DR. CHRISTIE'S
GALVANIC BELT
NECKLACE
AND
MAGNETIC FLUID.

[illegible]ral and Permanent Cure of all [illegible]VOUS DISEASES,
[illegible] Complaints which are caused by an [illegible] or unhealthy condition of the [illegible]RVOUS SYSTEM.

This beautiful and convenient application of the mysterious powers of GALVANISM and MAGNETISM, has been pronounced by distinguished physicians, both in Europe and the United States, to be the most valuable medicinal discovery of the age.

Dr. CHRISTIE'S GALVANIC BELT
and
MAGNETIC FLUID,

is used with the most perfect and certain success in all cases of

GENERAL DEBILITY,

Strengthening the weakened body, giving tone to the various organs, and invigorating the entire system. Also in FITS, CRAMP, PARALYSIS and PALSY, DYSPEPSIA or INDIGESTION, RHEUMATISM, ACUTE and CHRONIC GOUT, EPILEPSY, LUMBAGO, DEAFNESS, NERVOUS TREMORS, PALPITATION OF THE HEART, APOPLEXY, NEURALGIA, PAINS in the SIDE and CHEST, LIVER COMPLAINT, SPINAL COMPLAINT, and CURVATURE of the SPINE, HIP COMPLAINT, DISEASES of the KIDNEYS, DEFICIENCY OF NERVE PHYSICAL ENERGY, and all NERVOUS [illegible] which complaints arise from one simple [illegible]

[illegible]ment of the Nervous System.
[illegible]RVOUS COMPLAINTS. Drugs and [illegible]dicines cure the disease, for they weaken the [illegible] of the already prostrated system; while [illegible] Galvanism, by vitalizing into [illegible] as applied by the Galvanic Belt, [illegible] the exhausted patient and weak [illegible] is restored to former health, strength, [illegible]

[illegible] peculiarity and excellence of
[illegible]ristie's Galvanic Curativos,
[illegible] the fact that they arrest and cure disease [illegible] application, in place of the usual mode of [illegible] and physicking the patient, till exhausted [illegible] the disease is in definition.

They strengthen the whole system, equalize the circulation of the blood, promote the secretions, and never in the slightest injury under any circumstances. Since their introduction in the United States, only three years since, more than

75,000 Persons

including all ages, classes and conditions, among which were a large number of ladies, who are peculiarly subject to Nervous Complaints, have been

ENTIRELY AND PERMANENTLY CURED,

when all hope of relief had been given up, and everything else been tried in vain!

To illustrate the use of the GALVANIC BELT, suppose the case of a person afflicted with that bane of civilization, DYSPEPSIA, or any other Chronic or Nervous Disorder. In ordinary cases, stimulants are taken, which, by their action on the nerves and muscles of the stomach, afford temporary relief, but which leave the patient in a lower state, with injured faculties, after the action thus excited has ceased. Now compare this with the effect resulting from the application of the GALVANIC BELT. Take it Dyspeptic, before, even in the worst symptoms of an attack, simply to the Belt around the Body, using the Magnetic Fluid as directed. In a short period the Galvanic circulation will set on the positive element, thereby causing a Galvanic circulation to pass on the negative, and these both positive, thus keeping up a continuous circulation throughout the system. Thus in these cases of DYSPEPSIA are PERMANENTLY CURED IN A FEW DAYS IS AMPLY SUFFICIENT TO ERADICATE THE DISEASE.

CURE OF
Rheumatism, Bronchitis and Dyspepsia
REV. DR. LANDIS, A CLERGYMAN

of New Jersey, of distinguished attainments and [illegible] alted reputation:—

Sussex, New Jersey, July 12, 1848.

Dr. A. H. Cumming—Dear Sir: You wish to know of me what has been the result in my own case of the application of THE GALVANIC BELT AND NECKLACE. My reply is as follows:

For about twenty years I had been suffering from Dyspepsia. Every year the symptoms became worse nor could I obtain permanent relief from any course of medical treatment whatever. About fourteen years since, in consequence of frequent exposure to the weather, in the discharge of my pastoral duties, I became subject to a severe Chronic Rheumatism, which for year after year caused me indescribable agony. Further: in the course of my ministry, in consequence of preaching a great deal in my own and other churches in this region, I was attacked with the Bronchitis, which soon became so severe as to render the suspension of my pastoral duties necessary. My nervous system was now thoroughly prostrated, and Rheumatic affection the Bronchitis became worse and worse, until I was [illegible] through the medium of the Nervous Sympathy, these disorders were connected, so that the [illegible] which could reach and recover the one, [illegible] every thing that I had tried for the other [illegible] failed. At last I was induced to examine your invention, and thought I would try the effect of the application of your Belt and Necklace, with the Magnetic Fluid. This was in June, 1848. To my astonishment, in two days my Rheumatism was gone, nor have I ever since experienced the service, on account of my case. Rheumatic affection has entirely ceased, and I am as free from the Bronchitis as any man. Such is the wonderful and happy result of the experiment.

