OVER-THE-SIDE SALES CONTRACTS—MOTION UNDER S.O. 43

Mr. Lloyd R. Crouse (South Shore): Madam Speaker, I rise, under the provisions of Standing Order 43, to move a motion of urgent and pressing necessity.

In view of the fact that Canadian workers in the fish processing industry will lose some 40,000 work hours and the Canadian economy will suffer a loss of more than \$2 million as the result of planned over-the-side sales of 9,000 tonnes of mackerel and 3,500 tonnes of gaspereau alone this year to the Soviets, I move, seconded by the hon. member for Malpeque (Mr. Gass):

That no further contracts be arranged by the minister or his officials with Soviet interests for over-the-side sales guaranteeing them cash or increased allocations of fish quotas, without prior consultation with the president of the Seafood Workers' Union, representing 6,000 workers, the fishermen's representatives and the processors.

In view of the fact that ten families are already withholding their children from attending school on the Sandy Bay Indian reserve, and in view of the fact that other parents are threatening to join them, considering that the present school has been condemned as a fire-trap since 1968, and since in January, 1979, Treasury Board had originally approved the construction of a new school, and since the Dakota Ojibway tribal council has also passed a resolution requesting the federal government to "immediately grant the Sandy Bay tribal council its new school and any efforts to further delay this vitally important issue be stopped immediately", I move, seconded by the hon. member for Winnipeg North Centre (Mr. Knowles):

That this House instruct the Minister of Indian Affairs and Northern Development to immediately investigate the reason for the delay in construction of the said school, and that he ensure that his department not stall unduly the transmittal to Treasury Board of the Sandy Bay school project.
