RG 9 II-F-6
Department of Militia and Defence,
Accounts and Pay Branch,
Nominal Rolls and Paylists for the
Volunteer Militia,
1855-1914

The records in this series consists of nominal lists and paylists for units of the Canadian Volunteer Militia. Under the *Militia and Defence Act, 1868*, members of the Volunteer Militia were required to drill both regularly during the year and on an annual call out. Each member of the Volunteer Militia was compensated for the time they spent on drill, and in order to document that each member was paid a paylist was produced. The paylists were produced on a form by the Department of Militia and Defence and were to be filled out by each company and signed by the Officer Commanding the Company and the Commanding Officer of the Battalion. The list was then transmitted to Militia and Defence Headquarters in Ottawa, where the Assistant Adjutant General authorized payment. The rate of pay for men, non-commissioned officers and officers was specified in the *Militia and Defence Act.*

The records in the series are arranged by companies within each battalion or regiment and then by year. A paylist will indicate the names and ranks of those receiving pay, the number of days of drill, rate of pay, the total amount paid each member, any pay received for the use of a horse by the company, and the signature of the member for pay received. The form also indicates the total pay for the company and any balance the unit might have carried from year to year. In most instances there is a separate form for men, non-commissioned officers and officers.

Listes nominatives et listes de paie de la
Milice volontaire
1855-1914

Les fonds de cette série comprennent les listes nominatives et les listes de paie de toutes les unités de la Milice volontaire canadienne. En vertu de la *Loi sur la Milice et la Défense de 1868*, les membres de la Milice volontaire devaient participer à des exercices de drill sur une base régulière durant l'année et lors d'un rappel annuel. Chaque membre de la Milice volontaire était compensé pour le temps consacré aux exercices de drill et une liste de paie était produite afin de documenter le traitement de chacun. Le ministère de la Milice et de la Défense produisait ces listes de paie sur un formulaire rempli par chaque compagnie et signé par le Commandant de la compagnie et le Commandant du bataillon. La liste était ensuite transmise au Quartier général de la Milice et de la Défense à Ottawa, afin que l'Adjudant général adjoint autorise le paiement. La *Loi sur la Milice et la Défense* précisait le taux de traitement pour les hommes, les sous-officiers et les officiers.

Les fonds de cette série sont classés par compagnie à l'intérieur de chaque bataillon ou régiment, puis par année. Une liste de paie comprend les noms et grades des miliciens qui ont reçu un paiement, le nombre de jours d'exercices de drill, le taux de traitement, le montant total versé à chaque membre, le salaire reçu par la compagnie pour l'utilisation d'un cheval ainsi que la signature du milicien ayant reçu le paiement. Le formulaire indique aussi le salaire total de la compagnie et tout solde reporté d'une année à l'autre. Dans la plupart des cas, on retrouve un formulaire distinct pour les hommes, les sous-officiers et les officiers.

INSTRUCTIONS.

1. ANNUAL DRILL.—The Pay and Allowances are to be charged in this Pay-list according to the several Orders and Regulations governing the Annual Drill for the year.

2. In all cases of a Militiaman signing the Pay-list for another as his Proxy, a written proxy from the Militiaman authorizing the other to sign for him must be attached to the Pay-list; and in cases where neither the signature of the Militiaman nor his Proxy can be procured, the amount must be deducted from the Pay-list. It will be the special duty of the District Paymaster to see that this order is carried out in all cases *before* issuing the amount of the Pay-list.

3. No Brigade Staff Officer can, under any circumstances, receive pay, unless he has been regularly gazetted to the Brigade.

4. The Pay-lists must be signed *in duplicate* by every person included therein for pay *before* they are sent to the District Paymaster, to be forwarded to the Department, at Ottawa, with the Account Current.

5. The name of every person on the Pay-list shall be called out by the Paymaster, together with the amount due to him and each person shall answer by passing the Paymaster as his name is called.

INSTRUCTIONS.

1. ANNUAL DRILL.—The Pay and Allowances are to be charged in this Pay-list according to the several Orders and Regulations governing the Annual Drill for the year.

2. In all cases of a Militiaman signing the Pay-list for another as his Proxy, a written proxy from the Militiaman authorizing the other to sign for him must be attached to the Pay-list; and in cases where neither the signature of the Militiaman nor his Proxy can be procured, the amount must be deducted from the Pay-list. It will be the special duty of the District Paymaster to see that this order is carried out in all cases *before* issuing the amount of the Pay-list.

3. No Brigade Staff Officer can, under any circumstances, receive pay, unless he has been regularly gazetted to the Brigade.

4. The Pay-list must be signed *in duplicate* by every person included therein for pay *before* they are sent to the District Paymaster, to be forwarded to the Department, at Ottawa, with the Account Current.

5. The name of every person on the Pay-list shall be called out by the Paymaster, together with the amount due to him, and each person shall answer by passing the Paymaster as his named is called.

INSTRUCTIONS.

1. ANNUAL DRILL.—The Pay and Allowances are to be charged in this Pay-list according to the several Orders and Regulations governing the Annual Drill for the year.

2. In all cases of a Militiaman signing the Pay-list for another as his Proxy, a written proxy from the Militiaman authorizing the other to sign for him must be attached to the Pay-list; and in cases where neither the signature of the Militiaman nor his Proxy can be procured, the amount must be deducted from the Pay-list. It will be the special duty of the District Paymaster to see that this order is carried out in all cases *before* issuing the amount of the Pay-list.

3. No Brigade Staff Officer can, under any circumstances, receive pay, unless he has been regularly gazetted to the Brigade.

4. The Pay-lists must be signed *in duplicate* by every person included therein for pay *before* they are sent to the District Paymaster, to be forwarded to the Department, at Ottawa, with the Account Current.

5. The name of every person on the Pay-list shall be called out by the Paymaster, together with the amount due to him and each person shall answer by passing the Paymaster as his name is called.

INSTRUCTIONS.

1. ANNUAL DRILL.—The Pay and Allowances are to be charged in this Pay-list according to the several Orders and Regulations governing the Annual Drill for the year.

2. In all cases of a Militiaman signing the Pay-list for another as his Proxy, a written proxy from the Militiaman authorizing the other to sign for him must be attached to the Pay-list; and in cases where neither the signature of the Militiaman nor his Proxy can be procured, the amount must be deducted from the Pay-list. It will be the special duty of the District Paymaster to see that this order is carried out in all cases *before* issuing the amount of the Pay-list.

3. No Brigade Staff Officer can, under any circumstances, receive pay, unless he has been regularly gazetted to the Brigade.

4. The Pay-list must be signed *in duplicate* by every person included therein for pay *before* they are sent to the District Paymaster, to be forwarded to the Department, at Ottawa, with the Account Current.

5. The name of every person on the Pay-list shall be called out by the Paymaster, together with the amount due to him, and each person shall answer by passing the Paymaster as his named is called.

INSTRUCTIONS.

1. ANNUAL DRILL.—The Pay and Allowances are to be charged in this Pay-list according to the several Orders and Regulations governing the Annual Drill for the year.

2. In all cases of a Militiaman signing the Pay-list for another as his Proxy, a written proxy from the Militiaman authorizing the other to sign for him must be attached to the Pay-list; and in cases where neither the signature of the Militiaman nor his Proxy can be procured, the amount must be deducted from the Pay-list. It will be the special duty of the District Paymaster to see that this order is carried out in all cases *before* issuing the amount of the Pay-list.

3. No Brigade Staff Officer can, under any circumstances, receive pay, unless he has been regularly gazetted to the Brigade.

4. The Pay-list must be signed *in duplicate* by every person included therein for pay *before* they are sent to the District Paymaster, to be forwarded to the Department, at Ottawa, with the Account Current.

5. The name of every person on the Pay-list shall be called out by the Paymaster, together with the amount due to him, and each person shall answer by passing the Paymaster as his named is called.

INSTRUCTIONS.

1. Annual Drill.—The Pay and Allowances are to be charged in this Pay-List according to the several regulations and orders governing Annual Drill for the year.

2. In all cases of a Militiaman signing the Pay-List for another as his Proxy, a written proxy from the Militiaman authorizing the other to sign for him must be attached to the Pay-List; and in cases where neither the signature of the Militiaman nor his Proxy can be procured, the amount must be deducted from the Pay-List. It will be the special duty of the Paymaster to see that this order is carried out in all cases *before* issuing the amount of the Pay-List.

3. The Pay-Lists must be signed *in duplicate* by every person included therein for pay *before* they are sent to the Paymaster, to be forwarded to the Department, at Ottawa, with the Account Current.

4. The name of every person on the Pay-List shall be called out by the Paymaster, together with the amount due to him, and each person shall answer by passing the Paymaster as his name is called.

INSTRUCTIONS.

1. Annual Drill.—The Pay and Allowances are to be charged in this Pay-List according to the several regulations and orders governing Annual Drill for the year.

2. In all cases of a Militiaman signing the Pay-List for another as his Proxy, a written proxy from the Militiaman authorizing the other to sign for him must be attached to the Pay-List; and in cases where neither the signature of the Militiaman nor his Proxy can be procured, the amount must be deducted from the Pay-List. It will be the special duty of the Paymaster to see that this order is carried out in all cases *before* issuing the amount of the Pay-List.

3. The Pay-Lists must be signed *in duplicate* by every person included therein for pay *before* they are sent to the Paymaster, to be forwarded to the Department, at Ottawa, with the Account Current.

4. The name of every person on the Pay-List shall be called out by the Paymaster, together with the amount due to him, and each person shall answer by passing the Paymaster as his name is called.

INSTRUCTIONS.

1. Annual Drill.—The Pay and Allowances are to be charged in this Pay-List according to the several regulations and orders governing Annual Drill for the year.

2. In all cases of a Militiaman signing the Pay-List for another as his Proxy, a written proxy from the Militiaman authorizing the other to sign for him must be attached to the Pay-List; and in cases where neither the signature of the Militiaman nor his Proxy can be procured, the amount must be deducted from the Pay-List. It will be the special duty of the Paymaster to see that this order is carried out in all cases *before* issuing the amount of the Pay-List.

3. The Pay-Lists must be signed *in duplicate* by every person included therein for pay *before* they are sent to the Paymaster, to be forwarded to the Department, at Ottawa, with the Account Current.

4. The name of every person on the Pay-List shall be called out by the Paymaster, together with the amount due to him, and each person shall answer by passing the Paymaster as his name is called.

INSTRUCTIONS.

1. The Pay and Allowances are to be charged in this Pay-List according to the several regulations and orders governing Annual Training for the year.
2. In all cases of a Militiaman signing the Pay-List for another as his Proxy, a written proxy from the Militiaman authorizing the other to sign for him must be attached to the Pay-List; and in cases where neither the signature of the Militiaman nor his Proxy can be procured, the amount must be deducted from the Pay-List. It will be the special duty of the Paymaster to see that this order is carried out in all cases *before* issuing the amount of the Pay-List.
3. The Pay-Lists must be signed *in duplicate* by every person included therein for pay *before* they are sent to the Paymaster, to be forwarded to the Department, at Ottawa, with the Account Current.
4. The name of every person on the Pay-List shall be called out by the Paymaster, together with the amount due to him, and each person shall answer by passing the Paymaster as his name is called.

INSTRUCTIONS.

1. The Pay and Allowances are to be charged in this Pay-List according to the several regulations and orders governing Annual Training for the year.

2. In all cases of a Militiaman signing the Pay-List for another as his Proxy, a written proxy from the Militiaman authorizing the other to sign for him must be attached to the Pay-List; and in cases where neither the signature of the Militiaman nor his Proxy can be procured, the amount must be deducted from the Pay-List. It will be the special duty of the Paymaster to see that this order is carried out in all cases *before* issuing the amount of the Pay-List.

3. The Pay-Lists must be signed *in duplicate* by every person included therein for pay *before* they are sent to the Paymaster, to be forwarded to the Department, at Ottawa, with the Account Current.

4. The name of every person on the Pay-List shall be called out by the Paymaster, together with the amount due to him, and each person shall answer by passing the Paymaster as his name is called.

INSTRUCTIONS.

1. The Pay and Allowances are to be charged in this Pay-List according to the several regulations and orders governing Annual Training for the year.

2. In all cases of a Militiaman signing the Pay-List for another as his Proxy, a written proxy from the Militiaman authorizing the other to sign for him must be attached to the Pay-List; and in cases where neither the signature of the Militiaman nor his Proxy can be procured, the amount must be deducted from the Pay-List. It will be the special duty of the Paymaster to see that this order is carried out in all cases *before* issuing the amount of the Pay-List.

3. The Pay-Lists must be signed *in duplicate* by every person included therein for pay *before* they are sent to the Paymaster, to be forwarded to the Department, at Ottawa, with the Account Current.

4. The name of every person on the Pay-List shall be called out by the Paymaster, together with the amount due to him, and each person shall answer by passing the Paymaster as his name is called.

Dated at Montreal this 15th day of January 1910

PAYMASTER'S CERTIFICATE.

I certify that, with the exception of those whose names are marked X, every officer, non-commissioned officer and man, for whom pay is drawn on this Pay List, was present and answered his name at a muster held by me at ..... on ..... and that the rates of pay drawn in each case are in accordance with present R. & O. governing Pay and Allowances.

..... Paymaster.

Dated at ..... this ..... day of ..... 19..

INSTRUCTIONS.

1. The Pay and Allowances are to be charged in this Pay-List according to the several regulations and orders governing Annual Training for the year.

2. In all cases of a Militiaman signing the Pay-List for another as his Proxy, a written proxy from the Militiaman authorizing the other to sign for him must be attached to the Pay-List; and in cases where neither the signature of the Militiaman nor his Proxy can be procured, the amount must be deducted from the Pay-List. It will be the special duty of the Paymaster to see that this order is carried out in all cases *before* issuing the amount of the Pay-List.

3. The Pay-Lists must be signed *in duplicate* by every person included therein for pay *before* they are sent to the Paymaster, to be forwarded to the Department, at Ottawa, with the Account Current.

4. The name of every person on the Pay-List shall be called out by the Paymaster, together with the amount due to him, and each person shall answer by passing the Paymaster as his name is called.

INSTRUCTIONS.

1. The Pay and Allowances are to be charged in this Pay-List according to the several regulations and orders governing Annual Training for the year.

2. In all cases of a Militiaman signing the Pay-List for another as his Proxy, a written proxy from the Militiaman authorizing the other to sign for him must be attached to the Pay-List; and in cases where neither the signature of the Militiaman nor his Proxy can be procured, the amount must be deducted from the Pay-List. It will be the special duty of the Paymaster to see that this order is carried out in all cases *before* issuing the amount of the Pay-List.

3. The Pay-Lists must be signed *in duplicate* by every person included therein for pay *before* they are sent to the Paymaster, to be forwarded to the Department, at Ottawa, with the Account Current.

4. The name of every person on the Pay-List shall be called out by the Paymaster, together with the amount due to him, and each person shall answer by passing the Paymaster as his name is called.

1. The Pay and Allowances are to be charged in this Pay-List according to the several regulations and orders governing Annual Training for the year.

2. In all cases of a Militiaman signing the Pay-List for another as his Proxy, a written proxy from the Militiaman authorizing the other to sign for him must be attached to the Pay-List; and in cases where neither the signature of the Militiaman nor his Proxy can be procured, the amount must be deducted from the Pay-List. It will be the special duty of the Paymaster to see that this order is carried out in all cases before issuing the amount of the Pay-List.