I have recommended the BELT and FLUID to many who have been likewise suffering from Neuralgia affection. They have tried them, were astonished, I believe, in every case.

I am, dear sir, very respectfully yours,
ROBERT W. LANDIS.

DR. CHRISTIE'S
GALVANIC NECKLACE

is used for all complaints affecting the Throat, Head, such as Bronchitis, Inflammation of the Throat, Nervous and Sick Headache, Dizziness of the Head, Neuralgia in the Face, Buzzing or Roaring in the Ears, Deafness, which is generally thought to be the distressing complaint, called The Toothache.

DR. CHRISTIE'S
GALVANIC BRACELETS

Are found of vast service in cases of Consumption, Spasms, Cramp of the Head and upper extremities, Palsy and Paralysis, and general Nervous Debility of the system, or any nervous disease in the organs of the body.

LIFE ASSURANCE COMPANY,
No. 1, Princess Street, Bank, London.

CAPITAL—ONE MILLION STERLING.

Empowered by Special Act of Parliament, 4 Vict., Chap. 9.

REDUCED RATES OF PREMIUM—HALF CREDIT RATES OF PREMIUM.

THE great and decided success which has attended this Institution, has induced the Directors to REDUCE the RATES originally required in British North America, to the ordinary European Rates. The result of such Reduction is to enable parties to avail themselves of the important benefits to Life Assurance at much lower Rates of Premium than those of any other Assurance Company transacting business in Canada.

The Directors have also resolved to extend to British North America the advantages afforded by the HALF CREDIT RATES of PREMIUM which have been so highly approved, and are so generally adopted by Policy Holders in the United Kingdom. The most liberal conditions are likewise offered to the Assured in the limits to which they may proceed by sea or land, to other parts of North America without affecting their Interest in their respective Policies.

THIS COMPANY, which has been established 30 years, commenced with a subscribed Capital of $2,000,000, had upon the first, 20 years ago, to offer to the Public two scales of Premium—the lower, to insure only a fixed amount; the higher, entitling the Insurers to a participation in the profits.

Advantages offered to Insurers.

Very low Rates of Premiums on Young Lives.
The security of a large realised and invested Capital.
Large Bonuses on Policies effected on the high Scale.
Prompt settlement of Losses.
The full value given for Policies when discontinued.
On Insurances for the Whole of Life: one-half of the Premiums, if desired, permitted to remain unpaid for the first seven years, as a Loan at interest, and then to be paid, or to remain as a permanent Loan, at the option of the Insurer.
Loans upon Policies for the Whole of Life, after payment of three Premiums, in proportion to the value of same.
The acceptance of Naval, Military, Climate, and Speculative Risks of all kinds, on payment of a commensurate Premium. Age admitted on the Policy when issued, if desired, on proof of date of birth.
Permission for the Lives assured to reside in any part of Europe, without extra premium or special license, and to, at and from California, at a small extra premium.
Insurances, if required immediately, may be effected any day between the hours of 10 and 4.
The Pamphlets published by this Company fully set forth the merits of Life Insurance; and copies thereof may be had, gratis, on application to the Agent, who is also prepared to furnish every information that intending Insurers may require.

Northern Railr'd, N. Y.
Ogdensburgh and Rouse's Point.
Summer Arrangement.

HEREAFTER Trains will run as follows, until further NOTICE:—

Leave ROUSE'S POINT at 8 o'clock, A. M., and 2, P. M.
Arrive at OGDENSBURGH at 4 o'clock, P. M., and 7, P. M.
Leave OGDENSBURGH at 6 o'clock, A. M., and 2, P. M.
Arrive at ROUSE'S POINT at 10 o'clock, P. M., and 7, P. M.

At Ogdensburgh the Trains connect with Steamers for Brockville, Kingston, and Toronto Harbor, Oswego, Toronto, Lewiston, Niagara, Hamilton, and the Upper Lakes; Lewiston, Niagara, Hamilton, and the Upper Lakes; and at Rouse's Point with Steamers for St. Johns, Montreal, Plattsburgh, Burlington, Whitehall, Saratoga, Troy, Albany, and New York.

