SPECIAL BARGAINS IN RELIABLE Overhauled Used Cars

OUR LARGE four-story building is just about filled with cars we have taken in this fall. Everyone seems to want open cars in spring and closed cars in fall. We can hardly supply the demand for closed cars at present, and yet the public would not consider them very small margin of profit.

WE HAVE a large, carefully selected stock of open cars on hand at present, which we bought at right prices this fall and have been put in good mechanical condition. We are pleased to sell them at this time of the year on a very small margin of profit.

YOU CAN use an open car with side curtains about all the year and you certainly can buy at a saving of \$8 to \$10 per cent from the spring price. The money saved by securing your car now will buy you a good supply of tires and gas for the coming year.

WE HAVE some good Sedans and Coupes paid for with winter tops. As there is a scarcity of closed cars you will be wise to get yours at once.

WE HAVE a large assortment of all the standard makes of high grade cars to choose from. A large number of 1919 models and some 1918. Have a K45 McLaughlin touring only driven 400 miles; also good stock of light and heavy trucks.
