of the Toronto neighborhood and a score of other prosperous neighborhoods in the Province of Ontario that might be named find themselves to be surrounded; all which is said with the full recognition at the same time of the essential provisos, that unity and good will be maintained among ourselves as a people; that peace reign outside our borders; and that God's blessing continue to rest on our land and its affairs.

With these words of cheer from pioneers to pioneers I will conclude, thanking you again very heartily in the name of our society for your kind welcome to us and begging your acceptance of the accompanying photographic group as a slight memento of our visit.

The latest remedy for coughs, colds, croup, whooping cough, bronchitis, etc., is McGregor's Lung Compound. There is no remedy in existence containing any one of the active ingredients composing McGregor's Lung Compound so do not say you have taken everything until you have tried this for your cold or cough, and your opinion will be the same as all who have used it, viz., that it is the best. Sold in 50c and $1.00 bottles by T. S. Petrie, Druggist.

CONSUMPTION.

I have a positive remedy for the above disease; by its use thousands of cases of the worst kind and of long standing have been cured. Indeed, so strong is my faith in its efficacy, that I will send TWO BOTTLES FREE, together with a VALUABLE TREATISE on this disease to any sufferer. Give Express and P. O. address.
DR. T. A. SLOCUM,
Branch Office, 37 Yonge St., Toronto

BEWARE
OF WORTHLESS IMITATIONS

As there are many inferior goods, corded with jute, hemp, etc., offered and sold as Coraline by some unprincipled merchants trading on the reputation of our genuine Coraline, we warn the ladies against such imposition by drawing their attention to the necessity of seeing that the name
'CROMPTON CORSET CO.'
is stamped on inner side of all Coraline goods, Without which none are genuine.

OVER WORKED Women.

For "worn-out," "run-down," debilitated school teachers, milliners, seamstresses, housekeepers, and over-worked women generally, Dr. Pierce's Favorite Prescription is the best of all restorative tonics. It is not a "Cure-all," but admirably fulfills a singleness of purpose, being a most potent Specific for all those Chronic Weaknesses and Diseases peculiar to women. It is a powerful, general tonic as well as uterine, tonic and nervine, and imparts vigor and strength to the whole system. It promptly cures weakness of stomach, indigestion, bloating, weak back, nervous prostration, debility and sleeplessness, in either sex. Favorite Prescription is sold by druggists under our positive guarantee. See wrapper around bottle. Price $1.00, or six bottles for $5.00.

A large treatise on Diseases of Women, profusely illustrated with colored plates and numerous wood-cuts, sent for 10 cents in stamps. Address, WORLD'S DISPENSARY MEDICAL ASSOCIATION, 663 Main Street, Buffalo, N. Y.

SICK HEADACHE, Bilious Headache, and Constipation, promptly cured by Dr. Pierce's Pellets. 25c. a vial, by druggists.

CITY OF GUELPH.

TAXES FOR 1886.

RATEPAYERS ARE HEREBY NOTIFIED that the First Instalment of Taxes for the current year will fall due on the

5th Day of July Next,

and if the said first instalment be not paid on or before the said fifth of July,

Five per cent will be added thereto,

In accordance with the by-law passed by the City Council. And also that a Discount of Three per cent. (equal to Nine per cent. per annum), will be allowed on the Second Instalment if paid with the First on or before the 5th day of July.

Do not put off payment to the last day. Attention is called to the following: When making payment present Tax Bill. Cheques must be "marked" good. All taxes must be paid at the Collector's Office, in the City Hall Buildings, upstairs. By order,

JOHN HUTTON, Collector.

THE EVENING MERCURY is printed and published every afternoon at 4 o'clock; THE WEEKLY MERCURY is issued every Thursday morning. INNES & DAVIDSON, Publishers and Proprietors, 54 Macdonnell street, Guelph, Ont.

THIS PAPER may be seen on file at GEO. P. Rowell & Co's Newspaper Advertising Bureau (10 Spruce st.), and William Young, 41 Park Row, where advertising contracts may be made for it in NEW YORK.

OATS took a rise to day on the market to 34 cents.

MARKET dull and very little produce coming in.

A LARGE number of cattle is being shipped from the city this week.

MR. J. C. EVANS has opened out a flour and feed store on Gordon street. See advertisement.

MR. DAVID MCCRAE has arrived at Father Point with 53 head of thoroughbred cattle. All well.

THE Oshawa Fire Brigade passed through the city yesterday on their way to Kincardine Fireman's tournament, which takes place to-day and to-morrow.

Evangelistic services will be conducted by Rev. Henry Knox in St. Andrew's church school room, every night this week, excepting Saturday, commencing at 8 o'clock. All are invited. d3

BRIGADE CAMP AT LONDON.—The Brigade Camp for District No. 1 opened at London on Tuesday. Six Battalions are on the ground, also the London Field Battery. The Waterloo, Bruce and Huron Battalions are among the number.

KNOX CHURCH Sunday School pic-nic in Mitchell's grove to-morrow afternoon, and Chalmers' church one on Friday following at the same grove.

THE strawberry festival in the Dublin street church last evening, was not largely attended, owing no doubt to the weather and other causes. Notwithstanding those who were present spent a pleasant evening. In addition to the delicacies of the season, there was a splendid programme of music and readings.

BARN RAISING AND SOCIAL.—A correspondent sends the following:—Wednesday last, the 16th, was one of the warmest days of this season, but the extreme heat did not prevent the young folks from gathering at Major Nicoll's residence, Puslinch, in the evening, to enjoy his hospitality and celebrate the erection of his new large and commodious barn. From all points came trooping youth of both sexes, until the total touched the hundreds, and although the evening was close and the heat intense, dancing was begun, and continued with all the zest imaginable until nearly 3 a. m. Music was abundant and refreshments more so, the latter being furnished with a lavishness almost amounting to extravagance. Whatever the Major does is done well, and this social was no exception, and will long be remembered by those who were present, as one of the happiest and most enjoyable of the many successful gatherings for which Badenoch and vicinity are noted.

STRUCK WITH A STONE.—The corner of Northumberland and Durham street is getting to be a terror with the crowds of boys that congregate on the two streets, play ball, throw stones and almost everything else conceivable. If remonstrated with by any person they get abused for their interference. Last evening as Mr. John Roche's daughter was milking the cow she was severely cut on the side of the head near the eye by a stone thrown by some of the young miscreants. It is no use for the police to attempt to catch any of them, as it is impossible. A blue coated guardian can be seen before he has a chance to arrive at the corner, and by the time he gets there the boys are all under cover, and the street is as quiet as the grave, but as soon as his back is turned they come from their holes like rats and are as bad as ever if not worse. A good ward constable could no doubt do better and bring the boys to justice.

"The play's the thing,
Wherein I'll reach the conscience of the king."

And equally true is that Dr. Pierce's "Pleasant Purgative Pellets" (the original Little Liver Pills) are the most effectual means that can be used to reach the seat of the disease, cleansing the bowels and system, and assisting nature in her recuperative work. By druggists.

SPECIAL NOTICES.

Window Shades for the season of 1886, new and cheap, at Day's Bookstore.

Choice stock Baby Carriages, Hammocks and Lawn Croquet, at Day's Bookstore. Day sells cheap.

Some lovely Dresses are being turned out by Ryan Berkinshaw & Co. Ladies try Miss Amiss, if you want a nice fitting Dress or Mantle.

Drab shell, light coloured Felt Hats, Manilla, Mackinaw and Straw Hats, Pith Helmets in great variety at Shaw & Grundy's.

For refrigerators, wire dish covers, wire cloth, hose, sprinklers, mangles or fishing tackle, call on John M. Bond & Co., Guelph.

Handsome goods at Nelles' City Bookstore. Our place is full of new, nice, cheap goods for the trade. Call and see them.

FRESH strawberries, tomatoes, cucumbers, pine apples, bananas, etc., at George Williams', 81 and 83 Upper Wyndham street.

THE phenomenal June Mark Down Sale now going on at Hughes', 33 Lower Wyndham St.

New wall paper, borders and decorations at the City Bookstore, and all the praise they require is to say we have a larger stock, nicer goods and cheaper prices than last year, and we astonished people last year. Come and see them before buying. J. A. Nelles.

Children's carriages, new, stylish and cheap, at Nelles' City Bookstore. Don't be misled. You get the best value in the city from J. A. Nelles.

Try Loch's unrivalled Teas and Coffees. Careful personal attention given to the blending so as to strengthen and flavour. Italian Warehouse, 89 Wyndham street.

THREE names which are a synonym for perfection in designing, modeling and constructive ability in their respective lines, Miss Todd, Dressmaker at the Lion. Miss Marriott, Milliner at the Lion. Mr. McKenzie, Cutter at the Lion.

Probabilities.

Moderate to fresh winds, mostly east and north; unsettled showery weather.

THE City Band play on Trafalgar Square to-night.

ON Tuesday 150 German immigrants passed through the city on their way to Iowa and Dakota.

THE Guelph Canoe and Boating Club have rented their grounds in McDonald's bush for a Sunday School pic-nic from Puslinch.

THE nominations for the special elections in St. James' Ward will be held in the South Ward School house, on Saturday at 10 o'clock.

AN evangelistic service was held in the Mission School House, Berlin street, last evening by Prof. Robinson. The attendance was good.

THE Catholic Union are holding a pic-nic at Puslinch Lake this afternoon. There were six carryall loads left the city besides several private conveyances.

MR. WRIGHT, overseer of the building of Our Lady's Church was taken ill last week and had to be removed home to London. He is lying in a critical condition.

THE Royal Oaks play in Galt on Saturday. This is one of the best amateur base ball clubs in Western Ontario. They will no doubt give a good account of themselves in this match.

GEO. A. LIGHTFOOT has shipped this week for Snell & Gray, Galt, for exportation, 2 car loads of cattle from Dundas, 2 from Schaw station, 3 from Guelph, and 2 from Rockwood.

James Petrie, representing the London Rubber Stamp works, will be at the Commercial hotel for a few days, parties wishing a stamp or society seal please call at hotel. d1

No. 2 Company, Wellington Rifles, met for drill last night. There was a good muster, but it was impossible to drill, on account of the meter not yet having been put in the Drill shed.

MR. CHAS. HAUGH has purchased Mr. Wm. Kerner's, Hamilton, confectionery waggon and is now carrying on the business. The young man is well known throughout the country and should succeed in the undertaking.

A number from Guelph went to Hespeler yesterday to take part in a concert in connection with St. Mary's Church there. Miss Sarah Coffee, Miss Annie Doran, Miss Julia Doran, took part in the programme. Father Doherty opened the concert by an able address.

PRESENTATION.—On Monday the members of St. Andrew's Church choir, called at the house of Miss Purvis, one of the oldest members, and presented her with a large, handsome and valuable fruit dish. A social hour was afterwards spent.

BARN RAISING.—Yesterday afternoon a fine barn 70 by 54 feet was raised on the farm of Mr. P. McGarr, Tp. of Puslinch. There were about 125 people present, quite a few of whom were from the city. The barn was raised without a hitch and a most pleasant time spent altogether.

Bomb. Knowles had a little difficulty with a horse and waggon on the street this morning. For a time it was nip and tuck as to who would be the winner. After several rounds had been fought the gallant Bombadier failed to come to time. The horse ended the struggle by kicking the dashboard to pieces and freeing itself from the waggon. No other damage was done.

THE GREAT WESTERN STATION.—In a few days the old Great Western station will be a thing of the past. It is the intention of the Company to move the whole building, including the platforms, to Preston to replace the station recently burned there. A larger addition than was first contemplated will be made to the junction station, which will hereafter be used for all passenger purposes on the Wellington Grey and Bruce division. There is little doubt that in a short time the whole passenger traffic will be conducted at the station in the heart of the city.

REVISING OFFICER'S COURTS.—Judge Drew, Revising Officer for South Wellington, will hold his final Courts of Revision for the Dominion voters' list as follows: Puslinch, at Aberfoyle, on Thursday, the 24th; Eramosa, at the Centre Inn, on Friday, the 25th; Guelph Township, on Saturday, the 26th. These Courts will open at 9 o'clock. For the City of Guelph, the Court will open in the Court House, on Monday, the 28th, at 10 o'clock, with the exception of St. James' Ward and two divisions, of St. Andrew's Ward, which will be held at the same place and hour on Wednesday, the 30th. All those interested should bear these dates in mind.

The Artillery Camp.

Tuesday, June 23.

The following is the list of officers and non-commissioned officers in camp:—Col. Macdanald in command, Major Hood, No. 2 Battery; Major Nicoll, No. 1 Battery; Captain Murchison, Lieut. Hall, Lieut. Tuck, Lieut. Higinbotham, Dr. McPhatter, Dr. Reed, V.S.

Brigade Staff—Col. Macdonald, Capt. Clarke, Adjutant, Brigade Sergt. Young, Brigade Quartermaster Sergt. Thatcher.

Battery Staff—Sergt. Major Ross, No. 1 Battery; Sergt. Major Simpson, No. 2 Battery; Quartermaster Sergt. Ogg, No 1.

No. 1 Battery, 58 rank and fyle; No. 2 Battery, 59. 63 horses, 8 guns, 4 9 Pr. M. L. R. and 4 9 Pr. Smoothbore.

The afternoon was taken up yesterday with limber drill without guns to break in the horses, while the gunners were instructed in standing gun drill by Captain Clarke.

The men have now got well settled down to work.

The steamer Alert will sail from Halifax to-day with the Hudson's Bay expedition.

A Hamilton Customs officer says the difficulty between the department and the fruit dealers has led to seizures in Toronto, London, and other cities.

The mayor of Vancouver City is asking for more contributions for the people who suffered by the late fire, as many are still in extreme want.

The photographers of the United States and Canada are holding their seventh annual convention at St. Louis. One thousand are present.

For Sore Throat, Sudden Colds and Diphtheria, no remedy has ever been discovered so powerful to cure as Davis' Pain Killer. As a Liniment it has no equal in curing Rheumatism or Neuralgia, Burns and Bruises, and wounds of every description. It is the cheapest and best remedy ever offered to the public.

YORK PIONEERS.

Their Welcome at the Exhibition Park.

PROGRAMME OF THE AFTERNOON.

After the reading of the address of welcome by the Mayor on behalf of the City Council and the admirable reply of Dr. Scadding on behalf of the pioneers, several old pioneers, whose hairs had been silvered by the sun of many summers and the snows of many winters, made short speeches to a large crowd congregated around the band stand, and principally composed of the early settlers in and around Guelph, together with the York Pioneers.

Mr. Lee was the first speaker, and he also had a pleasing task to perform presenting the City Council with a framed photograph of the early members of the society. In doing so he remarked that he was sorry to say that many of the faces in the picture were no more. The photograph comprised only a few of the early beginners. Alex. Hamilton was the first to take the initiatory steps in forming this society, and it has gradually grown into its present large proportions. It was the intention to have another photograph of the pioneers taken soon. He then gave a few reminiscences of life in the early days of the settlement of Upper Canada. How in 1821 he had to carry grist for miles to the mill on his back, and wait his turn for it being ground. It was frequently the case for women to go to the mill with two bushels of grist, one on each horse, and had to thread their way through an almost impassable bush. He often wondered afterwards how they managed to surmount the difficulties they had to contend with. He then gave an account of how the grist was ground and several other interesting things in connection with early pioneer life.

Mr. Doel, in representing the key to the city, said it gave him always great pleasure to be in Guelph. He knew the city well and perhaps he was better known as being associated with poultry exhibitions than with the York pioneers. He had watched with interest and pleasure the rise and progress of Guelph. At one time there was a considerable jealousy between Guelph and Toronto, but he thought that this had passed away forever now.

The Mayor, on behalf of the Corporation and the citizens, thanked the pioneers for their present, which would be cherished as a memento of their visit, and be hung in the City Hall. He was also an old settler, but could not claim so to the same extent as many present. He came in 1836, when the country was a comparative wilderness, and bears and wolves were numerous. He would not take up their time with any lengthened address, as there were many citizens present who desired to offer tender words of welcome to the visitors.

Dr. Wardrope was called on and in a few choice remarks extended words of welcome to the pioneers. Referring to the carrying of grist to the mill, as had been mentioned by a former venerable speaker, he might mention that many boys carried the grist, and he had often witnessed the flour ground after the style of a coffee mill, as was explained by him. He heartily sympathized in the object of the Society to revise the hallowed memories and happy associations of the past. God called upon us to look at the past and to look forward with faith and hope to the future of a happy and prosperous country.

Mr. George Elliott was the next speaker and heartily welcomed them. This was an organization which should be rejoiced in. Canada had a history, and an unwritten history, which this Society was in a measure chronicling. He was in fact a York pioneer, his father having settled in York in 1832. In 1840 he came to Guelph, yet in a certain extent he felt that he was one of the York pioneers. He would like to see the Association made an Ontario Pioneers' Association. These gatherings brought back the memories of the joys and sorrows of early days which will never be effaced from the memory. He then recalled the time when there were only two or three churches in Toronto and now there were several score. Then everybody knew everybody else, but now every time he went he was becoming more and more a stranger. Palatial mansions had now arisen on what had used to be the outskirts of Toronto and where he when a boy had often shot pigeons. Perseverance, integrity and progress were the true principles by which every city would flourish.

The Rev. Dr. Griffin made a somewhat humorous speech. Mr. Elliott claimed connection with the York pioneers, and he thought he had just as good a right to the claim. The memory of his grandfather went back to 1780, and his great grandfather before that. He was a U. E. Loyalist. His father and grandfather were, so must he be. He thought that the sons of the old pioneers should be a brave and noble class of men, but when he saw them lounging around with their hands in their pockets and a cigar in their mouths, he could not help but think that these men were a different class from their fathers.

James Innes, M.P., cordially welcomed the pioneers. He was sorry that he could not claim to be one of the old pioneers, still he was an old resident of Toronto and Guelph, and it gave him the greatest pleasure to meet such a venerable body of men who had done so much in making this country what it is to-day, and he was sure it gave the same gratification to the citizens generally. He could look back to Toronto thirty five years ago, when it was a small place and nothing to be compared with the flourishing and magnificent city of to-day. Toronto has grown yearly, and seemed to be widening its arms in every direction, not alone in territorial extent, but in education and the arts and sciences. This was a source of gratification. When in Toronto he knew several of the men present to day although they might not know him. When a lad he knew the face of the venerable President, Dr. Skadding, and he was sorry that many of the members of the York pioneers had passed the way of all the earth. He then complimented Dr. Skadding on his admirable address and the points of interest in the history of Guelph to which it referred. In conclusion he remarked that he would not take up their time longer, as there were many of the old settlers of this locality—and he named several—who would like to say a few words.

The Rev. Mr. Kilgour was next called on, and after a word of welcome, remarked that he came to Guelph over 40 years ago, and was well acquainted with the hardships incident on going into a bush and clearing it. In 1845 he came to Toronto, which had then lost the name of Muddy York, yet it was with great difficulty that he could keep the shoes on his feet when walking through it.

Mr. Murphy then read a poem dedicated to the York Pioneers, which will appear in another issue.

After votes of thanks by the Pioneers for their reception, and a return compliment of the same kind by the City Council, expressing the pleasure and satisfaction they had in welcoming the Pioneers the formal welcome was concluded.

NOTES.

The majority of the excursionists visited the Ontario Agricultural College in the afternoon, and were highly pleased with their welcome and what they saw.

Ald. Harry Piper, the popular manager of the Zoo, was along with the party. He and Ald. Hamilton, of this city, took an active part in getting up games and amusements for the young people in the afternoon. They were a success. Mr. Piper extended to all a hearty welcome to visit his curiosities in the Queen's City, and at the same time to bring in their curiosities of every description, which would be rewarded by a family ticket of admission for one year to the Zoo.

Among the excursionists was Mr. Joseph Bright, a patriarch of 94 years of age. The old gentleman is hearty and sociable, and recounted many instances of the battle of Queenston Heights, in which he took an active part. Did space permit some of his experiences on this occasion would be well worthy of publication.

A number of young folks enjoyed a dance in the Exhibition building in the afternoon.

The excursion train left about six o'clock and made the run to Toronto in an hour and twenty minutes. The conductors state they never ran an excursion with more comfort and less trouble.

Happenings From Chicago.

ENTERPRISING.—The many friends and acquaintances in Guelph and vicinity, will be pleased to hear of the latest successful venture of Mr T. H. Simpson, formerly employed at Mr. Benjamin Savage's jewelry store in your Royal City. Leaving Guelph close on to six years ago, he came to Chichago, and secured a first class and permanent position with the well known wholesale jewelry establishment of Otto Young & Co., where he has held responsible places, endearing himself to the firm and his working compatriots, as well as the outside public who had business transactions with the house he represented. Keeping his eyes open to business, and aiming to march on the road to progress, encouraged by his late employers, he has recently purchased the fixtures and jewelry stock of a deceased jeweller, in Chicago, situated in the leading and most fashionable business portion of the south side. His store will compare with any other of the same class of business in Guelph, well stocked with all kinds of jewelry, together with the neatness and precision in which every article is arranged for exhibition. Mr. Simpson is an accomplished watchmaker and a stirring young man. In the short duration he has appeared as one of Chicago's business men his success has opened out beyond his remotest expectation. There is every indication that he is bound to succeed in anything he undertakes. Guelph need feel proud of the manner in which her former and numerous young citizens have left for foreign fields and made such rapid progress. Mr. Simpson is located at 155, 22nd St.

PRESENTATION.—Mr. W. H. Widdicombe, a former employee of the MERCURY office, and now residing in Chicago, was presented at the installation of officers of Primrose Lodge, 145, Order Sons of St. George, with a splendid badge of honor. The presentation took place on Wednesday, the 16th inst. It was given as a token of esteem for valuable services rendered to Primrose Lodge since its inception in Chicago. The recipient thanked the members for their kind consideration of his services, and promised in the future, as in the past, to continue to labor for its promotion and progress. For the information of your readers, more especially the English nationality, the Order of Sons of St. George was organized in Philadelphia about twelve years since, and not until two years ago was it known in Chicago, and stands to-day a flourishing organization, the various Lodges numbering close on to 30,000 in membership. It is conducted on the same principles as Oddfellowship with the usual sick and burial funds, but is purely English, and none but Englishmen can be initiated in the Order.

At the usual monthly meeting of the members of St George's Society, the British Vice-Consul and President of the Society, in the chair, it was moved and seconded that copies of the late sermon, preached in Chicago, should be forwarded to the Guelph St. George's Society, and their kindred Associations, throughout Canada and the States. The discourse was pronounced to be the best ever delivered in Chicago by the oldest member of the society and others who have read the sermon, and also was present at its delivery. The preacher is an American born citizen, and the services at the anniversary were thoroughly appreciated.

Chicago, June 19, 1886.

ADVICE TO MOTHERS.—Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of Cutting Teeth? If so send at once and get a bottle of "Mrs. Winslow's Soothing Syrup" for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers; there is no mistake about it. It cures Dysentery and Diarrhœa, regulates the Stomach and Bowels, cures Wind Colic, softens the Gums, reduces Inflammation, and gives tone and energy to the whole system. "Mrs. Winslow's Soothing Syrup" for children teething is pleasant to the taste and is the prescription of one of the oldest and best female physicians and nurses in the United States, and is for sale by all druggists throughout the world. Price twenty-five cents a bottle. Be sure and ask for "MRS. WINSLOW'S SOOTHING SYRUP," and take no other kind.

KINCARDINE'S firemen's tournament commences to-day. A number of Guelph people took advantage of the cheap fares to visit that picturesque town.

Have you Toothache? Use Fluid Lightning.
Have you Rheumatism? Use Fluid Lightning
Have you a stiff joint? Use Fluid Lightning.
Have you Neuralgia? Use Fluid Lightning.
Have you Lumbago? Use Fluid Lightning.
Are you troubled with Headache? Use Fluid Lightning.
Have you any pain? Use Fluid Lightning.
It will cure you the instant it is applied.
Try it. 25c. per bottle at Thos. S. Petrie's Drug Store.

The Evening Mercury

WEDNESDAY EVE'G JUNE 23, 1886.

The Collapse of the Colonization Companies.

We learn from recent despatches from Ottawa that a deputation has waited on the Government with the view of getting better terms for the Colonization Companies in which they are interested. It is little more than four years since these Colonization Companies sprung up like mushrooms, under the special patronage and encouragement of the Government. During the session of 1882 there was a perfect boom in such companies, which were organized by all shades and classes of people. The creation of such companies was a grand master-stroke of Sir John Macdonald, who set the scheme agoing for the purpose of booming the general elections in 1882 in the interest of the Government and the Tory party. Great inducements were held out to every one who would take an interest or become a shareholder in these companies. The infection quickly spread among all classes and people, who got as crazy after shares in these companies as they would in the midst of a gold fever or a silver bonanza. Ministers of churches, members of temperance organizations, merchants, business men, speculators, politicians, even farmers, got excited over this new scheme for becoming suddenly rich, and eagerly subscribed for shares and paid their first calls in the hope of getting their money back more than a hundred fold. These shares passed from hand to hand with amazing rapidity, and some of them were sold at a high premium. The scheme was a grand fever to work the elections with, and many Reformers, blinded by the desire for prospective gains and wealth for the time forsook the ranks of their party or at the best gave but a luke-warm support to their friends at the polls.

These Colonization Companies served the purpose of the Government for the time being. and this is about all that they have done. Many of them were formed on an unsound basis, and those who honestly went into them formed expectations which, if they had looked at the matter soberly and dispassionately, they knew never could be realized. They might have known perfectly well that the Northwest could not be settled in one, or five, or even ten years, and that their dreams of new found wealth would turn out to be as unsubstantial as the fabled El Dorado. All this has now come to pass. Several companies have already fallen to pieces; some have been little better than swindles; others are in the throes of expensive litigation; while others again are knocking at the door of the Government for relief. They want the Government to refund them the amounts already paid in, and to take the lands off their hands. We do not know how the Cabinet will deal with them, but if possible they should be held to the terms of their bargain. However that may be, one thing is clear, that these companies are in a state of collapse, and people will be inclined to sympathize only with those who have been made the dupes of designing speculators.

THE Paris journals now always refer to Mr. Gladstone as "The Old Great Man."

A GRAND Liberal demonstration came off at Beaverton on Tuesday at which Hon. Edward Blake and Hon. Oliver Mowat were present, also Messrs. H. H. Cook, M.P., J. D. Edgar, M.P., Wm. Mulock, M.P., M. Cockburn, M.P., and other prominent politicians.

THE annual meeting of the British Association for the advancement of science will be held this year at Birmingham, the sessions commencing on September 1. The president of the Association is Sir William Dawson, Principal of McGill University, Montreal. A large attendance of distinguished men of science, Canadian and American as well as European, is anticipated, and extensive preparations for their reception and extending to them the hospitalities of the city are being made.

A MONTREAL merchant, writing from London, says that the Canadian department of the Colonial Exhibition has been mismanaged in such a way that, though the Exhibition has been in full swing for weeks, the whole of the goods from Canada are not yet in place. For the goods yet to arrive from Canada there is no space. "It has been badly managed somewhere," writes the correspondent; but, it may be added the cost to the taxpayers will be none the less.

Rockwood Correspondence.

Dr. Brock, jr., of Guelph, has commenced the practice of his profession in Rockwood.

Mr. Tindal Lundy lost a promising little boy, by diphtheria, on Monday last. Other cases are reported in the village.

BARN RAISING EXTRAORDINARY.—On an average three barns a week have been raised in this locality this spring. On Friday afternoon, the boss raising took place on the farm of Robert Hamilton, on the 4th con. of Eramosa. Mr. Hamilton's hospitality is proverbial; it was therefore not surprising that 150 of Eramosa's stalwart sons responded to the invitation to his raising. Everything connected with the affair went as merry as a marriage bell, only more so. At six o'clock, the last rafter had been spiked into its place, and a temporary floor laid down. After an excellent supper, the younger portion of the company engaged in dancing in the new building, while the old timers gathered in groups about the house, and amused themselves by telling stories of the township's early days, singing songs, &c. The affair throughout partook more of the nature of a pic nic, than a day of dangerous labor.

Rockwood, June 22.

Sporting Notes.

CRICKET.

THERE should be a large attendance of the fair sex to view the cricket match.

We hope the game will start at 10.30 sharp to-morrow.

The Guelph Cricket Club will put a strong eleven in the field to-morrow, when they play the Hamilton team, on the Exhibition grounds. The following are the players for the home team:—Husband, Jackson, McConkey, Morris, H. Guthrie, Jno. Guthrie, Martin, Henry, Finlay, Lockwood and Fitzgerald. Wickets will be pitched at 10.30 sharp. Martin has prepared a beautiful wicket, and with a good day there should be a large number of spectators on the grounds. The admission is free, and the visitors bring their strongest team; so that the best contested match for some seasons may be looked forward to. Lunch will be provided on the grounds.

THE RIFLE.

The number at practice of the Guelph Rifle Association yesterday was not large owing to the attractions in other parts of the city. Very fair scores were made by the faithful four; all using Martini rifles. Kneeling at 200 yards.

	200 yds	500 yds.	600 yds.	Total
C. Armstrong	28	29	27	84
J. Crowe	28	30	26	84
J. Ogg	30	30	22	82
J. Goldie	28	32	19	79

DEATH OF AN OLD RESIDENT OF MARYBORO.—We regret to hear of the death of Robt. Hay, one of the most enterprising settlers of the 4th concession of Maryborough, which sad event occured on Thursday the 10th inst., after a long and severe illness. Mr. Hay was a leading Reformer, and some years ago took an active part in politics. For a long time, he took a leading part in the municipal business of the Township, and for a time served as Reeve and Deputy Reeve.

ALLEN'S

LUNG BALSAM

THE remedy for curing Coughs, Colds, Asthma, Croup, Diseases of the Throat, Bronchitis, Pains and Oppression of the Chest or Lungs, Difficult Breathing, and all the Diseases of the Pulmonary Organs. *No better remedy for Whooping Cough can be found.*

CAUTION.—Don't experiment with new and untried medicines, but always keep on hand this safe and sure remedy,—**Allen's Lung Balsam.**

MOTHERS, have you delicate, weakly children, who are always TAKING COLD, and subject to CROUP? Remember, there never was a case of CROUP which did not originate in a COLD.

ALLEN'S LUNG BALSAM IS YOUR REMEDY.

Physicians who have failed to cure their patients hould try this medicine before they give the case up, as we know many valuable lives have been saved by being persuaded to give it a trial.

DO NOT DESPAIR because all other remedies have failed, but try this remedy, and you will not be deceived. *It will cure when all others fail.*

Allen's Lung Balsam is now put up in Three Sizes, Price 25c., 50c., and $1 per Bottle.

The 25c. bottles are put up for the accommodation of all who desire simply a Cough or Croup remedy. Those desiring a remedy for Consumption or any Lung Disease should secure the Large $1 Bottles.

Sold by all Medicine Dealers.

CAMPBELL'S

TONIC ELIXIR

This agreeable yet potent preparation is especially adapted for the relief and cure of that class of disorders attendant upon a low or reduced state of the sy stem, and usually accompanied by Pallor, Weakness and Palpitation of the Heart. Prompt results will follow its use in cases of Sudden Exhaustion arising from Loss of Blood, Acute or Chronic Diseases, and in the weakness that invariably accompanies the recovery from Wasting Fevers. No remedy will give more speedy relief in Dyspepsia or Indigestion. For Impoverished Blood, Loss of Appetite, Despondency, and in all cases where an EFFECTIVE and CERTAIN STIMULANT is required, the ELIXIR will be found INVALUABLE.

Price $1 per Bottle or Six Bottles for $5

Sold by all Dealers in Medicines.

SPRAINS, BRUISES, RHEUMATISM, NEURALGIA, SWELLED FACE, TOOTHACHE, BURNS, FROST BITES, &c., &c.

25cts. per Bottle.

Beware of Imitations.

THE LION

Guelph Must Boom.

Times are on the mend. Let us rise equal to the occasion and improve our opportunities. We have within ourselves all the requisites for building up a large, wealthy and prosperous city, but we are just now at that stage of development when all our resources must be called into play and used to advantage, or else we sink into that lethargic state that so often overtakes places that once had the prospect of developing into a prosperous community.

We would raise the warning signal now while there is time to retrieve our past mistakes and profit by our experience. If we let the cycle of prosperous years, which we believe are soon to visit Canada, roll round without improving our opportunities the next prosperous term may see us so far in the van that it will be a hopeless chase to overtake towns that are now behind us in everything, except a desire to see their own community increase. If we allow our manufactories to close up and move away without any effort on our part to retain them; if we see manufactories starting up in other places, which we might have had for very little cost to the city; If we sit calmly by in indolent lassitude and allow the G. T. R. to have a monopoly of our trade and the C. P. R. to cut off a large section of country, with which we at one time did a large trade, without any effort on our part to construct a line of railroad which would break the monopoly of the G. T. R. on the one hand, and reconnect a large trade which we have lost on the other, which Line we have reason to believe would prove a paying speculation from the first. The result must prove disastrous.

It seems to us very strange that a large place like Guelph occupying such a central position in this country of railroads should have actually only one line and that the greatest monopoly, perhaps with one exception, in the land.

We can have the proposed railway, but we have got to build it, and furthermore we can build it and make it pay. If the city will not take the responsibility let a joint stock company be formed. We have confidence enough in the good judgment of the ratepayers of Guelph to believe that they would see it to their interest to bonus such a company handsomely.

The advantages of such a line would be innumerable. Somes of the immediate benefits would be the reopening of Mr. Spence's mill, enlarging the trade of all our manufacturers, especially in the iron and milling line, where the freights are heavy, the cultivation of a wholesale and the increase of the retail trade of our merchants, our market would increase and Guelph would become more of a shipping port. Manufacturers would settle here without any further inducements than those offered by the natural advantages of Guelph. We have no doubt that this railway would make Guelph boom for years to come, and would give her such a start as would enable her soon to take rank among the first cities in the land. Then let her boom, for boom she must. If we could only recognize the value of our heritage there is no place like her in Ontario

"Where every prospect pleases
And naught but man is vile."

Let us prove worthy sons of noble sires, and all must be well for our city.

J. D. WILLIAMSON & Co.

All this Week

MONDAY, June 21, 1886.

We shall continue the excitement caused by our reduced prices during which we are clearing out many lines of seasonable goods, regardless of what they cost. Last week was an immensely busy week with us testifying to the fact that when we announce "Cheap Goods" the people expect to and do get them.

ALL THIS WEEK

We shall offer our still well assorted stock of Millinery & Straw Goods, at prices that must clear the last article off our shelves. Great inducements in this Department.

ALL THIS WEEK

We shall offer our large stock of Ladies' and Misses' Parasols and Sun Umbrellas at a very great reduction on regular prices. We are bound to clear them out.

ALL THIS WEEK

We shall offer our immense variety of Ladies' and children's Silk, Taffeta and Lisle Gloves, Silk, Lisle and Cotton Hosiery, at such low prices as to create a great rush in this department.

ALL THIS WEEK

We shall offer the choicest lines of Muslins, Lawns, Oriental Flouncings, All over Embroideries, Plain and Fancy Chambrays, Madras Laces, and Light Summer Goods at popular prices in very attractive styles.

ALL THIS WEEK

We shall coutinue our great sale of French Dress Goods, at which 40c. 45c. and 50c. goods are all put into one pile and offered at 25 cents per yard for your choice.

ALL THIS WEEK

We shall offer a special line of Lovely Summer Silks much under regular price. Also Beautiful Black Surahs just to hand in full range of prices.

Terms strictly cash.

A Free Entertainment
—IN THE—
CITY HALL, GUELPH.
On Thursday Evening, 24th June, 1886.

At the request of a number of prominent gentlemen deeply interested in Life Insurance, I have engaged the City Hall, for the evening of the 24th inst., when by means of Diagrams, Charts and Tables, specially prepared for the occasion and gathered from the experience and statistics of Assurance Companies of nearly fifty years standing I will give a complete EXPOSITION of the various systems, showing the MERITS and DEMERITS of each, and will DEMONSTRATE without fear of CONTRADICTION that Life Assurance has been and can be furnished by The MUTUAL RESERVE, one of the largest and most reliable companies in the world, at less than one half the rates charged by "Old Liners." As this is the system reduced to a science so successfully practised by Friendly and Benevolent Societies, such as the Workmen, Royal Arcanum, Chosen Friends, Royal Templars, &c., a cordial invitation is extended to all the officers, members and friends of the Benevolent Societies of the city. Representatives of rival Assurance Companies are also invited and requested to correct misrepresentations if any are made. Ladies are specially invited. A number of prominent Insurance men are expected, including J. D. WELLS, General Manager of the Mutual Reserve. His Worship the Mayor has kindly consented to act as chairman. Doors open at 7.30 p.m. Chair taken at 8 Admission Free. See large posters and dodgers.

BASE BALL.

Philadelphias vs. Maple Leafs.

SCORE 6 TO 3 IN FAVOR OF THE LEAFS.

On Tuesday afternoon, notwithstanding the threatening appearance of the sky, about 1,500 people turned out to witness the game between Harry Wright's Philadelphia Club—who occupy fourth place in the race for the pennant in the League teams—and the Maple Leafs. A first class exhibition of ball playing was given, and all who witnessed it were well pleased with the game. From beginning to end with the exception of the 1st and 6th innings, the game was characterized throughout with sharp fielding by both teams, and the contest was a good one throughout. The Leafs had for their battery Zell and Purvis. During the 5th innings Purvis had to succumb to an injury to his broken finger. His place was taken by Dillon, who supported Zell in an excellent manner. The Phillies had for their battery Dailey and Cusick, and an excellent display of ball was given. At 3.30 sharp the copper was tossed up and the Phillies won, and took the bat, but resumed their seats with a blank. The Leafs were more fortunate. Williams took his first on balls, stole second, and was thrown out at third. Campau also took his base on balls. George took the bat and with a neat hit got his first and sent Campau to 2nd. Mulholland with a hit got first; Miller followed with a neat hit, which was fumbled by the fielder, which sent Campau home. The Phillies in the excitement commenced throwing the ball from one to another in order to catch the base runners, and after making numerous errors, George, Mulholland and Miller came home, making four runs for the Leafs. Purvis got his first on balls and Buckenberger retired on three strikes Schieback getting thrown out. In the second innings both teams were blanked. In the third innings Mulvey retired at 1st, Wood took his seat on three strikes and Dailey failed to reach first. The Leafs in this innings added another run to the score. Mulholland took first on a hit between short and 2nd base; second on a passed ball and came home on error of short stop and Purvis' hit. Miller retired on three strikes; Schieback and Purvis had base hits and Buckenberger had three strikes and retired, Zell took his first on a base hit, and Purvis was thrown out at home. The score stood 5 to 0 in favor of the Leafs. The fourth also resulted disastrously to the Phillies. Fergusson got his base on balls and was thrown out at home, Irvin and Farrar retiring at third and second respectively. In this innings another run was added to the Leafs score by George, Williams and Campau retiring on three strikes, Mulholland getting in a base hit which sent George home, Miller taking his seat after three noble strikes. Score 6 to 0 for the Leafs. The fifth innings both parties retired with blanks. In this innings Purvis was disabled, and Dillon took his place. The sixth innings was characterized by loose play by the Leafs, in which they lost their heads, and the Phillies taking advantage of the weakness got three runs by sharp base running and the errors of the Leafs. The Leafs took their seats in one, two, three order. Score 6 to 3 in favor of Leafs. The following innings resulted in blanks being obtained by both nines, and a very fine display of the game was given, the Leafs being the winners of the match in 8 innings. The game was ably umpired by James Taylor, but as usual the umpire gets the usual amount of abuse during the game. Taking the game altogether the large audience were well pleased and loudly applauded good play. For the Leafs Williams, Schieback, Campau and Miller made some very fine fly catches and their opponents were not a whit behind them. Zell as a pitcher baffled the Phillies, they only obtaining one base hit off him, while the Leafs had six base hits to their credit. Both sides had a considerable number of errors. The following score speaks for itself:—

MAPLE LEAFS.

	A.B.	R.	B.H.	P.O.	A.	E.

First base on errors, Maple Leafs 4, Phillies 1.
First on called balls, Maple Leafs 3, Phillies 7.
Total called balls, off Zell 26, off Dailey 75.
Struck out, Leafs 7, Williams 2, Campau 3, Buckenberger 2; Phillies 8, Mulvey, Wood 2, Irwin, Cusick 2, Bastian, Clements.
Total strikes called, off Zell 46, off Dailey 37.
Left on bases, Leafs 5, Phillies 4.
Double plays, Cusick to Farrar, Clements to Farrar.
Passed balls, Purvis 2, Dillon 1, Cusick 1.
Wild pitches, Zell 1.
Stolen bases, Leafs 3, Phillies 2.
Umpire, James Taylor.
Attendance, 1,500.

NOTES.

The Leafs rubbed their fingers over the head of a colored boy the day before the match with the Phillies, hence the victory.

The crowd assembled brought to mind the old days of the silver ball contests.

Taylor makes a good umpire, his decisions being like the laws of the Medes and Persians.

Mulholland's Mascotte was on the grounds as usual.

The Phillies intended to show the Leafs how ball should be played, but alas, the tables were turned:

The Directors of the Leafs have a nine fit for the American League, nothing as small as the International League for our team.

Oh! wouldn't we like to get a whack at Toronto and Hamilton.

How does over 1,500 in attendance catch the poor International Leaguers.

Toronto says Guelph is a poor baseball town. The crowds that have visited any match played this season would pay any guarantee.

Toronto can whip the tail end of the League, but if they ever meet the Leafs they will be shown how to play ball.

The Leafs have a number of matches on with London, Stratford, and other places.

On the first of July they play two games with the Utica's on the Leaf grounds and then start an another tour.

Purvis' broken finger was injured again yesterday, but Dillon nobly took his place.

The game was played on its merits.

The catcher of the Phillies is a daisy.

The fly catches of Williams, Schieback, Campau and Miller were the features of the game.

The Phillies are a good fielding team, but at batting are failures.

Six base hits to one in favor of the Leafs. How does that tickle the Torontos.

This is to certify that I have used McGregor's Speedy Cure for Dyspepsia and Liver Complaint, and do honestly say that if it cost me one hundred dollars ($100.00) a bottle I would not be without it, as it has done me more good than all the medicines I ever used, and I feel like a new man.—Yours truly, Alex Steel, Carleton Place, Ont. This medicine is for sale at 50c. and $1.00 per bottle at Thos. S. Petrie's Drug Store.

THE CHIEF.

Full Nature of the Charges Preferred.

The Evidence Taken at Friday's Meeting of the Committee.

Below will be found the charges against Chief Randall. In accordance with the desire of the Special Committee appointed by the City Council for investigating the matter, and the objections of Col. Macdonald, counsel for the defendant—who was not prepared to pursue the investigation at the last meeting of the Committee, having then for the first time heard the charges, the charges against Chief Randall, and the evidence taken on Friday last were held over until to-day. The charges are as follows:—

In the matter of certain charges preferred before the Committee of the Council of the City of Guelph against Frederick Wm. Randall, Chief of Police of the said city: I, John Dooley, of the City of Guelph, in the County of Wellington, Bargeant of the Police, do solemnly declare that I arrested on or about the 11th of September last, one John Hawkins, for drunkenness in the City of Guelph.

1. That after his arrest by me he was released without being brought before the Magistrate for trial.

2. That one R. B. Emery assisted me in arresting the said John Hawkins, and it is usual when an arrest is made and a man fined in consequence of the arrest to give him who assisted in the arrest the sum of fifty cents.

3. That I told the Chief that Emery assisted me to arrest Hawkins. The Chief changed the name on the slate in the Police Court and charged 50 cents, as if Emery had assisted in arresting some one else and not the prisoner Hawkins and Emery was paid the fifty cents. Emery did not assist in arresting any other man. And I make this solemn declaration conscientiously believing the same to be true and by virtue of the Act passed in the 37th year of Her Majesty's reign, intituled "An Act for the suppression of voluntary and extra judical oaths."

JOHN DOOLEY.

Declared before me at Guelph, in the County of Wellington, this 18th day of June, A. D. 1886.

HUGH MCMILLAN,
A Commissioner, etc.

In the matter of certain charges preferred before the Committee of the Council of the City of Guelph against Frederick William Randall, Chief of Police of the said city: I, William Hammond, of the City of Guelph, in the County of Wellington, policeman, do solemnly declare, that on or about the sixth of November, 1885, I was standing in the door of the office of the Chief of Police, in the City of Guelph. There had been an arrest of the prisoners in the Mara trial. William Mara, Martin Mara, Robert Mara and others had been arrested in connection with the robbery committed in the stores of Messrs. Sheehan and Watson. While I was thus standing in the doorway, the Chief of Police said to me, "I want you to do all you can in this case"—or words to that effect—"we must get a conviction against these men," or "I we must make a case against the Maras." Subsequently on or about the 21st day of November, A. D. 1885, the case of the Queen against Mara was tried at the Police Court, and one of the witnesses, Mrs. Mara, swore that a certain trunk produced was her trunk and that she had loaned it the night before the robbery to the prisoners or some of their assistants and that the key of the trunk was at home with her. The Chief as a means of combating the evidence of the said Mrs. Mara told me to procure the key from her, and I went to the house of the said Mrs. Mara to obtain the said key when she gave it to me, and I went with it to the Police Court when we tried the key in the trunk and found it would not lock or unlock it. The Chief then took off the lock and ordered me to take the same to the locksmith's and have it fixed so that the key would lock and unlock it, and I accordingly took the lock to Mr. Harper, and he fixed the lock so that the key would lock and unlock. The Chief then sent me to the hardware store for nails corresponding with those he had taken out of the lock; when he took off and nailed the lock on again with the nails I bought, and papered the inside of the trunk so that it could not be detected that the lock had ever been off. At the final trial of the case the lock and key were produced as corroborative evidence against the said prisoner Mara. When the said case was being finally heard, and I, as one of the witnesses, was out of the room and waiting in the Judges chambers to be called, the Chief came to me and told me that the money taken from Sheehan was in the bills of the denomination of the Bank of Commerce, and I was to swear that the five dollar bill found on the prisoner after his arrest was a Bank of Commerce bill. I did not know what the denomination of the said bill was, and so swore at the trial, and I make this solemn declaration conscientiously believing the same to be true and by virtue of an Act passed in the thirty-seventh year of Her Majesty's reign entitled "An Act for the suppression of voluntary and extra judical oaths."

W. HAMMOND.

Declared before me at Guelph, in the County of Wellington, this 18th day of June, A. D., 1886.

HUGH MCMILLAN,
A Commissioner, &c.