At Rouse's Point Trains also connect with the Trains of the Vermont Central Railroad, running through the heart of New England to Boston; and it connects by means of Steamers to Burlington, with the Rutland and Burlington Railroad leading also through the New England States to Boston.

This is the most desirable route for either pleasure or business travel between New England and the Western States; and is the most expeditious route from Montreal to Western Canada.

Legislative Council.

TUESDAY, August 26.

The Bill to permit married women residing in foreign countries to convey real estate situate in Canada; the Bill to repeal the Act fixing the distance between a County Town and any Educational Grammar School; and the Bill to provide for the better organization of Agricultural Societies in Upper Canada, were reported from Committee and read a third time.

Hon. J. Morris introduced a Bill to extend the provisions of an Act of the present Session, to provide means for commencing a Railway to Hudson—read a first time.

On the motion for the third reading of the Bill to amend the Act relating to Registrars, Para. Hon. Mr. Crooks moved that the Bill be recommitted. He held that the Bill was unjust to the gentlemen who held the Registrar's Office. He found that the average receipts of those offices were £1170. Some of them only realized £200; the highest amount received was that of the Registrar for the County of York, who realized £1600 12s 11d a-year, and he showed that the expenses of the office left him only £14 a-year as net receipts.

Hon. J. Morris admitted that he was opposed to this Bill when first introduced; but he was bound to surrender his own opinions, when he saw that the Bill was passed by a large majority of the Assembly, under whose immediate control it ought to be left.

Hon. Mr. Ferguson concurred in the views of the Postmaster General.

The Hon. Speaker opposed the Bill. He was not inclined to submit lightly to the dictum of the Assembly when he remembered that any Bill coming up from that body was calculated to do an act of injustice to individuals. Before passing a Bill of this nature, the Council ought to be satisfied that the parties affected were over-paid, and that the charges made by them were exorbitant. Unless that were clearly proved, he would not consent to give his voice in favour of a Bill which was merely introduced and carried through by some one popular member of the other House, because they were desirous of having in their power a Bill to exhibit to the electors, as a proof of their sincerity in the cause of retrenchment. As to the proposition for an income, he did not think that the Council could accede to it. They had not the power of amending any money bill, but they had the power of throwing it out, a course which he should advise.

Hon. Mr. Irving said the Hon. Speaker appeared to feel warmly on the subject of reducing salaries. The Registrars were too highly paid, and if the Registrar of the County of York did not obtain more than £300 a-year net profit from his office it was caused by his own extravagance.—He should support the Bill.

Hon. Mr. Ferrier supported the amendment, because he conceived that the bill would be subject to individuals, and because he was not disposed while holding that opinion to yield to a majority of the Assembly.

Hon. Mr. Ferguson would go as far as any one in supporting the privileges of the Council, but in a question that came before immediately under the cognizance of individual members of the House of Assembly, he was not disposed to retain his own opinion in opposition to a majority of that House.

Hon. Mr. Boulton, after stating that it was not his intention to vote on the motion, explained that the operation of this bill would be ruinous to many of the Registrars. Their receipts are very, with one exception, extremely trifling, and they would be cut down one half. A distinction that many of them would be utterly unable to support, as they are now obliged to build fire-proof offices at their own expense.

Hon. Mr. Widmer feared that if the Bill were passed it would be impossible to get such a class of persons to fill the offices in would discharge the duties with efficiency. He knew from experience that the duties of the office in this city were performed in the most admirable manner, and that the subdivision of property was so great that the utmost care was necessary.

Hon. Mr. Ferrier moved in amendment, the third reading this day three months, which was carried.

The Bill to [illegible] the Toronto Water Works protection Bill; Agricultural Law Amendment Bill; Montmorency Bridge Bill; Niagara Harbour and Dock Bill; Registry Amendment Bill; Tavern regulation Bill, U. C.; amendment; Assessment Bill; Election writs Bill. The Halifax Trunk Railway Bill occupied the attention of the Council for some time in consequence of the Hon. Mr. Crooks objecting to the second reading. The second and third readings were finally carried, and a large amount of other business was hurried through the form of the day, at a late hour.

Legislative Council, Chamber, Toronto, 26th August, 1851.

This day at 12 o'clock, His Excellency the Governor General proceeded to the Chamber of the Legislative Council, the Members being assembled, His Excellency commanded the attendance of the Legislative Assembly, and that House being present, the following Bills were assented to in the Queen's name, by His Excellency the Governor General, viz:—

An Act for the further amendment of the Laws relating to the Public Works in this Province.

