CITY TO CONFER

WITH TOWNSHIP

Meeting Arranged for Thursday to Discuss Ex-Ald. May's Plan.

The Township Councils of York, Etobicoke and Scarborough have been invited to confer with the board of control on Thursday for joint consideration of Ex-Ald. May's proposal to create an area in the townships adjoining the city which would have the same legislative powers as police villages.

In conversation with The World last night, Rev. J. G. Cornell of Scarborough expressed his approval of the city's action. "There's no doubt," he said, "that something must be done to create an area in the city recently for a water supply on Main street, offering to put down the water mains, but the request was refused. The people living in these districts are city people who have moved out to the country, and it seems only right that they should receive accommodation from the city."

Rev. J. G. Cornell has been looking forward to the meeting as a means of settling York Township's suburban problem, and the success of the conference is awaited by a host of people on the city's fringe.