3. The Pay-Lists must be signed *in duplicate* by every person included therein for pay *before* they are sent to the Paymaster, to be forwarded to the Department, at Ottawa, with the Account Current.

4. The name of every person on the Pay-List shall be called out by the Paymaster, together with the amount due to him, and each person shall answer by passing the Paymaster as his name is called.

Dated at Montreal this 19 day of Nov 1907

INSTRUCTIONS.

1. The Pay and Allowances are to be charged in this Pay-List according to the several regulations and orders governing Annual Training for the year.
2. In all cases of a Militiaman signing the Pay-List for another as his Proxy, a written proxy from the Militiaman authorizing the other to sign for him must be attached to the Pay-List; and in cases where neither the signature of the Militiaman nor his Proxy can be procured, the amount must be deducted from the Pay-List. It will be the special duty of the Paymaster to see that this order is carried out in all cases *before* issuing the amount of the Pay-List.
3. The PAY-LISTS must be signed *in duplicate* by every person included therein for pay *before* they are sent to the Paymaster, to be forwarded to the Department, at Ottawa, with the Account Current.
4. The name of every person on the Pay-List shall be called out by the Paymaster, together with the amount due to him, and each person shall answer by passing the Paymaster as his name is called.

PAYMASTER'S CERTIFICATE.

I certify that, with the exception of those whose names are marked X, every officer, non-commissioned officer and man, for whom pay is drawn on this Pay List, was present and answered his name at a muster held by me at Montreal on 24 Mar 08 and that the rates of pay drawn in each case are in accordance with present R. & O. governing Pay and Allowances.

J S Thibaudeau Lt Col Paymaster

Dated at Montreal this 26 day of Apl 1909.

INSTRUCTIONS.

1. The Pay and Allowances are to be charged in this Pay-List according to the several regulations and orders governing Annual Training for the year.

2. In all cases of a Militiaman signing the Pay-List for another as his Proxy, a written proxy from the Militiaman authorizing the other to sign for him must be attached to the Pay-List; and in cases where neither the signature of the Militiaman nor his Proxy can be procured, the amount must be deducted from the Pay-List. It will be the special duty of the Paymaster to see that this order is carried out in all cases *before* issuing the amount of the Pay-List.

3. The Pay-Lists must be signed *in duplicate* by every person included therein for pay *before* they are sent to the Paymaster, to be forwarded to the Department, at Ottawa, with the Account Current.

4. The name of every person on the Pay-List shall be called out by the Paymaster, together with the amount due to him, and each person shall answer by passing the Paymaster as his name is called.

INSTRUCTIONS.

1. The Pay and Allowances are to be charged in this Pay-List according to the several regulations and orders governing Annual Training for the year.
2. In all cases of a Militiaman signing the Pay-List for another as his Proxy, a written proxy from the Militiaman authorizing the other to sign for him must be attached to the Pay-List; and in cases where neither the signature of the Militiaman nor his Proxy can be procured, the amount must be deducted from the Pay-List. It will be the special duty of the Paymaster to see that this order is carried out in all cases *before* issuing the amount of the Pay-List.
3. The Pay-Lists must be signed *in duplicate* by every person included therein for pay *before* they are sent to the Paymaster, to be forwarded to the Department, at Ottawa, with the Account Current.
4. The name of every person on the Pay-List shall be called out by the Paymaster, together with the amount due to him, and each person shall answer by passing the Paymaster as his name is called.

INSTRUCTIONS.

1. The Pay and Allowances are to be charged in this Pay-List according to the several regulations and orders governing Annual Training for the year.
2. In all cases of a Militiaman signing the Pay-List for another as his Proxy, a written proxy from the Militiaman authorizing the other to sign for him must be attached to the Pay-List; and in cases where neither the signature of the Militiaman nor his Proxy can be procured, the amount must be deducted from the Pay-List. It will be the special duty of the Paymaster to see that this order is carried out in all cases *before* issuing the amount of the Pay-List.
3. The Pay-Lists must be signed *in duplicate* by every person included therein for pay *before* they are sent to the Paymaster, to be forwarded to the Department, at Ottawa, with the Account Current.
4. The name of every person on the Pay-List shall be called out by the Paymaster, together with the amount due to him, and each person shall answer by passing the Paymaster as his name is called.

Instructions for Compiling the Pay-List.

1. The names of the Officers and non-commissioned Officers should appear according to rank at commencement of the list, Trumpeters and Buglers next, and then the names of the men in *alphabetical order*. The ranks authorized for Regimental Staff are to appear the same as in the Establishment, except that Band are to be on a separate pay-list. Buglers must be shown on the strength of the Company to which they belong and not with Band or Regimental Staff.

2. In the case of Artillery, Engineers and Departmental units, the names should be entered on the Efficiency Pay roll in the same order as in the Pay-List.

3. The authorized training establishment published in General Orders must not be exceeded and pay is not to be claimed for men in excess of the Company, etc., establishment. Those units which have more than 75 officers and men will carry forward the amounts due to a second pay-list and the allowances and certificates need only be filled in on the last sheet.

4. Pay is not allowed for any day that an officer and man is absent from training, either with or without leave.

5. Pay is not to be claimed for any man or horse struck off in orders as unfit, beyond the date of such orders.

6. The Pay-List must be signed in duplicate by every officer and man before the list is sent to the Camp Division or District Paymaster. Care should be taken that men sign on the line opposite their names. If a man is unable to write, his mark must be witnessed and signed by the Officer Commanding. In all cases of a militiaman signing the Pay-list for another as his proxy, a written proxy from the militiaman authorizing the other to sign for him must be attached to the pay-list.

7. Every officer and man, unless on the sick list, certified by the Medical Officer, must be present at the Muster parade, or pay will be forfeited.

8. In the case of officers and men on the Quartermaster's Advance party or Fitting harness party in Artillery, the pay for the *total* number of days employed should be claimed in the columns headed "Pay of Rank" and "Efficiency Pay," and any extra allowances to which they may be entitled should be claimed in the column set apart for that purpose.

9. Subsistence for the Quartermaster's *Rear* party, and any pay for days *after* the last day of camp, is to be claimed on a separate pay-list, signed by the Quartermaster or officer doing duty as such. The pay and allowances for the advance party will be drawn in the usual way on the company pay-list.

10. Baggage transport allowance is not to be claimed if marching allowance is drawn, and it cannot be claimed both ways, as it covers the journey to Camp and back to Headquarters.

11. Marching allowance for mounted units is only authorized when the distance marched exceeds ten miles, and the allowance is only granted for the miles over ten. For dismounted units and dismounted men of mounted units, the distance marched must exceed six miles.

12. In the Cavalry and Infantry, Efficiency Pay depends on Musketry qualifications, and only those ranks specially exempted by Regulations are excused from firing. No other exemptions are permitted.

13. In connection with Camp training, it is important that pay-lists should be sent to the Camp Paymaster at as early a date as possible, otherwise it is not practicable to check pay-lists in time to issue cheques before leaving Camp.

Instructions for Compiling the Pay-List.

1. The names of the Officers and non-commissioned Officers should appear according to rank at commencement of the list, Trumpeters and Buglers next, and then the names of the men in *alphabetical order*. The ranks authorized for Regimental Staff are to appear the same as in the Establishment, except that Band are to be on a separate pay-list. Buglers must be shown on the strength of the Company to which they belong and not with Band or Regimental Staff.

2. In the case of Artillery, Engineers and Departmental units, the names should be entered on the Efficiency Pay roll in the same order as in the Pay-List.

3. The authorized training establishment published in General Orders must not be exceeded and pay is not to be claimed for men in excess of the Company, etc., establishment. Those units which have more than 75 officers and men will carry forward the amounts due to a second pay-list and the allowances and certificates need only be filled in on the last sheet.

4. Pay is not allowed for any day that an officer and man is absent from training, either with or without leave.

5. Pay is not to be claimed for any man or horse struck off in orders as unfit, beyond the date of such orders.

6. The Pay-List must be signed in duplicate by every officer and man before the list is sent to the Camp Division or District Paymaster. Care should be taken that men sign on the line opposite their names. If a man is unable to write, his mark must be witnessed and signed by the Officer Commanding. In all cases of a militiaman signing the Pay-list for another as his proxy, a written proxy from the militiaman authorizing the other to sign for him must be attached to the pay-list.

7. Every officer and man, unless on the sick list, certified by the Medical Officer, must be present at the Muster parade, or pay will be forfeited.

8. In the case of officers and men on the Quartermaster's Advance party or Fitting harness party in Artillery, the pay for the *total* number of days employed should be claimed in the columns headed "Pay of Rank" and "Efficiency Pay," and any extra allowances to which they may be entitled should be claimed in the column set apart for that purpose.

9. Subsistence for the Quartermaster's *Rear* party, and any pay for days *after* the last day of camp, is to be claimed on a separate pay-list, signed by the Quartermaster or officer doing duty as such. The pay and allowances for the advance party will be drawn in the usual way on the company pay-list.

10. Baggage transport allowance is not to be claimed if marching allowance is drawn, and it cannot be claimed both ways, as it covers the journey to Camp and back to Headquarters.

11. Marching allowance for mounted units is only authorized when the distance marched exceeds ten miles, and the allowance is only granted for the miles over ten. For dismounted units and dismounted men of mounted units, the distance marched must exceed six miles.

12. In the Cavalry and Infantry, Efficiency Pay depends on Musketry qualifications, and only those ranks specially exempted by Regulations are excused from firing. No other exemptions are permitted.

13. In connection with Camp training, it is important that pay-lists should be sent to the Camp Paymaster at as early a date as possible, otherwise it is not practicable to check pay-lists in time to issue cheques before leaving Camp.

Instructions for Compiling the Pay-List.

1. The names of the Officers and non-commissioned Officers should appear according to rank at commencement of the list, Trumpeters and Buglers next, and then the names of the men in *alphabetical order*. The ranks authorized for Regimental Staff are to appear the same as in the Establishment, except that Band are to be on a separate pay-list. Buglers must be shown on the strength of the Company to which they belong and not with Band or Regimental Staff.

2. In the case of Artillery, Engineers and Departmental units, the names should be entered on the Efficiency Pay roll in the same order as in the Pay-List.

3. The authorized training establishment published in General Orders must not be exceeded and pay is not to be claimed for men in excess of the Company, etc., establishment. Those units which have more than 75 officers and men will carry forward the amounts due to a second pay-list and the allowances and certificates need only be filled in on the last sheet.

4. Pay is not allowed for any day that an officer and man is absent from training, either with or without leave.

5. Pay is not to be claimed for any man or horse struck off in orders as unfit, beyond the date of such orders.

6. The Pay-List must be signed in duplicate by every officer and man before the list is sent to the Camp Division or District Paymaster. Care should be taken that men sign on the line opposite their names. If a man is unable to write, his mark must be witnessed and signed by the Officer Commanding. In all cases of a militiaman signing the Pay-list for another as his proxy, a written proxy from the militiaman authorizing the other to sign for him must be attached to the pay-list.

7. Every officer and man, unless on the sick list, certified by the Medical Officer, must be present at the Muster parade, or pay will be forfeited.

8. In the case of officers and men on the Quartermaster's Advance party or Fitting harness party in Artillery, the pay for the *total* number of days employed should be claimed in the columns headed "Pay of Rank" and "Efficiency Pay," and any extra allowances to which they may be entitled should be claimed in the column set apart for that purpose.

9. Subsistence for the Quartermaster's *Rear* party, and any pay for days *after* the last day of camp, is to be claimed on a separate pay-list, signed by the Quartermaster or officer doing duty as such. The pay and allowances for the advance party will be drawn in the usual way on the company pay-list.

10. Baggage transport allowance is not to be claimed if marching allowance is drawn, and it cannot be claimed both ways, as it covers the journey to Camp and back to Headquarters.

11. Marching allowance for mounted units is only authorized when the distance marched exceeds ten miles, and the allowance is only granted for the miles over ten. For dismounted units and dismounted men of mounted units, the distance marched must exceed six miles.

12. In the Cavalry and Infantry, Efficiency Pay depends on Musketry qualifications, and only those ranks specially exempted by Regulations are excused from firing. No other exemptions are permitted.

13. In connection with Camp training, it is important that pay-lists should be sent to the Camp Paymaster at as early a date as possible, otherwise it is not practicable to check pay-lists in time to issue cheques before leaving Camp.

Instructions for Compiling the Pay-List.

1. The names of the Officers and non-commissioned Officers should appear according to rank at commencement of the list, Trumpeters and Buglers next, and then the names of the men in *alphabetical order*. The ranks authorized for Regimental Staff are to appear the same as in the Establishment, except that Band are to be on a separate pay-list. Buglers must be shown on the strength of the Company to which they belong and not with Band or Regimental Staff.

2. In the case of Artillery, Engineers and Departmental units, the names should be entered on the Efficiency Pay roll in the same order as in the Pay-List.

3. The authorized training establishment published in General Orders must not be exceeded and pay is not to be claimed for men in excess of the Company, etc., establishment. Those units which have more than 75 officers and men will carry forward the amounts due to a second pay-list and the allowances and certificates need only be filled in on the last sheet.

4. Pay is not allowed for any day that an officer and man is absent from training, either with or without leave.

5. Pay is not to be claimed for any man or horse struck off in orders as unfit, beyond the date of such orders.

6. The Pay-List must be signed in duplicate by every officer and man before the list is sent to the Camp Division or District Paymaster. Care should be taken that men sign on the line opposite their names. If a man is unable to write, his mark must be witnessed and signed by the Officer Commanding. In all cases of a militiaman signing the pay-list for another as his proxy, a written proxy from the militiaman authorizing the other to sign for him must be attached to the pay-list.

7. Every officer and man, unless on the sick list, certified by the Medical Officer, must be present at the Muster parade, or pay will be forfeited.

8. In the case of officers and men on the Quartermaster's Advance party or Fitting harness party in Artillery, the pay for the *total* number of days employed should be claimed in the columns headed "Pay of Rank" and "Efficiency Pay," and any extra allowances to which they may be entitled should be claimed in the column set apart for that purpose.

9. Subsistence for the Quartermaster's *Rear* party, and any pay for days *after* the last day of camp, is to be claimed on a separate pay-list, signed by the Quartermaster or officer doing duty as such. The pay and allowances for the advance party will be drawn in the usual way on the company pay-list.

10. Baggage transport allowance is not to be claimed if marching allowance is drawn, and it cannot be claimed both ways, as it covers the journey to Camp and back to Headquarters.

11. Marching allowance for mounted units is only authorized when the distance marched exceeds ten miles, and the allowance is only granted for the miles over ten. For dismounted units and dismounted men of mounted units, the distance marched must exceed six miles.

12. In the Cavalry and Infantry, Efficiency Pay depends on Musketry qualifications, and only those ranks specially exempted by Regulations are excused from firing. No other exemptions are permitted.

13. In connection with Camp training, it is important that pay-lists should be sent to the Camp Paymaster at as early a date as possible, otherwise it is not practicable to check pay-lists in time to issue cheques before leaving Camp.

2. In the case of Artillery, Engineers and Departmental units, the names should be entered on the Efficiency Pay roll in the same order as in the Pay-List.

3. The authorized training establishment published in General Orders must not be exceeded and pay is not to be claimed for men in excess of the Company, etc., establishment. Those units which have more than 75 officers and men will carry forward the amounts due to a second pay-list and the allowances and certificates need only be filled in on the last sheet.