Pleasant Water.

Let all who wish good health to get
Just try the famed Plantagenet;
Though it is strange they try to get
And gain a market for their stuff,
This only can make good its boast,
The friend of all who tried it most.

AS this is the season of the year when the public are most disposed to seek the aid of mineral waters, it is necessary that parties should be strongly warned against the have-lived attempts to give a spurious reputation to certain other Springs, by the unauthorized and unwarrantable use of the names of eminent Physicians. To such an extent has the practice been carried, that our Physicians of this city has been lately compelled publicly to deny that he ever gave a certificate testifying to the rare qualities of one of these Springs.

Another artifice had recourse to, by certain parties, is the substitution of old certificates granted to other Springs, as if they had been given in favor of their own Springs. In fact, such is the spirit of jealousy excited at the rapidly increasing sales of the far-famed Plantagenet Water, that it can hardly contain itself, and is now seeking the most unfair means to impeach on the credibility of the public, that attempts, however, cannot succeed; every day the fame of the Plantagenet Water is spreading and widening, and the Proprietor feels that he can appeal as one of the most innocent and efficacious of aperients, its use as a pleasant summer beverage is almost unknown, and, he believes, never was a mineral water which combined so eminently the two qualities of aperient and agreeable, and to talk of competition or comparison is simply absurd. Let the first thing be remembered, and be answered, Plantagenet Water. Ask the merchant what is the morning's demand, and the reply is, Plantagenet Water. Ask the professional man what he has found most invigorates his health, and again we are told Plantagenet Water. Ask the hard-working mechanic, or laborer, what is the most refreshing beverage he has found, and he will reply, a bottle of the Plantagenet Water. This extraordinary success has induced attempts, both in Montreal and the Country, to palm off other inferior waters for the Plantagenet, a fact of which the Proprietor has been directly informed by Medical gentlemen of this city. In short, no attempt is left untried by these persons who wish to trade on the unsullied reputation enjoyed by the Plantagenet Water. To guard against deception, therefore, the public are requested to supply themselves direct from the Depot, Place D'Armes, Montreal. Price per gallon, 1s; bottled, 4s the dozen, bottles returned, and 15d per gallon. The demand for this Water, by the glass, averages 200 glasses every morning.

NEW CERTIFICATE.

The following from Dr. Munro, Chief Physician of the Hotel Dieu, adds one other to the overwhelming testimonies borne to the virtues of the Plantagenet Water by all our leading Physicians:—

To Mr. Lancaster, Proprietor of Plantagenet Water, Place d'Armes.

Sir,—I have hitherto refrained from giving you my opinion of the Plantagenet Water; but the time has now arrived when this ought to be done, both to the public and yourself, that I should do so. I state, then, frankly, that I have the highest opinion of the Plantagenet Water, which I consider superior—in fact, far superior—to any other mineral water with which I am acquainted. I have used it extensively in my practice at the Hotel Dieu Hospital, and with the most favorable results. As a mild aperient, its use is invaluable; and in numerous cases where other medicines could not be safely employed, I have found it most useful. I consider it a great boon to the profession and the public, to have such a water in its favor; and I strongly recommend all the heads of families to keep a supply of the water by them, being perfectly satisfied of its great utility.

I have the honor to be, Sir,
P. MUNRO, M.D.,
Chief Physician in the Hotel Dieu Hospital, and Lecturer of Surgery in the School of Medicine of Montreal.

Dalhousie Street, 6th August, 1851.

In conclusion, let it be borne in mind, that it is not simply as a saline drink that these waters are beneficial, but because they have an oily, fattening property, unknown to any saline bottles. There is, in fact, but one Plantagenet Spring, and the more that is known, the higher its reputation, and the more all others sink into insignificance beside it.

It is necessary to read the names given below, of parties who have used the Plantagenet Waters, to be satisfied of their superior excellency over all others:—

Drs. Dacres, W. Nelson, W. Frank, C. W. Campbell, A. Hall, A. McCulloch, R. L. McDonnell, Crawford, J. G. Shand, R. S. Tardel, H. Mount, J. L. Leprohon, S. C. Sewell, F. Bockett—Potter, J. E. Coderre, L. F. Trudeau, G. D. Gibb, F. E. Pigault, James Grant, L. H. Meneil, H. Peltier, H. Nelson, S. B. Schmitt, W. F. Smith, P. Munro, T. Loder, W. Wright, L. Roger, the Hon. A. N. Morin; the Hon. Peter McGill; the Hon. Louis Joseph Papineau; C. Wilson, Esq., Mayor of Montreal; J. Leslie, Esq., Ex-Mayor; — Bellemare, Esq., Mayor of Quebec; J. B. Renaud, Esq.; Louis Boyer, Esq.; J. B. Leprohon, Esq.; J. Bolte, H. P.; Maurice Foulis, Prior; J. A. Cameron, Esq.; and many others.