In the matter of certain charges preferred before the Committee of the Council, of the City of Guelph, against Frederick Wm. Randall, Chief of Police of the said city: I, William Hawkins, of the township of Eramosa, in the County of Wellington, yeoman, do solemnly declare that on or about the 11th day of September, 1885, my brother was arrested in the city of Guelph for being drunk. After my brothers arrest I met the Chief of Police upon the street in the said City of Guelph and asked him if he could release my brother from confinement. He said he would if I would forfeit $5, he would let him out at once, or words to that effect. I gave the Chief of Police $5, and he went and got my brother and let him go free. I asked him if his arrest would be published and he said no. The Chief when I gave him the $5 said nothing about my brother appearing in the morning. My brother was arrested again the same day and I again went to the Chief of Police, who said I could go and "pick" my brother out of the cells myself. I then went and got my brother out of the cells again by the Chief's assistance. This time he said nothing about his appearing in the morning, and my brother's name was rubbed off the slate in the Police Court. I have heard nothing since either about my brother's appearance at the Police Court or in reference to the $5 I gave the Chief of Police in order to get my brother out of the cells, and I make this solemn declaration conscientiously believing the same to be true, and by virtue of the Act passed in the thirty seventh year of Her Majesty's reign intituled: An Act for the suppression of voluntary and extra judicial oaths.

WM. HAWKINS.

Declared before me at Guelph in the County of Wellington, this 18th day of June, A. D. 1886.

G. W. FIELD,
A Commissioner, etc.

THE EVIDENCE.

John Hawkins, sworn:—Live in Ospringe, township of Erin; remember being in at Guelph at Barnum's show on the 11th September last year; some of the policemen put me in the lock-up for being not quite sober; my brother-in-law and my brother came, I suppose, to the Chief and got me out; I think the Chief is the man who told me I could go; then went up street and another policeman arrested me and took me back again; was locked up for a short time when Chief came and I think (pointing to the Chief) let me out again; wasn't very long in the second time; when I got out I went home the Chief told me the second time, I think it was, that he wanted something to clean the floor and I gave him a quarter; did not appear in court on a charge of drunkenness, nor saw any summons; never spoke a word to the Chief since, and knew nothing about this thing till I got the summons from Kelly.

Cross-examined—I was pretty drunk; am not prepared to say the Chief let me out first, but he did the second time, and he was the man whom I gave the quarter to when I came out; don't know if he searched me; my brother and brother-in-law were both there at the time when I got out; never knew anything about the case until now; my brother-in-law and my brother told me that they had paid $5 to get me out; I supposed it was a fine; never spoke to anyone about this matter until to-day, but gave my brother $5; wasn't talking to Dooley about it, nor was I talking to a policeman in uniform; don't think I am bound to tell who I was talking to about the matter when I came in today; was talking to Mr. Swackhammer about the matter; did not speak to anybody except Mr. Swackhammer and the two men out there (meaning Wm. Hawkins and James McLean, the other witnesses); did not talk to Mr. Field, nor Mr. McLean, nor Mr. Keough about the affair.

Wm. Hawkins, sworn:—Live in Eramosa; am a brother of the former witness; my brother was arrested on the day of Barnum's circus; I saw the Chief and asked him if he would let my brother out; he asked me if he would appear in the morning; told the Chief I did not know nor could not say for certain; I was sober; James McLean was with me at the time; he is a cousin of my wife's; the Chief told me that if I would forfeit $5 he would let my brother out in the space of 20 minutes or half an hour when he had sobered up; we went down to the police court in about the time specified and found the Chief in the police court; when we went into the a little room to the left; cannot say whether he took the $5 from the table when I laid it down or not; asked him if it would be advertised in the papers; and he said it would not as he would change the name; he rubbed out the name from the slate and put down another name which he read to me; don't recollect anything else being said about the publishing of the name; he let my brother out himself; I did not understand anything to be said about my brother appearing at the court; he said my brother was to give him 25c for to scrub the floor; understood that the 25c with the $5 was to end everything; my brother was arrested again some time afterwards; came down again and asked the Chief if he was in, and the Chief opened the door and told me to go in and pick him out, and I did; the buggy was at the door, and he was put into it and driven home; said nothing the second time; did not get the $5 back from the Chief; heard something about the matter last Saturday when I heard that the Chief was willing to give it back; to the best of my knowledge it was Mr. Skinner told me.

Cross-examined—Never spoke to the Chief since that time; it would be about two or three weeks ago since Mr. Flowers asked me right near my own place if I had been paid back the $5; Mr. Flowers was alone at the time and walking; he met me on the road; think it will be three weeks come next Tuesday in the evening since then; never saw anything in the transaction till Flowers came out to me; it didn't cost me anything, it was my brother's money; there were quite a few in the cells; can't say whether my brother was sick or not; can't tell the reason for the Chief asking the 25 cents; he told me if I would forfeit $5 he would let him out, and it was not on condition that if he would appear I was to get back the $5; did not give the Chief the $5 with the intention of bribing; the intention was to get my brother out; the Chief told me he would change the name, as I thought the case would be advertised; I don't know how it was to be advertised if he did not appear before the Magistrate; I just asked the question; saw him rubout the name, write some other word and pronounce some name; I understood the object of rubbing out my brother's name was that it would not be advertised; gave my statement to the lawyer; was talking to Flowers and Skinner and the lawyer; these were the only persons I was talking to; think I saw Flowers three times about it; Flowers came out once; met him once afterwards on the Eramosa Road; that time he was not going to my place; met him on the 7th line of Erin; it would be on the following Thursday; the third time was in Guelph; saw him four times altogether; he took me into the lawyer's office one of the times; as soon as we went in a man sitting at the table got up and walked out; it would be two weeks ago last Thursday since I signed that paper (the paper referred to was a signature in connection with the charge) and it was given to me by Flowers; I gave the Chief $5 and he said if my brother was tried it would cost nearly that; I understood that the $5 cleared him entirely and he would not have to appear again; I understood if I paid the $5 my brother would not need to appear again.

James McLean, sworn:—Live in Ospringe, and am a brother-in-law to John Hawkins; was in Guelph the time of Barnum's show, and John Hawkins got into the lock-up; saw him being taken and hunted up his brother to try to get him out; asked to get him out when the Chief asked something about security and said $5 would do; Hawkins said he would pay it; the Chief said that he would have to come down at a certain time as John was not sober enough; I thought the $5 was intended for a fine; when we came to the police station we met the Chief again, when Hawkins took out the $5 and handed it to him and he would not take it, but said to come into another room; I did not go into this room with Hawkins and the Chief; there were quite a few in the Police Court when I was in; Hawkins was let out; don't remember anything being said about keeping Hawkin's name out of the paper the first time; there was something said about the washing of the room, and saw Hawkins give the Chief some money; can't say anything about his getting out the second time; I was at the door; don't remember about Hawkins being asked to appear; I understood that the security talked of was to get Hawkins back, but when the $5 was paid I thought he was clear because his fine was paid; the Chief made it a condition that when we would take him away we would take care of him; think it was Flowers and Skinner who asked me to sign the paper.

James Hawkins sworn—Am a brother of John Hawkins; heard my brother was arrested; have had an interview with the Chief within the past two weeks; he came into the Western hotel and he told me of having arrested John Hawkins, and that a couple of friends were with him and came to take him out and that they paid him $5, and the $5 was where they left it and to come with him to the Police Magistrate and he would return it; I told him I knew nothing about it and didn't want to interest myself in the thing.

Cross-examined—The Chief on that occasion asked me if I would be kind enough to write my brother and tell him to come in as he wanted to see him; told him I couldn't at that time; don't know that he took the money as security for my brother's appearance; don't remember anything about it; was not taking particular notice to what the Chief said; don't think the Chief said anything about them appearing; what the Chief did say was that he was surprised that my brother never called for the money. An interruption here took place by Mr. Coffee asking witness to wait till he had got down his previous statement. When asked about the Chief being surprised he said that the Chief made no such statement to his recollection but he might have made it; don't recollect telling anyone about the interview; paid no particular attention to the conversation.

THE INVESTIGATION RESUMED.

To-day at 2.30 the investigation was resumed and is now going on.

The latest remedy for coughs, colds, croup, whooping cough, bronchitis, etc., is McGregor's Lung Compound. There is no remedy in existence containing any one of the active ingredients composing McGregor's Lung Compound so do not say you have taken everything until you have tried this for your cold or cough, and your opinion will be the same as all who have used it, viz., that it is the best. Sold in 50c and $1.00 bottles by T. S. Petrie, Druggist.

THE CRISIS IN BRITAIN.

Election Intelligence.

EDINBURGH, June 22.—After the meeting yesterday Gladstone drove away with his wife and the Countess of Aberdeen to the Exhibition, followed by cheering crowds. Later in the evening a series of resolutions adopted at the mass meeting in favor of Home Rule were presented to Gladstone, who, in a speech expressing thanks, said he hoped to see a speedy and honorable termination of the enterprise. A slow termination would be a painful and probably a shameful one.

The *Scotsman* criticizes Gladstone's second Edinburgh speech as severely as it found fauls with his first. It says: "The Premier in yesterday's address was ungenerous towards his opponents and evasive respecting certain important facts. Gladstone," the *Scotsman*, says, "does not care how the House of Commons be dedegrad providing his servile followers be elected to membership in it."

Parnell is expected to speak in London to day, in Portsmouth on Friday and in Plymouth on Saturday, and probably at Cardiff, Manchester, Liverpool and Glasgow also.

Messrs. Arch and Leicester, members of the Commons, on behalf of the labor candidates, have issued an address calling upon the British democracy to have a demonstration in Hyde Park on Saturday to prove to the world that Gladstone has the heart of England with him, Contingents will come from Scotland, Ireland and Wales.

At a meeting of Liberals at Aberdeen yesterday, resolutions were adopted inviting Gladstone to speak in that city if he returns to Scotland.

The supporters of Mr. Gladstone are in a bad way on account of lack of funds for election purposes. Many seats will not be contested by Gladstonians because they have no money and cannot secure proper candidates.

The announcement that the Chamberlain caucus has put up £20,000 has caused quite a sensation.

A package of bank notes, amounting to £2,000, has been sent to Lord Randolph Churchill, accompanied by unsigned note requesting his Lordship to use the money in defraying his election expenses.

Horsford's Acid Phosphate.

Specific Virtues in Dyspepsia.

Dr. A. Jenkins, Great Falls, N. H. says: "I can testify to its seemingly specific virtues in cases of dyspepsia, nervousness and morbid vigilance or wakefulness."

MANHOOD.

How Lost, How Restored!

We have recently published a new edition of Dr. Culverwell's Celebrated Essay on the radical and permanent cure (without medicine) of Nervous Debility, Mental and Physical Incapacity, Impediments to Marriage, etc., resulting from excesses.

Price, in a sealed envelope, only 6 cents, or two postage stamps.

The celebrated author, in this admirable Essay, clearly demonstrates, from thirty years' successful practise, that alarming consequences may be radically cured without the dangerous use of internal medicines or the use of the knife; pointing out a mode of cure at once simple, certain and effectual, by means of which every sufferer, no matter what his condition may be may cure himself cheaply, privately and radically.

This Lecture should be in the hands of every youth and every man in the land

Standard Medical Work

For Young & Middle-Aged Men.

ONLY $1 BY MAIL, POSTPAID.

Illustrative Sample Free to All.

KNOW THYSELF.

A GREAT MEDICAL WORK on MANHOOD

Exhausted Vitality, Nervous and Physical Debility, Premature Decline in Man, Errors of Youth, and the untold miseries resulting from indiscretion or excesses. A book for every man, young, middle-aged and old. It contains 125 prescriptions for all acute and chronic diseases, each one of which is invaluable. So found by the Author, whose experience for 25 years is such as probably never before fell to the lot of any physician. 300 pages bound in beautiful French muslin, embossed covers, full gilt, guaranteed to be a finer work in every sense—mechanical, literary and professional—than any other work sold in this country for $2.50, or the money will be refunded in every instance. Price only $1 by mail, post paid. Illustrative sample free to any body. Send now. Gold medal awarded the author by the National Medical Association, to the President of which the Hon. P. A. Bissell, and associate officers of the Board the reader is respectfully referred.

The Science of Life is worth more to the young and middle aged men of this generation than all the gold mines of California and the silver mines of Nevada combined.—*S. F. Chronicle.*

The Science of Life points out the rocks and quicksands on which the constitution and hope sof many a young man have been fatally wrecked.—*Manchester Mirror.*

The Science of Life is of greater value than all the medical works published in this country for the past 50 years.—*Atlanta Constitution.*

The Science of Life is a superb and masterly treatise on nervous and physical debility.—*Detroit Free Press.*

There is no member of society to whom The Science of Life will not be useful, whether youth, parent, guardian, instructor or clergyman.—*Argonaut.*

Address the Peabody Medical Institute, or Dr. W. H. Parker, No. 4 Bulfinch Street, Boston Mass., who may be consulted on all diseases requiring skill and experience. Chronic and obstinate diseases that have baffled the skill of all other physicians a specialty. Such treated successfully without an instance of failure

BEWARE

OF WORTHLESS IMITATIONS

As there are many inferior goods, corded with jute, hemp, etc., offered and sold as Coraline by some unprincipled merchants trading on the reputation of our genuine Coraline, we warn the ladies against such imposition by drawing their attention to the necessity of seeing that the name

'CROMPTON CORSET CO.'

is stamped on inner side of all Coraline goods, Without which none are genuine.

OVER WORKED Women.

For "worn-out," "run-down," debilitated school teachers, milliners, seamstresses, housekeepers, and over-worked women generally, Dr. Pierce's Favorite Prescription is the best of all restorative tonics. It is not a "Cure-all," but admirably fulfills a singleness of purpose, being a most potent Specific for all those Chronic Weaknesses and Diseases peculiar to women. It is a powerful, general as well as uterine, tonic and nervine, and imparts vigor and strength to the whole system. It promptly cures weakness of stomach, indigestion, bloating, weak back, nervous prostration, debility and sleeplessness, in either sex. Favorite Prescription is sold by druggists under our positive guarantee. See wrapper around bottle. Price $1.00, or six bottles for $5.00.

A large treatise on Diseases of Women, profusely illustrated with colored plates and numerous wood-cuts, sent for 10 cents in stamps. Address, WORLD'S DISPENSARY MEDICAL ASSOCIATION, 663 Main Street, Buffalo, N. Y.

SICK HEADACHE, Bilious Headache, and Constipation, promptly cured by Dr. Pierce's Pellets. 25c. a vial, by druggists.

Probabilities.

Light to moderate winds, mostly fair warm weather.

KNOX Church Sunday School pic-nic this afternoon.

STRAWBERRY festival in Paisley Street Methodist Church this evening.

Parties affected with corns, bunions, etc., should call at the Wellington hotel and see Signor Emillio. See advertisement.

MR. JAMES DOWIE left to-day on a six week's trip to the old country. We hope he will have a good time and a safe return.

THE farmers are rejoicing over the recent rains. The hay crop for some time past has looked poor, but is now greatly improved.

The Boating Club have appointed Tuesday evening of each week as club night. A full attendance of members is requested on those evenings. d1

SPRING wheat brought on the market to-day 75 cents per bushel. A small quantity of wool came in and was bought up at 19½ cents per lb.

THE watchman's station at what was formerly known as "the ducket" has been removed to the Gordon street crossing, to replace the old one there.

THE Brantford hook and ladder Company took two first prizes at the St. Catharines tournament on Tuesday. First for the best drilled and first for the best dressed.

THE Guelph and Hamilton cricket clubs are playing on the Exhibition grounds today. At noon the score stood 48 on the first innings in favor of Guelph, and Hamilton to bat.

THE binder manufacturers of Ontario and their agents, some seventy-five in all, are holding a meeting in the Western hotel this afternoon to discuss matters in connection with the association.

REMEMBER the strawberry festival and promenade concert in the Rink to-night under the auspices of the Y. P. L. A., of St. George's Church. The City Band will be present. See advt.

MR James Beirnes thinks he has the biggest Newfoundland dog in town for his age. He is eight months old, and measures 6 feet 1 inch from nose to tail, 3 feet 5 inches high and girth 3 feet. This is a variation from egg and snake records. Who has another big dog?

CONVEYANCES will be at the door of Chalmers' Church to-morrow (Friday) at one o'clock for the purpose of taking the younger children of the Sunday School of that Church to the pic-nic to be held in Mr. Thos. Goldie's grounds, on Delhi street. d1

NEW LICENSE COMMISSIONERS.—The first meeting of the new License Commission, ers was held last night for organization. Present—Messrs. John Hogg, Wm. Watson and Wm. Jacomb. Mr. John Hogg was appointed chairman, after which some business in connection with the work of the Commissioners was talked over.

ROBT. MILLER, of Galt, died very suddenly at his residence on Tuesday evening. He was taken down with congestion of the lungs on Saturday and the news of his death on Tuesday took every one with surprise. He leaves a widow and a young family well provided for. He was well known in this city as a successful cattle dealer.

MR. J. A. MOWAT, barrister, left to-day for New York, whence he sails on Saturday by the steamer Edam, of the Netherland line, for Germany. After making a tour through Germany he intends to visit Scotland, where he has some business to transact. Mr. A. Mueller, of Berlin, accompanies Mr. Mowat on the trip. Mr. Mowat expects to return about the end of August. During his absence Mr. John Carson, B. C. L., of Toronto, will attend to his practice.

SHOOTING BIRDS.—A farmer near Guelph complains that his farm in infested with young boys from the city, many who carry a gun considerably longer than themselves, trespassing on his property and shooting at every bird and living thing which comes within their reach. Martins, meadow larks and robins are shot without the least compunction. The depredators had better look out in the future.

THE Two SYNODS.—The deputation appointed by the Synod of Niagara to lay before the Synod of Toronto the claim of the former Synod to the amount raised within the bounds of the Diocese of Niagara towards the support of the Toronto Episcopate before the Diocese of Niagara was set apart, goes to Toronto to-day. The amount is nearly $10,000, and the deputation will urge that it should now be returned to this Synod.

FATAL ACCIDENT.—On Wednesday James Hambidge, a carpenter, of Everton, was instantly killed by falling from a barn. He was just completing the erection of a barn for Robert Hamilton, near Farrish's mill, Rockwood, and before leaving was putting in a window in the roof, when by some means he lost his balance and fell to the ground, a distance of about 30 feet, the fall killing him almost instantly. He leaves a wife and small family, who have the sincere sympathy of the public in their sad and sudden bereavement.

PARTIES interested in Life Insurance should not neglect the opportunity of hearing the subject discussed in the City Hall this evening. The average business man has not time to give the subject that study which it requires to enable him to judge of the advantages of the one system over the other. From the conversation which we have had with Mr. Patterson, and from the time and study which he has devoted to the subject in the preparation of tables, diagrams, charts, &c., we feel sure that he comes prepared to give a clear and concise explanation of the whole science of Life Insurance. We have been informed that representatives of the Old Line Company's from a distance are in the city and they will avail themselves of the opportunity to defend their system. We have no doubt but a pleasant and profitable hour can be spent in the City Hall this evening, which may result in the saving of a considerable sum annually to persons wishing to secure the benefits of Life Insurance for their families.

The divorce case of Lady Colin Campbell against her husband and Lord Campbell's counter charges of adultery against his wife, have been set down for private hearing about the middle of next month.

The Indian Budget for the past year shows a deficit of £396,000. For the current year it is estimated there will be a surplus of £182,000. The total liabilities of India are £259,000,000; assets, £208,000,000.

The Parliamentary Fund Committee, of Boston, have forwarded $10,000 for the Irish campaign fund, and a cable was sent to the editor of *United Ireland* asking that Henry Ward Beecher be hospitably received as a warm friend of Ireland.

The Artillery Camp.

The wet weather of the past few days has rendered walking through the grass very difficult and it is also hard on the men's boots. Sergt.-Major Ross, in his rounds visiting the different tents, had his boots so much shrunk Tuesday that he could not get them on yesterday and consequently he had to go his rounds in his stocking feet.

A number of the friends of the Sergt.-Major of "A" Battery had a good time in his tent in the shape of a surprise party. A number of civilians were also present. Refreshments were served and songs were sung. During a lull in the programme Corporal Merriweather was called to the front and was presented with a "life preserver," accompanied with the usual address "not for its intrinsic value," etc. The gallant Corporal replied in the most feeling terms, expressing the wish that he would long live to enjoy the pleasures of the gift. Gunner Armstrong was then sought out and made to go through the same trying ordeal and at the proper time was presented with a parcel neatly tied up. On it being opened and wrapper after wrapper unloosened, it was found to contain about a half a yard of first-class "Bologna Sausage. His reply was short and sweet, and he thought the best thing he could do was to eat it.

The Battery drill to-day in the field beyond the general hospital.

Yesterday morning field battery drill was performed by each battery independently. In the afternoon standing gun drill was performed by the two batteries under the instructions of the non-commissioned officers.

To-day at 5.30 standing gun drill was gone through. At 8.30 the brigade turned out in service marching order, under the command of Col. Macdonald, the battery having been supplied with five rounds of blank ammunition for each gun. The brigade marched to the old race course ground, near the Ball Frog, when different movements were performed, including marching past in column of battery at the gallop, trot and march. Several rounds of blank ammunition were fired. The Battery marched back to camp about eleven o'clock.

NOTES.

The corporal of No. 4 had a pic-nic in his tent last night.

It was a question whether Trumpter O'Neil's horse or his bugle was the most conspicuous this morning when his horse took a canter on its own account through the grounds during drill.

A court of enquiry is being held this afternoon to find out the cause of the recent fire at the gun shed.

A gory civilian is found hanging around the camp at all hours of the night. If his winding sheet is not prepared for him a blanket is at least in readiness for his reception.

THE PROVINCIAL EXHIBITION.—The Executive Committee of the Ontario Agricultural and Arts Association are in the City to-day. Their object is to look at the exhibition grounds and ascertain what accomodation is required for the holding of the Provincial Exhibition next fall. This afternoon they made an inspection, and afterwards met the Exhibition Committee of the City Council, in the Wellington hotel, where matters were talked over.

FATAL ACCIDENT.

Death of Thomas Shortreed in Toronto.

Yesterday afternoon the Rev R. J. Beattie received a telegram from Toronto saying that Mr. Thomas Shortreed had been accidently killed, and asking him to let the relatives and friends in this vicinity know of the sad occurrence. The following particulars we take from a telegraph despatch: A very sad fatal accident occurred to-day about noon at the foot of Scott street, in the Toronto Stone Company's yard. Thos. Shortreed, a member of the firm, was directing the men who were working a derrick, from which at that time was suspended a huge block of stone, when he observed signs of weakening in the upper part of the machine, and he turned to warn his men of their danger. Just as he did so the mast of the derrick snapped, and the tremendous weight of the stone brought a portion of it down on the ill-fated gentleman like a flash, crushing him to the earth and killing him almost instantly. The body was picked up and carried into the stone shed and Dr. Clarkson called. His examination showed that the skull had been crushed in, the chest severely bruised and both legs broken. The body was at once conveyed to the deceased's late residence 218 Jarvis street. Thomas was the oldest son of Mr. John Shortreed, of Guelph township. By a very large circle of friends he was acknowledged to be a man of strict integrity, good judgment, genial disposition and unbounded energy. During the last fifteen years he had resided in Barrie, where he engaged extensively in the lumber business, and public contracts. He has held the office of Reeve in the Barrie council, and was an elder in the Presbyterian Church. About a year ago he became a member of a firm in Toronto, and in prosecuting is business he met his death. Two months ago Mr. Shortreed with his family moved to Toronto and were comfortably settled in their new home. Many of our readers will remember that less than a year ago his youngest brother was drowned near Barrie. The aged parents and all the members of their family will have the deep sympathy of many friends in this second great trial. A widow, two daughters and a son are left to mourn the loss of a loving husband and father. The funeral will take place on Friday at one o'clock, from his late residence, 218 Jarvis street, Toronto.

Sporting Notes.

BASE BALL.

MAPLE LEAFS VS. LONDON.

On Wednesday the Leafs played the London team at London. The attendance was fair and the match was good. The Leafs proved too strong for their opponents. The following is the score:—

HAMILTON and Guelph cricket clubs play ing this afternoon on the Exhibition grounds.

THE Maple Leafs are playing the Cables of Brantford to-day, at Brantford.

Wedding Bells.

It is only a short time since we had the pleasure of recording the marriage of Miss Agnes, oldest daughter of Mr. George Dryden, Eramosa, and last evening there was another festive and happy gathering at his residence to celebrate the close binding of another nuptial knot, the happy parties being Miss Ray, second daughter of Mr. Geo. Dryden, and Mr. Jno. F. Farrish, oldest son of Wm. Farrish, Esq., Rockwood. The bridesmaid was Miss Jennie Dryden, sister of the bride, the groom being ably supported by his brother Mac. and all looked charming. Under the officiating hands of Rev. Mr. Strachan, of Rockwood, assisted by Rev. Mr. McKay, Eramosa, the solemn ceremony was promptly and expeditiously gone through at the hour named in the invitations, seven o'clock, after which all sat down to a most sumptuous repast, spread on the lawn. A pleasant evening spent in conversation, amusements, and music, varied by tete-a-tetes and promenades under the chinese lanterns on the lawn followed, and time passed quickly, until about eleven o'clock when the guests departed wishing the happy couple many years of unbroken prosperity. The wedding presents were numerous and of considerable value, and these combined with the large number of young people present from Toronto, Rockwood, Guelph and surrounding districts showed the great popularity of the fair bride amongst her friends.

A man named Daniels died at Cairo, Ill., on Wednesday. The remains were put in a casket, where they remained for 30 hours awaiting the arrival of relatives. At midnight, Thursday, the watchers were startled by a deep groan. The lid was removed. Daniels was found to be alive. He claims to have been perfectly conscious of everything which passed, but says he was unable to move a muscle.

The first through train from Montreal to Vancouver is now announced for Monday, June 28. It is timed to reach Winnipeg at 9 a. m. on Dominion Day, where a stay of forty minutes will be made. Vancouver is to be reached on July 4th about noon. The first train east will not leave Vancouver until Tuesday, July 6th.

Cambridge University will confer the degree of doctor of letters upon Oliver Wendell Holmes during his stay in England.

THE CHARGES AGAINST THE CHIEF.

THE GLITTER WASHED OFF THE $5 ONE.

The Trunk Case.

The Committee Hear Evidence for Eight Hours and a Half.

The Committee of investigation, appointed by the City Council to look into the charges brought against Chief of Police Randall, met at two o'clock yesterday afternoon. Present, Ald. Keough, chairman, Coffee, Smith, Read, Skinner and the Mayor. The Committee sat from two till half-past six, resuming again at eight and sitting to twelve o'clock. Below will be found the important points in the evidence of witnesses, and the public can form their own conclusions. The $5 bill charge was concluded. The evidence of the Police Magistrate dwindles this charge down to an irregularity, and shows that on the morning after the arrest the Chief reported the circumstance of having received a $5 bill from a prisoner and he (the Magistrate) advised the Chief to put the money away until the prisoner appeared.

Sergeant Dooley, sworn—Remember arresting John Hawkins on the 11th of September, in front of Smith's drug store; next morning about ten o'clock the Chief told me that he let Hawkins go, that he lived a long way off and his friends had interceded for him and he had not charged him; I made a remark that I had a man assist me to arrest him, and I supposed when the man was let off Emory (who assisted) would get no pay. Mr. Macdonald objected to anything being brought up in connection with Emory's assistance to arrest Hawkins as it was a separate charge. Some short time after the arrest Mr Hutton told me to tell Emory to come over and get his 50 cents; when I make an arrest I make an entry in a pocket book of my own; there is also another record—the police court book—in which the name and age and offence of which the prisoner is charged is entered; the police record was produced and an entry in Sergeant Dooley's handwriting showed the date of the arrest; there was no entry of a fine; all fines are paid to the police court clerk; it is not usual to collect money from prisoners who are not charged; there are instructions in the order book which we follow; orders are given by the Chief to the men; don't know of any regulations governing the Chief; was assisted by Emory in the arrest, and did not know of him assisting in any other arrest that day; the order was given by Mr. Randall to put down Emory's name as assisting in the arrest of some other prisoner but not Hawkins; the order book and the regulations were produced.

Cross examined—Always many people are arrested who are not charged but are taken in and locked up and kept all night; some times they are brought before the Magistrate, and sometimes they are let go: these entries in the police record are taken off the slate; they are written on the slate by the man who makes the arrest; have a good recollection about the matter, and nothing impressed it upon my mind; never thought a thing about it until Flowers brought it up in a conversation about the matter; I had no charge nor did I intend to lay any; thought that the document I signed was simply evidence which I would have to give in the matter. Ald. Keough explained that none of the policemen had made a charge; Flowers had told him that he could not get on with the Chief any longer and had determined to resign; naturally his grievances were inquired into, and Mr. Keough advised Mr. Flowers to continue until it would be seen what was to be done. He had heard it mentioned on the street that an indictment for conspiracy was to be laid against the police. The circulation of this report was injurious to the force. The investigation was made through no malice but with the intention to get at the truth of the matter. Mr. Macdonald knew nothing of any such charge against the police as Mr. Keough had mentioned. The witness then resumed:—Don't know the name of the prisoner whose name was put down in place of Hawkins, nor anything about the $5; the reason why I did not lay a charge against the Chief was because I had nothing against him; it was the lawyer who made the charge; I believe it is sometimes the custom for money to be taken from a man for his reappearance.

Mr. Hutton, sworn—I take charge of all the monies that are imposed for fines and costs; there is no entry of John Hawkins having been fined on the 12th of September; it is not customary for the police to pay me money; all the money should be paid to me; they handle no money except in a case where a distress parrant is issued; it is not the custom to take money from a prisoner as forfeiture; this is the first case I ever heard of of the kind; there is no premium on non appearance that I know of; have no fee charged for the arrest of John Hawkins on the 12th September; I have an entry for Thomas Hawkins on that date, and it runs in my head that the Chief said something about it at the time but don't remember what; am not supposed to receive all monies taken from prisoners who go to the cells; don't know if the Chief has power to collect 25 cents for cleaning the cells; did not know of $5 being collected from John Hawkins; there is a woman employed to clean the cells.

Cross examined—Could not tell if I took that entry of Thomas Hawkins off the slate or not; so far as I know the entries were correctly made; the usual way is to put the names on the slate, but not always, and I take them from it; don't think of any cases where $5 was given in place of a bond for reappearance; $5 would cover the costs of a regular drunk case.

Mr. R. B. Emory was sworn.—His evidence went to show that he had made the arrest and received the pay therefor.

Mr. Saunders, Police Magistrate, sworn:—I remember the Chief Constable telling me that he had taken $5 from a man as a guarantee for his appearance in the police court; do not know that it was the day after the circus, but it was the day after the arrest; he asked me for instructions and I told him to hold the money till the man appeared; he showed me a memorandum quite recently, since this matter arose; the man Hawkins has never appeared before me; I have only the recollection of the one case where the Chief informed me that he took money as a guarantee for the appearance of a prisoner; since it is called to my recollection there was another case; my recollection of the other case was that a man from up north had deposited $5 with the Chief and asked that it be returned; I told the Chief to return the money, and he reported that he

The Evening Mercury

THURSDAY EVE'G JUNE 24, 1886.

The Second Volume of Mr. Dent's "Story."

The second volume of Mr. Dent's "Story of the Upper Canadian Rebellion" is in many respects very disappointing, and will add nothing to any reputation the writer had in the historical line. Its chief merit consists in giving a more detailed account of the frontier disturbances which succeeded the revolt, but all this is of comparatively little interest, and has been frequently told before. Persons and incidents are introduced that might well have been left "unhonoured and unsung," and the minute details in regard to these are often wearisome. The cutting out of the *Caroline*, and her destruction in American waters by an armed force, which formed part of Sir Allan McNab's command opposite Navy Island, was really the cause of all the frontier filibustering. It was a mad act, that well nigh enkindled a war between the Mother Country and the States, and was infinitely worse than anything Mackenzie did after the defeat of the "Rebels" at Montgomery's. Although Mr. Dent does not think so, and all but applauds Sir Allan's stupidity and criminal recklessness, we fancy few persons will agree with him. The Tory Legislative Council declined, at the bidding of the Tory Assembly, to honour McNab's "noble conduct," and in that particular displayed a more just appreciation of the case than either the Assembly or Mr. Dent. The writer has shown a great deal of industry and research in these matters, but after all they throw no light whatever on the great principles and issues involved in Rebellion history.

The real struggle was a constitutional one. What preceded the actual outbreak, and the whole of it, is covered by the first volume, which has met with some severe criticism. In so far as Mr. Dent has contributed reliable information, that is fresh and new, in regard to that portion of the narrative, he will get such credit as he deserves. But this information is difficult to extract by reason of the writer's strong prejudices against Mackenzie and in favor of Rolph. His opinions of both men are manifestly erroneous, and will never be accepted as historically correct. This quickens distrust of the author's judgment and reliability generally, and, except when the facts and deductions therefrom are so well authenticated as to leave no room for doubt, the reader of Mr. Dent's pages will always feel that the story must be re-told. The author presents a lot of statements in regard to the flag of truce episode. He does his best to clear Rolph from the stain of treachery; he fails, and is forced to admit that he fails. He had much better have left that black chapter in Rolph's history alone. To attempt to discredit Lount, whose all but dying declaration fastened the charge on Rolph, is foolish in the extreme. Lount was as truthful a man as ever lived, and no one doubts the strict correctness of his statement in every particular. He is corroborated by Mackenzie, and, indirectly, by Robert Baldwin and others who were in a position to speak of what occurred. It is the pettiest kind of quibbling to say that Rolph did not violate the flag of truce if he delivered his treacherous message to Lount at the close of the second visit to the Rebels, and when the mission of the truce bearers was at an end. Suppose the "Rebels" when the mission was so ended, had fired on those who came with the flag and killed any of them, what would have been the judgment of history? What would have been the only legal and moral judgment? That it was none other than a cold-blooded murder. Mr. Dent's special pleading on that point is far-fetched and useless.

This second volume is very disappointing and unsatisfactory in regard to two other matters which really form the pith of the whole book, viz.: Rolph's promised "review" of the events that led up to the outbreak, and the author's disgraceful abuse of Mackenzie. It was expected that Rolph would give his account of the material parts of the movement, and support it with proofs. He does nothing of the kind. His "review" is written in the third person, apparently by some outside critic, is altogether hypothetical in its answer to Mackenzie's version of matters affecting the reviewer, and is in short a sort of *nisi prius* argument. If Rolph was not, as Mackenzie said he was, the Executive head of the movement, nothing was easier than to prove this in the manner we have mentioned. That he does not attempt to do so must be taken very strongly against him. We have heard, on good authority, that there is very clear evidence is existence showing that he was the Executive of the Rebellion, and the probabilities are that the whole superstructure of the story, which Mr. Dent has built up on this "review" by Rolph, will tumble to pieces.

Any value which this volume might have otherwise is all but destroyed by the malignity shown in it towards Mackenzie. Mr. Dent has seized hold of everything written, said or done by Mackenzie himself and every other person, and used it mercilessly against the old Reform leader. Any one who underwent what Mackenzie did, whose life was so embittered by disappointment, self-imposed poverty and false friends, but who through it all was sincere, honest, and self-sacrificingly devoted to Reform principles and good government, should be judged accordingly. Amongst the right-thinking and fair-minded it will not be a harsh judgment; it will be a very generous one. We agree with the *Globe* that this country owes such a man "an everlasting debt of gratitude," and we also agree with the Owen Sound *Advertiser* that the writer who thus detracts from his merits damages the Liberal party, and is far from being its friend. There is no excuse whatever for this sort of treatment of Mackenzie, and it must be unreservedly condemned. Many of the worst charges against him were explicitly denied by himself in his lifetime, and no attempt was made to prove them when they were capable of being fully answered. We believe they are still capable of being completely disproved, but it is nevertheless the height of injustice to publish them now to the world. There is not a public man living whose reputation, fifty years hence, might not be blackened by such baseness. The good name and reputation of leaders of the Liberal party, whether living or dead, should be dear to their contemporaries and their political heirs and descendants, and no consideration should be allowed to intervene to protect them from dishonor. If the Liberal press has any gratitude in its composition, it will not be silent in its judgment on such ruthless slandering of the dead.

Independent Order of Good Templars.

STRATFORD, Ont., June 22.—The Grand Lodge of Canada, I. O. G. T., met in 33rd annual session in the Oddfellows' Hall at ten o'clock this morning, Mr. F. S. Spence, G. C. T., presiding. All the officers were present, also Hon. J. B. Finch, R. W. G. C. T., and Col. F. J. Sibley, G. C. T., of Nebraska, and over one hundred delegates, representing nearly every part of the Province. Among those present were: J. J. Mahoney, Guelph; Rev. J. J. Noble, Arthur; Rev. Dr. Aylesworth, Mount Forest, and H. Henry, Drayton.

The report of the Grand Chief Templar, Mr. F. S. Spence, of Toronto, characterized the year that has just closed as one that will be memorable in the history of the Order and the cause. The Scott Act is today the law of thirty-two cities and counties of this Province. Besides this, much good work had been done in the lodges, the Order was flourishing and strong, and there was a small increase in membership.

The Grand Secretary, Mr. Thos. Lawless, presented his report, of which the following is a summary: The reports presented to the Grand Lodge last year, as for some previous years, showed a declining membership and fewer lodges, and after the session the decline continued, and was even accelerated. This unfavorable state of affairs continued until January. The following is a statistical summary of the work of the year:

Lodges reported last year	238
Lodges now on the roll	249
Net gain during the year	21
Membership reported last year	10,409
Initiated during the year	4,818
Reinstated	512
Admitted by card	108
Total	15,847
Losses by suspensions, expulsions, withdrawals, deaths, and defunct lodges	5,271
Present membership	10,676
Net gain during the year	217

Accounts connected with this department show payments of $1,377.69, and a total credit of $1,098.53, leaving a deficiency of $279.18. The Secretary recommends that special attention should be given for the coming year to building up and strengthening existing lodges.

STRATFORD, June 23.—The public meeting of welcome tendered to the officers and members of the Grand Lodge, I. O. G. T., by the Good Templars and citizens of Stratford, last evening, was large and enthusiastic, the City Hall being well filled. Revs. P. Wright and H. Winchester delivered very forcible and eloquent addresses of welcome, which were replied to by Mr. F. S. Spence, G. C. T.

The R. W. G. C. T., Hon. James B. Finch, followed with a forcible speech on the proper method of dealing with the liquor traffic. He called attention to the fact that the I. O. G. T., whose lodges are in almost every portion of the habitable globe, is everywhere in the forefront of the fight for prohibition.

The Grand Lodge reassembled at 9 o'clock, G. C. T. Spence presiding.

The uniform constitutions adopted by the R. W. G. L. of the world, were adopted by the Grand Lodge, which has heretofore been working on an independent constitution. The Executive Committee was instructed to codify the provisions of the G. L. constitution, which do not conflict with those of the uniform constitutions, as a set of by-laws for the government of this body.

The G. C. T. informed the Grand Lodge that he had just received a communication stating that the West Elgin Reform Convention had nominated an out and out pledged prohibitionist in preference to several well known candidates for nomination who refused to give prohibition pledges. The announcement was received with great enthusiasm.

Ottawa was selected as next place of meeting. The salary of the Grand Secretary was fixed at $600.

The County Council and the Scott Act.

To the Editor of the Mercury.

SIR,—In your issue of the 12th Mr. John F. Hobson says, "$1,000 has been set apart for enforcing the Act in the Centre Riding, and, if I remember correctly, in the estimates laid before the Council $450 of the amount was for Magistrate's fees, and $50 for his travelling expenses." Mr. Hobson will, perhaps, permit me to tell him that he does *not* remember correctly. No sum was placed in the estimates for the Magistrate's fees.

Yours, &c.,
A. C. STEELE.

Guelph, June 21, 1886.

The steamer Lydian Monarch, from London, sailed from Galway for New York with mails and passengers on Wednesday. This is the first mail despatched from Galway by steamer direct for New York in many years.

The "Favorite Prescription" of Dr. Pierce cures "female weakness" and kindred affections. By druggists.

A number of notorious highway robbers have been killed in various parts of Mexico under the new law authorizing the immediate killing or arrest of highway and railway robbers. Some of the worst characters in the country have been got rid of in this way.

This is to certify that I have used McGregor's Speedy Cure for Dyspepsia and Liver Complaint, and do honestly say that if it cost me one hundred dollars ($100.00) a bottle I would not be without it, as it has done me more good than all the medicines I ever used, and I feel lik es new man.—Yours truly, Alex Steel, Carleton Place, Ont. This medicine is for sale at 50c. and $1.00 per bottle at Thos. S. Petrie's Drug Store.

All this Week

MONDAY, June 21, 1886.

We shall continue the excitement caused by our reduced prices during which we are clearing out many lines of seasonable goods, regardless of what they cost. Last week was an immensely busy week with us testifying to the fact that when we announce "Cheap Goods" the people expect to and do get them.

A Free Entertainment
—IN THE—
CITY HALL, GUELPH.
On Thursday Evening, 24th June, 1886.

At the request of a number of prominent gentlemen deeply interested in Life Insurance, I have engaged the City Hall, for the evening of the 24th inst., when by means of Diagrams, Charts and Tables, specially prepared for the occasion and gathered from the experience and statistics of Assurance Companies of nearly fifty years standing I will give a complete EXPOSITION of the various systems, showing the MERITS and DEMERITS of each, and will DEMONSTRATE without fear of CONTRADICTION that *Life* Assurance has been and can be furnished by The MUTUAL RESERVE, one of the largest and most reliable companies in the world, at less than one half the rates charged by "Old Liners." As this is the system reduced to a science so successfully practised by Friendly and Benevolent Societies, such as the Workmen, Royal Arcanum, Chosen Friends, Royal Templars, &c., a cordial invitation is extended to all the officers, members and friends of the Benevolent Societies of the city. Representatives of rival Assurance Companies are also invited and requested to correct misrepresentations if any are made. Ladies are specially invited. A number of prominent Insurance men are expected, including J. D. WELLS, General Manager of the Mutual Reserve. His Worship the Mayor has kindly consented to act as chairman. Doors open at 7.30 p. m. Chair taken at 8 Admission Free. See large posters and dodgers.

THE LION

Guelph Must Boom.

Times are on the mend. Let us rise equal to the occasion and improve our opportunities. We have within ourselves all the requisites for building up a large, wealthy and prosperous city, but we are just now at that stage of development when all our resources must be called into play and used to advantage, or else we sink into that lethargic state that so often overtakes places that once had the prospect of developing into a prosperous community.

We would raise the warning signal now while there is time to retrieve our past mistakes and profit by our experience. If we let the cycle of prosperous years, which we believe are soon to visit Canada, roll round without improving our opportunities the next prosperous term may see us so far in the van that it will be a hopeless chase to overtake towns that are now behind us in everything, except a desire to see their own community increase. If we allow our manufactories to close up and move away without any effort on our part to retain them; if we see manufactories starting up in other places, which we might have had for very little cost to the city; If we sit calmly by in indolent lassitude and allow the G. T. R. to have a monopoly of our trade and the C. P. R. to cut off a large section of country, with which we at one time did a large trade, without any effort on our part to construct a line of railroad which would break the monopoly of the G. T. R. on the one hand, and reconnect a large trade which we have lost on the other, which Line we have reason to believe would prove a paying speculation from the first. The result must prove disastrous.

It seems to us very strange that a large place like Guelph occupying such a central position in this country of railroads should have actually only one line and that the greatest monopoly, perhaps with one exception, in the land.

We can have the proposed railway, but we have got to build it, and furthermore we can build it and make it pay. If the city will not take the responsibility let a joint stock company be formed. We have confidence enough in the good judgment of the ratepayers of Guelph to believe that they would see it to their interest to bonus such a company handsomely

The advantages of such a line would be innumerable. Some of the immediate benefits would be the reopening of Mr. Spence's mill, enlarging the trade of all our manufacturers, especially in the iron and milling line, where the freights are heavy, the cultivation of a wholesale and the increase of the retail trade of our merchants, our market would increase and Guelph would become more of a shipping port. Manufacturers would settle here without any further inducements than those offered by the natural advantages of Guelph. We have no doubt that this railway would make Guelph boom for years to come, and would give her such a start as would enable her soon to take rank among the first cities in the land. Then let her boom, for boom she must. If we could only recognize the value of our heritage there is no place like her in Ontario

"Where every prospect pleases
And naught but man is vile."

Let us prove worthy sons of noble sires, and all must be well for our city.

J. D. WILLIAMSON & Co.

We quote prices below to prove our position that we sell cheaper than others.

J.D. WILLIAMSON & CO.

had; the only positive case that came to my knowledge is this one; I think the Chief has done the same thing on a few occasions and I was of the opinion that he handed over the money; in the Hawkins case the Chief wanted to lay an information but I told him never to mind and not bother; told him to hold the money till the man came; my recollection is that the report was made the next morning; think that the proceeding is irregular, and was done simply for obligement; remember something about the case of a man named Martin; the practice of taking money is irregular; he let these men out simply for obligement and did everything to oblige, because he knew that I would not come in and release prisoners late at night; I certainly exonerate the Chief from all blame in not sending back the money in the Hawkins case; the money made in recognizance would go to the Crown; don't know whether there was any reason that the man should get the money back, he gave it voluntarily, and he might not be able to recover it if he sued; Mrs. Johnston has been doing the cleaning out of the police court offices; the Chief Constable stated to me several times that there were extra messes to be cleaned; it is not customary but quite competent; hundreds of arrests have been made that have never been prosecuted; there are many cases where it is not expedient; am not aware that the Chief has ever discharged a prisoner without reporting to me; do not take money for prisoners; did so once and got a hauling over the coals in the papers for it; this was done for obligement; don't think the Chief was under any obligations to hunt up the man until he reported to me again; when he mentioned the matter again to me I told him to return the money; it is entirely wrong to put down one man's name for another as being charged with an offence; could not believe that the Chief Constable or any other Constable would do that; if they did so and it came to his ears he would enquire into it at once; have no reason to believe that the Chief of Police would willingly put down one man's name for another; it is customary to pay the person who assists in making an arrest.

The Chief, sworn—Know John Hawkins; saw him on the 11th September last in the police station; saw his brother William on Wyndham street and in the police station; he gave me $5 on the condition that he was to have his brother appear on the following morning; took the money as his bail; he did not appear; reported to the Magistrate and asked what was to be done; he told me to keep the money until his appearance and make no charge in the meantime. The Chief produced the same $5, which had been in his office ever since. Around the $5 was a memorandum stating what the charge was and what the money was received for. Hawkins was arrested twice that night, and was let out the second time on the earnest expostulation of his brother, with the understanding that he would appear next morning; the man was stupidly drunk, and messed the cell all over; he gave me 25 cents at my request to clean up the station; I paid the 25 cents to Mrs. Johnston, who cleans up the station; the money was little enough to clean up the dirty mess he made; don't know if any one made the arrest, it is so long ago, but know that Emory's name was on the slate for assistance; did not rub out any names and substitute others; could not rub out John Hawkins' name and it appear on the slate next morning; I took the $5 to fully cover the fine; sometimes the Magistrate fines $2 and costs.

