

THE CLEANEST, BRIGHTEST AND MOST SANITARY LAUNDRY  
PREMISES IN THE CITY

TOILET LAUNDRY—290 GUY STREET

and service will stand the closest inspection. We solicit a trial from all not yet a customer.

## THE TOILET LAUNDRY CO., LIMITED

### Towel Service Dept.

THIS department was started nearly six years before our Laundry Department, and to-day, we are distributing to offices, factories, hair dressers, etc., about 18,000 towels per week.

No contract is too large for us to handle nor too small to receive careful attention.

The office cabinets we supply are large, well made and of modern design, and we offer our subscribers their choice of different styles.

A special feature of our service, and peculiar to us alone, is that every subscriber gets always the same towels, exactly as if he owned them. The advantages of this are apparent, and has obtained for us many customers among those who are fastidious as to the towels they use.

If your office is not already supplied, we solicit your order.

TOWEL SERVICE DEPARTMENT

The Toilet Laundry Co., Limited

290 GUY STREET

WE installed our first laundry plant a little over eleven years ago, and then occupied about 3,000 sq. feet of floor space. To-day it requires something over 23,000 sq. feet to properly operate the modern, up-to-date outfit with which our factory is equipped.

200 Boiler H.P. and 85 Engine H.P. provide the motive power, and twelve teams call for and deliver goods to all parts of the city and suburbs.

We are the only public laundry in the city protected from fire by an automatic sprinkler outfit, and every possible attention is given to cleanliness, not only of the premises but of the operators as well.

We are essentially a family laundry, having no agencies nor any hotel work—and our work, prices

### Valet Dept.

FOR One Dollar per month this department will keep your wardrobe in order, doing cleaning, pressing and all minor repairs, as often as desired.

We employ an expert tailoring staff and are well equipped for doing special repairs, such as re-lining coats, skirts, etc., new velvet collars for overcoats, repairing, cleaning and pressing ladies' suits and skirts, etc., etc.

Our prices are lower than any other equally responsible firm.