Sold only at No. 1, Place D'Armes, Montreal, where Agents from the country, who want it to sell again, can be supplied at liberal rates.

For sale also in Beauharnois by Mr. Robert Tom, and Caton by Mr. G. W. Schneider.

JUDSON'S
CHEMICAL EXTRACT OF

CHERRY AND LUNGWORT,

FOR THE CURE OF

Coughs, Colds, Hoarseness, Spitting of Blood, Night Sweats, Asthma, Liver Complaints, and

CONSUMPTION.

THE most strongly marked and developed cases of Pulmonary Consumption, where the lungs have become diseased and ulcerated, and the case so utterly hopeless, as to have been pronounced by Physicians and friends to be past all possibility of recovery, and at times thought to be dying, have been cured by this wonderful remedy, and are now as well and hearty as ever. It is a compound of combinations which are peculiarly adapted to, and wonderfully successful for the cure of

COUGHS AND CONSUMPTION.

Its operation is mild, yet effectual; it loosens the phlegm which produces so much difficulty, relieves the lungs, and assists nature to expel from the system all diseased matter by expectoration, producing a delightful change in the breathing and feeling, and that, after the predictions of the very best medical men, and the inventions of kind and sorrowing friends and nurses, have failed to give the smallest relief to the Consumptive sufferer.

THOUSANDS OF CONSUMPTIVE

persons have been deceived repeatedly in buying medicines which were said to be infallible cures, which, when taken, have proved only palliatives; that is, they only ease a cough, or cause the patient to sleep quietly, or make the cough easier, or lessen the quantity of phlegm, or cause the night sweats to cease, or make the patient feel better in some other way, and thus induce the belief that the disease is cured, when, in fact, but one single bottle is needed to prove that it is not only a palliative, but a cure for wasting lungs. It contains no deleterious drugs, and one trial will prove its astonishing efficacy beyond a doubt, in curing sometimes even in curing Consumption and all diseases of the lungs, such as spitting of blood, coughs, pain in the side and chest, night sweats, &c., &c.

Authenticated certificates of almost miraculous cures, performed by this medicine, from some of the first Doctors, Clergymen, and Merchants, have been sent to the Proprietors, and will be published at them looks too much like a Quackery, I will show them to any person calling at our office.) This medicine will speak for itself and recommend itself to every one who knows it is tried.

Caution.—This medicine is put up in a large bottle, and you must find the name of Comstock & Brother, Proprietors, New York, on the splendid wrapper around the bottle, or it is not genuine. Orders should be addressed to Comstock & Brother, No. 8, John Street, New York.

CARLTON'S CONDITION POWDERS FOR HORSES AND CATTLE.

The changes of weather at this season, with the change of use and food, have a very great effect upon the blood and unsound Boils of horses. It is at these changes they require an assistant to assist in the cure of any disorder of the fluids of the body that may have been established, and which, if not attended to, will result in the Yellow Water, Mange, Boils, &c. All of which will be prevented by giving one of these powders, and will, at any time, cure when any symptoms of disease appear, if used in time. They purify the blood, remove all fever, and invigorate the whole body, enabling them to do more work with the same feed. The action of these powders is direct upon the digestive organs, and through it upon the blood, and thence upon the Horse, the Ox, the Ass, and all domestic animals, all diseases arising from, or producing a bad state of the blood, are speedily cured by these powders, and not for CARLTON'S CONDITION POWDERS, and take no other.

CARLTON'S NERVE AND BONE LINIMENT FOR HORSES,

and for the cure of all diseases of man or beast that require external application, such as contracted cords and sinews, all strains, bruises, wounds, and in also used for spavins, ringbone, splints, curbs, sweeny, worms of all kinds on Horses.

CARLTON'S articles for Horses and Cattle are prepared from the receipt of a very celebrated English Farrier, and will cure, in ninety-nine cases out of one hundred, any of the above complaints. They have been used by Farmers, Livery-men, Stage Proprietors, and others, with the most marked and decided success.

Carlton's Medicines can be procured of any one of the agents of J. Carlton Comstock on the wrapper of each article.