4. Pay is not allowed for any day that an officer and man is absent from training, either with or without leave.

5. Pay is not to be claimed for any man or horse struck off in orders as unfit, beyond the date of such orders.

6. The Pay-List must be signed in duplicate by every officer and man before the list is sent to the Camp Division or District Paymaster. Care should be taken that men sign on the line opposite their names. If a man is unable to write, his mark must be witnessed and signed by the Officer Commanding. In all cases of a militiaman signing the Pay-list for another as his proxy, a written proxy from the militiaman authorizing the other to sign for him must be attached to the pay-list.

7. Every officer and man, unless on the sick list, certified by the Medical Officer, must be present at the Muster parade, or pay will be forfeited.

8. In the case of officers and men on the Quartermaster's Advance party or Fitting harness party in Artillery, the pay for the *total* number of days employed should be claimed in the columns headed "Pay of Rank" and "Efficiency Pay," and any extra allowances to which they may be entitled should be claimed in the column set apart for that purpose.

9. Subsistence for the Quartermaster's *Rear* party, and any pay for days *after* the last day of camp, is to be claimed on a separate pay-list, signed by the Quartermaster or officer doing duty as such. The pay and allowances for the advance party will be drawn in the usual way on the company pay-list.

10. Baggage transport allowance is not to be claimed if marching allowance is drawn, and it cannot be claimed both ways, as it covers the journey to Camp and back to Headquarters.

11. Marching allowance for mounted units is only authorized when the distance marched exceeds ten miles, and the allowance is only granted for the miles over ten. For dismounted units and dismounted men of mounted units, the distance marched must exceed six miles.

12. In the Cavalry and Infantry, Efficiency Pay depends on Musketry qualifications, and only those ranks specially exempted by Regulations are excused from firing. No other exemptions are permitted.

13. In connection with Camp training, it is important that pay-lists should be sent to the Camp Paymaster at as early a date as possible, otherwise it is not practicable to check pay-lists in time to issue cheques before leaving Camp.

Instructions for Compiling the Pay-List.

1. The names of the Officers and non-commissioned Officers should appear according to rank at commencement of the list, Trumpeters and Buglers next, and then the names of the men in *alphabetical order*. The ranks authorized for Regimental Staff are to appear the same as in the Establishment, except that Band are to be on a separate Pay-list. Buglers must be shown on the strength of the Company to which they belong and not with Band or Regimental Staff.

2. In the case of Artillery, Engineers and Departmental units, the names should be entered on the Efficiency Pay-roll in the same order as in the Pay-list.

3. The authorized training establishment published in General Orders must not be exceeded and pay is not to be claimed for men in excess of the Company, etc., establishment. Those units which have more than 75 officers and men will carry forward the amounts due to a second Pay-list and the allowances and certificates need only be filled in on the last sheet.

4. Pay is not allowed for any day that an officer and man is absent from training, either with or without leave.

5. Pay is not to be claimed for any man or horse struck off in orders as unfit, beyond the date of such orders.

6. The Pay-list must be signed in duplicate by every officer and man before the list is sent to the Camp Division or District Paymaster. Care should be taken that men sign on the line opposite their names. If a man is unable to write, his mark must be witnessed and signed by the Officer Commanding. In all cases of a militiaman signing the Pay-list for another as his proxy, a written proxy from the militiaman authorizing the other to sign for him must be attached to the Pay-list.

7. Every officer and man, unless on the sick list, certified by the Medical Officer, must be present at the Muster parade, or pay will be forfeited.

8. In the case of Officers and men on the Quartermaster's Advance party or Fitting harness party in Artillery, the pay for the *total* number of days employed should be claimed in the columns headed "Pay of Rank" and "Efficiency Pay," and any extra allowances to which they may be entitled should be claimed in the column set apart for that purpose.

9. Subsistence for the Quartermaster's *Rear* party, and any pay for days *after* the last day of camp, is to be claimed on a separate Pay-list, signed by the Quartermaster or officer doing duty as such. The pay and allowances for the advance party will be drawn in the usual way on the company Pay-list.

10. Baggage transport allowance is not to be claimed if marching allowance is drawn, and it cannot be claimed both ways, as it covers the journey to Camp and back to Headquarters.

11. Marching allowance for mounted units is only authorized when the distance marched exceeds ten miles, and the allowance is only granted for the miles over ten. For dismounted units and dismounted men of mounted units, the distance marched must exceed six miles.

12. In the Cavalry and Infantry, Efficiency Pay depends on Musketry qualifications, and only those ranks specially exempted by Regulations are excused from firing. No other exemptions are permitted.

13. In connection with Camp training, it is important that Pay-lists should be sent to the Camp Paymaster at as early a date as possible, otherwise it is not practicable to check Pay-lists in time to issue cheques before leaving Camp.

Instructions for Compiling the Pay-List.

1. The names of the Officers and non-commissioned Officers should appear according to rank at commencement of the list, Trumpeters and Buglers next, and then the names of the men in *alphabetical order*. The ranks authorized for Regimental Staff are to appear the same as in the Establishment, except that Band are to be on a separate pay-list. Buglers must be shown on the strength of the Company to which they belong and not with Band or Regimental Staff.

2. In the case of Artillery, Engineers and Departmental units, the names should be entered on the Efficiency Pay roll in the same order as in the Pay-List.

3. The authorized training establishment published in General Orders must not be exceeded and pay is not to be claimed for men in excess of the Company, etc., establishment. Those units which have more than 75 officers and men will carry forward the amounts due to a second pay-list and the allowances and certificates need only be filled in on the last sheet.

4. Pay is not allowed for any day that an officer and man is absent from training, either with or without leave.

5. Pay is not to be claimed for any man or horse struck off in orders as unfit, beyond the date of such orders.

6. The Pay-List must be signed in duplicate by every officer and man before the list is sent to the Camp Division or District Paymaster. Care should be taken that men sign on the line opposite their names. If a man is unable to write, his mark must be witnessed and signed by the Officer Commanding. In all cases of a militiaman signing the Pay-list for another as his proxy, a written proxy from the militiaman authorizing the other to sign for him must be attached to the pay-list.

7. Every officer and man, unless on the sick list, certified by the Medical Officer, must be present at the Muster parade, or pay will be forfeited.

8. In the case of officers and men on the Quartermaster's Advance party or Fitting harness party in Artillery, the pay for the *total* number of days employed should be claimed in the columns headed "Pay of Rank" and "Efficiency Pay," and any extra allowances to which they may be entitled should be claimed in the column set apart for that purpose.

9. Subsistence for the Quartermaster's *Rear* party, and any pay for days *after* the last day of camp, is to be claimed on a separate pay-list, signed by the Quartermaster or officer doing duty as such. The pay and allowances for the advance party will be drawn in the usual way on the company pay-list.

10. Baggage transport allowance is not to be claimed if marching allowance is drawn, and it cannot be claimed both ways, as it covers the journey to Camp and back to Headquarters.

11. Marching allowance for mounted units is only authorized when the distance marched exceeds ten miles, and the allowance is only granted for the miles over ten. For dismounted units and dismounted men of mounted units, the distance marched must exceed six miles.

12. In the Cavalry and Infantry, Efficiency Pay depends on Musketry qualifications, and only those ranks specially exempted by Regulations are excused from firing. No other exemptions are permitted.

13. In connection with Camp training, it is important that pay-lists should be sent to the Camp Paymaster at as early a date as possible, otherwise it is not practicable to check pay-lists in time to issue cheques before leaving Camp.

Instructions for Compiling the Pay-List.

1. The names of the Officers and non-commissioned Officers should appear according to rank at commencement of the list, Trumpeters and Buglers next, and then the names of the men in *alphabetical order*. The ranks authorized for Regimental Staff are to appear the same as in the Establishment, except that Band are to be on a separate pay-list. Buglers must be shown on the strength of the Company to which they belong and not with Band or Regimental Staff.

2. In the case of Artillery, Engineers and Departmental units, the names should be entered on the Efficiency Pay roll in the same order as in the Pay-List.

3. The authorized training establishment published in General Orders must not be exceeded and pay is not to be claimed for men in excess of the Company, etc., establishment. Those units which have more than 75 officers and men will carry forward the amounts due to a second pay-list and the allowances and certificates need only be filled in on the last sheet.

4. Pay is not allowed for any day that an officer and man is absent from training, either with or without leave.

5. Pay is not to be claimed for any man or horse struck off in orders as unfit, beyond the date of such orders.

6. The Pay-List must be signed in duplicate by every officer and man before the list is sent to the Camp Division or District Paymaster. Care should be taken that men sign on the line opposite their names. If a man is unable to write, his mark must be witnessed and signed by the Officer Commanding. In all cases of a militiaman signing the Pay-list for another as his proxy, a written proxy from the militiaman authorizing the other to sign for him must be attached to the pay-list.

7. Every officer and man, unless on the sick list, certified by the Medical Officer, must be present at the Muster parade, or pay will be forfeited.

8. In the case of officers and men on the Quartermaster's Advance party or Fitting harness party in Artillery, the pay for the *total* number of days employed should be claimed in the columns headed "Pay of Rank" and "Efficiency Pay," and any extra allowances to which they may be entitled should be claimed in the column set apart for that purpose.

9. Subsistence for the Quartermaster's *Rear* party, and any pay for days *after* the last day of camp, is to be claimed on a separate pay-list, signed by the Quartermaster or officer doing duty as such. The pay and allowances for the advance party will be drawn in the usual way on the company pay-list.

10. Baggage transport allowance is not to be claimed if marching allowance is drawn, and it cannot be claimed both ways, as it covers the journey to Camp and back to Headquarters.

11. Marching allowance for mounted units is only authorized when the distance marched exceeds ten miles, and the allowance is only granted for the miles over ten. For dismounted units and dismounted men of mounted units, the distance marched must exceed six miles.

12. In the Cavalry and Infantry, Efficiency Pay depends on Musketry qualifications, and only those ranks specially exempted by Regulations are excused from firing. No other exemptions are permitted.

13. In connection with Camp training, it is important that pay-lists should be sent to the Camp Paymaster at as early a date as possible, otherwise it is not practicable to check pay-lists in time to issue cheques before leaving Camp.

Instructions for Compiling the Pay-List.

1. The names of the Officers and non-commissioned Officers should appear according to rank at commencement of the list, Trumpeters and Buglers next, and then the names of the men in *alphabetical order*. The ranks authorized for Regimental Staff are to appear the same as in the Establishment, except that Band are to be on a separate pay-list. Buglers must be shown on the strength of the Company to which they belong and not with Band or Regimental Staff.

2. In the case of Artillery, Engineers and Departmental units, the names should be entered on the Efficiency Pay roll in the same order as in the Pay-List.

3. The authorized training establishment published in General Orders must not be exceeded and pay is not to be claimed for men in excess of the Company, etc., establishment. Those units which have more than 75 officers and men will carry forward the amounts due to a second pay-list and the allowances and certificates need only be filled in on the last sheet.

4. Pay is not allowed for any day that an officer and man is absent from training, either with or without leave.

5. Pay is not to be claimed for any man or horse struck off in orders as unfit, beyond the date of such orders.

6. The Pay-List must be signed in duplicate by every officer and man before the list is sent to the Camp Division or District Paymaster. Care should be taken that men sign on the line opposite their names. If a man is unable to write, his mark must be witnessed and signed by the Officer Commanding. In all cases of a militiaman signing the Pay-list for another as his proxy, a written proxy from the militiaman authorizing the other to sign for him must be attached to the pay-list.

7. Every officer and man, unless on the sick list, certified by the Medical Officer, must be present at the Muster parade, or pay will be forfeited.

8. In the case of officers and men on the Quartermaster's Advance party or Fitting harness party in Artillery, the pay for the *total* number of days employed should be claimed in the columns headed "Pay of Rank" and "Efficiency Pay," and any extra allowances to which they may be entitled should be claimed in the column set apart for that purpose.

9. Subsistence for the Quartermaster's *Rear* party, and any pay for days *after* the last day of camp, is to be claimed on a separate pay-list, signed by the Quartermaster or officer doing duty as such. The pay and allowances for the advance party will be drawn in the usual way on the company pay-list.

10. Baggage transport allowance is not to be claimed if marching allowance is drawn, and it cannot be claimed both ways, as it covers the journey to Camp and back to Headquarters.

11. Marching allowance for mounted units is only authorized when the distance marched exceeds ten miles, and the allowance is only granted for the miles over ten. For dismounted units and dismounted men of mounted units, the distance marched must exceed six miles.

12. In the Cavalry and Infantry, Efficiency Pay depends on Musketry qualifications, and only those ranks specially exempted by Regulations are excused from firing. No other exemptions are permitted.

13. In connection with Camp training, it is important that pay-lists should be sent to the Camp Paymaster at as early a date as possible, otherwise it is not practicable to check pay-lists in time to issue cheques before leaving Camp.

Instructions for Compiling the Pay-List.

1. The names of the Officers and non-commissioned Officers should appear according to rank at commencement of the list, Trumpeters and Buglers next, and then the names of the men in *alphabetical order*. The ranks authorized for Regimental Staff are to appear the same as in the Establishment, except that Band are to be on a separate pay-list. Buglers must be shown on the strength of the Company to which they belong and not with Band or Regimental Staff.

2. In the case of Artillery, Engineers and Departmental units, the names should be entered on the Efficiency Pay roll in the same order as in the Pay-List.

3. The authorized training establishment published in General Orders must not be exceeded and pay is not to be claimed for men in excess of the Company, etc., establishment. Those units which have more than 75 officers and men will carry forward the amounts due to a second pay-list and the allowances and certificates need only be filled in on the last sheet.

4. Pay is not allowed for any day that an officer and man is absent from training, either with or without leave.

5. Pay is not to be claimed for any man or horse struck off in orders as unfit, beyond the date of such orders.

6. The Pay-List must be signed in duplicate by every officer and man before the list is sent to the Camp or District Paymaster. Care should be taken that men sign on the line opposite their names. If a man is unable to write, his mark must be witnessed and signed by the Officer Commanding. No man is to be permitted to sign for another man.

7. Every officer and man, unless on the sick list, certified by the Medical Officer, must be present at the Muster parade, or pay will be forfeited.

8. In the case of officers and men on the Quartermaster's Advance party or Fitting harness party in Artillery, the pay for the *total* number of days employed should be claimed in the columns headed "Pay of Rank" and "Efficiency Pay," and any extra allowances to which they may be entitled should be claimed in the column set apart for that purpose.

9. Subsistence for the Quartermaster's *Rear* party, and any pay for days *after* the last day of camp is to be claimed on a separate pay-list, signed by the Quartermaster or officer doing duty as such. The pay and allowances for the advance party will be drawn in the usual way on the company pay-list.

10. Baggage transport allowance is not to be claimed if marching allowance is drawn, and it cannot be claimed both ways, as it covers the journey to Camp and back to Headquarters.

11. Marching allowance for mounted units is only authorized when the distance marched exceeds ten miles, and the allowance is only granted for the miles over ten. For dismounted units and dismounted men of mounted units, the distance marched must exceed six miles.

12 In the Cavalry and Infantry, Efficiency pay depends on Musketry qualifications, and only those ranks specially exempted by Regulations are excused from firing. No other exemptions are permitted.