Cross-examined—I told the man to return in the morning, but he was so drunk that his brother promised instead; I believe there was no mention about the name being advertised; I took the $5 before they got him out of the cells; took the money at the desk; the paper which was rolled around the $5 bill was picked up off the table; James Hawkins is on that paper; I thought it was James Hawkins at the time I wrote the first note; made out the second memorandum; this second memorandum was a note of Hawkins and McPherson's $5 when I found the name was John; the Magistrate told me not to prosecuee, although I was very anxious to do so; made no inquiry about the man, nor could I tell how long I would have kept it if this investigation had not been made; I distinctly deny Sergt. Dooley's statement about changing the name; McPherson was arrested at the same time and he handed me a $5 bill, which was paid back on the application of Ald. Coffee; don't know if there was any record of McPherson's arrest; had nothing whatever to do with charging the assistance to Thomas Hawkins' arrest; it is a rule in Toronto that men have to pay for making a muss; I didn't take money from prisoners as many times as ten; prisoners have appeared after I took the money, but don't recollect who.

The Committee adjourned from half-past six until eight.

The Committee met at eight o'clock. The first witness was George Knowles. His evidence went to show that he overheard the Chief telling two men on the street that one of them would have to appear next morning. It being so dark he could not discern them.

Mrs. Johnston could not be found and a discussion arose as to whether the case would be closed or go on with the next charge. Mr. Macdonald desired the case to be closed. The Committee took the matter in hand. Some were of the opinion that the 25c. charge should be made a separate one. It was decided that the $5 charge be closed, the Mayor objected, desiring the appearance of Mrs. Johnston.

Mr. McLean then addressed the Committee at length, followed by a long defence by Col. Macdonald.

THE TRUNK CASE.

Mr. Murphy read the charge preferred by Constable Hammond.

P. C. Hammond, sworn, said:—Remember the case of the Maras last November; about the 6th of November was standing at the doorway of the Chief of Police's office when he said I want you to do all you can in this case, as we must get a conviction or make a case against the Maras; the case came on about the 21st Nov.; the trunk was in the Police Court and Mrs. Mara gave evidence about it; she said that she had the key at home; the Chief sent me out to Mrs. Maras for the key; went and brought the key back and gave it to the Chief; the Chief tried it in the lock of the trunk and it would not lock nor unlock it; he then removed the lock from the trunk; he pried the nails which were clenched from the inside, with a key; I said when he was taking off the lock "Chief you have broke my key;" and he said "is that a key;" he told me to take the lock over to Harper's to get him to fix it and not to tell him where it came from nor what it came off; I obeyed the order and took the lock; it struck me as a mean piece of business and might convict the prisoner; Harper fixed the lock so as it would work; the Chief sent me to the hardware store for some nails to correspond with the nails that had been taken off; the Chief fixed the lock, and got some mucilage from his office and pasted paper over the lock on the inside; consider the pasting is a pretty good job for a green hand; the idea of the pasting, I suppose, was to keep it secret; he told me not to tell any one about the circumstances; nothing more was done to the trunk; the box was taken from the Police Court and produced at the higher court by the Chief on the trial of Martin Mara; he used it as evidence against the prisoner; the goods stolen at Watson's was found in this trunk; the key was used to lock and unlock the box; at the trial the Chief came to me for the key and I gave it to him; spoke to Dooley and Flowers soon after

the trip about the matter to ascertain their opinion, as I did not think it was right; while waiting in the Judge's Chambers on the Mara trial, the Chief came in to me and told me that the bills stolen from Sheahan's were the Bank of Commerce bills, and if asked when called as a witness of what bank the $5 bills was on which was taken from the prisoner Martin Mara, after his arrest, to say it was on the Bank of Commerce; he asked me if it was a Bank of Commerce bill previously and I told him I did not know; after Martin Mara was arrested the Chief and myself went to the cells and took the prisoner out of the cells to search him, and the Chief found the money on him; did not swear in court that the bill was a Bank of Commerce bill; the bill was of importance at the trial to prove a case against the Mara's; the fitting of the key was, I suppose, a stronger chain in the link of evidence to bring the case closer home to the Maras.

Cross-examined.—Didn't believe that I was assisting in convicting an innocent man; believed the Maras had something to do with the robbery and that they should be convicted on straightforward evidence; the reason I did not tell the court that I assisted in tampering with the lock; it was about the 8th of this month that it occurred to me to make this charge; Mr. Keough sent for me to his office and I went. Mr. Keough explained that he had done so by the advice of the Committee. Have been on the Police force for about six years; have to ferret out facts sometimes and make them fit pretty neatly; the Chief of Police did not tell me to take the key and the lock to the locksmith and see if that was the key of the lock; he told me to take it and get the lock fitted to the key; there was a mark put on the key and I kept it in my possession until the case came up at the high court; the key was produced at the court as the key that belonged to the trunk; it was in my mind to tell at the time but I considered that I might not get any thanks for doing so; don't think that all the Mara's were guilty, but that some of them had a hand in it. It was in the Sheahan trial that the Chief spoke to me about the $5.

Mr. O'Connor, sworn:—There was a trunk produced at the Mara trial similar to this one; the production of the trunk was a part of the case of the prosecution; some of the goods that Mr. Watson had lost were found in a trunk and it was proved that a trunk had been borrowed by Nin Mara, a brother of the prisoner's, from Mrs. John Mara; it was important in that way to identify the trunk; the prosecution outside of Mara's evidence showed that this was the trunk by producing a key to fit the trunk; there was nothing said at the trial about the lock having been fixed to fit the key; in the ordinary course of affairs Mr. O'Connor thought that it might cast some doubt whether this was the trunk or not; if I recollect rightly the Chief fitted the key in the trunk at the trial and showed how it fitted; there was some question as to the bank of issue of the bill found on the prisoner; I imagine the point of the prosecution was to make out that the bill was a Bank of Commerce bill; if the bill found on the prisoner was a Bank of Commerce bill it would be a link in the chain of evidence and go to show that the prisoner was connected with the crime.

Cross-examined—The importance of the trunk was that some of the goods stolen were found in the trunk; had no doubt the key being the key of the trunk at the trial.

Mr. Murphy was desirous of having the evidence of the Chief and Hammond procured from the short-hand writer who took the proceedings at the Court.

After a discussion as to whether the case would be gone on further with or not last night an adjournment at twelve o'clock was decided on until seven o'clock to-night.

New Books.

SALAMMBO OF GUSTAVE FLAUBERT. Englished by M. French Sheldon. London and New York: Saxon & Co., Publishers.

This fascinating story of love and war is regarded by all who are acquainted with the writings of Flaubert as his masterpiece. The scene is ancient Carthage, the time the interval between the first and second Punic wars. Hamilcar, father of Salammbo and the afterwards famous Hannibal had sent his Barbarian mercenaries—men of all known countries—to Carthage with instructions that they should be paid off in detachments. They remained unpaid until thoroughly mutinous, when they were despatched to Sicca, some miles distant, with the promise of payment in a few days. Here they finally revolted and, determined to take their rights by force of arms, marched back to Carthage under the leadership of Matho, a Lybian chief, who had fallen violently in love with Salammbo. Then began a siege which has no parallel in history, and which was finally crushed and punished by Hamilcar with merciless cruelty. Most of the leaders were crucified, seven thousand were penned up in a gorge and starved to death, and Matho after being kept a prisoner for some time was put to death with horrible barbarity in the streets of Carthage in the presence of Salammbo, who dies immediately after.

As to Flaubert's style we cannot do better than give extracts from the admirable introduction to this book by Saward King:—"Flaubert has been called the Father of Naturalism and has even alluded to himself as the disciple of the realistic method in Literature." A recent writer has described him as "that lingering lover of the romantic school, elevated in spite of himself to the high post of pontiff of realism." He was the originator of the school to which the De Goncourts, Emile Zola and others belong, but from which school Zola and men of his type are seceders. They have gone to an extreme at which Flaubert's wisdom, dignity and devotion to literature would never have permitted him to arrive, his disdain for the conventional restrictions of the cold and classical was not so great as to lead him to indecencies or to pervert his imagination. His books are daring but not impure."

The book can be obtained from the publishers in New York, or through the booksellers.

Poisoned at a Pic-nic.

FLEMINGTON, N.J., June 23.—Exactly 214 people were poisoned at last Thursday's pic-nic near this place. Six will probably die, and twenty are in a precarious condition. One of the physicians in charge of the patients says he believes the poisoning was the work of some devilish mischief-maker. The symptoms manifested by the patients are clearly of arsenical poison. The sick people are those who ate of the cream after it had been in the freezers half an hour. Anyone could have slipped the poison into the freezers. The physicians all have their hands full and say they will be lucky if they do not lose a great many patients.

Fire at Port Elgin.

PORT ELGIN, June 23.—Last night about eleven o'clock, fire destroyed the saw mill on the lake range, at the foot of the 2nd concession of Saugeen, belonging to D. Campbell. Nothing was saved. The mill was insured for $1,200 in the London & Middlesex Insurance Co.

Horsford's Acid Phosphate.

Specific Virtues in Dyspepsia.

Dr. A. Jenkins, Great Falls, N. H. says: "I can testify to its seemingly specific virtues in cases of dyspepsia, nervousness and morbid vigilance or wakefulness."

Fergus Correspondence.

SPEEDSIDE SOCIAL.—We have much pleasure in apologizing to Speedside congregation and the Secretary of its Social Committee for the error in reporting the programme carried out at the social at A. Armstrong's. Of course we were not there, but we certainly did not expect there would be dancing at a Congregational church social and we cannot understand how we so reported, and we were not aware what we had done till we noticed the correction made by the Secretary in your columns. We had no intention of saying there was dancing and we are sorry such appeared. We hope, however, that a member of a church committee will not get so wrathy, but be more charitable and show more Christian feeling in correcting us if we require it again.

CONCERT.—The musical entertainment given by Mr Ketchum and class in the Drill Shed, on Wednesday evening last, was not very well attended. Most of the people of the village had heard enough music for one week, and as Mr Ketchum took the proceeds for himself none felt compelled to buy tickets. The concert was pretty good, and the proceeds came to about $30.

NEW BARNS.—Mr Elmslie, of Nichol, near Ennotville, raised a fine barn last Tuesday. There were several minor accidents. Our Fergusites rendered more assistance by moonlight and kept up the fun till daylight next morning. Mr Sloan raises his fine big barn this afternoon, if the rain does not prevent. Many from the village intend giving their strength to the work, and will also take in the fun by night, as is now the usual custom where a barn is raised.

MEETING.—The public meeting called by the Council for Thursday night last in the drill shed, to discuss fire protection for the village, was a dead failure. The members of the Council were a little late in arriving and were severely censured accordingly; however, they were early enough for any business that was done. Mr. J. Tindale was chosen chairman. Mr. Craig spoke strongly in condemning the Council for not being sharp on time. Mr. Armitage seconded him, then Dr. Johnson was called on and explained the scheme and the approximate cost of providing the village with a system of fire protection by means of a steam fire engine and tanks and approaches to the river, the cost being put at or about $4,000, and this was to give protection to the whole village. Mr. Forbes further explained. Mr. Steele advocated repairing the old hand engine and so did the Reeve. Mr. A. Taylor spoke in favor of the steamer. Dr. Groves against it. Mr. Craig moved that those in favor of a steam engine take one side of the hall and those not the other side, &c. The result of this was a farce as nearly all started for the door, where it was supposed those in favor of water works were to go, but all went there who wanted to go home. The object of the Council in calling the meeting may have been gained as it is quite evident our ratepayers are careless and quite willing that we should trust to luck and no fire as we have been doing, but this is a bad speculation as a good steam engine would save money to the village. We do not think the Council should allow the subject to drop, even if the rest of the village is willing. It is their duty to work for the best interests of the village, and good fire protection is a decided interest that should be attended to. It would be another inducement to bring residents, it would reduce fire insurance and put our village on an equality with a town. Let us by all means have protection, the best we can get and we believe the steam engine is best and cheapest for us.

ENTERTAINMENT.—All should remember the strawberry festival on Thursday night in the Fergus drill shed. The ladies of Melville Church always have the very best and give you good value for your money. Ice cream, strawberries, lemonade, music, all of the best and served in the best style by the neatest and most attentive waiteresses.

FAIR DAY.—Last Thursday was our monthly fair. There was a good crowd of people in. Cattle were not very plentiful. It was a day for machine agents.

OLD COUNTRY.—Mr Wm Patteson is off for the Old Country. Our village must be well represented across the waters this summer, as we have one or more nearly every week.

BASEBALL.—The match on Saturday last here between Speedside and Fergus was very close and pleasant throughout. It was really a friendly game between friendly teams, and was enjoyed by all. The Carters did the battery work for Speedside. A. Wood played an excellent game on second. His catching of fly balls and the way he dropped on a base runner, were plays worthy a professional. Dow played first splendidly, and in fact Speedside played a good game. Fergus was weakened owing to the catcher, Dr Johnson, having sore hands and getting a very bad finger the second innings. He still held on. T Bennet pitched a good game. Our home men had a good many errors against them, but finally won the game by a score of 9 to 8. C. Hinds umpired.

SCORE.

Speedside	1	1	0	2	0	2	2	0	0	—8
Fergus	4	0	0	1	1	2	1	0	0	—9

The junior base ballers talk of going to Arthur on Dominion day.

The Agricultural College team of base ballers was to have played here yesterday, but rain prevented. We would like to see Belwood and Speedside play. We think our ground might be procured, and we know there would be a very close game as both clubs play well, especially in the field. Hespeler and Mount Forest both want a game with Fergus, and we expect both to play here before long.

TENNIS.—Orangeville was defeated in Fergus by the home team last week in both singles and doubles. The Fergus players were Messrs Armitage, Hamilton and McGillivray. There was quite a large number present to witness the sport.

THE GREAT GAME OF LACROSSE.—All lovers of sport wishing to see a good game of lacrosse should be present on our grounds Friday afternoon next, 25th inst., at 3 o'clock. The Shelburne team plays our boys for the medal. It will be remembered that Shelburne defeated Fergus on the 24th of May, and the same team has been practising very hard ever since with the object of taking the medal from Fergus. This Fergus does not intend to let Shelburne do. Our team is stronger, all its members are in good trim, and we expect to see the banner of victory float proudly over our Thistle's flags on Friday night. We wish our boys every success, and we strongly advise them to keep cool, practice hard, and when the battle comes let each player go in to win and to get the ball every time. We hope there will be no rough play but science, good picking, dodging, catching and throwing; we have the material to keep the medal, and it will be bad management if it is lost. Cool determination with the ability of Thistles, good gentlemanly behaviour on and off the field, and good nature will ensure a victory and make us all the strong friends of our Thistles. The game on the 25th was friendly, let this be the same with victory for Fergus. We believe the Thistles intend going to Georgetown for Dominion Day to play the club there a friendly match. What baseball will do on the First we have not heard.

MISSING.—J. McGregor, of Fergus, machine agent, has been away for nearly two weeks, and his friends are anxious about him as they cannot find any trace of him. He went to Guelph a week ago last Thursday and intended coming home that night, missed the train, was seen in Guelph about 9 o'clock that night, and that is all that is known of him. We hope there is nothing wrong, as the missing one was a thoroughly honorable man and well liked. Perhaps he will soon turn up all right, but his disappearance is strange.

The summer Flower Show soon.

Some of our greatest singers attended the great musical performance in Toronto last week and were delighted.

Frost here last Thursday night.

Holidays for schools next Wednesday.

DANGEROUS.—W. Dawson, cattle buyer, has been threatening to throw himself into the river once or twice to-day and had part of his clothes off for that purpose. We hardly think he will suicide if he wants to undress.

CHURCHES.—Mr Mills, of Elora, conducted services in the Methodist church Sunday. Mr Doherty is still doing very well and giving good satisfaction in Melville church. The Bible Class has been much enlarged and those attending are delighted.

ADVANCED.—Mr J. P. Dunn, the popular agent of the C. P. R. in Fergus, and who has been here now for about two years, has been promoted to Peterboro, and leaves here shortly to assume his duties in that town. He will be missed very much, especially by the young ladies, with many of whom he was a great favorite.

Some of our sports are taking in the baseball match in Guelph this afternoon, and will be posted on the latest tricks in the field.

We hear that the members of Mr Black's church in Garafraxa are putting up a nice new wire and picket fence around his residence. The place requires it and Mr Black deserves it.

T. Armstrong took a photograph of the Speedside team at the close of the match on Saturday, and the visitors were entertained by Fergus at the Dominion Hotel, as were also the players from Belwood the Saturday before.

FINED.—M. Carroll, hotel keeper, of Fergus, was fined $50 and costs, on Tuesday last, at Belwood, for violating the Scott Act sometime about the 24th of May. The case was tried before the Police Magistrate for the County.

PIC-NIC.—The Public and Sunday Schools of Section No. 1, Garafraxa, hold a united pic-nic on Dominion Day, in the bush at the school house, Orangeville Road.

Fergus, June 22nd.

Elora Correspondence.

LEFT.—Yesterday afternoon our Reeve, Mr D Foote, accompanied by his daughters, Misses Annie and Barbara Foote, left Elora for Quebec, whence they will sail on Thursday for England. In the same party were Mr John Smith, of Manitoba, ex-Warden of Wellington, and Mr Lee, painter, Elora. All wish them *bon voyage*.

DOMINION DAY.—Arrangements for the observance of Dominion Day in Elora are about complete, and promise abundance of sport for the entertainment of the visiting public. There will be swimming matches on the river, boat race, lacrosse and football matches for silver cups, pony races, races open to lady riders, and athletic sports. In the evening a concert will be held in the drill shed, at which Miss Bra iff and the Misses Stevenson, of Guelph, and Mr James Fax, of Toronto, will take part. Miss Braniff possesses the sweetest voice of any lady who has sung in the drill shed since the days of Jenny Fraser, and Mr Fax as a comic singer, and a delineator of humorous characters, has no rival in Canada. Altogether, the day's programme is an exceedingly good one.

A FROST.—A sharp frost visited this section on Saturday morning last, but fortunately very little damage was done, although grass, and probably grain, have been nipped in some low places.

CONFIRMATION.—First communion and confirmation services will be held in the R. C. church here at an early date. Bishop Carberry, of Hamilton, will officiate at the latter ceremony.

SERENADE.—The Battalion Band, under the leadership of Prof. Spalding, serenaded Lieut.-Col. Clarke and Mrs. Clarke on Friday evening last. It is needless to say that the musicians were heartily welcome, and that their performance was thoroughly appreciated.

SUDDEN DEATH.—Mrs. Archibald Caswell, of this village, the mother of six children, of whom the youngest was two years old, and who had passed her thirty-second year, was seized with rheumatic fever about a fortnight ago, and died on Tuesday last, quite suddenly and unexpectedly, from heart disease. On Thursday she was interred in the cemetery here, the funeral services being conducted by the officers and soldiers of the Elora branch of the Salvation Army. No ritual was used; but the proceedings were of an orderly character, and consisted of praise, prayer and experiences.

LACROSSE MATCH.—On Tuesday evening last, the team of Grits was arrayed against the team of Tories in a lacrosse match here. A large crowd witnessed the sport, and all were amused by the display of pluck and energy on both sides. Adam McDonald distinguished himself as an admirable goal keeper on behalf of the Grits, and John Bowes proved himself to be a capital all-round man on behalf of the Tories. The Grits took three straight games in forty-five minutes.

PIC-NIC.—On Friday last, ten teams drove gally through the village, filled with laughing lads and lasses, scholars of the Alma Methodist Sunday School, who, very sensibly, came here to enjoy their annual pic-nic amongst the rocks. They had a happy time and returned home well pleased with their day's outing.

BRAWY GOON.—John (Brown is good) natured, though not given to frivious joking, but got off a good one a few days ago. John was up to his eyes in work amongst his green houses and his well stocked garden, when a visitor remarked to him "John this is a very good year for berries." "Berry good," John replied, with a twinkle of the eye, which proved John to be as full of humor as one of the grave diggers in Hamlet.

NARROW ESCAPE.—Two men undertook to cross the upper dam on a raft a few days ago, when a sudden lurch threw them into the water and drowning seemed imminent. Fortunately, willing hands rescued them from a watery grave. The wife of one of them stood on the shore, and speaking of her other half, said "Let him drown, he ain't good for nothing." 'Tis needless to say her advice was disregarded, and that, although the husband escaped, he wasn't embraced.

SPORTING.—There was work for our village constable the other day, if he had been on hand, where wanted. Larry and Nat, two of our would-be sports, own rival roosters, and one day last week, brought them together for a "set to." The plucky birds fought an hour and a half, when Larry's champion succumbed. Such brutal sports are illegal and it would be well if the promoters of this recent breach of the law were brought to justice.

COURT OF REVISION.—Judge Chadwick sat here last evening for the revision of the Dominion voters' list, of Elora. The Conservatives had entered a number of objections at the last moment, many of which were sustained, but the Reformers of the village had carelessly allowed the time for making objections to pass, and so by their own want of action were left in the lurch. An amusing incident occurred during the evening, which showed how circumstances may be made to alter cases. The Conservatives objected to the vote of one Tripp, a tenant, who recently left the village. The Conservative counsel called witnesses to prove his departure, when a Reformer casually remarked that it was hardly worth while for he was a Tory anyway. The counsel at once admitted that he was unable to prove that Tripp had tripped, so his name was left on the list. Shortly after, Mr. Walker claimed a right to vote, occupant of the very property for which Tripp had been admitted to remain on the roll. To retain Tripp would be to reject Walker. A bird in the hand is worth two in the bush. Walker was here, Tripp was away, as a Reformer promptly swore, so Tripp's name was struck from the roll, upon which it had been allowed by the judge to remain, and Walker was put on really by the Grits. If he doesn't vote Grit next election, he hasn't a spark of gratitude.

CATTLE SHIPMENTS.—Groff, Snyder & Co. have shipped large lots of cattle from Elora during the last few days. More than a hundred went off in one drove yesterday. Some of the animals appeared to have fallen off a little in weight, but the great majority were of first class quality.

WIFE BEATING.—Lower Nichol possesses a first-class specimen of that champion brute, the wife beater. A few days ago he was hauling round his much better half by the hair of the head, brandishing a knife and declaring that he would kill her, when a neighbor promptly and effectively interfered; letting him go for a moment the ruffian rushed again at his helpless wife, when two young men, fortunately passing at the time, seized and disarmed him, and in the scuffle inflicted bruises which were richly deserved.

FOXES.—The owners of hen roosts in Pilkington and Nichol, are complaining that foxes are exceedingly numerous in both townships, and considerably reducing the number of chickens. Here is an excellent chance for the Guelph Hunt to appoint a meet or two next fall in this section. They will find abundance of sport and a hearty welcome from every hen wife in the locality.

Elora, 22nd June, 1886.

Hespeler Correspondence.

LADIES' AID SOCIAL.—The social in aid of the building fund of the Methodist church, held in Dr McIntyre's orchard on Thursday evening last, under the auspices of the L.A. Society, was largely attended, $37 being realized as the proceeds. For the first time in the history of the Methodist church socials here there was not a sufficiency of the "wherewithal" to satisfy the inner man, and some of our friends had to be put on short allowance, or no allowance at all. We regret very much that this was the case, as it proved not only disappointing to the kind friends who favored the occasion with their presence, but also especially so to the ladies of the committee who worked so hard to make it a success which it was in every particular, only the one alluded to. It appears a number in the congregation that were expected to contribute failed to do so, and hence the deliciency. The case reminds one of the anecdote of "the two willing horses" where one was willing to draw the whole load, and the other was perfectly willing that he should draw it.

FAVORS US TILL THE LAST.—Rev F E Nugent, of Berlin, Ont., on the eve of his removal to Lucknow preached for us here in the Methodist church on Sabbath evening last. His text was: "Hitherto hath my father worked, and I work." The church was crowded, and the discourse grand and inspiring. The rev gentleman was a former pastor here, hence the favor.

THAT LECTURE.—We regret very much that it was not our privilege to attend the lecture delivered here by Mr Wright, of Toronto, in the interests of the Knights of Labor, on the evening of Tuesday, the 15th inst. We are informed that the lecture was very largely attended, and many of those present speak in glowing terms of the eminent abilities of Mr Wright to deal with the subject.

OFF TO CAMP.—Our loyal volunteer corps commanded by Acting Captain John Cunningham with an efficient staff, left here yesterday morning by this branch of the G T R for the London camp. The boys all looked well, and were cheered lustily as they departed from the station.

MASONIC INSTALLATION.—The installation of officers of New Hope Lodge, No. 279, A. F. & A. M., took place in the lodge room here on the evening of the 17th inst. The following officers were installed:—I. P. M., W J Mitchell; W. M., P Jardine; S. W., C H Chisholm; J. W., Wm Scott; Treas., A J Brewster; Sec., Wm Jardine; S. D., Ed Boldue; J. D., A H Wittmask; I. G., John Cunningham; Tyler, C Babst. Installing officers were Bro A B Jardine, assisted by Bros W Cowan, of Galt, and C Stark, of Waterloo. Several brethren from other lodges were present, and after the installation a grand supper, prepared in the very best style, was partaken of at the Commercial Hotel, where songs, speeches, toasts, etc, contributed to make a few hours pass off very pleasantly.

ELECTION OF OFFICERS OF SELECT DEGREE.—The election of officers of the Select Degree of R. T. of Temperance took place in the Council Hall on Friday evening last, when the following were elected:—Select Council, Bro A Stager; Ben. Secy, Bro H E Marlatt; Ben. Treas., Bro D Rife; Prelate, Bro Solomon Kiffer; Steward, Bro Jacob Schwartz; Tyler Bro John Blatchford; P. C., Bro James Hamer. The Templars here are making wonderful progress.

NOMINATION.—The nomination of officers in connection with the Blue Ribbon Society took place at the meeting in Glick's Hall last Sabbath evening. The election will take place in a few days.

ST. MARY'S CHURCH CONCERT.—We are pleased that it is our privilege to state that the St. Mary's Church concert, held in Glick's hall last night was both financially and in every other respect a complete success. The audience was much larger than it commonly is at concerts of any description in this place. The programme was opened by a piece of music from the choir which was made up for the occasion of a number of young ladies of the different denominations in town, under the leadership of Mr Chas. Lang; then followed a neat and appropriate address rendered in a manner pleasing to all, by the Rev. Father Doherty, of Guelph. Then came in order a solo, "Birds of Beauty," by Miss Coffee, of Guelph; piano duet, by Misses Ada and Annie Haigh; "Beim Liebchen Zu Haus," by the Preston Liederkranz; song, by little Ella Boldue; hunter's song, duet, by Misses Doran and Coffee; recitation "James Butler and the Owl," by Mrs G. E. Chapman; Ave Maria, by Miss Haigh; "Come where the Lilies bloom," by the choir; song, "Only an Emigrant," by Mr B. Stock; solo, by Miss Doran; quartette, by Preston Liederkranz; recitation, comic, by Mr Wm. Boldue; instrumental duet, by Misses Doran and Coffee; song, by little Miss Boldue; song and encore by Mr Jaffray, by request, and "Good night, Dear Friends," by the choir; concluded the pleasing programme on which each piece was deservedly applauded. Miss Grace Wilkins was pianist and gave excellent satisfaction. A brief address by the Rev. Father Kylie, pastor of the R. C. Church here, in which he expressed his hearty thanks to all who assisted in bringing the entertainment to so successful an issue, and the song of "God Save the Queen" dismissed the audience. The proceeds amount to between eighty and ninety dollars.

A "HEINTZMAN PIANO."—The piano used on the above occasion, and also at the Volunteers social of last week was a "Heintzman" kindly loaned by Mr J. C. McLean, music dealer, of Guelph. The instrument seems a very superior one. Mr. McLean's disposition to accommodate seems as good as his business capabilities, and judging from the amount of business he has done in Hespeler and vicinity, both are good.

GLAD TO HEAR FROM HIM.—Mr J. P. Phin, who left some time ago on a tour to Dakota and the Northwest, writing from Wheatland, near Fargo, Dakota, states that his health is good. He tells of being shown a three thousand acre field of spring wheat, on a farm superintended by his friend, Mr Harold there and a six hundred acre summer fallow. Big fields out there, arn't there?

CUPID.—There has been considerable business done here of late along the matrimonial lines. Within the last ten days, besides the marriage of Mr V. R. Conway, alluded to last week, there was that of Mr J Shoultz, boot and shoe dealer, to Miss Mary J. Markle, daughter of Mr John Markle, builder and contractor, and Mr Wm Dawson, machinist, to Miss Mary Alderson, eldest daughter of the late Christian Alderson of this town. We wish the young people many years of unalloyed happiness and prosperity.

ON FRIDAY EVENING NEXT.—Don't forget the strawberry festival to be held by the R. T. of Temperance, in Mr David Rife's orchard, on Friday evening next. You know we mentioned last week what a good time you'd have.

Hespeler, June 23.

WE regret to announce to the readers of the MERCURY in Hespeler and vicinity that our valued correspondent, Mr. R. H. Knowles, owing to other duties, has been forced to give up his weekly contributions to the MERCURY. Mr. Knowles has been the correspondent of the MERCURY for many years, and we exceedingly regret to lose the services of one who has so well succeeded in keeping up a very interesting weekly budget of news from the rising town of Hespeler.

Harriston Correspondence.

SCHOOL SECTION DIFFICULTIES.—The parties appointed to settle the differences existing between the Minto Township Council and certain dissatisfied parties, in connection with the re-arrangement of certain school sections, have arranged to meet on Friday next in the council chamber here, when all interested parties will have an opportunity to air their grievances.

CONCERT.—A sacred concert in connection with Guthrie church, will be given by the choir, on Wednesday evening next. Short addresses will also be given by Rev. Messrs. Baikie, Campbell and Norris. A large gathering and a pleasant evening is anticipated.

STILL ENJOYING LIBERTY.—Bill Little, the worthy who so cleverly escaped from the Clifford constable at Palmerston a few weeks ago, is still enjoying freedom, and honored this town with a visit last week. Bill is, we understand, making another effort to keep sober, and has again joined the Salvation Army.

ENTERTAINMENT.—The Royal Templars are making preparations for an entertainment to be given soon, in the town hall here. They deserve to be well patronized, as no temperance organization, operating in this town, ever accomplished so much in the way of reforming those addicted to the use of strong drink as they have. There are many in this town and vicinity who have much reason to be thankful for the efforts put forth by the Royal Templars. We hope they may be encouraged in their work by having a full house.

THE VOTERS LISTS.—The Revising Barrister for North Wellington is now holding sittings in the different municipalities, for the final completion of the Dominion Voters Lists. So far our Tory friends are losing ground. In Wallace, Minto, Clifford and Harriston, the Reformers have made considerable gains. In Harriston alone they have gained 25. The party led by Mr. McMullen, M. P., have a pretty thorough organization throughout the riding, and have spent a good deal of time in endeavouring to have an honest list prepared, and apparently success has crowned their efforts. Revising Officer Judge Drew is acknowledged by all parties as fair and pains-taking in his efforts to deal justly by all, no matter what may be their political leanings.

BAIRD'S SHOW.—The R. H. Baird dramatic company held forth every evening last week in the town hall. As the entrance fee was small, they succeeded in drawing a full house every night.

THE UHESLEY DEMONSTRATION.—Quite a number of reformers from town and township attended the demonstration in honor of the Hon. E. Blake, held at Chesley, on Wednesday last, and returned well satisfied with their day's outing.

Harriston, June 21st, 1886.

Expulsion of French Princes from France.

PARIS, June 23.—The Count and Countess of Paris, and their son, Prince Louis Phillippe, after receiving their friends to-morrow, will embark at Treport in the afternoon. Prince Napoleon is going to Geneva, and his son, Prince Victor, to Brussels. Neither, it is thought, will publish a manifesto. Prince Victor's adherents, it is said, will make a demonstration at the railway station.

Prince Napoleon started for Geneva this evening. He was accompanied by a number of friends to the railway station, where a large concourse of people had assembled. No demonstration, however, was attempted.

Prince Victor and fifteen of his most prominent adherents, including the Marquis of Vallette and Baron Hausmann, started to-day for Brussels. The train bearing the party left the station amid cries of "Vive L'Empereur, au revoir," and shouts of "Vive La Republique." There was some hissing, and several persons were arrested. The Count of Paris, his son, and suite, will arrive at Tunbridge Wells, England, on Friday, and will take up their residence there. The Count will issue a manifesto protesting against his expulsion and outlining the monarchical programme.

The police have ordered the arrest of all persons who make noisy Royalist demonstrations in Paris or elsewhere on the occasion of the departure of the expelled Princes. It is believed Waddington, the French Ambassador to England, will resign in consequence of the expulsion of the Princes. His resignation is momentarily expected. The Royalist press pronounces the passage of the Expulsion Bill a forerunner of the downfall of the Republic. Moderate Republican papers generally criticize the measure as unjust. Opportunists journals urge the Government to discard the demands of the Irreconcilables and Radicals, and they demand a firmer Republican policy.

The latest remedy for coughs, colds, croup, whooping cough, bronchitis, etc., is McGregor's Lung Compound. There is no remedy in existence containing any one of the active ingredients composing McGregor's Lung Compound so do not say you have taken everything until you have tried this for your cold or cough, and your opinion will be the same as all who have used it, viz., that it is the best. Sold in 50c and $1.00 bottles by T. S. Petrie, Druggist.

ADMINISTRATOR'S NOTICE.

PURSUANT TO THE REVISED STAtutes of Ontario, Chapter 107, Section 34, the Creditors of John Hall, late of the City of Guelph, in the County of Wellington, and Province of Ontario, Architect, who died on or about the Twenty second day of February, A. D. 1886, are required to send postpaid to William Sunley, of the said City of Guelph, tinsmith, Administrator of the estate of the said deceased, on or before the 7th day of July, 1886, their names in full, addresses and descriptions, the full particulars of their claims, a statement of their accounts, and the nature of the securities if any held by them. And notice is hereby given that the said administrator will immediately after the last mentioned day proceed to distribute the assets of the said John Hall, deceased, among the parties entitled thereto, having regard only to the claims of which he shall then have had notice.

GUTHRIE & WATT,
Solicitors for the said Administrator.
Dated Guelph, 7th day of June, 1886. j18d3

OVER WORKED Women.

For "worn-out," "run-down," debilitated school teachers, milliners, seamstresses, housekeepers, and over-worked women generally, Dr. Pierce's Favorite Prescription is the best of all restorative tonics. It is not a "Cure-all," but admirably fulfills a singleness of purpose, being a most potent Specific for all those Chronic Weaknesses and Diseases peculiar to women. It is a powerful general as well as uterine, tonic and nervine, and imparts vigor and strength to the whole system. It promptly cures weakness of stomach, indigestion, bloating, wind, back, nervous prostration, debility and sleeplessness, in either sex. Favorite Prescription is sold by druggists under our positive *guarantee*. See wrapper around bottle. **Price $1.00, or six bottles for $5.00.**

A large treatise on Diseases of Women, profusely illustrated with colored plates and numerous wood-cuts, sent for 10 cents in stamps. Address, WORLD'S DISPENSARY MEDICAL ASSOCIATION, 663 Main Street, Buffalo, N. Y.

SICK HEADACHE, Bilious Headache, and Constipation, promptly cured by Dr. Pierce's Pellets. 25c. a vial, by druggists.

CITY OF GUELPH.

TAXES FOR 1886.

RATEPAYERS ARE HEREBY NOTIFIED that the First Instalment of Taxes for the current year will fall due on the

5th Day of July Next,

and if the said first instalment be not paid on or before the said fifth of July,

Five per cent will be added thereto,

In accordance with the by-law passed by the City Council. And also that a Discount of Three per cent. (equal to Nine per cent. per annum), will be allowed on the Second Instalment if paid with the First on or before the 5th day of July.

Do not put off payment to the last day. Attention is called to the following: When making payment present Tax Bill. Cheques must be "marked" good. All taxes must be paid at the Collector's Office, in the City Hall Buildings, upstairs. By order,

JOHN HUTTON, Collector.

News Items.

Minnesota has been visited by storms of great violence.

It is proposed to erect an international theatre at Berlin.

Billy Maloney, the New York fugitive, has arrived in London.

Sir John Lubbock has issued an anti-Home Rule manifesto.

It is denied that the G. T. Co. Works will be removed from London.

The well known Fenian, Patrick Whelan, died yesterday in Ireland.

The British elections will open on July 2nd and will end July 14th.

The next meeting of Franco-Canadians will be held at Nashua, N.H., 1888.

Half a million in gold was engaged for export at New York on Thursday morning.

Mr. Labouchere objects to Lord Salisbury's recent handling of the Elections Bill.

It is expected that the Hon. Wm. McDougall will oppose Sir John in Carlton county.

The strike at Chicago has caused a blockade of freight traffic on the Lake Shore road.

The steamer Alert sailed from Halifax last evening on her exploring expedition to Hudson Bay.

France denies having annexed the New Hebrides, or having established a protectorate over them.

The Elbe steamship has arrived at Bremen, Germany, with an excursion party of American grocers.

Earl Spencer holds that the Land Purchase Bill should be passed at the same time as the Home Rule Bill.

Ex-head Centre Stephens denies that he was the author of the Fenian Manifesto published in the London *Times*.

Mr. David B. Kennedy has brought an action to restrain the Toronto corporation from spending more money on the cattle market.

The boy Willie McKechie, has been acquitted by the Coroner's jury of the charge of manslaughter in the Toronto stone-throwing case.

George Philabert, painter, of Ottawa, fell off a train near Papineauville, on Thursday and had both his legs cut off. He died shortly afterwards.

On Thursday Rev. John Langtry, at the Angelican Synod meeting, gave notice of motion in regard to the Church's union with other Christian bodies.

Vice-Admiral the Earl of Clanwilliam, commanding the West Indian fleet, and now at Halifax, has been created a full admiral of the British Navy.

It is stated that Mr. Grant Duff, Governor of the Presidency of Madras, In d, intends to resign in protest against Mr. Gladstone's Home Rule policy.

Treasurer Reilly of the Irish National League of America sent $48,000 to Parnell yesterday, making $225,000 the League has sent since the Boston convention.

An 11 year old girl of Dole, Department of Jura, who was bitten by a dog on April 27, was placed under treatment by M. Pasteur and returned home, has died of hydrophobia.

The steamer "City of Kingston," from Kingston for New York, on Thursday, struck and sunk the schooner "M. Atwater" off St. Montgomery. The "Atwater's" captain, James Black, and cook were drowned.

The Province of New Brunswick is now suffering from extreme drought, and forest fires are raging in many directions, and with particular severity along the line of the Intercolonial Railway. Berry's Mills, station and village are in imminent peril. Around Painsec Junction the fires are increasing to an alarming extent. The residence of the late Judge Fischer at at Fredericton was reached and consumed on Thursday.

Any Small Boy, With a Stick, can kill a tiger,—if the tiger happens to be found when only a little cub. So consumption, that deadliest and most feared of diseases, in this country, can assuredly be conquered and destroyed if Dr. Pierce's "Golden Medical Discovery" be employed early.

THE Sanitary Inspector of Acton has given the citizens up to July 1st to have their premises put in a clean and tidy condition; those found filthy after that date will be liable to the penalties of the Act.

J. D. WILLIAMSON & Co.

Probabilities.

Moderate winds, shifting to north and northwest; local showers or thunderstorms in the early part of the day followed by warm weather.

Local News.

A WATER works hydrant has been placed at the Homewood Retreat.

THE band will play on Trafalgar Square to-night, weather permitting.

THE Hose Company will meet at 7.30, sharp, this evening for the purpose of reeling hose.

ON Tuesday and Wednesday next the two batteries will be inspected by Col. Cotton.

LAST night the officers for Progress Lodge were elected. The installation will take place a short time hence.

THE Crescent lacrosse club of Acton play their return match with the Guelph club this evening on the Exhibition grounds.

THE unveiling of the tablet by Royal Lodge No. 60, A. O. U. W., to the memory of their late Bro. B. Fairley, P. M., will take place in the Lodge room this evening.

DOMINION Day programme in Acton will embrace base ball and lacrosse matches in the forenoon and athletic sports, horse racing and a tug of war between teams from Esquesing and Erin.

MR. ROBERT MACKENZIE, Secretary of the South Wellington Agricultural Society, is prepared to furnish parties with the Provincial Exhibition prize list, having received a large supply.

IT is understood that Mr. Joseph P. Downey has been appointed an umpire for the Eramosa and Erin Baseball Association. He left the city this afternoon to officiate in that capacity in the first game.

MR. GEO. BRACEY, brick-layer, is a happy man to-day. He can boast of a pair of twins being hatched out of a single egg. He thinks this is a curiosity and would like to known of an egg story that could beat it.

REV. R. LAPTHORN SLOGGETT, who has been appointed to the Church of the Ascension, Hamilton, and was ordained last Sunday in Guelph, leaves for England to-day to visit his friends and relations before beginning his work in Hamilton.

The question is often asked, "Why is it that A. J. Little & Co. are always busy." The answer is simply because they always keep good reliable goods, never make misrepresentations, and sell very cheap for cash. Give them a call. d2.

CHALMERS' church pic-nic has been postponed on account of the rain. Will be held to-morrow if the weather is favorable, in Mitchell's bush. Carriages, as advertised for to-day, will be in attendance at the church to-morrow at 1 p. m.

MR. RICHARD MALONEY, of Acton, received the gold medal for first class honors, in the Literary course; and the first class scholarship in Natural Philosophy, Mental Philosophy and Christian Doctrine, at St. Michael's College, Toronto, at the 34th annual commencement.

AN exchange says:—Snug and tight to the stem of the juicy harvest apple clings a little worm called aphis, that will ruin the whole crop unless killed. Weak lye or Windsor whiskey are equally effectual in worrying the worm to a slow death with the horrors.

YESTERDAY morning one of the buttermilk dispensers, and a lady over in the direction of Allan's bridge, had a little altercation, in which the vendee of the lacteal fluid came off second best, the woman putting him head first in his milk tank.

EXCURSION TO GUELPH.—Mr. Thomas Reynolds has received information from Mr. Wm. Little, Secretary of the Pioneer Corps, Toronto, that the excursion to be held by that body on the 1st of July promises to be a great success. They fully expect between a thousand and fifteen hundred people present, and they ask Mr. Reynolds to make all necessary arrangements for their accommodation.

MISS ROSE BRANIFF, soprano; Miss Carrie Braniff, contralto; Miss Coffee, harpist, and Mr. C. E. M. Dodswell, pianist, who will furnish the musical entertainment at Dr. Burns' Land League lecture next Monday evening, arrived in Toronto yesterday. They are the guests of the League at the Rossin House.

INSPECTING FARMS.—The London *Free Press* says:—Messrs. John Hobson, of Guelph, and A. Shaw, of Hamilton, the judges appointed by the Ontario Government, arrived in the city on the 10:20 train Thursday and spent most of the day making a thorough inspection of Squire Fisher's farm at Hyde Park, the object of the inspection being the awarding by the Government of a gold and silver medal for the first and second best farms in the Province. In the evening the judges took the train for Kent.

S. S. PIC-NIC.—Knox Church Sabbath School teachers and children held their annual pic-nic yesterday afternoon in Mitchell's grove, at which there was a large attendance. Although the weather appeared threatening in the morning towards noon it cleared up, and the hearts of the little people were made glad. There was an abundant supply of provisions on the ground, and games and amusements were heartily indulged in. By seven o'clock a little shower of rain set in, and all left for home. This considerably marred the evening's pleasure, but a good afternoon's fun was had, and all appeared pleased that the rain held off as long as it did.

THE PROVINCIAL.—Yesterday afternoon the Executive Committee of the Agricultural and Arts Association visited Guelph to make an inspection of the Exhibition building and to ascertain what buildings, etc would be required for the forthcoming Provincial. Those present were Messrs. J. C. Rykert, St. Catharines; Geo. Moore, Waterloo; J. C. Snell, Edmonton; S. White, Chatham; A. H. White, Chatham; and Henry Wade, General Secretary, Toronto. They were met by the Mayor, Ald. Lamprey, Hearn, and Read, members of the Exhibition Committee of the City Council, and escorted to the Exhibition grounds, when the buildings were visited and inspected. On the return of the party an informal meeting was held at the Wellington Hotel, and an agreement was entered into to put up a new building for machinery, a new poultry shed, and shed for roots, and two hundred and fifty new stables for horses.

Suicide at Beachville.

BEACHVILLE, Ont., June 24.—A stranger by the name of George Whitaker committed suicide to-day by hanging himself to a beam in the barn of James Karn, hotelkeeper, Beachville. He was a large, heavy man, about 65 years of age. No inquest.

Fish Dying by Thousands.

RALEIGH, N. C., June 24.—On oily scum has appeared on the waters along the southeastern coast of the State, which extends for several miles out to sea, and affects the rivers for a long distance inland, making the surface smooth and calm. The fish are dying by thousands, and floating on the water.

Hon. Edward Blake at Simcoe.

SIMCOE, June 24.—Hon. Edward Blake will be the principal speaker at the great mass meeting to be held here to-morrow. Mr. Blake was met at the train by Messrs. Joseph Jackson, M. P. for South Norfolk; James McBurney, G. W. Wells, W. R. Griffin, and other leading Liberals. He was driven to the residence of Mr. McBurney, whose guest he will be during his stay. It is expected there will be an immense gathering to morrow if the weather is favorable.

The Kincardine Fete.

KINCARDINE, June 24.—The firemen's tournament and band competition held yesterday and to-day was very successful in every respect. There were nine fire brigades in the parade and ten bands. Thousands of visitors were present, and a splendid feeling existed between the competing companies. The Ronald steam fire engine was submitted to a fire fighting test, and gave unbounded satisfaction. After applying the torch the whistle was blown in three minutes and the water was turned on with full pressure in ten minutes.

Railway Rates on the C. P. R.

The rates to Vancouver from Quebec will be $95, from Montreal $92, and from Toronto $88. The colonist's fare from Montreal will be $59.50 and a small addition to Victoria of $1 first-class and 50c. second. The rates of the Northern Pacific are, from Montreal via Chicago and St. Paul to Victoria, $97, and $64 for colonists. Special tickets will be issued for tourists, good for ninety days, with the advantage of breaking the journey at any point, for $186.70, and for a party of over twenty $149.45. The sleeping car from Montreal to Vancouver will be $22, which is much lower than by any other line.

Bicycling Across the Continent.

