As the thousands, carried over the line during the spring and summer of 1879, under the supervision of experienced Agents, who attended to the bonding and clearing through customs of passengers effects, have attested.

PASSENGERS FROM EUROPE, via New York, have the choice of two routes, the New York Central and Hudson River, or the Erie Railway, to Suspension Bridge, where close connections are made with Great Western Railway Trains, which pass in full view of one of Nature's greatest wonders,

THE FALLS OF NIAGARA!

INTENDING SETTLERS IN ONTARIO will find it to their advantage to purchase tickets by way of New York and this line, if they desire quick transportation at low rates. The Company have upwards of 800 miles of Railway in Ontario, reaching almost every city and town of importance in the Province.

Through Palace Sleeping Cars between Boston, New York, Rochester, Detroit and Chicago, and **Elegant Day Coaches** and **Smoking Cars** between Suspension Bridge and Chicago, without change.

DINING CARS, in which first-class meals are served at popular prices, are run on Atlantic and Pacific Express Trains between Suspension Bridge and Chicago. No other line between Buffalo and Chicago affords similar accommodation to the travelling public.

PASSENGERS FOR THE NORTH-WEST by taking this popular line have choice of Rail Routes via Detroit as well as rail and water by way of Kincardine, Southampton and Sarnia, during the season of navigation.

Through rates made for Household goods, Freight, &c.

For Time Tables, rates, &c., apply to the Company's Agents, who will be happy to furnish fullest information.

See that your Tickets read via **GREAT WESTERN RAILWAY.**