5. Pay is not to be claimed for any man or horse struck off in orders as unfit, beyond the date of such orders.

6. The Pay-List must be signed in duplicate by every officer and man before the list is sent to the Camp Division or District Paymaster. Care should be taken that men sign on the line opposite their names. If a man is unable to write, his mark must be witnessed and signed by the Officer Commanding. In all cases of a militiaman signing the Pay-list for another as his proxy, a written proxy from the militiaman authorizing the other to sign for him must be attached to the pay-list.

7. Every officer and man, unless on the sick list, certified by the Medical Officer, must be present at the Muster parade, or pay will be forfeited.

8. In the case of officers and men on the Quartermaster's Advance party or Fitting harness party in Artillery, the pay for the *total* number of days employed should be claimed in the columns headed "Pay of Rank" and "Efficiency Pay," and any extra allowances to which they may be entitled should be claimed in the column set apart for that purpose.

Instructions for Compiling the Pay-List.

1. The names of the Officers and non-commissioned Officers should appear according to rank at commencement of the list, Trumpeters and Buglers next, and then the names of the men in *alphabetical order*. The ranks authorized for Regimental Staff are to appear the same as in the Establishment, except that Band are to be on a separate pay-list. Buglers must be shown on the strength of the Company to which they belong and not with Band or Regimental Staff.

2. In the case of Artillery, Engineers and Departmental units, the names should be entered on the Efficiency Pay roll in the same order as in the Pay-List.

3. The authorized training establishment published in General Orders must not be exceeded and pay is not to be claimed for men in excess of the Company, etc., establishment. Those units which have more than 75 officers and men will carry forward the amounts due to a second pay-list and the allowances and certificates need only be filled in on the last sheet.

4. Pay is not allowed for any day that an officer and man is absent from training, either with or without leave.

5. Pay is not to be claimed for any man or horse struck off in orders as unfit, beyond the date of such orders.

6. The Pay-List must be signed in duplicate by every officer and man before the list is sent to the Camp Division or District Paymaster. Care should be taken that men sign on the line opposite their names. If a man is unable to write, his mark must be witnessed and signed by the Officer Commanding. In all cases of a militiaman signing the Pay-list for another as his proxy, a written proxy from the militiaman authorizing the other to sign for him must be attached to the pay-list.

7. Every officer and man, unless on the sick list, certified by the Medical Officer, must be present at the Muster parade, or pay will be forfeited.

8. In the case of officers and men on the Quartermaster's Advance party or Fitting harness party in Artillery, the pay for the *total* number of days employed should be claimed in the columns headed "Pay of Rank" and "Efficiency Pay," and any extra allowances to which they may be entitled should be claimed in the column set apart for that purpose.

9. Subsistence for the Quartermaster's *Rear* party, and any pay for days *after* the last day of camp, is to be claimed on a separate pay-list, signed by the Quartermaster or officer doing duty as such. The pay and allowances for the advance party will be drawn in the usual way on the company pay-list.

10. Baggage transport allowance is not to be claimed if marching allowance is drawn, and it cannot be claimed both ways, as it covers the journey to Camp and back to Headquarters.

11. Marching allowance for mounted units is only authorized when the distance marched exceeds ten miles, and the allowance is only granted for the miles over ten. For dismounted units and dismounted men of mounted units, the distance marched must exceed six miles.

12. In the Cavalry and Infantry, Efficiency Pay depends on Musketry qualifications, and only those ranks specially exempted by Regulations are excused from firing. No other exemptions are permitted.

13. In connection with Camp training, it is important that pay-lists should be sent to the Camp Paymaster at as early a date as possible, otherwise it is not practicable to check pay-lists in time to issue cheques before leaving Camp.

Instructions for Compiling the Pay-List.

1. The names of the Officers and non-commissioned Officers should appear according to rank at commencement of the list, Trumpeters and Buglers next, and then the names of the men in *alphabetical order*. The ranks authorized for Regimental Staff are to appear the same as in the Establishment, except that Band are to be on a separate Pay-list. Buglers must be shown on the strength of the Company to which they belong and not with Band or Regimental Staff.

2. In the case of Artillery, Engineers and Departmental units, the names should be entered on the Efficiency Pay-roll in the same order as in the Pay-list.

3. The authorized training establishment published in General Orders must not be exceeded and pay is not to be claimed for men in excess of the Company, etc., establishment. Those units which have more than 75 officers and men will carry forward the amounts due to a second Pay-list and the allowances and certificates need only be filled in on the last sheet.

4. Pay is not allowed for any day that an officer and man is absent from training, either with or without leave.

5. Pay is not to be claimed for any man or horse struck off in orders as unfit, beyond the date of such orders.

6. The Pay-list must be signed in duplicate by every officer and man before the list is sent to the Camp Division or District Paymaster. Care should be taken that men sign on the line opposite their names. If a man is unable to write, his mark must be witnessed and signed by the Officer Commanding. In all cases of a militiaman signing the Pay-list for another as his proxy, a written proxy from the militiaman authorizing the other to sign for him must be attached to the Pay-list.

7. Every officer and man, unless on the sick list, certified by the Medical Officer, must be present at the Muster parade, or pay will be forfeited.

8. In the case of Officers and men on the Quartermaster's Advance party or Fitting harness party in Artillery, the pay for the *total* number of days employed should be claimed in the columns headed "Pay of Rank" and "Efficiency Pay," and any extra allowances to which they may be entitled should be claimed in the column set apart for that purpose.

9. Subsistence for the Quartermaster's *Rear* party, and any pay for days *after* the last day of camp, is to be claimed on a separate Pay-list, signed by the Quartermaster or officer doing duty as such. The pay and allowances for the advance party will be drawn in the usual way on the company Pay-list.

10. Baggage transport allowance is not to be claimed if marching allowance is drawn, and it cannot be claimed both ways, as it covers the journey to Camp and back to Headquarters.

11. Marching allowance for mounted units is only authorized when the distance marched exceeds ten miles, and the allowance is only granted for the miles over ten. For dismounted units and dismounted men of mounted units, the distance marched must exceed six miles.

12. In the Cavalry and Infantry, Efficiency Pay depends on Musketry qualifications, and only those ranks specially exempted by Regulations are excused from firing. No other exemptions are permitted.

13. In connection with Camp training, it is important that Pay-lists should be sent to the Camp Paymaster at as early a date as possible, otherwise it is not practicable to check Pay-lists in time to issue cheques before leaving Camp.

Instructions for Compiling the Pay-List.

1. The names of the Officers and non-commissioned Officers should appear according to rank at commencement of the list, Trumpeters and Buglers next, and then the names of the men in *alphabetical order*. The ranks authorized for Regimental Staff are to appear the same as in the Establishment, except that Band are to be on a separate pay-list. Buglers must be shown on the strength of the Company to which they belong and not with Band or Regimental Staff.

2. In the case of Artillery, Engineers and Departmental units, the names should be entered on the Efficiency Pay roll in the same order as in the Pay-List.

3. The authorized training establishment published in General Orders must not be exceeded and pay is not to be claimed for men in excess of the Company, etc., establishment. Those units which have more than 75 officers and men will carry forward the amounts due to a second pay-list and the allowances and certificates need only be filled in on the last sheet.

4. Pay is not allowed for any day that an officer and man is absent from training, either with or without leave.

5. Pay is not to be claimed for any man or horse struck off in orders as unfit, beyond the date of such orders.

6. The Pay-List must be signed in duplicate by every officer and man before the list is sent to the Camp Division or District Paymaster. Care should be taken that men sign on the line opposite their names. If a man is unable to write, his mark must be witnessed and signed by the Officer Commanding. In all cases of a militiaman signing the Pay-list for another as his proxy, a written proxy from the militiaman authorizing the other to sign for him must be attached to the pay-list.

7. Every officer and man, unless on the sick list, certified by the Medical Officer, must be present at the Muster parade, or pay will be forfeited.

8. In the case of officers and men on the Quartermaster's Advance party or Fitting harness party in Artillery, the pay for the *total* number of days employed should be claimed in the columns headed "Pay of Rank" and "Efficiency Pay," and any extra allowances to which they may be entitled should be claimed in the column set apart for that purpose.

9. Subsistence for the Quartermaster's *Rear* party, and any pay for days *after* the last day of camp, is to be claimed on a separate pay-list, signed by the Quartermaster or officer doing duty as such. The pay and allowances for the advance party will be drawn in the usual way on the company pay-list.

10. Baggage transport allowance is not to be claimed if marching allowance is drawn, and it cannot be claimed both ways, as it covers the journey to Camp and back to Headquarters.

11. Marching allowance for mounted units is only authorized when the distance marched exceeds ten miles, and the allowance is only granted for the miles over ten. For dismounted units and dismounted men of mounted units, the distance marched must exceed six miles.

12. In the Cavalry and Infantry, Efficiency Pay depends on Musketry qualifications, and only those ranks specially exempted by Regulations are excused from firing. No other exemptions are permitted.

13. In connection with Camp training, it is important that pay-lists should be sent to the Camp Paymaster at as early a date as possible, otherwise it is not practicable to check pay-lists in time to issue cheques before leaving Camp.

Instructions for Compiling the Pay-List.

1. The names of the Officers and non-commissioned Officers should appear according to rank at commencement of the list, Trumpeters and Buglers next, and then the names of the men in *alphabetical order*. The ranks authorized for Regimental Staff are to appear the same as in the Establishment, except that Band are to be on a separate pay-list. Buglers must be shown on the strength of the Company to which they belong and not with Band or Regimental Staff.

2. In the case of Artillery, Engineers and Departmental units, the names should be entered on the Efficiency Pay roll in the same order as in the Pay-List.

3. The authorized training establishment published in General Orders must not be exceeded and pay is not to be claimed for men in excess of the Company, etc., establishment. Those units which have more than 75 officers and men will carry forward the amounts due to a second pay-list and the allowances and certificates need only be filled in on the last sheet.

4. Pay is not allowed for any day that an officer and man is absent from training, either with or without leave.

5. Pay is not to be claimed for any man or horse struck off in orders as unfit, beyond the date of such orders.

6. The Pay-List must be signed in duplicate by every officer and man before the list is sent to the Camp Division or District Paymaster. Care should be taken that men sign on the line opposite their names. If a man is unable to write, his mark must be witnessed and signed by the Officer Commanding. In all cases of a militiaman signing the Pay-list for another as his proxy, a written proxy from the militiaman authorizing the other to sign for him must be attached to the pay-list.

7. Every officer and man, unless on the sick list, certified by the Medical Officer, must be present at the Muster parade, or pay will be forfeited.

8. In the case of officers and men on the Quartermaster's Advance party or Fitting harness party in Artillery, the pay for the *total* number of days employed should be claimed in the columns headed "Pay of Rank" and "Efficiency Pay," and any extra allowances to which they may be entitled should be claimed in the column set apart for that purpose.

9. Subsistence for the Quartermaster's *Rear* party, and any pay for days *after* the last day of camp, is to be claimed on a separate pay-list, signed by the Quartermaster or officer doing duty as such. The pay and allowances for the advance party will be drawn in the usual way on the company pay-list.

10. Baggage transport allowance is not to be claimed if marching allowance is drawn, and it cannot be claimed both ways, as it covers the journey to Camp and back to Headquarters.

11. Marching allowance for mounted units is only authorized when the distance marched exceeds ten miles, and the allowance is only granted for the miles over ten. For dismounted units and dismounted men of mounted units, the distance marched must exceed six miles.

12. In the Cavalry and Infantry, Efficiency Pay depends on Musketry qualifications, and only those ranks specially exempted by Regulations are excused from firing. No other exemptions are permitted.

13. In connection with Camp training, it is important that pay-lists should be sent to the Camp Paymaster at as early a date as possible, otherwise it is not practicable to check pay-lists in time to issue cheques before leaving Camp.

INSTRUCTIONS FOR COMPILING THE PAY-LIST.

1. The names of the Officers and non-commissioned Officers should appear according to rank at commencement of the list, Trumpeters and Buglers next, and then the names of the men in *alphabetical o der*. The ranks authorized for Regimental Staff are to appear the same as in the Establishment, except that Band are to be on a separate Pay-list. Buglers must be shown on the strength of the Company to which they belong and not with Band or Regimental Staff.

2. In the case of Artillery, Engineers and Departmental units, the names should be entered on the Efficiency Pay-roll in the same order as in the Pay-list.

3. The authorized training establishment published in General Orders must not be exceeded and pay is not to be claimed for men in excess of the Company, etc., establishment. Those units which have more than 75 officers and men will carry forward the amounts due to a second Pay-list and the allowances and certificates need only be filled in on the last sheet.

4. Pay is not allowed for any day that an officer and man is absent from training, either with or without leave.

5. Pay is not to be claimed for any man or horse struck off in orders as unfit, beyond the date of such orders.

6 The Pay-list must be signed in duplicate by every officer and man before the list is sent to the Camp Division or District Paymaster. Care should be taken that men sign on the line opposite their names. If a man is unable to write, his mark must be witnessed and signed by the Officer Commanding. In all cases of a militiaman signing the Pay-list for another as his proxy, a written proxy from the militiaman authorizing the other to sign for him must be attached to the Pay-list.

7. Every officer and man, unless on the sick list, certified by the Medical Officer, must be present at the Muster parade, or pay will be forfeited.

8. In the case of officers and men on the Quartermaster's Advance party or Fitting harness party in Artillery, the pay for the *total* number of days employed should be claimed in the columns headed "Pay of Rank" and "Efficiency Pay," and any extra allowances to which they may be entitled should be claimed in the column set apart for that purpose.

9. Subsistence for the Quartermaster's *Rear* party, and any pay for days *after* the last day of camp, is to be claimed on a separate Pay-list, signed by the Quartermaster or officer doing duty as such. The pay and allowances for the advance party will be drawn in the usual way on the company Pay-list.

10. Baggage transport allowance is not to be claimed if marching allowance is drawn, and it cannot be claimed both ways, as it covers the journey to Camp and back to Headquarters.

11. Marching allowance for mounted units is only authorized when the distance marched exceeds ten miles, and the allowance is only granted for the miles over ten. For dismounted units and dismounted men of mounted units, the distance marched must exceed six miles.

12. In the Cavalry and Infantry, Efficiency Pay depends on Musketry qualifications, and only those ranks specially exempted by Regulations are excused from firing. No other exemptions are permitted.

13 In connection with Camp training, it is important that Pay-lists should be sent to the Camp Paymaster at as early a date as possible, otherwise it is not practicable to check Pay-lists in time to issue cheques before leaving Camp.

INSTRUCTIONS FOR COMPILING THE PAY-LIST.

1. The names of the Officers and non-commissioned Officers should appear according to rank at commencement of the list, Trumpeters and Buglers next, and then the names of the men in *alphabetical order*. The ranks authorized for Regimental Staff are to appear the same as in the Establishment, except that Band are to be on a separate Pay-list. Buglers must be shown on the strength of the Company to which they belong and not with Band or Regimental Staff.

2. In the case of Artillery, Engineers and Departmental units, the names should be entered on the Efficiency Pay-roll in the same order as in the Pay-list.

3. The authorized training establishment published in General Orders must not be exceeded and pay is not to be claimed for men in excess of the Company, etc., establishment. Those units which have more than 75 officers and men will carry forward the amounts due to a second Pay-list and the allowances and certificates need only be filled in on the last sheet.