CHICAGO, June 24.—S. G. Spiers, a bicyclist of New Lebanon, N. Y., left Albany June 1, at 2 p. m., for San Francisco, which he expects to reach in sixty days' running. The best record so far made has been 105 days, but by choosing his route Spiers expects to make the trip in sixty days' actual work, laying off at certain points, and not travelling on warm or wet days. He left this morning for 'Frisco via Denver, Leadville, Ogden and Salt Lake City. He rides a fifty-two-inch wheel, and last Friday made 115 miles in twelve and one-half hours. The distance from Albany to San Francisco is 3,700 miles. Spiers is a swarthy, trim-built young fellow.

Supposed Suicide of a Lady at Niagara.

NIAGARA FALLS, June 24.—Yesterday a lady who is a stranger desired to visit the whirlpool, and after hiring a hack for the purpose was driven to the proper location, where the view could be seen by descending the bank. Upon second thought she ordered the driver to take her back to the village, claiming she was afraid to make the descent. She was no sooner back to the place from whence she started than another hack was hired and she was again driven to the same place. This time she went down the bank to get the whirlpool view and the hackman waited her return. After becoming a little anxious the hackman commenced a search for the stranger but she could not be found. It is supposed that she either fell or jumped into the boiling waters, whether intentionally or not cannot possibly be ascertained at present.

Independent Order of Good Templars.

STRATFORD, June 24.—The Grand Lodge re-opened last night at 8:30 o'clock, G. C. T. Spence presiding. The newly-elected officers were installed by Hon. J. B. Finch, R. W. G. T., assisted by Bro. W. S. Williams, P. R. W. G. Secretary.

A considerable amount of discussion took place on the question of raising the capitation tax, the result being that the tax remains as it was last year, seven cents per quarter, of which two cents is to be credited to a Mission Fund for the district from which it comes.

The Committee on Juvenile Templars recommended the Juvenile Department to the favourable consideration of the members of the Order, and further recommended that two hundred dollars be placed to the credit of the General Superintendent for carrying on the work.

The session was the largest and most interesting held for many years, special interest being manifested in relation to electoral action and Scott Act enforcement.

ADVICE TO MOTHERS.—Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of Cutting Teeth? If so send at once and get a bottle of "Mrs. Winslow's Soothing Syrup" for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers; there is no mistake about it. It cures Dysentery and Diarrhœa, regulates the Stomach and Bowels, cures Wind Colic, softens the Gums, reduces Inflammation, and gives tone and energy to the whole system. "Mrs. Winslow's Soothing Syrup" for children teething is pleasant to the taste and is the prescription of one of the oldest and best female physicians and nurses in the United States, and is for sale by all druggists throughout the world. Price twenty-five cents a bottle. Be sure and ask for "MRS. WINSLOW'S SOOTHING SYRUP," and take no other kind.

We are now busy clearing the balance of our spring dress goods, millinery, parasols, etc., as we never keep goods from season to season. We have put prices away down to ensure a speedy clearance in every department. Bargains, bargains, at A. J. LITTLE & Co's. d2.

Paisley St. Methodist Church.

Strawberry Festival and Presentation to Rev. Wm. Savage.

The entertainment in the above church last evening was a great success. Whilst the company were enjoying social conversation in the lecture room the ladies were engaged serving refreshments in the large vestry. At nine o'clock there was an adjournment to the body of the church. Mr. J. Petyan led the devotional exercises, and Mr. W. B. Clark was called to the chair, who in a pleasing manner introduced the programme of the evening, which was very much enjoyed. Mrs. Sweetman and Miss J. Clark each sang solos. Mr. W. Ward gave "The Fatal Three"; Miss Green, "The Gambler's Wife;" and Master C. Lazenby, "The Sample Room." The last three numbers were either readings or recitations, and did credit to those who gave them. Mr. D. Scroggie presided at the organ for the singers. During the evening Mr. M. Phee and Mrs. E. Galbraith, on behalf of the Paisley street congregation, presented the following address to their pastor, accompanied with a well filled purse:—

Guelph, June 24th, 1886.

Rev. Wm. Savage.

DEAR SIR,—We, the members and adherents of Paisley street church, feel that we cannot let this opportunity pass without expressing in some way our appreciation of your valuable services as pastor of this church, also your many excellent qualities of mind and heart. We have observed with much pleasure your readiness at all times to respond to the call of duty both in season and out of season. The energy with which you have prosecuted your labors here, at some times under circumstances which would have discouraged most men, but you have steadily persevered until now we can congratulate you on the result of your labors, and we trust that during this coming year you may pass in and out among us feeling assured that you have by your daily walk and conversation secured the esteem and respect of all with whom you are associated. We would respectfully ask your acceptance of this purse as a small memento of this occasion, and trust that the Giver of all good will bless you and your estimable family, and also crown your future ministrations among us with success, so that at the end of another year we may see many added to the church, and the name of the Lord glorified.

Signed on behalf of the congregation of Paisley street church.

W. J. KENNING.

The Rev. gentleman was considerably surprised at the action of his people, and thanked them in the kindest manner. At half-past ten the Rev. Dr. Griffin pronounced the benediction, and then the most pleasant entertainment held in this church for some years was closed.

ROYAL TEMPLARS OF TEMPERANCE.—The following are the officers elected on Thursday evening, by Guelph Council No. 127, Royal Templars of Temperance, for the half year commencing 1st July next:—

S. C., A. C. Steele.
V. C., Mrs. C. M. Hockin.
P. C., David Scroggie.
Chap., R. E. Nelson.
Rec. Sec., Maggie Cowan.
As. Sec., Charles Chase.
Fin. Sec., Wm. R. Bartlett.
Treas., D. A. Scroggie.
Herald, E. A. Noice.
Guard, C. M. Hockin.
Sentinel, James Gibson.
Physician, W. B. Cowan, M. D.

The officers will be installed on Thursday, 8th July, when the Council moves into their new hall over Jones' dry good store. A lunch will also be provided on that occasion by the parties defeated in the competition during the contest for the current quarter. Twenty new members were taken in on Friday night making 59 in all so far this quarter. A special meeting will be held on Monday evening next for the purpose of initiating the 22 candidates now proposed and any others who may desire to come in.

INSTALLATION OF OFFICERS.—The following are officers installed last night for Guelph Lodge, No. 258, A. F. & A. M., for the ensuing term. The installing officers were W. Bro. W. Anderson, R. W. Bro. H. Walker and W. Bro. Wm. Parker:

W Bro R Mahoney, W M
W Bro J Angell, P M
" W Marcrofs, S W
" W Stewart, J W
W Bro J H Finlay, Treasurer
" Geo Brill, Secretary
R W Bro H Walker, Chaplain
Bro J Beckman, S D
" T Conway, J D
" G Haste, I G
" F J Chadwick, D C
" J Simmons, } Stewards
" F W Darby, }
" J Kennedy, Organist
W Bro H Bolton, Tyler
R W Bro H Walker, } Charitable Committee
W Bro H Lockwood, }
Bro W Marcroft, }

The brethren afterwards repaired to the American hotel, where a couple of hours were spent in social intercourse, the maternal wants of the company being amply satisfied by mine host Ellis.

A NICHOL MAN MURDEROUSLY ASSAULTED.—At a row on the Bob Aitcheson range in Wyoming Territory, Chas. Beattie, formerly of the township of Nichol, was murderously assaulted by being hit on the head near the ear with the blunt edge of an axe in the hands of a man named Harclerode, which fractured the skull. Beattie was unconscious when picked up and the blood was flowing from his eyes and nose. The desperado secured his rifle and blanket and fled to the hills. The sheriff and a posse started after Harclerode and intend searching the hills till they find their man. Robert Aitcheson, proprietor of the ranch on which the affair occurred, is a former resident of the township of Nichol, Ont., and so is the injured man—his father, "Scotch" James Beattie, being tenant of the late Jamer Scott's farm on the 7th con. of Nichol near Ennotville. Charles Beattie is a widower, 35 years of age, his wife dying some time since. He is a heavily built man and was always peaceable, and had the respect of all who knew him. Dr. Redd had little hopes of his recovery.

WEDNESDAY night a gardener living on the outskirts of the city, while taking a look through his grounds, discovered a party in his strawberry patch and at once gave chase. The party was too nimble for the proprietor and got out of reach, but left a copy of the weekly *Herald*, of the 24th June, filled with berries, behind him. We forbear to say more.

To the Editor of the MERCURY:

I wish to return thanks to the Oddfellows of Guelph for their gentlemanly conduct in offering their services night and day to attend my son Henry during his last illness. I hardly expected the kind treatment we received at their hands, as my son was a member of Battle Creek Lodge, Michigan, and not of Guelph Lodge; but it appears to me that an Oddfellow is an Oddfellow wherever he may be. The value of their assistance was appreciated all the more as we were comparative strangers in the city and knew but few around us. I would wish some of the brethren of the Guelph Lodges to tender my sincere thanks to the brethren of Battle Creek Lodge, Mich., for all the favors shown by them. It is my earnest hope that Oddfellowship may live long and prosper in its good work.

Yours truly,
ASHER FATNOW.

Guelph, June 23, 1886.

The Evening Mercury

FRIDAY EVE'G JUNE 25, 1886.

The Causes of Secession.

People who are alarmed by the declaration in favor of secession from the Confederation, expressed so unmistakably by the elections in Nova Scotia, have not far to seek in order to find the cause. It was with great reluctance that the people of Nova Scotia came into the Confederation in the first place. Before doing so they were given the express promise that the import duties would not be increased. In fact, to meet their wishes the promoters of Confederation actually reduced the then tariff from 20 to 15 per cent. To-day Nova Scotia is taxed along with the other Provinces, to the extent of 80 per cent. It is true that in 1882 Nova Scotia sent a majority to Ottawa to support the high taxation party, but they did so on the assurance that the Government would force the United States into a reciprocity treaty. The people now see that they have been pursuing a phantom, and fain would rid themselves of high taxation if that were possible. But we fear it is not, for the Government at Ottawa have incurred obligations of such magnitude that for years to come a reduction of duties is out of the question, unless a change be made to direct taxation.

Nova Scotia is not the only Province which has given evidence of its opposition to the National Policy. As we pointed out the other week, the Liberals of Manitoba have incorporated in their election platform a plank which seeks a lowering of the duties so far as that Province is concerned. British Columbia is no doubt even more anxious for a reform of the customs tariff, and so all along the line Canadians are being undeceived with reference to the great promises which the Tory party made in 1878 and renewed in 1882, and which they now know can never be fulfilled.

Conservative newspapers are in the habit of referring to Liberals as secessionists and rebels, because, forsooth, they undertake to point out inconsistences and grievances in connection with the present administration, and dare in the interests of the Dominion to agitate for much needed reforms. Those journals lose sight of the fact that the originators of the secession movement are their own friends, who have heaped burdens upon the shoulders of the people which they cannot bear, and who by recklessness, extravagance and corruption are continually increasing those burdens. No wonder that these things, together with the assaults which have been made from time to time upon Provincial Rights, should have created secessionists, not only in Nova Scotia, but in all the Provinces. Any feeling of respect and confidence which the Macdonald Government ever had, has surely by this time dwindled down to a thing of very little significance.

A TELEGRAM from Newfoundland states that Sir Ambrose Shea has gone to England about some new difficulty between the Island and the French authorities.

IN the Northwestern Territories Representation Bill voting is open and not by ballot. This was done because it was supposed that the electors there would be so far under the influence of the Government that many of them would not feel safe in openly recording their votes against the Government candidate. In fact the Government want to exercise a sort of indirect coercion.

THE Tory press, which is in the habit of referring to the Reform party as a party of treason, very conveniently overlooks the part which the Hon. Mr. Bowell took at a meeting in Toronto recently. At the meeting in question it was proposed to "support the loyalists" of Ireland by men and means if necessary, in their struggle to maintain the integrity of the Empire and their civil and religious liberties." This means armed resistance against the Queen and Parliament of Great Britain if the Home Rule bill passes into law. This is treason pure and simple, yet Mr. Bowell not only countenanced that meeting by his presence, but lent his assistance to the extent of making a speech. Irishmen, even in our own day, have been sent to Penitentiary for using less treasonable language than that quoted. But now the shoe is on another foot which stands on the doubtful foundation of "loyalty."

THE Quebec *Record* of a recent date points out some of the obligations which the Province of Quebec owes the Liberal Government of Ontario. The *Record* asks, "Do they" (the people of Quebec) "ever think how the Administration of the Hon. Mr. Mowat has stood between the grasping policy of Sir John A. Macdonald and self-government in the Provinces." It then proceeds to recount the victories which Mr. Mowat achieved in the courts in the matter of the Boundary Award, of the Rivers and Streams Bill, and in the License Question. In these cases our noble Premier fought not only the battles of Ontario, but of Quebec and all the other Provinces, on whose jurisdiction the Dominion Government were infringing so boldly that in a short time the usefulness of Provincial Legislatures threatened to be extinguished altogether. People in the other Provinces do not reflect upon the great service which Mr. Mowat has done for them in maintaining their rights while fighting for those of Ontario, and the *Record's* timely article will serve in a measure to bring the subject before them in this very proper light.

MINISTERS are doing anything but attending to their duties in Ottawa. The session was not over when Mr. Thompson, Minister of Justice, accompanied by M. McLelan, Minister of Finance, were on their way to Nova Scotia to take part in the Provincial elections. Sir Hector Langevin is trying to heal up the political wounds of Quebec, but latest accounts show he is succeeding badly. Mr. Pope has gone to the Eastern townships. Sir Adolphe Caron has returned from a jaunting tour in Quebec, and will leave in a few days for British Columbia. Mr. Thos. White was away in Cardwell, and Sir Alexander Campbell is on a tour in Europe. The Premier is incapacitated from duty owing to ill health, and as for Mr. Costigan, he has been more or less out of gear ever since he betrayed his countrymen by opposing Home Rule in the House of Commons. With the exception of a trip to Toronto in the interests of the Orange Order, Mr. Bowell has been pretty steadily at the helm. The same thing may be said for Mr. Carling. As for Mr. Chapleau, he is, as is generally the case, between here and Quebec.

IN referring to the platform of the Young Liberals who will shortly meet in convention in Montreal, the Toronto correspondent of the London *Advertiser* says:—"The Young Liberals have adopted a somewhat radical set of resolutions for submission to the Montreal Convention. The more advanced planks are Canadian independence, commercial union, manhood suffrage, and a demand for a national plebiscite on prohibition. As a matter of fact, however, a majority of the club do not favor independence, but as it was assured that the question would be placed before the convention and probably by some one of the Toronto delegates, it was agreed that it should be included in the list of recommendations from the club. The club's representatives at the convention, however, will not be pledged to support the platform adopted, and therefore the question of independence will not have the unanimous support of the city delegation. The question of commercial union is in about the same position, but upon the remainder of the platform the club is pretty well united.

A Canadian Scandal.

(New York Times.)

Human nature is the same, it seems, in the Common Council of Chicago and in the Foreign Office of Persia. It is now alleged that the similarity extends to Canada, the officials of which have heretofore been supposed to be exempt from some of the frailties of aldermen and pashas. The Toronto *Globe* gives publicity to a story concerning the present Prime Minister of Canada which, if it be believed, will dispel this fond imagination. The story is that the wife of Sir John Macdonald has lately received from the directors of the Canadian Pacific Railway a diamond necklace of the value of not less than $25,000. It is also declared that a son of Sir John Macdonald and a son of Sir Charles Tupper, the Minister of Railroads, receive each a salary of $8,000 a year as solicitors for the corporation in question, and that the professional standing of neither of these young men is such as to warrant a belief that they would be appointed if they were not the sons of their respective fathers.

There was also a story that the same corporation had settled upon Sir John Macdonald's daughter a large amount—$250,000 was the sum mentioned—in bonds of the company. This story, however, is denied by the Ministerial organ, and the denial is accepted by the *Globe*. The other stories are not denied, though an effort is made to explain away their force. The *Globe* is a newspaper of character and standing, and it states and comments upon the stories with a moderation that is calculated to enhance their effect.

There may be a question whether the present to Lady Macdonald was a testimonial for services already rendered to the railway, or a gift made in expectation of a return. In the former case it should have been postponed until Sir John was out of office. It would be a question of personal delicacy and dignity with him and the members of his family whether such an offering could then be accepted, and nobody would have the right to quarrel with their decision. But Sir John was the Premier of Canada at the time when the gift was made. By permitting a member of his family to accept it, he put himself in the same position in which a member of Congress would put himself if he should accept a fee as counsel for a corporation which had a claim pending before his committee, or if he should accept or demand a share in an enterprise his usefulness to which would depend upon his official action. Bribery is a harsh word, but it represents a harsh fact. The fact is not to be got over by any such pretences as those we have supposed. It would not be safe to offer anybody above the social grade of a New York alderman a bribe for his vote or his influence in direct terms, no matter how corruptible he might be or how anxious to accept a bribe, if the transfer of it were glossed over. There are many men who act in the spirit of the couplet—

"Virtue, I grant you, is an empty boast,
But shall the dignity of vice be lost?"—

and who expect a polite pretence that they are not doing what they are doing in addition to their price in money. There is only one rule for a person holding a place of trust, political or commercial, and that is to have no interests, present or prospective, contrary to the interests which his trust binds him to protect; and this is the rule which the Premier of Canada, if the facts be as thay are reported to be, has plainly transgressed.

This is to certify that I have used McGregor's Speedy Cure for Dyspepsia and Liver Complaint, and do honestly say that if it cost me one hundred dollars ($100.00) a bottle I would not be without it, as it has done me more good than all the medicines I ever used, and I feel lik ea new man.—Yours truly, Alex Steel, Carleton Place, Ont. This medicine is for sale at 50c. and $1.00 per bottle at Thos. S. Petrie's Drug Store.

THE WEEKLY MERCURY has all the local news of interest that occurs during the week. Price $1.50 per annum in advance

MUGGINS CARDS FOR SALE AT THE MERCURY Office. Price 50 cents a pack

All this Week

MONDAY, June 21, 1886.

Armstrong's Patent Tempered Steel Buggy and Carriage Gears.

Corning Body Buggy on Improved Eureka Gear.

After a long and thorough trial of the "Improved Eureka" the driving public call for it as the easiest riding of all Buggy Gears. Over six thousand now in use throughout Canada, and the demand still continues large and steadily increasing. It is equally suitable for open or top buggies and phætons, rides easy with light or heavy load, and has no complicated or weak parts to get out of order. Thoroughly warranted throughout. Call and see sample carriages on these gears at our warerooms, or send for descriptive circular. Catalogue with full particulars regarding all the parts and prices, freely mailed to carriage builders on application so

J. B. ARMSTRONG Mfg. Co. Limited,
Guelph, Canada

THE LION

Guelph Must Boom.

Times are on the mend. Let us rise equal to the occasion and improve our opportunities. We have within ourselves all the requisites for building up a large, wealthy and prosperous city, but we are just now at that stage of development when all our resources must be called into play and used to advantage, or else we sink into that lethargic state that so often overtakes places that once had the prospect of developing into a prosperous community.

We would raise the warning signal now while there is time to retrieve our past mistakes and profit by our experience. If we let the cycle of prosperous years, which we believe are soon to visit Canada, roll round without improving our opportunities the next prosperous term may see us so far in the van that it will be a hopeless chase to overtake towns that are now behind us in everything, except a desire to see their own community increase. If we allow our manufactories to close up and move away without any effort on our part to retain them; if we see manufactories starting up in other places, which we might have had for very little cost to the city; If we sit calmly by in indolent lassitude and allow the G. T. R. to have a monopoly of our trade and the C. P. R. to cut off a large section of country, with which we at one time did a large trade, without any effort on our part to construct a line of railroad which would break the monopoly of the G. T. R. on the one hand, and reconnect a large trade which we have lost on the other, which Line we have reason to believe would prove a paying speculation from the first. The result must prove disastrous.

It seems to us very strange that a large place like Guelph occupying such a central position in this country of railroads should have actually only one line and that the greatest monopoly, perhaps with one exception, in the land.

We can have the proposed railway, but we have got to build it, and furthermore we can build it and make it pay. If the city will not take the responsibility let a joint stock company be formed. We have confidence enough in the good judgment of the ratepayers of Guelph to believe that they would see it to their interest to bonus such a company handsomely

The advantages of such a line would be innumerable. Somee of the immediate benefits would be the reopening of Mr. Spence's mill, enlarging the trade of all our manufacturers, especially in the iron and milling line, where the freights are heavy, the cultivation of a wholesale and the increase of the retail trade of our merchants, our market would increase and Guelph would become more of a shipping port. Manufacturers would settle here without any further inducements than those offered by the natural advantages of Guelph. We have no doubt that this railway would make Guelph boom for years to come, and would give her such a start as would enable her soon to take rank among the first cities in the land. Then let her boom, for boom she must. If we could only recognize the value of our heritage there is no place like her in Ontario

"Where every prospect pleases
And naught but man is vile."

Let us prove worthy sons of noble sires, and all must be well for our city.

INSPECTION INVITED.

THE CHARGES AGAINST THE CHIEF.

The Trunk Case.

SOME RACY EVIDENCE BY CONSTABLE FLOWERS.

A Six Hour Sitting.

Last evening at eight o'clock the committee of investigation met in the council chamber. As soon as the doors were opened a crowd made a rush into the room outside the bar which was filled in a short time. What with examining and cross-examining witnesses the time of the committee was taken up until nearly two o'clock, and notwithstanding the late hour quite a few remained to the closing of the proceedings.

Constable Flowers was the first witness. When we were looking up evidence in the Mara case the Chief told me that we would have to make a conviction in the Mara case or else the people would be down on us. Made no charge against the Chief for using diligence in the Mara case; don't remember having been told to use diligence in any particular case; don't know that I was endeavouring to prosecute the Chief of Police; went out to see Hawkins about the $5; Sergeant Dooley and I were talking about the thing several times, and he did not think it was right and advised me to go and see about it; Hawkins' brother Tom told me about the $5 case; did not speak to the Chief, the Magistrate or the Mayor about it, nor to the police committee, started on my own account; got talking to Ald. Skinner about it, he was going out to collect some accounts and I went with him; Mr. Skinner stopped a concession away; saw Wm. Hawkins, did not see John Hawkins, nor did I get him to sign a paper; I was going to see McLean, in Ospringe, the time I met Hawkins, when he signed the paper; Mr. Skinner gave me the paper that was signed; only got the papers for McLean and Hawkins to sign; Mr. Skinner got another man to write them out and gave them to me.

Cross examined—It is not my duty as a constable to find fault with the way in which the Chief is doing things; he asked me in that Doran case to go in and post the witnesses; my reasons for not reporting the case to the Police Committee was that I went up to see Mr. Mowat, he was not in, and Mr. Keough was there, when we commenced talking about the Doran case; the reason I did not report before on the $5 case was that I did not know for sure until I went out; the Chief wanted me to go into the cells the time of the Doran case and tell one of the witnesses what the other swore; met Ald. Hamilton on the street one night and was talking to him about the Chief; he said that he was going to stick to the Chief through thick and thin, and that he could work Ald. Read all right.

An objection was raised to these answers, and Ald. Skinner replied that Mr. Flowers was a respected citizen, and whatever he said should be listened to. He was in favor of hearing everything, as he understood that this was what the Committee was appointed for.

I told Mr. Keough, the witness said, resuming, that before I would do any dirty work for the Chief I would resign, and Mr. Keough advised me not to do so at present; I saw the Chief give the two men in the Doran case money to buy the whiskey with; and the chief asked me to swear contrary; asked Mrs Johnson about the 25 cent piece for cleaning out the room, and she told me that she had never got it from the Chief; was engaged in hunting up the case of the Mara's.

The Mayor thought the charges should be formulated, so as to give the accused a chance of replying.

Mr. Murphy replied that the counsel for the defence had imputed improper motives to Mr. Flowers, and if the disclosures were not pleasing he had brought the thing on himself. If the Committee thought they had secured all the information, let them stop the examination.

Ald. Skinner said that certain imputations had been thrown out that he was one of the accusers and should not be on the Committee, and that he had taken an active part in the matter. He took no more active part in this affair than he thought it the duty of any member of the Council who was made cognizant of charges of this kind to do. He had always acted honorably and squarely and he would like to know who could ever point a finger to himself and accuse him of wrong doing. He would do everything fearlessly and without favor.

Ald. Keough said that he had allowed every latitude in this matter as he considered it desirable to get at the bottom of the matter.

After some further remarks by other members of the Committee the witness proceeded:—

When I went to the lawyer's office and in the course of conversation with Mr. Keough, which turned on the Doran case, I told Mr. Keough that I would resign before I would do the Chief's dirty work; the Chief and I got along first rate some time and not so well at others; there was no personal feeling between us; he told us men to look out for Smith, (Alderman Smith) as he stated that Hammond was the only man that could be trusted on the force, as the other two were hanging around the hotels all the time; the men were talking about the Chief all the time; we talked a good deal about the Mara trial; I was searching a whole week for clues to get evidence in the Mara trial; when near Mr. Keough's farm, at a broken place in the fence, and the Chief was with me, I searched around the place several times and saw no clue, and a day or two afterwards I found a mit, where I was sure it was not before the goods were found before; I found the mit, and this mit corresponded with the one which had been in the trunk; Sergt. Dooley and I searched the barn very carefully, and two tickets were afterwards found by Sergt. Dooley, which could not have been there when we searched.

The Mayor thought it was very strange that Constable Flowers, knowing these suspicious circumstances; should not have at once reported to the Police Committee. He could not understand how these charges were made to other parties outside the Committee when there were the greatest facilities for applying to the proper authorities.

Ald. Read asked if the witness did not consider it his duty to make the circumstances known to the Police Committee.

Witness—I did not want to get into any trouble over the matter because Dooley and Hammond would have nothing to do with it. On the question being asked why he did not tell the Judge at the Court during the Martin Mara trial, Flowers replied that it was not brought to his mind until he saw the evidence; the reason I did not complain was that I did not want to get into trouble; one order I thought arbitrary on the order book was about Mr. Smith and the Salvation Army.

Henry Harper, sworn:—There was an obstruction to the key entering the lock, a little piece of tin being bent over so as the key could not enter; don't think the key would have unlocked the trunk without being fixed; Mr. Hammond told me that the Chief sent him over to see if I thought that that was the key belonging to the lock; I said the key fitted the lock all right; never heard afterwards what use was made of the lock or key; within the past two or three weeks Mr. Hammond and also the Chief of Police came to me about it; could not say that was the lock; the reason I recollect so well is that this is the only time they brought a lock to me to fix.

Chief Randall, sworn:—Was Chief of Police at the Martin Mara trial and the County Crown Attorney prosecuted; had my own three men and some special constables on the case; charged the constables to be diligent in their duty; the Mara family were generally objects of suspicion, and at the time of the robbery one of them had recently returned from the penitentiary; came to a conclusion in my own mind that the Maras were the guilty parties; Martin Mara was convicted for the robbery and sent to the penitentiary; his brother, who was out of jail, never appeared, and Mara was arrested; his brother gave evidence in the Court that Nin had committed a burglary; I took a great deal of care and pains to work up the case; with regard to the $5 bill taken from Mara, Hammond had it in his hands and looked at it, and afterwards I asked him if he remembered what bank it was on, and he said he did not; asked him the same question in the ante-room during the trial, but did not tell him to swear that it was on the Bank of Commerce; told Hammond to take the lock and key of the box produced in evidence over to Mr. Harper's and see if that was the key that fitted the box, and then requested Hammond to mark the key and keep it in his possession for production at the High Court; there was no attempt made by me to tamper with the lock and key and it was not tampered with that I know of unless at some time when I was out; the constables acted willingly on the Mara case and gave me great assistance; I know that Sergt. Dooley searched the loft in Mara's house and found two tickets, and could not imagine how they came there unless they were mixed up with the burglary.

Cross-examined—Had a very strong suspicion that the Maras were connected with the robbery; was very successful in finding the clues that sent Mara down; don't know whether the bill taken from Mara was a Bank of Commerce bill or not; believe the Judge said something to the effect that the Chief, if he put the tickets under Sheahan's safe, would be as great a scoundrel as the accused; the important clue in the Watson case was the tracks, foot marks and marks of wagon wheels which were traced to near the bush where the goods were found; don't remember that the Judge said the tickets were important evidence; did not tell Hammond when he took the lock not to say where he got it from; it would be a very unusual thing for me to tell one of my men to do so; did not tell in Court that I had the key fixed; admit that I opened the lock and am not ashamed of it; did not tell Constable Hammond that we would have to make a case against the Maras, but that they were suspected and we would have to do all we could to work up the case; had no doubt but that the Maras were guilty; there are seven in the family; had a doubt about the guilt of Macdonald, Robert, Thos. and John; had no doubt about William, Nin, and Martin Mara. Here evidence was given about securing the box. The box remained in my office up to the time that it was taken to the High Court; don't know how long it was in my office; the reason that I did not send the box to Harper was that I did not wish him to see the things that were in it; when ever I do anything I do it with particular care, and consider the papering up over the lock of the box a good job, and whatever I do I am not ashamed of nor of its being brought up on trial; there are no difficulties between the force and myself, and have had no occasion to complain of the men; I always found them attentive to their duties; my statement to the men in the Mara case was that we must do our best to make a conviction; I reported all grievances to the Police Committee that came under my notice; don't think I have read Hawkins' charge. After considerable talk the charges were read one by one and replied to. Hammond's statement about the lock is not true, it is not true that I told him not to mention where the lock came from; it is not true that I told him we must get a conviction against the Mara's; might have told him that we would have to work up a case; saw no impropriety in taking off the lock; it was material to know whether the key belonged to the lock or not; if the lock was produced at the trial and the key did not fit, I do not think it would make any difference as the case as there was sufficient other evidence; the lock and key were produced in corroborative evidence to Mrs. Mara; the reason I was anxious to have it fitted was that I could get Mr. Harper's opinion, he being a practical man, to see if the key belonged to the box, and if need be call him as a witness; don't think that the matter of the box would have weakened the evidence; my object was to ascertain if the key was for the lock; I pasted the paper on the lock so it would look the same as it was before; the owner might have brought an action of proceedings for doing so for all I know; the reason I had the key fitted was because it would not go into the lock.

Ald. Smith thought it was not right that the witness should be questioned in this manner, and especially about charges which had never been presented to the Committee.

The witness himself remarked that if he were on a charge before a magistrate he would protect him from answering questions which he had no right to do, and he thought the chairman of the committee should act in the same manner.

Ald. Keough asked if it was customary to remove parts of articles and send them round to parties to get fitted the same as seemed to have been done with this box.

No. If there were two keys to a box how could a locksmith swear which was the key. Don't know; the key was not marked at the time it was sent to get fitted; do not know that it was the same key that Hammond took to get fitted in the lock, but believe it was; believe the trunk is the same. Do you believe it was your duty to bring a trunk which had been tampered with, and the fashion described and produce it in evidence against a prisoner. I believe it was my duty to do what I did. There was no ill feelings between me and the men; thought the men competent but don't do so now; my reason for thinking they are not competent now is that they ignored my orders and the orders of the police force in bringing up a charge so long afterwards; it was their duty to report at once to the proper authorities; I have no personal feelings against the men, but blame them for not reporting those charges at once in accordance with the rules and regulations of the police force; I may have reported to the Police Committee things against the men, but never had any serious grievance to complain of.

Mr. Macdonald and Mr. Murphy then addressed the Committee at length, thus finishing the evidence.

The French Exiles

PARIS, June, 24.—The Duke de Chartres has accompanied the Count of Paris to England. The duke will return.

The Duke D'Aumale and the Prince de Joinville will live together in retirement.

Prince Jerome is at Geneva en route to Italy to bring the Princess Clotilde, his wife, and their daughter to spend a season of three months at Prangins, Switzerland.

The Count of Paris left the Chateau D'en at one o'clock. The assemblage was sorrowful but orderly, and after the Count's departure dispersed quietly. The Count will assume the title of Marquis of Harcourt and remain incognito while in England. At Treport, the quay, streets and windows were filled with spectators to see the departure of the princes. The customs officers and mounted police preserved order. The route to the quay was lined with two companies of regulars. On the arrival of the carriages at the quay cries of "Vive La France," "Vice Le Counte de Paris," and "au revoir" were raised. The steamer departed amid enthusiastic cheering. The princes stood at the stern of the vessel waving their hats. The crowd dispersed in an orderly manner. The Comtesse de Paris will return to the Chateau D'Eu to-morrow.

LONDON, June 24.—The Counte de Paris and his party arrived at Dover this evening and met with an enthusiastic reception. Their landing was delayed by stormy weather.

John Bright on Home Rule.

LONDON, June 24.—John Bright has issued a manifesto to the electors of Central Birmington in which, speaking of Mr. Gladstone's Home Rule proposals, he says: "We are not told by Mr. Gladstone or his colleagues how much or how little of these unfortunate proposals will reappear in the next parliament. We are asked to pledge ourselves to a principle which may be innocent or most dangerous, as may be explained in future bills. I cannot give such a pledge. The experience of the past three months has not increased my confidence in the wisdom of the administration or in its policy respecting the future of government of Ireland. We have before us a principle which Mr. Gladstone and his supporters do not explain. I will not pledge myself to what I do not understand and cannot prove. I do not oppose the views of the Government on account of England more than on account of Ireland. No Irish parliament can be so powerful or just as the United Imperial Parliament at Westminster. I cannot entrust the peace and interests of Ireland, north or south, to the Irish parliamentary party to whom the Government now propose to make a general surrender. My six years' experience of them and their language in the House of Commons and their deeds in Ireland makes it impossible for me to hand over to them the industry, prosperity and rights of 5,000,000 of the Queen's subjects. Our countrymen in Ireland—leastways 2,000,000—are as loyal as the people of Birmingham. I will be no party to a measure thrusting them from the generosity and justice of the United Imperial Parliament. I have written so that nobody may be ignorant of my views. My vote in the recent division has given great grief, but my judgment and conscience made the other course impossible. For forty years I have been a friend of Ireland.

"Long before any Parnellite now in parliament or any member of the present Government opened his lips to oppose and condemn the wrongs of Ireland, I spoke for her people in the House of Commons and on public platforms. It is because I am still a friend of Ireland that I refuse to give her up to those to whom the recently defeated bill would have subjected her. If you re-elect me I shall to the utmost of my capacity seek only what I conceive to be for the permanent and true welfare of our country.

Horsford's Acid Phosphate.

Specific Virtues in Dyspepsia.

Dr. A. Jenkins, Great Falls, N. H. says "I can testify to its seemingly specific virtues in cases of dyspepsia, nervousness and morbid vigilance or wakefulness."

The Queen and the Coming Review.

The Queen's return from Balmoral to Windsor is one more Royal concession to the growing impatience of her subjects at the absence of the sovereign in the remote highlands during a political crisis. Still more remarkable is the announcement that the Queen will personally review a large body of troops at Aldershot, probably 20,000, on July 2. This is perhaps the most striking proof of the extent to which the Queen has modified the policy of retirement so long persisted in. Courtiers say it means that she will reassert her personal authority over the army, of which technically she is Commander in Chief, which authority she regards as one of the last remaining attributes of real sovereignty. The review with the Queen present is also meant as a polite attention to the colonials and Indians now in London, and to the Indians especially, in whose behalf the Duke of Connaught urged his mother to arrange this military display. The Duke and his advisers consider it advisable that the Indian subjects should actually see the queen at the head of her own troops. The anniversary of the Queen's accession to the throne, which occurs tomorrow, attracts general attention as the commencement of the fiftieth year of her reign, and preparations for celebrating her jubilee a year hence were begun some time since. The press overflows with loyal articles. Clergymen are reminded in letters from their leaders of the special form of prayer provided for to-morrow. Illustrated papers publish portraits of her Majesty as she looked fifty years ago at her first council in Kensington Palace, which was held in the room shown lately to the Princess Louise's colonial and Indian guests, and there are many other interesting reminiscences, pictorial and written, and long narratives of the events of the reign.

CRICKET.

GUELPH AND GROUNDS VS. HAMILTON.

The Hamilton team drove up and arrived here yesterday morning. Losing no time they got to the park, where Martin had one of the finest wickets prepared that the club has had this season. The rain made it a bowler's day, and Captain Stinson for the visitors availed himself of his good chance. Winning the toss he sent the home team to the wicket at 11.15, Lockwood and Jackson handling the bat to the bowling of Ferrie and Gillespie. Jackson after scoring 2 had a baller from Ferrie and retired to the tent, 2 runs for one wicket. John Guthrie faced Lockwood, adding 1 to the score, being bowled by Gillespie, 3 runs for two wickets. H. Guthrie took his place, but his partner, Lockwood, was bowled by Ferrie with a shooter, 3 wickets for 3 runs. McConkey faced Guthrie, and the faces of the home team brightened up, but he did nothing, being bowled by Gillespie, 4 wickets for 4 runs. Then the bloom of disappointment settled on the boys. Fitzgerald going to the bat caused a gleam of sunshine all around, but he unfortunately after scoring 1 run played the ball on his wicket, and had to make way for Finlay, 5 for 12 runs. Finlay scored 6 for 13 runs. Morris adding 5, retired in favor of Husband, who scored 9 (not out.) H. Guthrie was the only player of the home team who succeeded in making double figures, his 23 runs was a fine display of good cricket all round. The total of the innings was 48 runs. The bowling of the Hamilton was the finest on the grounds for many seasons. Ferrie having 6 wickets to his credit and Gillespie 4. The visitors lost no time in going to the bat, Stinson and Henderson batting, to the bowling of Jackson and Martin. Every player of the visiting team scored, the following making double figures, Stinson 12, Cummings 15, Ferrie (not out) for 47, Harvey 19, and McNider 10. Ferrie made 4 threes, 13 twos, balance in ones, and was a fine display cricket. Though only 1 should have gone to his credit, he was well caught on the wicket by Morris, but the umpire decided in his favor, though it was an expensive one for the home team. The total of the innings was 133. The game was decided on the 1st innings, 48 to 133 in favor of Hamilton. The day was fine though cloudy, and what with the artillery and the fair sex the grounds presented a fine appearance. Messrs. Roche and Mereweather umpired the game.

BEWARE

OF WORTHLESS IMITATIONS

As there are many inferior goods, corded with jute, hemp, etc., offered and sold as Coraline by some unprincipled merchants trading on the reputation of our genuine Coraline, we warn the ladies against such imposition by drawing their attention to the necessity of seeing that the name

'CROMPTON CORSET CO.'

is stamped on inner side of all Coraline goods, Without which none are genuine.

On Wednesday next the last contract for convict labor in the Kingston Penitentiary expires—that of Mr. L. A. Spencer, lock manufacturer. He employed 100 convicts, skilled men, and paid the Government annually about $15,000 for their services. He removes the machinery.

"The play's the thing,
Wherein I'll reach the conscience of the king."

And equally true is it that Dr. Pierce's "Pleasant Purgative Pellets" (the original Little Liver Pills) are the most effectual means that can be used to reach the seat of the disease, cleansing the bowels and system, and assisting nature in her recuperative work. By druggists.

A Protestant manifesto has been issued in Ireland favoring Mr. Gladstone's Home Rule measures.

SPECIAL NOTICES.

Window Shades for the season of 1886, new and cheap, at Day's Bookstore.

Choice stock Baby Carriages, Hammocks and Lawn Croquet, at Day's Bookstore. Day sells cheap.

Some lovely Dresses are being turned out by Ryan Berkinshaw & Co. Ladies try Miss Amiss, if you want a nice fitting Dress or Mantle.

Shaw & Grundy are selling a lot of linen collars at 5 cents each.

For refrigerators, wire dish-covers, wire cloth, hose, sprinklers, mangles or fishing tackle, call on John M. Bond & Co., Guelph.

Handsome goods at Nelles' City Bookstore. Our place is full of new, nice, cheap goods for the trade. Call and see them.

FRESH strawberries, tomatoes, cucumbers, pine apples, bananas, etc., at George Williams', 81 and 83 Upper Wyndham street.

THE phenomenal June Mark Down Sale now going on at Hughes', 33 Lower Wyndham St.

New wall paper, borders and decorations at the City Bookstore, and all the praise they require is to say we have a larger stock, nicer goods and cheaper prices than last year, and we astonished people last year. Come and see them before buying. J. A. Nelles.

Children's carriages, new, stylish and cheap, at Nelles' City Bookstore. Don't be misled. You get the best value in the city from J. A. Nelles.

Try Loch's unrivalled Teas and Coffees. Careful personal attention given to the blending so as to strengthen and flavour. Italian Warehouse, 89 Wyndham street.

J. D. WILLIAMSON & Co.

BIRTHS.

WEBSTER—At Guelph, on the 26th June, the wife of T. P. Webster, Esq., Central Bank of Canada, of a daughter.

DEATHS.

EISELE—In Guelph, on the 25th June, Richard Eisele, aged 72 years. Deceased was a native of London, England.

Probabilities.

Moderate winds, mostly west and northwest; fine, warm weather.

Local News.

THE Drayton Farmers' Institute will have an excursion to the Agricultural College on the 29th.

MR. JAMES ELLIOTT, an early and well known settler of Beverley, died on Monday at the age of 86.

EX-ALDERMAN CHADWICK, recently appointed City Assessor, will enter on his duties on the 1st of July.

THE Artillery will attend Divine service at St. Andrews' Church to-morrow morning. The City Band will accompany them.

TAXES.—Give the Collector an early call next week and avoid the great rush that generally takes place on the last day of payment, 5th July. d1.

SOME forty grangers from the neighborhood of Carlisle had a private excursion to the Agricultural College yesterday. They seemed pleased with the farm and all they saw there.

THE scholars attending School Section No. 10, Arkell, held a pic-nic yesterday afternoon. The scholars, as well as the older portion of the community, spent a very pleasant time.

WM. YULE, youngest son of Mr. Alex. Yule, Guelph, passed through here to-day on his way home to Bowmanville. He was one of the judges at the band competition at Kincardine this week.

MR. WM. SUNLEY and daughter, leave early next week for a three weeks trip in New York State, and intend to visit Lockport, Fulton, Auburn, Oswego, Buffalo and other places.

MR. ANDREW BRYDON has purchased the 200 acre farm occupied by Wm. Shand, near Messrs. J. & W. B. Watt's farm, Nichol, a few miles from Salem, at a reasonable figure.

MR. CHAS. KELLY, agent for Wm. Bell & Co., had the misfortune to have the forefinger of his right hand broken near the second joint the other day while putting in an organ in the residence of Mr. Wm. Berner, near Mosborough.

THE funeral of the late Thomas Shortreed took place in Toronto on Friday, and was largely attended. A number were present from Barrie and other places. Rev. D. D. McLeod, of Barrie, pastor of the church of which Mr. Shortreed was an elder, and Rev. G. M. Milligan, of Toronto, conducted the services.

CONTRACT CLOSED.—The Galt *Reporter* says:—We are pleased to say that Messrs. Goldie & McCulloch have closed a contract with Mr. Wm. Webster, to erect for them on the site of the old saw factory a stone building 140 by 64 feet, two high store ys in height. The present old building is to be taken down and replaced with one of another design, of the dimensions we give. This contract will give employment to a large force of men.

FINE GROWING WEATHER.—The rains which have fallen more or less every day during the week have done an immense amount of good to hay and crops of all kinds and especially the newly sown turnips. Farmers as a rule are now through with this branch of their season's work, and are preparing for haying, which will commence in a few days. The clover is much healthier this year than it was last, being as a rule beautifully headed out, and showing but few signs of the ravages of the midge. Last year a complete head was difficult to find in some localities; this year the bloom shows no defect worth mentioning.

WE observe by the Philadelphia *Press* of the 16th inst., that at the recent Commencement of the University of Pennsylvania at the Academy, Philadelphia, the Honorary Degree of Doctor of Laws was conferred by Provost Pepper upon the Hon. Joseph Parsons Comegys, Chief Justice of the State of Delaware. The distinguished gentleman is brother-in-law of H. W. Peterson, County Crown Attorney, and some of our older citizens will recollect with pleasure the visit of the Chief Justice to Guelph with his wife, sister of Mr. Peterson, and family many years since. The Degree of Doctor of Laws was also conferred on the same occasion upon the Most Reverend Archbishop of Philadelphia, P. J. Ryan, D.D.

ALDERMANIC NOMINATIONS.—Owing to the resignation of Ald. Chadwick, one of the aldermen for St. James' Ward, on account of his being appointed assessor, a vacancy was created in the Ward. The nomination for a candidate to supply the seat at the Council Board took place at noon to-day. The Returning Officer, Mr. Conway, received the following nominations:—David Kennedy, proposed by Ald. Lamprey, and seconded by Peter Kerr. Dennis Coffee, proposed by Felix Devlin, and seconded by Thos. Lynch. Patrick Hartnett, proposed by Chas. Cottis, and seconded by H. Cuthbertson. The election will take place on Saturday next. The poll will open at 9 o'clock a.m.

THROWING RICE AT WEDDINGS.—The danger of the custom of throwing rice at weddings has just been exemplified in England. It is usual for friends to wait outside and give the couple a reception with a shower of rice, and to such an extent has the practice grown that injury more or less has been done. The brides are generally protected by their veils, but the bridegrooms are less fortunate, and at an English wedding lately, one of them received several grains in his eyes. When he raised his arm to shield himself a fresh fusilade was opened upon him, and it was only when he staggered back in pain that it dawned upon his friends that they had given him a reception with more vigor than discretion. After a vain attempt to clear his eyes he was led to a surgery adjacent, where an operation was performed, and the victim had to spend the time in the ward of a hospital what would have been his honeymoon.

But one opinion prevails throughout the world, and that is so strongly in favor of Perry Davis' PAIN KILLER, that no other article ever attained so wide spread popularity.

THE Mayor has issued his proclamation declaring the 1st of July a public holiday.

CHALMERS' Church pic-nic is being held this afternoon.

STRAWBERRIES are plentiful on the market and are being sold cheap.

A LARGE pic-nic arranged by parties in Everton and Eramosa is being held at Elora to-day.

DRAYTON is ambitious. The *Vidette* is agitating for a public park for the pleasure of the denizens of that village.

THERE is little improvement in the condition of Col. Armstrong to-day. Mr. W. S. G. Knowles is holding his own so far.

ALD. HEARN shipped yesterday two car loads of cattle for Montreal. He left today for that city to look after their sale.

THE great original Mikado under the management of John Templeton, will appear in the City Hall, July 2nd and 3rd.

MR. JAS. Johnston has added to his already well equipped livery stable a handsome new carriage, made by S. & G. Penfold.

MR. JAS. TAYLOR, auctioneer, sold to-day at the Market House the Adie farm in Paisley Block, 150 acres, to Mr. Bruce Hood for $5,170.

WELLS' bridge is open for traffic this afternoon. The chairman, Ald. Maddock, deserves credit for the manner in which he pushed on the work.

ON Tuesday of last week, Laura, a little daughter of Mr. James Loughead, of W. Garafraxa, had a bone in one of her wrists broken, while playing see-saw.

GEORGE DUNLOP, son of Mr. James Dunlop, con. 2, Garafraxa, was so severely kicked by one of the horses last Tuesday, as to cause the dislocation of his shoulder.

BARN RAISING.—The raising of the frame work for the new bank barn on the farm of Mr. R. C. Sloan, on the town line between Nichol and Garafraxa, took place on Tuesday. At 4 o'clock men were chosen and the work commenced. At half-past six the last rafter was put in its place. Shortly afterwards nearly two hundred men partook of a grand spread of edibles of the most tempting nature, prepared by Mrs. Sloan. After supper the young folks tripped the light fantastic, to the melodious strains of the violin, till the "wee sma' 'ours o' the morn'." No accidents happened to mar the day's proceedings, but there was a miraculously narrow escape, as one of the heavy plates came tumbling down among a crowd of men, and so close to one than in its fall it tore the buckle off the back of his vest.

WEDDING BELLS IN DUMFRIES.—The Galt *Reporter* says:—"At Bloomfield Farm, the residence of Mr. David Gibson, on Wednesday, one of those happy events transpired in which all classes of the community, but especially the ladies, feel a particular interest. The occasion was the marriage of his second daughter, Miss Annabella, to Joseph H. Ellis, merchant, of Ellisboro, N. W. T. Rev. J. K. Smith, of this town, was the officiating clergyman, and discharged the pleasant duty assigned him with his customary grace. The bride was neatly attired in a brown travelling costume, and evoked the warmest expressions of kindly interest from the circle of intimate friends who had assembled to do honor to the event. She was supported by her sister, Miss Gibson, while Mr. Robert Mitchell, of Guelph, did the like service for the groom. The bride was the recipient of numerous and valuable wedding gifts. The happy couple, after spending a brief honeymoon, start for their new home in the Northwest, followed by the best wishes of their many mutual friends." Mr. Ellis is well known in Guelph, having been many years employed by Mr. John A. Wood.

STRAWBERRY FESTIVAL.—On Thursday afternoon and evening the Speed Skating rink was a centre of attraction, the occasion being a strawberry festival and promenade concert, given under the auspices of the Young People's Literary Association of St. George's Church. A better place for an entertainment of this kind could not well be devised, and it never appeared to better advantage. The tables fairly groaned with good things. The strawberries were served with an abundance of real cream, with accompaniments of cocoa nut, walnut, and almost every known kind of cake. The ice cream, of popular flavors, was Williams' best, so more need not be said. While the material wants were thus being satisfied, the eyes also were feasted with a profusion of flowers, pretty attendants moved among those of elder years, and it was hard to say which were the more business like. Those fond of music were also gratified by the presence of the City Band, who played in a pleasing manner. Between times, a piano on a platform in the centre of the building was utilized, instrumental music being given by Mrs. Lockwood, Miss Mabel Jones, Miss Pipe, the Misses Holliday and others. Vocal music was also contributed by Miss Chadwick, Miss Brown and others. The attendance was not as large as the entertainment deserved, but a most enjoyable time was spent by those present. Too much credit cannot be given to those ladies who worked so hard to make it a success. There was an abundance of everything, and all the arrangements were carried out in a satisfactory manner.

A CURIOSITY.—The Drayton *Vidette* says:—On the farm occupied by Mr. John Bell, lot 16, con. 10, Maryborough, on the 21st inst., a cow gave birth to a calf which is considered by all who saw it, to be one of the greatest curiosities of the season. The right forefoot of this singular creature is pointed in the opposite direction to the left one, which is in its natural position and the head lies on the left shoulder, with the nose pointed backwards while the spine is bent in the form of a semi-circle, giving the body the appearance of being about twelve inches in length. The hoof of the right forefoot is not cloven as in the natural foot. Veterinary surgeons and others who have seen this malformation, pronounce it to be the most curious freak of nature ever met with in their experience. The calf was full grown but died at birth.

The question is often asked, "Why is it that A. J. Little & Co. are always busy." The answer is simply because they always keep good reliable goods, never make misrepresentations, and sell very cheap for cash. Give them a call. d2.

Violation of the Scott Act.

ROTHSAY, Ont., June 23.—James Madden, of Arthur, was up before Police Magistrate Lowes here to-day on an adjourned case for violation of the Scott Act. After some strong additional evidence had been given Madden pleaded guilty to two of the charges, and was fined $50 and costs in each case.

News Items.

The Imperial Parliament was prorogued yesterday.

London has sent $300 to the Vancouver fire sufferers.

The population of Toronto is now nearly 112,000.

Lord Hartington fears the Liberal split will endure long.

The Duke of Argyle has issued an anti-Home Rule manifesto.

The Queen has telegraphed an expression of sympathy to the Count of Paris.

Ex-Mayor of Montreal Hon. J. Beaudry is dead. He has left half a million dollars.

The Bohemian anarchists of Chicago are secretly drilling, and practising shooting.

The organs of the Vatican vigorously support Mr. Gladstone's Home Rule scheme.

Dr. Oliver Wendell Holmes has received from the University of Edinburgh the degree of LL. D.

Mrs. Carling, wife of the Minister of Agriculture, decorated the 7th Batt. at London on Friday with their Northwest medals.

The manufacturers and nailers of Pittsburg failed to agree on a scale. If a settlement is not reached by July 1, 5000 nailers will strike.

Mrs. Bryant Russell, living near Birtle, was killed by lightning on Wednesday. Her husband, standing near, received a shock, but recovered.

Twenty four men were killed and sixteen entombed alive on Friday by an explosion in the colliery at Rochamp in the department of Saone.

Three of the State Councillors and Count de Pourtoles, Third Secretary of the French Embassy at London, have resigned because of the expulsion of the princes.

The revision of the Hamilton city voters' lists has just been completed, and shows a decided gain for the Reformers, notwithstanding the efforts of the Tory wire-pullers.

The business failures occurring throughout the country during the last seven days number for the United States 188, and for Canada 24, or a total of 162 as compared with 155 last week, and 209 the week previous.

George Hughson of London, was mistaken by a cattle buyer from Montreal for a man named Brown and was brutally assaulted, being knocked senseless into the cattle guard of the London and Port Stanley Railway.

The Government has just ordered the release of Star Blanket, incarcerated in the Stoney Mountain Penitentiary. The Indian hails from Battleford. He was sentenced to a period of seven years for his connection with the late rebellion.

George Bright, a Grand Trunk brakeman on Friday morning was killed while passing under an overhead bridge near St. Catharines. He was a young man four years out from England, and had been three years on the road. He leaves a widow and one child.

The situation regarding the switchmen's strike on the Lake Shore Railway at Chicago is unchanged. An attempt was made yesterday to run a train, but without success. The other railways have expressed their determination to support the Lake Shore.

Complete crop and trade reports from Western Pennsylvania, Eastern Ohio and West Virginia indicate that the recent rains greatly benefitted the crops. Trade is good, with every prospect of great prosperity.

Henry Baldwin, employed in Copp's machine shop, Hamilton, in adjusting the belt on the machinery to-day, was caught and whirled around at a lively gait for a few seconds. He was severely bruised, and it is feared, hurt internally.

The Hamilton & North-western Railway wharf broke down Friday night, thereby precipitating a number of cars loaded with lumber into the bay. Messrs. Flatt & Bradley, the owners of the lumber, put a large gang of men to work, who succeeded in landing most of the lumber before daylight.

The terrible black diphtheria has invaded the towns of Ecorse, Springwells, and Royal Oak, near Detroit, and is carrying off large numbers of victims. Children are taken sick without warning, their throats swell, and in a few hours they die in great agony.

Sporting Notes.

LACROSSE IN FERGUS.

The game for the North Western medal, between Shelburne and Fergus, the holders of the medal, was played on the home grounds on Friday. The first goal was won by Fergus in one hour and a half; the second by Shelburne in 15 minutes; third by Fergus in 3 minutes; and the fourth also by Fergus after a short struggle. Great interest was taken in the result and in the game. There was quite a large number down from Shelburne and both teams were heartily cheered by their friends. The game passed off without a grumble almost, and Fergus is more proud of the Thistles.

BASEBALL.

The Leafs are playing the Hespelers a practice game this afternoon.

The Leafs defeated Stratford yesterday by a score of 22 to 5. Zell and Dillon were the battery for the Leafs. This makes 20 straight victories for the Leafs.

While in Brantford, by special invitation, the boys attended Stafford's Opera House to witness the Mikado, put on by Templeton Mikado Co., of New York. They appreciated the acting of this company very much.

A large number are coming from Brantford and Stratford to witness the Leaf-Utica games on the 1st.

A few spectators from Guelph witnessed the Utica-Toronto baseball match in Toronto yesterday. Toronto on the 6th innings made only one base hit, and made three runs on errors in the inning, and they are credited in the Toronto papers with an earned run, consequently they are of the opinion that the scorer has a poor idea of scoring. Query—Where did the earned run come in.

We are now busy clearing the balance of our spring dress goods, millinery, parasols, etc., as we never keep goods from season to season. We have put prices away down to ensure a speedy clearance in every department. Bargains, bargains, at A. J. LITTLE & Co's. d2.

"Gentlemen," said a farmer, writing to the chairman of an Agricultural Society, "put me down on your list of cattle for a calf."

The Artillery Camp.

On Friday battery drill and firing blank cartridge was the order of the day. The Brigade marched to the field on the Eramosa road near the old Bull Frog tavern, and were put through a course of drill which was performed in a very creditable manner, showing that even for the short time that the men have been in camp they have picked up considerable. The rain drove the soldiers to camp and when they arrived they were wet to the skin.

On Tuesday and Wednesday Brigade and Battery drill will be the order, when both batteries will be inspected by Col. Cotton.

The week's rain has militated considerably against the pleasure of camp life, but the boys notwithstanding all the difficulties are enjoying themselves immensely.

Friday evening a game of base ball was played between the members of "A" and "B" batteries. Four innings were played when the rain put a stop to the game, the score standing 16 to 6 in favor of "A" battery.

Friday evening the tent of the Sergt.-Major of "A" Battery was the scene of much merriment. A number of civilians and non-coms. met and a very pleasant evening was spent in music, songs and recitations. The following programme was given: Song, "Paddy, come kiss your mother," by a Corporal of "A" Battery, was loudly encored. Reading, "The Chinaman's prayer," by Mr. A. Watson. This gentleman's Chinese dialect brought down the tent. After the ropes had been tightened, Trumpet Major Dyson gave a few selections on the cornet, which was one of the features of the evening. Hospital Sergt. Phillips, in his mouth organ solos and Gunner Armstrong's selections on the tin whistle, in the language of those who were present, was immense. All who had the pleasure of listening to the impromptu concert voted the Sergt.-Major's tent the most pleasant on the camp ground.

Two Sergts. of B. Battery were detailed for special duty the other night, and they had a hard time of it, for to use a common phrase they were done brown in the morning, by the heavy rain and a tramp through a miry field. The boot jack was of no avail to pull the Government cow hide from their feet, and the assistance of a squad of men, with military equipments, were brought to their relief, when the articles were taken off, minus the legs. Of course this is not warranted as a fact, yet it is said that the bushel of oats or so which were afterwards put in the boots to dry them, so swelled, "bursting" the boots, that the gallant speciels have found it necessary to order a new pair each.

The Feast of Corpus Christi.

To-morrow the feast of Corpus Christi will be observed with considerable pomp at the Church of Our Lady. Being the first time that it has ever been observed on such a grand scale here, it might not be out of place to explain the feast. Corpus Christi (the body of Christ) is a festival of the Roman Catholic Church, celebrated on the Thursday after Trinity Sunday. This church holds that the proper time of the festival is Thursday, the eve of Good Friday, because on the night before his death Christ instituted the eucharist; but as the sadness begotten by the commemoration of Christ's death is supposed to absorb every other feeling during Holy week, so the first Thursday after the paschal season is chosen to celebrate with befitting solemnity the real presence of Christ in the sacrament. Hence the procession in Rome and in all catholic countries, in which the host is carried through the decorated streets and public places. The first decree enjoining a separate festival was that of a Synod held in Liege in 1246. Pope Urban IV in 1264 commanded its observance by the whole church, placing it on the same footing as the solemnities of Christmas, Epiphany, Easter, and Pentecost.

The following is the programme laid down for to-morrow:—The Sunday within the octave of the Feast of Corpus Christi, which is the feast of the Most Blessed Sacrament of the altar, there will be solemn high mass. Immediately after mass the procession will form, the school children first, next the Young Ladies' Sodality, the married Ladies Sodality, the Catholic Mutual Benevolent Society, the League of the Cross, the Society of St. Vincent de Paul. The procession will move from the south transept door along the aisle and round by the front. An altar will be erected near the convent, where the procession will stop for benediction, thence westward along the north aisle wall and around to the rear of the chapels, where a second altar will be erected, and benediction given a second time, thence around south transept and back to the main altar in the church, where the final benediction will be given. All the societies will wear their badges and bear banners and bannerets. Appropriate hymns will be sung during the procession. Should the weather be rainy the procession will be dispensed with until another year.

The Home Rule Campaign.

LONDON, June 25.—Sir Michael Hicks-Beach, speaking at Bristol last night, said that there was not any wish to expatriate Irishmen. He said if Mr. Gladstone's Bill should be carried, coercion would be used against loyal, industrious men, and that if the sword was used, it would be between them and the Parnellites.

Mr. Chamberlain speaking at Barrow referred to the Government's Irish scheme, especially in respect to the Land Bill, as unfair to the electors on account of its vagueness. The scheme, he said, would only lead to greater agitation, delaying home legislation. If Ireland broke the conditions embraced in the Land Bill the burden would fall upon the English tax-payer.

Lord Hartington, in a speech at Rosedale, said he was sure the split in the Liberal party would endure long. He regretted the Liberals, instead of assisting the last Conservative Parliament to show Mr. Parnell that he could not be the arbiter in English politics, seized the first chance to eject the Conservatives.

DUBLIN, June 25.—Mr. Parnell, in a speech at Portsmouth this evening, said the proposed Home Rule scheme was better than Grattan's Parliament. The provisions of Mr. Gladstone's scheme were fully adequate to protect the minority. The granting of a separate Government to Ulster would leave 400,000 Protestants in other Provinces without protection. The Irish would cheerfully accept Mr. Gladstone's proposals as final.

John Bright says scores of members voted for the Irish Bills who privately condemned them.

The Evening Mercury

SATURDAY EVE'G JUNE 26, 1886.

Final Revision of the Voters' List for Guelph City.

Judge Drew will begin his final revision of the Voters' List for Guelph City on Monday first, on which day he will take up applications to have names added or names struck off in all the wards, with the exception of those in polling subdivisions 15 and 16, in St. Andrew's Ward, and all the polling subdivisions in St. James' Ward. These he will take up on Wednesday, the 30th. To those of our Reform friends who have received notices to attend for adding their own or for striking off Conservative names we would specially request them to be present at the Court on Monday, at ten o'clock, and to remain until the business which they have in hand is disposed of. Their absence may lead to some of the names of our friends being struck off, or the failure of some being put on, or the retention of some Conservative names which ought not to be on the list. We would also earnestly request the attendance of all other Reform friends who have already assisted in this work, and who can possibly spare the time, as their presence may enable Messrs. Guthrie and McMillan to obtain valuable information, or evidence which will be of material consequence to the Reform cause. The Conservatives have applied to have a host of people put on who have no right to a vote, and it is only by the assistance and information and evidence of our friends that they can hope to succeed in getting such struck off the list. We entreat our friends throughout the city, therefore, to give a few hours' work to this business for the sake of their party and country, for a little time spent now at this Court in getting the Voters' List thoroughly revised and purified of all bad votes will be of greater service than days of hard work at the time of an election. Such being the case we trust that Reformers will be fully alive to the importance of their duty and responsibility in this matter, and give all the assistance in their power during the sitting of this Court.

Harper's Magazine.

The July Number of *Harper's Magazine* is in every way a remarkable number. It opens with a brilliant instalment of Mr. Warner's delightful summer serial "Their Pilgrimage." In Dr. Richard Wheatly's paper on the New York Produce Exchange, we have one of those strong, concise, yet comprehensive, articles which are a characteristic feature of *Harper's Magazine*.

"She Stoops to Conquer," with the exception of the Epilogue, which will appear in the August number, is concluded. For the most part the illustrated articles of this number take us out of doors. This is notably the case with Warner's story; Blackmore's charming novel, "Springhaven;" Mr. William Hamilton Gibson's "Singing Wings," beautifully illustrated from the author's drawings; and Mr. Henry P. Well's "Salmon Fishing." Mrs. Olive Thorne Miller's curious sketch, "A night-monkey in the House," illustrated by J. C. Beard, is an in door study, but a remarkable chapter in Natural History. The "glorious Four h" is fitly commemorated in Mr. Ballard Smith's paper "The Gunpowder for Bunker Hill," effectively illustrated by Howard Pyle. The frontispiece to the number is an entirely new portrait of Nathaniel Hawthorne. In this number is begun Dr. Richard T. Ely's series of "Social Studies." E. P. Roe contributes the fifth of his series of papers, "The Home Acre." This is a practical chapter on the culture of the raspberry. The other papers by Mr. Howell's and Mr. Warner are especially interesting.

DOMINION ARTILLERY ASSOCIATION.

The Prizes to be Competed for Only by Ontario Batteries.

The prize list and rules for position of the Dominion Artillery Association have just been issued. The prize list for the field batteries firing competition, nine pounder R. M. L. guns, is as follows:—

Aggregate score—One prize at $30, two at $20, three at $15, four at $10. International score—One prize at $15, two at $10, three at $8, three at $5, four at $4, five at $3, ten at $2.

Shifting ordinance competition—1, Gzowski challenge cup and $30; 2, $20, and 3, $10; the cup to become the property of any battery winning it two years in succession. An officers' competition will take place. The trial shots authorized by regulation field batteries may be fired for competitive purposes by an officer of the battery—if so an entrance fee of $1 must be paid.

Garrison Batteries—Firing competition, sixty-four pounder R. M. L. guns. Aggregate score, $15; individual scores:—One prize at $15, and at $10, one at $8, two at $5, two at $4, and two at $2, or at the rate of $10 per battery.

Smooth bore competition—Individual scores:—One prize at $10, two at $8, two at $5, two at $4, two at $3, and five at $2.

Prizes to the value of $60 are offered in the shifting ordinance competition.

For general efficiency of field and garrison battery the Governor-General has offered a cup, valued at $75.

It is not yet known whether all the Ontario batteries will fire at the Woodbine, or whether they will be broken up and go to Port Hope, Colborne, and Toronto. The competitions will commence at the latter end of September. The Kingston Battery won the Gzowski cup last year.

The latest remedy for coughs, colds, croup, whooping cough, bronchitis, etc., is McGregor's Lung Compound. There is no remedy in existence containing any one of the active ingredients composing McGregor's Lung Compound so do not say you have taken everything until you have tried this for your cold or cough, and your opinion will be the same as all who have used it, viz., that it is the best. Sold in 50c and $1.00 bottles by T. S. Petrie, Druggist.

Scott Act Enforcement.

To the Editor of the Mercury.

SIR,—In the MERCURY of June 17th is a letter by one who misnames himself "Lover of Justice." His remarks having reference to a letter signed "A Lover of Order" are at least harsh, but in argument do not amount to much, and as hard words do not break bones, I will let them remain unanswered.

"Lover of Justice" truly says that "the foundation of all human laws ought to be based upon the eternal principals of right and justice, and so to a large extent the laws of civilized nations are based upon the commandments in the Decalogue, and the authority of Divine revelation, in Scripture. The authority of such laws is at once recognized by all good citizens, and their enforcement is necessary for the good order and preservation of society." To these truths friends of the Scott Act readily assent; but "Lover of Justice" tells us that the Scott Act is not of any Divine or Scriptural authority, but is merely a sumptuary law; and that it is not based upon principles of right and justice, and thence arises the difficulty of its enforcement.

In reply I would ask "Lover of Justice," 1st. Are no prohibition laws but those contained in the words of the Decalogue to be enforced? 2nd. If laws that may not be framed in the words of the Decalogue, "should be recognized by all good citizens, and if "their enforcement is necessary for the good order and preservation of society," as he tells us it is, he gives up his whole case. The Decalogue prohibits everything that dishonors God or injures man. The liquor traffic does both; God's law says "Thou shalt not kill." The "Grand Old Man" Gladstone, tells us that intoxicating liquors each year "destroys more people than war, pestilence and famine combined." It has been estimated that in Canada alone drink slays each year eight thousand people. The Scott Act aims to prevent that slaughter. Is not that in accordance with the spirit of the Decalogue? Therefore the Scott Act "should be recognized by all good citizens, and its enforcement is necessary for the good order and preservation of society." God's law says "thou shalt not steal." Judges, jailors, chaplains of prisons, and others well qualified to state the truth, tell us that at least three-fourths of all the crime committed is a result of the liquor traffic. The Scott Act aims to diminish crime. Is not that in accordance with the spirit of the Decalogue? Therefore the Scott Act "should be recognized by all good citizens, and its enforcement is necessary for the good order and preservation of society." So we might go through all the commands that are prohibitary in the Decalogue, and show that the liquor traffic has been everywhere always antagonistic to everything that is godly or good. It even fights against God, and is ever a curse to man. It is only evil, continually. The Scott Act aims to save lives from being destroyed, and property from being stolen; is in fact, if not in words, in accordance with the Decalogue and should therefore be recognized, and its enforcement aided (not hindered) by all good citizens

"Lover of Justice" tells us that the Scott Act is merely a sumptuary law. What if it be, is it, therefore, not to be recognized by good citizens nor enforced? The Scott Act does not say people shall not drink intoxicating liquors, nor does any law say they shall not eat putrid meat, or putrid fish, but the law does say putrid meat and putrid fish shall not be sold. Is not that a sumptuary law? does "Lover of Justice" find fault with it for prohibiting the sale of meat and fish unfit for food, and object to that law being enforced, the bad food forfeited, and the sellers thereof fined? I guess not; but all the putrid meat and putrid fish ever offered for sale never did a thousandth part of the harm that intoxicating liquors have done in one year. The scales that "Lover of Justice" holds must be very unfair ones indeed if he sanctions the prohibition of the sale of bad food, but does not sanction the prohibition of the sale of drink that are a thousand fold more harmful. Consistency thou art a jewel.

Another strange thing for "Lover of Justice" to complain that majorities rule. It is all right that majorities shall determine who shall be school trustees, aldermen, mayor, members of Parliament, and that municipal councils and parliaments shall by majorities, determine for or against matters that are sometimes of world wide importance, but when a majority votes for the suppression of the liquor traffic then the principle of majorities settling the matter is altogether wrong. Other people do not think so if "Lover of Justice" does.

With regard to what he says about the Police Magistrate and the Chief of Police, I at present say nothing more than that I believe that in the enforcement of the Scott Act both these officials have very important and difficult duties to discharge; and I have confidence that they both wish to enforce the Scott Act as well as the other laws, but in their efforts to do it they are greatly hindered by men who like "Lover of Justice" do their utmost to prevent its being enforced, and then shout long and loud that it is a failure. But the law, though at first set at naught, is mighty, and will at last prevail.

More anon from

A CITIZEN.

Guelph, June 21, 1886.

This is to certify that I have used McGregor's Speedy Cure for Dyspepsia and Liver Complaint, and do honestly say that if it cost me one hundred dollars ($100.00) a bottle I would not be without it, as it has done me more good than all the medicines I ever used, and I feel like a new man.—Yours truly, Alex Steel, Carleton Place, Ont. This medicine is for sale at 50c. and $1.00 per bottle at Thos. S. Petrie's Drug Store.

geod&wly

THE LION

Guelph Must Boom.

Times are on the mend. Let us rise equal to the occasion and improve our opportunities. We have within ourselves all the requisites for building up a large, wealthy and prosperous city, but we are just now at that stage of development when all our resources must be called into play and used to advantage, or else we sink into that lethargic state that so often overtakes places that once had the prospect of developing into a prosperous community.

We would raise the warning signal now while there is time to retrieve our past mistakes and profit by our experience. If we let the cycle of prosperous years, which we believe are soon to visit Canada, roll round without improving our opportunities the next prosperous term may see us so far in the van that it will be a hopeless chase to overtake towns that are now behind us in everything, except a desire to see their own community increase. If we allow our manufactories to close up and move away without any effort on our part to retain them; if we see manufactories starting up in other places, which we might have had for very little cost to the city; If we sit calmly by in indolent lassitude and allow the G. T. R. to have a monopoly of our trade and the C. P. R. to cut off a large section of country, with which we at one time did a large trade, without any effort on our part to construct a line of railroad which would break the monopoly of the G. T. R. on the one hand, and reconnect a large trade which we have lost on the other, which Line we have reason to believe would prove a paying speculation from the first. The result must prove disastrous.

It seems to us very strange that a large place like Guelph occupying such a central position in this country of railroads should have actually only one line and that the greatest monopoly, perhaps with one exception, in the land.

We can have the proposed railway, but we have got to build it, and furthermore we can build it and make it pay. If the city will not take the responsibility let a joint stock company be formed. We have confidence enough in the good judgment of the ratepayers of Guelph to believe that they would see it to their interest to bonus such a company handsomely

The advantages of such a line would be innumerable. Somee of the immediate benefits would be the reopening of Mr. Spence's mill, enlarging the trade of all our manufacturers, especially in the iron and milling line, where the freights are heavy, the cultivation of a wholesale and the increase of the retail trade of our merchants, our market would increase and Guelph would become more of a shipping port. Manufacturers would settle here without any further inducements than those offered by the natural advantages of Guelph. We have no doubt that this railway would make Guelph boom for years to come, and would give her such a start as would enable her soon to take rank among the first cities in the land. Then let her boom, for boom she must. If we could only recognize the value of our heritage there is no place like her in Ontario

"Where every prospect pleases
And naught but man is vile."

Let us prove worthy sons of noble sires, and all must be well for our city.

IN MEMORIAM.

Royal Lodge A. O. U. W. Honors the Memory of their Late Brother, Fairley, P. M.W.

In the death of the late Benjamin Fairley, the members of the A. O. U. W. in this city, and more especially of Royal Lodge No. 60, wich which the deceased was more intimately connected, sustained a loss which was keenly felt and which it was unanimously resolved to commemorate. In fulfilment of this resolution, the brethren have had erected on the wall at the upper end of their hall, on the corner of Wyndham street and Market Square, a memorial marble tablet, the work of Mr. J. H. Hamilton, shaped like a shield, and inscribed as follows:

Erected by Royal Lodge, No. 60,
A. O. U. W., Guelph,
IN MEMORIAM
Bro. B. Fairley, P. M. W.,
Died May 5, 1886,
Aged 42 years.

Be ye also ready when He cometh.

The tablet is embellished with the symbols of the Order, anchors, flowers, etc., and contains an excellent photograph of the late Mr. Fairley.

Last evening the hall was well filled by members of the Order and their friends to witness the ceremony of unveiling this mark of esteem. Festoons of crape hung along the walls were in keeping with the character of the occasion and the tablet was concealed from view by two heavy crape curtains. Shortly after 8:15 Master Workman E. Cunningham brought the gathering to order and the hymn "Shall we Gather at the River" was sung, after which Bro. Chas. Pettiford was called on for a few remarks. He referred feelingly to the occasion which had brought them together that evening, and after naming the brethren whom they had lost in the past, spoke of P. M. W. Fairley and the unanimous wish of the lodge to preserve his memory in some tangible way. A committee had been appointed for this purpose, and they would now have an opportunity of seeing the result of the committee's labors. (The tablet was here unveiled). Continuing, Mr. Pettiford said that he had been acquainted with their late brother for fifteen years in almost daily intercourse. He knew of his sterling character, his honesty and sincerity in all his dealings and his warm advocacy of the cause of moral reform. What was praiseworthy in his character they should imitate. In domestic life he was a loving husband and father, and his memory would long remain green in the memory of his brethren.

P. M. W. Bilton gave a short sketch of the history of the Order its aims and benefits, more particularly in the Beneficiary branch, from which it appeared that hundreds of widows and families had reason to feel grateful for the helping hand of their Order.

Rev. Bro. J. C. Smith, as Mr. Fairley's pastor, bore testimony to his moral worth and how in contact with him he gave evidence of the grace of God in his heart. His virtues should act as a stimulus and inspiration to those left behind. He could say with the Great Master Workman "I have finished the work that thou gavest me to do," and would be sure of his welcome home.

Bro. W. H. Zeigler explained the objects of the Sick Benefit Society and the Relief Society in connection with the beneficiary scheme, and illustrated the completeness and system of the workings of the A.O.U.W.

Rev. Bro. D. McGregor, M. A., spoke a word or two on the nobility of Christian character, and as he believed it to be exemplified in their late brother's life.

Rev. Bro. J. W. Holmes recalled the first impression that he had received when thrown in contact with Bro. Fairley, and on closer acquaintance had seen no reason to change his first opinion that he was a man of high Christian character.

Rev. Dr. Griffin had often been mistaken in first impressions, but thought no one could mistake the late Bro. Fairley. He had worked with him in the cause of morality and temperance, and considered him one of the worthiest men he had ever met. He believed that these benevolent societies, far from hindering church work, had a great deal to do with the destruction of the drinking habits of the age. He would like to see the women organize, as by that means they would save money, which was now often frittered away.

James Innes, M. P., thanked the members of the A. O. U. W. for the privilege of being present to add his testimony to the memory of the late Benjamin Fairley. He had felt deeply Mr. Fairley's death as he had known him for years, and esteemed him very highly as a true friend. In the columns of the paper he controlled no contributor was more welcome than the late Mr. Fairley. His earnest advocacy of all matters for the welfare of the community and the country had much influence. He stood fast by his convictions and principles, and was a good example of the right kind of citizen. He would urge the younger members of the Order to follow in his footsteps and throw in all their energies for the advancement of the moral interests of their fellow citizens.

Mayor Stevenson bore testimony to the trust reposed in Mr. Fairley by his friends and associates. He fulfilled his duty faithfully, and died as he had lived—an earnest Christian.

At intervals in the early part of the evening, a detachment from the choir of Norfolk street Methodist Church, assisted by Messrs. Fairbank and Wheatley, with Miss Stevenson as organist, rendered selections which were heartily appreciated. Miss Maddock gave a reading "In the signal box," and brought out fully the various phases of feeling in the piece. Mr. Wheatley and Miss Fielding were well received in their solos, but the damp weather of this week had affected the organ, more to the amusement of the audience than to the comfort of the singers and organist, and consequently it was deemed advisable not to attempt to carry on the musical programme. A vote of thanks to the singers, moved by Bro. Ald. Husband, and seconded by Bro. R. W. Stewart, and a verse of the ode of the order brought the proceedings to a close. Much credit is due to the committee, Messrs. Cunningham, Bilton, Pettiford, Fairbank, and Zeigler for the success of the ceremony.

Horsford's Acid Phosphate.

Specific Virtues in Dyspepsia.

Dr. A. Jenkins, Great Falls, N. H. says "I can testify to its seemingly specific virtues in cases of dyspepsia, nervousness and morbid vigilance or wakefulness."

The Fishery Dispute.

NEW YORK, June 25.—A Washington special to the *Commercial Advertiser* says: "The prospect is that the fishery dispute will be soon settled in a manner entirely honorable to both parties, and especially satisfactory to the United States, and the friends and champions of our fishing interests are much pleased with the way the affair has developed. The British Home Government has in effect notified Canada that her action was injudicious and precipitated, and has instructed the Canadian authorities to grant all the facilities which the United States fishermen really desire or have contended for. No further trouble on this score is apprehended."

MUGGINS CARDS FOR SALE AT THE MERCURY Office. Price 50 cents a pack

GLADSTONE AT MANCHESTER.

The Inhabitants go Wild with Enthusiasm.

MANCHESTER, June 25.—Mr. Gladstone addressed the electors of Manchester this afternoon, in the Free Trade Hall. He spoke for an hour and twenty minutes. For a while during his speech his voice was somewhat hoarse, he having spoken at several points between Hawarden and Manchester. The Premier met with a continuous ovation on the journey, and was received at Manchester with indescribable enthusiasm, thousands being assembled at the railway station to welcome him, and the streets being literally packed with people all the way from the depot to the Free Trade Hall. As the carriage bearing the Premier made its way through this long dense throng he was cheered continuously. When the carriage reached the hall the building was surrounded on all sides by an enormous assemblage, which started a lusty cheer at the sight of the Premier. The building was jammed, seven thousand people being seated to hear the speech. When Mr. Gladstone appeared upon the stage the scene beggarded description. The whole house rose in an outburst of enthusiasm. The cheering lasted exactly three minutes. The audience then sang "Auld Lang Syne."

At its conclusion Mr. Gladstone arose, and the cheering was renewed. The audience then sang, "He's a Jolly Good Fellow."

Destructive Fire.

Essery's planing mill in Toronto was completely destroyed by fire Friday morning. The building was a two story wooden structure, packed with dry wood. Essery's loss will be from $15,000 to $20,000 with not a cent of insurance.

ALLEN'S LUNG BALSAM

THE remedy for curing Coughs, Colds, Asthma, Croup, Diseases of the Throat, Bronchitis, Pains and Oppression of the Chest or Lungs, Difficult Breathing, and all the Diseases of the Pulmonary Organs. *No better remedy for Whooping Cough can be found.*

CAUTION.—Don't experiment with new and untried medicines, but always keep on hand this safe and sure remedy,—**Allen's Lung Balsam.**

MOTHERS, have you delicate, weakly children, who are always TAKING COLD, and subject to CROUP? Remember, there never was a case of CROUP which did not originate in a COLD.

ALLEN'S LUNG BALSAM IS YOUR REMEDY.

Physicians who have failed to cure their patients should try this medicine before they give the case up, as we know many valuable lives have been saved by being persuaded to give it a trial.

DO NOT DESPAIR because all other remedies have failed, but try this remedy, and you will not be deceived. *It will cure when all others fail.*

Allen's Lung Balsam is now put up in Three Sizes, Price 25c., 50c., and $1 per Bottle.

The 25c. bottles are put up for the accommodation of all who desire simply a Cough or Croup remedy. Those desiring a remedy for Consumption or any Lung Disease should secure the Large $1 Bottles.

Sold by all Medicine Dealers.

CAMPBELL'S TONIC ELIXIR

This agreeable yet potent preparation is especially adapted for the relief and cure of that class of disorders attendant upon a low or reduced state of the system, and usually accompanied by Pallor, Weakness and Palpitation of the Heart. Prompt results will follow its use in cases of Sudden Exhaustion arising from Loss of Blood, Acute or Chronic Diseases, and in the weakness that invariably accompanies the recovery from Wasting Fevers. No remedy will give more speedy relief in Dyspepsia or Indigestion. For Impoverished Blood, Loss of Appetite, Despondency, and in all cases where an EFFECTIVE and CERTAIN STIMULANT is required, the ELIXIR will be found INVALUABLE.

Price $1 per Bottle or Six Bottles for $5

Beware of Imitations.

The Liberal Platform.

The Tory press are in the habit of saying that Mr. Blake and the Liberals have no policy and no platform. After the explicit statements of Mr. Blake at the banquet of the Young Liberals at Owen Sound last week they will be deprived of any complaint on this score. In his very able speech on that occasion the Leader of the Opposition laid down a clear and distinct platform. We quote his language. He said:—

The Tory party feels that the issues present and pressing upon us, issues which arise very largely out of the contrast between their pledges and promises and their practices and their performances, are very dangerous issues for them. They would like to blink those issues. They would like to lead us away and then ask us to come away to something else and something different. They declare that the Reform party has no policy. The Reform party for the last six years during which I have had the honor to lead it, has had an alternative policy with reference to almost every important and disputable proposition brought forward by the Tories. With reference to the Canadian Pacific Railway, to the system of settlement and administration of the affairs of the great North-west; to the independence of Parliament; to the relations between the Dominion and the Provinces; to the fishery and reciprocity negotiations; to the scale of expenditure; to the increase of our load of debt; to the tariff system; with reference to the plan of our taxation; to the license legislation; to the Franchise legislation; to the encroachments on Provincial Rights; and to many other questions with which the Tories have dealt in the last six years, we have shown from year to year, from session to session, not only good grounds why their propositions should not receive your assent, but also that there was a better and more excellent way to which we pointed, but in which they refused to follow us. Now, when the period arrives at which we are once again to appeal to the people, they would be very glad if the Reform party, or any portion of that party, were to put to one side as minor matters, as unconsidered trifles, as things not now to be seriously discussed, their own failures, and the respective policies of the two parties on these questions and the melancholy contrast between their promises, professions, and pledges, and their practice and performance in these matters, their lamentable failures, and their gross betrayals of duty, and were to say, "There is nothing to fight about in respect of these things." They would be delighted if the people of the country at large would agree with that view, would treat these all as "dead issues," as they call them; would give them a discharge in full in respect of these sins of omission and commission, and would agree that the Tories were entitled to receive a renewal of the confidence of the people of the couhtry, unless the Reform party should produce some other and some fresh reasons why they should be deprived of that confidence. But this will not do; they are to be tried on these questions, and on these questions they are to be condemned. But the Reform party, besides discharging the plain and obvious duty of pointing out what was wrong in the Tory policy, and of presenting an alternative policy on these subjects, has also indicated certain important changes, improvement, and reforms which it believes to be practicable, in the public interest, and ripe for execution. I referred to some of these in my speech to-day, the questions of the reform of the Senate by making it elective; of the right (subject to securities for the Provinces) to amend our own constitution; of the right to make our own commercial treaties with other nations. (Cheers.) A matter of great moment as to our relations with the U.S., and other countries; of the definition, maintenance and establishment upon a firmer basis of our local liberties and Provincial rights (renewed cheering); of extradition arrangements, and of copyright; of civil service reform, by the introduction of the principle of merit instead of patronage as the key to office; of the superannuation abuse under which $150,000 a year net of the public moneys are being paid every year as pensions to civil servants, after paying them adequate salaries during the period of their service. (Loud cheers.) We have proposed reform also in the system of state aided and unduly forced immigration, under which such miserable results have been attained, under which such gross jobbery has grown and flourished, which seems to have done little good and which has involved such a waste of money. We propose to revert to the Provincial franchises and voters' lists, as more consistent with the federal principle, simpler and more economical, more likely to give due expression in Parliament to the mind of each Province, than any Dominion franchise; but we propose, if there is to be a Dominion franchise, a more constitutional method of making the lists, and a simpler franchise. I do not wish to force my views on any other Province, but my opinion is that the best Dominion franchise that can be devised is residential registered manhood suffrage; and I am for the principle, "One man, one vote." We propose also to restore the independence and respectability of Parliament by rendering impossible the continuance of the shocking state of affairs partly developed last session; a state of affairs which has shocked the community and should of itself ensure the condemnation of the Government. I have not time to carry on the catalogue; I must pass to another point. There are important questions which are coming up in the near future which are almost present and at our doors—some of which may become party questions, others which may be best dealt with otherwise. Among such questions I may name the temperance question, in respect of which the Reform Government of Mr. Mackenzie did what it believed to be its duty, and undertook, at a fitting season, the responsibility of proposing a measure which was believed to be the best adapted to the public opinion of the day. At that time those interested in the temperance question pressed, and pressed earnestly on the Reform Government that it was their duty, as they had the power, to legislate. The Tory party then pressed the same view. Since that time it has appeared, as almost always happens in the train of a great statute, that whether by unhappy interruptions or diversity of meaning to which the language was fairly open, or by oversight, practical difficulties exist in the working of that Act, and for some years efforts, I regret to say abortive, have been made to procure a remedy for these practical difficulties. But the Government now in power has not undertaken the duty of introducing or even of facilitating the amendatory legislation necessary to give effect to the declared intentions of Parliament and the people, in the same manner in which the Government of Mr. MacKenzie undertook the discharge of the duty incumbent upon them when they were in office. Nor, I must say, have I observed the same pressure put on the Tories which was put on the Reformers in this regard. The question, however, has advanced. It has assumed still larger proportions, and in its wider phase of to day it now presses on our minds. I hope and believe the Young Liberals will be formed very largely on the side of temperance. Again there looms up, ever nearer, the great question of one devotional future. And connected with this are various other questions of great magnitude. There is also the question of the relations of labor to capital, a vast subject now calling for our earnest thought.

The Toronto Diocesan Synod on Wednesday appointed clerical delegates to the Provincial Synod.

INSURANCE LECTURE.—A very small audience greeted Mr. Paterson on Thursday night at his lecture on Insurance in the City Hall. On account of the absence of the Mayor at another meeting the chair was taken by Mr. St. George Scarlett, who introduced the lecturer. Mr. Paterson, in opening his address, made a few remarks on the subject of insurance and then launched forth into the aims, objects and requirements of the Mutual Reserve Association, which he had the honour to represent. In the first place he showed that the death expense of the Mutual Life of New York during 81 years of its experience was from 20 to 25 per cent. below the American mortality table, or less than one-third the rate actually charged. So that one-third went to pay death claims, and the remaining two-thirds for expenses or reserve fund. He also showed that the reserve fund of an old line company could not be used to pay any increase of expense, and that no part of it could be touched until the policy became a claim, and that there were in the hands of insurance companies millions of the people's money that could not be touched, and was in no way a security for the policy holders, because so soon as a company has to draw on the reserve fund they become insolvent, and the receiver must take chances and wind them up. The speaker then showed that the lapses were at least from 10 to 15 for every policy that became a claim, that is for every man who continued his payment until his policy became a claim, from 10 to 15 gave theirs up. This part of the lecture was illustrated by a number of diagrams and tables taken from the insurance reports. For every dollar paid to policy holders by old line companies four dollars was collected. An invitation was then extended to any person to refute these statements, and Messrs. Owens and Martin took the platform and explained the manner in which the old liners transacted their business, and read from blue books giving the standing of the different Insurance Companies of the country. Mr. Paterson replied and the meeting closed with the usual votes of thanks.

Curious Island Custom.

WASHINGTON, D.C., June 25.—United States Consul Griffin, of Sydney, made some exhaustive studies of the inhabitants of New Britain, an island in the South Pacific Ocean. Among other things he says the inhabitants have a custom of confining their girls in cages until they are old enough to marry. This custom is peculiar to that island and without parallel among other inhabitants of the south seas. The cages are made of twigs of palm trees. The girls are put into them when they are 2 or 3 years of age. The cages are built inside of the houses. The girls are never allowed to leave the house under any circumstances, and are only taken out of the cages once a day to be washed. The houses themselves are closely fenced in with a sort of wickerwork made of reeds. Ventilation under the circumstances is rendered difficult but the girls are said to grow up strong and beautiful in spite of these disadvantages.

OVER WORKED Women

For "worn-out," "run-down," debilitated school teachers, milliners, seamstresses, housekeepers, and over-worked women generally, Dr. Pierce's Favorite Prescription is the best of all restorative tonics. It is not a "Cure-all," but admirably fulfills a singleness of purpose, being a most potent Specific for all those Chronic Weaknesses and Diseases peculiar to women. It is a powerful, general as well as uterine, tonic and nervine, and imparts vigor and strength to the whole system. It promptly cures weakness of stomach, indigestion, bloating, weak back, nervous prostration, debility and sleeplessness, in either sex. Favorite Prescription is sold by druggists under our *positive guarantee.* See wrapper around bottle. **Price $1.00, or six bottles for $5.00.**

A large treatise on Diseases of Women, profusely illustrated with colored plates and numerous wood-cuts, sent for 10 cents in stamps. Address, WORLD'S DISPENSARY MEDICAL ASSOCIATION, 663 Main Street, Buffalo, N. Y.

SICK HEADACHE, Bilious Headache, and Constipation, promptly cured by Dr. Pierce's Pellets. 25c. a vial, by druggists.

Spring, 1886.

BEWARE

OF WORTHLESS IMITATIONS

As there are many inferior goods, corded with jute, hemp, etc., offered and sold as Coraline by some unprincipled merchants trading on the reputation of our genuine Coraline, we warn the ladies against such imposition by drawing their attention to the necessity of seeing that the name

'CROMPTON CORSET CO.'

is stamped on inner side of all Coraline goods, Without which none are genuine.

HENRY METCALF
Cork Street, Guelph.

Probabilities.

Moderate winds, mostly northerly; fine, pleasant weather to-day and to-morrow.

Local News.

EX-ALD. BURNS is having the street opposite his property on Northumberland and Glasgow streets boulevarded.

MR. MCGIVERIN, editor of the Galt *Reformer*, has been installed Worshipful Master of the Masonic Lodge in that town.

THE saw mill of Messrs. Smuck & McCardy, Mulmur, along with a quantity of lumber, was destroyed by fire on Friday evening last.

SOME inquisitive person sent Sarah Bernhardt a set of printed questions to fill out. Among them was, "What's your favorite animal?" She answered "Man."

L. O. L. No. 1188, held a grand picnic in Short's Grove, 3rd concession of Garafraxa, on Saturday the 19th inst. The receipts amounted to $111, clear of expenses.

A MOVEMENT is on foot to have the Milton town bell rang on Sundays for the convenience of those who attend the various churches. Each of them will contribute their quota towards the expense.

THOMAS HUGHES, of the Dominion Hotel, Fergus, says that the Scott Act is like Dr. Clark's medicine, if it will do the hotelkeepers no good it will do them no harm. It's a grand success for both parties.

POSTMASTER STIRTON is not confined to his bed as stated in the *Herald* of Saturday, although he has been pretty much confined to the house with bronchitis for several days. We are glad to learn that he is slowly improving.

MR. WALTER HEROD, son of Dr. Herod, is home for his holidays from the Medical College, Toronto. He has passed his examinations very successfully and will practice with his father, Dr. Herod, during vacation.

REV. WM. D. GRAY, of Columbus, Ohio, occupied the pulpit of Dublin-st. Methodist church yesterday morning, and in the evening Rev. Dr. Griffin preached a temperance sermon. Good congregations were present at both services.

MR. WM. A. CLARKE, who has been with Mr. G. D. Pringle, jeweller, for the past six years, has purchased the bankrupt stock of Wm. S. Smith, and has opened out in Smith's old stand with a large additional stock. We wish him every success and prosperity in this his venture into business.

BENJAMIN C. RIGGS, charged with assault with attempt to rob Scott's Banking House, Palmerston, on the 14th June, came before His Honor Judge Drew for sentence this morning. A numerously signed petition from Palmerston was presented, in behalf of the prisoner. He was sentenced to two years in the Kingston Penitentiary.

FOR THE LAND OF BROWN HEATH.—The Rev. J. C. Smith, of St. Andrews' Church, left this afternoon for "the land of brown heath and shaggy wood," for the benefit of his health. He will spend a week in New York with friends before he sails by the Furnessia. Mr. George Forbes and Capt. John Davidson will sail by the same vessel. The latter does not leave until Wednesday.