4. Pay is not allowed for any day that an officer and man is absent from training, either with or without leave.

5. Pay is not to be claimed for any man or horse struck off in orders as unfit, beyond the date of such orders.

6 The Pay-list must be signed in duplicate by every officer and man before the list is sent to the Camp Division or District Paymaster. Care should be taken that men sign on the line opposite their names. If a man is unable to write, his mark must be witnessed and signed by the Officer Commanding. In all cases of a militiaman signing the Pay-list for another as his proxy, a written proxy from the militiaman authorizing the other to sign for him must be attached to the Pay-list.

7. Every officer and man, unless on the sick list, certified by the Medical Officer, must be present at the Muster parade, or pay will be forfeited.

8. In the case of officers and men on the Quartermaster's Advance party or Fitting harness party in Artillery, the pay for the *total* number of days employed should be claimed in the columns headed "Pay of Rank" and "Efficiency Pay," and any extra allowances to which they may be entitled should be claimed in the column set apart for that purpose.

9. Subsistence for the Quartermaster's *Rear* party, and any pay for days *after* the last day of camp, is to be claimed on a separate Pay-list, signed by the Quartermaster or officer doing duty as such. The pay and allowances for the advance party will be drawn in the usual way on the company Pay-list.

10. Baggage transport allowance is not to be claimed if marching allowance is drawn, and it cannot be claimed both ways, as it covers the journey to Camp and back to Headquarters.

11. Marching allowance for mounted units is only authorized when the distance marched exceeds ten miles, and the allowance is only granted for the miles over ten. For dismounted units and dismounted men of mounted units, the distance marched must exceed six miles.

12. In the Cavalry and Infantry, Efficiency Pay depends on Musketry qualifications, and only those ranks specially exempted by Regulations are excused from firing. No other exemptions are permitted.

13. In connection with Camp training, it is important that Pay-lists should be sent to the Camp Paymaster at as early a date as possible, otherwise it is not practicable to check Pay-lists in time to issue cheques before leaving Camp.

INSTRUCTIONS FOR COMPILING THE PAY-LIST.

1. The names of the Officers and non-commissioned Officers should appear according to rank at commencement of the list, Trumpeters and Buglers next, and then the names of the men in *alphabetical order*. The ranks authorized for Regimental Staff are to appear the same as in the Establishment, except that Band are to be on a separate Pay-list. Buglers must be shown on the strength of the Company to which they belong and not with Band or Regimental Staff.

2. In the case of Artillery, Engineers and Departmental units, the names should be entered on the Efficiency Pay-roll in the same order as in the Pay-list.

3. The authorized training establishment published in General Orders must not be exceeded and pay is not to be claimed for men in excess of the Company, etc., establishment. Those units which have more than 75 officers and men will carry forward the amounts due to a second Pay-list and the allowances and certificates need only be filled in on the last sheet.

4. Pay is not allowed for any day that an officer and man is absent from training, either with or without leave.

5. Pay is not to be claimed for any man or horse struck off in orders as unfit, beyond the date of such orders.

6. The Pay-list must be signed in duplicate by every officer and man before the list is sent to the Camp Division or District Paymaster. Care should be taken that men sign on the line opposite their names. If a man is unable to write, his mark must be witnessed and signed by the Officer Commanding. In all cases of a militiaman signing the Pay-list for another as his proxy, a written proxy from the militiaman authorizing the other to sign for him must be attached to the Pay-list.

7. Every officer and man, unless on the sick list, certified by the Medical Officer, must be present at the Muster parade, or pay will be forfeited.

8. In the case of officers and men on the Quartermaster's Advance party or Fitting harness party in Artillery, the pay for the *total* number of days employed should be claimed in the columns headed "Pay of Rank" and "Efficiency Pay," and any extra allowances to which they may be entitled should be claimed in the column set apart for that purpose.

9. Subsistence for the Quartermaster's *Rear* party, and any pay for days *after* the last day of camp, is to be claimed on a separate Pay-list, signed by the Quartermaster or officer doing duty as such. The pay and allowances for the advance party will be drawn in the usual way on the company Pay-list.

10. Baggage transport allowance is not to be claimed if marching allowance is drawn, and it cannot be claimed both ways, as it covers the journey to Camp and back to Headquarters.

11. Marching allowance for mounted units is only authorized when the distance marched exceeds ten miles, and the allowance is only granted for the miles over ten. For dismounted units and dismounted men of mounted units, the distance marched must exceed six miles.

12. In the Cavalry and Infantry, Efficiency Pay depends on Musketry qualifications, and only those ranks specially exempted by Regulations are excused from firing. No other exemptions are permitted.

13. In connection with Camp training, it is important that Pay-lists should be sent to the Camp Paymaster at as early a date as possible, otherwise it is not practicable to check Pay-lists in time to issue cheques before leaving Camp.

INSTRUCTIONS FOR COMPILING THE PAY-LIST.

1. The names of the Officers and non-commissioned Officers should appear according to rank at commencement of the list, Trumpeters and Buglers next, and then the names of the men in *alphabetical order*. The ranks authorized for Regimental Staff are to appear the same as in the Establishment, except that Band are to be on a separate Pay-list. Buglers must be shown on the strength of the Company to which they belong and not with Band or Regimental Staff.

2. In the case of Artillery, Engineers and Departmental units, the names should be entered on the Efficiency Pay-roll in the same order as in the Pay-list.

3. The authorized training establishment published in General Orders must not be exceeded and pay is not to be claimed for men in excess of the Company, etc., establishment. Those units which have more than 75 officers and men will carry forward the amounts due to a second Pay-list and the allowances and certificates need only be filled in on the last sheet.

4. Pay is not allowed for any day that an officer and man is absent from training, either with or without leave.

5. Pay is not to be claimed for any man or horse struck off in orders as unfit, beyond the date of such orders.

6. The Pay-list must be signed in duplicate by every officer and man before the list is sent to the Camp Division or District Paymaster. Care should be taken that men sign on the line opposite their names. If a man is unable to write, his mark must be witnessed and signed by the Officer Commanding. In all cases of a militiaman signing the Pay-list for another as his proxy, a written proxy from the militiaman authorizing the other to sign for him must be attached to the Pay-list.

7. Every officer and man, unless on the sick list, certified by the Medical Officer, must be present at the Muster parade, or pay will be forfeited.

8. In the case of officers and men on the Quartermaster's Advance party or Fitting harness party in Artillery, the pay for the *total* number of days employed should be claimed in the columns headed "Pay of Rank" and "Efficiency Pay," and any extra allowances to which they may be entitled should be claimed in the column set apart for that purpose.

9. Subsistence for the Quartermaster's *Rear* party, and any pay for days *after* the last day of camp, is to be claimed on a separate Pay-list, signed by the Quartermaster or officer doing duty as such. The pay and allowances for the advance party will be drawn in the usual way on the company Pay-list.

10. Baggage transport allowance is not to be claimed if marching allowance is drawn, and it cannot be claimed both ways, as it covers the journey to Camp and back to Headquarters.

11. Marching allowance for mounted units is only authorized when the distance marched exceeds ten miles, and the allowance is only granted for the miles over ten. For dismounted units and dismounted men of mounted units, the distance marched must exceed six miles.

12. In the Cavalry and Infantry, Efficiency Pay depends on Musketry qualifications, and only those ranks specially exempted by Regulations are excused from firing. No other exemptions are permitted.

13. In connection with Camp training, it is important that Pay-lists should be sent to the Camp Paymaster at as early a date as possible, otherwise it is not practicable to check Pay-lists in time to issue cheques before leaving Camp.

INSTRUCTIONS FOR COMPILING THE PAY-LIST.

1. The names of the Officers and non-commissioned Officers should appear according to rank at commencement of the list, Trumpeters and Buglers next, and then the names of the men in *alphabetical order*. The ranks authorized for Regimental Staff are to appear the same as in the Establishment, except that Band are to be on a separate Pay-list. Buglers must be shown on the strength of the Company to which they belong and not with Band or Regimental Staff.

2. In the case of Artillery, Engineers and Departmental units, the names should be entered on the Efficiency Pay-roll in the same order as in the Pay-list.

3. The authorized training establishment published in General Orders must not be exceeded and pay is not to be claimed for men in excess of the Company, etc., establishment. Those units which have more than 75 officers and men will carry forward the amounts due to a second Pay-list and the allowances and certificates need only be filled in on the last sheet.

4. Pay is not allowed for any day that an officer and man is absent from training, either with or without leave.

5. Pay is not to be claimed for any man or horse struck off in orders as unfit, beyond the date of such orders.

6 The Pay-list must be signed in duplicate by every officer and man before the list is sent to the Camp Division or District Paymaster. Care should be taken that men sign on the line opposite their names. If a man is unable to write, his mark must be witnessed and signed by the Officer Commanding. In all cases of a militiaman signing the Pay-list for another as his proxy, a written proxy from the militiaman authorizing the other to sign for him must be attached to the Pay-list.

7. Every officer and man, unless on the sick list, certified by the Medical Officer, must be present at the Muster parade, or pay will be forfeited.

8. In the case of officers and men on the Quartermaster's Advance party or Fitting harness party in Artillery, the pay for the *total* number of days employed should be claimed in the columns headed "Pay of Rank" and "Efficiency Pay," and any extra allowances to which they may be entitled should be claimed in the column set apart for that purpose.

9. Subsistence for the Quartermaster's *Rear* party, and any pay for days *after* the last day of camp, is to be claimed on a separate Pay-list, signed by the Quartermaster or officer doing duty as such. The pay and allowances for the advance party will be drawn in the usual way on the company Pay-list.

10. Baggage transport allowance is not to be claimed if marching allowance is drawn, and it cannot be claimed both ways, as it covers the journey to Camp and back to Headquarters.

11. Marching allowance for mounted units is only authorized when the distance marched exceeds ten miles, and the allowance is only granted for the miles over ten. For dismounted units and dismounted men of mounted units, the distance marched must exceed six miles.

12. In the Cavalry and Infantry, Efficiency Pay depends on Musketry qualifications, and only those ranks specially exempted by Regulations are excused from firing. No other exemptions are permitted.

13. In connection with Camp training, it is important that Pay-lists should be sent to the Camp Paymaster at as early a date as possible, otherwise it is not practicable to check Pay-lists in time to issue cheques before leaving Camp.

INSTRUCTIONS FOR COMPILING THE PAY-LIST.

1. The names of the Officers and non-commissioned Officers should appear according to rank at commencement of the list, Trumpeters and Buglers next, and then the names of the men in *alphabetical order*. The ranks authorized for Regimental Staff are to appear the same as in the Establishment, except that Band are to be on a separate Pay-list. Buglers must be shown on the strength of the Company to which they belong and not with Band or Regimental Staff.

2. In the case of Artillery, Engineers and Departmental units, the names should be entered on the Efficiency Pay-roll in the same order as in the Pay-list.

3. The authorized training establishment published in General Orders must not be exceeded and pay is not to be claimed for men in excess of the Company, etc., establishment. Those units which have more than 75 officers and men will carry forward the amounts due to a second Pay-list and the allowances and certificates need only be filled in on the last sheet.

4. Pay is not allowed for any day that an officer and man is absent from training, either with or without leave.

5. Pay is not to be claimed for any man or horse struck off in orders as unfit, beyond the date of such orders.

6 The Pay-list must be signed in duplicate by every officer and man before the list is sent to the Camp Division or District Paymaster. Care should be taken that men sign on the line opposite their names. If a man is unable to write, his mark must be witnessed and signed by the Officer Commanding. In all cases of a militiaman signing the Pay-list for another as his proxy, a written proxy from the militiaman authorizing the other to sign for him must be attached to the Pay-list.

7. Every officer and man, unless on the sick list, certified by the Medical Officer, must be present at the Muster parade, or pay will be forfeited.

8. In the case of officers and men on the Quartermaster's Advance party or Fitting harness party in Artillery, the pay for the *total* number of days employed should be claimed in the columns headed "Pay of Rank" and "Efficiency Pay," and any extra allowances to which they may be entitled should be claimed in the column set apart for that purpose.

9. Subsistence for the Quartermaster's *Rear* party, and any pay for days *after* the last day of camp, is to be claimed on a separate Pay-list, signed by the Quartermaster or officer doing duty as such. The pay and allowances for the advance party will be drawn in the usual way on the company Pay-list.

10. Baggage transport allowance is not to be claimed if marching allowance is drawn, and it cannot be claimed both ways, as it covers the journey to Camp and back to Headquarters.

11. Marching allowance for mounted units is only authorized when the distance marched exceeds ten miles, and the allowance is only granted for the miles over ten. For dismounted units and dismounted men of mounted units, the distance marched must exceed six miles.

12. In the Cavalry and Infantry, Efficiency Pay depends on Musketry qualifications, and only those ranks specially exempted by Regulations are excused from firing. No other exemptions are permitted.

13. In connection with Camp training, it is important that Pay-lists should be sent to the Camp Paymaster at as early a date as possible, otherwise it is not practicable to check Pay-lists in time to issue cheques before leaving Camp.

INSTRUCTIONS FOR COMPILING THE PAY-LIST.

1. The names of the Officers and non-commissioned Officers should appear according to rank at commencement of the list, Trumpeters and Buglers next, and then the names of the men in *alphabetical order*. The ranks authorized for Regimental Staff are to appear the same as in the Establishment, except that Band are to be on a separate Pay-list. Buglers must be shown on the strength of the Company to which they belong and not with Band or Regimental Staff.

2. In the case of Artillery, Engineers and Departmental units, the names should be entered on the Efficiency Pay-roll in the same order as in the Pay-list.

3. The authorized training establishment published in General Orders must not be exceeded and pay is not to be claimed for men in excess of the Company, etc., establishment. Those units which have more than 75 officers and men will carry forward the amounts due to a second Pay-list and the allowances and certificates need only be filled in on the last sheet.

4. Pay is not allowed for any day that an officer and man is absent from training, either with or without leave.

5. Pay is not to be claimed for any man or horse struck off in orders as unfit, beyond the date of such orders.

6. The Pay-list must be signed in duplicate by every officer and man before the list is sent to the Camp Division or District Paymaster. Care should be taken that men sign on the line opposite their names. If a man is unable to write, his mark must be witnessed and signed by the Officer Commanding. In all cases of a militiaman signing the Pay-list for another as his proxy, a written proxy from the militiaman authorizing the other to sign for him must be attached to the Pay-list.

7. Every officer and man, unless on the sick list, certified by the Medical Officer, must be present at the Muster parade, or pay will be forfeited.

8. In the case of officers and men on the Quartermaster's Advance party or Fitting harness party in Artillery, the pay for the *total* number of days employed should be claimed in the columns headed "Pay of Rank" and "Efficiency Pay," and any extra allowances to which they may be entitled should be claimed in the column set apart for that purpose.

9. Subsistence for the Quartermaster's *Rear* party, and any pay for days *after* the last day of camp, is to be claimed on a separate Pay-list, signed by the Quartermaster or officer doing duty as such. The pay and allowances for the advance party will be drawn in the usual way on the company Pay-list.

10. Baggage transport allowance is not to be claimed if marching allowance is drawn, and it cannot be claimed both ways, as it covers the journey to Camp and back to Headquarters.

11. Marching allowance for mounted units is only authorized when the distance marched exceeds ten miles, and the allowance is only granted for the miles over ten. For dismounted units and dismounted men of mounted units, the distance marched must exceed six miles.

12. In the Cavalry and Infantry, Efficiency Pay depends on Musketry qualifications, and only those ranks specially exempted by Regulations are exempted from firing. No other exemptions are permitted.

13. In connection with Camp training, it is important that Pay-lists should be sent to the Camp Paymaster at as early a date as possible, otherwise it is not practicable to check Pay-lists in time to issue cheques before leaving Camp.