PASTE this on your pig styes, if you have any: On and after the first day of May, by an Act passed by the Ontario Government, all pigs must be moved outside of the corporation or kept at least 70 feet away from any house, dwelling or street. Even if they are 70 feet away from the prohibited places, the pen must have sloping floors and must be cleaned out once every day.

RELICS.—Mr. David Boyle, formerly of Elora, secured last week, on Withrow Avenue, Toronto, once the site of an Indian Cemetery, for the archæological collection of the Canadian Institute, a stone tomahawk, stone knife with hole, three stone chisels, one flint scraper, an arrowhead, a number of fragments of pottery and twelve almost perfect skulls. It is supposed the relics are of the Massassaga tribe.

TYING HORSES TO SHADE TREES.—A fine large tree on the Elora Road is so badly damaged by horses being tied to it, that it will likely die. People who are in the habit of tying horses to shade trees are liable to a heavy fine. It is very annoying to any one who has gone to the trouble of beautifying their property by planting trees and otherwise improving the street, to have some thoughtless individual come round and tie his horse to the trees or drive over the boulevard with a heavy wagon. It is to be hoped a stop will be put to the practice.

AT a regular meeting of Wellington Lodge A.F. & A.M., Erin, Wednesday evening last, the following officers were duly elected for the ensuing year:

Bro. W. Conboy, J. P. M.
" Chas. Overland, W. M.
" Thos. Wansbrough, S. W.
" G. F. Sutton, I. W.
" H. Dunbar, Chap.
" Wm. McDowell, Treas.
" W. A. Richardson, Sec.
" C. J. McDonald, Tyler.

STEALING FLOWERS.—Stealing flowers from gardens is all but too common about this season of the year, and is most annoying to householders who take a pride and pleasure in raising and attending to them. On Sunday evening Mr. E. Stannard caught a girl about 17 years old stealing flowers. He let her depart in peace. Of course Mr. Stannard's leniency is commendable, but it might have a salutary effect on these sort of flower fanciers if an example was made of some of them. Potted flowers on verandahs suffer equally with garden flowers.

Many imitators, but no equal, has Dr. Sage's Catarrh Remedy.

STRAWBERRY and ice cream social at residence of Prof. Mills, O. A. C., July 1st. d1.

LAST week, Mr. Peter McQueen, who lives just east of the city limits, lost a valuable horse from inflammation.

MR. W. A. CLARK has purchased the stock of jewellery and watches of Mr. W. S. Smith, and has started business for himself. Mr. Clark is a young man long and favorably known in Guelph, and late of Mr. G. D. Pringle. Being a practical watchmaker we bespeak for him a large share of patronage, and wish him a prosperous career in his new undertaking. d1

MR. W. PHILP resumed his classes this morning. He has vacancies for piano pupils. d1

No Council to-night.

MRS. JOHN DORAN leaves to-morrow for a trip on the lakes for the benefit of her health.

THE Speed Skating Rink will be opened on Dominion Day, when special attractions will be offered.

WM. MAHONEY killed a snake near the Victoria Bridge the other day measuring two and a half feet in length.

DURING the absence of the Rev. J. C. Smith, the Rev. Dr. Torrance will act as Moderator of the Presbyterian Session.

AN excursion comprising three passenger cars of Grangers from Drayton will visit the Agricultural College to-morrow.

THE butchers challenge the printers to play the annual match of baseball on Thursday afternoon on the Maple Leaf grounds.

SEVEN tenders were received for the erection of the gymnasium at the Collegiate Institute. The contract was let to Mr. George Stevens.

HARRY BUCKLER, of the Templeton Mikado Company, New York, is in the city to-day arranging for a performance on the 2nd and 3rd July.

MR. James Arthur, corresponding clerk for the G. T. R. here, has sent in his resignation. He is going to Port Arthur to be head book-keeper in Sutherland & Co's wholesale grocery establishment.

JUDGE DREW opened his final Court of Revision of the City Voters' List for the Dominion elections, in the Court House, at ten o'clock to day. The Court will occupy some days.

A non-commissioned officer of B battery was trying to break in a young colt on the Market Square to day, but with little success. It was apparent to the onlookers that he required a lesson in horsemanship.

THE BERLIN SANGERFEST.—Musicians of Guelph who have promised to take part in the Oratorio of "The Creation," and others who would like to do so are requested to bring copies (if they have them) and meet for practice in the parlors of the Wellington Hotel on Tuesday evening at 7·30. d2

PRESENTATION.—A pleasing gathering will take place in the lecture room of the Norfolk street Methodist Church to-night at 8:30 o'clock when the officials of the church will present Miss Clara Stevenson with a handsome present. An invitation is extended to all the friends of Miss Stevenson who may desire to be present.

AT the annual sports of the Bankers' Athletic Association, held in Toronto, on Saturday, Mr. G. M. Gibbs, Guelph, won the mile race in 4:46 min., and the half mile race in 2:18 1-5th min. Mr. T. S. C. Saunders, also of Guelph, won the running high jump with 5 ft. 2½ in. and was second in the 120 yards hurdle race.

A town volunteer came into the city to day to transact some business at a bank for his superior officers. It was noticeable that he dismounted and mounted his horse on the wrong side. The only reason that can be assigned for this breach of military discipline is that he did not know the right side to dismount or mount on, or that he was afraid of taking the shine off his boots by dismounting on the street.

Corpus Christi.

The solemnity of Corpus Christi was celebrated yesterday in the Church of Our Lady with unusual pomp. The Most Blessed Sacrament was exposed on the High Altar at the beginning of the first mass. At this mass a large number of the congregation received Holy Communion. Solemn high mass Coram Sanctissimo (in presence of the Most Blessed Sacrament) was sung at 10:30, Rev. Father Doherty being celebrant, Father Plante Deacon, Father Kiely sub-Deacon. The music of the mass was the same as on Trinity Sunday, under the direction of Mrs. James C. Keleher, with Miss Maggie Hughes as organist. After the mass the procession formed at the South Transept door according to programme. There were some three hundred children in the procession, bearing bannerets. They were followed by the members of the Young Ladies Sodality, the banner of Our Lady Immaculate being borne by the President, Miss Dandeno. The members present numbered over fifty. They were followed by the Married Ladies Sodality in full attendance, bearing the banner of the Sacred Heart. Then followed the Men's Sodality, the Catholic Mutual Benevolent society, the League of the Cross, and the Society of St. Vincent de Paul, numbering about two hundred.

The following gentlemen were appointed to bear the canopy:—John Harris, James Mays, M. P. Doyle, Dr. Nunan, J. E. McElderry, Thomas Coffee, Maurice O'Connor, T. J. Day, Edward O'Connor, John Murphy, Mount Tara, Patrick Purcell, P. J. Woods.

The canopy is a beautiful work of rich white silk, rising in ogival form to a centre and surmounted by a gilt cross, the work of the Altar Society. It is festooned around with deep lace and bordered at the base with a band of crimson velvet.

The way of the procession had been marked out with young maples in two rows extending around the entire church.

On the signal being given, the celebrant moved, preceded by the altar boys with fuming censers to the main altar, bowed profoundly, and ascending to the uppermost step received from the Deacon the rich Ostensorium containing the Sacred Host. Bearing the Ostensorium and following the sacred ministers he went through the church to the south entrance, and descending the steps passed under the the canopy. The choir of the church intoned the Pange Lingua, prescribed by the Ritual, and the procession moved slowly on along the south aisle wall. Four little boys scattered flowers from step to step, immediately before the canopy. On reaching the front at the north corner the procession halted at the first altar erected at the Conventwall, and beautifully adorned by the ladies of Loretto. Here the Tantum Ergo was sung and benediction given. The procession then moved on along the north aisle and around the seven chapels, and reached the second altar, at the south Transept, decorated by the ladies of the congregation.

Here again the Tantum Ergo was sung and benediction again given. The procession then moved into the church where the final benediction was given from the main altar.

A large number of persons were assembled to witness the ceremony and all agree that it was the most beautiful ever witnessed on the Hill.

The weather was delightful, the order of the procession perfect, and behaviour of those present devout and reverential.

The Artillery Camp.

At 10.15 on Sunday morning, the Artillery Brigade were mustered in the horse ring at the Exhibition Grounds for church parade. The brigade was inspected by the officers of the brigade and afterwards by Lieut. Col. Macdonald, in command. When all was in readiness, the City Band, which had kindly rendered their services, headed the brigade playing sacred music along the march from the camp grounds to London Road, along Elora Road to St. Andrew's Church. When in front of the church the brigdae was wheeled into line and marched into the church, two deep, "A" battery entering the right aisle, and "B" battery the left. Seats in the centre of the church were reserved for the brigade. The church was so crowded that it was found necessary to place benches along the aisles. The Rev. Mr. Knox preached a short and appropriate sermon for the occasion, which was listened to with interest. The Rev. J. C. Smith, B.D., pastor, opened and closed the services, and offered earnest and suitable prayers. The choir, under the leadership of Mrs. Whitehead, Mrs. Clark presiding at the organ, furnished excellent music. After leaving the church the artillery were formed, and marched along Norfolk and Quebec streets to St. George's Square, where the band played a tune and retired, after which the men were marched along Wyndham street back to camp, when they were dismissed.

In the afternoon the tents and stables were inspected by Col. Macdonald, who expressed satisfaction at the manner in which he found everything.

This (Monday) morning light parade was gone through at the grounds near the old Bull Frog. The usual drill was held in the morning.

A noted merchant tailor of Wyndham street visited the camp yesterday. He felt weary after the tramp and some of the men having a fellow feeling for him presented him with what was supposed to be a refreshing draught. The draught turned out to be good Canadian coal oil.

Killed on the Railway.

NIAGARA FALLS, Ont., June 27.—Bryan Sullivan, a young man of about 20 years of age, in the employ of the Niagara Falls Brewing Company, boarded the New York Central train at the Falls depot this afternoon, and in attempting to jump off the train when passing the brewery, a distance of half a mile from the depot, the train running at a high rate of speed, he was thrown under the wheels, one car passing over the right arm and side. When last heard from he was still living, but could not live over an hour.

Fire in Riversdale.

RIVERSDALE, June 26.—Thursday night about eleven o'clock the saw mill owned by John Lockhart accidentally caught fire, and in a short time was a heap of ashes. There were large piles of lumber near the mill, but the neighbors rushed to the rescue and through their perseverance in fighting the flames they saved his large stock of lumber, with the exception of between 30,000 and 40,000 feet of hemlock. The mill was insured for $1,000.

Henry Ward Beecher in England.

LIVERPOOL, June 26.—The Rev. Henry Ward Beecher reached here this evening on the Etruria. A throng of people had gathered on the dock to bid him welcome to England. Delegations from a number of organizations were on hand to receive him. The American Consul and many prominent men called upon him at the North-western Hotel. An invitation was received to be present at the city Liberal meeting on Monday night when Gladstone is to speak. Mr. Beecher was indisposed nearly all the way over.

Serious Charge Against a Minister.

SACKVILLE, N. B., June 25.—For some time past religious circles in the Maritime Provinces have been greatly shocked by reports and investigations of charges of immorality against Rev. D. D. Currie, the most elequent preacher of the Methodist Church in these Provinces, ex-President of the New Brunswick Conference, formerly editor of *The Wesleyan*, and a prominent member of the Methodist General Conference of Canada. He is about 55 years old. While preaching at a small settlement in New Brunswick he is alleged to have seduced the daughter of a prominent local Methodist at whose house he stayed. Other charges of adultery were subsequently preferred. He vehemently denies the charges and denounces them as atrocious attempts at blackmail. A thorough investigation is to be made.

The Fishery Question.

WASHINGTON, June 26.—A press despatch from Montreal quotes the Hon. Mr. Chapleau, Secretary of State, as saying, in reference to the Fisheries Question, that it might involve the people in serious complications, but that he had faith in President Cleveland and Congress, and had no doubt that the question would be brought to a practical and equitable solution. It is absolutely certain that the Fisheries Question will not be settled by Congress at least before it meets next December, and although there is a prevalent belief that the Secretary of State is at present attempting to negotiate a treaty touching this question with the Imperial Government through the American Minister at the Court of St. James, that treaty, when negotiated, cannot be acted upon in the Senate until next winter.

Attempted Double Murder.

Robert McCulloch, of Hamilton, got drunk in Hamilton Saturday night and visited the house where his wife is staying. After forcing an entrance into the house he attacked his wife with a razor and attempted to kill her by slashing at her throat. The blow fell short and inflicted a terrible gash extending from the left eye down to the lips and crossing to the right cheek. He next turned his attention to his brother-in-law, named Jno. Murphy, saying: "I have killed her, and I will be hung anyway. I'll kill you too." Murphy, who is a powerful man, succeeded in overcoming his opponent in the struggle. However, he had his hands butchered in a fearful manner by the razor. McCulloch also attempted to take the life of a man named Begley. Begley is fleet of foot and succeeded in getting away from the open razor. McCulloch has been arrested and claims that he was mad with drink and did not know what he was doing.

MR. T. J. DAY has sent to this office the July number of St. Nicholas. It is just the magazine for boys and girls.

News Items.

David Davis, of Illinois, is dead.

Germany has stricken Prince Alexander off its army roll.

The G. T. R. shops at London are being removed to Windsor.

The Liberal Unionists of Ulster have issued their manifesto.

Dr. McCollum, a Niagara dentist, shot himself Saturday.

Over fifty people were killed in the recent Chili election riots.

Sir William Gull, physician to Her Majesty the Queen, is very ill.

The Lake shore strikers ditched another train at Chicago Saturday.

The Metropolitan Radical Association has issued a Gladstone manifesto.

Medicine Hat, N. W. T., is preparing a reception for Sir John Macdonald.

Mr. Randall will introduce his Tariff Bill into the House of Representatives to-day.

Mr. Parnell addressed an enthusiastic meeting at Portsmouth, Eng., on Saturday.

Goldwin Smith, after a long stay at Oxford and elsewhere, has arrived in London.

Sir John Macdonald is to speak at a Catholic picnic at Carleton Place to-morrow.

Four persons were crushed to death in a collision between two freight trains near Creston, Iowa.

Mr. Wm. Patterson, M.P. of Brantford, will speak at Durham on Wednesday, the 30th of June, at 7.30 o'clock p. m.

Further fighting has occurred in Burmah between the Dacoits and the British troops. The latter lost seven killed and twenty-three wounded.

Since the opening of the spring 15,000 head of cattle have been imported from Eastern Canada, principally Ontario, into Manitoba and the North-west.

A commission of British officers has arrived at Quebec and will travel through Canada for the purpose of seeing if supplies of horses suitable for the army can be secured here.

Dr. Bergin, M.P., claims to have let a contract for the construction of his Ontario Pacific Railway from Cornwall to Sault Ste. Marie. The contractors are said to be New York men.

At the Reform Convention held in Warkworth on Thursday last, Dr. Mallory was elected the candidate for East Northumberland at the next general election for the House of Commons.

Mrs. Mackay is about to achieve a rare social triumph at the British capital. This is only her second season in London, yet the Prince of Wales has promised to be present at the dinner she gives on Monday.

The King of the Belgians has offered to the Count of Paris for a residence the royal palace at Ciergnon. The offer was declined, but the Count promises to pay a prolonged visit to Brussels in the autumn.

Matthew Arnold delivered his new lecture on "Some Aspects of Foreign Education," at the Chapter House, Buffalo, on Saturday evening. The hall was filled, and Mr. Arnold received a warm welcome.

Messrs J. B. Rolland & Son, of Montreal, have obtained the contract for supplying the Dominion Government with tub sized, air dried and loft dried papers. This class of paper, the *Witness* learns, has heretofore been imported from Great Britain and the United States.

At the final revision of the Dominion Voters' List for West Lambton, the Reformers made a gain of 104 in Sarnia town; 22 in Wyoming; 63 in Sarnia Township; 71 in Moore; 55 in Plympton, and 44 in Point Edward, making a gain of 360 in the Riding.

Mr. Blake has arranged for additional meetings in his constituency as follows:—Hampton, Town Hall, Monday, July 5, at 7:30 p.m.; Kendall, Sons' Hall, Tuesday, July 6, at 2 p.m.; Newcastle, Town Hall, Tuesday, July 6, at 7:30 p.m.; Bowmanville, Town Hall, Wednesday, July 7, at 7:30 p.m.

The latest of many compliments to the Indian and Colonial Commissioners now in London was a ball given in their honor at Guildhall last night by the Lord Mayor and Sheriffs. There were 5,000 invitations, and over 4,000 persons were present, the men all wearing court dress or uniform, and the whole scene being of great splendour.

The period for entering appeals against the Dominion Voters' List of Camden, Addington County, expired on Tuesday, and that for Sheffield on Thursday, in the former municipality the Conservatives have 101 appeals and the Reformers 75, and in the latter the Conservatives had 28 and the Reformers 70.

Horsford's Acid Phosphate.

Assists Mental Labor.

Prof. Adolph Ott, New York, says of the Acid Phosphate: "I have been enabled to devote myself to hard mental labor from shortly after breakfast to a late hour in the evening without experiencing the slightest relaxation, and I would not now at any rate dispense with it."

SERMON TO ODDFELLOWS.— The annual sermon of the Elmira Oddfellows was preached in the Presbyterian church in that village on Sabbath, by the Rev. Mr. Hamilton, of Winterbourne. A number of brethren from Elora and Fergus were in attendance, and the neat little church was filled to its utmost capacity. The rev. gentleman preached a highly interesting and instructive sermon on "Charity" which was much appreciated and met with the approval of all present. After being dismissed the brethren repaired to the magnificently appointed lodge room in the village, where congratulatory addresses were delivered by a number of the visiting brethren and others.

ADVICE TO MOTHERS.—Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of Cutting Teeth? If so send at once and get a bottle of "Mrs. Winslow's Soothing Syrup" for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers; there is no mistake about it. It cures Dysentery and Diarrhœa, regulates the Stomach and Bowels, cures Wind Colic, softens the Gums, reduces Inflammation, and gives tone and energy to the whole system. "Mrs. Winslow's Soothing Syrup" for children teething is pleasant to the taste and is the prescription of one of the oldest and best female physicians and nurses in the United States, and is for sale by all druggists throughout the world. Price twenty-five cents a bottle. Be sure and ask for "MRS. WINSLOW'S SOOTHING SYRUP," and take no other kind.

The Evening Mercury

MONDAY EVE'G JUNE 28, 1886.

The Reform Platform.

The great ovations which Mr. Blake everywhere receives when he undertakes to address a meeting shows very strikingly the great fact that the people are with him. At Chesley and at Owen Sound, where he delivered speeches last week, the crowds which greeted him with such enthusiasm afforded a fresh illustration of the overwhelming extent to which public opinion endorses his views. If only fair means were used by our opponents in election fights there is no doubt that long before this Mr. Blake would have filled the distinguished position of Premier of Canada. But unfortunately for this country fair means are not employed by the Tories. Bribery of every degree and kind is the weapon on which they depend, and in this way while Mr. Blake has in former elections had the sympathy and moral support of a majority, he has been deprived of the position which by right he ought to fill as the leader of a Reform Government.

At the approaching elections, come when they may—this year or next—the old corrupt practices which Sir John Macdonald knows so well how to put into practice, will once more be adopted. A few so-called leading men in each constituency, without any firmly fixed political—or it may be any other—principle, will be approached with seductive offers. If they should yield to the temptation and brazenly announce themselves conscientious converts honest voters, who would spurn a bribe, need not be alarmed, but let them withstand the influence of such individuals, remembering that they are nothing more than tools which can be bought and sold.

Certainly Mr. Blake's noble, elevated and able speeches should fortify all Liberals and cause them to stand steadfast. He shows that there is no class distinctions among the Reform party, such as our opponents would fain make believe. In his Owen Sound speech he said the Reformers were divided into three bodies, the advance guard, the main body and the rear guard. To the young men composing the former he accorded full and free liberty of discussion. Between them and other Liberals there is no class distinction, but in the freshness of life they realize most keenly that we are climbing the hill tops and that there are ever appearing fresh prospects and new horizons beyond. Perfect freedom of thought and action is the first principle of Liberalism, and therefore, Mr. Blake, being a true Liberal, concedes the right to all his followers to bring forward innovations, believing that such as have no merit will wither and die, while those which are good will grow and endure.

It is an old and oft-repeated fable with Tory speakers and their press that the Reform party have no policy. By this means they hope to mislead the people in order that attention may be directed from the gross misdeeds of the Macdonald Government. But Mr. Blake showed how absurd was this "no policy" cry. During the past six years, he said, the Reform party has had an alternative policy with respect to

The Canadian Pacific Railway.
The system of settlement.
The Administration of the affairs of the Northwest.
The Independence of Parliament.
The relations between the Dominion and the Provinces.
The Fisheries and Reciprocity negotiations.
The Dominion Expenditure.
The increase of debt.
The Tariff.
The plan of Taxation.
License Legislation.
Encroachment on Provincial Rights.
The reform of the Senate by making it elective.
The right, subject to securities for the Provinces, to amend our own constitution.
The right to make our own Commercial Treaty.
Extradition.
Copyright.
Civil Service Reform.
Superannuation.
State aided immigration.
The Franchise Question—either a return to the Provincial Franchise or Residential Manhood Suffrage and one man one vote.

And Mr. Blake added:

"We propose also to restore the respectability and independence of Parliament by rendering impossible the continuance of the shocking state of affairs partly developed last session; a state of affairs which has shocked the community and should of itself insure the condemnation of the Government."

Temperance and labor and capital are questions which also demand attention. Such are the matters with which the main body desire to deal with promptly. The rear guard, while at one with the two preceding sections urge the importance of moving cautiously.

Mr. Blake understands well his duty as leader of Liberals of every shade. On this point he said:

"I understand it as the duty of the leader to be, as far as possible, the leader of the whole party, and not of any section. It is a part of his duty to collect the common sense, and to ascertain what I may call the average condition of party opinion upon the public questions of the day, so far as it consists with individual freedom of thought to guide, while he is himself acted on by that opinion to take care that this average opinion so settled is effectually represented, and pressed forward in Parliament, upon the platform, and by the press, and to secure, as far as he can, that the party which he has the honour of conducting retains and increases its efficiency as a powerful instrument for promoting good government and reform in the country which he serves."

Then speaking for the Liberal party and himself he closed as follows:

"Let us, as we approach the period of the elections, close our ranks, advance our forces, push the enemy upon every favorable occasion from the indefensible positions which they have occupied for the last eight years, and press on those issues upon which the party is agreed, on which the party, as a party, is united, which it has made its platform of present practical reforms; and so acting and uniting, not forgetting the future, but dealing mainly with the present, which is the important thing as far as action is concerned, I believe we shall at no distant day march to an early, a glorious, and, I hope, a lasting victory."

THE Bill authorizing the Dominion Parliament to give representation to the Northwest Territories received the Royal assent on Saturday.

AN Order in Council has been passed making the inspection of sheep from the United States compulsory before the animals are permitted to enter Manitoba or the Northwest Territories, in consequence of the reported prevalence of "scab" among them.

THE returns of imports and exports for the month of May last show a considerable falling off in Customs revenue compared with the same month in 1885. In May last year the Customs collections reached $1,504,766, compared with $1,386,001 last month. The total imports for May, 1886, exceeded the exports by $1,362,628, and the value of goods imported last month was nearly a million less than in May, 1885.

THE Quebec elections, it is said, will come off about the end of July. The young Conservative candidate for Montreal West, Mr. John S. Hall, jr., has already begun his canvass and is prosecuting it with vigour, knowing full well he has a tough opponent in Mr. George W. Stephens. This constituency will see a hard struggle, as both candidates are known as good reliable men with excellent records. The Tories intend to spend plenty of "boodle" to place their man in, but in this they will be well watched. For the Centre it will be a win for McShane as against the Tory, C. J. Doherty, and in the East a strong opponent will be ready to face Mr. Taillon. It is thought, however, the latter, sooner than face defeat, will place himself in the Legislative Council, vice the late Hon. Mr. Beaudry.

SAYS the London *Advertiser*:—Mr. Lister tells this story to a Windsor audience: "During the session of 1885 a small boy was observed by many of the members amusing himself around the House and playing cricket with the juniors when the weather was fine. The boy was a son of Mr. Henry Smyth, M.P., and it was supposed he went down to Ottawa to have a holiday with his papa; but when the accounts were published it was found the little fellow was on the pay list as an extra clerk at $3 or $4 per day." Mr. Lister is comparatively new in the halls of Parliament. When he has sat through a few more Parliaments he will be able to fill a tolerably large-sized volume with just such incidents. There are various ways, it may be observed, for providing for "the boy."

Monetary Times:—Ought members of Parliament to be directors in companies to which Parliament votes subsidies? To ask this question is to answer it. The double capacity of voter of subsidies and receiver of subsidies has on it the distinctive stamp of incompatibility. And yet, such is the looseness with which this kind of public business has been conducted, that the rule has never been insisted on; it has not been erected into a law, and members of Parliament have been allowed to run counter to it. A remedy ought, though late, to be applied, and perhaps it will be next session. But even from a legislative inhibition we must not expect too much. The law could sometimes be violated, by the use of indirect methods. No doubt this would happen; but the law would at least be on the side of public morality, and its violation would have a restraining influence strong enough to prevent much of what is at present done simply because it is perfectly legal to do it.

TWICE within the present century Parliaments in Britain have been dissolved within less than six months of their meeting. The Parliament which met on the 15th December, 1806, lasted only till the 29th of April in the following year. And again, the one which met on the 26th of October, 1830, was dismissed on the 22nd of April, 1831. In both these cases the incoming Ministry appealed to the country against the House which had been elected (in pre-reform days) under the auspices of their predecessors. In the eighteenth century there was only one very brief Parliament—that, namely, which having been elected a few weeks before the death of William III., in December, 1701, ceased by law to exist within a space of six months after the accession of Queen Anne. The shortest Parliament since the Restoration was called by Charles II. to meet at Oxford in 1681. It assembled on the 21st of March, and that day week it was dissolved.

McGregor's Speedy Cure.

When we say McGregor's Speedy Cure is the only perfect cure for dyspepsia, liver complaints, indigestion and impure blood, we are telling plain facts, of which hundreds upon hundreds can testify who have been restored to perfect health by its use. We would therefore advise you strongly if you are a subject of any of the above troubles to give McGregor's Speedy Cure a trial and be convinced. It is sold in 50c. and $1.00 bottles at Thomas S. Petrie's Drug Store.

THE WEEKLY MERCURY has all the local news of interest that occurs during the week. Price $1.50 per annum in advance

All this Week

MONDAY, June 21, 1886.

We shall continue the excitement caused by our reduced prices during which we are clearing out many lines of seasonable goods, regardless of what they cost. Last week was an immensely busy week with us testifying to the fact that when we announce "Cheap Goods" the people expect to and do get them.

ALL THIS WEEK

O. HENRY,

GUELPH MARKET SQUARE.

THE LION

Guelph Must Boom.

Times are on the mend. Let us rise equal to the occasion and improve our opportunities. We have within ourselves all the requisites for building up a large, wealthy and prosperous city, but we are just now at that stage of development when all our resources must be called into play and used to advantage, or else we sink into that lethargic state that so often overtakes places that once had the prospect of developing into a prosperous community.

We would raise the warning signal now while there is time to retrieve our past mistakes and profit by our experience. If we let the cycle of prosperous years, which we believe are soon to visit Canada, roll round without improving our opportunities the next prosperous term may see us so far in the van that it will be a hopeless chase to overtake towns that are now behind us in everything, except a desire to see their own community increase. If we allow our manufactories to close up and move away without any effort on our part to retain them; if we see manufactories starting up in other places, which we might have had for very little cost to the city; If we sit calmly by in indolent lassitude and allow the G. T. R. to have a monopoly of our trade and the C. P. R. to cut off a large section of country, with which we at one time did a large trade, without any effort on our part to construct a line of railroad which would break the monopoly of the G. T. R. on the one hand, and reconnect a large trade which we have lost on the other, which Line we have reason to believe would prove a paying speculation from the first. The result must prove disastrous.

It seems to us very strange that a large place like Guelph occupying such a central position in this country of railroads should have actually only one line and that the greatest monopoly, perhaps with one exception, in the land.

We can have the proposed railway, but we have got to build it, and furthermore we can build it and make it pay. If the city will not take the responsibility let a joint stock company be formed. We have confidence enough in the good judgment of the ratepayers of Guelph to believe that they would see it to their interest to bonus such a company handsomely.

The advantages of such a line would be innumerable. Some of the immediate benefits would be the reopening of Mr. Spence's mill, enlarging the trade of all our manufacturers, especially in the iron and milling line, where the freights are heavy, the cultivation of a wholesale and the increase of the retail trade of our merchants, our market would increase and Guelph would become more of a shipping port. Manufacturers would settle here without any further inducements than those offered by the natural advantages of Guelph. We have no doubt that this railway would make Guelph boom for years to come, and would give her such a start as would enable her soon to take rank among the first cities in the land. Then let her boom, for boom she must. If we could only recognize the value of our heritage there is no place like her in Ontario

"Where every prospect pleases
And naught but man is vile."

Let us prove worthy sons of noble sires, and all must be well for our city.

J. D. WILLIAMSON & Co.

We quote prices below to prove our position that we sell cheaper than others.

geod&wly

The Home Rule Question.

LONDON, June 26.—Lord Hartington addressed an enthusiastic meeting of 5,000 persons at Glasgow yesterday in opposition to Irish Home Rule. He said he was sure it would never be possible to control an Irish Parliament. If Parliament granted Home Rule there was no guarantee in the face of the power wielded by the National League that the elections would be freely conducted or that the Dublin Parliament would really represent the majority of Irish people. Mr. Gladstone had accepted the Parnell alliance, but the Liberal party was bound to seek another alliance. He therefore hoped every one would vote for Unionist candidates in the coming elections.

Parnell spoke yesterday for the first time to a great English audience at Portsmouth. His speech was helpful to Mr. Gladstone by its reiteration of the pledge to accept the present measure as a final settlement of the Irish claims.

Mr. Froude, the historian, writes:—"The Irish will be loyal and obedient if firmly, but justly governed. They are as little capable of governing themselves as a ship's crew or an English public school. There is in Ireland a discontented and miserable population, among whom the desire for separation and hatred of England are universal. Another part of the population is neither discontented, miserable, nor disloyal. The proposed legislation would place the loyal and worthy minority at the mercy of the mutinous and worthless. It is the least promising expedient ever proposed to recover a shaken allegiance. In one shape or another Home Rule has been tried a hundred times. The proposals of Mr. Gladstone are a repetition of these attempts under varying forms, which have always headed towards disaster. A firm, just administration, with a distinct assurance that separation would never be tolerated, would have the same effect in Ireland as in other countries, wisely and resolutely controlled.

Cardinal Manning has written a letter to deny the statement circulated that he was an opponent of Home Rule. On the contrary, he says, he has always favored a plan of Home Rule consistent with the integrity of the Empire and the sovereignty of the Imperial Parliament.

The Irish Presbyterians have circulated a resolution in favor of supporting Unionist candidates in the coming election. The Dublin Methodist Conference, by a vote of 137 to 22, has resolved not to interfere in politics.

A very cool Parliamentary forecast gives the Conservatives 320 seats, the Liberal Unionists 60, and the Chamberlainites 35, thus leaving Mr. Gladstone in a hopeless minority, and placing the Conservatives almost absolutely, though not relatively, in the position they occupied after the sudden and stunning defeat of Mr. Gladstone in 1874.

Canada at the Colonial Exhibition.

The Timber Trades *Journal* in the course of an article covering several columns says:—"Canada, which at the opening ceremony made the worst show in the building, is now every whit as well represented as any of our other colonies. The specimens of the various woods have also been added to, and the carved show cases from New Brunswick are strikingly illustrative of the ability and enterprise our fellow-subjects across the Atlantic throw into everything they take in hand. In fact, throughout the exhibition great care has been bestowed on the forest productions, the various specimens of timber and planks of each country, including the classification and arrangement, evidently being the work of those who had their soul in the business. * * * Before quitting Canada we may mention that the display of metal industries is something surprising. Axes, adzes, tools of all kinds, form a show in themselves, and the ironmongery is simply perfection. In fact, as far as machinery is concerned, the Dominion is a long way in advance of any of our colonies, and both for wood-working and agricultural purposes the appliances exhibited are every way worthy the proud position Canada holds. In machinery, furniture, and musical instruments, she vies with the United States, and in the latter probably outrivals her neighbor. We noticed a fine display of marble, which seems to be another industry of the Dominion, and one in which she is likely to take the pride of place. Bricks and pottery generally are also a specialty, and so of nearly all the articles in daily use."

Sporting Notes.

BASE BALL.

On Saturday afternoon the Royal Oaks played the Galt club in Galt. There were about three hundred people present who watched the game with interest. Little and Henry were the battery for the Oaks, and Turnbull and Lawless for the Galts. Both batteries played well. The Oaks, after the first inning, took the start and kept it until the game was finished, when the score stood 11 to 7 in favor of the Oaks. This was the best contested game that the Oaks have played this year so far, and they are loud in their praise of the impartial manner in which Mr. A. Smith, Galt, discharged his duties as umpire. The Oaks arrived home about half-past eleven. The following is the score:

ROYAL OAKS

	A.B.	R.	B.H.	P.O.	A.	E.
Atkinson, 1b	5	1	2	17	0	0

Galt	1	0	0	0	1	1	2	0	1	—7

NOTES.

Wally Millar donned the mask and pad on Saturday, and caught Billy Smith in practice. The Cap. showed the boys he could do it.

The boys might win two games from Utica but will be well satisfied with one.

The Hespelers came up to Guelph Saturday to give the boys a practice game. Manager Buckenberger went behind the bat and caught Stephen in order to save the catchers for Utica games, and Ben pitched in a style that saved Al. from instant death. consequently Hespeler scored a few runs. The score was 19 to 5.

The Royal Oaks play Stratford, in Stratford, one of the teams of the Western Amateur League, on Dominion Day.

Rochester plays the Guelph Maple Leafs July 9.

The School Board will play their annual cricket match this week on the cricket grounds in the Exhibition Park.

A cricket match Military vs. Civilians on Thursday.

Upper and Lower Wyndham street merchants' employees will play base ball on the Maple Leaf grounds this week.

The latest remedy for coughs, colds, croup whooping cough, bronchitis, etc., is McGregor's Lung Compound. There is no remedy in existence containing any one of the active ingredients composing McGregor's Lung Compound so do not say you have taken everything until you have tried this for your cold or cough, and your opinion will be the same as all who have used it, viz., that it is the best. Sold in 50c and $1.00 bottles by T. R. Petrie, Druggist.

The World's Great Bridges.

Metal bridges are the invention of British artists. The first bridge of cast-iron ever erected is that over the Severn, about two miles below Colebrookdale, in Shropshire. The second cast-iron bridge was designed by Thomas Paine, the famous political writer, and was intended for America, but the speculators failing in their payments, the materials were used for the construction of the beautiful bridge over the River Wear, at Bishop's Wear mouth, in the county of Durham.

Southwark Bridge is constructed of iron. Its length is 700 feet, and its cost was £800,000. It was opened in 1819.

The Blackfriars Bridge is 1,000 feet long, and cost £300,000.

Waterloo Bridge is considered the finest in the world. Canova, the sculptor, said it was alone worth a journey from Rome to London to see it. The cost was £1,000,000.

Charing Cross is the next bridge on the Thames. It is used by a railway company.

Westminster Bridge is 1,220 feet long and cost £400,000.

Lambeth Bridge is 740 feet, and cost £100,000.

Vauxhall Bridge is 840 feet long.

The first wire suspension bridge was erected at Froilburg, Switzerland, and hangs 300 feet in the air over a deep chasm.

Chelsea Chain Suspension Bridge is 922 feet long, forty-five feet wide, and cost £75,000.

Hammersmith Suspension Bridge is 841 feet long, thirty-two feet wide, and cost £75,000.

Suspension bridges, although held by some persons to be of modern invention, or derived from the rope bridges of South America and the East Indies, were in use in Europe in the time of Scamozzi, early in the seventeenth century. One of the most remarkable suspension bridges in existence is that constructed by Mr. Telford, over the Menai Strait, between the Isle of Anglesea and Caernarvonshire, in Wales. It was finished in 1825. In the United States there are a number of these bridges; one over the Merrimac, at Newburyport, measures 244 feet. That over the Brandywine, at Wilmington, is 145 feet; that at Brownsville, over the Monongahela, 100 feet. The Wheeling Suspension Bridge has a span of 1,010 feet. Roebling's Railroad bridge, at Niagara, has a span of 821 feet, with a deflection of fifty-nine feet; its roadway is 250 feet above the line of the stream. The bridge at Cincinnati is 2,220 feet long, with a clear span of 1,057 feet. The Point Bridge, at Pittsburg, is 1,345 feet.

The highest bridge in existence, at the present day, is the Garabit Viaduct, on the railway connecting Marseilles with Neussargues (France), the height from the water level being 400 feet. Its total length is 1,852 feet.

Among the most celebrated bridges, built subsequently to the fall of the Roman Empire, are those of the Moors in Spain, who imitated and rivalled the best construction of the Romans. The bridge of Cordova, over the Guadalquivir, is an eminent example of their success.

The bridge over the Rhone, at Avignon, is one of the most ancient bridges of modern Europe. It was commenced in 1176, the same year that London bridge was started, and finished in 1178.

France can boast of many fine bridges built during the last two centuries; but to America belongs the greatest triumph in the art of bridge building, the Brooklyn Bridge, spanning the East River from New York to Brooklyn, being 5,989 feet long, with a clear span of 1,595 feet over the East River. It is built of steel, at a cost of several millions of dollars; recent descriptions of it, however, rendering a repetition unnecessary.—*Mrs. F. G. de Fontain, in May Brooklyn Magazine.*

The Last Year, 1885.

After the above year is ended there need be no person suffering from rheumatism, neuralgia, toothache, headache lumbago, or any acute pain, if they only purchase a bottle of Fluid Lightning, as it cures instantly. Pain cannot stay where it is used. The name is Fluid Lightning. Sold by Thomas S. Petrie, Druggist.

The Wreck of "La Marie."

Below will be found a poem composed by Miss Harriett Thurtel, Guelph, who was a passenger on board the *Parisian*, which ship struck the fishing boat *La Marie* off the banks of Newfoundland. All the crew, 25 in number, were saved by the boats of the *Parisian*. *La Marie* sank five minutes after she was struck. The passengers during the voyage got up a concert for the benefit of the crew, at which £21 was realized for the seamen of the above mentioned craft. Miss Thurtel's poem was sold at half a crown a copy and is as follows:

"La Marie" sailed from sunny France,
With hopeful crew, in April weather;
Nor dreamed she ever of mischance,
She and her crew were gay together.

The fishing sped, the barque was laden,
And "soon we must return," they said;
But "Marie" was a fated maiden,
Her doom was an Atlantic bed.

Dense are the fogs where currents meet,
The south, the north in contrast strong;
Our Captain, tireless on his feet,
Sounds the fog-signal loud and long.

They hear not, see not, strange to say,
All unsuspecting on they sail;
Till, like a giant in their way,
We loom before them, but they fail—

They fail to turn their barque in time,
She reels, she staggers with the blow;
"All right" they cry, with faith sublime,
But all is wrong, they're sinking now.

The "Allan" steamer mans her boat,
More quickly they to meet her sprung;
A breathless, sunburnt crew they float,
And to our ship for refuge clung.

Lower "La Marie" sinks, she's gone,
Her men have lost their hard-earned gain;
And warmest welcome, all their own,
The "Allan" gives these shipwrecked men.

H. T.

Reform Convention in Lennox.

NAPANEE, June 26.—The largest Reform Convention that Lennox has seen for the nomination of a candidate was held in the Town Hall here this afternoon. The meeting was presided over by Mr. S. Gibson, the able President of the Lennox Reform Association. A few short speeches were made by some of the gentlemen present, and testimony was borne to the very efficient work performed by Messrs. Thos. Anderson and J. C. Drewry at the recent Registration Courts. Mr. D. W. Allison, who has been the standard-bearer on former occasions, was unanimously selected, and being present accepted the nomination as candidate in the coming Federal election. Mr. Allison, in accepting, spoke briefly but ably on the political questions of the day, showing that as neighbour judged neighbours by their past conduct Governments should be similiarly judged, and if such was done with the present Dominion Administration he had not the slightest fear of the result; he placed himself fully in the hands of the people, believing that by a little united effort the constituency would in the next Parliament be found supporting Mr. Blake. Messrs. G. D. Hawley, M. P. P., and W. T. R. Preston, Secretary of the Reform Association, also delivered able addresses. With cheers for Messrs. Blake, Mowat, Allison, Hawley, and the Queen, the meeting adjourned.

SELLING A WIFE.—A month or two ago we clipped an item from the Norwood *Register* regarding the sale of a wife for $3. The story seemed to be of a very fishy character, but the *Register* not only vouched for its truthfulness, but now says that the woman in question has since been sold again, but only for a short time, however, as the last purchaser "rued his bargain" and gave the first husband $5 to take her back again. This looks doubtful, but is stated as a positive fact.

L. R. C. P., L. R. C. S. E., Lecturer on the Eye Ear and Throat, Trinity Medical College, Toronto, and Surgeon to the Mercer Eye and Ear Infirmary, Oculist and Aurist to the Hospital for sick children, late Clinical Assistant Royal Ophthalmic Hospital, Moorfields, and Central London Throat and Ear Hospital.

THIS PAPER may be seen on file at GEO. P Rowell & Co's Newspaper Advertising Bureau (10 Spruce st.) and William Young, 21 Park Row, where advertising contracts may be made for it in NEW YORK.

A REMINISCENCE OF GUELPH'S EARLIEST DAYS.—The *Globe* of Saturday gave some interesting extracts from an old copy of the *Observer*, a paper then published in Little York, now Toronto, of August 27th, 1827. Among them we find the following relating to Guelph. An advertisement, signed John Galt, announces that "the first hundred town lots in the company's new town of Guelph having all been taken up at twenty dollars each, and nearly the whole of the second hundred at an advancement to thirty dollars, the price of the town lots after the 18th August will be forty dollars, and of the land in the neighborhood two dollars and a half per acre." The advertisement states that one-half the money arising from the sale of the town lots continues to be set apart for the endowment of the Public Schools. We would like to know what has become of that money. Another advertisement of the company notifies squatters that they must relinquish immediately their possession of certain reserves or treat with the company for the purchase of the same.

ONTARIO FARMS.—Messrs. John I. Hobson, of Mossboro, and T. Shaw, of the *Live Stock Journal*, Hamilton, are at present making the tour of Ontario in judging the farms entered in competition for the sweepstakes prizes that are being offered this year. The number of entries is seventeen, and they extend from Chatham to Renfrew. They have already made the tour of the west and start eastward on Monday morning. They speak of the contest as very spirited, and state that Ontario has many farms of which any country might well be proud. The crops generally they think inferior to those of last year, though quickly improving from the rains of late.

Temperance Electoral Union.

To the Editor of the MERCURY:—

SIR,—While reading in the MERCURY the account of the proceedings in the City Council with reference to the exclusion of intoxicating liquor from the Exhibition grounds, I could not but think that decisive action should be taken in Guelph, to form a "Temperance Electoral Union" whose members will be pledged to vote only candidates for municipal or Parliamentary positions, whose past record has been such as will satisfy temperance electors, that if such candidates are elected they will not oppose, or trifle with measures favorable to the temperance cause. The Scott Act is law now in the city of Guelph and the County of Wellington, and being so it must be enforced. Opponents of the Act, or straddle the fence men will not enforce it; in this matter, he that is not for it is against it; and electors who are friends of temperance must take time by the forelock, make proper selection of men, and not allow themselves to be fooled by men whose past record has proved them to be antagonistic to temperance legislation or to the proper enforcement of such laws as we have.

It is satisfactory to know that in every part of the county Temperance Electoral Unions are being formed. These "unions" will make themselves felt in nominating caucuses and at the polls. Public sentiment in favor of temperance is stronger now than ever it was before.

In Guelph let organization be at once gone into. Let a solid front be presented against the political power of the liquor-traffic; and I feel confident that in the coming municipal and Parliamentary elections the friend of social progress will astonish even themselves in the result they will achieve. Heaven helps those who help themselves.

TEMPERANCE.

Guelph, June 25th, 1883.

FARMS SOLD.—John J Daley & Co., real estate dealers of this city, have recently sold for their clients the following farms:—200 acres, 1 mile from Tiverton, in the County of Bruce, to Mr Dunskin, of Bruce County, for $10,400; 100 acres, near Mount Forest, in Egremont Township, Grey County, to Mr Thomas Pfeffers, of Oxford County, for $3,450, cash; 50 acres, 1 mile from Mount Forest, in Egremont, Grey County, to Wm. Wright, of Peel County, for $1,600, cash; 100 acres, 5 miles from Guelph, in Puslinch, to A. W. Wood, of York County, for $3,300, cash; 50 acres, 4 miles from Walkerton, in Bruce County, to L. Newbold, of Huron County, for $1,800; 100 acres, 4 miles from Walkerton, for Mr R. S. Cunningham, for $3,000; 75 acres, 3 miles from Guelph, to Mr Joseph Patterson, for $4,150 cash; 11½ acres, 3 miles from Guelph, to Mr Walter Dillon, of St Thomas, for $800, cash; 50 acres, near Moorefield, to T. S. Surtees, of Russell County, for $1,800, cash; 100 acres for James Kerr, Maryborough Township, for $3,700; 100 acres, improved, in Bruce County, for Mr John H. Root, Hamilton, to one Mr Wilcox, of Wellington County, for $875; 100 acres, lot 16, con. 4, Township of Nassagaweya, in County of Halton, 12 miles from Guelph, for $2,900, (part exchange); 25 acres in the Township of Eramosa, 7 miles from Guelph, to James Lynch, for $800, cash; 100 acres in Nassagaweya, 7 miles from Guelph, for Thomas Roberts, price $2,200 100 acres in Puslinch, 12 miles from Guelph, for J. Galloway, for $2,200; 100 acres improved, in Keppel Township, to Alex Anderson, of Grenville County, and also to the same party, 100 acres in Proton Township, exact prices not given.

Great Bargains in Furniture.

WE STILL LIVE AND ARE DOING AN immense trade, although we have had our heels dogged by unprincipled traders endeavoring to get manufacturers not to sell to us. See some of our prices and you will be convinced that we have the goods you are looking for. Bedroom sets with glass on bureau, $10; also the best bedroom sets in Canada for $20; also walnut and maple bedroom sets from all the different manufacturers in Canada. Parlor suites and easy chairs of all descriptions. We don't have to buy Furniture from any one firm. Please call and buy. W. J. JOYCE & Co., Hazelton Block, opposite D. N. Hogg & Co's.

Smallpox at Detroit.

DETROIT, June 28.—Wm. Brandt, father of the child whose measles turned out to be smallpox of a most malignant kind, was yesterday taken with the disease, and there are great fears, owing to exposures, that other cases may be reported.

The Winnipeg Regatta.

WINNIPEG, June 28.—Teemer, Gaudaur, and Hamm arrived this evening to take part in the regatta to be held here on Dominion Day. Great preparations are being made for the three days' celebration. Horse races and sports of every description are being arranged for.

The London Camp.

LONDON, June 28.—Lieut.-Col. Cotton visited the camp to-day, and inspected the London Field Battery. He complimented the officers and men on the general efficiency of the corps. The volunteers are winning the good opinion of the citizens by their orderly behaviour.

Terrible Shooting Affray.

WEST POINT, Wis., June 23.—A terrible shooting affray occurred here yesterday between John and James McKee and Will Peace on the one side, and Alex. Board and his father in law, N. Stolter, on the other. Board was killed, having received nine shots in his body. James McKee was shot in the arm and thigh. Stolter received a shot through the arm. The cause of the shooting was some remark made about a woman.

In Sympathy With Mr Gladstone.

PEMBROKE, Ont., June 28.—A meeting of the citizens was held to night for the purpose of expressing sympathy with Mr. Gladstone in his great effort to secure Home Rule for Ireland. All classes and nationalities were represented, the chair being ably filled by Mr. Wm. Moffatt. The greatest enthusiasm prevailed. Stirring and able addresses were delivered by Messrs. M. J. Gorman, LL.B., and Thomas O'Hagan, M. A., and others. A subscription list was opened, and over $500 subscribed.

Fire in St. Thomas.

ST. THOMAS, June 28.—The large oatmeal mills of Telson, Scott & Co., Highgate, caught fire this morning. The flames spread so rapidly that the building was speedily enveloped and totally destroyed, together with all the machinery, several thousand bushels of oats and several hundred barrels of meal, ready for shipment. The cause of the fire is unknown, but is supposed to have originated from the engine. Loss will be between seven and eight thousand dollars, upon which there is no insurance whatever. The mills were running on Saturday and everything was left in a safe condition when shutting down for the night. Besides the large mill, there were also destroyed 200 cords of wood, 100 barrels of flour, and 1,500 bushels of oats.

Dr. Standiford, with two millions and a half at his back, is the wealthiest citizen of Louisville, Ky.

Local News.

NOTHING in the Police Court to-day.

THE Mikado in the City Hall on Friday night.

MR. WALTER LAING shipped yesterday from Campbellville a car load of cattle to Knox & Gould, Oshawa. They are for exportation.

ALD. HEARN, chairman of the Market House Committee, has about completed the alterations in the butchers' stalls, which were described some time ago.

MR. GEO. A. LIGHTFOOT shipped today, for Snell & Gray, 34 head of export cattle. This is the last shipment this season of about 500 head, which have been purchased in this locality.

THE *Printing Press* is the title of a quarterly journal published by Charles R. Brainard, Tribune buildings, New York. It is neatly gotten up and is devoted to the literature and mechanics of printing and printing machinery.

MR. H. E. SMALLPIECE, of the Toronto *World*, was in New York the other day, and taken in tow by a confidence man, and only that friend Smallpiece had left his well filled pocket book on the mantle piece at home, he would have been out $81. Some people are always lucky.

BAND CONCERT.—The City Band will give a promenade concert in the Exhibition Grounds on Wednesday evening. It will be under the patronage of Lieut.-Col. Macdonald, and officers of the First Provisional Brigade of Field Artillery. The admission to the grounds will be 10 cents for grown up people and 5 cents for children.

As the Horticultural Show will be held on Tuesday next, our citizens generally should do all in their power to make it a success. Considerable expense has been incurred in getting up the show, and parties having plants and flowers should enter them for competition, as well as patronize the show on Tuesday next. See advertisement.

ACCIDENT.—The other day a young son of Mr. David King, Arkell, met with rather a painful accident. He was riding a pony when he lost his balance and fell, alighting head first on a stone, whereby an ugly wound was inflicted to the head. The young lad was stunned for a short time, and it was deemed necessary to call in the assistance of a physician, who dressed and stitched the wound.

EXCURSION.—To-day about 150 of the members of the Drayton Farmers' Institute and their friends had a cheap excursion to the Ontario Agricultural College. The excursion train arrived about eleven o'clock, and was run from the Wellington, Grey & Bruce line into the passenger station on the main line of the Grand Trunk. A number went straight to the College, while the remainder stayed in the city until after dinner, when they walked out or drove as their taste suited. On arriving they were warmly welcomed by the officers of the institution, and were shown everything around the farm which was calculated to interest them. They leave for home about 6 o'clock.

DONATION.—Rev. J. C. Smith left yesterday on his way to Scotland, purposing to sail on Saturday, the 3rd prox., by the Anchor Line steamship *Furnessia*. Mrs. Smith accompanies her husband as far as New York. Before leaving the city two young ladies in a very quiet and unostentatious manner, left at the manse for Mr. Smith's acceptance a small package, with note enclosed, containing the handsome sum of two hundred and five dollars, mostly in gold, the generous gift of a few of his friends in the congregation. Such a seasonable expression of kindness will of course detract nothing from, but will greatly enhance, the pleasure of the rev. gentleman's sojourn in the old land.

ST. GEORGE'S CHURCH.—The regular meeting of St. George's Church Young Men's Bible Society was held last evening in the school room. The President, Rev. Geo. A. Harvey, occupied the chair. After the usual routine of business had been completed, Mr. George Elliott was introduced and gave a most interesting address on "The General lessons to be derived from a study of the Scriptures." His explanation of the collect for the 2nd Sunday in advent was greatly appreciated by the class. This collect he said embraced sufficient material for a sermon, and he regarded it as one of the most beautiful and comprehensive in the Prayer book. The book of common prayer he said was founded directly upon the Scriptures and the various collects were intended to be exponents of the Word of God to us his creatures. The Ven. Archdeacon Dixon then briefly addressed those present, and said he was sure the members had derived great benefit from Mr. Elliott's excellent lecture. Rev. Mr. Harvey followed saying the great pleasure it had given him to have Mr. Elliott address the Society. A hearty vote of thanks was tendered to Mr. Elliott for his address, to which he made a suitable reply saying he hoped the Society would continue to prosper. The meeting was then closed with the singing of a hymn, and the benediction.

THE HANLAN STROKE.—Three young blades of the city—one well posted in calico, the other in stale goods in the grocery line, and the third in unsound teeth, although not a dentalite—went up the Eramosa branch of the Speed last night to practice the Hanlan stroke. It was their first lesson in oarsmanship, and they concluded to begin their practice on scientific principles; so armed with a rowing manual, which they had studied pretty well before, but thought it a case some emergency might arise, when it would be found necessary to consult its pages. They had not got far away from the boat house when the wisdom of their sagacity and forethought became apparent in taking this step. They ran against a snag, but before the book could be consulted as to what course they were to pursue under this unexpected catastrophe, the three found themselves struggling in five feet of water near the middle of the stream. Fortunately another boat was passing at the time and the bold oarsmen were safely got out of their predicament; presenting a pretty woe-begotten appearance. One is described as looking something like a draggled lily, another regularly cooked up, while the third who had clung on to the snag escaped almost scot free. They walked back to the boat house where they had the satisfaction of finding the boat moored. This circumstance they cannot explain, as it is not defined in the manual of instruction, which by the way, they intend to leave at home on their next practice night, which will be some time hence.

A few farmers have commenced haying.

CLOSING exercises at the Agricultural College to-morrow afternoon.

WOOL is being freely offered in the market this week.

THERE is a hole in the planking of the Eramosa bridge that requires to be looked after.

MR. DAVID MCCRAE, of Milllands, arrived home on Saturday from a short trip to the Old Country.

J. E. MERLIHAN, manager, will open the Union Gardens, near Gow's bridge, on Monday evening, July 5th.

THE lacrosse club had a practice last night on the Exhibition grounds, and will hold another to-night at the same place.

A RESIDENT of Guelph who had occasion to be in Milton lately reports that the crops around there are looking remarkably well.

ALL classes and colors of the tradesmen on Upper and Lower Wyndham street are playing a game of base ball this afternoon on the Maple Leaf grounds.

REPORTS from all over the country agree that a gang of horse thieves are operating pretty freely on farmsteads, and especially in the neighboring county of Waterloo. Look out for them.

AT the summer election of officers for Reliance Lodge, I. O. O. F., last night, Bro. Mr. Samuel Law was elected V. G. by a handsome majority. The installation takes place next week when a full list of officers will be given.

JAMES GAY is having the outside of his premises papered to-day, and this is what he says:—"Gay is making things both happy and Gay; meet him where you will, he is happy still." Of course there is no extra charge for sharpening saws.

THE brethren of the Fraser Degree I. O. O. F. are continually receiving kindly invitations from brethren from a distance to play the "Initiation of a Candidate," but as the members are not all in the city at present we are requested to state that all invitations will have to be declined until later on in the season.

ELECTION IN ST. JAMES' WARD.—The election for Aldermen for St. James' Ward, to fill the place of ex-Alderman Chadwick, who has been appointed City Assessor, will take place on Saturday the 5th July. The polls will be open from 9 until 5 o'clock in the two polling subdivisions—the South Ward School, and Brill's office. Mr. Hartnet has sent in his resignation to the City Clerk, so that the contest will rest between ex-Alderman Kennedy and ex-Alderman Coffee.

IT MORE THAN FILLS THE BILL.—An exchange has the following in reference to Pullman & Co.'s Railroad Combination which appears here on Thursday, July the 8th:—Messrs. Pullman & Co., the square truthful managers of the splendid double tent exhibition bearing their name, give just what the public have needed and demanded—a big, rare, clean, cheap, show. Their museum contains a large number of the strangest living creatures on the face of the globe, their large troupe of artists is made up of the most distinguished talent throughout, and the acts and antics of their trained horses, goats and dogs actually surpass description. It is just the place to take the whole family for the biggest and best kind of a holiday.

THE MIKADO.—The Brooklyn *Union* speaks thus of the Templeton Company, who appear here on Friday and Saturday nights:—"The Midado," as presented by John Templeton's Company (the original people who first produced the opera in America, at the Union Square Theatre) last evening was a complete triumph, both vocally and artistically. The cast includes many more fine voices than are usually heard in comic opera organizations. The piece was beautifully mounted, and the costumes rich and appropriate. The chorus was large, and showed the result of careful training in both acting and singing. Every member was encored, and it was after 11 o'clock before the curtain fell upon the finale."

ACROSS THE OCEAN.—There is not a week passes but what some of the residents of the city or county leave for a trip for the old land. Some go thither for the benefit of their health, but the majority for a well earned holiday, which they are justly entitled to after years of frugality and care. Those who left to-day were Messrs. Wm. Watson, Geo. Peek, Matthew Jones, and Mrs. W. F. Borthwick, Guelph; and Mr. and Mrs. Archibald Thomson, Erin, and Mr. John Kean, Eramosa. They sail by the Allan Line steamer Parisian, and purchased their tickets from Mr. G. A. Oxnard.

ROYAL TEMPLARS OF TEMPERANCE.—On Monday evening Wellington Command of Knights Templars of Temperance was instituted with nineteen charter members. The following are the officers for the current term, which expires at the 1st October next:—Exalted Commander, Knight Steele; Lieut.-Com., Knight N. Higinbotham; Adjutant, Knight Bartlett; Captain, Knight D. Scrogie; 1st Lieutenant, Knight Cowan, M. D.; 2nd Lieutenant, Knight R. F. Maddock; Chaplain, Knight W. R. Smith; Surgeon, Knight McGuire; Captain of the Guard, Knight W. S. Cowan. Guelph Council is now the second Council in the Dominion with the three degrees, Royal, Select, and Knights, and is also one of the strongest in point of membership. Nineteen new members were taken into the Royal Degree on Monday night, making a total of 81 for the quarter, and in all 131 members now in good standing. The Royal Degree, a total abstinence degree, meets every Thursday, the Select on the first Thursday in each month, and the Knights also monthly.

IMPROVEMENT.—The grocery store of Mr. Mitchell has in the last week been greatly improved in appearance, and arranged so as to give a much larger space in the store proper, which gives better facilities for attending to the wants of the large and increasing trade which Mr. Mitchell is doing. The store has been papered and painted throughout, giving it a much lighter and better appearance. The shelves are nicely arranged with all the best and newest goods, making it altogether one of the best retail grocery stores west of Toronto. When it is taken into consideration that Mr. Mitchell has added very largely to his stock of crockery and glassware, and having one large room devoted solely to that department upstairs, he feels confident of being able to supply the wants of all, not only in the crockery and glassware department, but in everything that is usually kept in a first-class grocery store.

The sum of $10,000 in subscriptions was taken at a meeting of the Parnell Parliamentary Fund Committee in New York on Monday evening.

News comes from Durban that evidence has been brought to light showing conclusively that Cetewayo, while staying at Ekowe, was poisoned by the Zulus.

Stealing cattle is such profitable business in Texas that one man, who started with only two cows and a branding iron twenty years ago, is now worth $100,000.

A servant in a family in Bucharest, Roumania, on Monday murdered his master and mistress and their five children, stole 10,000 francs, and then fled to Bulgaria.

The Empress Eugenie is still in very feeble health. On the anniversary of the Prince's death she could barely crawl to his tomb to place there a wreath of roses, his favorite flowers.

Miss Waldron, a young lady about 19 years old, who resides near Shufords, Va., completed her 48th day of fasting on Monday. Her only nourishment has been a small quantity of vinegar and water.

"Grandma" Jordan, as she was called, the oldest person in Iowa, died at Wista on the 24th aged 111 years. She was born in Kentucky, and retained to the last a vivid recollection of her early years.

The Bricklayers Union have boycotted the Minneapolis Exposition. The management refused to discharge several non-union bricklayers engaged in erecting the exposition buildings.

Alfred R. C. Selwyn, F.R.S., F.G.S., LL.D., Director of the Canadian Geological Survey of Canada, and ex-Senator Hector Fabre, Commissioner of France in Canada, have been created companions of the most distinguished order of St. Michael and St. George, in recognition of their services at the Colonial Exhibition.

Father Dent, a Franciscan brother, wanted for criminal libel on Rev. Father Hamel, who, after he was indicted by the Grand Jury, fled from Brooklyn to Canada for safety from the laws of the land, has been found at Drummondville, Ont. Dent says he is a fugitive from justice, but declines to come back and stand trial. Lately he has attacked Bishop Ryan, and his functions of priesthood have been suspended.

The Artillery Camp.

This morning there was nothing beyond the ordinary routine of drill going on in camp. The men as soon as they were relieved from duty went earnestly to work to prepare for the inspection which takes place this afternoon in the field near the Old Bull Frog, before Col. Cotton, from two until 5 o'clock, and again to-morrow on the Exhibition Grounds.

Col. Aylmer, Acting D. A. G., arrived last night.

Col. Cotton, Artillery Inspector, arrived this morning to inspect the Brigade, and was met at the station by Col. Macdonald, Capt. Clarke and Capt. Davidson.

There is a conundrum in camp. Why is it that the newly appointed orderly looks so clean?

COL. DAWSON, District Paymaster, has arrived. The Col. will be welcomed for the shekels at least.

Officers this morning were busy getting their pay sheets ready for the inspection of the Paymaster.

Standing gun drill was the duty performed yesterday afternoon.

Gunner Robinson has charge of the non-commissioned officers and gunners' mess, and gives general satisfaction.

THERE was a keen competition for a pair of spurs offered to non-commissioned officers for proficiency. They were won by Corp. Watson.

The men complain of a cold night.

There was a dance at camp last night. It was somewhat impromptu, consequently the most convenient place for displaying the light fantastic was chosen. One noncom. danced a biscuit box into kindling wood.

Gawd! gawd! was the distressing cry which broke the stillness of the silent camp last night, and it was repeated so loud and long that the soldiers sprang to arms. The cause was soon discovered. An unfortunate was being conducted to the pump, bound hand and foot. The Col. mysteriously appeared on the scene, and in two minutes after there was not a man to be seen on the ground—they "silently stole away."

There was a horse race yesterday afternoon. Of course the usual amount of betting and tall talk was done on the race before they started out, there being some fifteen entries more or less—less would be the better word. However, Dr. Reed's horse came in first, Gunner Keough's second, and Sergt. Bole's third. There was a dispute about the second and third prizes, which may be settled some time in the future—say next camp. It was stated this morning that some of the competitors in the race had not returned yet. The cause is not known.

PRESENTATION.

Norfolk Street Methodist Church Honors Miss Clara Stevenson.

On its becoming known that Miss Clara Stevenson, daughter of Mayor Stevenson, was about to leave the city and enter a new home on the other side of the line, the members and adherents of the Norfolk street Methodist church, in which the young lady had been brought up and to whose enjoyment she had so often ministered, determined to make some suitable recognition of her services. The matter was at once put in hand, and last evening a large number of the friends of Miss Stevenson gathered on short notice in the lecture room of the Norfolk street church to witness the presentation, the intention to make it privately having been changed. Shortly before nine o'clock the pastor, Rev. J. W. Holmes, was moved to the chair, and after the choir had kindly rendered a selection, Miss Clara Stevenson and Mr. and Mrs. Stevenson were called to the front, and Ald. W. G. Smith stepped forward and read the following address:

To Miss Clara Stevenson:

On behalf of the congregation and choir of the Norfolk Street Methodist Church, we, the members of the official Boards, learning that it is your intention to take your departure from our city—from the place of your birth and the home of your childhood—cannot permit you to do so without, at least, intimating to you some expression of our sincere regret that we are so soon to lose your valuable services from our church and your excellent talents from our social circle. And, at the same time to express, to your, the very high estimation in which we regard your own personal excellency and worth as a Christian lady. Also for the services so cheerfully rendered in the choir and at our social gatherings. The value of these services has been greatly enhanced by the manner and spirit in which they have always been given. While we regret your removal from us, we rejoice that the circumstances under which we are obliged to be severed from you are of such a pleasing nature, to unite you with one second only to yourself in the possession of like gifts, each the complement of the other and essential to their completeness. We cannot but pray that yours will be such a union, that with one heart and one voice you will continue to consecrate your talents in promoting the interest and efficiency of the church of Christ. We trust you will accept these articles of silverware as an offering expressive of our affectionate regard, trusting you may enjoy their use for long, long years to come, and when age has silvered your now youthful brow, and time has wafted its many changes, may the sight of this souvenir recall to your memory the songs you sang and the friends you left in old Norfolk in the days gone by.

Signed on behalf of the congregation and choir,

REV J. W. HOLMES, Pastor.
P. DECARTERET, Sec. of Trust Board.
D SCROGGIE, Recording Stewart.
B. SAVAGE, Choir Leader.
W. W. BILTON,
JAMES HOUGH,
W. G. SMITH.

The articles uncovered by Miss Morrison and Miss Crowe during the reading of the address comprised an elegant silver tea service, consisting of tea set and tray, six pieces, finely chased and heavily embossed, of a choice pattern, and bearing the inscription, "Presented to Miss Clara Stevenson by the congregation and choir of Norfolk-st. Methodist church, Guelph, June 29, 1886." It was purchased from Mr. B. Savage.

Ald. Smith in a few words expressed his own personal regret that Miss Stevenson was about to leave them and wished her every happiness in her new life.

Mayor Stevenson replied on behalf of his daughter and said that he could hardly give expression to the gratitude he felt towards his brothers and sisters in the church on this occasion. His daughter had been, he might say, born in the church, had been baptized in it, was converted in it, had spent almost all her life in association with Norfolk street church and she would ever remember the kind friends and the costly gift of he congregation and choir worshipping there. The relations of his daughter with the members of the choir and of the congregation had been of the most pleasant nature, and he felt sure that she would deeply regret the parting with so many friends.

Short addresses were then given by Messrs. James Hough, John Smith, John Hutton, President Mills, O. A. C., and James Schofield, all referring appropriately to the occasion of the evening's gathering and testifying to the benefit and enjoyment they had received from Miss Stevenson's singing in the choir.

An opportunity was then given to those present to inspect the service and the gathering was brought to an informal close.

A Call to Rev. J. C. Smith.

WE learn on good authority that the pastorate of St. Andrew's church, St. John, New Brunswick, now vacant, has recently been offered, with the promise of a handsome salary, to our townman, Rev. J. C. Smith, B. D., of St. Andrew's church. This it may be remembered is the second time Mr. Smith has been urged to accept of this charge as the unanimous choice of the Nominating Board, and of the congregation. When officially notified that steps were being taken in the direction indicated Mr. Smith at once replied, respectfully declining the overture, believing that such a course was in accord with the Supreme Will

Catholicity

To the Editor of the Mercury.

From last week's MERCURY it appears that Principal McVicar, of Montreal, has been stirring up the Presbyterians of the Royal City to assist in supporting missionaries to the Roman Catholics of Quebec Province. A very different spirit seems to prevail here, as may be seen from the same issue. At a concert held in aid of the funds of the R. C. Church several prominent members of the Presbyterian Church took an active part in making it a financial success; while in a previous issue your erstwhile "valued correspondent" in the village, himself a Protestant, bespoke a large attendance, surely bigotry and sectarianism are rapidly disappearing from here.

CATHOLICUS.

Hespeler, June 28th, 1886.

Mr. William B. Ross, Clerk of the House of Commons Journal, died in Ottawa on Monday. He was a son of the late William Ross, Assistant Clerk of the Legislative Assembly of United Canada.

THE BERLIN SANGERFEST.—Musicians of Guelph who have promised to take part in the Oratorio of "The Creation," and others who would like to do so are requested to bring copies (if they have them) and meet for practice in the parlors of the Wellington Hotel on Tuesday evening at 7-30. d2

This is to certify that I have used McGregor's Speedy Cure for Dyspepsia and Liver Complaint, and do honestly say that if it cost me one hundred dollars ($100.00) a bottle I would not be without it, as it has done me more good than all the medicines I ever used, and I feel like a new man.—Yours truly, Alex Steel, Carleton Place, Ont. This medicine is for sale at 50c. and $1.00 per bottle at Thos. S. Petrie's Drug Store.

The Evening Mercury

TUESDAY EVE'G JUNE 29, 1886.

GOLDWIN SMITH has gone on the stump against granting Home Rule to Ireland. He will speak in several English cities. Mr. Smith believes in a democratic form of government for every other civilized country but Ireland.

ADVICES from Prince Edward Island indicate that the Tory Government of that Province are being hardly pressed and will likely be defeated in the elections, which come off next week. The Local Government have asked the Dominion Ministers for some kind of a promise of better terms in order to help their chances.

THE returns of imports and exports for the month of May last show a considerable falling off in customs revenue compared with the same month in 1885. In May last year the Customs collections reached $1,504,766 compared with $1,386,001 last month. The total imports for May 1886, exceeded the exports by $1,352,628, and the value of goods imported last month was nearly a million less than in May, 1885.

THE Winnipeg *Manitoban* says that the "thoughtful and loyal men" will favor the disallowance of all Provincial railway charters. On which the Hamilton *Times* remarks; "Inasmuch as the Province of Manitoba, as well as the business men of Ontario who trade with Manitoba, will be at the mercy of a railway monopoly so long as the Dominion policy of disallowance of charters for competing railways is maintained, we have some insight of what is rated thoughtfulness and loyalty by the Winnipeg organ of the Tory policy of monopoly. It savors a good deal of the nature of Toryism the Dominion over. Honest men may well pray for speedy delivery from its dominance."

THE Scottish *Highlander* of the 10th inst. says that Home Rule for Ireland as well as for England, Scotland and Wales, has now become inevitable, and we hope soon to be able to find ourselves in a position to welcome it. It further adds:—"We are, and always have been, in sympathy with the aspirations of the Irish people to obtain self-government so far as matters purely Irish are concerned. No true Highlander could fail to appreciate the valuable aid rendered the Highland members in their attempts to knock the Crofters' Bill into a shape in which it would be of real use to the Highland people." The *Highlander* thinks that Scotland has even a stronger claim to Home Rule than Ireland, as Irish affairs have of late years received attention quite to the exclusion of those of Scotland.

THE *Globe* says: It is clear from the Act of last session amending the Franchise Act, that, whether the Dominion elections take place this fall, or next year, they must take place on the voters' lists now being revised by the Revising-officers. The present House of Commons was elected in June, 1882, and it expires about the end of June, 1887. The Franchise Act of last year required the Revising officers to commence their work of revision "on or as soon as possible after the 1st of January in each year," and complete it by the 1st of August. This has now being changed by S. 10 of the amending Act; and after 1886 the Revising-officers are to prepare the lists "on or as soon as possible after the 1st of June in each year;" and by S. 15 the voters' lists are to be published on or about the 1st of September, and to be certified to the Clerk of the Crown in Chancery on or before the 1st of November.

ON the voyage out, as the Oregon was nearing Moville, the fellow passengers of the Hon. Alex. Mackenzie presented him with an address in which they expressed the pleasure they enjoyed in his society during the voyage, and congratulated him on the marked improvement in his health. The address went on to say:—"While it would be out of place on our part to touch upon questions of a party character, we may be permitted to refer to the fact that no public man in the Dominion of Canada has ever served his country with greater diligence and fidelity, or has been more remarkable for unswerving adherence to his honest convictions, even at the sacrifice of all objects of personal interest and ambition. After more than a quarter of a century of public life, during a large part of which you were the honoured leader of a political party, and for several years the First Minister of the Canadian Government, you still retain the esteem and hearty good-will, not only of those who have supported you in your public measures, but also of those who have, at times, represented and given effect to an opposite policy." Mr. Mackenzie made a felicitous reply in which he said that his Government had fallen in an attempt to harmonize the commercial policy of Canada with that of Britain. And he added:—"While Canadians should, as a rule, do what was best for Canada, it was also desirable that in the general interest of all portions of the Empire the Mother Country and the great colonies should act together, while as a great civilizing power Britain should pursue such a policy as would foster and promote and protect liberty of action in buying and selling, and our patriotism should not be supposed to be subject to any strain in following such a course, especially if the course is abstractly the right one."

IN some of his Nova Scotia speeches, the Finance Minister, in referring to the public debt of the Dominion, dwelt on the fact that a portion of the C. P. R. loan was about to be repaid, and at the same time spoke of the net public debt as the total indebtedness of the Dominion. Thus he sought to make his auditors believe that the net debt was to be reduced by twenty million dollars, when the C. P. R. debt was paid off. Now, if Mr. McLelan knows anything about the public finances, he knows that the net debt of the Dominion will not be reduced a single dollar by the repayment of the Pacific Company's loan, because that loan has always been treated as a good asset, and as an offset to a portion of the gross public debt. In fact, the net debt will be largely increased by the operation with the Pacific Company, because while the whole debt of thirty millions due from the Company to the Government will disappear from the list of assets, there will be nothing to replace a large portion of it, unless Mr. McLelan proposes to treat Northwest lands as cash. It is safe to predict that very little of the twenty millions to be repaid by the Pacific Company will go towards reducing the gross public debt. The whole sum will be wanted to pay off temporary loans and subsidies to local railways.

A MOST serious charge has been made against a couple of Cabinet Ministers and members of Parliament in connection with the alleged settlement of a recent seizure of goods of a well-known fancy goods firm. It states that "not very long since a certain official connected with the firm involved was ordered post haste to Ottawa to see what could be done to extricate the house from the unenviable and embarrassed position it then occupied before the public. The official in charge of this important mission, after fussing about the capital a good deal, returned as hastily as he left, and informed his employer that if he would consent to give two Ministers of the Cabinet and two members of Parliament $1,000 each (at the same time mentioning names) a settlement could be effected. The principal thereupon instructed his ambassador to treat with the powers that be upon the terms mentioned, and a cheque for $4,000 was given him to carry them out. This charge has caused a flutter in Tory political circles.

Horsford's Acid Phosphate.

Assists Mental Labor.

Prof. Adolph Ott, New York, says of the Acid Phosphate: "I have been enabled to devote myself to hard mental labor from shortly after breakfast to a late hour in the evening without experiencing the the slightest relaxation, and I would not now at any rate dispense with it."

Smith's Old Stand, 26 Lower Wyndham street.

THE LION

Guelph Must Boom.

Times are on the mend. Let us rise equal to the occasion and improve our opportunities. We have within ourselves all the requisites for building up a large, wealthy and prosperous city, but we are just now at that stage of development when all our resources must be called into play and used to advantage, or else we sink into that lethargic state that so often overtakes places that once had the prospect of developing into a prosperous community.

We would raise the warning signal now while there is time to retrieve our past mistakes and profit by our experience. If we let the cycle of prosperous years, which we believe are soon to visit Canada, roll round without improving our opportunities the next prosperous term may see us so far in the van that it will be a hopeless chase to overtake towns that are now behind us in everything, except a desire to see their own community increase. If we allow our manufactories to close up and move away without any effort on our part to retain them; if we see manufactories starting up in other places, which we might have had for very little cost to the city; If we sit calmly by in indolent lassitude and allow the G. T. R. to have a monopoly of our trade and the C. P. R. to cut off a large section of country, with which we at one time did a large trade, without any effort on our part to construct a line of railroad which would break the monopoly of the G. T. R. on the one hand, and reconnect a large trade which we have lost on the other, which Line we have reason to believe would prove a paying speculation from the first. The result must prove disastrous.

It seems to us very strange that a large place like Guelph occupying such a central position in this country of railroads should have actually only one line and that the greatest monopoly, perhaps with one exception, in the land.

We can have the proposed railway, but we have got to build it, and furthermore we can build it and make it pay. If the city will not take the responsibility let a joint stock company be formed. We have confidence enough in the good judgment of the ratepayers of Guelph to believe that they would see it to their interest to bonus such a company handsomely.

The advantages of such a line would be innumerable. Somee of the immediate benefits would be the reopening of Mr. Spence's mill, enlarging the trade of all our manufacturers, especially in the iron and milling line, where the freights are heavy, the cultivation of a wholesale and the increase of the retail trade of our merchants, our market would increase and Guelph would become more of a shipping port. Manufacturers would settle here without any further inducements than those offered by the natural advantages of Guelph. We have no doubt that this railway would make Guelph boom for years to come, and would give her such a start as would enable her soon to take rank among the first cities in the land. Then let her boom, for boom she must. If we could only recognize the value of our heritage there is no place like her in Ontario

"Where every prospect pleases
And naught but man is vile."

Let us prove worthy sons of noble sires, and all must be well for our city.

Trafalgar Square.

To the Editor of the Mercury.

Five or six years ago a few gent'emen living in the neighborhood of Trafalgar Square subscribed $480 for the decorating and planting of the same. At that time it was notorious as being the dumping place for all the refuse around. Now great improvements have been made. Among other things a fountain and band stand were erected, and when all were complete and in good order, the whole was handed over to the city. Since that time, however, things have been left to take their own course. The band stand has not even been painted, and the fountain—with a big heap of stones dumped around it—has been allowed to go from bad to worse. Now, sir, I would suggest to the chairman of the Parks and Shade Trees Committee either to have the fountain removed or else see that it is put in order before the next holiday, for I assure you, sir, that the men who subscribed so large a sum of money think that they have been unjustly dealt with.

Yours truly,
A SUBSCRIBER.

Guelph, June

SPECIAL NOTICES.

Window Shades for the season of 1886, new and cheap, at Day's Bookstore.

Choice stock Baby Carriages, Hammocks and Lawn Croquet, at Day's Bookstore. Day sells cheap.

Some lovely Dresses are being turned out by Ryan Berkinshaw & Co. Ladies try Miss Amiss, if you want a nice fitting Dress or Mantle.

Shaw & Grundy are selling a lot of linen collars at 5 cents each.

For refrigerators, wire dish-covers, wire cloth, hose, sprinklers, mangles or fishing tackle, call on John M. Bond & Co., Guelph.

Handsome goods at Nelles' City Bookstore. Our place is full of new, nice, cheap goods for the trade. Call and see them.

THE phenomenal June Mark Down Sale now going on at Hughes', 33 Lower Wyndham St.

New wall paper, borders and decorations at the City Bookstore, and all the praise they require is to say we have a larger stock, nicer goods and cheaper prices than last year, and we astonished people last year. Come and see them before buying. J. A. Nelles.

Children's carriages, new, stylish and cheap, at Nelles' City Bookstore. Don't be misled. You get the best value in the city from J. A. Nelles.

Try Loch's unrivalled Teas and Coffees. Careful personal attention given to the blending so as to strengthen and flavour. Italian Warehouse, 89 Wyndham street.

Mr. Martin having agreed to assist Mr. McKenzie in getting out the work and clearing the blockade in the clothing department, we are now in a position by working over hours to get through a few more orders for the 1st July.

J. D. WILLIAMSON & Co.

HOME RULE QUESTION.

Mr. Gladstone at Liverpool and Mr. Parnell in Wales.

LIVERPOOL, June 28.—Mr. Gladstone this afternoon addressed the electors of Liverpool in Hengler's Circus. He was received with boundless enthusiasm. The circus was crowded to its utmost capacity, 5,000 persons being present. Hundreds of people unable to gain admittance crowded around the outside.

Mr. Gladstone said the enthusiasm in favor of Home Rule surpassed anything he had witnessed during his life. Despite the long purses of his opponents he looked forward to the result of the elections with confidence. It was true that he denounced the Nationalists in 1881, but it was because he thought they were in the wrong. He supported them now because he thought and knew they were in the right. He now proposed to give a statutory Parliament to deal exclusively with Irish affairs.

His opponents pretended that such a grant would be the breaking down of Irish allegiance to the Imperial Parliament: "but," said the Premier, "their allegiance has been given grudgingly and half-heartedly heretofore, and sometimes it has not been given at all." The Liberals wished to destroy that sort of allegiance and make Irishmen revere the Imperial Parliament like Scotchmen and Englishmen, from the heart and mind. He strongly denied that they were refusing Ulster privileges which they were giving elsewhere. On the contrary, they were willing to listen to any suggestion on behalf of Ulster. They were willing to make exceptional proposals if they were likely to be adopted. Again, they were told that the land purchase project meant taking the British taxpayers money. It meant nothing of the kind. It was one thing to spend their money and another thing to invest. If he thought that land purchase meant more than investment he would be no party to the scheme. He denied, however, that the Home Rule Bill and the Land Purchase Bill were inseparable. He reminded his auditors that Home Rule was a question of classes against the masses. The Liberals, he said, were, as a rule, not supported by dukes, squires, clergymen of the Established Church, officers of the army, and so forth. Wherever there was a highly privileged publicly-endowed profession, almost every member of that profession was an anti-Liberals. But from the legal and medical professions, which were now open, the Liberal received a fair share of support. The question was whether the masses were able constitutionally to overbear the classes, because it had always been shown that wherever truth, justice, and humanity were concerned, the masses were in the right, and the classes in the wrong. Parliament, he said, had been paralyzed because of the Irish question, and it would remain paralyzed unless some measure of justice were passed. Ireland had struggled to bring her case to the front, and had succeeded. She was now backed not only by her own members, but by a vast number of English people. He believed the measure proposed would tend to promote the growth of prosperity in Ireland. The Liberals were told that the result would be that England would have to hold Ireland by force, but this she was doing now. He hoped to hold her in future by love. (Cheers.) Mr. Gladstone concluded amid loud cheers with a vigorous denunciation of the manner in which the Act of union was effected.

Mr. Parnell addressed an audience of 5,000 persons, a majority of whom were Irishmen, at Cardiff to night. He was received with the greatest enthusiasm.

Mr. Thomas O'Connor, speaking at Liverpool this evening, ridiculed the argument that the passage of Mr. Gladstone's Bill would result in the flooding of England with Irish labour. On the contrary, he said it was the Act of Union that caused the vast incursion of Irishmen into Great Britain and America, with the consequent lowering of wages.

Loss of Flesh and Strength,

with poor appetite, and perhaps slight cough in morning, or on first lying down at night, should be looked to in time. Persons afflicted with consumption are proverbially unconscious of their real state. Most cases commence with disordered liver, leading to bad digestion and imperfect assimilation of food—hence the emaciation, or wasting of the flesh. It is a form of scrofulous disease, and is curable by the use of that greatest of all blood cleansing, anti-bilious and invigorating compounds, known as Dr. Pierce's "Golden Medical Discovery."

EXPEDITION TO ALASKA.—On the 14th an expedition headed by Schwatka, the arctic explorer, sailed from Port Townsend, Washington territory, for Alaska. He is accompanied by Professor Wm. Libbey, Jr., professor of physical geography at Princeton College, who will have charge of the scientific work. The expedition is sent out by the New York *Times* for the purpose of exploring the Mt. St. Elias alps. The expedition will be increased by the addition of Indian carriers and interpreters after reaching Alaska. An effort will be made to reach the summit of Mt. St. Elias, 19,000 feet above the sea. This mountain has never been explored. The snow line begins 3,000 feet above sea level, thus leaving 16,000 feet of ice. The glacial system of the Mt. St. Elias alps is the most extensive south of the arctic regions. The explorers expect to gain a good view on either side of the great range and gather important information concerning a vast region that is now known only to savages.

Mineral Poison.

Nothing but pure extracts from plants and roots are used in preparing McGregor's Lung Compound, the modern and now popular remedy for colds, coughs, bronchitis, croup, asthma, and all affections of the throat, lungs and chest. All mineral poisons and dangerous substances avoided, which renders it safe for children or adults. Sold at 50c. and $1.00 per bottle at Thomas S. Petrie's Drug Store

ONTARIO MANUFACTURES IN BRITISH COLUMBIA.—The Victoria *Times* says: "There were found the other day on the wharf of the C. P. R. Company, six Buckeye reapers from the manufactory of Smith and Wood, at Smith's Falls; seed drills made by Noxon Bros., Ingersoll; fanning mills by W. A. Gerolamy, of Tara; and waggons from the Chatham Manufacturing Company's Works, Chatham. There was also eight tons of binding twine, manufactured by a Montreal firm. The shipment, it is said, is the largest one of its class that ever left Victoria. Canadian agricultural implement makers must, however, put their best foot forward in order to meet the competition of American firms, one of which had a large consignment of reapers in the above shipment.

Horsford's Acid Phosphate.

Specific Virtues in Dyspepsia.

Dr. A. Jenkins, Great Falls, N. H. says "I can testify to its seemingly specific virtues in cases of dyspepsia, nervousness and morbid vigilance or wakefulness."

DEATH OF MR. ROBT HAY.—The Berlin *News* gives the following particulars of the death of Mr Robert Hay, of Maryborough, which was announced in these columns a short time ago:—It is with feelings of deep sorrow that we note the death of Mr. Robert Hay, of Maryboro, who was so well and favorably known to a large number of our readers. We have intimately known Mr Hay for over twenty years, and can add our testimony to that of all his numerous friends and acquaintances at home and abroad, to his great worth and the irreparable loss the community has sustained. He was a resident of Maryboro for over forty years, and at the time of his death had probably the best farm and farm buildings in the township, if not in the county. He has been for many years a magistrate, conveyancer, &c., and did most of the business for miles around. He was a life long Reformer, and had been pressed time and again to let his name come before the electors for parliamentary honors, which he invariably declined, but had he lived it is almost certain that he would have been nominated by his party at the next election. He has been for years reeve and member of the council in his township, as well as performed many other public duties, such as being the most powerful advocate in carrying the W. G. & B. Railway to the north, &c. He was a very prominent and influential member of the Methodist Church, having been recording steward of the circuit for more than twenty five years, had been elected a member to several General Conferences, the most important position a layman can receive in the church, as well as holding many other positions of trust. His death took place on the 10th, and his funeral on the 12th was one of the largest ever seen in Wellington county, there being 250 teams in the procession, and no less than five clergymen took part in the services, all of whom spoke in the highest terms of the deceased, the text of the principal speaker being, "Mark the perfect, and behold the upright man, for the end of that man is peace." Deceased was a brother-in-law to Mr. John Moffatt, of Berlin, and was a frequent visitor to this town. He leaves a wife and five children, all grown up, to mourn his loss. Although he was 58 at the time of his death, until taken down with his last illness, sciatica and cancer on the liver, he was as vigorous and active as a man of forty.

McGregor's Speedy Cure.

When we say McGregor's Speedy Cure is the only perfect cure for dyspepsia, liver complaints, indigestion and impure blood, we are telling plain facts, of which hundreds upon hundreds can testify who have been restored to perfect health by its use. We would therefore advise you strongly if you are a subject of any of the above troubles to give McGregor's Speedy Cure a trial and be convinced. It is sold in 50c. and $1.00 bottles at Thomas S. Petrie's Drug Store.

Guelph Markets.

SUMMER RESORT

BEAUTIFULLY situated in the County of Waterloo, on the G. W. R., three miles from Galt, twelve miles from Guelph and eight from Berlin.

The hotel attached to this favorite summer resort has been recently enlarged and fitted up with an especial view to the comfort of guests and invalids. Beautiful lawn, capacious billiard parlor and croquet grounds.

The Arcadian Mineral Spring has proved of great benefit to invalids suffering from Gout, Nervous Debility, Diseases of the Stomach Liver and Kidneys, but more especially Skin Diseases.

Sufferers from Rheumatism will fin that using these waters will almost effect a cure. New baths have been added this season.

Mr. H. Rost, former Manager, has resumed his responsible position, and will be pleased to welcome his old friends.

Terms moderate. Omnibus to all trains.

Tickets to the Baths and return good for days from all stations on the G T R.

SHOP—Macdonnell-st. next to the MERCURY Office. All orders promptly attended to. Plate glass set with care.

I CURE FITS!

When I say cure I do not mean merely to stop them for a time and then have them return again. I mean a radical cure. I have made the disease of FITS, EPILEPSY or FALLING SICKNESS a life-long study. I warrant my remedy to cure the worst cases. Because others have failed is no reason for not now receiving a cure. Send at once for a treatise and a Free Bottle of my infallible remedy. Give Express and Post Office. It costs you nothing for a trial, and I will cure you. Address DR. H. G. ROOT,

BEWARE

OF WORTHLESS IMITATIONS

As there are many inferior goods, corded with jute, hemp, etc., offered and sold as Coraline by some unprincipled merchants trading on the reputation of our **genuine Coraline**, we warn the ladies against such imposition by drawing their attention to the necessity of seeing that the name

'CROMPTON CORSET CO.'

is stamped on inner side of all Coraline goods, Without which none are genuine.

ON Monday evening a section of the hose company tested the new hydrant put in for fire purposes, at the Homewood retreat. After the water was turned on it worked like a charm, and did the work required of it. The hydrant is on the dividing line between the Asylum and Mr. Goldie's property, so it can be used on either if desired.

How to Save Money,

and we might also say—time and pain as well, in our advice to good housekeepers and ladies generally. The great necessity existing always to have a perfectly safe remedy convenient for the relief and prompt cure of the ailments peculiar to woman—functional irregularity, constant pains, and all the symptoms attendant upon uterine disorders—induces us to recommend strongly and unqualifiedly Dr. Pierce's 'Favorite Prescription'—woman's best friend. It will save money.

SPECIAL NOTICES.

Window Shades for the season of 1886, new and cheap, at Day's Bookstore.

Choice stock Baby Carriages, Hammocks and Lawn Croquet, at Day's Bookstore. Day sells cheap.

Shaw & Grundy are selling a lot of linen collars at 5 cents each.

For refrigerators, wire dish-covers, wire cloth, hose, sprinklers, mangles or fishing tackle, call on John M. Bond & Co., Guelph.

Handsome goods at Nelles' City Bookstore. Our place is full of new, nice, cheap goods for the trade. Call and see them.

FRESH strawberries, tomatoes, cucumbers, pine apples, bananas, etc., at George Williams', 81 and 83 Upper Wyndham street.

THE phenomenal June Mark Down Sale now going on at Hughes', 33 Lower Wyndham St.

New wall paper, borders and decorations at the City Bookstore, and all the praise they require is to say we have a larger stock, nicer goods and cheaper prices than last year, and we astonished people last year. Come and see them before buying. J. A. Nelles.

Children's carriages, new, stylish and cheap, at Nelles' City Bookstore. Don't be misled. You get the best value in the city from J. A. Nelles.

Try Loch's unrivalled Teas and Coffees. Careful personal attention given to the blending so as to strengthen and flavour. Italian Warehouse, 89 Wyndham street.

Mr. Martin having agreed to assist Mr. McKenzie in getting out the work and clearing the blockade in the clothing department, we are now in a position by working over hours to get through a few more orders for the 1st July.
J. D. WILLIAMSON & Co.

Probabilities.

Light to moderate winds, continued fine warm weather.

THE camp will break up on Friday at noon.

THE Public Schools close to-day for the summer holidays.

THE post office will be open to-morrow from 10:30 to 11:30 a.m.

BROWN & WILKINSON, Galt, are shipping cattle for exportation from here to-day.

TO-MORROW being a public holiday no paper will be issued from this office.

A NEW iron roof is being put on the Good Templars Hall and Cormack & Kelcher's store.

THE market this morning was well supplied with wool and prices ranged from 19 to 22 cents per lb.

TAXES.—The collector will be in his office to-morrow, July 1st, from nine o'clock a.m. till one p.m. to receive taxes. d1

THE only opportunity to witness the performance of the original Mikado will be had on next Friday and Saturday, July 2nd and 3rd.

A STRANGER was charged at the police court this morning for being drunk. He was discharged on the condition that he would immediately vacate the city. He vacated.

THIS morning Deputy Sheriff Robert Gow left for Kingston in charge of Benjamin C. Riggs who was sentenced to two years in the penitentiary for the attempted Palmerston Bank robbery.

MR. THOMAS WATTS, late of the Wellington Hotel, has closed a seven years lease of the Royal Hotel, and will have it refurnished and improved and opened for the travelling public shortly.

HON. A. M. ROSS, Provincial Treasurer and Commissioner of Agriculture, Toronto, arrived in the city this morning to attend the closing exercises of the Agricultural College this afternoon.

GEO. H. BRODERICK, of the Templeton Mikado Company, is one of the principal basses in America. The fact of his having filled successful engagements with the Col. Mapleson, Lillian Russel, and other opera companies, is proof positive of his excellence. Secure seats early at Pringle's.