INSTRUCTIONS FOR COMPILING THE PAY-LIST.

1. The names of the Officers and non-commissioned Officers should appear according to rank at commencement of the list, Trumpeters and Buglers next, and then the names of the men in *alphabetical order*. The ranks authorized for Regimental Staff are to appear the same as in the Establishment, except that Band are to be on a separate Pay-list. Buglers must be shown on the strength of the Company to which they belong and not with Band or Regimental Staff.

2. In the case of Artillery, Engineers and Departmental units, the names should be entered on the Efficiency Pay-roll in the same order as in the Pay-list.

3. The authorized training establishment published in General Orders must not be exceeded and pay is not to be claimed for men in excess of the Company, etc., establishment. Those units which have more than 75 officers and men will carry forward the amounts due to a second Pay-list and the allowances and certificates need only be filled in on the last sheet.

4. Pay is not allowed for any day that an officer and man is absent from training, either with or without leave.

5. Pay is not to be claimed for any man or horse struck off in orders as unfit, beyond the date of such orders.

6 The Pay-list must be signed in duplicate by every officer and man before the list is sent to the Camp Division or District Paymaster. Care should be taken that men sign on the line opposite their names. If a man is unable to write, his mark must be witnessed and signed by the Officer Commanding. In all cases of a militiaman signing the Pay-list for another as his proxy, a written proxy from the militiaman authorizing the other to sign for him must be attached to the Pay-list.

7. Every officer and man, unless on the sick list, certified by the Medical Officer, must be present at the Muster parade, or pay will be forfeited.

8. In the case of officers and men on the Quartermaster's Advance party or Fitting harness party in Artillery, the pay for the *total* number of days employed should be claimed in the columns headed "Pay of Rank" and "Efficiency Pay," and any extra allowances to which they may be entitled should be claimed in the column set apart for that purpose.

9. Subsistence for the Quartermaster's *Rear* party, and any pay for days *after* the last day of camp, is to be claimed on a separate Pay-list, signed by the Quartermaster or officer doing duty as such. The pay and allowances for the advance party will be drawn in the usual way on the company Pay-list.

10. Baggage transport allowance is not to be claimed if marching allowance is drawn, and it cannot be claimed both ways, as it covers the journey to Camp and back to Headquarters.

11. Marching allowance for mounted units is only authorized when the distance marched exceeds ten miles, and the allowance is only granted for the miles over ten. For dismounted units and dismounted men of mounted units, the distance marched must exceed six miles.

12. In the Cavalry and Infantry, Efficiency Pay depends on Musketry qualifications, and only those ranks specially exempted by Regulations are excused from firing. No other exemptions are permitted.

13. In connection with Camp training, it is important that Pay-lists should be sent to the Camp Paymaster at as early a date as possible, otherwise it is not practicable to check Pay-lists in time to issue cheques before leaving Camp.

INSTRUCTIONS FOR COMPILING THE PAY-LIST.

1. The names of the Officers and non-commissioned Officers should appear according to rank at commencement of the list, Trumpeters and Buglers next, and then the names of the men in *alphabetical order*. The ranks authorized for Regimental Staff are to appear the same as in the Establishment, except that Band are to be on a separate Pay-list. Buglers must be shown on the strength of the Company to which they belong and not with Band or Regimental Staff.

2. In the case of Artillery, Engineers and Departmental units, the names should be entered on the Efficiency Pay-roll in the same order as in the Pay-list.

3. The authorized training establishment published in General Orders must not be exceeded and pay is not to be claimed for men in excess of the Company, etc., establishment. Those units which have more than 75 officers and men will carry forward the amounts due to a second Pay-list and the allowances and certificates need only be filled in on the last sheet.

4. Pay is not allowed for any day that an officer and man is absent from training, either with or without leave.

5. Pay is not to be claimed for any man or horse struck off in orders as unfit, beyond the date of such orders.

6. The Pay-list must be signed in duplicate by every officer and man before the list is sent to the Camp Division or District Paymaster. Care should be taken that men sign on the line opposite their names. If a man is unable to write, his mark must be witnessed and signed by the Officer Commanding. In all cases of a militiaman signing the Pay-list for another as his proxy, a written proxy from the militiaman authorizing the other to sign for him must be attached to the Pay-list.

7. Every officer and man, unless on the sick list, certified by the Medical Officer, must be present at the Muster parade, or pay will be forfeited.

8. In the case of officers and men on the Quartermaster's Advance party or Fitting harness party in Artillery, the pay for the *total* number of days employed should be claimed in the columns headed "Pay of Rank" and "Efficiency Pay," and any extra allowances to which they may be entitled should be claimed in the column set apart for that purpose.

9. Subsistence for the Quartermaster's *Rear* party, and any pay for days *after* the last day of camp, is to be claimed on a separate Pay-list, signed by the Quartermaster or officer doing duty as such. The pay and allowances for the advance party will be drawn in the usual way on the company Pay-list.

10. Baggage transport allowance is not to be claimed if marching allowance is drawn, and it cannot be claimed both ways, as it covers the journey to Camp and back to Headquarters.

11. Marching allowance for mounted units is only authorized when the distance marched exceeds ten miles, and the allowance is only granted for the miles over ten. For dismounted units and dismounted men of mounted units, the distance marched must exceed six miles.

12. In the Cavalry and Infantry, Efficiency Pay depends on Musketry qualifications, and only those ranks specially exempted by Regulations are excused from firing. No other exemptions are permitted.

13. In connection with Camp training, it is important that Pay-lists should be sent to the Camp Paymaster at as early a date as possible, otherwise it is not practicable to check Pay-lists in time to issue cheques before leaving Camp.

INSTRUCTIONS FOR COMPILING THE PAY-LIST.

1. The names of the Officers and non-commissioned Officers should appear according to rank at commencement of the list, Trumpeters and Buglers next, and then the names of the men in *alphabetical order*. The ranks authorized for Regimental Staff are to appear the same as in the Establishment, except that Band are to be on a separate Pay-list. Buglers must be shown on the strength of the Company to which they belong and not with Band or Regimental Staff.

2. In the case of Artillery, Engineers and Departmental units, the names should be entered on the Efficiency Pay-roll in the same order as in the Pay-list.

3. The authorized training establishment published in General Orders must not be exceeded and pay is not to be claimed for men in excess of the Company, etc., establishment. Those units which have more than 75 officers and men will carry forward the amounts due to a second Pay-list and the allowances and certificates need only be filled in on the last sheet.

4. Pay is not allowed for any day that an officer and man is absent from training, either with or without leave.

5. Pay is not to be claimed for any man or horse struck off in orders as unfit, beyond the date of such orders.

6. The Pay-list must be signed in duplicate by every officer and man before the list is sent to the Camp Division or District Paymaster. Care should be taken that men sign on the line opposite their names. If a man is unable to write, his mark must be witnessed and signed by the Officer Commanding. In all cases of a militiaman signing the Pay-list for another as his proxy, a written proxy from the militiaman authorizing the other to sign for him must be attached to the Pay-list.

7. Every officer and man, unless on the sick list, certified by the Medical Officer, must be present at the Muster parade, or pay will be forfeited.

8. In the case of officers and men on the Quartermaster's Advance party or Fitting harness party in Artillery, the pay for the *total* number of days employed should be claimed in the columns headed "Pay of Rank" and "Efficiency Pay," and any extra allowances to which they may be entitled should be claimed in the column set apart for that purpose.

9. Subsistence for the Quartermaster's *Rear* party, and any pay for days *after* the last day of camp, is to be claimed on a separate Pay-list, signed by the Quartermaster or officer doing duty as such. The pay and allowances for the advance party will be drawn in the usual way on the company Pay-list.

10. Baggage transport allowance is not to be claimed if marching allowance is drawn, and it cannot be claimed both ways, as it covers the journey to Camp and back to Headquarters.

11. Marching allowance for mounted units is only authorized when the distance marched exceeds ten miles, and the allowance is only granted for the miles over ten. For dismounted units and dismounted men of mounted units, the distance marched must exceed six miles.

12. In the Cavalry and Infantry, Efficiency Pay depends on Musketry qualifications, and only those ranks specially exempted by Regulations are excused from firing. No other exemptions are permitted.

13. In connection with Camp training, it is important that Pay-lists should be sent to the Camp Paymaster at as early a date as possible, otherwise it is not practicable to check Pay-lists in time to issue cheques before leaving Camp.

INSTRUCTIONS FOR COMPILING THE PAY-LIST.

1. The names of the Officers and non-commissioned Officers should appear according to rank at commencement of the list, Trumpeters and Buglers next, and then the names of the men in *alphabetical order*. The ranks authorized for Regimental Staff are to appear the same as in the Establishment, except that Band are to be on a separate Pay-list. Buglers must be shown on the strength of the Company to which they belong and not with Band or Regimental Staff.

2. In the case of Artillery, Engineers and Departmental units, the names should be entered on the Efficiency Pay-roll in the same order as in the Pay-list.

3. The authorized training establishment published in General Orders must not be exceeded and pay is not to be claimed for men in excess of the Company, etc., establishment. Those units which have more than 75 officers and men will carry forward the amounts due to a second Pay-list and the allowances and certificates need only be filled in on the last sheet.

4. Pay is not allowed for any day that an officer and man is absent from training, either with or without leave.

5. Pay is not to be claimed for any man or horse struck off in orders as unfit, beyond the date of such orders.

6. The Pay-list must be signed in duplicate by every officer and man before the list is sent to the Camp Division or District Paymaster. Care should be taken that men sign on the line opposite their names. If a man is unable to write, his mark must be witnessed and signed by the Officer Commanding. In all cases of a militiaman signing the Pay-list for another as his proxy, a written proxy from the militiaman authorizing the other to sign for him must be attached to the Pay-list.

7. Every officer and man, unless on the sick list, certified by the Medical Officer, must be present at the Muster parade, or pay will be forfeited.

8. In the case of officers and men on the Quartermaster's Advance party or Fitting harness party in Artillery, the pay for the *total* number of days employed should be claimed in the columns headed "Pay of Rank" and "Efficiency Pay," and any extra allowances to which they may be entitled should be claimed in the column set apart for that purpose.

9. Subsistence for the Quartermaster's *Rear* party, and any pay for days *after* the last day of camp, is to be claimed on a separate Pay-list, signed by the Quartermaster or officer doing duty as such. The pay and allowances for the advance party will be drawn in the usual way on the company Pay-list.

10. Baggage transport allowance is not to be claimed if marching allowance is drawn, and it cannot be claimed both ways, as it covers the journey to Camp and back to Headquarters.

11. Marching allowance for mounted units is only authorized when the distance marched exceeds ten miles, and the allowance is only granted for the miles over ten. For dismounted units and dismounted men of mounted units, the distance marched must exceed six miles.

12. In the Cavalry and Infantry, Efficiency Pay depends on Musketry qualifications, and only those ranks specially exempted by Regulations are excused from firing. No other exemptions are permitted.

13. In connection with Camp training, it is important that Pay-lists should be sent to the Camp Paymaster at as early a date as possible, otherwise it is not practicable to check Pay-lists in time to issue cheques before leaving Camp.

INSTRUCTIONS FOR COMPILING THE PAY-LIST.

1. The names of the Officers and non-commissioned Officers should appear according to rank at commencement of the list, Trumpeters and Buglers next, and then the names of the men in *alphabetical order*. The ranks authorized for Regimental Staff are to appear the same as in the Establishment, except that Band are to be on a separate Pay-list. Buglers must be shown on the strength of the Company to which they belong and not with Band or Regimental Staff.

2. In the case of Artillery, Engineers and Departmental units, the names should be entered on the Efficiency Pay-roll in the same order as in the Pay-list.

3. The authorized training establishment published in General Orders must not be exceeded and pay is not to be claimed for men in excess of the Company, etc., establishment. Those units which have more than 75 officers and men will carry forward the amounts due to a second Pay-list and the allowances and certificates need only be filled in on the last sheet.

4. Pay is not allowed for any day that an officer and man is absent from training, either with or without leave.

5. Pay is not to be claimed for any man or horse struck off in orders as unfit, beyond the date of such orders.

6. The Pay-list must be signed in duplicate by every officer and man before the list is sent to the Camp Division or District Paymaster. Care should be taken that men sign on the line opposite their names. If a man is unable to write, his mark must be witnessed and signed by the Officer Commanding. In all cases of a militiaman signing the Pay-list for another as his proxy, a written proxy from the militiaman authorizing the other to sign for him must be attached to the Pay-list.

7. Every officer and man, unless on the sick list, certified by the Medical Officer, must be present at the Muster parade, or pay will be forfeited.

8. In the case of officers and men on the Quartermaster's Advance party or Fitting harness party in Artillery, the pay for the *total* number of days employed should be claimed in the columns headed "Pay of Rank" and "Efficiency Pay," and any extra allowances to which they may be entitled should be claimed in the column set apart for that purpose.

9. Subsistence for the Quartermaster's *Rear* party, and any pay for days *after* the last day of camp, is to be claimed on a separate Pay-list, signed by the Quartermaster or officer doing duty as such. The pay and allowances for the advance party will be drawn in the usual way on the company Pay-list.

10. Baggage transport allowance is not to be claimed if marching allowance is drawn, and it cannot be claimed both ways, as it covers the journey to Camp and back to Headquarters.

11. Marching allowance for mounted units is only authorized when the distance marched exceeds ten miles, and the allowance is only granted for the miles over ten. For dismounted units and dismounted men of mounted units, the distance marched must exceed six miles.

12. In the Cavalry and Infantry, Efficiency Pay depends on Musketry qualifications, and only those ranks specially exempted by Regulations are excused from firing. No other exemptions are permitted.

13. In connection with Camp training, it is important that Pay-lists should be sent to the Camp Paymaster at as early a date as possible, otherwise it is not practicable to check Pay-lists in time to issue cheques before leaving Camp.

INSTRUCTIONS FOR COMPILING THE PAY-LIST.

1. The names of the Officers and non-commissioned Officers should appear according to rank at commencement of the list, Trumpeters and Buglers next, and then the names of the men in *alphabetical order*. The ranks authorized for Regimental Staff are to appear the same as in the Establishment, except that Band are to be on a separate Pay-list. Buglers must be shown on the strength of the Company to which they belong and not with Band or Regimental Staff.

2. In the case of Artillery, Engineers and Departmental units, the names should be entered on the Efficiency Pay-roll in the same order as in the Pay-list.

3. The authorized training establishment published in General Orders must not be exceeded and pay is not to be claimed for men in excess of the Company, etc., establishment. Those units which have more than 75 officers and men will carry forward the amounts due to a second Pay-list and the allowances and certificates need only be filled in on the last sheet.

4. Pay is not allowed for any day that an officer and man is absent from training, either with or without leave.

5. Pay is not to be claimed for any man or horse struck off in orders as unfit, beyond the date of such orders.

6 The Pay-list must be signed in duplicate by every officer and man before the list is sent to the Camp Division or District Paymaster. Care should be taken that men sign on the line opposite their names. If a man is unable to write, his mark must be witnessed and signed by the Officer Commanding. In all cases of a militiaman signing the Pay-list for another as his proxy, a written proxy from the militiaman authorizing the other to sign for him must be attached to the Pay-list.

7. Every officer and man, unless on the sick list, certified by the Medical Officer, must be present at the Muster parade, or pay will be forfeited.

8. In the case of officers and men on the Quartermaster's Advance party or Fitting harness party in Artillery, the pay for the *total* number of days employed should be claimed in the columns headed "Pay of Rank" and "Efficiency Pay," and any extra allowances to which they may be entitled should be claimed in the column set apart for that purpose.

9. Subsistence for the Quartermaster's *Rear* party, and any pay for days *after* the last day of camp, is to be claimed on a separate Pay-list, signed by the Quartermaster or officer doing duty as such. The pay and allowances for the advance party will be drawn in the usual way on the company Pay-list.

10. Baggage transport allowance is not to be claimed if marching allowance is drawn, and it cannot be claimed both ways, as it covers the journey to Camp and back to Headquarters.

11. Marching allowance for mounted units is only authorized when the distance marched exceeds ten miles, and the allowance is only granted for the miles over ten. For dismounted units and dismounted men of mounted units, the distance marched must exceed six miles.

12. In the Cavalry and Infantry, Efficiency Pay depends on Musketry qualifications, and only those ranks specially exempted by Regulations are excused from firing. No other exemptions are permitted.

13. In connection with Camp training, it is important that Pay-lists should be sent to the Camp Paymaster at as early a date as possible, otherwise it is not practicable to check Pay-lists in time to issue cheques before leaving Camp.

INSTRUCTIONS FOR COMPILING THE PAY-LIST.

FCy 1 4/B

1. The names of the Officers and non-commissioned Officers should appear according to rank at commencement of the list, Trumpeters and Buglers next, and then the names of the men in *alphabetical order*. The ranks authorized for Regimental Staff are to appear the same as in the Establishment, except that Band are to be on a separate Pay-list. Buglers must be shown on the strength of the Company to which they belong and not with Band or Regimental Staff.

2. In the case of Artillery, Engineers and Departmental units, the names should be entered on the Efficiency Pay-roll in the same order as in the Pay-list.

3. The authorized training establishment published in General Orders must not be exceeded and pay is not to be claimed for men in excess of the Company, etc., establishment. Those units which have more than 75 officers and men will carry forward the amounts due to a second Pay-list and the allowances and certificates need only be filled in on the last sheet.

4. Pay is not allowed for any day that an officer and man is absent from training, either with or without leave.

5. Pay is not to be claimed for any man or horse struck off in orders as unfit, beyond the date of such orders.

6. The Pay-list must be signed in duplicate by every officer and man before the list is sent to the Camp Division or District Paymaster. Care should be taken that men sign on the line opposite their names. If a man is unable to write, his mark must be witnessed and signed by the Officer Commanding. In all cases of a militiaman signing the Pay-list for another as his proxy, a written proxy from the militiaman authorizing the other to sign for him must be attached to the Pay-list.

7. Every officer and man, unless on the sick list, certified by the Medical Officer, must be present at the Muster parade, or pay will be forfeited.

8. In the case of officers and men of the Quartermaster's Advance party or Fitting harness party in Artillery, the pay for the *total* number of days employed should be claimed in the columns headed "Pay of Rank" and "Efficiency Pay," and any extra allowances to which they may be entitled should be claimed in the column set apart for that purpose.

9. Subsistence for the Quartermaster's *Rear* party, and any pay for days *after* the last day of camp, is to be claimed on a separate Pay-list, signed by the Quartermaster or officer doing duty as such. The pay and allowances for the advance party will be drawn in the usual way on the company Pay-list.

10. Baggage transport allowance is not to be claimed if marching allowance is drawn, and it cannot be claimed both ways, as it covers the journey to Camp and back to Headquarters.

11. Marching allowance for mounted units is only authorized when the distance marched exceeds ten miles, and the allowance is only granted for the miles over ten. For dismounted units and dismounted men of mounted units, the distance marched must exceed six miles.

12. In the Cavalry and Infantry, Efficiency Pay depends on Musketry qualifications, and only those ranks specially exempted by Regulations are excused from firing. No other exemptions are permitted.

13. In connection with Camp training, it is important that Pay-lists should be sent to the Camp Paymaster at as early a date as possible, otherwise it is not practicable to check Pay-lists in time to issue cheques before leaving Camp.

Instructions for Compiling the Pay-List.

1. The names of the Officers and non-commissioned Officers should appear according to rank at commencement of the list, Trumpeters and Buglers next, and then the names of the men in *alphabetical order*. The ranks authorized for Regimental Staff are to appear the same as in the Establishment, except that Band are to be on a separate pay-list. Buglers must be shown on the strength of the Company to which they belong and not with Band or Regimental Staff.

2. In the case of Artillery, Engineers and Departmental units, the names should be entered on the Efficiency Pay roll in the same order as in the Pay-List.

3. The authorized training establishment published in General Orders must not be exceeded and pay is not to be claimed for men in excess of the Company, etc., establishment. Those units which have more than 75 officers and men will carry forward the amounts due to a second pay-list and the allowances and certificates need only be filled in on the last sheet.

4. Pay is not allowed for any day that an officer and man is absent from training, either with or without leave.

5. Pay is not to be claimed for any man or horse struck off in orders as unfit, beyond the date of such orders.

6. The Pay-List must be signed in duplicate by every officer and man before the list is sent to the Camp or District Paymaster. Care should be taken that men sign on the line opposite their names. If a man is unable to write, his mark must be witnessed and signed by the Officer Commanding. No man is to be permitted to sign for another man.

7. Every officer and man, unless on the sick list, certified by the Medical Officer, must be present at the Muster parade, or pay will be forfeited.

8. In the case of officers and men on the Quartermaster's Advance party or Fitting harness party in Artillery, the pay for the [redacted] number of days employed should be claimed in the columns headed "Pay of Rank" and "Efficiency Pay," and any extra allowances to which they may be entitled should be claimed in the column set apart for that purpose.

9. Subsistence for the Quartermaster's *Rear* party, and any pay for days *after* the last day of camp is to be claimed on a separate pay-list, signed by the Quartermaster or officer doing duty as such. The pay and allowances for the advance party will be drawn in the usual way on the company pay-list.

10. Baggage transport allowance is not to be claimed if marching allowance is drawn, and it cannot be claimed both ways, as it covers the journey to Camp and back to Headquarters.

11. Marching allowance for mounted units is only authorized when the distance marched exceeds ten miles, and the allowance is only granted for the miles over ten. For dismounted units and dismounted men of mounted units, the distance marched must exceed six miles.

12. In the Cavalry and Infantry, Efficiency pay depends on Musketry qualifications, and only those ranks specially exempted by Regulations are excused from firing. No other exemptions are permitted.

INSTRUCTIONS FOR COMPILING THE PAY-LIST.

1. The names of the Officers and non-commissioned Officers should appear according to rank at commencement of the list, Trumpeters and Buglers next, and then the names of the men in *alphabetical order*. The ranks authorized for Regimental Staff are to appear the same as in the Establishment, except that Band are to be on a separate Pay-list. Buglers must be shown on the strength of the Company to which they belong and not with Band or Regimental Staff.

2. In the case of Artillery, Engineers and Departmental units, the names should be entered on the Efficiency Pay-roll in the same order as in the Pay-list.

3. The authorized training establishment published in General Orders must not be exceeded and pay is not to be claimed for men in excess of the Company, etc., establishment. Those units which have more than 75 officers and men will carry forward the amounts due to a second Pay-list and the allowances and certificates need only be filled in on the last sheet.

4. Pay is not allowed for any day that an officer and man is absent from training, either with or without leave.

5. Pay is not to be claimed for any man or horse struck off in orders as unfit, beyond the date of such orders.

6. The Pay-list must be signed in duplicate by every officer and man before the list is sent to the Camp Division or District Paymaster. Care should be taken that men sign on the line opposite their names. If a man is unable to write, his mark must be witnessed and signed by the Officer Commanding. In all cases of a militiaman signing the Pay-list for another as his proxy, a written proxy from the militiaman authorizing the other to sign for him must be attached to the Pay-list.

7. Every officer and man, unless on the sick list, certified by the Medical Officer, must be present at the Muster parade, or pay will be forfeited.

8. In the case of officers and men on the Quartermaster's Advance party or Fitting harness party in Artillery, the pay for the *total* number of days employed should be claimed in the columns headed "Pay of Rank" and "Efficiency Pay," and any extra allowances to which they may be entitled should be claimed in the column set apart for that purpose.

9. Subsistence for the Quartermaster's *Rear* party, and any pay for days *after* the last day of camp, is to be claimed on a separate Pay-list, signed by the Quartermaster or officer doing duty as such. The pay and allowances for the advance party will be drawn in the usual way on the company Pay-list.

10. Baggage transport allowance is not to be claimed if marching allowance is drawn, and it cannot be claimed both ways, as it covers the journey to Camp and back to Headquarters.

11. Marching allowance for mounted units is only authorized when the distance marched exceeds ten miles, and the allowance is only granted for the miles over ten. For dismounted units and dismounted men of mounted units, the distance marched must exceed six miles.

12. In the Cavalry and Infantry, Efficiency Pay depends on Musketry qualifications, and only those ranks specially exempted by Regulations are excused from firing. No other exemptions are permitted.

13. In connection with Camp training, it is important that Pay-lists should be sent to the Camp Paymaster at as early a date as possible, otherwise it is not practicable to check Pay-lists in time to issue cheques before leaving Camp.

INSTRUCTIONS FOR COMPILING THE PAY-LIST.

1. The names of the Officers and non-commissioned Officers should appear according to rank at commencement of the list, Trumpeters and Buglers next, and then the names of the men in *alphabetical order*. The ranks authorized for Regimental Staff are to appear the same as in the Establishment, except that Band are to be on a separate Pay-list. Buglers must be shown on the strength of the Company to which they belong and not with Band or Regimental Staff.

2. In the case of Artillery, Engineers and Departmental units, the names should be entered on the Efficiency Pay-roll in the same order as in the Pay-list.

3. The authorized training establishment published in General Orders must not be exceeded and pay is not to be claimed for men in excess of the Company, etc., establishment. Those units which have more than 75 officers and men will carry forward the amounts due to a second Pay-list and the allowances and certificates need only be filled in on the last sheet.

4. Pay is not allowed for any day that an officer and man is absent from training, either with or without leave.

5. Pay is not to be claimed for any man or horse struck off as orders as unfit, beyond the date of such orders.

6 The Pay-list must be signed in duplicate by every officer and man before the list is sent to the Camp Division or District Paymaster. Care should be taken that men sign on the line opposite their names. If a man is unable to write, his mark must be witnessed and signed by the Officer Commanding. In all cases of a militiaman signing the Pay-list for another as his proxy, a written proxy from the militiaman authorizing the other to sign for him must be attached to the Pay-list.

7. Every officer and man, unless on the sick list, certified by the Medical Officer, must be present at the Muster parade, or pay will be forfeited.

8. In the case of officers and men on the Quartermaster's Advance party or Fitting harness party in Artillery, the pay for the *total* number of days employed should be claimed in the columns headed "Pay of Rank" and "Efficiency Pay," and any extra allowances to which they may be entitled should be claimed in the column set apart for that purpose.

9. Subsistence for the Quartermaster's *Rear* party, and any pay for days *after* the last day of camp, is to be claimed on a separate Pay-list, signed by the Quartermaster or officer doing duty as such. The pay and allowances for the advance party will be drawn in the usual way on the company Pay-list.

10. Baggage transport allowance is not to be claimed if marching allowance is drawn, and it cannot be claimed both ways, as it covers the journey to Camp and back to Headquarters.

11. Marching allowance for mounted units is only authorized when the distance marched exceeds ten miles, and the allowance is only granted for the miles over ten. For dismounted units and dismounted men of mounted units, the distance marched must exceed six miles.

12. In the Cavalry and Infantry, Efficiency Pay depends on Musketry qualifications, and only those ranks specially exempted by Regulations are excused from firing. No other exemptions are permitted.

13. In connection with Camp training, it is important that Pay-lists should be sent to the Camp Paymaster at as early a date as possible, otherwise it is not practicable to check Pay-lists in time to issue cheques before leaving Camp.

INSTRUCTIONS FOR COMPILING THE PAY-LIST.

1. The names of the Officers and non-commissioned Officers should appear according to rank at commencement of the list, Trumpeters and Buglers next, and then the names of the men in *alphabetical order*. The ranks authorized for Regimental Staff are to appear the same as in the Establishment, except that Band are to be on a separate Pay-list. Buglers must be shown on the strength of the Company to which they belong and not with Band or Regimental Staff.

2. In the case of Artillery, Engineers and Departmental units, the names should be entered on the Efficiency Pay-roll in the same order as in the Pay-list.

3. The authorized training establishment published in General Orders must not be exceeded and pay is not to be claimed for men in excess of the Company, etc., establishment. Those units which have more than 75 officers and men will carry forward the amounts due to a second Pay-list and the allowances and certificates need only be filled in on the last sheet.

4. Pay is not allowed for any day that an officer and man is absent from training, either with or without leave.

5. Pay is not to be claimed for any man or horse struck off in orders as unfit, beyond the date of such orders.

6 The Pay-list must be signed in duplicate by every officer and man before the list is sent to the Camp Division or District Paymaster. Care should be taken that men sign on the line opposite their names. If a man is unable to write, his mark must be witnessed and signed by the Officer Commanding. In all cases of a militiaman signing the Pay-list for another as his proxy, a written proxy from the militiaman authorizing the other to sign for him must be attached to the Pay-list.

7. Every officer and man, unless on the sick list, certified by the Medical Officer, must be present at the Muster parade, or pay will be forfeited.

8. In the case of officers and men on the Quartermaster's Advance party or Fitting harness party in Artillery, the pay for the *total* number of days employed should be claimed in the columns headed "Pay of Rank" and "Efficiency Pay," and any extra allowances to which they may be entitled should be claimed in the column set apart for that purpose.

9. Subsistence for the Quartermaster's *Rear* party, and any pay for days *after* the last day of camp, is to be claimed on a separate Pay-list, signed by the Quartermaster or officer doing duty as such. The pay and allowances for the advance party will be drawn in the usual way on the company Pay-list.

10. Baggage transport allowance is not to be claimed if marching allowance is drawn, and it cannot be claimed both ways, as it covers the journey to Camp and back to Headquarters.

11. Marching allowance for mounted units is only authorized when the distance marched exceeds ten miles, and the allowance is only granted for the miles over ten. For dismounted units and dismounted men of mounted units, the distance marched must exceed six miles.

12. In the Cavalry and Infantry, Efficiency Pay depends on Musketry qualifications, and only those ranks specially exempted by Regulations are excused from firing. No other exemptions are permitted.

13. In connection with Camp training, it is important that Pay-lists should be sent to the Camp Paymaster at as early a date as possible, otherwise it is not practicable to check Pay-lists in time to issue cheques before leaving Camp.

INSTRUCTIONS FOR COMPILING THE PAY-LIST.

1. The names of the Officers and non-commissioned Officers should appear according to rank at commencement of the list, Trumpeters and Buglers next, and then the names of the men in *alphabetical order*. The ranks authorized for Regimental Staff are to appear the same as in the Establishment, except that Band are to be on a separate Pay-list. Buglers must be shown on the strength of the Company to which they belong and not with Band or Regimental Staff.

2. In the case of Artillery, Engineers and Departmental units, the names should be entered on the Efficiency Pay-roll in the same order as in the Pay-list.