A STRAWBERRY and ice cream social will be held at the residence of Prof. Mills, O. A. C., to-morrow (Thursday) afternoon and evening. Carryalls to convey parties to the College will be at the Norfolk street Methodist Church from 4 to 6 o'clock, and from 7 to 8:30 o'clock. Fare, 10c. Admission, 10c; refreshments extra. City Band will be present. d1

HYMENIAL.—Another of Guelph's fair daughters has succumbed to the fatal darts of Cupid, being none other than Miss Clara Stevenson, daughter of His Worship Mayor Stevenson, who was last night joined in the bonds of wedlock to Mr. Wallace Claude Harrington, music dealer, Bradford, U. S. The ceremony was very quiet, the friends of the family being so numerous that it was impossible to invite them all without including half the city, consequently it was decided to extend no invitations beyond the members of the family and two or three of the most intimate friends. All the members of the family were present, including Mrs. McGill, Peterboro; Mrs. McIntyre, St. Marys; Mrs. Jackson, Nebraska; Rev. E. B. Stevenson, Barton; Mrs. Foster, Mrs. Snowden, Guelph, and a number of grandchildren. At half-past nine the lively strains of the wedding march were played by Maud Stevenson, the youngest sister of the bride and the young couple stood up to have the ceremony performed which was done by the Rev. Mr. Stevenson, brother of the bride, assisted by the Rev. Mr. Holmes, of the Norfolk Street Methodist Church. The bride looked charming in a dress of surah satin with crape lace trimmings to match, tablier of white crystal passamenterie, veil of silk Brussels lace, corsage toqued and white roses. The bridesmaids looked blooming and beautiful. Miss Carrie Stevenson first bridesmaid was dressed in a blue and combination of the palest shades of blue and salmon pink, surah satin, white crape lace trimmings to match, pearl ornaments; and the second bridesmaid, Miss Annie Jackson, Lincoln, Nebraska, in pale blue albatross cloth, surah satin sash, and lace trimmings. Both wore silk shoulder gloves. At the conclusion of the marriage the groom saluted his newly made wife by kissing her hand. The happy couple left this morning for Niagara Falls, and from thence they will go to their home in Bradford. The groomsman was Mr. Gieven, Bradford, U. S.

Sporting Notes.

Utica vs. Maple Leafs to-morrow.

Purvis and Scheibeck will be the battery for the Leafs in the morning game and Zell and Dillon in the afternoon to-morrow.

The Mikado Company and the Maple Leafs play a friendly game on Friday afternoon.

Utica-Maple Leaf games are called at 10.30 a. m. and 4 p. m.

Woodstock plays the Maple Leafs in Woodstock on Monday and in Guelph on Wednesday. As Woodstock leads the Western League good games may be looked for.

Manager Heugle of Utica telegraphs for hotel accommodation for nineteen.

To-morrow the Royal Oak base ball club play Stratford in Stratford, one of the Western League teams. A good game is sure to be seen.

Cormack & Keleher request us to state that the Maple Leaf player in the two games to-morrow with the Uticas who makes the most total base hits can call at their store on Friday and he will be presented with the best hat in the house. This is a good offer.

The following are the names of the eleven of the Guelph club which are playing Listowel in the Exhibition ground to-day:—F. Harley, B. R. McConkey, A. A. Fitzgerald, H. Lockwood, W. N. Husband, —Roche, H. Guthrie, W Henry, Geo. Saunders, A. W. Cutten and Martin. The game was called at 10.30.

The Last Year, 1885.

After the above year is ended there need be no person suffering from rheumatism, neuralgia, toothache, headache lumbago, or any acute pain, if they only purchase a bottle of Fluid Lightning, as it cures instantly. Pain cannot stay where it is used. The name is Fluid Lightning. Sold by Thomas S. Petrie, Druggist.

DOMINION DAY.

How it is to be Celebrated in the Royal City.

July 1st, Dominion Day, will be celebrated in the Royal City in a first class manner. In the morning at 10.30 o'clock baseball match will take place on the Maple Leaf grounds between the Maple Leafs and Uticas of the International League. The Uticas stand fourth place in the League and is the club that has successfully downed the Hamilton and Toronto clubs. As the Leafs have not been defeated this season, those who wish to see a fine exhibition of ball playing should make an endeavor to be present. In the afternoon the same clubs will play a second game, it to be called at 4 o'clock. Both games will be well worth seeing.

During the forenoon a large excursion, numbering over 1,000 people, under the auspices of the Orange Lodges of Toronto, will visit the city, and a programme of athletic games, etc., will be given on the Exhibition ground. As the Artillery Brigade is in camp no doubt they will add considerably to the day's amusement.

In the evening the Speed Skating Rink will be opened under the auspices of the City Band, when the Budd Brothers, of Toronto, will give an exhibition of fancy skating. A promenade concert will also be on the programme.

On the O. A. C. grounds the ladies of Norfolk street Methodist Church will hold their annual strawberry festival.

Victoria Park and the boat house will be open for all who wish to enjoy a sail on the romantic branch of the Speed.

News Items.

The Young Liberals' Convention at Montreal opens to-day.

The man who threw the Haymarket bomb is said to be dead.

Cardinal Taschereau was on Tuesday presented with his insignia of office.

Sir John Macdonald is to be invited to attend a political demonstration at London.

"Doc" Andrews, of Toronto, has been sentenced to five years in the Kingston penitentiary.

Rev. Henry Ward Beecher is staying with Dr. Parker, of the City Temple, in London.

Lake Shore strike disturbances were renewed on Tuesday night and another train wrecked.

Six companies have submitted propositions to the Government to build the Northwest Central Railway.

Another body was found in the Toronto Bay on Tuesday and is supposed to be that of H. M. Hampton, of Cleveland.

A new asteroid, making the 259th, is said to have been discovered by Dr. C. H. F. Peters, of Litchfield Observatory, U.S.

Knisley & Miller's galvanized iron works, Chicago, were gutted by fire Tuesday night. Loss $40,000.

A great sensation has been created in England by the publication in the *Fortnightly Review* of an article purporting to contain important Fenian revelations.

The Simcoe *Reformer* states that in Norfolk the Conservatives attempted to get the name of an old man 90 years of age on the Dominion voters' list as a land owner's son.

Joseph Gould, late a member of the Dominion Parliament for North Ontario, died at Uxbridge on Tuesday at the age of 78. He will be buried on July 2nd.

Mr. W. B. McMurrich, Reform candidate for the representation of Muskoka in the Commons, will hold the first of a series of meetings in the riding at Huntsville, at 12 o'clock noon on Dominion Day.

A convention of East Elgin Conservatives will be held at Aylmer on July 13 to nominate candidates for the Ontario Legislature and for the House of Commons.

About a thousand persons attended the Catholic Church pic-nic at Carleton Place on Tuesday, and political speeches were made by Sir John Macdonald and his followers.

At a convention of the South Huron Liberals on Tuesday Sir Richard Cartwright reviewed the doings of last session and wished his constituents farewell. The nomination of a candidate to succeed him was deferred.

Sheep are being sold at sixpence per head in many parts of New South Wales. The depression has been caused by the unprecedented dryness of the season, and and also by the ruinously low value of wool. The prospect in the colony is considered to be exceedingly gloomy.

THE HERALD.—At Osgoode Hall, Toronto, on Tuesday, Chancery Division, before Ferguson J., in the suit of Chadwick v. Murphy, the following judgment was given:—Judgment for the plaintiffs setting aside the sale in question and allowing them in to redeem upon payment of the amount due. Reference to the Master at Guelph to take the accounts. Costs to the plaintiff up to and inclusive of the judgment. Further directions and costs reserved. J. K. Kerr, Q.C., and A. H. Macdonald (Guelph), for the plaintiff. S. H. Blake, Q.C., Lash, Q.C., and Coffee (Guelph) for the defendants.

THE first time that the Mikado has ever been played in Guelph will be on Friday night.

The Guelph Junction Railway.

EX-Ald. Chadwick has received the following letter from Mr. Van Horne, Vice-President of the Canadian Pacific Railway, in connection with the Guelph Junction Railway:

F. J. Chadwick, Esq.

DEAR SIR,—Absence from home has prevented an earlier reply to your favour of the 15th inst. I will bring the matter before our Executive Committee at our next meeting and hope then to be in a position to write you exactly what the Company can do.

Yours truly,
W. C. VAN HORNE,
Vice-President.

This is to certify that I have used McGregor's Speedy Cure for Dyspepsia and Liver Complaint, and do honestly say that if it cost me one hundred dollars ($100.00) a bottle I would not be without it, as it has done me more good than all the medicines I ever used, and I feel lik ea new man.—Yours truly, Alex Steel, Carleton Place, Ont. This medicine is for sale at 50c. and $1.00 per bottle at Thos. S. Petrie's Drug Store.

Promotion Examinations, June 1886.

The following is the result of the promotion examinations in the schools, which are finished, by the Rev. Dr. Torrance, Inspector:

FROM I TO II BOOK.

In Miss Kilgour's room—John Ker, Wm. Johnston, Jennie Cordiner, Mary McCrae.

Miss McRoberts' room—Clara Leader, Helen Waldrick, Lizzie Hignell, Henry Leader, Clarence Welch, Walter Sturdy.

Miss Robins' room—Wm. Cotton, Robt. Walker, Charles Parkinson, Adam Robertson, Wm. Heartwell, Nellie Skinner, Jennie Greene, Daisy Stovell, Laura Powell, May Stovell, Bertha Edwards, Mary Parkinson.

Miss Norrie's room—Wm. McLaren, Jas. Marshall, Lorne Cunningham, Wm. Wallace, Guy Philp, Edith Smith, Minnie Russell, Phœbe Spragge, Lillie Forsyth, Ida McBride, May McBride.

Miss H. L. Maddock's room—Peter McElroy, Bertie Petrie, John McNally, Harry Scott, Fred Brown, Elias Cass, Leonard Gold, Lorne Haugh, Maggie Ferguson, Grace Moffatt, Nellie Gausby.

Miss Clarke's room — James Allan, Ernest Garno, Henry Stockford, Horace Bourne, Errett Kilgour, John Benson, Douglas McGregor, Olive Black, Ethel Tolton, Rose Teale, Kate Inglis, Eva McLean, Amelia Buckle, Maggie McMaster, Ada Stewart

Miss Fairbank's room—Emma Bard, Nellie Colson, Henry Emery, Joseph Woods, Chas. Ripley, Gustav Dorsch.

From Miss Henry's room to Miss Davie's—Annie Emery, Agnes G. Mills, Maude Hearn, Nellie Reynolds, Hilda Dyson, Mary Brown, Maggie Winstanley, Ethe Luttrell, Lillie Ludlow, Ethel Cobet, Edmund Smith, Robert Beck, Wm. Parker, Bertie Izzard, Alfred Hammond, John Mortimer, Wm. Sutton.

From Miss Kee's room to Miss C. A. Maddock's — Minnie Howard, Belva Tovell, Mary Bish, Sarah Naismith, Mary Parker, Herbert Steele, Clifford Walker, Fred. McBride, Wm. Clarke, Edward Johnston, Herbert Lister, Francis Tovell, Ruper Ellis, Albert Savage, Charles Snowdon, Henry Picken, Francis Wheatley, Chas. Wheatley, Herbert Tripp, Douglas Foster, Reuben Humphries, Edward McKenna.

PROMOTIONS FROM II TO III BOOK.

From Miss Kilgour's room to Miss Meldrum's—Robert Whetstone, Ernest Hambleton, Jas. Brandon, Geo. Whetstone, Alex. Richardson, John Norris, G. Bard, Alfred Boak, Philip Hornbostle, Geo. Thompson, Geo. Johnston.

From Miss Kilgour's to Miss Girdwood's—Annie Hornbostle, Letitia Baker, Jessie Scott.

From Miss McRobert's to Miss Girdwood's—Agnes Partridge, Gertrude Hignell, Florence Crowe, Edith Ledgerwood, Annie Carter, Maggie McLeay.

From Miss McRobert's to Miss Davidson's Thos. Gray, George Thatcher, Walter Benzie, Robert Leader.

From Miss Robins' to Miss Ridgeway's—Gertrude Evans, Evelyn Purvis, Florence Colson, Mary Dollery.

From Miss Robins' to Miss Meldrum's—Thomas Shortreed, James Woollings, Charles Rickaby, Charles Borthwick, John Dollery, William Bracie, Robert Henry.

From Miss Norrie's to Miss Girdwood's—Lizzie Turner, Mabel Campbell, Jennie McDonald, Fanny Hewer, Jessie Belson, Maggie Brown, Maud Cunningham.

From Miss Norrie's to Miss Nelles'—John Campbell, Stanley McMillan, Bertram Howell, Charles Ritchie, Ernest Rae, Charles Philp, Frederick Coulter, George Petrie.

From Miss H. L. Maddock's to Miss Girdwood's.—Ida Michie, Bertha Marriott, Margaret Irving, Florence Lawrence, Jessie Davey, Harriett Taylor, Ida Cross.

From Miss H. L. Maddock's to Miss Nelles'—James Scott, Joseph McKay, Francis Egan, John Clarke.

From Miss Clarke's to Miss Girdwood's—Jettie Jamieson, Maud Somerville, Carrie Draper, Alberta Tapperden.

From Miss Clarke's to Miss Nelles'—Harry Harris, Charles Lazenby, William Watling, Richard Beattie, John Watling, Alexander Patterson, Robert Millar.

From Miss Fairbank's to Miss Ridgeway's—Rhoda Slater, Bertha Warner.

From Miss Fairbank's to Miss Nelles'—Albert Hutchison, Frederick Gibson, Joseph Berry, Charles Oakes, James Anny, James Earron, Cornish Bennett, Francis Wilson, Henry Heard, Arthur Bently, Thomas Whitehead.

From Miss C A Maddock's to Miss Davidson's — Irwin Snyder, Thomas Sweet, Edgar Gausby, Andrew Spalding, James Beck, Thomas Campbell, Robert Stewart, Ernest Hall, John Jeffrey, Chas. Cutten, Robin Hood, Frederick Johnstone, Vincent Maddock, Victor Clarke, Thomas Russell, Robert Milne, James Parker, Robert Lodge.

From Miss C. A. Maddock's to Miss Girdwood's—Minnie Reynolds, Berenice Garrard, Maggie Moffat, Maggie Mortimer, Lizzie Clay, Ada Wicks, Emily Angell, Maggie Gokey, Nellie Henry, Ethel Barber, Evelyn Law, Louisa Crowe, Maggie Stevenson, Lottie Snyder, Ethel Harris, Mamie Hough, Ida Mearce, Maude Allan.

From Miss Davies room to Miss Cooley's—Maude McCutcheon, Alice Jordan, Lillie Jordan, Annie Taylor, May Crowe, Minnie Brill, Fannie Marriot, Amy Parker, Ethel Maddock, Florence Keating, Ada Walters, Matilda Philpots, Laura Linton, Allie Taylor, Christina Johnston, Maggie Slater, Florence Murray, Ada Verney, Jennie Stull, Harriet Churcher, Jennie Taylor.

From same to Miss Meldrum's room—Leonard Galbraith, Wm. Taylor, Charles Palmer, Wm. Bolton, James Smith, Chas. Milne, John Harrison, Edwin Lodge, Percy Clearihue, Wm. Fraser, Henry Chubb, Wm. Smith, Albert Rae, Wm. Devereaux, Chas. Wicks, Talmage Orr, Sylvester, Ridley, Geo. Smith.

From Miss Girdwood's room to Miss Oldham's—Louisa Kennedy, Elma Philp, Eva Stovel, Estella Galbraith, Esther Stevenson, May Bard, Lottie Cockman, Dora Black, Nettie Wilson, Hattie Tripp, Ida Humphries, Minnie Smith, May Flaws, Minnie Bollert, Maggie Gowdy, Lizzie Harrison, Jane McGregor, Louisa Darby.

From Miss Cooley's room to Miss Oldham's—Edith Forsyth, Maud Little, Annie Tolton, Jennie Goodwin, Ada McCrae, May Hallett, Ida Snelling, Edith Maddock, Minnie Watson, Lizzie Marcroft, Maggie Grant, Lizzie Martin, Mary McCrae, Mary Inglis.

From Miss Ridgeway's room to Miss Smith's—Ethel Williams, Ada Reid, Mabel Crowe, Jessie Williamson, Alberta Snyder, May Gokey, Annie Wren, Mary Leavens, Annabel Rainforth, Minnie Hammond, Rachael Bailey, Jennie Algie, Katie McLaren, Janet Congalton, Rose Rudd, Ada Allen, Emma Golds, Penelope Young, Ada Montgomery, Georgina Richardson, Martha McCartney, Eva Leavens, Annie Thatcher.

From Miss Davidson's room to Mr. MacIntyre's—Ernest Williams, John Spalding, Jos. Holmes, Austin Mitchell, Edward Palmer, Edward Shields, Herbert Spragge, Cyrus Borthwick, Chas. Savage, John Day, Thomas McMaster, Geo. Friesinger, Percy Lyon, Frederick Rose, Sherwood Walker, Albert Pearson, Gillies McPherson, Clarence Powell.

From Miss Nelles' room to Mr. MacIntyre's—Thos. Gordon, Robt. Cordiner, Alex. Grant, Henry Howie, Richard Heard, Robt. Hunt, Alex. McDonald, Chas. Cotton, Harold Morris, Henry Lowry, Robt. Spalding, Jas. Beamer, David Watson, Frederick Welch, Howard Sloane, Leonard Jackson, Williard Kribs, Henry Irving, Frederick Shields, Martin Collett, John Chadwick, Geo. Belson, Allen Waldron.

From Miss Meldrum's room to Mr. Cull's—Wm. Walker, Angus Gowdy, David Adams, Robt. Keating, Victor Barber, Thos. Ward, Chas. Wallace, Albert Hewer, Wm. Brooking, Orton Thompson, Frederick Harvey, Campbell Weatherstone, Eugene Jennings, Ernest Collier, Henry Suddaby, Kenneth McKinnon, Chas. Knowles, Robt. Parker, Chas. Lawrence, Geo. Savage, Donald White, Quincy Noice, Wm. Stirton, John McCrae, Thomas Woods.

From Mr. Cull's room to Mr. Cook's—Arthur Bradshaw, Ernest Carter, Wilmot Clarke, Geo. Colson, Rupert Cull, George Daniels, Arthur Emery, Edmund Emery, Octavius Fairbank, Arthur Gausby, Alex. Gow, Arthur Harvey, Norman Hill, Wm. Jenny, Ernest Johnstone, Ernest Lamprey, Norman McDonald, Harold Mercer, Chas. Mitchell, Fred. Petrie, Brock Stevenson, Edward Stewart, Jas. Thompson.

From Mr. MacIntyre's room to Mr. Cook's—Percy Applegarth, Wm. Benson, Arthur Booth, Wm. Brill, Bert Colson, Wm. Cross, Victor Davey, John Doherty, Philip Golds, Charles Grange, Charles Hicks, Wm. Hunter, Frances Johnson, Wm. Person, Harold Reynolds, George Sweet, James Taylor, William Thain, Thomas Winstanley.

From Miss J. M. Smith's room to Miss Bates'—Laura Bradshaw, Currie Burgess, Mabel Evans, Mary Fairley, Mary Hodgson, Lena Howell, Esther Hughes, Lottie, Jenny, Lizzie Marshall, Mary McLeod, Maggie Morrow, Maude Simpson, Lillian Smith, Ettie Welch.

From Miss Oldham's room to Miss Bates'—Ida Black, Ella Black, Lydia Busselle, Sarah Dolmage, Jessie Fraser, Maggie Frew, Mary Grant, Maggie Kirkland, Cathie Lowry, Maggie McCartney, Sarah McCrae, Nellie McEwan, Ethel McLean, Georgina Murchie, Isabella Parker, Josephine Parkinson, Ida Patterson, Mary Person, Edith Pike, Maggie Simpson, Mabel Snowdon, Jessie Spalding, May Stull, Fanny Sully, Ethel Willett, Edith Worswick.

From Miss Short's room to Mrs. White's—Clara Bothewell, Alice Brooking, Agnes Butchart, Eva Couch, Minnie Crowe, Mary Fraser, Annie Graham, Lizzie Hallett, Rose Johnstone, Ella Maitland, Bella Mitchell, Fanny Nicholson, Jennie Parker, Hanna Parkinson, Minnie Reynolds, Bella Shortreed, Jennie Sole, Ida Smith, Lizzie Vernon, Annie Wilson, Maude Person.

From Mr. Cook's room to Mr. McLeay's—Thomas Brown, John Brisby, Chester Crowe, Hamilton Evans, Harley Fairbank, Albert Farley, Clarence Galbraith, George Garno, Harland Harvey, George Hayes, James Innes, Isaac Johnson, John Johnston, Robert Johnston, Wm. King, Wm. Lephardt, Wm. Mahoney, George Marsh, Wm. Marsh, Maxwell McCord, William McKenna, Harry Mills, Bert Roche, Geo. Roche, Wm. Selwood, Frederick Shepherd, Fred. Spence, Thos. Steele, Guy Thunwell, Orange Wallace, Wm. Williamson, Robt. Wilson.

From Miss Bates' room to Miss Short's—Maude Anderson, Lizzie Brooking, Jennie Brown, Annabel Cowan, Georgina Crosbie, Ida Ellis, Amy Frew, Louisa Lawrence, Blanche Maddock, Laura Marcon, Jennie McLounie, Angus McMaster, Nellie Millar, Jessie Nicklin, Alice Petrie, Edith Scroggie, Alice Snowden, Ruth Smith, Mary Thompson.

In Mr. McLeay's room, which is the highest for boys in the Public Schools, 54 were under examination, but two of these only part of the time. There were ten subjects taken, and the greatest number of marks obtainable was 600. Only one boy made less than 50 per cent., and one made 50. The highest obtained was 481, and the next 454. Eight others took between 400 and 454, and twenty between 300 and 400.

The room occupied by Mrs. White corresponds for girls to that occupied by Mr. McLeay for boys, and the examination in it was on the same subjects with the same values. Thirty-one were under examination, but one of these was absent from several of the subjects without any reason being given to the Inspector. The highest number of marks obtained by any pupil was 405, and the next 404. All the others fell below the last figure. Nineteen made less than fifty per cent., reckoning nine who were away part of the time. Twenty made above that rate, but none more than 405 as just stated. The penmanship in the room is on the whole not up to the standard expected in a senior fourth book class.

The Evening Mercury

WEDNESDAY EVE'G JUNE 30, 1886.

Dominion Day.

Nineteen years ago Canada entered on a new phase of her existence as a Dominion. The older portion of our readers will recollect something about the prolonged negotiations which took place before this could be accomplished. In 1865 the two parties in the old Province of Canada had come to a dead lock, namely through the agitation of the people of Upper Canada for representation by population, in consequence of the injustice done that province by the connivance of the Government, and through the influence of the majority from Lower Canada. It was at this juncture that the proposal for confederation was mooted, and advantage was taken of an agitation in the same direction for a proposed union of the three Maritime Provinces. Without going into details we may state that a preliminary meeting of delegates from the different provinces was held at Charlottetown, when a proposition was made for the larger union. A subsequent meeting was held at Quebec, when the terms of confederation were drawn up and agreed upon. The sanction of the Imperial Parliament to the Confederation Act was obtained early in 1867, and on the 1st of July of that year the four provinces of Ontario, Quebec, New Brunswick and Nova Scotia became the Dominion of Canada. At later periods the Provinces of Prince Edward Island, Manitoba and British Columbia were admitted into the Confederation.

Since that memorable day, on the 1st of July, 1867, vast changes have taken place. The Home Rule granted to each Province has been of immense advantage to them. This is especially noticeable in our own Province, which once freed from the thraldom in which it was placed under the old Legislative system, entered at once on a career of progress and prosperity. In 1871 or 1872 the era of building local railways began. The liberality of municipalities was largely supplemented by the generous policy of the Provincial Government. This gave a great impetus to the development of our resources, and in every direction there was activity, enterprise and growth. The same prosperity characterized the other Provinces, though not to the same degree, for Ontario has led the van in progress, and will continue to do so. Had we been favored with a better Government at Ottawa the condition of all the Provinces to-day would no doubt have been better than it is. With the exception of the five years during which Mr. Mackenzie was in power the Government of the Dominion has been going from bad to worse. If some of the Provinces are prosperous to day it is largely due to themselves and in spite of the Administration at Ottawa, which in many ways has injuriously affected our best interests, corrupted our public morals, and initiated and carried on a system of extravagance and reckless expenditure which have saddled us with an enormous debt. Yet in spite of its bad policy and worse practices the Dominion, as a whole, has prospered, and is now fast taking that rank among nations to which she is entitled.

Had we been governed by wiser and better men we believe that our position to day would have been far higher than it is. We might go on to speak of the Northwest, but here again we are met by the depressing fact that its settlement has been considerably retarded by the unwise policy of the Government — a policy which culminated in a rebellion. We feel of course a just pride in the opening of our great Pacific Railway, and in the fact that the first train which started on Monday from Montreal is now on its way to British Columbia. The completion of this great work is hailed with pride by every Canadian, but the jubilation over the event is marred by the reflection that it has cost the country twice as much money as it ought to have done according to the terms of the original contract. The opening of this great highway marks a new era in the history of our country, and we trust that it will be the beginning also of a new era in our prosperity. Without at present going into the causes which would secure this, let us on this anniversary congratulate ourselves on what, in spite of all hindrances, we have been able to accomplish, and close with the fervent hope that Canada will be even more prosperous in the future than she has been in the past.

Statistics of Ireland.

The London *Graphic* has caused the following statistics of Ireland to be prepared. They are of interest in connection with the Home Rule movement. According to the census of 1881, the population of Ireland was distributed as follows: Leinster, 1,278,989; Munster, 1,331,115; Ulster, 1,743,075; Connaught, 821,657. The proportion per cent. of population in each province engaged in or supported by agriculture according to the census of 1881: Leinster, 50.8; Munster, 66.4; Ulster, 67.7; Connaught, 87.7; proportion for Ireland, 66. The value of cereals and other crops were in 1885 the following: Leinster, £3,092,030; Munster, £7,651,243; Ulster, £11,623,757; Connaught, £4,406,903. Of cattle, sheep and pigs: Leinster, £16,938,867; Munster, £20,048,649; Ulster, £15,667,364; Connaught, £10,857,097; horses, for the four provinces, £11,950,210. Proportion per cent. in 1881 in each province of persons 5 years old and upwards who can neither read nor write: Leinster, males, 19.9; females, 25.6; total, 20.3; Munster 26.1, 31.1 and 28.5; Ulster, 19.5, 21.1 and 20.3; Connaught, 35.3, 40.5 and 37.9; total Ireland, 23.8, 26.5, 25.2. Numbers of persons engaged in 1884 in principal occupations throughout Ireland: Agriculture, 3,417,877; manufactures, 691,509; trade and commerce, 72,245; professions, 198,684; domestics, 426,161; no occupation, 568,360. The centres of manufacturing interests are Belfast, Dublin, Limerick and Cork. Rateable valuation in 1884 and income-tax assessment of each province: Leinster, £4,745,319 and £13,272,202, Munster, £3,419,908 and £7,980,086; Ulster, £4,327,209 and £9,952,289; Connaught, £1,366,705 and £2,995,438. Religion in 1881: Leinster, Roman Catholics, 1,094,825; Protestants, 184,164; percentage of Roman Catholics, 85.5; Munster, 1,249,384, 81.731, 93.3; Ulster, 833,566, 809,509, 47.8; Connaught, 783,116, 38,541, 95.3. Pauperism in 1884: Leinster, poor relief expenditures, £334,197; persons relieved, 153,969; percentage of relieved 12; Munster, £328,195, 142,046, 10.5; Ulster, £171,157, 79,946, 4.6; Connaught, £112,381, 41,021, 5. Agrarian offences in 1885: Leinster, 156; Munster, 568; Ulster, 67; Connaught, 153.

The summers in Ontario seem to have been much cooler during the past three or four years than previously, and a good deal of speculation as to the cause has been indulged in. Some attribute it to local causes, some to the unusual outflow of ice from Hudson Bay, others to astronomical influences, but whatever the controling power, there may be consolation in knowing that Canada is not the only sufferer from the most extreme climatic changes, as the following extract from the London, England, *Daily News* of the 18th inst. will show: The strong northwesterly current of air which has prevailed so generally over the United Kingdom during the last two days has brought us some very cold weather, and the maximum of 60 deg. recorded in London yesterday was as much as 10 deg. below the average for the time of the year. Over the north and east of England the weather has been still colder; at Y[illegible] for example, yesterday the thermometer did not rise above 54 deg. while at Shields and Yarmouth it only reached 52 deg. There may be some grim satisfaction in knowing that while conditions with us have been so inhospitable, the weather over northern Europe has been magnificently fine and warm. Yesterday morning, at 8 o'clock, the reading of the thermometer at Bodo, a town in Norway, lying well within the Arctic Circle, was as much as 15 deg. higher than in London; while at Haparanda, on the northern shore of the Gulf of Bothnia, the difference amounted to no less than 20 deg. The latter place was in fact 11 deg. warmer than Toulon and Biarritz, and 9 deg. warmer than Corunna. On Wednesday morning Ulesborg, on the Russian shores of the Gulf of Bothnia, was as warm as Rome, slightly warmer than Malta, and decidedly warmer than Madrid or Naples. On Tuesday morning the state of things was even more remarkable, the reading at Kuopio, in the heart of Finland, being as high as 81 deg., or 3 deg. higher than in Constantinople, 10 deg. higher than at Nice, 13 deg. higher than at Funchal (Madeira), 15 deg higher than at Naples and Tunis, and 18 deg. higher than at Madrid. Under such circumstances it is devoutly to be hoped that a good strong north easterly wind will shortly spring up o waft some of this warm air from the more northern latitudes, where it cannot be required, to our own islands, where just one touch of summer weather would be vastly appreciated.

But one opinion prevails throughout the world, and that is so strongly in favor of Perry Davis' PAIN KILLER, that no other article ever attained so wide spread popularity.

CLARK & THOMPSON

42 St. George's Square.

SPECIAL

Reductions in Carpets

In Tapestry Carpets we offer extraordinary bargains. We are determined to clear the whole stock out at such prices as will astonish our customers. We want room for our large importations for fall trade. We commence at once to clear the balance of our spring stock. We will quote a few of the prices offered:—

Tapestry Carpets 40c. and 50c. reduced to 30c. and 40c. Tapestry Carpets 65c and 75c reduced to 50c and 60c. Tapestry Carpets 90c. reduced to 75c. Brussels Carpets that were $1.10 now 90c. Brussels Carpets that were $1.20 now $1.00. Brussels Carpets that were $1.25, now $1.05. Take advantage of this great clearing sale of Carpets. Union Carpets, patterns on both sides reduced from 55c. to 45c, and from 65c. to 55c. All Wool Carpets—clearing a lot of fine all wools for 65c. worth 80c. Clearing a lot of superior all Wools for 75c. worth 90c. Clearing a lot of extra superior Carpets at 90c. worth $1.10, A large stock of Hemp Carpets to be cleared at reduced prices. Hemps, 9c. 10c. 12c. and 14c. Dutch Carpets, 16c. 18c. 20c. 22c. and 25c.

Golden Medical Discovery.

Thoroughly cleanse the blood, which is the fountain of health, by using Dr. Pierce's Golden Medical Discovery, and good digestion, a fair skin, buoyant spirits, vital strength, and soundness of constitution will be established.

Golden Medical Discovery cures all humors, from the common pimple, blotch, or eruption, to the worst Scrofula, or blood-poison. Especially has it proven its efficacy in curing Salt-rheum or Tetter, Fever-sores, Hip-joint Disease, Scrofulous Sores and Swellings, Enlarged Glands, and Eating Ulcers.

Golden Medical Discovery cures Consumption (which is Scrofula of the Lungs), by its wonderful blood-purifying, invigorating, and nutritive properties. For Weak Lungs, Spitting of Blood, Shortness of Breath, Bronchitis, Severe Coughs, Asthma, and kindred affections, it is a sovereign remedy. It promptly cures the severest Coughs.

For Torpid Liver, Biliousness, or "Liver Complaint," Dyspepsia, and Indigestion, it is an unequalled remedy. Sold by druggists.

DR. PIERCE'S PELLETS — Anti-Bilious and Cathartic. 25c. a vial, by druggists.

All this Week

MONDAY, June 21, 1886.

We shall continue the excitement caused by our reduced prices during which we are clearing out many lines of seasonable goods, regardless of what they cost. Last week was an immensely busy week with us testifying to the fact that when we announce "Cheap Goods" the people expect to and do get them.

ALL THIS WEEK

We shall offer our still well assorted stock of Millinery & Straw Goods, at prices that must clear the last article off our shelves. Great inducements in this Department.

ALL THIS WEEK

We shall offer our large stock of Ladies' and Misses' Parasols and Sun Umbrellas at a very great reduction on regular prices. We are bound to clear them out.

ALL THIS WEEK

We shall offer our immense variety of Ladies' and children's Silk, Taffeta and Lisle Gloves, Silk, Lisle and Cotton Hosiery, at such low prices as to create a great rush in this department.

ALL THIS WEEK

We shall offer the choicest lines of Muslins, Lawns, Oriental Flouncings, All over Embroideries, Plain and Fancy Chambrays, Madras Laces, and Light Summer Goods at popular prices in very attractive styles.

ALL THIS WEEK

We shall continue our great sale of French Dress Goods, at which 40c. 45c. and 50c. goods are all put into one pile and offered at 25 cents per yard for your choice.

ALL THIS WEEK

We shall offer a special line of Lovely Summer Silks much under regular price. Also Beautiful Black Surahs just to hand in full range of prices.

Terms strictly cash.

W. A. CLARK,

Successor to W. S. Smith,

Will pay strict attention to repairing watches and jewellery. Being a practical watchmaker of large experience in the Elgin watch factory, Ill., the public can depend on getting work done well and promptly.

Watches warranted by Mr. Smith will be attended to free of charge until the warrant runs out.

I have added a large stock of new goods, watches, clocks, jewellery and silverware, of the latest designs, all of which I will sell very low.

CALL AND SEE THEM.

W. A. CLARK,

Smith's Old Stand, 26 Lower Wyndham street.

THE LION

Guelph Must Boom.

Times are on the mend. Let us rise equal to the occasion and improve our opportunities. We have within ourselves all the requisites for building up a large, wealthy and prosperous city, but we are just now at that stage of development when all our resources must be called into play and used to advantage, or else we sink into that lethargic state that so often overtakes places that once had the prospect of developing into a prosperous community.

We would raise the warning signal now while there is time to retrieve our past mistakes and profit by our experience. If we let the cycle of prosperous years, which we believe are soon to visit Canada, roll round without improving our opportunities the next prosperous term may see us so far in the van that it will be a hopeless chase to overtake towns that are now behind us in everything, except a desire to see their own community increase. If we allow our manufactories to close up and move away without any effort on our part to retain them; if we see manufactories starting up in other places, which we might have had for very little cost to the city; if we sit calmly by in indolent lassitude and allow the G. T. R. to have a monopoly of our trade and the C. P. R. to cut off a large section of country, with which we at one time did a large trade, without any effort on our part to construct a line of railroad which would break the monopoly of the G. T. R. on the one hand, and reconnect a large trade which we have lost on the other, which Line we have reason to believe would prove a paying speculation from the first. The result must prove disastrous.

It seems to us very strange that a large place like Guelph occupying such a central position in this country of railroads should have actually only one line and that the greatest monopoly, perhaps with one exception, in the land.

We can have the proposed railway, but we have got to build it, and furthermore we can build it and make it pay. If the city will not take the responsibility let a joint stock company be formed. We have confidence enough in the good judgment of the ratepayers of Guelph to believe that they would see it to their interest to bonus such a company handsomely.

The advantages of such a line would be innumerable. Somee of the immediate benefits would be the reopening of Mr. Spence's mill, enlarging the trade of all our manufacturers, especially in the iron and milling line, where the freights are heavy, the cultivation of a wholesale and the increase of the retail trade of our merchants, our market would increase and Guelph would become more of a shipping port. Manufacturers would settle here without any further inducements than those offered by the natural advantages of Guelph. We have no doubt that this railway would make Guelph boom for years to come, and would give her such a start as would enable her soon to take rank among the first cities in the land. Then let her boom, for boom she must. If we could only recognize the value of our heritage there is no place like her in Ontario

"Where every prospect pleases
And naught but man is vile."

Let us prove worthy sons of noble sires, and all must be well for our city.

J. D. WILLIAMSON & Co.

Clear the Shelves!

Make Room for New Goods!

CUT DOWN PRICES

Till Your Object is Attained.

THIS IS WHAT THE LION IS DOING.

Mr. J. D. Williamson

Is at present in the European Markets making fall purchases. We shall import this season the largest stock ever brought into Guelph at one time.

The question naturally arises what are we going to do with them. Sell them? Yes, of course we will, but where will we put the new goods in the meantime our store is full. Sell what we have, mark prices down and clear our shelves? This is just what we are doing. Price is no object.

OUR SHELVES MUST BE

CLEARED.

KNOW THYSELF.

A GREAT MEDICAL WORK on MANHOOD

Exhausted Vitality, Nervous and Physical Debility, Premature Decline in Man, Errors of Youth, and the untold miseries resulting from indiscretion or excesses. A book for every man, young, middle-aged and old. It contains 125 prescriptions for all acute and chronic diseases, each one of which is invaluable. So found by the Author, whose experience for 23 years is such as probably never before fell to the lot of any physician. 300 pages bound in beautiful French muslin, embossed covers, full gilt, guaranteed to be a finer work in every sense—mechanical, literary and professional—than any other work sold in this country for $2.50, or the money will be refunded in every instance. Price only $1 by mail, post paid. Illustrative sample free to any body. Send now. Gold medal awarded the author by the National Medical Association, to the President of which the Hon. P. A. Bissell, and associate officers of the Board the reader is respectfully referred.

The Science of Life is worth more to the young and middle aged men of this generation than all the gold mines of California and the silver mines of Nevada combined.—*S. F. Chronicle.*

The Science of Life points out the rocks and quicksands on which the constitution and hope of many a young man have been fatally wrecked.—*Manchester Mirror.*

The Science of Life is of greater value than all the medical works published in this country for the past 50 years.—*Atlanta Constitution.*

The Science of Life is a superb and masterly treatise on nervous and physical debility.—*Detroit Free Press.*

There is no member of society to whom The Science of Life will not be useful, whether youth, parent, guardian, instructor or clergyman.—*Argonaut.*

Address the Peabody Medical Institute, or Dr. W. H. Parker, No. 4 Bulfinch Street, Boston Mass., who may be consulted on all diseases requiring skill and experience. Chronic and obstinate diseases that have baffled the skill of all other physicians a specialty. Such treated successfully without an instance of failure Mention MERCURY Guelph. Ont. méddeodwly

Letter From Dakota.

The following is an extract from a letter from Dakota, dated Wheatland, June 17th, from Mr. Jas. P. Phin, of Hespeler, who is now visiting the Western States for pleasure and health :—

"Arrived at Sarnia at 4 p. m., went on board the steamer Wisconsin, which left for Duluth at 9.30 the same evening. The Wisconsin is a fine, large, American propeller, elegantly fitted up, in fact a floating palace. We had a splendid run, which I enjoyed very much, scarcely a ripple on the water, mostly as smooth as glass both on Lakes Huron and Superior. It was warm enough to remain on deck without an overcoat most of the time. The distance from Sarnia to Duluth is 664 miles. We arrived at Duluth on Saturday morning at 8 o'clock. There is not much "travel" by boat at present, it being too early; there were only 3 cabin passengers besides myself, so that we had lots of room. They gave us plenty to eat of the very best quality; I had speckled trout for breakfast the last morning I was on board that must have weighed nearly 1 lb, it was perfectly delicious. It is much more pleasant travelling by boat than by railroad. Duluth is a smart city; they have the finest docks I ever saw except at New York and Montreal, it being the head of inland navigation and is destined to become a very large city. It is situated on a hill, the streets rising gradually one above another; it looks fine from the lake; the buildings are mostly wood however and do not look as substantial as those of eastern cities. There are a few very fine brick blocks. We left Duluth at 4.10 p. m. by the Northern Pacific Railroad for Brainard, 114 miles west. I had no conception that there was anywhere such a large tract of worthless land in the temperate zone, (except on the Sahara or Great Desert of Africa) as I saw there a tamarind swamp with trees small and nearly dead—a vast wilderness that will never be made to blossom as the rose, by human agency at all events. From Brainard to Fargo, 138 miles, we passed through in the night and I could not see what it was like. I got to Fargo on Sunday morning at 3.30 o'clock. It is a rising city of ten thousand inhabitants on the prairie, grand land but a little too heavy in this section of the country, the streets were very muddy. I think it would make good mucilage, it sticks well anyhow. I had to remain at Fargo over Sunday, there being no train to take me out to Wheathead, 27 miles west. I went to church three times. They do not seem to be much of a church going people here, the churches are small and not many of them, but quite large enough to hold the congregations, there were only 16 of us at one of the services. Many of the places of business were open on Sunday, and they sell liquor openly.

I left Fargo at 8.30 Monday morning and arrived here at 10 o'clock. I like this prairie country in some respects very much; it is the best wheat land I ever saw or dreamed off, but not much use for grass or hay as yet. Clover will not do at all and timothy only very middling. I have not seen anything that we would consider worth cutting; hay will be very scarce. I never saw such magnificent looking stretches of spring wheat; (fall will not do here at all) you will see nothing but wheat in many places as far as the eye can reach. They do things on a large scale here; on this farm they have nearly 2,000 acres under wheat, all looking well. They keep over 40 mules and horses (mostly mules) to do the work in harvest; they run 13 self binders; it must be a grand sight to see all them going round a square mile (640 acres). They use sulky plows, 2 plows in a gang, to which they attach 4 mules. Drive 20 miles for a day's work. It is easy to tell how much work a man does get over in a day. Wheat is only 56 cents per bushel here at present. One man told me at Fargo that he could raise it at a profit for 40 cents, but Rolph says he cannot do it, he has figured it at 53 cents. We cannot compete with that in Ontario. Land is worth here from $8 to $25 per acre, according to improvements and distance from a railway elevator. Mr. Hagaman asks $30 per acre for part of his farm, but I understand would take less. Building material is very scarce, they have no stones of any consequence and lumber is very dear, very common from $19 to $20 per M. Hired help is high, girls getting from $16 to $20 per month and men are getting $18 per month now and during harvest, and threshing $2 per day, after harvest $26 per month till frost sets in. There are no trees but what have been planted and they do not thrive very well; box elder does the best; they have a fine clump on this farm about 20 feet high, covering a couple of acres; they have to go to keep the ground cultivated in order to grow them, they look something like Canadian poplars."

Horsford's Acid Phosphate.

Specific Virtues in Dyspepsia.

Dr. A. Jenkins, Great Falls, N. H. says "I can testify to its seemingly specific virtues in cases of dyspepsia, nervousness and morbid vigilance or wakefulness."

SALES OF PROPERTY.—Mr. John J. Daley, of the well known real estate firm of Daley & Co., has within the present month purchased the following improved farms at an aggregate price of $31,950. From Messrs George and John Amos, Blair, P. O., lot 29 and part of another in concession 12, North Dumfries, Waterloo County, 5½ miles from Galt, known as the "Amos Homestead" containing 203 acres, for $10,500, cash. From John Madden, Esq., Arthur P. O., lot 13, con. 16, in Township of Peel, 3 miles from Arthur and known as the "Madden Farm" containing 200 acres for $10,500, cash. From Mr. Peter Mooney, Aberfoyle P. O., lot 13, concession 9, Township of Puslinch, 5 miles from Guelph, containing 200 acres, for $7,000, $6,000 cash; and from John Smith, Aberdeen P.O., lot 28, in concession 9, Township of Bentinck, Grey County, 6 miles from Durham, 103 acres for $3,000, cash. These farms having been placed in the firm's hands for sale, Mr. Daley concluded to purchase them owing to the owners wishing a sale effected at once. The prices are higher than the owners could sell for themselves to any farmer. Any parties who may doubt the correctness of these facts are requested to write to the former owners whose names and address are given above.

Two tramps, a man and his wife, have recently been making a good living in Scotland by means of their baby. "We just gets 'im christened," says the father, "at all the towns we passes, and then ye see, the parson, he makes us all comfortable wi' summat to eat and money for beds. On days orful bad we has to do 'im twice."

Mineral Poison.

Nothing but pure extracts from plants and roots are used in preparing McGregor's Lung Compound, the modern and now popular remedy for colds, coughs, bronchitis, croup, asthma, and all affections of the throat, lungs and chest. All mineral poisons and dangerous substances avoided, which renders it safe for children or adults. Sold at 50c. and $1.00 per bottle at Thomas S. Petrie's Drug Store

Guelph Markets.

ALLEN'S

LUNG BALSAM

THE remedy for curing Coughs, Colds, Asthma, Croup, Diseases of the Throat, Bronchitis, Pains and Oppression of the Chest or Lungs, Difficult Breathing, and all the Diseases of the Pulmonary Organs. *No better remedy for Whooping Cough can be found.*

CAUTION.—Don't experiment with new and untried medicines, but always keep on hand this safe and sure remedy,—**Allen's Lung Balsam.**

MOTHERS, have you delicate, weakly children, who are always TAKING COLD, and subject to CROUP? Remember, there never was a case of CROUP which did not originate in a COLD.

ALLEN'S LUNG BALSAM IS YOUR REMEDY.

Physicians who have failed to cure their patients should try this medicine before they give the case up, as we know many valuable lives have been saved by being persuaded to give it a trial.

DO NOT DESPAIR because all other remedies have failed, but try this remedy, and you will not be deceived. *It will cure when all others fail.*

Allen's Lung Balsam is now put up in Three Sizes, Price 25c., 50c., and $1 per Bottle.

The 25c. bottles are put up for the accommodation of all who desire simply a Cough or Croup remedy. Those desiring a remedy for Consumption or any Lung Disease should secure the Large $1 Bottles.

Sold by all Medicine Dealers.

CAMPBELL'S

TONIC ELIXIR

This agreeable yet potent preparation is especially adapted for the relief and cure of that class of disorders attendant upon a low or reduced state of the system, and usually accompanied by Pallor, Weakness and Palpitation of the Heart. Prompt results will follow its use in cases of Sudden Exhaustion arising from Loss of Blood, Acute or Chronic Diseases, and in the weakness that invariably accompanies the recovery from Wasting Fevers. No remedy will give more speedy relief in Dyspepsia or Indigestion. For Impoverished Blood, Loss of Appetite, Despondency, and in all cases where an EFFECTIVE and CERTAIN STIMULANT is required, the ELIXIR will be found INVALUABLE.

Price $1 per Bottle or Six Bottles for $5

Sold by all Dealers in Medicine.

I CURE FITS!

When I say cure I do not mean merely to stop them for a time and then have them return again. I mean a radical cure. I have made the disease of FITS, EPILEPSY or FALLING SICKNESS a life-long study. I warrant my remedy to cure the worst cases. Because others have failed is no reason for not now receiving a cure. Send at once for a treatise and a Free Bottle of my infallible remedy. Give Express and Post Office. It costs you nothing for a trial, and I will cure you. Address DR. H. G. ROOT,

Branch Office, 37 Yonge St., Toronto.