3. The authorized training establishment published in General Orders must not be exceeded and pay is not to be claimed for men in excess of the Company, etc., establishment. Those units which have more than 75 officers and men will carry forward the amounts due to a second Pay-list and the allowances and certificates need only be filled in on the last sheet.

4. Pay is not allowed for any day that an officer and man is absent from training, either with or without leave.

5. Pay is not to be claimed for any man or horse struck off in orders as unfit, beyond the date of such orders.

6 The Pay-list must be signed in duplicate by every officer and man before the list is sent to the Camp Division or District Paymaster. Care should be taken that men sign on the line opposite their names. If a man is unable to write, his mark must be witnessed and signed by the Officer Commanding. In all cases of a militiaman signing the Pay-list for another as his proxy, a written proxy from the militiaman authorizing the other to sign for him must be attached to the Pay-list.

7. Every officer and man, unless on the sick list, certified by the Medical Officer, must be present at the Muster parade, or pay will be forfeited.

8. In the case of officers and men on the Quartermaster's Advance party or Fitting harness party in Artillery, the pay for the *total* number of days employed should be claimed in the columns headed "Pay of Rank" and "Efficiency Pay," and any extra allowances to which they may be entitled should be claimed in the column set apart for that purpose.

9. Subsistence for the Quartermaster's *Rear* party, and any pay for days *after* the last day of camp, is to be claimed on a separate Pay-list, signed by the Quartermaster or officer doing duty as such. The pay and allowances for the advance party will be drawn in the usual way on the company Pay-list.

10. Baggage transport allowance is not to be claimed if marching allowance is drawn, and it cannot be claimed both ways, as it covers the journey to Camp and back to Headquarters.

11. Marching allowance for mounted units is only authorized when the distance marched exceeds ten miles, and the allowance is only granted for the miles over ten. For dismounted units and dismounted men of mounted units, the distance marched must exceed six miles.

12. In the Cavalry and Infantry, Efficiency Pay depends on Musketry qualifications, and only those ranks specially exempted by Regulations are excused from firing. No other exemptions are permitted.

13. In connection with Camp training, it is important that Pay-lists should be sent to the Camp Paymaster at as early a date as possible, otherwise it is not practicable to check Pay-lists in time to issue cheques before leaving Camp.

INSTRUCTIONS FOR COMPILING THE PAY-LIST.

1. The names of the Officers and non-commissioned Officers should appear according to rank at commencement of the list, Trumpeters and Buglers next, and then the names of the men in *alphabetical order*. The ranks authorized for Regimental Staff are to appear the same as in the Establishment, except that Band are to be on a separate Pay-list. Buglers must be shown on the strength of the Company to which they belong and not with Band or Regimental Staff.

2. In the case of Artillery, Engineers and Departmental units, the names should be entered on the Efficiency Pay-roll in the same order as in the Pay-list.

3. The authorized training establishment published in General Orders must not be exceeded and pay is not to be claimed for men in excess of the Company, etc., establishment. Those units which have more than 75 officers and men will carry forward the amounts due to a second Pay-list and the allowances and certificates need only be filled in on the last sheet.

4. Pay is not allowed for any day that an officer and man is absent from training, either with or without leave.

5. Pay is not to be claimed for any man or horse struck off in orders as unfit, beyond the date of such orders.

6. The Pay-list must be signed in duplicate by every officer and man before the list is sent to the Camp Division or District Paymaster. Care should be taken that men sign on the line opposite their names. If a man is unable to write, his mark must be witnessed and signed by the Officer Commanding. In all cases of a militiaman signing the Pay-list for another as his proxy, a written proxy from the militiaman authorizing the other to sign for him must be attached to the Pay-list.

7. Every officer and man, unless on the sick list, certified by the Medical Officer, must be present at the Muster parade, or pay will be forfeited.

8. In the case of officers and men on the Quartermaster's Advance party or Fitting harness party in Artillery, the pay for the *total* number of days employed should be claimed in the columns headed "Pay of Rank" and "Efficiency Pay," and any extra allowances to which they may be entitled should be claimed in the column set apart for that purpose.

9. Subsistence for the Quartermaster's *Rear* party, and any pay for days *after* the last day of camp, is to be claimed on a separate Pay-list, signed by the Quartermaster or officer doing duty as such. The pay and allowances for the advance party will be drawn in the usual way on the company Pay-list.

10. Baggage transport allowance is not to be claimed if marching allowance is drawn, and it cannot be claimed both ways, as it covers the journey to Camp and back to Headquarters.

11. Marching allowance for mounted units is only authorized when the distance marched exceeds ten miles, and the allowance is only granted for the miles over ten. For dismounted units and dismounted men of mounted units, the distance marched must exceed six miles.

12. In the Cavalry and Infantry, Efficiency Pay depends on Musketry qualifications, and only those ranks specially exempted by Regulations are excused from firing. No other exemptions are permitted.

13. In connection with Camp training, it is important that Pay-lists should be sent to the Camp Paymaster at as early a date as possible, otherwise it is not practicable to check Pay-lists in time to issue cheques before leaving Camp.

INSTRUCTIONS FOR COMPILING THE ~~PAY-LIST.~~

1. The names of the Officers and non-commissioned Officers should appear according to rank at commencement of the list, Trumpeters and Buglers next, and then the names of the men in *alphabetical order*. The ranks authorized for Regimental Staff are to appear the same as in the Establishment, except that Band are to be on a separate Pay-list. Buglers must be shown on the strength of the Company to which they belong and not with Band or Regimental Staff.

2. In the case of Artillery, Engineers and Departmental units, the names should be entered on the Efficiency Pay-roll in the same order as in the Pay-list.

3. The authorized training establishment published in General Orders must not be exceeded and pay is not to be claimed for men in excess of the Company, etc., establishment. Those units which have more than 75 officers and men will carry forward the amounts due to a second Pay-list and the allowances and certificates need only be filled in on the last sheet.

4. Pay is not allowed for any day that an officer and man is absent from training, either with or without leave.

5. Pay is not to be claimed for any man or horse struck off in orders as unfit, beyond the date of such orders.

6. The Pay-list must be signed in duplicate by every officer and man before the list is sent to the Camp Division or District Paymaster. Care should be taken that men sign on the line opposite their names. If a man is unable to write, his mark must be witnessed and signed by the Officer Commanding. In all cases of a militiaman signing the Pay-list for another as his proxy, a written proxy from the militiaman authorizing the other to sign for him must be attached to the Pay-list.

7. Every officer and man, unless on the sick list, certified by the Medical Officer, must be present at the Muster parade, or pay will be forfeited.

8. In the case of officers and men on the Quartermaster's Advance party or Fitting harness party in Artillery, the pay for the *total* number of days employed should be claimed in the columns headed "Pay of Rank" and "Efficiency Pay," and any extra allowances to which they may be entitled should be claimed in the column set apart for that purpose.

9. Subsistence for the Quartermaster's *Rear* party, and any pay for days *after* the last day of camp, is to be claimed on a separate Pay-list, signed by the Quartermaster or officer doing duty as such. The pay and allowances for the advance party will be drawn in the usual way on the company Pay-list.

10. Baggage transport allowance is not to be claimed if marching allowance is drawn, and it cannot be claimed both ways, as it covers the journey to Camp and back to Headquarters.

11. Marching allowance for mounted units is only authorized when the distance marched exceeds ten miles, and the allowance is only granted for the miles over ten. For dismounted units and dismounted men of mounted units, the distance marched must exceed six miles.

12. In the Cavalry and Infantry, Efficiency Pay depends on Musketry qualifications, and only those ranks specially exempted by Regulations are excused from firing. No other exemptions are permitted.

13. In connection with Camp training, it is important that Pay-lists should be sent to the Camp Paymaster at as early a date as possible, otherwise it is not practicable to check Pay-lists in time to issue cheques before leaving Camp.

INSTRUCTIONS FOR COMPILING THE PAY-LIST.

1. The names of the Officers and non-commissioned Officers should appear according to rank at commencement of the list, Trumpeters and Buglers next, and then the names of the men in *alphabetical order*. The ranks authorized for Regimental Staff are to appear the same as in the Establishment, except that Band are to be on a separate Pay-list. Buglers must be shown on the strength of the Company to which they belong and not with Band or Regimental Staff.

2. In the case of Artillery, Engineers and Departmental units, the names should be entered on the Efficiency Pay-roll in the same order as in the Pay-list.

3. The authorized training establishment published in General Orders must not be exceeded and pay is not to be claimed for men in excess of the Company, etc., establishment. Those units which have more than 75 officers and men will carry forward the amounts due to a second Pay-list and the allowances and certificates need only be filled in on the last sheet.

4. Pay is not allowed for any day that an officer and man is absent from training, either with or without leave.

5. Pay is not to be claimed for any man or horse struck off in orders as unfit, beyond the date of such orders.

6 The Pay-list must be signed in duplicate by every officer and man before the list is sent to the Camp Division or District Paymaster. Care should be taken that men sign on the line opposite their names. If a man is unable to write, his mark must be witnessed and signed by the Officer Commanding. In all cases of a militiaman signing the Pay-list for another as his proxy, a written proxy from the militiaman authorizing the other to sign for him must be attached to the Pay-list.

7. Every officer and man, unless on the sick list, certified by the Medical Officer, must be present at the Muster parade, or pay will be forfeited.

8. In the case of officers and men on the Quartermaster's Advance party or Fitting harness party in Artillery, the pay for the *total* number of days employed should be claimed in the columns headed "Pay of Rank" and "Efficiency Pay," and any extra allowances to which they may be entitled should be claimed in the column set apart for that purpose.

9. Subsistence for the Quartermaster's *Rear* party, and any pay for days *after* the last day of camp, is to be claimed on a separate Pay-list, signed by the Quartermaster or officer doing duty as such. The pay and allowances for the advance party will be drawn in the usual way on the company Pay-list.

10. Baggage transport allowance is not to be claimed if marching allowance is drawn, and it cannot be claimed both ways, as it covers the journey to Camp and back to Headquarters.

11. Marching allowance for mounted units is only authorized when the distance marched exceeds ten miles, and the allowance is only granted for the miles over ten. For dismounted units and dismounted men of mounted units, the distance marched must exceed six miles.

12. In the Cavalry and Infantry, Efficiency Pay depends on Musketry qualifications, and only those ranks specially exempted by Regulations are excused from firing. No other exemptions are permitted.

13. In connection with Camp training, it is important that Pay-lists should be sent to the Camp Paymaster at as early a date as possible, otherwise it is not practicable to check Pay-lists in time to issue cheques before leaving Camp.

INSTRUCTIONS FOR COMPILING THE PAY-LIST.

1. The names of the Officers and non-commissioned Officers should appear according to rank at commencement of the list, Trumpeters and Buglers next, and then the names of the men in *alphabetical o der*. The ranks authorized for Regimental Staff are to appear the same as in the Establishment, except that Band are to be on a separate Pay-list. Buglers must be shown on the strength of the Company to which they belong and not with Band or Regimental Staff.

2. In the case of Artillery, Engineers and Departmental units, the names should be entered on the Efficiency Pay-roll in the same order as in the Pay-list.

3. The authorized training establishment published in General Orders must not be exceeded and pay is not to be claimed for men in excess of the Company, etc., establishment. Those units which have more than 75 officers and men will carry forward the amounts due to a second Pay-list and the allowances and certificates need only be filled in on the last sheet.

4. Pay is not allowed for any day that an officer and man is absent from training, either with or without leave.

5. Pay is not to be claimed for any man or horse struck off in orders as unfit, beyond the date of such orders.

6 The Pay-list must be signed in duplicate by every officer and man before the list is sent to the Camp Division or District Paymaster. Care should be taken that men sign on the line opposite their names. If a man is unable to write, his mark must be witnessed and signed by the Officer Commanding. In all cases of a militiaman signing the Pay-list for another as his proxy, a written proxy from the militiaman authorizing the other to sign for him must be attached to the Pay-list.

7. Every officer and man, unless on the sick list, certified by the Medical Officer, must be present at the Muster parade, or pay will be forfeited.

8. In the case of officers and men on the Quartermaster's Advance party or Fitting harness party in Artillery, the pay for the *total* number of days employed should be claimed in the columns headed "Pay of Rank" and "Efficiency Pay," and any extra allowances to which they may be entitled should be claimed in the column set apart for that purpose.

9. Subsistence for the Quartermaster's *Rear* party, and any pay for days *after* the last day of camp, is to be claimed on a separate Pay-list, signed by the Quartermaster or officer doing duty as such. The pay and allowances for the advance party will be drawn in the usual way on the company Pay-list.

10. Baggage transport allowance is not to be claimed if marching allowance is drawn, and it cannot be claimed both ways, as it covers the journey to Camp and back to Headquarters.

11. Marching allowance for mounted units is only authorized when the distance marched exceeds ten miles, and the allowance is only granted for the miles over ten. For dismounted units and dismounted men of mounted units, the distance marched must exceed six miles.

12. In the Cavalry and Infantry, Efficiency Pay depends on Musketry qualifications, and only those ranks specially exempted by Regulations are excused from firing. No other exemptions are permitted.

13. In connection with Camp training, it is important that Pay-lists should be sent to the Camp Paymaster at as early a date as possible, otherwise it is not practicable to check Pay-lists in time to issue cheques before leaving Camp.

PAY-LIST of the 1st Company "Hochelaga Light Infantry" of Volunteer Militia, Captain Wall — for their drill for the broken period of the 18 Months ended 30th June, 1865, under the provisions of the General Order dated 15th November, 1865.

Amount for Drill, $212.00/100

Examined, [signature] for Chief Clerk Accountant.

Approved, W. Powell
Lt.-Col. Deputy Adjt. Genl. Militia.

Cheque No. 1505 granted 29 Jany 1866.

MEMORANDA.

This Pay-list, *after* being receipted by every man of the Corps (except those who have been regularly discharged or are now on Frontier Service), and duly witnessed, will be sent for payment *direct* to the Militia Department, Ottawa, the Captain retaining the duplicate copy of it as his own voucher.

HEAD QUARTERS,
Ottawa, 15th November, 1865.

MILITIA GENERAL ORDER:

No. 7. With reference to the amount of four dollars ($4,) due to the men of the Volunteer Militia Force as drill pay, for the broken period of six months in the years 1864 and 1865, caused by the alteration of the fiscal year: His Excellency has been pleased to direct that the same be paid on the Certificate of Commanding Officers of Corps, that the requisite number of drills have been actually and *bonâ fide* performed during the period of the eighteen months commencing January 1st, 1864, and ending June 30th, 1865.

Commanding Officers of Corps are especially directed to note that no man will be entitled to pay for the period in question unless he has duly performed, under the provisions of the General Order of the 31st August, 1864, twenty-four drills in all, between January 1st, 1864, and June 30th, 1865: (that is to say, eight drills after and in addition to the sixteen for which pay has already been issued:) and is now actually enrolled in the Volunteer Militia Force of the Province, or has been regularly discharged therefrom.

By Command of His Excellency the Administrator of the Government and Commander-in-Chief.

P. L. MACDOUGALL, Colonel,
Adjutant General of Militia,
Canada.

I take the liberty of addressing you, respecting the pay of my men. It is now two weeks since my pay list have been forwarded to Head Quarters, and as yet no pay received, I find great dissatisfaction in my company, in consequence & in fact, it is almost impossible for me to get a muster at our weekly parades. will you therefore please use your influence in order to have the cheque forwarded at once, & if there be any hitch by which there may be a further delay, will you please advise me in order that I may be able to put myself right with the men & much oblige
